FRESHMAN ENROLLMENT ONE HUNDRED AND SIXTY

New York Well Represented Among Newcomers.

The first week of college closes with a Freshman registration of 160 which includes some dozen or more women students and 15 men from outside the state. The following is the completed list of students, M. A. 1925:

Adams, Kathleen Poland	Worcester
Aldrich, George S.	Millville
Allen, Edgar W.	Medfield
Anderson, Leslie C.	East Bridgewater
Anthony, Paul L.	Saugus
Armstrong, B.	Kensington, Md.
Barker, John S.	West Bridgewater
Barnes, Adrian D.	South Weymouth
Batal, James	Lawrence
Benolt, Helen A.	Amherst
Bilske, E. P.	Hadley
Blumer, Roger S.	Malden
Blanchard, Norman H.	Pittsfield
Blass, Louis, Jr.	Boston
Braun, Carl F.	Montague City
Bray, Ralph H.	Framingham
Burbore, Sumner O.	Ashland
Burt, Olin C. Jr.	Easthampton
Cady, Harold A.	Worthington
Cahill, Carl W.	Newburyport
Care, Gilbert E.	Greenwich
Casey, A. Rita	Fall River
Cassano, Joseph	Groveland
Church, George L.	Dorchester
Cleaves, Leighton G.	Gardner
Connors, Daniel F.	Dalton
Cook, Peter	East Bridgewater
Cooke, Robert G.	Richmond
Corwin, Emil J.	East Boston
Craig, Kenneth B.	Jamaica Plain
Crosby, John S.	Arlington
Currier, Leland L.	Marblehead
Cutler, Walter L.	Springfield, Vt.
Davis, Osborne	Belchertown
Dean, Leal W.	West Palm Beach, Fla.
Derrison, Elsie G.	Framingham
DeVito, Dominick	Philadelphia, Pa.
Droke, Dorothy M.	North Lexington
Duffy, Leo F.	Palmer
Eldredge, Stuart	Winchester
Ericksan, Emil L.	Littleton
Farrington, Linwood H.	Chelmsford
Field, Osgood E. Jr.	Springfield
Fish, Donald O.	Amherst
Flexer, Carl S.	Allentown, Pa.
Fuller, H. Elliot	Melrose
Gahan, Laurence K.	Worcester
Galbraith, Leo L.	South Hadley
Gannon, William James	Arlington
Gilbert, Chauncey McL.	North Amherst
Gleason, Harold A.	Chester

MR. GREEN RESIGNS TO ACCEPT OFFER IN AMHERST

Green is Succeeded by Greene as Faithful Librarian Closes 13 Years Service.

We returned to college this fall to find missing from the faculty ranks Prof. Charles R. Green, librarian. After a faithful service of 13 years as head of the library department, he resigned on Sept. 30, last, from that position to accept a similar one as head of the Jones Library of this town.

After graduating from Conn. A. C. in 1895, Prof. Green was connected with the Hartford *Chronicle* for six years, and then accepted a position in the Conn. State Library until 1908. Upon coming to M. A. C. at that time he was made head librarian, which position he has filled ever since.

Always on the lookout for new and better systems for running our library, Professor Green has made admirable progress with the very limited facilities at hand. Each year has seen some change for the better, to make it easier for the students and faculty. Last winter the upper floor of the building was opened up as a reading room which helped much to relieve the congestion down stairs.

Another recent innovation are the so-called "fraternity libraries," sent out to all fraternity and rooming-houses for a certain length of time.

Constant additions have been made to the supply of books, so that Mr. Green leaves the library one of the very best of its kind.

In Professor Green the college loses a man of rare ability and of wide experience in his field. He is known especially to this campus as a man always "on his job" and ever willing to help a friend to students and faculty alike. With him go the sincere wishes of the

Y. W. C. A. RECEPTION

The Y. W. C. A. held a reception last Sunday evening at the Abigail Adams in honor of the new women students. Forty-five girls were present, and Miss Skinner, Miss Hamlin, Mrs. Rand, and Mrs. Chamberlain, of the Advisory Board, were present. A light supper was served, followed by a brief musical program. Short speeches were given by the presidents of the Y. W. C. A. and the Student Council, and the leader of the Glee Club. Miss Skinner and Miss Hamlin addressed the new students and welcomed them to a full share in the life of the college.

Competition for Editorial and Business positions on the COLLEGIAN commences today, Oct. 5. See K. A. BARNARD '22.

MEMORIAL BUILDING NOW OPEN TO STUDENTS

College Undergraduate Activities are Installed in new campus edifice

With the beginning of a new college year the Memorial Building was thrown open for the use of the students, and Aggie now finds herself better equipped than ever before for social and non-athletic activities.

The Y. M. C. A. reception was the first social event of the year to be held in Memorial Hall, and the new surroundings were in striking contrast to the old Social Union room.

Practically all of the offices of the various student activities are now installed in their new and more commodious headquarters. These offices are now centralized in one building rather than being scattered about as heretofore.

The post office and new College store in the basement are already open. The latter includes a soda fountain in its equipment. Mr. Duwell has also opened an up-to-date barber shop in the base-

SPEEDY VARSITY CRASHES THROUGH HEAVY VISITORS

C. A. C. Defeated 13-0 in First Game of the Season Lewandowski F. ures.

Aggie's little 1921 football team started the season in the right way by defeating Connecticut Aggie 13-0 last Saturday afternoon in Alumni Field. Although outwheeled, the Aggie team had things mostly their own way and were never in fear of being scored on. The score indicates little as to the strength of the two teams for Conn. Aggie made but one first down in the entire game, and never held the ball inside Massachusetts' 43 yard line.

Alger, Clark, Marshman, Mudgett, Myrick, and Salmon showed up well in their first varsity game, Clark and Marshman making good gains on the offense. Clark's forward passing was especially commendable.

Connecticut opened the game by kicking to M. A. C. and then followed a few minutes of line rushing and

These are the men who made football at Aggie possible this fall. More than 40 men, all of whom gave up ten days of their summer vacation, not only to help win the first game against Connecticut, but also to win the coming games on the schedule.

ment. The pool tables and bowling alleys are to be installed in the near future.

A set of rules regarding the use of the building has been drawn up and should be followed out. Dean Lewis in Assembly Thursday expressed the sentiment that the building is for use but not for abuse, and that its origin and purpose be kept in mind.

Harold W. Poole '21 has become athletic instructor at Dimmer Academy, Newburyport.

It was the ability of the Maroon and White in following the ball and hanging on to it that resulted in their first two scores. After a few minutes of play, Aggie recovered the ball on a fumble on Connecticut's 20 yard line. An attempted forward pass failed and Lewandowski kicked a field goal from the 25 yard line for the first score of the season. Near the end of the first quarter, Acheson blocked and recovered a Connecticut kick, but was tackled when within 15 yards of the goal. With the opening of the second period, a forward pass, Clark to Grayson sent him over the line for a touchdown and "Dame" finished the good work by kicking the goal. Toward the end of the first half "Lavy" tried another drop-kick from mid-field which

COLLEGE LOSES NEARLY THIRTY OF ITS STAFF

Dr. Sprague, Mr. Green, and G. M. Campbell Among the Absent.

The following is the official list of resignations from M. A. C. in the last nine months:

Florence Archibald, Library Assistant
May G. Arthur, Stenographer, Department of Rural Home Life
Jesse Bacharach, Matron, Abigail Adams House
Carolyn E. Butterworth, Clerk, Extension Service
George M. Campbell, Field Agent
George H. Chapman, Research Professor of Botany
Elizabeth Coleman, Clerk, Department of Microbiology
Laura Comstock, Supervisor Home Demonstration Projects
Irene Crutch, Stenographer, Division of Agriculture
Charles H. Fernald, (Died Feb. 22, 1921)
Charles R. Green, Librarian
F. Franklin Holland, Clerk, Department of Physical Education
Mary E. Horton, Stenographer, President's Office
Marguerite G. Ickis, Curator, Department of Botany
Ruth Lehan, Stenographer, President's Office
Aline J. Legare, Stenographer, Division of Agriculture
Marion B. Macarty, Stenographer, Treasurer's Office
Rebecca L. Mellor, Stenographer, Experiment Station
Anne C. Messer, Investigator, Chemistry
Katherine J. Middleton, Assistant Librarian
Doris Millett, Stenographer, Extension Service
James M. Neff, Instructor in Microbiology
Jessie A. Neill, Clerk, Treasurer's Office
William E. Philbrick, Assistant Professor of Landscape Gardening
Mildred Pierpont, Stenographer, Short Course
Helen Rand, Private Secretary, Division of Rural Social Science
Marie Sayles, Assistant Supervisor, State Home Demonstration Projects
Mary I. Shores, (Died Jan. 20, 1921)
Sadie Shores, Clerk, Extension Service
Clara Smith, Stenographer, Department of Dairying
Elsie Smith, Stenographer, President's Office
Mary A. Smith, Stenographer, Department of Agricultural Economics
Robert J. Sprague, Professor of Economics and Sociology
Julia G. Strahan, Instructor in Home Economics
Alfred L. Tower, Instructor in Physics
Glen E. Upton, Instructor in Dairying
James Whiting, Foreman, Department of Floriculture

GLEE CLUB REHEARSALS

Regular rehearsals for the Glee Club will commence soon under the direction of leader Vinton and manager Lowery. At last night's tryouts several new men showed promise of good voices. Among the veterans of the club are H. W. Spring, R. N. Holman, K. W. Moody, H. Eryslan, J. G. Whittier, L. B. Arrington, I. W. Slade, V. S. Bennett, L. F. Broderick, R. F. R. Martin and E. Martin.

*21—The engagement is announced of Mr. Richard Mellen, Alumni Secretary and Miss Gertrude Hollis of Amherst.

THIRTY NEW APPOINTMENTS TO M. A. C. FACULTY

Several Aggie Graduates Included in List.

Among the list of appointments during the last nine months are ten M. A. C. graduates. The following are the new appointments:

George W. Alderman, Instructor in Physics.
Roy C. Avery, Instructor in Microbiology.
Carl M. Bogholt, Instructor in English.
Lwellyn L. Derby, Instructor in Physical Education.
Charles O. Dunbar, Investigator in Chemistry.
Oliver S. Flint, Collector of Blood Samples.
Arthur P. French, Investigator in Pomology.
Mary E. Garvey, Instructor in Microbiology.
Guy V. Glatfelter, Asst. Professor of Animal Husbandry.
Henry S. Greene, Librarian.
Olga Grizzle, Instructor in Home Economics.
Marshall O. Lamphear, Instructor in Agronomy.
John J. Maginnis, Instructor in Agricultural Economics.
Elton J. Mansell, Instructor in Physical Education.
Richard A. Mellen, Field Agent.
Charles A. Michels, Asst. Professor of Agronomy.
Harlow L. Pendleton, Instructor in Dairying.
Norman E. Phillips, Asst. Professor of Beekeeping.
Lucille W. Reynolds, State Leader of Home Demonstration Agents.
Roland W. Rogers, Asst. Professor of Horticulture.
William C. Sanctuary, Professor of Poultry Husbandry.
Anna Smith, Laboratory Assistant.
Richard W. Smith, Jr., Instructor in Dairying.
Paul E. Thissell, Instructor in French.
Paul W. Vletz, Asst. Professor of Farm Management.
Anna M. Wallace, Curator, Department of Botany.
Marie O. White, Matron, Women's Dormitory.
Joseph F. Whitney, Asst. Extension Professor of Landscape Gardening.
S. C. Hubbard, Foreman, Dept. of Floriculture.
W. A. Mack, Instructor in Pomology.

COACH GRAYSON HAS LIKELY LINE CANDIDATES

Two-year football started last week with 41 candidates out for positions on the team. Coach "Em" Grayson has plenty of line material, including the three veterans of last year, but would like more men out for the backfield. Trull, Kennedy, Pierce, and Bangs are doing well in the backfield, while Adams, Fisher, Gallagher, Baker, and Straut are promising linemen.

Most of the candidates have not played football before and Captain Betterly, tackle, Raymond, centre, and Gerremonty, end, are the veterans around whom this year's eleven will be built.

*21.—Jonathan H. Smith has secured a good position in California, where his dramatic talent is showing to advantage.

failed only by inches.

In the middle of the third quarter a penalty brought Aggie a little closer to the C. A. C. goal and "Lavvy" dropped over his second goal of the afternoon. Toward the end of the second half a forward brought Aggie to within five yards of the Connecticut goal for a first down but only a lack of time prevented another touchdown.

The team went well for the first game and showed what it learned in coming back 10 days early for practice. The line held like a stone wall and the backfield ripped through for many long gains.

The lineup:

M. A. C. C. A. C.

M. A. C. WINS ONE GRAND CHAMPIONSHIP

Fourteen Ribbons Awarded College Cattle at Springfield Exposition.

M. A. C. can be credited with a fine exhibition of live stock at the Eastern States Exposition, although it was only at the last moment that it was found possible for an exhibition from here to be shown. The various animals entered in the contest comprised a mare and a foal among the horses, four head of Holsteins, five head of Guernseys and three head of Ayrshires, among the cattle, while two pen of sheep, one of South-downs and one of Shropshires were exhibited. In the Junior Extension Exhibit, a whistlesow with litter and a Holstein cow were shown. The whole exhibit was one of an educational value and representative of the college live stock. The mare and foal both took second place in their respective classes. Among the Holsteins, Beth of Amherst, 3d, was awarded grand champion female and also took first in her age. Both this cow and mother were bred at the college farm. Among the Guernseys were several prize winners and among the Ayrshires, a yearling bull took third in a very good class of a dozen or more. For the total number of twelve head entered, fourteen ribbons were awarded. These comprised one grand championship, one champion, two first prizes, three second prizes, four thirds, two fourths and one fifth.

SOPHOMORES LOSE AND THEN WIN

Poster Scrap a Frosh Victory but Sophs Get Nearly 70 per cent of Nightshirts.

The unofficial poster scrap woke the campus to another year of activity, last Wednesday afternoon, when Sophomore yells told that the first Freshman class meeting was over. A large group of students saw the door at the north entrance of the Drill Hall yield under the blows of a crowsbar, and soon, in spite of the heavy barricade, the Freshmen clambered through. Individual wrestling bouts followed, and in the meantime the large number of unoccupied Frosh destroyed posters. The scrap can not be considered successful for the Sophomores from a financial point of view at least. In fact it is rather doubtful whether a single poster was sold.

The annual Nightshirt Parade last Thursday night, was featured by a strong comeback on the part of the Sophomores. The Freshmen, clad in everything from pink pajamas to long white nightshirts, assembled in the Drill Hall at 6-30 p. m., and were promptly surrounded by a group of vengeful Sophs armed with generous wooden paddles. In lulls of the tumult the sober-looking Freshmen were reminded of their proper position in college life. After a series of record dashes through the gauntlet, the Freshmen were marched to Freshman Field, where a large crowd had gathered around the roped area to watch the seven minutes struggle. The official count showed that the Sophomores had accounted for the 60% of nightshirts necessary for a victory, and an additional 10% for good measure.

PRESIDENT BUTTERFIELD ON MISSION BOARD

Important Educational Board Picks Head of College as a Member.

During the absence of President Butterfield, who recently left for China on an Agricultural Commission, Dean Edward M. Lewis will be acting President. The Organization known as the North American Board of Foreign Missions, formed a commission of seven members to make an investigation and report on the possibilities of education in eastern China. President Butterfield was asked to join the commission to investigate the need of China along agricultural and other industrial lines. Among the other members are a Professor of the University of Chicago, Miss Woolley, President of Mount Holyoke College, Bishop MacConnell and three others.

President Butterfield left Amherst, August 12, and sailed from Vancouver the 17th of that month. The commission will spend most of their time in China and will return early in January.

Enthusiasm.

What a watchword we have been given this year *Enthusiasm!* Defined in some uninteresting way or other by Webster, but really meaning in the last analysis that quality in a human being which turns for him the drab into the golden, the dull into the fascinating, the line-bucking, hard work into enjoyable effort. There is no better way for a freshman to put his best foot forward here than to be enthusiastic.

Let us apply this quality to but one thing, the Senate Rules. These rules are in force here for two reasons—first, because tradition requires them (a most unsatisfactory reason to a beginner—) and secondly, because through them the freshman class receives the notion that it is four years before graduation, gets accustomed to follow in line with those in authority, and consequently becomes of real value to the institution.

True, it is hard for some 160 newcomers to do things which some 160 other newcomers are not required by their superiors to do. It seems to us that the Shorter Courses should conform to regular freshman rules. But we have no power over that, and a real Aggie freshman won't let that worry him.

The rules are there, why waste time in breaking them? Any spineless jellyfish can do that, and probably not get caught. Why not show the proper spirit, recognize the rules as something that goes to make up Aggie, and enthusiastically obey them?

Aggie is yours, freshman, and in a short time you will have the reins of power in your hands. Welcome to M. A. C. (we haven't taken a whole editorial to say that) but show the right stuff,—show the enthusiasm we want to see,—now that you are here.

Making History.

At the opening assembly of this year, Acting-President Lewis called attention to the fact that we are beginning to make history for the next fifty years of college development at M. A. C.

Nothing could more stir the imagina-

The Massachusetts Collegian, Wednesday, October 5, 1921.

tion of an undergraduate than a retrospective glance through the past years to the first terms at Aggie. The spectacle of that literally handful of men struggling to get things started, beating Harvard on the Connecticut, constructing the formulae for that elixir, "Aggie spirit," studying, too! Under those men who gave the best years of their lives to put real, red blood into the veins of an infant institution, must make every son of the Bay State proud of being a student on the campus where these old timers fought the first battles.

After such a look into the past, let the student of 1921 gaze ahead fifty years and wonder what the undergraduate of 1971 will think when he gazes back. Will that man, yet unborn, be proud to think of us as his predecessors, point with pride to our achievements, and say, "Look at what those fellows fifty years ago did?" Or will he perhaps say, "Aggie seemed to be on a down grade when granddaddy was there."

How proud the gray-haired grad of 1871 must have felt when he was here last June! How secretly glad that he had fought the good fight a half-century ago.

Yes, we are history makers. In our hands lies the fate of this period of Aggie's story. Let it be a Renaissance, not a Dead Age. Let's make our descendants say, "What workers those boys back there used to be!"

RESOLUTIONS

Whereas it has pleased God in His infinite wisdom to remove from our earthly sight our beloved brothers Gordon Burroughs Crafts and Lloyd Warren Chapman, be it

Resolved, that we of the Q. T. V. Fraternity, do express our deepest regret at the loss of our esteemed brothers, do hereby extend our sincere and heartfelt sympathy to their families in this, their day of sorrow, also, be it further

Resolved, that a copy of these resolutions be sent to their families; that a copy be sent to the MASSACHUSETTS COLLEGIAN, and that a copy be written upon the permanent records of the fraternity.

For the Fraternity,

HUBERT W. SPRING,
J. LOWELL WILLIAMS,
ROBERT M. DARLING.

SEMI-CENTENNIAL DAYS WERE FULL OF ACTION

A 4-2 Victory Against Zink of Amherst Left a Perfect Taste in Aggie's Mouth.

Five big days, June 10-14 last, brimming over with activity and enthusiasm, went to make up the best and most successful celebration this campus has ever seen. The throngs of alumni that returned, many of them for the first time, together with friends of the college and students, fully justified the elaborate plans made for Aggie's Semi-centennial.

A better entertainment could not have been furnished for our guests. On Citizens' Day addresses were given by Gov. Cox, Secretary of Agriculture Wallace, and Dr. A. W. Gilbert '04. The interclass sing, which proved a big drawing card for outsiders, was won by the Seniors, with honorable mention to the Sophomores. The Soph-Senior Hop, which completed the celebration, was a grand success in new Memorial Hall. This was the first official event to take place there.

Dramatics played a most important

part in this 50th anniversary. "John Epps" a play written by Prof. Rand, portrayed college life here at Aggie as it was in the early seventies, and was therefore doubly interesting to the large audiences which crowded Stockbridge Hall at both performances.

The annual Commencement baseball game with Amherst on Alumni Field, a 4-2 victory was a very fitting climax for last year's successful season. Needless to say, there was nothing the alumni or student body would have liked better to see. The team got to Zink, Amherst star pitcher, and put across four runs, a lead which could not be overcome. "Hub" Collins, pitching for Aggie, had almost perfect support and kept the visitors well in hand.

MILITARY DEPARTMENT CHANGES LEADERSHIP

Major F. E. Snyder Now in Charge. Polo to be an M. A. C. Sport.

During the past summer the leadership of the Military Department has changed and three new officers have been added to the staff of the organization. Lt. Col. Richard Walker, who has been at M. A. C. for the past two years, has been transferred to the Organized Reserves at Lexington, Ky., and Major F. E. Snyder has taken his place. Major Snyder came to the college last fall, to assist Col. Walker, from the 13th Cavalry at Fort Clark, Texas.

Major Herman Kobbé has been made senior in charge of horsemanship at the college. He was brought here from the 13th Cavalry at Fort Ringgold, Texas, where he was in command of the post. Captain V. V. Shufelt will supervise all dismounted instruction. He has been with the 13th Cavalry at Fort Clark, Texas.

Captain Thomas Brady, Jr., has been assigned to assist Major Kobbé in mounted instruction. He has been connected with the 10th Cavalry at Fort Huachuca, Arizona.

With the change in the leadership of the R. O. T. C. at M. A. C. important revisions of the schedule of the department have been made and new plans for the coming year formulated. A change in regulations has made it possible for all instruction during the fall term to be out of doors, weather permitting. There will be no distinction between tactics and drill. The students will receive only one mark from the Military Department. The faculty has given the Military Department the new hours of 10-45 to 12-00 and on Wednesday from 2-50 to 4-30. Instruction will be on Monday, Wednesday and Friday by troop.

The addition of about 30 new horses and the condemnation of some of the old ones will give the department about 60 good horses this year. With this in mind, the prospects of a polo team this year are very good. Polo will be part of the regular instruction of the Juniors and Seniors, and possibly later of the Sophomores, and as soon as a suitable squad can be organized outside games will be arranged.

FRESHMAN CLASS OFFICERS

Kenneth R. Craig of Jamaica Plain, president; Emery S. Loud of Rockland, vice-president; A. Rita Casey of Fall River, secretary; Leslie C. Anderson of East Bridgewater, treasurer; Garabed K. Mouradian of Bridgewater, sergeant-at-arms.

"A GREAT PASSION FOR RIGHTEOUSNESS"

Acting-President Lewis holds Interest of Large Chapel Audience.

At the first Sunday chapel of the college year, Dean Lewis gave an inspiring address on what a man should obtain from a college education. He said that four years at college should give a man not only great physical and mental growth, and the ability to meet men, but more than anything else a great passion for righteousness.

The college graduate should have an intense passion for honesty and truth in all his dealings. He should work for honesty and square play in politics. He should also have a deep desire for goodwill and mutual understanding. The lessons taught by the Great War with all its tremendous sacrifice, must not be lost to the world. It is for college men above all others to try to promote goodwill in the industrial, political and social life of America.

SONGS AND CHEERS GREET SPEAKERS AT RECEPTION

"Y" Reception Brings Forth Over Half of Student Body.

The Y. M. C. A. gave a very successful reception to the Freshmen, last Friday evening, in the Memorial Building. A large number of both old and new students attended, and many of the faculty also were present. Speeches in behalf of the athletic and non-athletic activities of the college were made by A. W. Smith and B. F. Jackson respectively. Acting President Lewis gave a brief address in which he emphasized the need of putting "pep" in all our college work. Coach Gore's words to the assembly were full of enthusiasm and further increased the student body's regard for "Kid's" oratorical powers. In conclusion everyone joined in singing the college song. Cider and doughnuts were served, and a brief interval of dancing followed.

TWO YEAR FRESHMAN CLASS A LARGE GROUP

The biggest Freshman Class in the history of the Short Courses matriculated last week, consisting of more than 165 men and women. This is an increase of 25 per cent over the former record. The second year men, who have been on the farms during the summer came back in full force, numbering some 135 men. Besides these there are 87 Federal Board men and 27 taking the Vocational Poultry course. About 50 Unit Course men, are expected a little later in the year. The Two-year Course has been reorganized into coordinated courses with the idea of specializing the work and thus have the vocational plan brought in view.

John S. Stockbridge, unclassified, is in the employ of the State Entomological Department.

SIDELIGHTS ON THE GAME

Conn. Aggie surely expected to win that game Saturday if the size of their rooting squad denotes anything. They admit their team is one of the best in years, and that they expect to win all the remaining games on their schedule.

Aggie was greatly pleased at John Lewandowski's double performance Saturday. The two drop kicks that scored were beautiful, and the other was an all-but, from a hard angle and against the wind.

The C. A. C. cheering section was right there with the "punch," and it didn't come in bottles either.

Massachusetts co-eds have nothing on those from Connecticut. Evidently, they are out to surpass that record made at Vermont last year.

"Kid" Gore thinks that 15 minute periods are too long in a football game (for C. A. C. football players).

That boy Marshman of the "Home City" is right there on line rushes. "Ray" Vinten must have forgotten that the voice goes down instead of up after half a football game.

The Freshmen are fast getting educated. It sure seemed good to hear that old chapel bell going after our first victory of the season. Long ring the bell!

We are now ready to reap the benefits of those new bleachers. Mr. Kenney has carried out his part of the deal any way.

THIRTY-FIVE MEN OUT FOR 1925 FOOTBALL

Schedule of Five Games Opens Saturday on Alumni Field.

More than 35 candidates reported to Coach Mansell during the past week for positions on the 1925 Football Team, and practice is held daily on Freshman field. Lowell, McGeough, Sullivan, Hollbrook, and Batal are some of the good backfield material and carry the ball well, while there is a wealth of good material for the line. Some of the most promising linemen are Loud, Hanscomb, Cook, Gordon, Goldstein, Lewis, Mouradian, Ward, Taylor, Ralfa, Marx, Shumway, Lord, and Cassano. Zwislser, Cleaves, Malley, Sheldon, Burt, Hale, Guterman and Oliver are competing for the wing positions.

The Team will have a schedule of five games, playing Deerfield, Williston, Amherst High, Dalton High, and Northampton High. The game with Dalton will be played this coming Saturday October 8, on Alumni Field.

VARSITY BASEBALL

Full work in varsity baseball has been instituted with John Maglunis as coach. One practice has been held, but several games are to be played this week. Kroeck, Moseley, Hillyard, Barrows, Nicol, Kane and Gordon are among those not engaged in football work who have reported.

James W. Alger '21 was married on Sept. 3 last to Miss Lina R. Belden of Hatfield. The couple are now "on the farm" at Northfield.

MR. GREEN RESIGNS

Continued from page 1

whole student body for the greatest success and pleasure in his new work.

The vacancy caused by Professor Green's resignation will be filled by Mr. Henry S. Greene, formerly of the University of West Virginia. For the past few years, however, Mr. Greene has been engaged in War Service for the American Library Association. He is expected to assume his duties here at once.

"Who Was John Hancock?"

STANDARD DAIRY SANITATION

It is impossible to overestimate the value of the herd test. "It eliminates the scrub and culls out the boarder," and insures to the Dairyman a productive herd.

Yet these beneficial results cannot be fully realized unless the increased milk yield is protected by such sanitary methods of production that have themselves met the test of day to day performance.

For over eighteen years

Wyandotte
Cleaner and Cleanser

has provided this needed protection to the Dairy Industry, and the sweet, wholesome, sanitary cleanliness it creates is recognized by Agricultural Colleges of the United States and Canada as the standard dairy sanitation.

Wyandotte Dairyman's Cleaner and Cleanser is guaranteed to meet every test in the dairy or the trial will cost you nothing.

FRESHMEN PULLED THROUGH THE POND

1924 Wins Annual Rope Pull in Nine Minutes.

1925 is hereby added to the list of Freshmen classes who have been dragged through the muddy college pond in the annual Sophomore-Freshman rope-pull.

Immediately after the football game large numbers of spectators lined the ropes in the hopes of seeing 60 men "chase amoohee". The Freshmen assembled at the Drill Hall and marched to the field of action in chain gang formation. For several minutes the straining, tugging Freshmen refused to budge, then slowly with increasing velocity moved toward the water's edge. When the pistol announced the finish, most of the Freshmen were on the farther bank with spirits dampened as well as clothes. The Freshmen in spite of their handicaps put up a good scrap, and made the event as closely contested as could be expected.

ONE POINT IS MARGIN OF FRESHMAN VICTORY

Boxing Bouts Give Fresh Edge on Their Superiors in Wrestling.

Following up their success in the poster scrap the Freshman class again emerged victorious last Wednesday evening, when they won the wrestling and boxing bouts by a score of 4-3. The natural amphitheatre on the east side of the ravine was filled with students eager to watch the conflict. Preceding the events short "pep" talks were given by members of the football team and coaching staff. 1925 showed its superiority in boxing by winning three of the four bouts, while 1924 found no difficulty in downing two of the three freshman wrestlers. Boxing, a new feature at this annual event, livened up the evening's program considerably, making it even more conducive to the fostering of class spirit which is the primary aim of all Sophomore-Freshman contests.

L. L. DERBY TO COACH VARSITY TRACK MEN

Two Meets Planned for Fall Work
Track at M. A. C. has been changed by the addition of a special coach for this sport, L. L. Derby. Mr. Derby has previously been connected with the institution, but has been studying at the Harvard Summer School.

He has already arranged for two track meets for this fall to replace cross country racing which has this year been dropped from the college's athletic activities. The first meet, a novice meet, will be held Oct. 15 and will consist of interclass competition in 13 events. Letter men and point scorers in intercollegiate competitions will be barred from entry in this meet. Prizes consisting of jerseys with class numerals will be awarded to the first place winners.

The other, a handicap meet will be held Nov. 5 and will be open to the entire college. Announcement of prizes will be made later.

During the winter, track activities will consist of relay races. Prospects for a fast relay team are promising indeed, inasmuch as three of last year's team are still in college.

David Potter '16 is back on the campus as graduate student and assistant in Botany.

Each year makes its own crop prices
Farming history shows that over-production and low prices one year are almost invariably followed by much smaller crops and higher prices the next. To the far-seeing farmer this means opportunity. While others wait, he acts. He plants; and when the rise comes his crops are grown.
Do you see the situation in that light?
E. Frank Coe's Fertilizers are ready to help. They are good fertilizers—formulated, mixed, cured right. They'll not only give your crops a quick start, but they'll keep right on feeding them to successful maturity. The very best ingredients and over SIXTY YEARS of manufacturing experience go into E. Frank Coe's Fertilizers.
Order now for Spring planting. If we're no dealer near you, write for the agency.

FROM "THE REGISTER" TO "THE MASS. COLLEGIAN"

It is interesting as we look back to the early days when M. A. C. was first established, and then follow her course up to the present time, to trace also the development of the College news publications. As the College grew from year to year, so also did the publications edited by the students grow both in quality, size, and importance. And today, after a period of more than fifty years, we have the MASSACHUSETTS COLLEGIAN, which not only represents the pulse of the student body, but also gives the College news in a way superior to any previous Aggie paper. Since the College was founded there have been six different papers edited, five of which were published by the students themselves, and one of these five by a fraternal organization within the College.

The College was officially opened in 1867, but it was not until two years later, in 1869, that the first written expression of "Aggie" student wit appeared. "The Grand Menagerie of the Massachusetts Agricultural College" was the name of the number, and only this single volume ever appeared under such a name. It consisted solely of a grid on all the students, but evidently lack of grinding power prevented its reappearance the following year. It is of interest to note in passing that this same year saw the first appearance of the Index.

In 1871 came *The Register*. This was not a student publication, but was published by the College. It served as somewhat of a calendar for the year, and appeared regularly in June, from 1871 to 1878.

The following year saw the publication of *The Cycle*. This booklet was presented by the D. G. K. Society, now Kappa Sigma Fraternity, to the public, and such a policy was continued for ten years. It was of 24 pages, and was published at Commencement time each year. Although *The Cycle* was a fraternity publication, nevertheless it contained principally items which were of interest to the entire student body, and very little fraternity news was printed.

Finally, on Oct. 1, 1890, appeared the first real Aggie newspaper, edited by the student body. It was the *Aggie Life*, a three column paper of eight pages, published bi-weekly, and about the same width as our present COLLEGIAN, but a few inches shorter. The subscription price was \$1.00 a year, but the first edition was sent to all friends and alumni as a sample. In these present hard times when all commodities have so advanced in price, we may at least be thankful that the COLLEGIAN has not increased in price, in comparison with the number of copies received.

In *Aggie Life* there was a wider discussion of subjects pertaining to agriculture, especially in regard to the agricultural demonstrations conducted here at the college. Thirty years ago last June was the Commencement number, which contained principally Commencement addresses and poems. A slight change in policy was apparently adopted in 1892, for a two column, twelve page edition was substituted for the size of the previous year.

For some reason, the term "Aggie"

became obnoxious to the ear of the M. A. C. undergraduate and also to many of the alumni. Therefore, in 1901, the student body voted 115 to 4 to exclude the term "Aggie" from all their publications, and on Nov. 6, 1901, the paper was forced to change its name from *The Aggie Life* to *The College Signal*. The new form obtained on the average about eighteen pages, with three columns to the page.

In the first issue of 1909 a great advance came in the life of the paper. It was changed to a weekly, of eight pages with four columns to the page. The present size of the COLLEGIAN was then adopted, as was also the general arrangement of the material in the paper. The MASSACHUSETTS COLLEGIAN officially came into existence in 1914, and that name has existed up to the present time. The policy of the paper is to serve both the alumni and students to the fullest degree possible and keep uppermost in the minds of all, that watchword,—Altogether for M. A. C.

MASS MEETING

Saturday night the annual mass meeting was held at which the Freshmen take the oath.

The newcomers had prepared a good fire which formed a hot back ground for several fiery talks. Geo. Cotton, John Lewandowski and Stan. Freeman all senior football men gave interesting anecdotes. "Sunny" Massell, Ollie Flint and Coach Gore followed with pep talks. Mr. Mack a new man on the campus gave an interesting account of his impressions. The usual songs and cheers completed the evening's program.

WAUGH '22 TO LEAD ROSTER DOISTERS.

At the last meeting of the dramatic society Fredrick Vail Waugh '22, of Amherst, was elected president for the coming year. Mr. Waugh had a prominent part in the Commencement play last spring; and is a member of Kappa Sigma. The vice-president is Robert Fitz-Randolph Martin and the General Manager, Gustave Lindskog. Work on dramatics will start sometime in the near future. It is expected that the freshman class will exhibit much talent.

MARRIAGES

'19.—W. K. French and Miss Louise Morse. Mr. French is instructor and dean in short course work at M. A. C.
'21.—R. W. Smith, Jr. and Miss Amy K. Tutill of Moravia, N. Y. Mr. Smith is a recent acquisition to the department of dairying.

Both these men are members of Phi Kappa Phi and the Q. T. V. Fraternity.

ALUMNI NOTES.

Starr M. King '21, has accepted a position as teacher of chemistry at Deerfield Academy. He was on the campus Saturday afternoon watching the football game.

W. Richard Sears of Woburn, an M. A. C. graduate, recently won an important prize in landscape work at Harvard College. As a result he is given eight months in Europe for study and travel. He left two weeks ago and expects to return by Commencement.

A Gateway—Electrical

ONLY a forty-foot gateway bounded by two brick pilasters and ornamental lamps, but it is unlike any other gateway in the entire world.

For back of it is the General Electric Company's main office building, accommodating 2300 employees. And just next door is its main laboratory with the best equipment for testing, standardizing and research at the command of capable engineers. Then down the street a mile long—are other buildings where electrical products are made by the thousands of electrical workers who daily stream through.

Through this gate messages and representatives from a score of other factories and over fifty branch offices come and go every hour—an endless chain of co-ordinated activities carrying on and enlarging the scope of over a quarter century's work for the betterment of mankind.

What a story this gate would tell, if it could, of the leaders of the electrical industry and of ambassadors from other industries and institutions—and from foreign lands. The story would be the history of electric lighting, electric transportation, electrified industrials and electricity in the home.

ALUMNI TO GATHER
IN FORTY-FIVE DISTRICTS

World Aggie Night Banquets are Planned Throughout the Country.

World Aggie Night has become an annual event, and will be held this year on Saturday, Oct. 22, 45 dinners being planned throughout the country, and it is expected from present indications at the Alumni headquarters in Amherst that the event will be even more successful than last year, when 700 alumni gathered at the 40 dinners.

These meetings are primarily for the purpose of promoting good fellowship among the alumni, to renew college memories, and to discuss current activities and problems of the Alma Mater, in which every alumnus is interested. The favorable reports from last year's meetings show what enthusiasm can be raised in such gatherings, and should influence every Aggie man who possibly can to set aside that night and do his bit to "Boost Old Aggie."

The Amherst-Aggie football game promises to be a big drawing-card for the Amherst dinner at Draper Hall. Results of the game will be telegraphed immediately to all the meetings in the country. The Aggie Fair should also interest the alumni, and show them a few of the things we are doing here now.

In the following list of meetings, changes will be noticed from the list formerly published in the *Alumni Bulletin*, as follows: Ames, Iowa; Pittsfield; Worcester; Minneapolis, Minn.; Bozeman, Mont.; Buffalo, N. Y.; Pittsburg, Pa.

Alabama—Auburn, Dr. F. L. Thomas, Auburn, Ala.

California—Los Angeles, E. F. Damon, 535 Claremont Place, Pomona. The dinner will be held at 7 P. M., at Paul's, formerly Christopus, 741 South Broadway. San Francisco, Stanley Freeborn, Univ. of California, Berkeley.

Colorado—Denver, F. A. Davis, 223 Magestic Bldg., Denver.

Connecticut—Hartford, B. J. Southwick, 9 Fales St., Hartford. New Haven, R. K. Clapp, 550 Central Ave., New Haven. Storrs, H. J. Baker, Storrs.

Cuba—Havana, W. E. Leonard, Central Soledad, Cienfuegos.

District of Columbia—Washington, H. J. Clay, 2603 Monroe St., N. E.

Georgia—Atlanta, Dr. H. E. Stockbridge.

Illinois—Chicago, T. J. Moreau, 140 South Dearborn St.

Indiana—LaFayette, O. G. Anderson.

Iowa—Ames, F. H. Culley, 725 Dodge Ave.

Louisiana—New Orleans, H. J. Neale, 1308 Calboun St., Audubon Park, New Orleans.

Continued on page 6

GIANTS LEAD YANKEES
IN "WORLD'S SERIOUS"

Varsity Baseball Candidates Hard at Work. Hilyard, Kroeck, and Harrington are Infield Veterans.

Fall baseball at Aggie this year has taken on larger proportions than ever before. A squad of nearly 25 men is practicing regularly three times a week under the direction of John Maginnis, a member of the 1920 team and last year's Freshman coach.

A "world's serious" is being held here on the campus and the "Giants" have already won two games from the "Yankees" by scores of 4 to 3 and 3 to 2. The "Giants" have practically a veteran infield with "Bill" Kroeck on first, Harrington on second, Hilyard and back at his old place at shortstop, and Nicoll or Barrows filling out at third.

Flash is a promising Freshman candidate for the infield. Baker '23, Gifford '24, and Galbraith '25 have also played on the "Yankees" inner defense. In the outfield "Doc" Gordon is playing his usual game, and Cabill, a Freshman, looks like a coming star. A. W. Smith '22, and Faneuf '23 are other candidates.

The loss of Phil Newell by graduation has left a big hole behind the bat and without a really high class catcher in college. Both Alexander and Kane have been making a creditable showing there, however, and either should be able to put up a good game next season.

The loss of Phil Newell by graduation has left a big hole behind the bat and without a really high class catcher in college. Both Alexander and Kane have been making a creditable showing there, however, and either should be able to put up a good game next season.

AGGIE AND BATES BATTLE
TO A SCORELESS TIE

Heavy Center Line of Opponents Falls to Check Gore's Men. M. A. C. Shows Superior Play.

The Maroon and White eleven journeyed to Lewiston Saturday afternoon and battled to a scoreless tie with Bates. In spite of the fact that they did not win, they showed the down states some good football, and also how they build stone-walls at Aggie.

A heavy wind, followed at the beginning of the third quarter by a steady rain, slowed up the game, so that each side was watching for the lucky break.

Bates kicked off to Aggie at the start. The kick-off rolled along and hit Grayson on his own 10-yard line. "Dane" recovered the ball and then "Lavvy" punted well up the middle of the field.

With the ball in possession of Bates, a long pass was pulled off which took the ball to our 15-yard line. But here is where this stone-wall idea comes in.

PRES. BUTTERFIELD
WRITES FROM KOREA

Head of College Sends Words of Interest to Aggie Men.

SEOUL, KOREA, Sept. 10, 1921.
EDITOR THE COLLEGIAN:

Today I visited an agricultural school near here, and found the director was a former student of Professor Brooks' at Sapporo. So in Korea as well as in all parts of Japan, I have met men who either studied under or know by reputation the "Aggie Band" that nearly 50 years ago came out to build an agricultural college in the far north of Japan.

I recently spent a day at Sapporo and literally lead "the time of my life," just because I come from Amherst. The institution is now one of five Imperial Universities. But it is proud of its origin. There are quite numerous mementoes of the men from M. A. C. The campus and its setting makes one think a bit of our own. The farming of the island, which has about half the area of New England, is more like New England farming than in any other part of the Far East. Many animals, crops, fruits, vegetables and implements were introduced from the United States. I visited a dairy farm that would compare favorably with the best in New England.

Only part of the students had returned for the new year, but I was asked to speak to them. I first challenged them on behalf of our nine to a baseball game. I also suggested that it would be worth while to see if the two student bodies might not have "Committees of Correspondence," to interchange greetings and ideas and to keep alive the great tradition of mutual friendship. I am convinced that the founding of the Sapporo Agricultural College is one of the great chapters in Aggie history, and I am equally sure that the daughter institution is proud of the mother college.

I have been amazed to discover how widespread is the knowledge of President Clark's work at Sapporo, but even more to find how powerful was the influence of his stay of less than a year. In the first class were boys who have become leaders in Japan. Nearly all of the first class became and have remained Christians. This came about through President Clark's attitude and teaching and the effect upon Japan has been tremendous. It all goes to show what a vigorous man of strong personality can achieve in a short time.

I hope this splendid incident in the life of M. A. C. is never to be forgotten either in Japan or in America. Indeed, I hope it may be an incentive to some M. A. C. men to seek service in other of the lines of activity in the Far East in which Americans are more and more engaging. Here will be the theater of the most significant events of your life

Continued on page 5

Continued on page 5

Continued on page 5

Continued on page 5

time, and here, in China particularly, are avenues of service second to none elsewhere.

With hearty greetings to the entire student body, I am,

Most sincerely,
KENYON L. BUTTERFIELD.

INTERCLASS MEET SATURDAY, OCT. 17

Track Men Are Busy in Preparation For Novice Meet.

This Saturday afternoon the track season opens at M. A. C. with a meet destined to revive the interest of the student body in track activities. This meet will be purely a novice competition between the classes inasmuch as intercollegiate point-scorers of the college will not be allowed to enter. Class numerals with jerseys will be awarded the winners of first place in each of the 13 events. In the case of one man winning first place in more than one event, the first only will count and the holders of second places in the other events will be awarded the prizes. Two year men will be allowed to compete as a class.

To date the Juniors and Seniors have not come out as well as the lower classes, but there is still plenty of time for members of these classes to come out.

The events to be held Saturday are: 100, 220, 440, 1-2 mile, 1 mile, 2 mile, 120 hurdles, high jump, broad jump, pole vault, discus, shot put, and 220 hurdles.

Although letter men and point-scorers of last year's team are ineligible for this meet, many, including Capt. Sullivan, L. S. Woodworth, Donald MacCreedy, Roger Friend, and Gilbert Irish, are out on the field helping the new men, and getting in trim for the handicap meet to be held Nov. 5. Prizes for high scorers in this meet will be gold, silver and bronze medals which are now on display at the athletic office. Considerable attention is being given to field events this year, and results seem to indicate that this year's track team will be much stronger in field events than was the team last year.

SQUIB BECOMES A COLLEGE PUBLICATION

Continued from page 1

the Senate. A. W. Smith brought up the matter of holding classes on Columbus Day and adding an equivalent amount of time to the Thanksgiving recess. The students voted to waive Oct. 12 in favor of the longer holiday at Thanksgiving time.

Mr. Smith also spoke on the coming Country Fair, which is to be held the 21, 22, and 23rd of this month, on the grounds between Clark and Wilder Halls. He urged the cooperation of every student in making the fair a success. The proceeds are to be used in furnishing the Memorial Building.

SECOND AGGIE FAIR TO BE A BIG INSTITUTION

Entertainments and Booths of Interest to be in Charge of Student Groups.

The second annual Aggie Fair will transpire on Friday, Saturday, and Sunday, the 21st, 22nd, and 23rd of October. An entirely different plan of events from those of last year will characterize the fair this year. In the first place, the proceeds instead of going to individual participants will be used for furnishing the Memorial Building. In the second place, a change in location will be in effect this year. Instead of being in the space north of French Hall, it will occupy the big field between Wilder and Clark, where it will be more conspicuous and attractive to passers-by on the main thoroughfare. Four year, two year, and graduate students are all interested and will participate in making the fair one that will attract interest for miles around. Among the distinguishing features of the fair will be exhibits by all the clubs and departments, including the Pomology Club, Horticultural Manufactures, Dairy, Animal Husbandry, Entomology, Poultry, etc. The Military Department will stage a rodeo, and possibly a polo game. There will be a Rifle Gallery for those who wish to test their marksmanship. The Military Department will furnish the rifles and the Rifle Club will have charge.

A big Midway will be in full swing, which will include one or more stunts from each Fraternity group. The committee in charge is planning to award a prize for the best stunt. The girls will open up a tea room where all sorts of delicious refreshments will be obtainable. There will also be dancing Friday and Saturday evenings in the Memorial Building. The fair will be closed during the football game Saturday so that everyone may attend the hoped for victory over Amherst. There will be a big bonfire on Saturday night in the meadow on the opposite side of the road, and an Alumni Mass Meeting at which time the Freshmen will take the Oath of Fidelity. The Grange will be having a picnic on the campus grounds at some time during the fair which will probably be the center of attraction for its members. Al Smith is acting as general promoter of the fair and with the backing of the student body it is sure to be a success.

SENATE MEETING

At the first regular meeting of the College Senate for this term, which was held Tuesday evening at 7-15, the plan of changing the holiday of October 12 to Friday and Saturday of the Thanksgiving recess was discussed. This was brought up in assembly and it was decided to transfer the holiday to Thanksgiving time. Various communications were received concerning walking on the grass around college buildings and wearing sweaters in chapel. It is hoped that both Freshmen and upperclassmen will look out for these misdemeanors in the future. The Memorial committee made known its desire that the Senate, Adelpia, and the Senior class cooperate in seeing to it that the Memorial Building is treated with proper respect. It was also decided to allow the Sophomores to wear their class hats, but with a white band around the brim to distinguish them from the Senate hats.

Immediately after the Senate meeting, a meeting of Adelpia was called.

at which it was decided to put before the student body at the following Assembly the plan of placing the Squib on a basis with the other college publications and also the plans for the Aggie Fair. The Senate will hold a meeting every Tuesday night at 7-15 in the Senate rooms in the Memorial Building.

TWO-YEAR OPENS TODAY AT LUDLOW

Grayson's Football Men Fast and Show Promise of Successful Outcome Today.

Two-year Coach "Em" Grayson had the first real chance to observe his charges last Saturday when the Short Course men played the varsity seconds and came out on the long end of a 10-0 score. The game brought out many weaknesses, and also showed that the backfield, though light, is pretty fast in getting off with the ball. The line was weak and the plays showed a lack of perfection. This week will be devoted to doing away with these weaknesses and also to perfecting new plays.

Today, the team journeys to Ludlow, to combat with the grid warriors of the Ludlow Memorial Institute. The eleven will leave behind them Captain Betterly, who is out with a sprained ankle, Adair, the star kicker, whose injury is a twisted knee, and Fisher, a 210-pound candidate for guard, who is suffering with water on the knee. These men sustained their injuries last Wednesday in a 30-minute scrimmage with the Varsity Maroon and White.

The probable lineup of today's game at Ludlow is as follows:

Gerremonty re, Strant rt, Gallagher rg, Raymond c, Nettleton lg, Outthorse or Adams lt, Pierce le, The backfield is interchangeable and will consist of Bangs, Feeney, Trull, and Swinebeck or Brevogle.

AGGIE BACK FIELD IN SHAPE FOR WORCESTER

Fast Offensive is Hoped to Triumph In Saturday's Game.

Next Saturday, Aggie meets her yearly opponent, Worcester Tech, at Worcester, in the third game of the season for each team. Tech acquired some good Freshman material this year, and as there is no Freshman rule at Worcester, they are allowed to play on the varsity. Worcester Tech put up a good game against Trinity two weeks ago, but fared rather poorly Saturday against B. U. W. P. I. being heavily outweighed in the latter game.

The Maroon and White team is rapidly rounding into mid season form and should win from their Worcester rivals. In the backfield Clark at quarter, Tumey at fullback and Lewandowski at right halfback are in good shape, Marshman, Collins and Sargent are alternating at the other halfback. Salmon '24, played well at guard Saturday and looks to be a fixture in the line.

AGGIE GAINS SEVERAL MEN FROM TRANSFERS

Seven Middle Western Colleges Represented in List of New Comers.

Fourteen students have transferred to M. A. C. from various colleges throughout the United States, while one comes from India. Nine (last year's total transfer registration) of these have enrolled with the class of 1924. Fifteen is not a large enrollment from the other colleges, but the number serves to round out the ranks of those classes which were found depleted this fall. A good example of this replenishing process is found at M. I. T. where the Senior class is now of greater strength than in the previous year, due to the fact that 500 men have transferred from other colleges.

Transfers to M. A. C.

Dewart, Hartley, from Kenyon College, enters 1924

Dixon, William Q., from Dickinson College, enters 1924

Gadsby, James H., from University of Illinois, enters 1924

Graves, George, from Denison University, enters 1923

Kelley, R. Fredric, from University of Minnesota, enters 1923

Kopelman, Barry, from New Hampshire State, enters 1924

Marlowe, George A., from Holy Cross, enters 1924

Miller, Edwin C., from Purdue University, enters 1924

Mohamed, Sager, from University of Bombay, India, enters 1923

Partington, Clyde N., from New Hampshire State, enters 1924

Pierce, Arthur E., from Dartmouth College, enters 1924

Rowell, Winston H., from New Hampshire State, enters 1924

Walker, Judson N., from Middlebury College, enters 1924

Jonsberg, Henry F., from University of Virginia, enters 1925

Binner, Roger P., from University of Montana, enters 1925

PLEDGE

Arthur E. Pierce of Newton, a member of the Sophomore class, transferred this year from Dartmouth College, has been pledged by the Phi Sigma Kappa fraternity.

One by One.

Nowhere in a college is the loss of a good faculty member felt more than in the student body. In spite of those volumes of our literature which have so popularly portrayed the conditions existing between learner and teacher in this country—portrayed them by pointing at the old caricatures on the blackboard of the little red country school house, and at the cartoons of the poor, stoop-shouldered prof. in the modern college humorous paper—professors do mean a good deal to us. No memories of college days can ever afford more pleasure to a graduate than those of the class rooms, with Prof. So-and-So on the rostrum.

It seems as though each year when we return to M. A. C. we find missing from our faculty men whom we could hardly have imagined getting along without. This fall there were Prof. Sprague and "Charlie" Green, whom we had associated in our minds with Aggie ever since we had heard of the institution—gone away from us. And whoever is secured in the Sociology Department and Library to replace them, those college departments can never seem quite the same to us who have known the "Old Guard."

A good prof. is fitted into a college slowly, taking years in the process before he can really become 100% efficient in his job. For he must know, not only his subject, but also the type of men that attend the institution and their special problems.

A few years ago we had many "well reasoned" faculty members. A few years hence—what? For, year by year, one by one, they are dropping away; not dying, but going somewhere where they can live better, do better work with the knowledge they have in themselves. And they leave behind them vacant chairs—leave scars on the trunk of Aggie professorship.

Once we saw a problem something like this—If a 1000 gallon cistern has three pipes, one capable of pouring three gallons per minute into the cistern, the other two capable of taking

two gallons each per minute out of the cistern, and all are opened when the cistern is full, how long before it will be empty?

Somebody might apply these conditions at M. A. C.

An Appreciation.

The biggest fall advertising agency of Aggie is going full swing, proclaiming the wares of the "Old Bay State" in a voice louder and further reaching than any other. New friends are being won to Aggie by means of it, seniors in remote high schools are pricking up their ears at the sound of it, and alumni are taking renewed interest in their alma mater because of it.

Everybody is enthusiastic about football. No game is so typically American in its picturesqueness, in its aggressiveness, in the opportunity it gives for true sportsmanship, as the big collegiate fall sport. We have always been proud to be called, athletically, a "football college." Because of clean, hard-fighting eleven, the name of the Maroon and White has traveled wide, bearing along with its tale of athletic powers the story of the college as an institution of learning. It has advertised Aggie in the best way that she could be advertised.

Latsoff to King Football.

In A Spirit of Recognition.

One month from to-day is November 12, 1921. Does every one appreciate the significance of that date? The nations of the world are to sit in a limitation of armaments conference, at Washington, D. C. The result of that conference is expected by many to be a turning point in the history of the world. Affairs will progress thereafter either as they have been progressing (if we can call it progressing) or else the conference decision will be for the betterment of the United Nations of the World. The men who are to represent their people on this occasion have been picked as the experienced, serious minded, politicians who in the minds of their rulers are superior men, best qualified to sit at a gathering of such momentous importance.

Statesmen, business men and others all over the land will anxiously await the word from Washington. They will earnestly hope and pray for the "supreme guidance". Is it not fitting that we at M. A. C. should fully realize the importance of this meeting? It is not too early now to think it out for yourself. Talk it over among your friends and in your fraternity house and besides a sincere salutation to the representatives of other countries represented let us each have, in particular, our own silent prayer of acknowledgment. In a spirit of recognition to the four men who will guide our country's voice at this sitting, Messrs. Hughes, Root, Lodge and Underwood.

Resolved: That the MASSACHUSETTS COLLEGIAN favors the general plan of putting the scientific bureaus of the Government at Washington under the jurisdiction of the Smithsonian Institution, with the view of developing Government science to its highest possible efficiency by affording workers permanent tenure of office, greater freedom in investigations, non-interference of politics and adequate salaries. B. F. J.

The college volunteer band is fast getting into trim and promises to be in good shape by the time of the Amherst game.

ROISTER DOISTERS MEET IN THEIR NEW OFFICE

"Aggie Review" to be Produced on December 17.

The Roister Doisters held a meeting in the Memorial building Monday, Oct. 10th, at which the election of Frederic Wangh for president was confirmed. Owing to some mistake on the part of the members all ballots were not turned in after last commencement.

Lewis E. Dickinson was elected secretary at this meeting also.

There was a discussion regarding the Freshman Show. The class of 1924, did not give a show last year, but instead produced an act as part of the Aggie Review. This year, however, it seems desirable to revive the old custom and have the class of 1925 produce something of their own.

The Aggie Review will be given on schedule on December 17th. This is something new on the campus, having been given last year for the first time. It proved to be such a success that everyone is looking forward to this production with a great deal of enthusiasm.

Y. M. C. A. BUDGET NEARLY SIX HUNDRED

Student Chairmen Appointed Recently.

At a settling-up conference held this year two days before the opening of college at the East Deerfield R. R. Y. M. C. A. the M. A. C. Christian Association organized its work for the year.

The following men were chosen as committee chairmen:

Cook '22
Campus Service
Jackson '22
Publicity
Vinton '22
Community Work
Tucker '22
Mission Study
Slade '23
Deputations
Whittier '23
New Student Work

In order to successfully carry out the work for the year, the following minimum budget was drawn up:

Deputations, \$50 00
Bible Work, 25 00
Entertainment, 25 00

International committee, Y. M. C. A. 25 00
Missionary Work, 25 00
Boy's Work, 50 00
Evangelistic Campaign, 125 00
Telephone, 22 00

Printing and office affairs, 75 00

Delegates to Conference, 50 00

Postage and paper, 20 00

Miscellaneous, 30 00

Total \$585 00

The Association is occupying its new quarters in the Memorial Building. Though the furniture in the new rooms is as yet rather sparse, there is a good collection of some of its best books, which everyone is welcome to read in the Memorial Building.

In a short while there are to be started a series of Life Problem Discussion Groups, led by students and faculty. Announcements will be made later.

Word has been received from Dr. Mutkekar of Nagpur, India, stating that affairs are now going well with him. Dr. Mutkekar, who was here for three years, found on his return to India in 1919, that both his wife and mother had died of influenza.

BATES GAME

Continued from page 1

and Bates got no further. That stone-wall Aggie line just moved up the field, and Aggie was never again in danger.

In the second and third periods, the ball remained for the most part in the middle of the field, and the punting was frequent. In the third period, Marshman pulled down a Bates pass, and ran 10 yards to the enemy's 32-yard line, before being downed. A fumble after three plays was recovered by Bates, which team then punted out of danger.

The ball was in the possession of Aggie almost the entire fourth period, and twice the ball was rushed to the Bates' 15-yard line. In the last three minutes of play, "Lavvy" tried two field goals; the first went wild, and the second failed by inches.

The two big guards and the Bates center were unable to open any holes in the Aggie line, and did not break up the offense. Aggie was able to make first down twice as many times as Bates, and completed three forwards to the Maine team's one. We may well be proud of the fact that M. A. C. was not penalized once during the entire game. Captain Cotton played a slashing game in the line, and Lowandowski, besides running well, got off some pretty kicks.

Referee, D. J. Kelley, Springfield;
Umpire, C. D. C. Morse, Maine; head linesman, W. E. O'Donnell, Portland
A. C. Time, two 10 and two 12 minute periods. Substitutions—Aggie—Sargent for Marshman; Marshman for Sargent; Collins for Marshman; Bates—H. Woodman for Ross, Canty for Gormley, Wilson for Kempton, Rounds for Kelley, Moulton for Rounds, Fellows for Moulton, Moulton for Davis.

SIDELIGHTS ON THE GAME

About a dozen hardy spirits, with one exception from the senior class made the round trip of over 450 miles "over the road." Three found accommodations in the Portsmouth Station House Saturday night but all were safely back in Amherst Sunday evening, several of them getting back ahead of the team.

It rained hard between the halves and the field and ball were wet and slippery during the second half. Showers made it disagreeable for players and spectators alike in this session.

The Aggies did not get going until late in the game. In the last few minutes Bates was hard pressed and M. A. C. had several chances to score.

Lewandowski had hard luck in his dropkicking. One field goal would have meant the game but the slippery ball and wind blowing across the field proved too much for him and all three attempts failed.

"Willie" Marshman intercepted a Bates forward pass by a pretty catch in the third period. He ran the ball back 35 yards and nearly got free for a touch down.

YEARLINGS WIN FROM DALTON H. S. 25-0

Eldridge and Sullivan Tear Holes in High School Line for Long Gains.

The Freshman football team went through its first battle last Saturday when it defeated Dalton High School, 25-0. Although this game was played after only a week's preparation, the Freshmen showed up in promising style for the future. The game was played through a cold rainstorm but in spite of this the team played a good game. The line was especially strong, Dalton being unable to gain a first down. The backfield was also strong on the defense, stopping all but two of Dalton's 14 tries at forward passes. Mouldrian was an inspiration in the line, and kept that part of the team on its toes. Marx and Ward playing the guard positions made several good tackles.

On the offense, quarterback Sullivan sent his backfield through the line for consistent gains. Eldridge featured in the offense getting away a number of times for touchdowns. The other backfield men also did their share toward the victory.

The lineups:

FRESHMEN.
Clevens, lg
Davidson, lt
Ward, lg
Ross, c

Mouldrian, rt
Olivier, re
Sullivan, qb
Sprague, lhb
Eldridge, rbb
Sheldon, fb

Score—Freshmen 25, Dalton High School 0. Touchdowns—Sullivan 2, Eldridge 2. Goal from touchdown—Sullivan. Referee—Williams. Umpire—Mack. Head linesman—McLaughlin. Time—four 10 minute periods. Substitutions—Freshmen, Cawford for Davidson, Pierce for Cawford, Lord for Ward, Hale for Oliver.

CAMPUS NOTES

John G. Lowery '22 has announced his engagement to Miss Dorothy G. Parks of Malden.

A recent letter from A. W. Leighton '21 indicates that he has accepted a position as teacher of mathematics in the Huntington School, Boston.

A reception was tendered Acting President Edward M. Lewis by the faculty last Friday evening in the Memorial Building. Students were re-

quested not to enter the building at this time.

A trench mortar has arrived at the Drill Hall addressed to Kenyon L. Butterfield. It bears the inscription, "Used in action at St. Mihiel offensive by 1st Battalion Trench Artillery Sept. 12, '18, and Bois Le Pret and Argonne offensive Sept. 26, '18." This mortar was intended to decorate the terrace in front of the Memorial Building, but obviously the crude looking weapon was not meant for decorative purposes. What will be done with it still remains a question.

STANDARD DAIRY SANITATION

It is impossible to overestimate the value of the herd test. "It eliminates the scrub and culls out the boarder," and insures to the Dairyman a productive herd.

Yet these beneficial results cannot be fully realized unless the increased milk yield is protected by such sanitary methods of production that have themselves met the test of day to day performance.

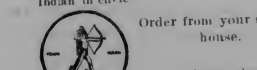

For over eighteen years

has provided this needed protection to the Dairy Industry, and the sweet, wholesome, sanitary cleanliness it creates is recognized by Agricultural Colleges of the United States and Canada as the standard dairy sanitation.

Wyandotte Dairyman's Cleaner and Cleanser is guaranteed to meet every test in the dairy or the trial will cost you nothing.

UNUSUAL NUMBERS TRY FOR GLEE CLUB POSITIONS

Upwards of Sixty Men, Including Many Freshmen, Respond to Coach Worthley's First Call.

Glee club tryouts were held last week Tuesday. The management assures us that they have plenty of new songs to satisfy the ambitions for the present. The season's schedule of concerts will be announced shortly.

The following men from last year's Glee Club have been tried out:
From '22, H. W. Spring, H. F. Richards, E. G. Burham, K. W. Moody, R. N. Holman, H. A. Eryslan, and McNulty.
From '23, F. G. Sears, Jr., L. F. Broderick, R. G. Wendell, J. B. Faneuf, R. E. Martin, I. W. Slade, H. C. Norcross, L. B. Arrington, J. M. Whittier, J. S. Bennett.

From '24, Kennedy.
Several new men also gave promise of being of value to the club: M. G. Murray '22, R. S. Blanchard '22, R. W. Blakely '22, R. P. Smith '22, P. Gold '23, R. W. Eldredge '23, C. W. Keith '23, W. C. Frost '24, K. S. Loring '24, H. D. Stevenson '24, G. L. Church '25, H. E. Fuller '25, J. G. Parsons '25.

INTERFRATERNITY

CONFERENCE NOTE

At the last conference meeting it was voted to strike from rule nine the clause referring to a bond. The following nine fraternities are members of the Interfraternity Conference and are recognized by the faculty:

Q. T. V.
Phi Sigma Kappa
Kappa Sigma
Kappa Gamma Phi
Theta Chi
Sigma Phi Epsilon
Lambda Chi Alpha
Alpha Sigma Phi
Alpha Gamma Rho

Delta Phi Alpha, altho not a member of the conference, is recognized by the faculty.

A word about fraternities in the undergraduate's college life.

"Going to college" includes much more than studying four years and receiving a college degree for your efforts. A man who spends four years at Aggie and does not take advantage of that time to form fast friendships among his fellow students who does not develop a spirit of loyalty to his Alma Mater, and who does not use his physical and mental abilities in college activities for his own benefit and for the good of the college is not the kind who will put his college degree to the best of use when it is granted to him.

Fraternities aim to promote firm friendships, friendships that will last long after college years are over. They provide a real home for their members during their college life. They stimulate competition for activities, to the benefit of the college and individual. Their ideals set a high standard for which to strive.

But studies and participation in college interests and affairs come first. For this reason the fraternity pledging season has been placed in the second term. We ask, for the benefit of our college, that you live up to the following rules, in spirit as well as literally:

1. There shall be no rushing from the time the Sub-Freshmen reach Amherst in the fall until the beginning of the second term.

Each year makes its own crop prices
Farming history shows that over-production and low prices one year are almost invariably followed by much smaller crops and higher prices the next. To the far-seeing farmer this means opportunity. While others wait, he acts. He plants; and when the rise comes his crops are grown.
Do you see the situation in that light?
E. Frank Coe's Fertilizers are ready to help. They are good fertilizers—formulated, mixed, cured right. They'll not only give your crops a quick start, but they'll keep right on feeding them to successful maturity. The very best ingredients and over SIXTY YEARS of manufacturing experience go into E. Frank Coe's Fertilizers.

Basement MEMORIAL BUILDING

2. No Freshman shall enter a fraternity house until the opening day of second term except on business and provided the written permission of both the president and vice-president of the conference is obtained.

3. Until the first day of the second term, members of fraternities or fraternity representatives shall not have more than casual intercourse with Freshmen. They shall not entertain the Freshmen at meals in Amherst or nearby towns. They shall not take Freshmen to athletic contests or to moving picture shows, nor "treat" Freshmen at drug stores or eating houses. Casual meetings, or walks, about the campus are allowable, but walks outside of Amherst, or organized trips by Freshmen and fraternity, and actions of similar nature are contrary to the ruling. Members of the fraternities and fraternity representatives shall not room with Freshmen. Rushing covers the area in which the Freshman is present during the period of no rushing.

4. There shall be no talk about fraternities between Freshmen and fraternity members until the opening of the second term. Entertainment of Freshmen in the homes of fraternity men during football trips will be considered against the spirit of the rules.

5. Visiting Freshmen in their rooms is not permissible except with written permission of both president and vice-president of the conference.

6. The rushing season, which in no case shall be less than six days, will commence the first day of the second term and end at 6 p. m. on the first Sunday of the second term. Men shall be pledged in chapel the following day.

7. Printed invitations, with return answers, inviting Freshmen to visit fraternity houses during the rushing week will be distributed to the Freshmen the next to the last chapel before the first term final examinations by the Inter-Fraternity Conference. Replies are to be turned in to the conference at the next chapel.

8. From the first pledging date as stated above no Freshmen shall be pledged until the second Monday of the third term.

9. No member or representative of a Fraternity or of the three upper classes shall talk or communicate with any Freshman between six p. m. on the first Sunday of the second term and pledging time. If any Freshman talks or communicates with any of the said upper classes or Fraternity representatives during the interval of time above, he shall not be allowed to pledge until a time set by the Interfraternity Conference. In case this trouble is not found out until after a Freshman is pledged there shall be imposed on the Fraternity a maximum penalty of one half the bond.

10. No invitation to membership in any Fraternity of the Conference shall be given by any person who has not matriculated as regular four-year student at M. A. C.

11. The wearing of a pledge button binds a freshman to join the fraternity whose insignia he first wears in chapel on the Monday following the first Sunday of the second term, and by this he shall not be eligible to membership in the other fraternities.

12. At 7-00 p. m. on the first Sunday of the second term all Freshmen shall meet at the place described by the president of the conference. All bids shall be given out by the president of the conference at this time. No other bids shall in any way obligate a Freshman before the pledging date. Unaccepted bids shall be returned to the president of the Inter-Fraternity Conference at the end of the prescribed date.

13. The pledging rules shall be printed in the Y. M. C. A. Handbook for Freshmen and in the COLLEGIAN. A copy of these rules shall be posted in each fraternity house at all times from the opening of the first term until the date of the first pledging.

14. Any fraternity shall forfeit membership in the conference for infringement of the rules according to the decision of the conference. Any Freshman infringing upon these rules shall not be eligible for a fraternity for a term of one year. Reports of violations may be made in a signed communication to the president of the Inter-Fraternity Conference.

CAMPUS NOTES

The military department has organized four polo teams, which will play a series of games with each other this fall. The champions may be scheduled to go against the Northampton polo club in the near future.

The football team was rendered an impromptu innovation Sunday night, when it arrived at the Aggie Inn, by a loyal bunch of Aggie rooters. Coach Gore gave them a little talk in which he showed appreciation for their spirit and enthusiasm.

Prof. W. R. Hart has been selected as a member of the advisory board for the Society for Visual Instruction. This is

a national organization with headquarters in Chicago and New York. One feature of the work of this society is the production of moving picture reels of an educational type.

Major Snyder proposes to use the old billiard room in North College for purposes of indoor military instruction.

Some of the equipment will be sand tables for exercises, automatic rifles, machine guns, rifles, and many other things of interest in the line of ordnance. No definite arrangement for the use of the room has yet been made.

ALUMNI NOTES

'20—"Cy" Tirrell has accepted a

position as Instructor of Animal Husbandry at New Hampshire State College.

George L. Slate '21 has left home, and at present is engaged in teaching agriculture and coaching track in the High School of Wilmington, Delaware.

Milk Made from Protein—
Not from Color

Variation in color, from a light yellow to a brownish, will occasionally be found in Buffalo Corn Gluten Feed.

This is due to the corn solubles. These contain a small amount of sugar, which is affected by the heat in drying.

The corn solubles *enrich* the feed. They give it more protein, more phosphates, and greater digestibility than are contained even in the corn from which it is made.

This concentration of the corn solubles in the feed, with their rich qualities, is of *far greater value* to the dairy farmer than is a feed of absolutely uniform appearance.

If you select your feed on these standards, you will buy Buffalo Corn Gluten Feed. Because then you will be getting the most milk at the lowest cost.

No. 3

C. RAYMOND VINTEN
SENIOR PRESIDENT

Senior Class Elects Officers and Nominates Men for Informal Elections.

The Senior class held its first meeting of the year Thursday, Oct. 14, in Flint Laboratory. Coming just after Assembly, a large proportion of the class were present. C. R. Vinten of Roxbury was elected president. Vinten is very prominent in the non-athletic activities of the college. He is a member of the Senate and Adelpheia, editor-in-chief of the *Squib*, leader of the Glee Club, chairman of the Informal Committee, and president of the Landscape Club. Other officers elected were H. S. Mosely of Glastonbury, Conn., vice-president; Miss H. M. Perry of Waltham, secretary; J. N. Lewandowski of Easthampton, captain; J. Kroeck, Jr., of Huntington, L. I., N. Y., sergeant-at-arms; B. F. Jackson of Belchertown, historian. Eight men—H. W. Spring, H. F. Law, H. S. Mosely, F. E. Hooper, J. S. Lowery, G. H. Thompson, P. M. Reed, and L. B. Conant—were nominated, four of whom will be elected to the Informal Committee by the student body at a future Assembly.

FRESHMEN PLACE WELL
IN FALL TRACK MEET

R. F. KELLEY a Transfer from Minnesota Wins First Place in Three Events.

The novice meet which was held last Saturday afternoon bids fair to become an annual event at M. A. C. Much new and unsuspected talent was discovered in the four regular classes of the school, especially among the Freshmen. Cahill '25 ran a good race in the 100 yard dash, Gordon '23 barely nosing him out of first place in that event. Pierce '25 showed up well in the quarter mile, capturing his numerals in that entry. Hill '24, who had previously entered in three events and who had taken second in the 120 high hurdles, showed wonderful speed and endurance by winning the half mile run. R. F. Kelley, a transfer from Minnesota, won first place in the 100, 200, and 400 yard dashes.

VARSITY TEARS THROUGH
WORCESTER TECH LINE

Excellent Line Bucking and Speed in Last Half Gave Aggie a 35-0 Win.

Last Saturday was better weather for baseball than for football, but in spite of the heat, the Aggie eleven was able to push over five touchdowns against Worcester Tech in forty-four minutes of play, and ended by carrying away a 35-0 victory. For a time it appeared as though there would be little scoring, as the Maroon and White made but one touchdown during the first half, but the scoring started soon after Sargent replaced Clark at quarter in the third period, and the ball was carried across the Worcester line four times in the last half.

The first period was mainly an exchange of punts, but Aggie took advantage of a break when Worcester made but eight yards on a kick from their forty-yard line, and with Collins and Lewandowski carrying the ball, it

Continued on page 8

FIRST SELECTIONS FOR
GLEE CLUB ANNOUNCED

Two of Kipling's Works Included in Attractive Program of Songs.

The Glee Club is out to surpass its record of last season. That is to say, it is expected that the college will have the most successful representation in this branch of non-athletic activities it has ever had.

This is no fairy dream or idle assumption. There are three conditions fundamentally essential to such a "banner season". The first is good material to work with. Coach Harlan N. Worthley has an ample supply of this. Besides last year's veterans, several new names from all four classes are found on the approved list printed below, making four evenly balanced parts in the club.

The second essential is a good concert repertoire. Among the songs selected by Leader Ray Vinten and Coach Worthley, for their pep as well as their artistic value, are: "Rolling Down to Rio", by Rudyard Kipling and Edward German; "The Viking Song", music by S. Coleridge-Taylor; "A Song from the Seaweed Indians", from Kipling's *Jungle Book*.

The most important point in such an organization is enthusiasm—*happyness*. This was shown in the first regular rehearsal held last Friday evening, with 36 in attendance, all anxious to do their best and outshine the others. Mr. Worthley assured the men that there would be plenty of work, with two rehearsals a week, Tuesdays and Fridays at 8:00 P. M., so that with the first concert, held annually at Hadley, just before the Boston trip, the club should be going at top speed. Following is the approved list of eligibles:

1922—H. W. Spring, M. G. Murray, G. A. Cotton, H. A. Eryslan, R. H. McNulty, R. N. Holman, R. P. Smith, A. Higgin, R. W. Blakeley, H. F. Richards, Continued on page 5

The following statement from Director Haskell to the alumni connects a previous notice to Alumni in regard to solicitations:

At the meeting of the alumni to be held at Amherst on "World Aggie" night a presentation of the present financial condition of the Memorial Building Campaign will be made. Opportunity will be given to alumni to make payments on past pledges, and to make new pledges. On account of present business conditions many pledges made by alumni in good faith cannot be met. This state of affairs makes necessary the appeal to the alumni which is contemplated at the meeting to be held in Stockbridge Hall immediately after the alumni dinner on Saturday night.

WORLD AGGIE NIGHT PLANS NEARLY READY

New York to have Banner Meeting;
Two at Porto Rico.

Arrangements are fast being completed for the World Aggie Night meetings to be held Saturday, Oct. 22. It is expected that there will be present at the different dinners throughout the country a larger number of Aggie men than has ever been gathered together before.

There is a great significance in these 45 groups of alumni, gathered simultaneously and for the same purpose. Every alumnus should loyally support the plan by attending his meeting and bringing a surplus of enthusiasm.

Members of the faculty are doing their part. Acting-President Edward M. Lewis is giving up the Amherst-Aggie football game to be present at the New York meeting. Director Haskell of the Experiment Station will speak at Washington, D. C. Other speakers for the occasion will be: Prof. S. R. Parker, Providence, R. I.; W. R. Cole, Pittsfield; C. H. Gould, New Haven, Conn. There will probably be at least one college representative at Boston also.

The New York meeting has been changed to the City Club, at 55 W. 44th St. Zabriskie '13, is chairman of this meeting, and Jule Eaton, of Nyack, will be the toastmaster. Daniel Willard '82, Pres. B. & O., has sent word that he will be there. Besides Dean Lewis, other speakers will be Dr. Francis G. Stanley '00 of Beverly, and Lt. C. A. Tinker '08, U. S. Navy, survivor of the wreck of ZR-2. A crack speaker from the student body will be sent down directly after the first half of the Amherst game with the news fresh! Besides live speaking, there will be plenty of stunts, singing and telegrams.

Just as enthusiastic a meeting will be held at Porto Rico, with two alumni in attendance. These are H. T. Cowles '10, and W. V. Tower '03. At least 40 letters have been received, assuring attendance at the football game and supper in Amherst. Among those we will see back are: Dr. Joel E. Goldthwaite '85, "Bill" Munson '06, Phil Whitmore '15, and "Bud" Ross '17.

SQUIB ATTRACTS LESS THAN TWENTY COMPETITORS

Men Needed for Positions in the
Art Department. Meetings Monday Nights.

The competition for the Squib board is well under way. Several Freshmen have entered this competition and promise to make the contest keen. Among those that have come out for the board are: Cooke, Hale, Jack, Knowles, Anthony, Salmon, Walte, and Langenbacker for the business department; and Batal, Whitum, Wilder, Craig, Duffy, and Ward for the literary department. Sherman '24 is also out for this department. No one has yet signified their intentions of coming out for the art department. The Squib would welcome all art candidates as well as others. Meetings are held every Monday evening at 8-30 in the Memorial Building. All board members and competitors should be present as assignments are given out then.

The board intends to publish the first issue of the Squib the middle of November. This will be the "Home Sick Number" which will be dedicated to the Frosh.

RUMOR HAS BENGAL TIGER COMING TO AGGIE

Many Diverse Features Point to Fair of Unusual Interest.

Plans for the second annual Aggie Fair are well under way, and Friday, Saturday, and Sunday of this week will be replete with the cries of the barkers of the midway and the enthusiasm of the gathering crowd. One of the great attractions of the fair will be the individual stunts put on by the different fraternity groups. These will be judged, and to the group that puts on the best stunt a prize of an ox-hide banner suitably engraved with M. A. C. insignia will be awarded. There will be dancing in Memorial Hall Friday and Saturday evenings at 8-00 o'clock. Dunbar's orchestra will play Friday night and Moseley's will play Saturday night. Both orchestras are playing gratis and the funds received will go towards furnishing the ball.

Logan and Johnson Lt. have donated two cases of assorted jams and two cases of syrups which will be sold. The girls will have individual tents where candy, cake, etc., will be sold, and apples, elder, hot dogs and all the other customary indigestibles of a typical fair can be obtained somewhere on the field.

The Midway will be the exhibit par excellence—everything from throwing lead weights at the coal-bued heads of the African dodger to the old time honored exhibition of the diving girls. It is rumored that an immense bengal tiger has been imported at great expense and will undoubtedly be chained in one of the exhibition tents. It will however be muzzled at night to prevent its roars from disturbing the slumbers of the neighboring inhabitants.

At any rate the 21st, 22nd, and 23rd will be days of extraordinary interest and activity on the campus and all signs point to big doings on those dates.

ROISTER DOISTERS TO STAGE AGGIE REVUE

Freshmen are Expected to Bring Forth
New Talent.

The policy of the Roister Doisters will be approximately the same as last year. With the student vaudeville banished, the Roister Doisters will superintend the Aggie Revue on Dec. 17th. In all likelihood a comedy will be presented at Prom time, with something a little more serious to be presented at Commencement.

The excellent work of last year's Seniors and members of the Roister Doisters has set a precedent which the present members intend to follow to the extent of their ability. The organization suffered from the loss of several of last year's stars, but has a working nucleus of no mean ability in the present Junior and Senior classes. The present membership is as follows:

1922—President Vaughn, Warren, Reed, Whitaker, Miss Hurder.

1923—Vice-President R. Martin, Secretary Dickinson, Broderick, C. B. Johnson, Assistant Manager Friend, Manager Lindskog, Towne, the Misses Labrovitz, Batesman, Martin, Boles.

1924—Darling, J. L. Williams, Weatherwax, Miss Slack.

There is need of new material, due to the loss of last year's seniors. The Roister Doisters hope that, since Freshmen are eligible, there will be good material in the large entering class, and among those of the upper classes who are not now members of the Roister Doisters.

L. S. WOODWORTH AS JUNIOR CLASS PRESIDENT

Norman D. Hilyard Vice-President.
Nominations for Informal Committee made.

The Junior class assembled for its first meeting Tuesday, Oct. 11 in the Social Union Rooms at 7 p. m. A list of candidates for class officers and the informal committee was presented by the nominating committee. Officers elected were: L. S. Woodworth of Newton, president; N. D. Hilyard of Detroit, Mich.; vice-president; I. W. Slade of Chelsea; secretary; H. Baker of Marshfield, treasurer; S. K. Hardy of Littleton, Sargent-at-Arms; R. H. Sargent of Buxton, Me., captain; Miss M. LeB. Lewis of Jamaica Plain, historian.

Those nominated for election to the informal committee were Folsom, Beal, Buckley, Hale, Sargent and Alexander. The student body will choose three of the six for the committee. The same smoker committee as last year consisting of Grayson, chairman, Sargent, and Mobor was re-elected. At the next class smoker the class characters for the 1923 Index will be voted upon.

SATURDAY'S INFORMAL AN ATTRACTIVE AFFAIR

The Condition of the Hall, the Orchestra, the Dinner, and Dances is of the best.

On Saturday afternoon and evening, the first Informal of the year took place in the Auditorium of the Memorial Building under the supervision of C. R. Vinton '22, and C. H. Gowdy '22. The Auditorium was decorated with palms and ferns, which broke the sharpness of the corners. The Memorial Building was open for the benefit of the fair visitors who were shown about. Forty-five couples attended and danced from 3-00 p. m. until 9-00 o'clock. The girls from Smith came on the 2-30 car in charge of Mrs. Parmeley and Mrs. Lawmon, while the Mt. Holyoke girls also came on the 2-30 car, Mrs. Cameron acting as pilot.

The music was furnished by leader "Bob" Woodworth, banjo; "Red" Parker, piano; "Diddle" Dunbar, traps; and "Joe" Wood, saxophone. The chaperones sat at the south end of the hall, accompanied by three Freshmen.

At 6-30, the dancers assembled in Draper Hall and received a most delicious meal, served by Miss Delther, which consisted of: bouillon, lamb chops with mashed potato and escalloped peas, rolls with jelly, raspberry sherbert sundae, cake and demi-tasse. At 8-10, the Smith girls had to leave, in order to catch the 9-00 o'clock car for Northampton, while the Mt. Holyoke girls remained until the strains of "Home Sweet Home" told everyone that the first Informal of the year had ended, a success.

PRINCETON TO CALL INTER- COLLEGIATE CONFERENCE

Sixty Eastern Colleges To Send
Representatives.

Definite steps have now been taken by the Senior Council to call an inter-collegiate conference on the subject of disarmament, to be held in Princeton on Oct. 26. The proposal is to invite two representatives each from over 60 colleges and universities throughout the East, and it is hoped in this manner to stimulate discussion among the undergraduate bodies of these colleges and to deepen the interest in the whole question of the limitation of armaments.

SENIOR COUNCIL IN CHARGE.

This action comes as a sequel to President Hibben's matriculation sermon on October 4th, in which he stated, "I wish to urge upon your serious consideration, therefore, the possibility of organizing a movement here which, with the co-operation of the representatives of other universities throughout the country, might give expression to the convictions upon this subject (disarmament) which I am sure you hold."

The duty of organizing the conference has been assumed by the Senior Council, under whose auspices it is to be held. This Council has appointed a committee of six undergraduates who are to take charge of the organization of this conference.

Invitations have gone out to all the important colleges and universities in the East, and a prospectus and the proposed program have been sent to all who are expected to participate in this conference. The chief features consist of an afternoon and an evening meeting, to be addressed by prominent men who have been invited to come for this purpose; and a banquet in the University Dining Halls. At the afternoon meeting a resolution will be introduced expressing to the Government the sympathy of the colleges of the country with the purpose of the coming Washington Conference, and solicitation for its successful conclusion.

The gathering of college representatives, it is hoped, will stimulate public interest in the coming conference, and serve as a basis for crystallization of public opinion in support of the Government. One of the chief results should be to engender wider discussion of the vital question of the limitation of armaments in the colleges as well as outside through the wide publicity which will doubtless be given to the movement in the college papers and the metropolitan press.

It is felt that on account of the fact that during the war it was largely the college men who composed our army and bore the brunt of the conflict, their endorsement of a program of disarmament cannot be misinterpreted and their expressed opinion should carry considerable weight.

"Her Spirit is the Same."

For the enthusiastic "Sons of Old Massachusetts" there are no dates on the 1921 calendar after Oct. 22. Till then all roads lead to Pratt Field. It is there that the acme of our athletic hopes will be realized, the spectacle of a real football game with the sons of Lord Jeff. There has been nothing in years that has so aroused the interest of campus, alumni, and the general public as the renewal of these relations after a lapse of many years.

As far as we can determine, there are two reasons for this enthusiasm. The first is natural, but both unfair and dangerous. It lies in the fact that at one time the relationship between these two institutions in Amherst was so strained that a meeting between them was likely to result in encounters sanguine and hostile. So there are some who are probably buying tickets in the merry hope of seeing a jolly student battle of ye olden type.

The other reason is one which is also natural, but perfectly fair and sportsmanlike. It is the desire to see again the resumption of football relations, this time on a friendly basis.

We don't know of a thing that we would prefer to see than an Aggie victory over Amherst, or anything we would rather not see than any display of senseless, useless pugnacity. There has been a careful systematic plan on foot for some time to bring these two colleges—similar in their democracy and spirit, alike in their love for their respective alma maters, and naturally desirous to turn out the "best in Amherst"—together in friendly rivalry. Everybody was happy when we learned that a game was arranged for this fall—happy for one of the two reasons given. But we could not blame the administrative powers of either college if they, in case of any trouble Saturday, should break off, forever, athletic relations with the other college.

Men of Aggie—look to the future! It may be that there will be incidents in the game Saturday that will not seem to indicate any love of one team for the

other. Football cultivates respect, not love. In that way it differs from croquet and drop-the-handkerchief. Such incidents happen in almost every game with any team on the schedule. They are perhaps inevitable. But do not tear down in a few minutes what it has taken years to build up. Remember to be what you are supposed to be—what your song claims, "Victors or the vanquished, her spirit is the same; Maroon and White has won the fight, her boys have played the game!"

The County Fair.

Everything looks propitious for a fine County Fair this week. Amherst game, Alumni Day, and all should bring a large crowd of the Fair Sex, male and female. A good chance for the fraternal rules will be to dazzle the freshmen, favorably and legitimately, with a good act at the Fair.

That Strike.

It has not been the policy of the COLLEGIAN to discuss national matters, but we do hope that they'll have that railroad strike settled by the time of the New Hampshire game.

Y. M. C. A.

This week is the big time for the Y. M. C. A. Treasury. A personal canvass of all four year students is being made in order that each student may have a fair chance to do his part financially for the Christian Association. Each class is lead by a captain, the captains being: Murray '22, Tisdale '23, Stevenson '24, and Cook of '25. The canvass is to be carried on in a business like manner and with pep. Every student, it is planned, will be visited by a canvasser before this Thursday. The association is every student's organization, and as such should be supported by the student body in order that the students may receive the full benefits of the association.

In a short while Life Problems discussion groups will be organized, by, of and for the students. Announcements concerning these groups will appear at an early date.

TWO FRESHMEN HURT IN RECENT SCRIMMAGE

Oliver To Be Out Of The Game All Season.

Charles F. Oliver '25, who has been playing right end on the Freshman football team, dislocated his knee last week when the Frosh scrimmaged the Varsity. Oliver, a Brockton High School star, had been showing up well on the Freshman squad and his loss will be keenly felt in as much as he will probably be kept out of the game the remainder of the season. Taylor from Chatham is filling his place.

E. M. White '25, from Abington received a rap on the head in the same scrimmage and was in a dazed condition until the next morning.

The class in Landscape 80 has been designing snowflakes. The designs submitted by Vinton, Law, and George Thompson having been adopted as the styles for this coming season, the winter may now open.

FRESHMEN IN SCORELESS TIE AT DEERFIELD

Ward's Touchdown Comes Thirty Seconds Too Late to Help

Freshmen.
The Freshman second team played a scoreless tie with the Deerfield Academy second team at Deerfield Saturday. The score was no indication of the comparative strength of the two teams. Deerfield did not make a first down during forty minutes of play while the Frosh outfit found no difficulty in rushing the ball down the field. The 1925 aggregation would have scored more than once in the course of the game had there been less fumbling. The line held like a stone-wall, but the loose playing of the backfield retarded the progress of the team. The superior punting of the Deerfield team more than once saved their goal from being crossed.

Raffa, Cassano, and Marx played well on the line, while Ward who ran forty yards for a touchdown in the last minute of play was recalled as time had expired. The lineup:
Taylor, re; Raffa, rt; Marx, rg; Cassano, c; Gordon, lg; Gleason, lt; Lord, le; Basol, qb; McGeech, rhh; Sheldon, fb; Ward, lhb.

The fast Northampton eleven promised to give the Freshmen a real tussle this Friday. The game will be played on our field and will be well worth seeing.

1924 INDEX COMPETITION.

The competition for the 1924 Index has started. The following men have signified their intentions of entering the competition. Literary: Nelson, Read, Wood, Williams, White, and Miss Wood. Business: Ball, Belden, Bowes, Lamb, and Sims. Art: Loring, Noyes, and Miss Thompson. As yet no one has entered the competition in the Statistical and Photographic departments. All men who wish to come out for these departments or the others should see Friend '23, at once.

NON ATHLETIC CREDITS.

The list of credits, gained by men during the last college year, is announced by the Non-Athletic Board, are given below. 1921 men are not included, 1922.

TWENTY-FIVE MEN CONSTITUTE AGGIE BAND

New Band to Fare Forth at the Amherst Game.

The following men have become members of the college band, under the leadership of H. S. Moseley, a second year two-year man:

'22—Lindquist, cornet; Moseley, cornet; Murray, drum; Wood, saxophone; Swift, baritone.
'23—Broderick, drum; Fuller, clarinet; Lindskog, drum.
'24—Kennedy, trombone; King, alto; Nelson, trombone; Noyes, cornet.
'25—Aldrich, bass horn; Kingston, drum.

2-yr. '22—Adams, saxophone; Chamberlain, alto; Woodworth, cornet; Kierstoft, trombone.

2-yr. '23—Baker, cornet; Jones, baritone; Webber, cornet; Wheeler, alto; Adulnster, saxophone; Rhodes, cornet.

It is hoped that every man who can play a band instrument will report at Social Union room, Friday at 4-30, for practice, in order to make the best possible showing at the game Saturday.

1924 INDEX COMPETITION.

The competition for the 1924 Index has started. The following men have signified their intentions of entering the competition. Literary: Nelson, Read, Wood, Williams, White, and Miss Wood. Business: Ball, Belden, Bowes, Lamb, and Sims. Art: Loring, Noyes, and Miss Thompson. As yet no one has entered the competition in the Statistical and Photographic departments. All men who wish to come out for these departments or the others should see Friend '23, at once.

Cards for individual statistics will be passed out in assembly Thursday. Every one is requested to have all information ready at that time.

M. A. C. vs. AMHERST SATURDAY

Continued from page 1

by his clever running. Captain Davidson at end, and Elliot at full back have played well, the latter doing the brunt of the kicking.

We meet Amherst Saturday with a team much like their own, both in weight and experience. Captain Cotton and "Lavy" both of whom have been showing a fine brand of football for Aggie are expected to show up well on Saturday.

Enthusiasm at both ends of the town is at top pitch and the interest in Saturday's game is rapidly attaining to greater intensity than the interest in a Harvard-Yale game.

CAMPUS NOTES

Marshman '23, has recently been appointed the Junior member of the Memorial Hall Management Committee. Moseley '22 is the other student member of this committee.

Dances will be held in the Memorial Building both Friday and Saturday evenings of this week. The music is to be furnished by two of the best orchestras that the college can assemble. Admission is five cents per dance. Proceeds go to swell the fund which is being raised to purchase furniture for the Memorial Building.

Good news from the class of '23! Five hundred dollars has been subscribed to the Memorial Building Fund since last Commencement, bringing the total for this class to the \$8000 mark. The class has also raised its percentage subscribed from 50% to 100% thereby. The deceased members have been subscribed for as well as the living members of the class. A record to be proud of!

The main business of the Senate meeting on Tuesday, Oct. 11, was to approve the list, submitted by the Student Employment Committee, of men to whom work has been given by the committee. This finished, several Freshmen were given a warm introduction to the Senatorial body, the main purpose being to find promising material for that long-expected pond party which is to take place soon.

C. H. Gould has been appointed faculty representative to the non-athletics activities board to take the place of Prof. Lockwood, who will be away the greater part of this year. Prof. Machner was reappointed chairman of the board. Other members are Acting-President Lewis, ex-officio, Prof. Rand, Business Manager; from the alumni Worthley '18 and Mellen '21, and the student managers: Lowery '22, Spring '22, Krasker '22, Buck '22, Folsom '23, and Lindskog '23.

The Orchestra, formerly the Mandolin Club, has been formed, and the following men have been selected from the 30 or more candidates:

Waugh '22, leader, violin and tenor banjo.
Pianos—Wendell '23, Frost '24, Kennedy '24, and Parker '25.
Violins—Norcross '23, Sears '23, and Loring '24.

Tenor banjos—Hussey '22, Towne '23, and Woodworth '24.
Cornet—Noyes '24.
Trombone—Kennedy '24.

The third floor residents of the Abigail Adams House entertained the other co-eds last Friday evening with a clever vaudeville show in 12 acts. Seats were arranged along the central corridor, and one of the stair landings provided a stage. Songs, dances, and humorous sketches were presented, but the act which secured the most attention was entitled "Gems from Below" or "Beautiful Pearls of the Deep," in which residents of the first and second floors were presented in caricature. The proceeds were contributed to the Y. W. C. A.

STEVENS MEMORIAL INSTITUTE WINS 16-7

Two Year Looses First Game Despite Fast Play by McCarthy and Adair.

Outplayed by a superior and more experienced team, the Two-year eleven lost its first game of the season with Stevens Memorial Institute at Ludlow, Mass., last Saturday, October 15th, by a score of 16-7.

The home team scored a safety, two touchdowns, and two goals from a touchdown. A fumble by a Short Course back in the first quarter due to a bad pass from center, was recovered by a Ludlow end, who ran eighty yards for a touchdown. The only touchdown made by the visitors was scored by McCarthy, who intercepted a forward pass on the thirty-yard line and went over for a touchdown. The other touchdown made by the Institute was the result of a blocked kick, when the ball was put across the line in two first downs. A safety resulted when Bangs, a Two-Year back, was tackled behind his goal.

The game showed up many weaknesses and rough spots in the Two-Year defense, which will be polished up this coming week. The lineup:

S. M. I.	AGGIE TWO-YEAR
E. Gendreau, le	re, Gerremonty
F. Gendreau, lt	re, Stront
Labrosse, lg	rt, Adams
T. Brown, c	rg, Gallagher
J. Brown, rt	c, Baker
Outlette, rt	c, Outhouse
A. Gendreau, re	lg, Hastings
Hoarle, qb	lt, Betteley
Wilson, lhb	le, Pierce
Seymour, rhh	qb, Bangs
Drechsler, fb	qb, McCarthy
	rhh, Adair
	rhh, Trull
	lhb, Henry
	fb, Feeney

Touchdowns—Wilson, Gendreau, and McCarthy. Goals from touchdown—Seymour 2, and Adair. Safety—S. M. I.

M. A. C. C. O. C. ORGANIZES AND ELECT OFFICERS.

A new club has been formed in the College: The M. A. C. Cadet Officers Club. The following officers were elected: President, H. E. Wentsch; Vice-President, J. S. Hale; Secretary, N. D. Hilyard; Treasurer, R. F. R. Martin. Gilbert was elected manager of the Polo Team. This team will play their first real game with Northampton the latter part of this month.

MARTIN PRESIDES AT CATHOLIC CLUB MEETING

The Catholic Club held its first meeting of the year last Wednesday evening, Oct. 12, in French Hall. Martin '22, president, and plans for the coming year were discussed. A committee consisting of one man from each of the regular classes was appointed to extend the principles of the Club to the Catholic men on the campus. The next meeting will be held in Memorial Hall, tonight at 7-30.

STUDENT LABOR SITUATION IS EXPLAINED

Former Head of Student Labor Committee Addresses Students.

In order to acquaint the students with the methods used by the M. A. C. Employment Committee, Prof. Sears gave the students a rather lengthy talk last Thursday afternoon in Assembly.

For the past few years, Prof. Sears remarked, the number of needy students has increased so rapidly that the problem of placing these men on jobs is an unsolved one. In order that a student may receive work on the campus he is required to fill out a questionnaire regarding his need for work. It was discovered that some students in the past who had been holding down jobs were in financial difficulties, thus causing hardships among those students who really needed work to finish their course. This was the cause for the formation of the Student Labor Committee. For the present, Prof. Sears claimed that the student labor problem has not yet been solved, although some progress has been made.

GLEE CLUB SELECTIONS

STANDARD DAIRY SANITATION

It is impossible to overestimate the value of the herd test. "It eliminates the scrub and culls out the boarder," and insures to the Dairyman a productive herd.

Yet these beneficial results cannot be fully realized unless the increased milk yield is protected by such sanitary methods of production that have themselves met the test of day to day performance.

For over eighteen years

has provided this needed protection to the Dairy Industry, and the sweet, wholesome, sanitary cleanliness it creates is recognized by Agricultural Colleges of the United States and Canada as the standard dairy sanitation.

Wyandotte Dairyman's Cleaner and Cleanser is guaranteed to meet every test in the dairy or the trial will cost you nothing.

DR. A. E. CANCE ATTENDS CONFERENCE

M. A. O. Professor is made Executive Secretary.

On the invitation of the Secretary of Commerce, Dr. Cance went to Washington last week to attend President Harding's Conference on Unemployment, held under Secretary Hoover of the Department of Commerce. The conference, as is well known, consisted of about 60 people representing various industrial and commercial interests, agriculture, and labor, who were called together to discuss emergency measures for the relief of unemployment. As a matter of fact, a large number of fundamental questions concerning the economic progress of the country were considered and reported on.

Dr. Cance was appointed Executive Secretary of the Committee on Agriculture. President R. A. Pearson of Iowa State College was Chairman. The general conference unanimously approved almost word for word the report of the committee on agriculture. The principal items were as follows:

"The farmers' difficulty and the cause of much of the industrial distress and employment in the cities grows out of the fact that the prices received by farmers enables them to buy only about half as many manufactured products at the prices asked as they purchased in normal times.

"The purchasing power of the farmer has been so greatly reduced that he is not buying his usual supplies. He can not. In the case of farm implements, the purchases have been reduced to one-third of the amount bought in previous years. Many farmers have lost their savings of a life time.

"The farmer can not continue to exist on the present basis. His share is too low or others are receiving too much. A lessened agricultural income has slowed down all lines of business. General prosperity cannot return until agriculture, by far our greatest productive industry, resumes normal conditions. In the interest of the great labor employing industries of the country everything possible should be done to place agriculture on a proper ratio of exchange of products with other industries.

RECOMMENDATIONS

"1. All prices and all wages should be so adjusted that a normal reasonable ratio will be established between the incomes of farmers, laborers, manufacturers and the merchants in order that the purchasing power of the farmer may be restored, thus hastening the resumption of normal trade, manufacturing, and the employment of labor.

"2. Railroad freight rates on commodities transported to and from the farm must be substantially reduced without delay.

"3. The prices of materials, farm implements, and supplies must be adjusted to the price level of farm products. Manufacturers and dealers must realize that farmers can not, at present price levels, resume normal buying and thereby restore normal employment.

"7. Any tariff legislation which may be enacted should develop and maintain a just economic balance between agriculture and other industries and treat fairly both producers and consumers.

"The production of our farms supplemented by raw materials from the

Each year makes its own crop prices

Farming history shows that over-production and low prices one year are almost invariably followed by much smaller crops and higher prices the next. To the far-seeing farmer this means opportunity. While others wait, he acts. He plants; and when the rise comes his crops are grown.

Do you see the situation in that light?

E. Frank Coe's Fertilizers are ready to help. They are good fertilizers—formulated, mixed, cured right. They'll not only give your crops a quick start, but they'll keep right on feeding them to successful maturity. The very best ingredients and over SIXTY YEARS of manufacturing experience go into E. Frank Coe's Fertilizers.

Order now for Spring planting. If we've no dealer near you, write for the agency.

mines can provide the subsistence which will enable all industry to prosper. The adjustment will be hastened by the honest cooperation of all intelligent and thoughtful people. One of the chief factors will be the renewal and promotion of the habits of industry and thrift by citizens and by the Government.

"The chief of all factors to hasten readjustment will be an earnest purpose throughout the whole Nation to take only what is fair and to assist others to win what they are justly entitled to have."

FALL TRACK MEET

Continued from page 1

ley '23, a transfer this year from the University of Minnesota showed exceptional ability in field events, winning the high jump on a inch margin from Barker '25 and easily capturing the broad jump and discus.

The men to receive their numerals and jerseys as a result of the meet are: Gordon '23, DeLano 2-year, Loring '24, Pierce '25, Tisdale '23, Hill '24, Barker '25; Nolte '25, Kelley '23, Dickinson '23. Owing to duplications there will be no award in the broad jump, and some of the men placing second in an event, in case of the winner having previously

won an event, will be awarded their numerals and jerseys.

The results of the track meet are:

100 yard dash—1st, Gordon '23; 2d, Cahill '25; 3d, Woodworth '24.

120 high hurdles—1st, DeLano 2-year; 2d, Hill '24; 3d, Murray '22.

1 mile run—1st, Loring '24; 2d, Stevenson '24; 3d, Bates '23.

440 yard run—1st, Pierce '25; 2d, Isaac '24; 3d, Slade '25.

220 yard run—1st, Gordon '23; 2d, Tisdale '23; 3d, Sims '24.

880 yard run—1st, Hill '24; 2d, DeLano 2-year; 3d, Partington '23.

Pole vault—1st, Barker '25, height 8 ft.; 2d, Murray '22, 7 ft 9 in.; 3d, Kemp '22.

Shot put—1st, Nolte '25, 32' 6"; 2d, Brunner '24, 29' 5"; 3d, Dickinson '23, 27' 0".

High jump—1st, Kelley '23, 5' 5"; 2d, Barker '25, 5' 4"; 3d, Salmon '25, 4' 10".

Broad jump—1st, Kelley '23, 19' 10"; 2d, DeLano 2-year, 19' 9"; 3d, Hill '24, 18' 2".

Discus—1st, Kelley '23, 90' 4"; 2d, Dickinson '23, 81' 10"; 3d, Brunner '24, 77' 3".

WORCESTER GAME

Continued from page 1

was taken across by "Lavvy" for the first score. "Dame" kicked the goal. Tech showed a flash of power in the second period when Perry carried the ball 45 yards from the kick-off to the M. A. C. 9 yard line before being held. Immediately after Sargent entered the game, he ran back a punt for thirty yards which paved the way for the second touchdown. With the ball on the 45 yard line, "Hubba" passed to "Dame" who advanced to the 8-yard line, and then by a series of line plunges the ball was carried over by Sargent. Soon after, with the ball on their 10-yard line, Worcester punted. The kick was short and to the left and Tumey got to the 1-yard line with the ball before being downed. "Lavvy" carried the ball over for the third score.

A feature run by Sargent resulted in the next touchdown. "Huck" received a punt on Tech's 40 yard line and raced across the line for the fourth touchdown. The final score came in the last period when Marshman intercepted a Tech forward and ran 40 yards to the 6-yard line before being downed. A forward to Grayson, who caught the ball behind the goal post gave Aggie six more points, and "Dame" also kicked the goal, his fifth of the day.

The Aggie team was in fine condition, and time and again the backs tore through the Tech line for substantial gains. Collins played a fine game both on the offense and defense. Lavvy's wonderful kicking and the ability of Sargent to run back kicks for long gains were largely responsible for the Aggie victory.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

QUARTERBACK GOOCH IS MAINSTAY OF U. V. M. TEAM

Saturday's Game on Alumni Field
Sure to be a Battle. Aggie Won
Last Year 25-0.

Aggie lines up Saturday afternoon on Alumni field against Vermont in the fifth game of the season. A hard week is being put in by Capt. Cotton's team in preparation for the game which is one of the hardest on the schedule. The team is out to vindicate itself after its defeat by Amherst, and will break back again into the winning column if all goes well. Saturday's game is the first one played at home in three weeks and will be one of the fastest games to be played in the Connecticut Valley this week-end.

Vermont has played three games this season, losing two and winning one. The first game of the season was played Oct. 1 against Yale at New Haven. For two periods Vermont held the Bull Dog scoreless, but in the second half Yale put over two touchdowns, defeating the green Mountaineers 14-0. Two weeks later Vermont defeated Tufts 6-0 in the game played at Medford. Saturday New Hampshire handed Vermont a 21-7 setback at Burlington. This was about the same score as last year, but the Maroon and White won the game on the last trip to Burlington and is out to repeat this year.

Vermont has a new coach this year, Thomas Keady, who coached the Lehigh University football, baseball and basketball team for the last 12 years. He has on the team five veterans of last year and a clever quarterback in the person of Gooch, a Freshman. Gooch is by far the best man on the team, a clever runner, and the man around whom the entire team is built. Capt. Garrity of Brookline, plays either guard or tackle. The probable Vermont lineup will be Semanski le, Purcell lt, Nowland lg, E. Johnson c, Garrity rg, Margolski rt, Tryon re, Gooch qb, Anderson lbb, Ryan rbb, O. Johnson fb.

The two Sophomore candidates for assistant manager of varsity baseball to be voted on at Assembly tomorrow are Norman H. MacAfee and Perry G. Bartlett. Assistant track manager will also be elected at this time. The two candidates are Albert Waugh '24 and Charles Steele '24.

COUNTY GOVERNMENT COMMITTEE IN ASSEMBLY

Students Hear Several Interesting
Addresses in Short Special
Assembly.

Tuesday morning at 11:30 the student body met in special assembly to hear several speakers from the Special Joint Committee on County Government which has been on campus lately. The committee was the recipient of loud and prolonged applause when it came on the stage led by Act. Pres. Lewis. By request Ray. Vinton led the students in the College Song.

The committee is composed of the following men:
Alvin E. Bliss chairman of the Senate committee, and Geo. B. Chamberlain also of the Senate committee; from the House, Frank L. Brier, James T. Bagshaw, Dexter A. Snow, Clarence P. Kidder, Frank N. Coulson, Roland B. Sawyer, and James A. Goodie; also Messrs. Griswold and Howard.

Mr. Lewis introduced Senator Bliss as the first speaker of the assembly and the gentleman from Middlesex replied as follows:

"Dean Lewis and students, as we are reminded by Dean Lewis that the dinner hour is near at hand I imagine that a lengthy talk would make me considerably unpopular. Fortunately, therefore you are not to be pained by having to listen to all of the committee (applause). My advice to you is this: Go to dinner when the bell rings regardless of whether we are talking or not. I suppose that you are wondering what we are doing here in Amherst. We are a committee of the legislature investigating county and state institutions, particularly penal institutions.

MANY ALUMNI BACK FOR AMHERST GAME

Younger Graduates Followed Closely
in Numbers by the Older Men
Back.

The interest of the alumni in the Aggie-Amherst game was well evidenced by the numbers in which they flocked to the game and by the enthusiasm which many of Aggie's former football men displayed in helping coach the team and get it into shape.

In last Saturday's game, Amherst's attempts at line plunges met strong resistance. Much of the credit for the strength of our line belongs to the coaching of such men as Dole, center of the 1914 team, King, tackle of last year, and J. R. Novitski, guard of Oskosh (Wisconsin) Normal's crack 1906 team. In fact, the alumni were so eager to help prepare for the struggle that veterans of every position on the team returned to Amherst at least one week

WING'S SENSATIONAL WORK AND ELLIOTT'S TOE 13-0 TOO MUCH FOR M. A. C. THIS YEAR

Davidson Runs 70 Yards for a Touchdown. Lewandowski's Punts and
Cotton's Work Feature Aggie Play.

THOUSANDS OF STUDENTS, ALUMNI, AND FRIENDS ATTEND

CAPT. B. F. GARRITY, R. G.
University of Vermont.

Sabrina smiled on the Purple and White Saturday afternoon with the result that the Aggie eleven was forced to return from Pratt Field with a 13-0 defeat, her first set-back this year. About 5000 people saw the game, the cleanest, and one of the most bitterly contested contests ever played between the two institutions. The score is little evidence of the comparative strength of the teams, and of the way the Maroon and White fought every second of the battle to stave off defeat. Amherst scored twice in the second period, both scores being the result of field goals from placement kicked by Elliott from the Aggie 35-yard line. In the final quarter Aggie's last chance of victory was shattered when Captain Davidson intercepted a short pass and raced 70 yards for the only touchdown of the game.

Long before the start of the game the Aggie stands were packed with alumni and students, all doing their best to help the team along.

Too much credit can not be handed to Lewandowski who was the greatest Aggie player on the field. Time after time, it was "Lavvy" who got off one of his beautiful long kicks which drove Amherst back to their own goal line, and seldom was he given the ball but that he carried it for a gain. All credit for an Amherst victory can justly be given to Wing, who always seemed to carry the ball when distance was

Continued on page 3

ALUMNI SPEAKERS CLOSE THE DAY AT DINNER

Banquet at Draper Hall a Success.
Speakers in Auditorium Comment
on Football and Pledges.

World Aggie Night in Amherst was a tremendous success. In spite of the fact that the enthusiasm was somewhat dampened by the gridiron defeat of the afternoon about one hundred seventy alumni sat down to a sumptuous banquet in Draper Hall. This number was considerably increased by students and faculty members at the speaking which followed in Bowker Auditorium.

P. F. Whitmore '15 presided and called first on Prof. W. L. Machmer. Professor Machmer, speaking for the College, commented on the increasing strength of the Alumni organization.

Continued on page 8

To the expectant ears of the waiting multitude, lining the banks of the campus pond, came the Boom! Boom! Boom! of the big bass drum. And then the crowd began to laugh, for what did they see but a circus parade, with four bear cubs and a two-piece band. Or thus it would seem, for the Sophs decided to try something new, and led their victims to the pond via the Pond Party Crawl, assisted at intervals by Sophomore paddles.

Arrived on the scene of action, the Sophs lost no time and the strong-armed squad was immediately called forth. However, before the actual baptism took place, the first victim was requested by the audience to speak his little piece, and then, encored heartily by said audience, favored with a short

Continued on page 2

AMHERST GAME

Continued from page 1

needed. He raced through quick openings in the line, he skirted the ends, and he made long gains of from 10 to 40 yards by his wonderful broken field running. Few forwards were completed and these only for short gains. In the second quarter Amherst shot 12 forwards, only one of which was completed and that for a gain of but four yards. Aggie opened up her aerial attack in the last half. Eight of her forwards were grounded, three were intercepted, and four went for but 17 yards.

Both teams fumbled badly, the Amherst backs losing the ball twice within easy striking distance of their own goal, and the Aggie team making fatal fumbles in midfield. When it came to the pinches both lines held wonderfully, and "Lavy" was called upon to try three drops for the goal on an Aggie fourth down. The Aggie forwards hurried Elliott's punts, which were very poor at times, and were very nearly blocked on several occasions. Few gains were made through the Aggie line, most of the plays going outside tackle. This was due to the wonderful defense put up by Captain Cotton, "Stan" Freeman, "Bob" Mohor, "Red" Mudgett, and "Ken" Salmon. "Mace" Alger went in at guard in the second half and kept up the splendid defense.

Play by periods:

On the loss Amherst chose to defend the west goal and Aggie kicked off. A poor-kickoff was taken by Elliott to the 40-yard line. After several plays and a first down the ball was advanced to Aggie's 20-yard line, where the team held and gained the ball on downs. "Stan" then punted to Amherst's 30-yard line. After three plays, Elliott kicked to Sargent and "Lavy" punted back. Amherst could not gain, and kicked to the 15-yard line. After gaining a first down, "Lavy" punted, this time to Amherst's 38 yard mark. A fumble by Wing gave Aggie the ball in midfield. Again "Lavy" kicked to the five-yard line. Elliott's return kick was hurried and poor, netting but 16 yards. Now was Aggie's chance, but the Amherst line held, and a drop by "Lavy" went wild. Elliott ended the period by punting.

Second period: "Lavy" punted back to Amherst's 35 yard line, and after three plays Elliott kicked. On the third play "Lavy" kicked and by straight playing Amherst went to the Aggie 15-yard line, but were held for downs. "Lavy" took the ball in a dash down the field for 25 yards, where he was finally stopped by Wing and lost the ball in the melee. Amherst lost the ball but regained on a fumble and Elliott kicked the first goal. After the kick-off and an exchange of punts, Elliott kicked his second placement.

Third period: Elliott kicked off to "Lavy," who after two plays kicked back. A fight up and down the field finally ended when Amherst fumbled on her 15-yard line and Aggie again threatened to score. "Lavy" finally tried a drop which went wild. Again the ball was carried up and down the field, the period ending with the ball on Amherst's 25 yard line.

Fourth period: Elliott kicked to the Amherst 40-yard line and after two plays, Tumey made first down. After three more plays, a short forward was intercepted by Davidson, who ran for a touchdown. A few plays after the kick-off, and again Aggie had the ball, on her opponents' 16-yard line.

"Lavy" recovered an attempted drop, which was blocked, but four plays could not push the ball over, and the period ended, when Elliott punted to midfield.

The lineup was as follows:

AMHERST	M. A. C.
Davidson, (Capt.)	re, Grayson
Adams, lt	rt, Mohor
Plimpton, lg	rg, Salmon
Winch, c	c, Freeman
Worcester, rg	lg, Mudgett
Clapp, rt	lt, Cotton (Capt.)
Leete, re	le, Marshman
Winslow, qb	qb, Sargent
Wing, lhb	lhb, Tumey
Jillson, rbb	rbb, Collins
Elliott, fb	fb, Lewandowski

Touchdown—Davidson. Goal from placement—Elliott 2. Goal from touchdown—Elliott 1. Referee—H. R. Bankart of Dartmouth. Umpire—J. R. Keegan Chautauqua. Linesman—H. A. Swaisfield of Brown. Time—15 minute quarters. Substitutions—Amherst: French for Plimpton, McCormick for Worcester Boeman for McCormick, Reusswig for Wing; M. A. C.: Alger for Mudgett, Acheson for Marshman, Clark for Sargent.

SIDELIGHTS ON THE GAME

The absence of "Stubby" Clark was felt keenly by the Aggie team. The plucky quarterback's knee is fast coming into shape and it is hoped that he will play this week.

Speaking of sidelights, the sun gave the Aggie rooters plenty of them, right in the eye.

It is lucky that the next informal is quite a way off. Just at present funds are low around the campus.

To "Willie" Marshman goes the credit of making the best tackle in the game. A few more like that and the Amherst team would be composed of substitutes.

It took six cheer-leaders to get any noise out of the Amherst cheering section, but when it came it was worth hearing.

The Orchard Street gate did not seem to be large enough to accommodate the crowd. We wonder if anyone was forced to use the fence on this account.

Tisdale must have had fire drill practice back in the home town. He certainly is right there with the water.

Coach Gore is trying to find out what the demijohn that the Amherst players used so often contained. It must be pretty good stuff judging from the final score.

POND PARTY

Continued from page 1

musical selection. Then splash! and a head was seen to bob above water—the Aggie frog had received his first scare of the season.

Not to be outdone by their classmate, each of the following subjects ventured his luck at entertainment, with a more or less startling effect on the spectators. Some good dancing talent was discovered incidentally, but no very artistic diving ability. Despite the temperature, swimming seemed to be in vogue, and some of the best ducks made a second appearance on the stage. The unruly yearlings who performed were: Craig, Cooke, Love, Lovell, Simmons, and C. F. Ross.

ORCHESTRA SELECTIONS

RETAIN TWELVE MEN

Mandolin Club to be Replaced by New Organization.

An orchestra will replace the Mandolin Club this year on the Musical Clubs. The main function of the Mandolin Club in the past has been to furnish music for the dances which have followed each concert and it was deemed best to organize a musical unit which could best fulfill this duty. The orchestra will appear on the program, however, with several select pieces in conjunction with the Glee Club.

At the first call for candidates 35 men signified their intentions of coming out for the orchestra. Among this number were several excellent banjo players and talented musicians. It is regretted that the first cut eliminated all but 12 men, yet a larger orchestra is obviously impossible. Those retained are good players and have had a great deal of experience. Many have given up chances of earning money in order that they may be with this orchestra.

At present the orchestra consists of: Piano—Wendell '23, Parker '25. Banjos—Waugh '22, leader, Hussey '22, Towne '23, Woodworth '24. Saxophone—Wood '22.

Violins—Norcross '23, Sears '23, Loring '24. Drums—Moseley '22. Trombone—Kennedy '24.

Under the leadership of "Freddie" Waugh the orchestra is working into first-class shape, and it is expected that these live jazz artists will attract much larger audiences to the Musical Club concerts.

HEAD OF WORLD PEACE CONFERENCE IN ASSEMBLY

Mr. Cummings Gives Interesting Facts and Opinions Regarding Armament.

The speaker of last Thursday's assembly was Mr. Cummings of the World Peace Conference. Before being introduced, he asked for a song so "Ray" Vinton '22 led the student body in "Dear Old Massachusetts."

After being introduced the speaker discussed disarmament. There were three points to his speech: (1) The History of Disarmament, under which he spoke of trials by Court, instead of trials by battle, family principle and agreement, devotion of strong to weak, inter-individual agreement, all of these in place of "The Jungle Law," as it was in olden times. (2) Inter-family agreement, municipal peace in state and city. (3) The Peacemakers, great men who have brought about the idea of disarmament, in country, state and city—Benjamin Franklin, Alexander Hamilton and George Washington, all of whom tried to show what inter-state and international agreement was, and also tried to make international cooperation. Then he told what the next war would be like, and how the Kaiser was influenced by the Devil, to rule the World, and lost. He went on to say that Science has advanced so far that the chemicals to be used in the next war are so

poisonous that three drops is enough to kill any living object on which it lands, and that people behind the line of battle will have to live in a steel suit to protect themselves. He spoke of the uselessness of battleships today, and said that 1000 aeroplanes can be built for the price of one battleship; that Uncle Sam is spending \$33,000,000,000 to prepare for the next war, while Germany spent the same amount on the last war. His final words were: "Blessed are the Peace-makers for they are the Children of God; and Cursed are the War-makers for they are the Children of the Devil."

DIRECTORY OF THE MEMORIAL BUILDING

The rooms of Memorial Building are numbered beginning with the room at the southwest corner of the building, opposite the Drill Hall, and extending to the opposite corner. The rooms are occupied as follows:

No. 1. COLLEGEIAN.
No. 2. Rolster Dolisters, Musical Clubs, Public Speaking Council, and Index
No. 3. Non-athletic Activities Board, Major Clubs, Squib.
No. 4. Manager of Memorial Building.
No. 5. Y. M. C. A., Catholic Club, Menorah Society, Student Volunteer Organization.

No. 6. Junior Prom., Sophomore-Senior Hop, Informal Committee, Short Course Student Council.
No. 7. Y. W. C. A., Women's Governing Council.
No. 8. Senate, Adelpia, Honor Council, Interfraternity Conference.
No. 9. Alumni class headquarters, 2nd floor.

Rooms 3, 6, and 7 are available for meetings in case of conflict in other rooms.

RICHARD A. MELLE, Mgr.

A WORD FROM C. G. FIELDER FORMER "Y" SECRETARY

Amherst Man is Stationed on Banks of the Brahmaputra.

C. G. Fielder, former Aggie Y. M. C. A. secretary, sends greetings to all Aggie men from his station in Assam, India. He is a foreign missionary, and is full of enthusiasm for his work, as may be seen from the following extract from a recent letter:

"We have a great place, on the banks of the Brahmaputra river. Our bungalow is large and comfortable. The view is glorious. The new Hostel near us is full of students; Hindus, Mohammedans, Animists and Christians. They are a good lot and I like them very much. The work here is great. The men with whom I come in contact are burning with zeal for their country's freedom. They are earnest and the real thing. But it is tremendously difficult for the boys to become Christians, as it means their being cut off by their families in their communities."

Mr. Fielder has been in India once before as a missionary and was anxious to return. He wished to be remembered to all his friends in Amherst, especially those among the students at M. A. C.

STANDARD DAIRY SANITATION

It is impossible to overestimate the value of the herd test. "It eliminates the scrub and culls out the boarder," and insures to the dairyman a productive herd.

Yet these beneficial results cannot be fully realized unless the increased milk yield is protected by such sanitary methods of production that have themselves met the test of day to day performance.

For over eighteen years

Wyandotte
Dairyman's
Cleaner and Cleanser

has provided this needed protection to the Dairy Industry, and the sweet, wholesome, sanitary cleanliness it creates is recognized by Agricultural Colleges of the United States and Canada as the standard dairy sanitation.

Wyandotte Dairyman's Cleaner and Cleanser is guaranteed to meet every test in the dairy or the trial will cost you nothing.

NATION WIDE CAMPAIGN FOR EUROPEAN RELIEF

The schools and colleges of the Atlantic coast states are the first to organize in a nation-wide campaign for the relief of more than 100,000 European students struggling for an education against prewar conditions. At a meeting in New York this week, Kenneth W. Moody, of the Massachusetts Agricultural College, was appointed to organize the student body in this college.

In the advisory committee, backing this campaign, are Herbert Hoover, Woodrow Wilson, Jane Addams, Edwin A. Alderman, James Rowland Angell, Sarah Louise Arnold, Valentine Chandler, John H. Finley, H. A. Garfield, J. E. Gregg, John Grier Hibben, Mrs. Robert E. Speer, M. Cary Thomas, and Lucy Maderia Wing.

The desperate shortage of professional men in the countries of central and eastern Europe makes this relief work necessary, not so much to overcome the physical suffering that these students are enduring, but to safeguard the life and efficiency of this generation of future leaders of Europe.

CAMPUS NOTES

Paul Barnett, '22, who was on the campus over the weekend, is acting as apprentice teacher at the Essex County Agricultural School during the fall term.

Prof. W. H. Hart, head of the Department of Agricultural Education, was elected a member of the board of trustees of Hopkins Academy, Hadley, at their last meeting.

Between the halves of the Vermont game the annual 6-man Freshman-Sophomore rope-pull will take place. Both teams are practicing faithfully, and the wealth of material to be chosen from in the Freshman class is sure to be a big factor against the experienced Sophomores.

There will be a student mass meeting Friday night at 7:30, in preparation for the Vermont game on Saturday. The mass meetings have been very poorly attended so far this season. It is high time that we start to get behind our team at some other time besides the games on Saturday.

Professor Regan of the Entomology Department has recently returned from Montana State College, at Bozeman, Mont., where he has spent the summer in field work. His territory covered the whole of Bitterroot Valley, in Western Montana, where he was assisting fruit growers with their entomological problems, especially the control of the fruit leaf roller. Professor Regan was stationed at the Rocky Mountain Spotted Fever Laboratory, with Dr. R. R. Parker, M. A. C.

Wanted: Men and women trained in agricultural economics. Under the present Secretary of Agriculture, agricultural economics will be given a more important place in agricultural research and service than ever before. The expansion of the Bureau of Ag. Ec. will call for a large number of men and women trained in farm management, rural sociology, business accounting, statistics, marketing, farm finance, transportation, and cooperative organization of farmers. It is hoped that the excellent reputation which the Ag. Ec. Dept. of M. A. C. has established through the men it has placed in Washington, will be upheld in the future.

Each
year makes its
own crop prices

Farming history shows that over-production and low prices one year are almost invariably followed by much smaller crops and higher prices the next. To the far-seeing farmer this means opportunity. While others wait, he acts. He plants; and when the rise comes his crops are grown.

Do you see the situation in that light?

E. Frank Coe's Fertilizers are ready to help. They are good fertilizers—formulated, mixed, cured right. They'll not only give your crops a quick start, but they'll keep right on feeding them to successful maturity. The very best ingredients and over SIXTY YEARS of manufacturing experience go into E. Frank Coe's Fertilizers.

Order now for Spring planting. If we're no dealer near you, write for the agency.

COUNTY GOVERNMENT COMMITTEE IN ASSEMBLY

Continued from page 1

This is our last stop so is not included among the penal institutions. We have visited all the agricultural schools in the state and all the tuberculosis hospitals. There would be no need of the latter if all people were to come to Aggie. You all look healthy. I congratulate you for the great opportunity which you have to show Massachusetts your appreciation of the money which she spends for these schools. The Committee recognizes the need for new buildings, in particular the need for a Chemistry Lab. Pardon me for calling the present laboratory a building. M. A. C. is not the only place that calls for money so it is necessary that a division of funds be made. Try for it again next year. Some of the men which you see before you are responsible for its not going through the House. Appropriations are large lately. I am reminded of the library here. At least I suppose it is a library for there were a lot of books stacked up there. We nearly got lost several times in the crowdedness of the rooms. So keep up your courage. Do good work for yourself and show the committee of the state that you appreciate their work. This is without a doubt the best Agricultural College in the state. No one will dispute that. It is up to you to make it the best in the country."

Mr. Chamberlain was the next speaker; he is an Amherst graduate.

"The speaker preceding me is a good politician. He spoke his piece before there was any chance of the dinner tell ringing. M. A. C. makes for the best type of American citizen. Tomorrow we celebrate the birthday of Theodore Roosevelt, a great disciple of outdoor life. There is now a demand for the man who is trained as an all around citizen. He can take his place in any community. We are getting here the foundation of an agricultural training and the broad outlook on other subjects. The men of your faculty are men of great devotion to Aggie. They

interest in the college. In passing I might say that the Chemistry Building appropriation was blocked in the Senate. The Ways and Means Committee did not block it. The legislature always agrees that they are ignorant before seeing M.A.C. and after leaving here they feel that our college is worthwhile. They are willing to go back to Boston as missionaries in our behalf. Can we have the college cheer for the joint committee. (It was given).

MANY ALUMNI BACK

Continued from page 1

before the game and by their efforts got the team into the pink of condition.

An all-star combination, including many of Aggie's big men of the last eight years, could be picked from the coaches that have been handling the team for the last two weeks. Foremost in such a line-up would be:

Em. Grayson '17 or Mansell '21, c
Dauforth '15, t
Novitski or Chubby Long '21, g
Dole '15, c
Holmes '20, g
Star King, '21, t
Day '16 or Casco '21, e
Melican '15, qb
Lent '21, hb
Maginnis '20, hb
Jakeman '20, f

The general spirit of cooperation with the coaches was the noticeable attitude of the alumni in preparation for the last week's game. All the football men helped coach, and all the men who did not coach helped cheer, with the result that the alumni aggregation at last week's game was one of the biggest and best ever present at an Aggie athletic contest.

The following are some of the other alumni who were on the campus over game:

Dr. Root '73, who is practicing medicine in Connecticut
James S. Williams '82, a manufacturer, of Glastonbury, Conn.
H. F. Hubbard '78, of Providence, R. I.
Dr. Tuckermann '78, of Boston
Dr. Joel E. Goldthwait '85, of Boston
E. F. Richardson '98, of Millis
Phillip Whitmore '15, of Sunderland
A. J. Farley '08, L. G. Scherhorn '10, and M. A. Blake '04, all of New Brunswick, N. J., are Rutgers College Professors

Donald Candee '16
Earl S. Draper '15, a landscape architect of Charlotte, N. C.

alumni to make new or additional pledges.

"Bill" Munson '05 was then called on with his former teammates Patch '05, Whittaker '05, and Lewis '05 and told of football at Aggie in his time and of former Aggie-Amherst games. All four were members of the last team to defeat Amherst in 1901.
Singing "Sons of Old Massachusetts" closed the program.

The Division of Agriculture is giving a Hall-o-ween party to the faculty next Saturday evening in the Drill Hall. This is an annual entertainment, and all members of the faculty are invited. The party will be in the nature of a husking bee. Professor Ford is chairman of the committee in charge.

WORLD AGGIE NIGHT

Continued from page 1

and commended it for its loyal support of the college at a crucial time. He also pointed out the high scholastic ideals upheld at Aggie and noted the ignorance and misunderstanding which is common throughout the state in regard to the work of M.A.C.

The next speaker was Prof. C. S. Hicks and his remarks were directed in praise of the players and the student and alumni bodies for the clean hard-fought game and the fine spirit and sportsmanship displayed by all concerned during the Amherst game. Coach Gore seconded this in a short talk following.

Dr. J. E. Goldthwait '85 presented the report of the Memorial Building committee. The cost of the building was in round numbers \$149,000. Somewhat over \$150,000 was pledged but the last three payments have been \$24,000. In arrears. The new campaign, voted last June, to raise \$20,000, has so far resulted in pledges amounting to \$5,000. An opportunity was offered for

Varsity to Play at Kingston Saturday

Tie Game of Last Year Makes Revenge the Object of Both Teams.

With two wins, two losses, and one tie so far this season, M. A. C. will face Rhode Island State next Saturday afternoon in Kingston, and is out to vindicate itself for the defeats of the last two weeks. Rhode Island is also out to stage a comeback after its defeat Saturday by B. U.

The State Collegians have won only one game this season, smothering Worcester Tech 27-0, two weeks ago. They played their first regular game of the season against Brown, on Sept. 24, and were defeated 6-0 in a very close game in which Brown received all the breaks. In the second game, Rhode Island suffered a 9-0 defeat at the hands of Bowdoin, and the next week they were again narrowly beaten, this time by the University of Maine, 7-3. In a close game Saturday at Boston, B. U. won a 14-0 verdict over the State Collegians.

Last year the Aggie varsity was forced to play a 7-7 tie with Rhode Island, and though their team is superior to that of last year, our team will probably be in much better condition than it was at this time last season. Simpson is the best man on the Rhode Island team, and besides being a good broken field runner, he kicks well. Johnson also shows up well and does the brunt of the kicking.

DR. E. R. FLINT PRESIDENT OF WASHINGTON CLUB

Dr. E. R. Flint, the newly elected president of the Washington M. A. C. Alumni Club and son of former President Flint, is a man of wide training and experience in several fields of endeavor. Following his graduation from M. A. C. in 1887 he served as assistant chemist at the Experiment Station. Three years later Mr. Flint went to Germany where in 1892 he became Dr. Flint by winning a Ph.D. in chemistry at Goettingen. A year in commercial work followed, after which he found him back at M. A. C. as assistant professor of chemistry, where he remained until 1898. Desire for medical training then sent him to Harvard and his M. D. degree, which came in 1903. Dr. Flint commenced to practice medicine in Salem, but shortly thereafter was called to the University of Florida, where the next 14 years were spent as professor of chemistry. Three summers during this period he served as physician with the Isthmian Canal Commission at Ancon Hospital, Panama; two summers as physician on the "Red D" Steamship Line running between New York and Venezuela, and one summer as acting assistant surgeon with the Marine Hospital Service at Cienfuegos, Cuba. In

LARGE GATHERING AT WASHINGTON DINNER

Director Haskell, Guest of Honor, Offers Toast to Old Aggie.

The largest alumni gathering ever held south of New York City took place in Washington, D. C., on Saturday evening, October 22, when 43 Aggie followers had dinner at the Ebbitt Hotel. It was the eighteenth annual meeting of the local M. A. C. Club, which was organized by Dr. E. W. Allen '85, back in 1904.

Singularly enough, 1904 was also the year in which S. B. Haskell, Director of the Experiment Station, who represented the College, was graduated. His long association with the College, as student and teacher, had given Prof. Haskell an acquaintance with the majority of the alumni present at the dinner.

In bringing the greetings of old Aggie, Prof. Haskell told of the situation in which the College finds itself at present with regard to supervision, courses of study, and college activities. He praised Draper Hall as one of the best college dining halls in the country, due directly to the present management. Shortage of rooming space, causing students to live 6 or 7 in rooms.

INFORMAL COMMITTEE PERSONNEL IS COMPLETE

Law, Mosley, Spring and Thompson are Seniors Elected.

Immediately following Prof. Garrett Drovers' address to the students Thursday, the three upper classes held a meeting for the purpose of electing members to the Informal Committee. C. R. Vinton is chairman, and C. H. Gowdy treasurer through senate appointments last spring. The rest of the committee as elected last Thursday is composed of four men from '22: Hervey Law of Longmeadow, Henry S. Moseley of Glastonbury, Conn., Hobart W. Spring of Braintree, and Geo. H. Thompson, Jr. of Lenox, and from 1923: Donald B. Alexander of Boston, James A. Beal of Abington and Richmond H. Sargent of Buxton, Me.

Plans and arrangements are already underway for the next informal which will take place on the Saturday after.

PROF. GARRETT DROPPERS ADDRESSES STUDENT BODY

Former United States Minister to Greece Receives Long Applause.

Professor Drovers of Williams College was the speaker in Assembly last Thursday. He was formerly president of the University of South Dakota, and during the war the representative in Greece.

His address was based on the words of his great teacher, William James, "Ideals have their dangerous side unless you are able to translate them into action." We must make our ideals function in action or they will lead to decay. It is a question whether we appeal too much to ideals today.

Professor Drovers spoke familiarly of the tendency of the students to get up at the last minute, rush through their breakfast, and run to chapel. He said, "Some people are made miserable because they cannot live up to their ideals of getting up in the morning. This leads to moral decay. Many college students have suffered from decay caused by little things."

He pictured a sentimental lady reading a sensational book. She had already ordered her carriage, but when the butler announced that the carriage was waiting she said, "Let the carriage wait, I want to read a little more." When she finally finished her book she went out to her carriage and found the coachman frozen to death. This episode well illustrates "If you can not translate your sentiments into action, they evaporate into cruelty."

"We think more of our ideals than of our translation," said the speaker. "It is not the educated people who can best translate their ideals. Many educated people walked past the sufferer, but the Good Samaritan, uneducated and without any theory, stopped and allayed his suffering."

In closing, the speaker again quoted William James. "There is no more contemptible human than the sentimentalist who spends his life in a sea of sentimentality and never does a good piece of work. Translation of ideals leads to a successful life; debating loses opportunities."

COLLEGIAN STANDING

COLLEGIAN competition has now been in progress for three weeks and the standing of the competitors to date is as follows:

1924.	Credits.
White,	4.
Kennedy,	3.8
Darling,	1.8
1925.	
Corwin,	3.8
Taube,	1.8
Batel,	1.

More competitors are wanted, especially men who are interested in the college curriculum and student life.

HARD FOUGHT GAME GOES TO VERMONT, 14-7

Aggie Shows Better Football. Lewandowski and Driscoll Star.

A blue atmosphere pervaded the Campus Saturday night, but underneath it all was the realization that Aggie has a team of power, which, though defeated 14 to 7 by Vermont, outplayed their opponents almost every minute of the game. It was the breaks in the game that went to the Green and Gold, and but for the bungle of a punt in the early part of the first quarter, Aggie would have undoubtedly come through a winner.

The feature of the game was a touchdown from the kick-off, one of those sensational plays seldom witnessed in such a tight game. After the first touchdown, which Vermont made by recovering a fumbled punt, Aggie again kicked off, and Driscoll, receiving the ball on his own five yard line, raced through the entire defense for his second touchdown of the game.

It was again "Lavvy" who shone for Aggie, kicking well, and carrying the ball time and again for long runs netting from 15 to 45 yards. He threw his passes well, and his participation in a play always threw a fear into the big Vermont team. The Aggie line held well on the defense, and time after time opened up holes for the backs when in possession of the ball. The Maroon and White was out-weighted almost to a man, and although playing against a team of vastly greater experience, they showed what a loyal college spirit will do for a team. Only for a few minutes in the first and third periods did Vermont show power, and that of only short duration. They resorted mainly to straight football, two of their passes which they did try being intercepted by Acheson, who played a fine game at end.

The Maroon and White pushed over their only touchdown at the first of the final period. "Lavvy" started on a beautiful run from his 30-yard line and was brought down only after he had covered 45 yards to Vermont's 25-yard line. "Jimmie" Beal, playing his first game of Varsity football, went through for 15 yards, and after another gain of 5 yards, went over for a touchdown.

Capt. Cotton started the game by kicking to Vermont on their 20-yard line. They fumbled but recovered and after failing to gain and also being penalized for off-side play, Greig kicked to "Huck" on the 25-yard line. After two plays, "Lavvy" punted back to Vermont's 25-yard line, where the Green and Gold started a march that carried the ball to the Aggie 34-yard line. Here the line held and M. A. C. took the ball on downs. A poor pass prevented "Lavvy" from making but 30 yards on his punt, and Vermont held

Mass Meetings.

When it is necessary for a cheer leader to stand before the student body and complain because interest in mass meetings is lacking, it is time something was done, some change in attitude wrought. A mass meeting has always been a recognized great factor in creating that bond of sympathy and support between students and athletic teams that is essential to best results. A player may not think at all of the cheering crowd as he plays but he has a valuable hunch when and where not he is being supported by his cohorts in the stands or on the campus between games.

What an inspiration it must be, what an incentive to give the best one has, to be sent away on an invasion as gloriously as the Center team last week! Results told in that case, too.

We have been thoughtlessly neglectful at M. A. C. When a mass meeting has been announced, we have said to ourselves, "O, well, there'll be a bunch there, anyway; guess I'll go to Hamp (Mt. Holyoke, movies, bullfest, etc.). Consequently, only a handful has been on hand, and the valuable time of faculty members and coaches has been practically wasted.

By so doing, we are at cross purposes with our watchword of Enthusiasm. We are saying with the actions that have ever spoken louder than words, "To thunder with the team." Let's get behind the cheerleader.

About the Collegian Competition.

Every year the COLLEGIAN holds a competition for new members on its editorial staff, and every year the entering class sends forth two or three men to struggle valiantly for the two or three positions open. When it comes around time for election, the paper is left with two paths to choose between, getting along with a smaller but efficient staff, or taking everybody on, good or bad, that has competed. There should be 10 or 12, at least, out for the editorial positions. The only reason we can see for

this annual lack of initiative, is ignorance of the value received for becoming a COLLEGIAN man. The COLLEGIAN does give something worth trying for.

There is at present no department of Journalism on the campus. When there was one here, a great many major advisers strongly recommended their students to take courses in Journalism, because forceful, abbreviated, journalistic diction is useful in almost any walk of life. One can never tell when it will be necessary to express himself on paper. The COLLEGIAN now offers practically the only chance, outside of a very few English courses, for men to become accustomed to this sort of clear thought expression.

Moreover, the COLLEGIAN puts one in touch with practically every activity on the campus. In gathering news, more than in any other way, we have found the true scope of the Experiment Station, and Extension Service, the work done by all the departments, and the whole truth about student life here.

While a COLLEGIAN board member does not go here and there on trips as often as first string athletes or Musical Club men, the Seniors are sent out to cover all the principal varsity contests.

Last of all, the COLLEGIAN offers a chance for many Freshmen who are not athletes, musicians, or orators to get into the "Every man in an activity" movement, which is booming as much by faculty as by students. It offers a worthwhile, not too time-consuming activity to entering men who have any natural ability at all in talking with people and writing the English language.

Why not help your college, your college paper, and yourself by signing up with the competition editor?

Holidays.

Once upon a time we all thought how fine it would be to have a holiday on Armistice Day before the New Hampshire game. But that's all over now.

The Special Assembly.

Doesn't it seem good to hear official recognition of our needs each year. It makes it look as though somebody would see a change—some day.

Too Good for the Dump.

One of Aggie's time-honored traditions, that of greeting fellow students with a cheery "Hi," is being neglected by the Freshmen. There is no custom on the campus more worthy of perpetuation than this. It denotes a democratic atmosphere and a spirit of good-fellowship present at all the best colleges. Aggie has made every attempt to put each student on an equal basis and this is one of the methods by which it can be done. The total registration of the college has increased perceptibly, yet this only makes the task more difficult, not hopeless.

When the Freshman arrived on the campus for the first time, he was greeted with a volley of "Hi's" which had as a purpose the desire to make him feel at home. He was surprised at being addressed by these seeming strangers and found it difficult to fathom his wide acquaintance in a strange place. The time has come now when he is expected to return each "Hi" of the upperclassmen in the same spirit with which it was addressed to him.

It is especially noticeable at the present time that many wearers of the pea-green seem to care little or nothing for this tradition. Instead of an answering "Hi" the upperclassmen gets a glum,

blank stare and no more. Why drop a valuable custom that places companionship on the Aggie campus above the rank and file in this respect? I. W. S.

JUNIOR SMOKER HELD IN MEMORIAL BUILDING

Class Characters Elected for Index Snapshots.

A Junior Smoker and class meeting was well attended last Friday evening in the Memorial Building, and proved to be of more than usual interest. The chief business of the evening was in connection with the 1922 Index. It was voted that this Index be dedicated to Dr. Torrey, of the Botany Department, whose relations with the class of 1922 have always been of the best.

Elections for class candidates for the Index were next in order. A list of 10 of these was made out, to fill certain general cases and also a few special cases warranted by this class. Four men were nominated for each "position" and in all but a few cases competition ran very close. The list follows:

Adonis, Carroll A. Towne, Amherst. Athlete, Willbur H. Marshman, Springfield.

Boleshevik, Ernest T. Putnam, Greenfield. Business man, Owen E. Folson, Rosindale.

Fusser, J. Stanley, Bennett, South Meriden, Conn. Grind, Richard D. Wendell, Belmont.

Idler, Holden Whitaker, Newton Highlands.

Rustic, Frederick A. Hollis, Charlton.

Optimist, Howard Baker, Marshfield.

Orator, Treseott T. Ahele, Quincy.

Parson, Reuel W. Eldredge, Winchester.

Pep, Conrad L. Wirth, Minneapolis, Minn.

Politician, John S. Hale, South Glastonbury, Conn.

Popular co-ed, Dorothy V. Turner, Amherst.

Pessimist, Donald F. MacCreedy, Elizabeth, N. J.

Smoker, Charles T. Picard, Plymouth.

Tevelschorean, Philip B. Dowden, Sandwich.

Unsophisticated, Thomas L. Snow, Greenfield.

Wit, Warren M. Bartlett, Rosindale.

ADAMS HOUSE HOLDS GAY AUTUMN FESTIVAL

Girl Students in Weird Costumes Indulge in Halloween Festivities.

Delta Phi Gamma held a novel Halloween party in the Adams House, last Friday evening, from 8 until 11. All the women students were guests, and they appeared in a great variety of unusual costumes. Among the many clever costumes might be mentioned two sets of "Gold Dust Twins." A prize was awarded for the best costume to Miss Booth of the two-year class, who dressed as an Indian woman. The prize was a large-sized lollypop. Games, dancing, and singing were enjoyed, and much merriment was created by weird stunts in the darkened basement, where a very realistic Satan held sway. Doughnuts and cider were served, and the ambitious were allowed to bob for apples, toast marshmallows and pop corn.

There are still available a few copies of the war history of the Massachusetts Agricultural College, which may be obtained upon application at the President's office.

AGGIE IN FIT SHAPE FOR COMING GAMES

New Men Have Shown up Well. Tufts Game to be Played in Amherst.

With the Vermont game Saturday the M. A. C. eleven passed beyond the half way mark on its schedule and now has but three games ahead. Only one of these, the final tilt with Tufts, is to be staged on Alumni Field.

The record thus far includes victories over Connecticut Aggie and W. P. I., a tie game with Bates, and defeats at the hands of Amherst and Vermont. Aggie has scored a total of 55 points as against 27 for her opponents. Those who witnessed the last game with Vermont are satisfied, however, that Aggie has a far stronger team than her record shows. Though defeated, the Maroon and White outplayed her opponents through most of the game and showed a powerful offensive in the last half which had the visitors baffled and will prove no little puzzle to New Hampshire and Tufts.

Couch Gore has developed a team largely of inexperienced men and the performances of most of these have been of the highest order. "Willie" Marshman at end and halfback, "Ken" Salmon, "Mase" Alger, "Don" Nowers, and "Red" Mudgett, linemen, are all playing their first season on the varsity, while "Pinky" Clark, the game little quarter, and Roger Acheson, end, have been promoted from subs on last year's team. "Jimmie" Heal played his first varsity contest Saturday and made several substantial gains through the heavy Vermonters. In the line Capt. Cotton and "Bob" Mohr made a formidable pair of tackles, and "Stan" Freeman has been a tower of strength at center. The playing of Grayson at right end has been a feature of all the Aggie games. "Dame" has yet to miss a goal from touchdown. In the backfield the work of Lewandowski has been outstanding. "Lavvy" has outpunted all his opponents, scored two field goals, and has been a consistent ground gainer.

HOLYOKE MAN TO BE MANAGER OF BASEBALL

P. G. Bartlett Elected Assistant Manager, in Student Assembly.

Perry G. Bartlett of Holyoke was elected assistant manager of the 1922 baseball team by the vote of the student body, the election taking place Thursday afternoon at Assembly. Bartlett has been active in athletics since his arrival on the campus. This year he is out for football, being quarterback on team C. Last year he was a back on the Freshman football team and also played on the class basketball team. He is a member of the Lambda Chi Alpha Fraternity.

"The easiest thing to do," Dean Lewis said, "is to be a bad loser. Our men have shown that they can fight and lose in a many way. The team showed the stuff that makes it a successful team. We are proud of them."

ROOSEVELT'S CHARACTER BY PROF. WM. L. MACHMER

Last Friday morning Acting Dean Machmer, in a short talk to the student body, expounded, the memory of Theodore Roosevelt.

"We admire the man of strength, be he statesman, philosopher, or poet. But what distinguishes Theodore Roosevelt besides being a man of action? He was a student of affairs. He was a lover of men and a lover of nature. Above all he was a good father, always devoted to his home."

In closing Prof. Machmer remarked, "We love to remember the life of this man. He is a stimulant and a help to us. He embodies those characteristics which we admire."

CATHOLIC CLUB ELECTS OFFICERS

A business meeting of the M. A. C. Catholic Club was held in the auditorium of the Memorial Building on Wednesday, Oct. 19. The following officers were elected: Martin '22, president; Harrington '23, vice-president; Regan '24, secretary-treasurer; Duffy '25, sergeant-at-arms. An executive committee consisting of McGinn '22, Broderick '23, Kane '23, Cahill '25, and Marshall of the Short Course, was also elected. A Smoker is to be held in the auditorium of the Memorial Building at the next meeting on Wednesday, Nov. 9, at 8 o'clock and everyone is urged to be present. A good time will be in order for all, so "let's go."

CAMPUS NOTES

The following committee was elected for the Senior smoker: Holman, Walker, and Lowery.

Miss Mary Foley of Worcester has transferred recently to M. A. C., from Tufts, entering the class of 1924.

There will be a dance in the Memorial Building, Friday, Nov. 4th at 8 o'clock. The receipts will go to the M. A. C. Polo Club.

Prof. C. H. Michels from the North Dakota Agricultural College is handling resident teaching work and crops in the department of Agronomy.

The Department of Agronomy has been concluding some interesting demonstrations on the college farm regarding the rate of planting silage corn, crop rotations and potato culture, and the results will be published soon.

Dean Lewis has nothing but praise for Aggie's football men last Monday in chapel. He said that altho the team lost last Saturday the score does not do justice to the men playing. It was a victory for the team, another example of their manliness.

Y. W. C. A.

Miss Alice Hoyt, field student secretary of the National Board of the Y. W. C. A., spent Sunday, Monday and Tuesday as the guest of the women students. Sunday evening Miss Hoyt addressed a meeting of all the Association members, in the Abigail Adams Dormitory. Each day of her visit she conducted an intensely interesting discussion group in which a large number of girls took part.

W. B. DRURY

TWO-YEAR ELEVEN LOSES TO C. A. C. SECONDS 14-7.

In a close game last Saturday at Storrs with the Connecticut Aggie second team, the M. A. C. Two-year eleven was defeated by the score of 14-7. The game was started early, as a doubleheader was scheduled, the Connecticut Varsity playing Worcester P. I. An excusable fumble by Bangs resulted in a touchdown for the home team, and in the second quarter a floor pass from center on a kick formation resulted in Gallagher being thrown back for a loss inside the 30-yard line, from which place Connecticut took the ball over by repeated linebacks. The ball was continually in Connecticut territory in the second half, but the two-year forwards didn't have the punch and vim to put it over. The game follows:

Connecticut kicked off, and Bangs received the kick. The two-years made two first downs and were held. Gallagher kicked a beautiful punt to his opponents' 20-yard line, and a minute

later, the home aggregation was forced to kick. The punt was a short, low one to the 30-yard line, the visitors gaining about 30 yards in the exchange. From here the ball was pushed forward consistently, and finally Trull, carrying the pigskin, went over the last white line. Gerremonty kicked the goal. Connecticut again kicked off, and again the two-years started the ball going, when Trull, on attempting to throw a forward, slipped and fell backward, the ball going up like a balloon. A Connecticut tackle recovered it and with practically no resistance, went over for a touchdown. The goal was kicked, thus tying the score. The quarter ended soon afterward.

The second period was spent mostly in an exchange of punts, but toward the end of the period, when Gallagher on fourth down dropped back for a kick, a poor pass from center resulted in the kicker being tackled with the ball for a loss inside the visitor's 25-yard line. Connecticut then took the ball over on line backs.

In the second period no scoring was done, but the home goal was constantly menaced by the visitors. Once Bangs, receiving a punt, ran through all his opponents and placed the pigskin behind the goal, only to be called back by the officials for having stepped about an inch outside of the lines during the run. Three-fourths of the time the visitors were within scoring distance, but a noticeable lack of drive prevented further scoring. The Two-year lineup is as follows:

Substitutions: Onhouse for Baker, Adair for Henry, Adams for Straut.

'17.—W. I. Mayo, who has been connected with the Federal Board for Vocational Education as regional supervisor at the Philadelphia office, has taken charge of the Animal Husbandry Department at the Smith Agricultural School in Northampton.

Why Is Iron Magnetic?

A horse-shoe magnet attracts a steel needle. But why? We don't know exactly. We do know that electricity and magnetism are related.

In dynamos and motors we apply electro-magnetic effects. All our power-stations, lighting systems, electric traction and motor drives, even the ignition systems of our automobiles, depend upon these magnetic effects which we use and do not understand.

Perhaps if we understood them we could utilize them much more efficiently. Perhaps we could discover combinations of metals more magnetic than iron.

The Research Laboratories of the General Electric Company investigate magnetism by trying to find out more about electrons and their arrangement in atoms.

X-rays have shown that each iron atom consists of electrons grouped around a central nucleus—like planets around an infinitesimal sun. X-rays enable us to some extent to see into the atom and may at last reveal to us what makes for magnetism.

This is research in pure science, and nothing else. Only thus can real progress be made.

Studies of this kind are constantly resulting in minor improvements. But some day a discovery may be made which will enable a metallurgist to work out the formula for a magnetic alloy which has not yet been cast, but which will surely have the properties required. Such a result would be an achievement with tremendous possibilities. It would improve all electric generators, motors, and magnetic devices.

In the meantime the continual improvement in electrical machinery proceeds, in lesser steps. These summed up, constitute the phenomenal progress experienced in the electrical art during the past twenty-five years.

AMHERST MASQUERS GIVE TWO DELIGHTFUL ACTS

The Amherst Masquers of Amherst College gave two one-act plays at College Hall on Monday evening from 8-30 to 10-00. The plays, "The Rising of the Moon" and a French translation, executed in a pleasing style with quite a display of talent, were appreciated by the audience. Students from Amherst, M. A. C., Smith, and Mt. Holyoke, and townspeople made up the attendance which filled three-quarters of the hall.

ALUMNI NOTES

'05.—The class of 1905 was represented at the Amherst-Aggie football game by nine of its members and of these four were old football players and played on the winning team of 1901 which beat Amherst by a score of 5-0.

L. F. Drury '13 and L. A. Webster '14 are in the fruit growing business together in Blackstone.

'15.—Seth Bannister was married to Miss Elizabeth T. Montgomery, on Oct. 14, at West Somerville.

'16.—E. R. Selkregg announces the birth of a daughter, Susan, on Oct. 24, at Macon, Ga. This is his third child and he is anxious to know if any 1916 man has more.

A son, Richard Thomas, was born to Mr. and Mrs. Richard W. Smith, '17, at Cambridge, N. Y., on Oct. 14, 1921.

'17.—A. S. Coleman and Miss Emily Hamlin announce their engagement.

'17.—F. C. Webster has a son, Dobson Lindley, born Sept. 25.

'17.—H. Rorsum is teaching horticulture at the Smith Agricultural School.

'18.—C. Raymond is successful as a farmer in Beverly.

'21.—F. Howard has started a horticultural manufacturing business in Mansfield.

H. G. Wendler, unclassified, who was here last year, has continued at the West Roxbury High School, where he was an apprentice last spring. He has been granted a year's absence from college.

JUST BITS.

The M. I. T. Glee Club also makes a Christmas trip, and stopovers at present are planned for Rochester, Akron, Detroit, and Chicago.

The registration at M. I. T. this year is 3535, 99 more than last year besides graduate students. The Seniors have 1000, Juniors 600, Sophomors and Freshmen each 700. The course in electrical engineering is the most popular there. Technology claims to be the most cosmopolitan college in the country with 267 foreign students from 37 nations. China 58, Canada 41, Norway 30. The number of women students dropped from 49 to 38.

"Here lies the body of Edward Jay, He died maintaining the right of way. He was right, sure right, and he sped along, But he's just as dead as if he were wrong."

There is only one ten yard penalty in football and that is for intentional grounding of a forward pass by the passer, who sees there is nobody to receive it. To do this is a sign of bad sport and would spoil the whole idea of the game. The fact that this is the only ten yard penalty is explained by saying that it is meant to attract attention and unfavorable criticism by its singularity.

Advertisement of the Eagle Printing and Binding Company in the Williams Record, "64 or 13-which? It takes 64 muscles of the face to make a frown and only 1 to make a smile. Why work overtime?"

Mr. A. L. Gray is a graduate assistant in the Department of Agronomy from Purdue University.

SOUTHWICK BROTHERS & GAULT

WASHINGTON DINNER

Continued from page 1

where only 2 or 3 should sleep, emphasized the need for more dormitories. Prof. Haskell deplored the inadequate faculty salaries which were drawing able men to other institutions. Referring to college traditions, he stated that although serious dissipation such as smoking and apple stealing continued to be in evidence, the essence of the old college spirit was still there.

In closing, Prof. Haskell offered the following toast in which alumni and alumnae everywhere will gladly join: "To old Aggie—molder of minds and maker of men—in the future as in the past, a fountain spring of eternal youth."

Prof. Hurd, who described himself as of the class "1900-1919", said that in the course of extensive travelling over the country he has seen nothing of which college graduates should be as proud as M. A. C. men should be of the new Alumni building. Major A. C. Monahan '00, C. A. Bowman '81, G. A. Billings '05, H. T. Edwards '06, G. M. Campbell '20, also spoke briefly. Mr. Edwards, who spends the majority of his time travelling in the tropics for the Department of Agriculture, told of meeting M. A. C. men in widely scattered parts of the world.

During the course of the evening the following officers were elected to serve for the ensuing year: President, Dr. E. K. Flint '87; 1st vice-president, Dr. E. A. Back '04; 2nd vice-president, G. M. Campbell '20; secretary-treasurer, H. J. Clay '14; choragus, W. I. Goodwin '18. Ten new active members were taken into the club.

Those present included: C. A. Bowman '81, and Mrs. Bowman; Dr. E. W. Allen '85, and Mrs. Allen; Dr. E. R. Flint '87; G. R. Billings '05; H. T. Edwards '06; Dr. W. A. Hooker '00, and Mrs. Hooker; Maj. A. C. Monahan '00, and Mrs. Monahan; Prof. Hurd and Mrs. Hurd; Mr. W. H. Beal; H. L. Knight '02, and Mrs. Knight; S. B. Haskell '04; Dr. E. A. Back '04; J. A. Hyslop '08, and Miss Hyslop; J. W. Wellington '08; Carleton Bates '08; H. J. Mendum '10; Dr. S. C. Brooks, and Mrs. Brooks; J. G. Folsom '10; Dr. J. F. Martin '12, and Mrs. Martin; Dr. D. A. Coleman '14; H. J. Clay '14; F. W. HUSKING BEE AND DANCE BY DIV. OF AGRI.

Chairman Foord and Committee Arranged very Successful Halloween Party.

The Division of Agriculture gave a party to the rest of the staff of the college and their wives last Saturday evening in the Drill Hall. About 175 people attended the third annual husking bee of the division and enjoyed the

halloween contests, stunts and refreshments. Dancing concluded the entertainment of the evening, with music furnished by Moseley's Orchestra. The committee in charge of the arrangements was headed by Chairman Foord, and included Messrs. Gunness, Beaumont, Salisbury, Jenkins and Montague.

M. O. Lauphear '18, is here as an instructor in the Agronomy Department. He is teaching soil and crops. Since his graduation he has been connected with a fertilizer concern.

INFORMAL COMMITTEE

Continued from page 1

noon of the Tufts game. This informal which it is hoped, will eclipse all past informals, will be carried out in cabaret style. Dinner will not be served at Draper Hall, but a caterer will have charge at the Memorial Hall. The chaperons will be announced later.

Carlton M. Stearns is in charge of the greenhouse plant at Dixy's farm, Melrose, Mass., and lives at 208 Grove street.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

CABARET INFORMAL AFTER AGGIE-TUFTS GAME

One Hundred Couples are Expected at Aggie's Biggest Informal Dance—Two Orchestras.

The Informal Committee met last Thursday in the Memorial Building and made the plans for a cabaret-informal dance that is expected to surpass any previous college dance in informality, originality and capacity for a good time. The committee has been divided into the following sub-committees to function for each informal: Refreshments, Vintner, decorations, the three Juniors, orchestra, Moseley; publicity, Spring; tickets, Gowdy; chaperons, Law; Freshman, Thompson.

The dance is to be run as follows: dancing will commence immediately after the conclusion of the Tufts game and will continue until the usual time, when the college girls leave for Northampton and South Hadley. There will be an orchestra on each floor. Tables, for two couples each, will be placed around each hall and in the loggia; 28 on each floor. A caterer will serve during the evening from about 5-30 or 6-00 on. The dance to continue between courses. Punch will be served at all times.

Tickets will cost \$3.75 until after Wednesday, when the price will go up to \$4.00. Each member of the committee has tickets to sell. Next week C. H. Gowdy at the Aggie Inn will give dance programs to each ticket holder upon presentation of the same, and at that time will take the names of the girls and chaperons; and also any remarks.

Continued on page 7

ALUMNI!

We expect many of you at the Tufts game. Do you want the time of your life after the game?

Does the statement, Cabaret Informal, appeal to you?

If it does, and we hope it will, plan to stay after the game for four or five hours and dance with us the students, and other alumni, in a new feature of Aggie dances, the CABARET INFORMAL. The Memorial Building will hold every one of you.

Price \$3.75 (\$4.00 after Nov. 16) Two Orchestras.
Caterer's Service—Four people at a table.

Tickets from Gowdy, address "The Aggie Inn"; or from Law, Moseley, Spring, Thompson, Vintner, Alexander, Beal, and Sargent.
NOVEMBER 19.

NEW HAMPSHIRE GAME WILL BE A BATTLE

Granite Staters to Dedicate their New Memorial Field in Game with M. A. C.

Aggie will meet their stiffest opposition of the year when the team plays New Hampshire State College Saturday at Durham. The team from the Granite State has had an enviable record so far this season and the only game lost has been to Dartmouth.

New Hampshire's season opened Oct. 1, when they defeated the Army 10-7 at West Point. The next week they were handed their single defeat by Dartmouth at Hanover, Coach Cannell's men winning 24-0. On Oct. 15 Lowell Tech was swamped 41-7, and the following Saturday Vermont was beaten 21-7 at Burlington. Two weeks ago Bates was defeated 14-0 at Lewiston, and Saturday Colby was overwhelmed 24-7. Of the games appearing on the New Hampshire schedule, Aggie has played only Bates and Vermont, tying the former 0-0, and losing to Vermont 14-7. New Hampshire has a wealth of experienced players from last year's team, including Capt. Connor, L. S. Bell, Gadois, Christensen, Neville, Cotton, Farmer, Perry, Broderick, Gustavson and Runazza.

Capt. Connor, the best man on the team, and weighing easily 180, has been a hard man to stop, and has been the big factor in every win. He plays fullback and can run, kick, and pass with the best of college backs. The New Hampshire team is heavy throughout, and will easily outweigh the light Maroon and White team of Aggie.

Saturday's game will mark the dedication of the fine new Memorial Field which is being built in honor of the New Hampshire men who gave up their lives in the war. The field has been built under the direction of Dennis Enwright.

Continued on page 7

HOCKEY CANDIDATES TO BE CALLED OUT SOON

Captain Collins, Lyons, Gordon and Haskins Form a Nucleus For Coach Mansell.

Hockey prospects for the coming season are beginning to look good despite the loss of five varsity men by graduation last year. Candidates will be called for in about two weeks for the first practice to be held in the Drill Hall. A squad of at least 25 men is expected out from the first. Among those who can be depended on as first hand material are Captain Collins, Lyons, Gordon, Haskins, Cotton, Goldsmith, Lamb, Tewhill, Nicoll and others, including several football men.

With the rink put into condition, and ready to be flooded at the first opportunity, the squad should have a good chance for any early start. One of the

"PHILOSOPHY OF LIFE" FROM REV. J. E. WARD

Oxford Graduate Gives Two Interesting Talks in Chapels.

At the Friday and Monday morning Chapels the college body had a talk from Rev. J. E. Ward on "A Working Philosophy of Life." Mr. Ward, who saw five years' service with the British and Canadian armies, after graduating from Oxford, based his discussion on needs found among students elsewhere, and in army life.

Starting with the modern physicists, in omnipresent and exhaustless energy, and the biological conception of a vital force, he led the thought onto that of an Infinite Spirit, pervading the universe, just as the spirit of man pervades his body, and acts, consciously or unconsciously, in every atom of it—the spirit "in whom we live and move and have our being."

Looking on every hand there is to be seen a marvelously interrelated system of intricate forces, answering in a most wonderful way to law. Evolution is even more wonderful than summary creation. Moreover, there is a more constant progress to higher life. The student must decide whether this wonderful universe, including man, came by chance or shows evidence of an eternal mind; whether there is purpose evident, and thought, and reason. He must decide whether the meaning of the vast progress to higher life is to be sought and found in the slime of some muddy ditch water or in its culmination in personality.

Granted an infinite activity of mind, Continued on page 8

FROST, WILLIAMS, VINTEN AND COTTON, QUARTET

Four Men of High Class Ability Chosen to Comprise the Quartet this Year.

The Glee Club Quartet tryouts were held about two weeks ago and the quartet has just been chosen. It comprises the following men: "Buddy" Frost '24, first tenor; "Jim" Williams '24, second tenor; "Ray" Vinten '22, first bass; and George Cotton '22, second bass. Two men out of the four are on the club for the first year. They are "Buddy" Frost and "Jim" Williams. It is a rare thing that men on the Glee Club for the first time ever make the quartet, because there is so much other good material in the club. Frost is a musician by nature; Williams is an athlete, and a Roister Dolister man; Vinten is leader of the Glee Club, and is on other non athletic boards, and a member of the Senate; Cotton is the captain of the varsity football team.

Alpha Sigma Phi announces the initiation of Dr. Joel E. Goldthwaite '85, following the alumni meeting Oct. 22.

NINETY-FIVE YARD RUN DEFEATS M. A. C.

Maroon and White Outplays Lighter Opponents but Costly Fumbles Lose Game 7 to 2.

For the second time in two years the little state of Rhode Island has proved itself entirely without regard for the feelings of her pompous Massachusetts neighbor, and Kid Gore's men lost their third straight game by a 7-2 count, in a game which was intensely interesting because it was so hard fought and because Mr. Johnson, feeling the need of a little sprint, took an Aggie fumble from out the pile and raced for 95 yards while the entire Rhode Island section rose and cheered him to the echo.

That costly fumble is the story of the scoring. Otherwise there is no one but who agrees that M. A. C. should have won by at least a 9-0 score. As in the two games preceding, the big "break" went to our opponents. Gilkey scored the other point for his team while a safety in the last quarter gave Aggie her two lone points.

The day was clear but a high wind and predominance of dust made the playing hard for the men and disagreeable to watch from the sidelines. The unusual cold probably accounted for several of the costly fumbles which the Maroon and White made.

John Lewandowski as usual gained a great deal for Aggie, both from his rushing and his long spiral punts. "Dame" Grayson played one of the best games of his season and several times was successful in making first down. "Jimmie" Beal gained well in an open field while Clark's judgement was good. In the line Freeman and "Bob" Mohr played a good game and Acheson's defensive work was fine. Marabman, who alternated at end and halfback got along well at end but could not make much headway in the backfield against the plucky Rhode Island line. M. A. C. made over twice as many first downs as her opponents and gained over twice as many yards in rushing, while "Lavvy" easily was the peer of Johnson at the kicking game.

The play in detail:
FIRST PERIOD. Acheson received Gilkey's kickoff and ran back a few yards before the Rhode Island forwards

OUR OPPONENTS SCORES LAST SATURDAY

Boston Univ.	8
TUFTS	7
NEW HAMPSHIRE STATE	24
Colby	7

reached him. Grayson gained three yards through center and "Lavy" kicked offside on Rhode Island's 25-yard line. Chandler made five yards and Johnson was thrown for a loss. He kicked to "Lavy." "Jimmie" Beal and "Lavy" made about three yards between them and then Grayson went around end for 10 yards and first down. On the third rush Beal went through for 12 yards, and soon after Grayson made it first down again. Beal made two yards and "Lavy" five through tackle. With the ball within scoring distance the team fought hard. They reached the three yard line, but a costly fumble gave the home team the ball. After a touchback the ball was put in play on the 20-yard line and soon Johnson went through the Aggie team for 25 yards and on the next play added another yard. Gilkey then took the ball four times but made no great gain. Johnson kicked to "Lavy" on the 12-yard line. "Lavy" soon kicked for 50 yards and Johnson's return kick went offside at midfield. After several gains of but one yard "Lavy" kicked to Johnson who was downed in his tracks. A penalty for cutting down worked in Aggie's favor and the ball was in M. A. C.'s possession at quarter time.

SECOND PERIOD. Grayson made 7 yards around right end. With the ball in the shadow of the Rhode Island goalposts Johnson, not to be outdone by Davidson and Discoll, captured an Aggie fumble and sprinted 95 yards to a touchdown. Ecstasy reigned supreme in the Rhode Island cheering section while Gilkey took his time and added the goal point. "Lavy" and "Willie" each gained a yard and then Beal showed his heels in two beautiful runs of 10 and five yards. "Lavy" soon kicked to Johnson and Johnson and Gilkey in alternate rushes gained some 15 yards. After an incomplete forward pass Totman tried a drop-kick which missed by inches only. "Lavy" made six yards. Sargent went in at quarter. Beal was thrown for a loss and "Lavy" kicked. The half ended soon after "Lavy" and "Dame" had made five yards between them.

THIRD PERIOD. Cotton kicked off to LaBree who ran back 23 yards before he was brought back to earth. Johnson kicked to Clark who ran back 10 yards. Marshman made two small gains and LaBree got Beal's fumble. Several losses and fumbles followed and a drop-kick failed. "Lavy" then made one of his sensational end runs for 15 yards.

He and Beal made several short gains. "Lavy" fumbled and recovered. He soon kicked offside near the 10 yard line. Johnson kicked to Clark. After a short gain a fumble lost 15 yards but a penalty of 15 yards made up the loss. Beal, "Willie" and Ed. Tunney made short gains and "Lavy" kicked. Johnson immediately returned the punt and Grayson and "Lavy" went through for 19 yards. The same combination made eight more and Beal and "Lavy" added nine yards to this. For the second time in two minutes Grayson made first down. Four downs netted but nine yards and the ball went to Rhode Island. Johnson kicked to Clark and the quarter ended with the ball in Rhode Island's possession owing to a fumble which LaBree pounced upon.

FOURTH PERIOD. "Lavy" kicked soon after the opening of the last quarter and a fumble was gathered in by Capt. Cotton. "Lavy," "Dame," and "Jimmie" made 19 yards and the ball was lost on downs, just three yards from the coveted goal line. Aggie's

last big chance had come and gone. Johnson kicked from behind his goal and the ball hit the east goal post. A safety resulted accounting for the two points made by M. A. C. Lewandowski and Gilkey made several short gains and finally the latter intercepted a forward pass from Beal. Bent went in at halfback. Bent and "Lavy" made two gains netting seven yards. "Lavy" made first down. Bent was thrown for no gain. An attempt at a forward pass failed, "Lavy" only gained a yard and the ball was in Rhode Island's possession when the whistle blew.

The lineup:
M. A. C.
Grayson, re
Cotton, (Capt.) rt
Salmon, lg
Freeman, c
Mudgett, lg
Mohr, lt
Acheson, le
Clark, qb
Beal, lb
Marshman, rlb
Lewandowski, fb
Rhode Island 7, M. A. C. 2.
Touchdown—Johnson. Goal from touchdown—Gilkey. Safety—M. A. C. Referee—Kelly. Umpire—Barley. Substitutions—Lt. L. Smith for Flynn, LaBree for Connor, Totman for Kirby, Chase for Chandler, Gardner for Chase, M. A. C.—Nowers for Salmon, Sargent for Clark, Tunney for Marshman, Bent for Tunney.

SIDELIGHTS ON THE GAME

It was difficult to distinguish the players of the different teams for the Rhode Island men wore the same color jerseys as were worn by M. A. C.

The Rhode Island snake dance after the game was an animated exhibition of the state of exuberance which they felt. It was quite some dance.

President Edwards of Rhode Island State college remarked upon the general spirit of the two teams and the hard fought quality of the game. He was pleased by both qualities as shown on the field.

The offensive work of Grayson and Lewandowski still excites the admiration of our opponents where we go. The two heavy backs surely can "hit the line," while the work of Beal in an open field is also worthy of note.

It should be noticed, especially by those who are likely to crab the coaching system, that the long runs which have featured the opponent's play and have upset Aggie's chances of a win in the last three games were the result of an intercepted forward pass and twice of fumbles.

The plucky Rhode Island quarterback, who weighs less than our own pilot, has been unfortunate in his two games with M. A. C. Last year he was spiked and this year the results of his injuries are feared to be of a more serious nature.

BAND

If there is to be a band, MEN MUST BE HAD!!! Aggie wants to have a band at the Tufts game!!! Therefore come to rehearsals!!! Anybody who can play a instrument come around. We cannot do much as it is now, because we haven't the men. Everybody who can play an instrument come to the Social Union Rooms at 4-30, Friday!!!!

FACULTY AND SENIORS READY FOR THE BIG CLASH

Betting Seems to be About Even.

While the Senior team is rapidly being rounded into as trim, hard-hitting and aggressive an eleven as ever manched victoriously from the football field, the coach of the faculty team, (— ? —), is being confronted with a stupendous problem. With a wealth of material among the faculty, every one of whom are aching to get a crack at the chesty Seniors, he is wondering which ones to choose for his all-star team. If he does not choose some he is afraid their feelings will be hurt, while he knows that if he does choose them they are sure to be hurt.

Although the betting is even on the two teams, 0 to 0, the undergraduates seem to be the favorites for the coming contest. Many of Chubby Long's variety mince-meats have turned on their instructor and have signified their intentions to go and get. Al Smith has been wearing over size pads lately and promises to have all the dimensions of a big man at Thursday's game. Field will most likely wear Lavy's square toed boot—for good luck. On the opposing team, Em Grayson, with his favorite slogan, "Chase me kid," is likely to keep the Seniors hot on his trail.

Collins has been coaching the Senior team, while Hooper has been elected manager, and, as there is no telling a coach how to play football, each man is coaching himself.

The probable lineup will be:

SENIORS	FACULTY
Holman, re	le, Ball
Andrews, rt	lt, Carter
Talmadge, lg	lg, Novitski or Lentz
Packer, c	c, Long
Conant, lg	rg, Dowd
Leland, lt	rt, Shufelt
Smith, le	re, Maginnis
Field, qb	qb, Rice
Krasker or Thompson, rh	rh, Mansell
Lyons, lb	rh, Grayson
Chapin, fb	fb, Holmes

Subs for faculty—Mack, French.

A CHICKEN FOR EVERY TOUCHDOWN

"The average person's idea of 'nothing at all' seems to be a dressed market poultry show" are the exact words of the Poultry Department. Therefore, to dispel this popular illusion, the Poultry Department is planning to run, under the auspices of the Senior poultry class, a market poultry and egg show in Stockbridge Hall, Nov. 18 and 19.

To make this the most popular poultry show ever held at M. A. C. there will be several roasters awarded as prizes in a contest of guessing the weights of various fowls.

Then, also, the Poultry Department is planning to present a chicken for every touchdown scored by M. A. C. in the Tufts game, to the man making it. Provided any birds are left after these prizes are awarded, Thanksgiving chickens, ducks, geese, and turkeys will be sold to the highest bidders.

Each flea believes that he lives on the most wonderful dog in the world. That's patriotism.

HANDICAP MEET CLOSES FALL TRACK SEASON

New Men Show up Well

The Fall track season came to a successful close on Saturday afternoon last, with the Handicap Meet held on Alumni Field. The management feels well satisfied with the results which different events brought forth.

TRACK	1st	2nd	3rd

FRESHMAN FOOTBALL LEADERS ARE ELECTED

Game With Sophomores is Expected To Be a Hard One.

Donald (Red) Sullivan of Amherst was unanimously elected captain of the Freshman Football team at a meeting held in the Drill Hall last Thursday afternoon following their regular practice. Only those men who are eligible for the Fresh eleven voted. Lewis H. Keith of Bridgewater was chosen manager by an overwhelming majority.

Both men are popular among their classmates and each has distinguished himself for efficient work accomplished thus far. "Red" Sullivan has proved himself an able general on the gridiron, and with another season's training he ought to be a valuable man for "Kid" Gore. His judgement in his choice of plays as quarterback have been at all times effective and opportune.

At a recent meeting held by the Freshman class in Clark Hall, Messrs. Sullivan and Keith were elected as a committee of two to make complete arrangements for the annual Sophomore-Freshman football game. Great interest is already being manifested by the members of both classes. The Freshmen are leaving no stone unturned in order to insure victory. The Freshmen have not forgotten the defeat in the rope pull contest and they are out for sweet revenge.

C. W. STELKE ELECTED ASST. TRACK MANAGER

To Automatically Become Manager of the 1923 Varsity.

Charles W. Steele of Marblehead was elected assistant manager of the 1922 track team. Under the new ruling he becomes manager in his junior year. Steele was class treasurer for two terms last year and manager of the class tennis team. He is also class cheer leader. He placed in the Interclass track meet last spring, winning third place in the half mile. He is a member of the Lambda Chi Alpha Fraternity.

ECONOMICS CLUB MEETINGS

The faculty of the Agricultural Economics Department entertained the "Aggie Ec." major men at a social last Wednesday evening in the Memorial Building.

In addition to the social time and the consumption of cider and doughnuts, a business meeting was held and the following officers elected to take charge of the "Aggie Ec." Club for the coming term: President, J. Dwyer '22; Vice-President, Folsom '23; Secretary and Treasurer, Miss F. Martin '23.

It was decided to hold meetings twice a week for the coming year, and a series of talks were planned which are to be given on subjects of economic interest, by well-known economists.

WILLISTON FINALLY DEFEATED BY FRESHMEN

McGeouch Scores Twice From Brilliant Open Field Runs.

The Freshman eleven capped a most fitting climax to their football season. The unexpected happened when the heavy Williston Academy team was smothered by the Aggie yearlings 20-0. This is the second time that an Aggie Freshman team has defeated Williston, the first defeat being in 1915. The powerful Williston offense could do very little through the strong Aggie line, while the Freshman backfield was a puzzle to their defense. Without a doubt the yearlings outdid themselves and exhibited the finest brand of ball that ever a Freshman team had.

Mouridian and Marx were an inspiration on the line, while Taylor and Cleaves covered the wing positions in excellent fashion. Little Holbrook who replaced Sullivan at quarter in the first period played a heady game, and Cassano at center was conspicuous by his fine tackling. McGeouch, who crossed the goal twice, did some spectacular open field running, and was responsible for many Aggie gains.

The line-up:

FRESHMEN:
Taylor, lg
Shumway, lt
Marx, lg
Cassano, c
Gleason, rg
Mouridian, rt
Cleaves, re
Sullivan, Capt. qb
McGeouch, lb
Eldredge, rlb
Taylor, lb
WILLISTON:
re, Strong
rt, Galbraith
rg, Mayher
c, Telfayan
lg, Starrett
lt, H. Telfayan
le, Pike
qb, Mills
rb, Pautney
lb, Timmons
fb, Vining
Score—M. A. C. Freshmen 20, Williston 0. Touchdowns—McGeouch 2, Eldredge. Goals from touchdown—McGeouch 2. Goals missed—McGeouch. Time—four 15-minute periods.

WORLD FELLOWSHIP MEETING

The second of a series of World Fellowship meetings will be held Wednesday at 7:00 p. m. in the Memorial Building. The discussion will be on "America's Popularity in the Far East." Mr. David Owen of the Student Volunteer Movement is to be on the campus from Tuesday night to Wednesday night. He is a graduate of the Denison University in Ohio, and has acted as the Christian Association secretary in the institution so he consequently knows the student's problems. He will be available for interviews with the students up to Wednesday night.

CAMPUS NOTES

Alpha Sigma Phi announces the pledging of Leon Ashley Hegon '24 of Walpole.
Sigma Phi Epsilon announces the pledging of Harold K. Atkins '24 of Weehawken, N. J.

The Sophomore smoker, scheduled for this Wednesday, has been postponed until next Wednesday, Nov. 10.

The annual Six-man rope pull which was to have taken place between the halves of the Vermont game was postponed at the request of the Freshmen until the Tuft's game. Up to a recent date the Freshmen had done nothing toward obtaining the rope for the contest, and the excuse offered the Sophomores by the yearlings was to the effect that they were ignorant of the conditions governing the pull.

POMOLOGY TEAM AGAIN UPHOLDS AGGIES' "REP"

Wood and Warren Star

The college was indeed well represented by the two teams which it sent to the New England Fruit Show this year at Concord, N. H., Nov. 7. These teams captured first place in both the judging and the packing contests held at the fair, while first prizes in the individual judging and packing also went to Aggie men, Wood '22, and Warren '22, being the honored ones respectively.

The personnel of the teams is as follows: Judging, Peck, Warren and Wood '22; Packing, Peck, Warren and Barnard '22.

For the packing teams, M. A. C. placed first, New Hampshire second and Connecticut third. The order of the judging teams was; M. A. C., Maine, Connecticut, New Hampshire and Rhode Island. Wood was high man in the individual judging, with Warren fourth and Peck fifth.

Although the teams came through this year as usual, they did not bring home the cup. A new system is now in vogue, whereby a much better cup is awarded, but only to the team which has won three years in succession. Judging from the excellent performances of this and previous teams, Aggie should very soon possess this cup.

1922 INDEX

There are a number of copies of the 1922 Index still on hand at the Q. T. V. House. There is opportunity now for anyone who wishes extra copies to get them at the regular price of three dollars from Spring, business manager.

The management feels that the high schools of the state would be interested in the Index. Because of this feeling the business manager is asking one man from each high school to take charge of raising \$3.25, upon receipt of which, an Index will be sent to the High school. Any volunteers for this work will be gratefully appreciated by the board.

BACK TO NATURE WITH THE LANDSCAPE ARTISTS

The Landscape Club will hold a dog-ronast at the Mt. Toby sugar camp Wednesday afternoon.

Profs. Waugh, Harrison, and Machmer and about 20 landscape men will leave Amherst on the 4-30 car and will return about 7.

The primary object of the trip is to study the relation of trees and shrubs to their natural surroundings.

Profs. Waugh and Machmer will give short talks.

M. A. C. IN FRANKLIN COUNTY

At a sectional meeting of vocational teachers at Greenfield, Oct. 31, the fact was discovered that all the teachers of agriculture in Franklin County are M. A. C. graduates. The following were present:

R. A. Lundgren, '13, of Orange.
W. A. Buchanan, '18, of Bernardston.
A. M. McCarthy, '19, of Shelburne Falls.
C. W. Scott, '20, of Ashfield.
R. C. Peck, '21, of New Salem.

The news competition for the Dartmouth attracted 56 candidates from the Freshman class. In picking men for the board, ability, personality, and general aptitude for work are taken into consideration.

MENORAH

The second regular meeting of the Menorah Society was held in Memorial Hall on Sunday, November 6. Mr. Goldstein '25 and Mr. Corwin '25 were elected to membership on the executive committee. Mr. Krasker '22 gave an interesting talk on "Opportunities in Settlement House Work."

AGRONOMY DEPT. NOTES

Prof. J. B. Abbott has been absent from the campus for some time on account of sickness at home.

Mr. Von Mechow has come from Syracuse University to take graduate work in the Agronomy Department.

Mr. All of the International College at Smyrna, Turkey, is doing special work in soils at M. A. C.

ALUMNI NOTES

Albert W. Dodge '12, and Hill Gavin '19, were welcome visitors on the campus over the week-end.

'11.—Dr. Clarence A. Smith was elected President of the Philadelphia Alumni of M. A. C. at the World Aggie Night supper. At that time Dr. Smith announced the safe arrival on the 10th of a son, Richard Norman.

'15.—Edgar A. Perry Superintendent of the Walker-Gordon Laboratory Company, Jullustown, N. J. has been elected Secretary of the Philadelphia Alumni. He is just now making strenuous efforts to have the Aggie Hockey team make a trip to the Philadelphia Ice Palace for the purpose of showing the Quaker City bunch how the game should be played.

If the plans materialize the game will be made the occasion for another get together of the Philadelphia Alumni.

'16.—Thomas C. Upham is teaching English, Latin, and civics in the Huntington School in Boston.

Ex-'18.—C. T. Smith is at the Harvard Medical School.

'19.—V. D. Callanan is in charge of the Field Station at the Bureau of Markets and Crop Estimates in Greeley, Colo. Address, P. O. Box 505.

'21.—R. D. Baker is principal and teacher of science at the High School, Casco, Me.

'21.—P. W. Brown is teaching science and agriculture in Bradford (Vt.) High School.

Columbia has 22,000 students registered; New York University 15,000; Princeton, with less than 2000 students, has turned away 1500 this fall. It must be necessary to pay speculators' prices for a class room seat.

HOCKEY CANDIDATES

Continued from page 1

team's greatest needs is for a good second-string goal-tender, who would get valuable experience working with the varsity, and would undoubtedly have an excellent chance to make the varsity next year.

In order to see that the team can make the most of its opportunities, more Sophomore candidates for assistant manager are needed. This is a much better opportunity than ever before, owing to the new system of electing an assistant manager at the close of his Sophomore year, who automatically becomes manager of the team after working his year as assistant.

Several good trips are being planned for the season, and the complete schedule, as far as possible, will be announced soon.

JUST BITS.

Twenty-eight members of the Amherst College Glee Club will be taken on the spring trip through the South this season. Concerts will be given in New York, Philadelphia, Baltimore, Washington, and possibly at the University of Virginia. The club will compete in the Intercollegiate Competitive Sing in New York City.

Sophomores at the University of New York this year inaugurated a "reign of terror." It has been a University custom to call the first Monday of the Year, "Bloody Monday." The Freshman chairman was kidnapped by the soph and taken to a cellar in Brooklyn, N. Y. Other Freshmen were seized here and there and thrown into the fountain or else had their faces blackened.

NEW HAMPSHIRE GAME

Continued from page 1

of Harvard, builder of Soldiers Field. The new field is equipped with a grandstand having a seating capacity of 3500, and also bleachers capable of seating almost an equal number.

Memorial Field will surely witness one of the hardest fought football games to be played in New England Saturday, and the score is likely to be in doubt up till the last minute of play. It will be a real little Harvard-Yale contest, with the scores of past games of little value in judging the outcome of the game.

CABARET INFORMAL

Continued from page 1

as to preference of tables (who you are to sit with). If no preference is stated the committee will assign tables. It will be the affair of the season if it works out in proportion to the committee's preparations for it. Come early for your tickets and make sure of going, for a success this time will mean several more equally novel informals.

A bolshevik is a man who has nothing, and wants to share it with everyone else.

INTERCOLLEGIATE NOTES

From the N. Y. U. News: "Four Sophomores were ducked in the pond at the Heights by the Freshmen." It looks as though the tables were turned.

At the call of candidates for the Yale Crew more than 300 men reported. Some of these are veterans, and there are many capable substitutes from the old squad.

Ohio University boasts of a seven foot drum for use in the cheering section. The drum is mounted on a wheeled carriage, making the top nine feet from the ground.

Williams College is to have a new gymnasium to cost about \$400,000. The plans call for a baseball infield for indoor practice, two basketball courts, seven squash courts, an indoor running track, and two tennis courts besides the regular gymnasium equipment.

The Tech, the M. I. T. college paper, has apparently tried something novel by instituting a rotogravure section, or "pictorial supplement." This contains views of athletics, and other college activities, pictures of the faculty and students prominent in college affairs, and an occasional snappy cartoon. It has made necessary a new department for the paper, the members of which have special privileges in attending various functions around the Institute. Withal, it seems to be a successful undertaking.

The annual Freshman-Sophomore rope-pull is one of the most interesting interclass contests at Rhode Island State College. It is planned to have the pull take place each year soon after a thin coating of ice gets on the pond. Contrary to the custom here, the two captains toss up for sides. If at the end of twenty minutes neither team has succeeded in pulling the other through, the side which has lost ground is pulled through voluntarily. The Freshmen, if they win the pull, do a snake dance over the campus, with their caps turned inside out. But in case of losing, all Freshmen who step out at the Sophomore Hop must decorate their arms with crimson bands.

SOUTHWICK BROTHERS & GAULT

REV. J. E. WARD IN CHAPEL

Continued from page 1

then, there must be the two kinds of thought activity, as there are in man's own conscious or subconscious being. Subconscious being finds expression in form according to an impressed principle or law—developed within the conscious sphere. An infinite spirit would necessarily find life expression within himself, and as an ideal must be satisfied with nothing lower than image of himself. The absolute spirit must seek his relative. Personality must seek personality—and must come from personality.

So there is an evolution (1), a process and (2) a goal (a spirit personality). In other terms the infinite spirit is seeking life expression. But having attained unto a free being further advance must be by the free acceptance of an ideal. Has such an ideal ever been known? The infinite being demands not alone one relative, the ideal must spread to the race.

Psychology has taught that an ideal tends to realize itself. A man will grow into his own ideal himself. Here the speaker emphasized the necessity of possessing a personal ideal of oneself.

"One would be a fool to choose a lower ideal if a higher one were available"—the figure of Jesus challenges man's thought of evolution. Is the perfect relative personality attained? The student of history and of life must answer for himself. At any rate the self applied ideal, as presented to the race, must mean the only possible advance or attainment of the race.

Moreover this is an immortal conception of the self carrying one on to full kinship with the infinite and absolute spirit.

Mr. Ward made a plea for every man to go behind his studies to his wider education and try to work out the meaning of life in the interests of his own advance. He took the stand that every modern gain is prompted with some such conception and all human effort becomes, thus, an expression of the divine life.

INTERCOLLEGIATE NOTES

Dartmouth has no difficulty in organizing the college choir. Members of the glee club automatically become members of the choir.

Students from the Univ. of California numbering 1500 journeyed all the way from San Francisco to Seattle to back the team against Washington. California won, which shows what support of the team can do.

A new track is being built around the old football field at Yale, which will be completed sometime during November. Features of the track are two 220-yard straightways, with a 440-yard oval at the north end of the field. The width of the course is 24 feet, which allows room for six hurdlers. The course is designed so that all races except the 220-yard dash will finish in front of the grand stand.

An interesting device is being used in buildings at Stevens Institute, Hoboken, N. J., as a fire-alarm. The mechanism consists of a copper capillary tube, containing nothing but pure air. The expansion of this air, caused by outside heat, in case of a fire, automatically closes an electric circuit, and causes a bell alarm to be rung in the janitor's office. The mechanism is very sensitive to heat. In experiments with the apparatus the alarm has been given in sixteen seconds.

It's Protein That Makes Milk—Not Color

Variation in color, from a light yellow to a brownish, will occasionally be found in Buffalo Corn Gluten Feed.

This is due to the corn solubles. These contain a small amount of sugar, which is affected by the heat in drying.

The corn solubles *enrich* the feed. They give it more protein, more phosphates, and greater digestibility than are contained even in the corn from which it is made.

This concentration of the corn solubles in the feed, with their rich qualities, is of *far greater value* to the dairy farmer than is a feed of absolutely uniform appearance.

◀ If you select your feed on these standards, you will buy Buffalo Corn Gluten Feed. Because then you will be getting the most milk at the lowest cost.

Vol. XXXII.

M. A. C. IS FIRST CHOICE IN THIS SATURDAY'S GAME

Tufts Has Won but One Game. Aggie Regulars May Be Forced to Keep to the Bench.

Aggie's big game of the year will be staged on Alumni Field Saturday when M. A. C. and Tufts clash in their annual football struggle. Both teams are in about the same situation this year as far as winning goes, and as both eleven have been pretty well riddled with defeats, a win for either team, Saturday, will mean at least a partial vindication of a rather unsuccessful season's record.

For the first time this year, Aggie will be forced to send in a badly battered and crippled team against her old rival, and many of the regulars will probably be forced to sit on the sidelines as a result of injuries received in the game last Saturday. Salmon and Mohor, both star tackles, are out of the game, "Ken" suffering from a wrenched knee, and "Bob" from a badly sprained ankle, received in the second quarter of the New Hampshire game. "Dane" Grayson was also forced out of the Durham game when he received two broken ribs; and "Pinkie" Clark is laid up in the infirmary with a dislocated knee, received in the same game. "Stan" Freeman completes the injured list, the varsity center nursing a badly infected hand.

The entire Tufts team was rather severely battered in their game against B. U. two weeks ago, but all the regulars are expected to be ready to start in Saturday's game. Barrett, Capt. Russo, LeCain, Cohen, Etelman, Ylta, and Weaver have been playing well. "Buck" Weaver, who was badly hurt in the B. U. game, has been the star of the Medford team, having been called upon to do the brunt of the passing and kicking in every game.

Tufts has won but a single game this season, defeating Norwich 6 to 0. Two ties, one with Amherst and the other with Wesleyan, and four defeats, received at the hands of Bates, Vermont, B. U., and Bowdoin, have resulted in a rather gloomy season.

FRATERNITY CONFERENCE

It was decided at the last Interfraternity Conference meeting to send a note to the bill-board committee requesting them not to erect a bill-board on Pleasant street near the Colonial Inn.

It was also voted that any student who is not a fraternity member and is now rooming with a Freshman will not be able to pledge a fraternity until after rushing season the second term.

The question was brought up as to whether or not Kappa Epsilon (formerly Commons Club) should be admitted to the Interfraternity Conference.

JOIN RED CROSS DRIVE IN FIFTH ROLL CALL

M. A. C. was Fourth Last Year. Williams Won Banner. One Hundred Per Cent Wanted at Aggie.

Once more "The Greatest Mother in the World" is asking the people of the United States to give their annual Thanksgiving contribution for the purpose of aiding the stricken people of the world. Each year thousands of invalids are made more comfortable, thousands of sick are made well, and thousands of refugees are provided with homes by this organization. Besides, many of the men who fought in the World War, who are maimed for life, and are now forgotten and neglected, are made more cheerful and happy by this ever sympathetic and helpful hand of the American Red Cross.

Those men who were overseas, especially those who were wounded, will testify to the wonderful aid they received from this "Greatest Mother". That is the reason why the Federal Board men at M. A. C. last year subscribed almost 100% membership.

The great work of the Red Cross must go on. Millions are dying of famine in some parts of the world; floods are making thousands of people homeless.

Continued on page 3

SOPHOMORES WIN CLOSE GAME WITH FRESHMEN

Tarplin, Barrows and Bartlett Feature Offensive Work of Winners

With the memories of night shirt parades and pond parties still fresh in their minds, the Freshmen tried their utmost to even things up with the Sophomores in the class game played last Tuesday on Alumni field. But the playing of Bartlett, the alert Sophomore, the fleetfootedness of Barrows and the broken field running of Tarplin proved to be too much for the yearlings, who were defeated 20-14. The Freshmen were confident from the start and but for an unfortunate fumble by Sullivan in the third quarter the score might have been even.

At the beginning of the game it appeared as though the Freshmen were top heavy favorites, for not only did they smother the Soph plays, but once or twice threw the opposing backs for losses. It did not take long, however, for the Sophs to overcome their stage fright, for in a gradual ascent up the gridiron they acquired enough punch to put the ball across the Freshman goal. The yearlings not to be out done started the second period with a bang. It was here that the Freshmen showed their best, for after Ratta, the stellar Freshman end, recovered a fumble.

M. A. C. PROMINENT IN ARMISTICE DAY PROGRAM

College Orchestra Plays for Dance. Faculty Among Patrons.

Armistice Day was fittingly observed in Amherst by exercises on the town common. The American Legion men assembled in the court room of the town hall at 11-30 and escorted the colors to the common. Here they lined up in company front formation and the breeze unfurling the flags lent appropriate solemnity to the occasion. At 11-45 a volley was fired and taps sounded. From 12-00 to 12-02 the assemblage stood in silence in commemoration of those who made the supreme sacrifice. Immediately following the noon hour service Dr. C. S. Walker, Rev. Mr. Ives, chaplain of the Post, and Major Ward of the Canadian Army, addressed the gathering.

During the afternoon, graves of the Amherst men were decorated by individual members of the Post. The exercises of the day were in charge of Commander E. J. Montague, farm superintendent at M. A. C. Other men representing the college on the Armistice Day committee were R. D. Harris, instructor in market gardening, R. Avery of the Microbiology Department, Prof. C. S. Hicks, Dr. Gage, and Harlan Worthley '20.

In the evening the Post held a ball in the Town Hall, which was well attended by students and faculty as well as townspeople. All were well pleased with the eight piece orchestra from the M. A. C. Musical Clubs. During intermission a series of tableaux were presented. The first depicted the call to arms in 1919. The second, mother and father bidding good-bye to their son. The third, a scene at the front, at the moment when the armistice was signed. And fourth, the decorating of graves, "Lest We Forget". The patrons and patronesses of the dance were Prof. and Mrs. Patterson, and Mr. and Mrs. Keeney from this college.

COLLEGIAN COMMITTEE PETITION STANDING

The standing of competitors for the Massachusetts Collegian, to the current issue is as follows:

Editorial Department,

GRAYSON'S SCORE ONLY BRIGHTNESS FOR M. A. C.

Sturdy M. A. C. Team Fights Way to a Touchdown After Trailing by Seven Scores.

New Hampshire proved its contention to having the best state college team in New England by decisively and overwhelmingly trouncing M. A. C., 50-7, in their annual grid clash on the new Memorial Field in Durham last Saturday. The game was one of the best exhibitions of football seen by Aggie enthusiasts (this year in spite of the distressing fact that the Granite Staters were by far the stronger team, and Aggie could only excel in grim, plucky fighting spirit).

The game was played on a wet, slippery field, although a thick covering of hay was removed only just before starting. A cold drizzle fell during most of the playing time, and slowly melted away the snow which was giving a decided wintery appearance to the northern landscape. The bad playing conditions hampered Aggie defensively as the heavy New Hampshire backs literally "leaned" the lighter Aggies, who dug frantically for toe holds in the mire, back for yards, time after time. But, poor conditions aside, New Hampshire had the goods, produced the best brand of football that Coach Gore's men have been up against this season, showed off "Dutch" Connors as the best back we have seen this fall, and generally gave the impression that M. A. C. was outclassed.

The New Hampshire State rooters, led by a big band, were jubilant throughout. Aggie's sons were there on their soaking little bleacher, over 100 strong, including a truckload of coeds, who braved the worst weather in months to travel 170 miles and support

ALUMNI!

We hope that many of you are coming. We know that some fifteen or so are, but we want FIFTY or so.

Dancing commences immediately following the Tufts game.

their team. The Aggie section had only one chance to be joyous, that in the last quarter when "Dame" Grayson plunged across for a tally, after a New Hampshire fumble, and some good offensive football. During the contest M. A. C. was not penalized once, while New Hampshire lost over 100 yards in this way, once being penalized for cutting down "Bob" Mohor, and losing a touchdown, which Litchfield had made on a long run.

New Hampshire started the game by kicking off to Aggie's 20-yard line. After two plays had netted but five yards, "Lavy" kicked back to New Hampshire's 30 yard line. New Hampshire at once started a march, but were finally held for three downs on the 25-yard line, and tried a field goal but failed. The remainder of the half was a slaughter. N. H. S. gaining five touchdowns. Litchfield, Connors, Farmer, Wentworth, and Bell each got one, working long end runs and smashing line plays, while the Aggies, when they held the ball, could make little impression on the heavy N. H. S. line.

Between the halves, the N. H. S. band gave a band concert and songs were sung, and later Aggie rooters lustily sang their college songs. The second half started where the first half left off. Two more scores came rapidly. Then the Aggies threatened for the first time, but were forced to kick. New Hampshire started back with it, but a fumble gave Aggie the ball on the N. H. S. 22-yard line. A forward succeeded, and gave a first down. Grayson pushed through for the score. New Hampshire gained one more score late in the game, and the student body showed twice the enthusiasm over this comeback as over any previous score.

The Aggies fought gamely to the end, using 21 men in attempting to stem the tide. All the men did very well. As a result of the fray Mohor, Salmon, Grayson, Clark, and Freeman are pretty well crippled. Connors was the big man for New Hampshire.

The line-up:
NEW HAMPSHIRE
Neville, le
Gadbois, lt
Campbell, lg
Patrick, c
Cotton, rg
Bell, rt
Broderick, re
Farmer, qb
Wentworth, lhb
Litchfield, rbb
Connors, fb

Score: New Hampshire 56, Mass. Aggie 7. Touchdowns—Connors 3, Stevens, Litchfield, Farmer, Wentworth, Bell, Grayson. Goals from touchdown—Connors 8, Grayson. Substitutions: N. H. S.—Perry for Neville; Cristensen for Patrick; Gustafson for Wentworth; M. A. C.—Giles for Grayson; Salmon for Mohor; Leland for Nowers; Hardy for Leland; Alger for Mudgett; Salmon for Alger; Acheson for Salmon; Bent for Acheson; Marshman for Tunney; Sargent for Beal. Referee, Carpenter of Harvard; umpire, Swaffield of Brown; linesman Green of Penn. field judge Ingalls of Brown. Time—15 minute periods.

NOTICE TO HOCKEY MEN

All candidates for this year's hockey team, including candidates for managers, will meet in Flint Laboratory at 5:00 o'clock on Thursday, Nov. 17. This does not include football men.

F. S. TUCKER, Mgr.

SOPHOMORES WIN

Continued from page 1

ble, his team ploughed up the field in sweeping gains from the 20 yard line, not to be stopped until they scored a touchdown. The quarter ended with the teams tied 7-7.

The Sophomores, realizing the humiliation that would necessarily be resultant from a defeat, commenced the second period with plenty of fight. The accuracy with which Bartlett threw his forwards, and the deftness with which Tarplin grabbed them, more than once startled the strapping Freshmen.

In a Freshman play during this period Sullivan, the Fresh captain, was tackled so hard that he fumbled the ball, whereupon Bartlett, the opposing quarterback, scooped up the ball and raced half the length of the field for a touchdown. This was an unlucky break for the 1925 team for it proved to be the margin by which the Sophs won.

The third period was full of thrills. The Freshman rooters held their breath when the yearlings held on the two yard stripe, but the class of 1924 jumped with joy a little later when Barrows the speedy end raced around the Fresh eleven for another touchdown. With Eldredge and Sullivan out, the yearlings made a dying attempt to score. McGouch the reliable little fullback, whose work during the entire game was excellent, took the ball on successive rushes and planted it in the shadow of the Sophomore goal-posts. It was here that little Holbrook, who replaced Sullivan, slipped around his left end for a touchdown.

The fourth quarter lasted but for a minute owing to darkness.

The lineup:

FRESHMEN
Itaia, re
Shumway, rt
Marx, rg
Cassano, c
Gleason, lg
Monradian, lt
Cleave, le
Sullivan, qb
Sheldon, lhb
McGeouch, fb
Eldredge, rbb
Touchdowns, Barrows 2, Bartlett, McGouch and Holbrook; goals from touchdowns, Barrows 2, McGouch 2; substitutions, Freshmen, Nolte for Gleason, Ward for Eldredge, Hale for Gleason; Sophomores, Nelson for Wilson, Donaldson for Barrows, Whitman for Nelson, Williams for Wilson, Woodworth for Tewhill, Chase for Porges; score, Sophomores 20, Freshmen 14.

SENIOR CLASS SMOKER

IN MEMORIAL HALL

Trio of Faculty Speakers and Sweet Cider Account for Successful Evening.

The senior class enjoyed its first smoker of the season in Memorial Hall last Wednesday evening. About 50 members were present with Professors McLaughlin, MacKimmie and Patterson as the speakers of the occasion. Prof. McLaughlin gave a bit of good advice that the seniors take an inventory and determine what they are to do before graduating. Professor MacKimmie emphasized the value and interest of the old traditions of the college.

An abundant supply of sweet cider kept the tongues going freely until late in the evening.

CLASS PICTURES TO BE TAKEN AFTER SUNDAY CHAPEL

Students to Notice Particularly Their Own Organizations.

Next Sunday, Nov. 20, immediately after Chapel, pictures of the Senior, Junior, Sophomore and Freshman classes will be taken on the steps of Stockbridge Hall, in the order named.

Also, on Nov. 20, the following pictures will be taken at Mills' Studio in Amherst:

Adelphia, 11-30
Senate, 12-00
Honor Council, 2-15
Interfraternity Conference, 2-20
On the first three Sundays in December, the following pictures will be taken at Mills' Studio:

Dec. 4: Glee Club, 10-30
Orchestra, 11-00
Boister Dancers, 11-30
Women's Student Council, 12-00
Joint Committee on Intercollegiate Athletics, 2-30
Pomology Judging Team 2-45
Dec. 11: COLLEGIAN Board, 10-30
Squib Board, 11-00
Index Board, 11-20
Holders of Non-Athletic Medals, 12-00
Non-Athletes Activities Board, 2-30

Dec. 18: Public Speaking Council, 10-30
Informal Committee, this year's, 11-00
Junior Prom Committee, last year's, 11-30
Stock Judging Team, 12-00
Writers of the "M", 2-30

All students please make a note of the day and hour on which any group in which you are in is to be taken; and be present on time. Help the Index Board get good representative pictures for their College Year Book.

MEN NEEDED FOR HOCKEY MANAGER COMPETITION

The hockey season is coming, and next Thursday the call will go out for candidates for the team and for assistant managers. There are good opportunities for making the team, and the short season offers a strong inducement to the Sophomores to try for the assistant managership. Candidates for both the team and assistant manager are wanted.

This week there will be practice in goal shooting in the Drill Hall, and this, with "dope" talks, will take up the time until the ice comes.

FACULTY DANCE

A Faculty dance was held last Saturday evening in Masonic Hall, with about 30 couples attending. Professors Harrington and Viets sponsored the dance, which was one of the best ever enjoyed by our faculty.

The music was furnished by a school orchestra composed of some of our campus talent, and every one agreed that it was "certainly good".

In fact, the dance went off so well, the music was so good, and the refreshments so satisfying, that a committee was appointed to make plans for another dance sometime in December.

SIX LETTER MEN FORM NU-CLUEUS FOR VARSITY QUINSET

Practice Starts With Exceptionally Likely Candidates Out.

Basketball promises to be the most successful sport in college this year. Last June only one of the regular players, "Red" Ball, was graduated, a fact which is very significant, in that it leaves practically a veteran team composed of letter men. As New Hampshire was situated in football with an experienced eleven, so M. A. C. is fortunate to start the season with an experienced quintet. Captain Gowdy, Rorer, Thompson, Smith, Marshman, and Hale are the men who already have been awarded their "M's". With a wealth of experienced material from the three upper classes, these letter men will have to go at top speed to retain their positions.

Eighteen candidates are striving for a place on the first team. They are: 1922—Gowdy, Hooper, Randall, Rorer, Smith, Thompson, and Weber; 1923—Beal, Dickinson, Hale, Marshman, and Tunney; 1924—Barrows, Bike, Branner, Haynes, Kane and Whitman. The result should be a club capable of turning the tables on the strong Stevens Institute team, which has proved such a stumbling block to Aggie basketball teams in the past few years.

Manager Freeman has succeeded in arranging about 16 games with perhaps two open dates. He had planned on several more games, but on account of difficulties with the athletic board, the schedule is somewhat shortened. It is not ready to be published yet, but among the colleges to be played are: Amherst, Wesleyan, Harvard, Vermont, St. Lawrence, Stevens, Tufts, M. I. T., and Connecticut. Two games have been arranged with the latter three colleges. The date of the first game is Jan. 7, and the last game will be played on March 4.

Practice is being held Tuesday, Thursday, and Saturday at the Drill Hall. At the close of the football season Saturday, Coach Gore will turn all his energy to basketball, and all candidates will enter the competition. When the college opens for the winter term, he should have a fast aggregation which we hope will surpass the best ever turned out at Aggie.

RED CROSS DRIVE

Continued from page 1

In our own country; while tuberculosis, cancer, and other plagues must be suppressed.

Your annual opportunity to be of aid to the unfortunate sufferers is at hand. The Fifth Red Cross Call for membership for 1922 began Nov. 11 and ends on Thanksgiving Day. There is to be competition among the New England colleges for a beautiful banner, which is to be presented to the college with the highest per cent membership. Last year Williams won it. M. A. C. maintained second place until the last day, when she dropped to fourth place in the standing. Aggie must win the banner this year. The membership fee is \$1.00. Lay it aside until your canvasser sees you. Let's subscribe 100% at M. A. C. this year.

CHAPEL SPEAKER, REV. W. H. DAY, GIVES INSPIRING ADDRESS

"Faith in Moral Law and Ability to Co-operate Must be Ideal of Conference."

"If the Disarmament Conference succeeds it will depend upon a two-fold faith of the members of the conference that the moral law is supreme, and that man has unfailing ability to co-operate." Thus spoke the Rev. William H. Day of Bridgeport, Conn., last Sunday in Chapel in an inspiring address to the students. We have got to believe, and the delegates must believe that right and not might is going to rule the world. We must have a great faith that the moral law is strong enough to guide international relations. Any other belief is suicidal. The world is staggering under the crushing weight of sustaining militarism. The Great War, with all its terrible cost of lives and its drain of wealth, thus far has produced no check in the mad race of nations to arm against each other. The great nations are embarked on a tremendous program of militarism. The United States, Japan and Great Britain are engaged in high ship-building projects. The United States is ahead with all the power of its resources, and the other nations are following us as closely as they can.

"I see," exclaimed Mr. Day, a "French plow, returned to his little farm. Holding a plow in a furrow, drawn by a discarded, limping, army horse. One arm is gone, a leg hangs useless, and his back is bent low under a tax of \$250.00 per year, going towards the cost of past and future wars."

The great men assembled at Washington have within their hands an opportunity to check this costly, hideous program of armament, but they must hold to a deep conviction that nations may live together unselfishly and peacefully; and that the citizens of the world can co-operate, and live together without arming against one another. With such a faith, a new day will surely come to the world, the new day which was prophesied centuries before Christ in the Book of Isaiah, and which is called the New City of the Jerusalem in the Book of Revelations. Thus will be fulfilled a yearning of mankind which has existed since the dawn of civilization.

HERBERT M. (DOC.) EMERY GIVES DANCE TO M. A. C. MEN

Following the M. A. C.—New Hampshire State football game at Durham, Saturday, Herbert M. Emery tendered an informal dance to the Mass. Aggie students who were present at the game. The scene of this social was in Thompson Hall, which was prettily and artistically decorated for the occasion.

The music for this informal was furnished by a three piece orchestra. A short intermission was held, during which dainty refreshments were served. It was a typical Mass. Aggie gathering of about 20 couples. Every one present had an enjoyable and pleasant evening.

A Commendation.

It was a great display of loyalty and enthusiasm that the students of Aggie gave to New Hampshire last Saturday. The little throng that braved the elements to witness a bad defeat must have been a revelation to outsiders of the spirit that reigns here, in spite of reverses. The co-eds again proved their devotion, and raised themselves still higher in the estimation of everyone. Everything considered, the student body deserves all the commendation that it can be given, for rejuvenating the "Never Give In" spirit at Aggie.

COMMUNICATION

The Dean's Board.

EDITOR THE COLLEGIAN:

The Dean's Board of last Saturday portrayed a "bloody" struggle on the part of many students, all of them upper classmen. Being one hardly bit, not a few of my hours have passed without uneasiness over the impression. It seems that I cannot find peace until I have written these few ideas, and I hope that someone will kindly lead me straight if I am now on the wrong path. My belief is that a great majority seemed are not to be blamed for their misfortune. The instructors and the administration reflect their inefficiency in this abomination. This radical statement will bring condemnation, but I am to be convinced to the contrary. Here are my reasons.

The administration in requiring so many hours of work weekly are doing an injustice to the students and to the institution. What instructor in his college days carried twenty-two hours weekly of collegiate work and felt satisfied that he gained a maximum benefit from same? Did he spend one hour outside, which is theoretically required, in preparation for each class hour? If so, did he not receive eight hours sleep daily, and he surely sacrificed body for mind, for twenty-three hours remaining in the week would hardly give the needed exercise and time for other miscellaneous activities, Sundays being

maintained as a day of rest! And yet students at M. A. C. are encouraged to do this sort of thing. What is the inevitable result? Nature takes its course. She will not rob her child of provisions necessary for health. Accordingly studies are neglected. Canny instructors see an incentive, more work—and the Dean Board; some give no other encouragement. I pay tribute here, however, to a noble few who possess the spark of youth and truly understand nature. Rebel—the college is no place for you. Instructors cannot conceive cause for mediocrity in work. Their counselling is, "more time in work." A few geniuses can carry burdens twice their weight. But all colleges cater to the norm. It is better that we receive slight knowledge of many subjects, or substantial knowledge of a few subjects applicable to liking of individual students? Who is the educated man: one who knows and one who thinks that he knows, or one who knows and knows that he knows? Apparently this college is producing the latter. Many subjects students are required to study are a result of scheduling. Work of the Schedule Committee deserves admiration, but the powers beyond them decree against the student. Castor oil to the child is distasteful but it relieves congestion. "Gut" courses to upperclassmen relieve the congestion of their academic work, but out in the great Alumni class the realization of neglected buty brings remorse. The administrative officers reply to our moans for less hours of work with the story that laboratory hours require no outside work. If such could be the case, a solution would be reached, but instructors seem to load into the laboratory hours what apparently is forgotten in the lectures.

The maximum benefit from college cannot be reaped unless one obtains the more liberal culture, the broader outlook, or the philosophic atmosphere. How can students attain these qualities when they are "told" in the classrooms and do not have any time to delve further in our library of books. If this college is to inhibit college tactics, which it is fast doing, and adopt school methods it is time a change be made. When upperclassmen fail to attain passing grade, surely there are factors other than that too little time is devoted to studies by the students; cannot there be some fault with the instructors. Perhaps they are not putting the material across to the students, or feeding material faster than students can digest. We are here, professors, to learn, to receive inspirations, to prepare ourselves for the solution of life's problems to come, to make the most of our time. We cannot do it by all work and no play. Perhaps that is the reason why so many students here are dull; too much work and no play. Recall your college days and do not expect your student to absorb as readily your knowledge from a more mature mind to one still in developing process. Possess a human element and not a "laissez-faire" policy. Let us make the gory display of the Dean an affair of the past. Co-operation of students, of instructors, and of administrative authority would encourage the higher standard of scholarship necessary. Will that incentive be in the form of less credit hours per week?

We print the above only to show one point of view, not to give the impression that we uphold any changes suggested. With Roger de Coverly, we agree that, "Much may be said on both sides."

THE EDITOR.

CATHOLIC CLUB SMOKER

The M. A. C. Catholic Club gave a successful smoker in the auditorium of the Memorial Building on Wednesday, November 9. Mr. Hickey of Northampton addressed those present, giving a very effective talk on the outlook for the Catholic Club here at M. A. C. He especially emphasized a very prosperous future for the club.

Mr. Fearing of Holyoke rendered several vocal selections which were very good indeed and were greatly appreciated. Refreshments, consisting of coffee and doughnuts were served and the most enjoyable evening was concluded with everyone singing, a few of the popular songs, around the piano. The Catholic Club has "got away" with an exceptionally good start this year, but they need the backing of every Catholic in college. The way we can give them this backing is to attend every meeting. Let's all plan on attending the next meeting to be held on Nov. 31, the details of which will be announced later. EVERYONE BE THERE AND MAKE THE CLUB A SUCCESS.

POLO TEAM USES ARMY STYLE AND LOSES 5 TO 1 1-2

Northampton Polo Club has Advantage Through Use of English Style of Play.

The newly organized M. A. C. Polo team played its first match last week Tuesday in Northampton with the Northampton Polo Club. The match resulted in a loss for Capt. Wentzsch's men by a 5 to 1 1/2 score.

The game which was played on the fair grounds was started at 2:00 o'clock. Difficulty arose owing to the fact that the Northampton men played the English style of game while the Aggie men were playing according to the U.S. Army rules. Because of this the victors were constantly riding across the field which of course was disadvantageous to the M. A. C. team.

Hale '23 made the only goal for the team from Aggie. This came toward the latter half of the game and counted five points. The other half point came as the result of a Northampton safety on Aggie.

The team wore the regulation uniform with maroon and white jerseys and white helmets. Eight horses were taken over to the fair grounds by troopers before the match.

The M. A. C. line-up: Hale, No. 1. Wentzsch (Capt.), No. 2. Johnson, No. 3. Hallett, Capt. Shafelt, Sgt. Gaban, No. 4. Hillyard, Gilbert, and Pickup went over with the team but did not get into the match.

Major Kobbe of M. A. C. was referee. There will be no more matches this fall, but next spring it is hoped that matches can be arranged with the teams from Norwich, Harvard, Yale, Princeton, West Point, and others.

SENATE

Several Fresh reported at the Senate rooms last Tuesday evening and as a result a number are slated for an Arena party which will take place in the near future.

All Sophomores take notice and dock some more Freshmen so that when it does come off it will be worth the trouble! Let's go Sophomores!

HOLIDAY HIKE LEADS TO THE "OUTING CLUB."

As a result of a most enjoyable and pleasant hike to the Holyoke Range on Armistice Day, a group of 15 Freshmen have banded together and have made preliminary arrangements and plans for the formation of an "Outing Club." The purpose of this club is to stimulate greater interest among the Freshmen to visit the different mountains and other places of interest within a few miles of Amherst. It is planned to have the hikes always take place on Sundays so that they will not interfere with studies.

In order that the Outing Club be permanently organized, a committee of three was chosen to draw up a constitution and a set of by-laws. Hollis B. Lovell of Falmouth was unanimously appointed temporary chairman. He will be assisted by John F. Lord of Methuen, and Francis P. Biskie of Hadley. Any Freshman who is interested in this club is asked to hand his name to some member of the temporary committee. Permanent officers will be chosen at the next meeting, which will be announced later.

SHORT ASSEMBLY LED BY ALBERT W. SMITH '22

Student Body Contribution for New Megaphone for the Cheer Leader.

The Senior-Faculty football game was called off owing to "wet grounds", so a short assembly was held in its place on Thursday, Nov. 10. It was conducted by A. W. Smith who commenced by announcing that the game would be postponed until Tuesday, Nov. 15, at 3:30 p. m. Vinton gave a short talk about the Cabaret Informal, which is to be held Saturday, Nov. 19. This is expected to be the best Informal that Aggie has ever had. Programs may be obtained from Gowdy at the Aggie Inn.

Weatherwax '24 enlightened the student body in respect to the condition of the cheer leader's megaphone, and suggested that the student body contribute enough money to buy a new one. Hooper '22 put this into the form of a motion which was readily seconded and passed. A collection was made as the students left the auditorium.

It was announced that there would be a special train leaving Amherst at 1:00 p. m. on Wednesday, Nov. 23, and running to Boston. It will return on the following Sunday, leaving Boston at 7:30 p. m., and will stop at all places desired by its occupants. The fare will be the same as usual. All persons intending to make the round trip were requested to sign a paper provided for the purpose. The student body was dismissed 20 minutes early, there being no further matters to discuss.

'16.—Harold Caldwell announces the arrival of a son, August 5, 1921, George Brown Caldwell. This makes a girl and a boy for Caldwell. He is superintendent with Seabrook Orchards, Bridgeton, N. J., and would like to hear from any Aggie men in that part of the country.

LOWELL TECH 35-0 VICTORS OVER TWO YEAR

Pierce, Bangs and Gallagher Play Well for Short Course Men.

Outweighed twenty pounds per man, yet fighting all the time, the Aggie Two-Year Eleven lost its last game of the season to the Lowell Textile aggregation last Saturday afternoon at Lowell, Mass., by a score of 35-0. The game was played on a rather slippery field which made handling of the pigskin difficult. The first half was hotly contested by both teams and the home team scored when they blocked a punt on Aggie's three-yard line, and recovered the ball. They took it over on two line plunges.

In the second half weight told, however, and the visitors allowed their goal to be crossed twice in each period. The Two-Year Eleven made a spurt in the last quarter, completing three forward passes and gaining four first downs by bucking the line on fake end runs. The home forwards stiffened, however, when the pigskin was placed on their ten-yard line. Here the visitors essayed a drop-kick which went wide, and the game ended shortly after. Pierce, the Short Course end, played an excellent game, while Bangs started in running down punts. Gallagher also deserves credit for getting off some fine punts. Ohlsen, the rugged halfback of the home aggregation, played a very good offensive game, scoring twelve points for his team, and showing up especially well on off tackle plays.

The line-up:
M. A. C. TWO-YEAR. LOWELL TECH.

Y. W. C. A.

The Y. W. C. A. has arranged for a series of six talks on the Bible, to be given by Mr. F. P. Rand on the English Department. The series is planned as a brief introduction to modern Bible study, and is to include one talk on each of the following subjects: The Bible as a Library, The Bible as History, The Bible as Literature, The Bible as Prophecy, The Christ, and The Life of Paul.

Twenty-two of the women students are enrolled in the course, which meets from 7:00 to 8:00 p. m. each Thursday in the Memorial Building.

ACTING DEAN MACHMER IN MORNING CHAPEL MONDAY

The students can be benefited by following the affairs of the armament conference, was the keynote of Prof. Machmer's short talk to the students in chapel Monday morning. To point out the importance of the present day world affairs, the speaker read a statement issued by Governor Cox, urging all schools and colleges to give weekly tests on the progress of the conference.

12:00 M.—Thanksgiving Recess begins.

POULTRY SHOW ORGANIZED WITH ACHESON PRESIDENT

The dressed poultry show which will
be given the 18th and 19th of Nov., by
the class in Poultry 77, will be in Room
312, Stockbridge Hall. The officers of
the organization are:

R. M. Acheson '22, President.

J. T. Perry (unclassified), Secretary.

E. A. Lyons '22, Superintendent.

H. S. Davis '22, Premiums.

C. J. Wikland (special), Treasurer.

The show will be open to the public
Friday at 1:00 P. M.

Dr. Benjamin, formerly with Cornell
University, but now with Augenblich
& Co., Newark, N. J., will award the
prizes and give demonstrations. Ex-
hibits will be on sale from 10:00 A. M. to
1:00 P. M. and from 6:00 P. M. to 8:00 P.
M. Saturday. There will be no auction,
but all the birds will be priced so that
the purchaser can see what he is get-
ting and how much he must pay for it.
Birds purchased may be kept in the
Poultry Plant refrigerator until Wed-
nesday, Nov. 23rd, for faculty and
students.

A first and second prize, each a large
rooster, will be given away in a contest
of guessing the weights of various live
birds in pens.

The Poultry Department is to launch
a campaign to encourage better market
poultry and eggs and this campaign
starts with the show.

The men in poultry 76 class are going
to contribute a large rooster for each
man on the football team making a
touchdown against Tufts.

'19.—Robert Collins has announced
his engagement.

THE COLLEGE LIBRARY

Tries to serve everyone expeditiously.

Hopes to be of very real help to all
students.

Expects to have an up-to-date fireproof
building soon.

Circulates books to all M. A. C. people.

Offers no apology for its crowded
quarters.

Lets students borrow more than three
volumes.

Likes to have folks browse among the
stacks.

Expects everyone to return books
promptly.

Gets, buys or borrows needed material.

Extends a cordial invitation to all.

Looks up facts and figures for busy men.

Invites you into the delights of scien-
tific research.

Begins the day at 8:00 A. M. and closes
at 9:30 P. M.

Renews books for those who need them.

Always anxious to learn of new and
better things.

Relies upon the telephone and telegraph
to get things quickly.

Yes, it ought to have a fine new build-
ing right away.

DEPARTMENT NOTES.

The Department of Forestry has re-
cently received a collection of rare and
costly woods from the Philippines.

This collection consists of 120 specimens
of furniture woods and was donated by
B. Mangum, Ex-'20. The series was
made up by the Bureau of Forestry in
the Philippines.

The members of the class in Commec-
cial Floriculture visited Northampton
last Saturday where they inspected the
Chrysanthemum exhibit at Smith Col-
lege.

Mr. Nivoly will speak on Flora of
India at the weekly seminar of the
Botany Department Tuesday afternoon
at four-thirty.

The Botany Department recently re-
ceived 50 fingerling trout and several
larger specimens for the Department
Aquarium, from Mr. Rost of the
State Fish Hatchery at Sunderland.

A student at Tufts is allowed 15
chapel cuts, and even then he may put
his score at zero by the forfeiture of one
term-hour's credit.

SOPHOMORE SMOKER

Sophomore Smoker tonight at 7:00
P. M. Every Sophomore is wanted out.
Refreshments. Classorators and speak-
ers of the faculty will be there to listen
things up.

BAND

Aggie wants a band at the game Sat-
urday, so everybody who plays be at
Social Union rooms at 4:30 Friday for a
rehearsal.

CAMPUS NOTES

Acting-President Lewis, accompanied
by Directors Haskell and Willard, was
called to New Orleans last week, Nov.
8 to 11, to attend the convention of the
Association of American Land Grant
Colleges. This is an annual affair, and
is attended by the Presidents, the Ex-
periment Station Directors, and the Ex-
tension Service Directors of the various
colleges throughout the Union.

Flowers are placed in the chapel at
Tufts on the birthdays of those men
from the college who died in the war,
as a sign that they are not forgotten.

Y. M. C. A. NOTES

Last Wednesday the World Fellow-
ship Group had an interesting discus-
sion, in which Dr. Hano told those pres-
ent of the present relations between the
United States and Japan.

In the next two meetings the men are
to consider India.

These meetings are a result of the
realization of a group of students that
to be true citizens we must be world
citizens.

The discussions are held Wednesday
evenings at 7:00 o'clock in the Y. M. C.
A. rooms in the Memorial Building.

The Life Problems Discussion Groups
which have been recently organized are
for the purpose of discussing problems
of college life and their bearing on our
personal conduct.

Those interested should see any
Senior of the Y. M. C. A. Cabinet.

OPPORTUNITIES FOR STU- DENT PUBLIC SPEAKERS

A. W. Gilbert '04 Sends Letter to Stu-
dent Body.

Here is a good opportunity for all
Aggie men or women who are oratori-
cally inclined to put their efforts to
good use. The following is a letter re-
ceived from the State House by Acting-
Dean Machmer and read by him in
Monday Chapel. Read it again, con-
sider it, and then signify your inten-
tions of taking part in this contest. As
the fakirs say, "You are bound to win;
you can't lose." Moreover, the prizes
offered are well worth the effort. The
letter reads as follows:

The State Department of Agriculture
is offering three prizes of \$25, \$15, and
\$10 respectively, for ten-minute ad-
dresses by M. A. C. students, to be
given at the annual banquet of the Ag-
ricultural Organizations of the State,
on Wednesday evening, Jan. 18, at Ford
Hall, Boston.

We should expect a preliminary con-
test at the college to determine the
best three men to be sent, and these
three men will be expected to appear
on our program, each one speaking ten
minutes. The contest will be judged
on the basis of subject matter and effec-
tive delivery.

It is planned to pay the expenses of
the contestants while in Boston. Of
course, the contest will be limited to
men and women students who are reg-
istered now at M. A. C.

Sincerely yours,
A. W. GILBERT,
State Commissioner of Agriculture,
State House, Boston.

CANINES SPARED

The dog roast scheduled by the
Landscape Club for last Wednesday was
postponed on account of the rain. It
is planned to have one in the near
future.

The Athletic Association of Connecti-
cut Aggie holds an annual Football
Hop at the close of the football season.

FOURTEEN CO-EDS MAKE TRIP TO DURHAM

A truck-load, 14 venturesome and
"peppy" girls started for Durham, N.
H., at 10 o'clock Friday night to cheer
for that team. With Mrs. Cameron as
chaperon, and Mr. Hunt driving, they
rode all night, and until 1 P. M. on Sat-
urday, without stopping except to eat.
They did eat, at the home of one the
girls in Amesbury.

After the game, our "Doc" Emery,
who is now an instructor at New Hamp-
shire, fixed things up so that the girls
found places to sleep. Some of the
girls went to the New Hampshire In-
formant, others to a dance given in their
honor by "Doc", and still others retired
to their beds of gym mats and sofa
pillows.

Those that went by truck were the
Misses Chase, Lewis, Turner, I. Boles,
L. Boles, Labrovitz, Slack, Gielger, Flint,
Pearman, Smith, Logan, Snow, Sargent,
Misses Pollard, Towle, Bateman, Epps,
and Hubbard went to the game by
machine, and after a little trouble from
a breakdown, reached Durham just
before the game started.

Both parties returned to Aggie in the
early hours of Monday morning, tired
but happy, and well content that they
had upheld their reputation as loyal
co-eds.

AGGIE EC. CLUB

Mr. David M. Lipschires, 1918, will
speak to the Aggie Ec. Club Wednes-
day evening at 6:30 in Room 4, Memorial
Building. He will discuss salesman-
ship and will tell of his own experi-
ences in selling.

Mr. Lipschires has been with a Balti-
more firm for a few years and now is
selling for E. Athers' wholesale shoe
house of Northampton.

This is the first of the series which
the Club is planning to run this winter,
when they plan to cover all phases of
Economics thru speakers on various
subjects.

Alpha Sigma Phi entertained its fac-
ulty members and local alumni at a
card party and smoker Monday evening.

YOUR NEEDS FOR WINTER

Whether it be Overcoats, Suits, Gloves, Mufflers, Sweaters, Hats, Wool Hose, can be taken care of here. A complete stock of reliable merchandise to select from. Always something new and always of the best.

SOUTHWICK BROTHERS & GAULT

ALUMNI NOTES

'19.—Wendell F. Smith is substituting for R. W. Sweet in the Newtonville high school. Mr. Sweet, who has been teaching drawing, has gone to California.

'16.—W. Richard Sears, who is to spend the year in Europe, has passed through England, and is in Paris preparatory to making an extended stay in Rome. Address: care Morgan and Harjes, No. 14, Place Vendôme, Paris, France.

'20.—"Jack" Crawford, managing editor of the 1920 COLLEGIAN, spent the week-end in Amherst before starting his winter's work. After severing his connection with the Springfield Republican, "Jack" went west, but spent last summer on a farm in Maine. He is planning to "rough it" in a Maine lumber camp this winter, "next door to the ice-bergs," before resuming his duties in the journalistic world.

'20.—"Jim" Maples, also succeeded in taking a vacation from his duties as manager of a New York Telephone Exchange, and visited the campus last week.

'21.—Frederick K. Zercher spent the week-end on campus. He is district supervisor in New York State for a southern firm and plans to be back here again for the Tufts game.

AGRONOMY DEPT. NOTES

Mr. Thelin of the Agronomy Department received a letter from his home in South Dakota saying that as the farmers are offered only nine cents a bushel for corn they will use it for fuel.

The Agronomy Department is at present instructing 331 students, drawn from all courses given at M. A. C.

The field work in soils which is being done by the students in Agronomy, consists of field work on farms in the vicinity. The students inspect the farms and return a report and offer tentative suggestions as to the system necessary for improving the soil. The department hopes to have the Sophomore class do some of this work in the spring, as it is an important factor in the proper care of soils on the farms.

FOR THOSE AT HOME

While the girls who went to the game were away, those who were unable to go kept up their spirits with an informal dance and "spread" on Saturday evening.

Messrs. Wendell, Sears, Brunner, Chase, Fuller, Kennedy, Bennett, Holte, and L. Woodworth, all helped to consume the fudge, cake, punch, and buttered popcorn that the girls had made.

The Victrola furnished the music when Kennedy wanted to dance, and when the boys went home it was with a feeling that after all there was compensation for those who could not go to the game.

The co-eds at Connecticut Aggie will take part in their Banquet Serap, but must fight their own battles and can neither be aided nor hindered by male members of either class.

TWO YEAR ORCHESTRA

For the first time since the establishment of the two year course in this college, an orchestra has been formed by its students who possess musical ability. The orchestra is composed of both Seniors and Juniors of the two year course. Considerable interest has been manifested by the two year students since its organization. It is the intention of the leader of the orchestra to present to the two year students dance music of

high order. The orchestra at the present time is rehearsing some light classical numbers.

The orchestra is ably managed by Allen W. Edminster of Brooklyn, N. Y., and he has accomplished wonders since its organization. Albert Carlson of Beverly, is the conductor and he hopes to produce a fine program for the concert which will be conducted in the near future.

The members of the orchestra and the instruments which they play are as follows:

Director, Albert Carlson; piano, A. Barrett; violins, C. A. Rivet '23, L. A. Hesse '23; cornets, N. C. Baker '23, R. M. Woodworth '22, P. G. Rhodes '22, W. A. Beekman '23; flutes, W. K. De Lano '22, C. E. Smith '23, H. Phinney '23; trombone, L. L. Jones '23, Saxophones, C. P. Wheeler '23, J. Adair '22, A. E. Edmister.

Professor James A. Ford acted as Judge at the Rhode Island Corn Show at Providence, last Friday.

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making
CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

Camel

A BRIEF LOOK AT THIS SEASON'S TEAM

Little Biographies of the Twenty
First String Men on Kid's Squad.

Although this football season has not been entirely successful from the standpoint of victories, yet Coach Gore's men have shown the ability to come back. Following are a few statistics of the players which will help to give a better perspective of their season's work.

Cotton, George A., '22, captain and left tackle.—He prepared for college at Woburn High School, but played no football there. "Cot" has made an excellent captain, has shown fine fighting spirit, and is an excellent tackle. This year's record shows that he has played in every game, not being out of a game a single minute.

Lewandowski, John N., '22, fullback.—Coming to Aggie from Williston Seminary, with four years of football experience, "Lavy" has become one of the best football men M. A. C. has ever had. His work in punting and carrying the ball has been exceptional, and in every game his brilliant work has figured prominently in offensive and defensive play. No praise can be too great in estimating his value to this year's team.

Freeman, Stanley L., '22, center.—He is from Needham, and played his first football at Aggie. "Stan" has worked up from the ranks, and his offensive work and passing has been of dependable nature. He is a typical example of Aggie football players—aggressive and hard working.

Acheson, Roger M., '22, left end.—He entered Aggie from New Bedford with two years' experience at end. After playing one year on the second

Continued on page 8

INFORMAL PROVES A DECIDED SUCCESS

Gabaret Style Pleases Over One Hundred Couples.

One of the biggest Informals in Aggie history was held last Saturday, beginning right after the game with Tufts, and continuing until 9:00 p. m. More than a hundred couples attended, with Miss Chase of Smith and Mrs. Cameron of Mt. Holyoke as chaperons. Both floors of the Memorial Building were attractively decorated with palms and, on one floor, Mosely's orchestra furnished the music, while Woodworth's played for the other. The caterer, Bias, served supper. The menu included bouillion, chicken patties, peas, mashed potatoes, ice cream, crackers, cake, and demitasse. Tables for four were arranged about the sides of the rooms and dancing took place before and after the intermission.

BOOK COMPILED BY AGGIE MAN PUBLISHED

Dr. Fernald's "An Introductory Text Book of Insects in Their Relations to Man".

Dr. H. T. Fernald's book entitled "An Introductory Text Book of Insects in Their Relations to Man" (19p. XIV-380, 388 Figs.) was published this fall by the McGraw-Hill Book Co. It is easily one of the best of the recent works dealing with the control of various insect pests (of farm, garden, orchard, etc.) and their relation to man in the spread of disease, etc. A general survey of the structure, relationships, etc. of insects is given by way of introduction to the more detailed consideration of the different groups of insects, and twenty-four chapters are devoted to the consideration of the different orders of insects, the most important forms from all parts of the country being treated in detail, so that the scope of the work is country wide, instead of being restricted to the insect pests of the eastern part of the United States, as is the case with many text books of economic entomology. The book has been adopted as a textbook in twelve colleges even though it was published only a couple of months ago, and it is apparently destined to supplant many of the textbooks on the subject now in use, as a standard for student use and reference.

VICTORY BONFIRE.

Immediately after the game on Saturday, the Freshmen built one of the biggest bonfires ever touched off on the campus to celebrate a glorious victory. Three wagons were pressed into service, and the campus was scoured for material.

When a goodly pile had been built, a ladder was braced up, and an effigy of Tuft's hung from it.

The fire was lighted by Captain Cotton, Kid Gore, Jimmie Beal, Willie Marshman, and Al Spaulding '17, gave a short talk. Singing and cheering kept the crowd around the fire until late and then the couples from the Informal and the students left with the memory of another "Aggie" day to store up in their already full file.

SOPHOMORE SMOKER

The Sophomore smoker which was held last Wednesday evening in the upper hall of the Memorial Building was pronounced a success by all who attended it. Prof. F. A. McLaughlin was the guest of the occasion. P. G. Bartlett spoke for a few minutes on the success of the Freshman-Sophomore football game. At the business meeting prior to the smoker, Mike and Staebner were elected to the athletic board. The members of the smoker committee were Weatherwax, Waugh, and Stevenson.

DRESSED POULTRY SHOW AT M. A. C. SUCCESSFUL

Fifth Exhibit Draws Many Entries—Amherst People Buy Thanksgiving Birds.

The dressed market poultry and egg show held at Stockbridge hall November 18 and 19, closed Saturday night after a very successful session. The large silver cup awarded for the high total awards in judging and premiums, was won by H. S. Davis, of Belchertown, a senior, who has had his name engraved on it; Davis wins also a large roaster. Second prize and two birds went to Roger Acheson, of New Bedford, a senior.

The show was attractively arranged and demonstrated to the visitors the difference between the birds placed on sale in the average markets and those properly dressed and packed. Eggs of

COLLEGIAN STANDING

COLLEGIAN competition has been in progress for six weeks and there are now nine men working to amass the necessary credits. In the Sophomore class a four cornered race has developed, with Kennedy in the lead and already with nearly half of the required number of credits. White started off strong but has been handicapped the last two weeks by trouble with his eyes.

The Freshman class has been deplorably weak in responding to the call for candidates and has sent out only five men for four positions. Corwin and Slade are leading at present in their respective departments.

It is not yet too late for more Freshmen to try out.

The Aggie chapel bell which has held its tongue for four successive weeks worked long and late last Saturday night, (in fact the bell rope broke from wear) proclaiming to the valley that M. A. C. had walloped Tufts, its time honored rivals, 14-0. The victory brought a ray of hope to a rather blue season, and all the campus, lighted up by a huge bonfire, re-echoed "with the long yell and the score."

The Aggies outplayed the Medfordites in about every department and showed great improvement over any past performances. Besides the two scores made, they were three times within Tuft's 11-yard line, while Tufts, in spite of a varied offense, could not pass the Aggies' 25-yard mark.

Lewandowski, Aggie's star fullback, ended his college football career in a blaze of glory. In the last minute of play he brought Tufts' aerial offensive to an abrupt halt by intercepting a forward pass and racing 25 yards for a score. His punts, end runs and line plunges also helped in the victory. Grayson and Beal were always behind "Lavy" in the backfield. Capt. Cotton, Freeman and Acheson did particularly well in the line. For Tufts, Weaver starred. The first tally of the game came after the Aggies recovered a Tufts fumble on the 18-yard line in the first period. Grayson, Lewandowski, and Beal carried it 14 yards for a first down, then Beal carried it over. Tufts began an attack late in each half but was always held.

The Game by Periods.

The Aggies won the toss and took the south goal with the wind at their backs. Tufts kicked off to Sargent on the Aggie's 35-yard line and he was thrown without a runback. Two line plunges netted five yards and a five-yard penalty for Tufts for offside play gave the Aggies a first down on their own 45-yard line. On the next play Grayson carried the ball to the Tufts 20-yard line before he was brought to earth. Only the slippery condition of the field prevented Grayson from going over for a touchdown. Three more plays carried the ball to the Tufts five-yard line where the Aggies were held.

Tufts started a march that advanced the ball to its own 18-yard line, where a Tufts back fumbled, the Aggies recovering. Beal and Lewandowski

made five yards on two plays. "Lavvy" added three more on a plunge at guard and Grayson made it first down on Tufts' six-yard line. On the next play Beal crashed over the line for the first Aggie touchdown, Grayson kicking the goal.

Following the score Tufts again kicked off to the Aggies, the kick going outside at midfield. "Lavvy" and Grayson made it first down on Tufts' 41-yard line and Beal added five more on the next play. A forward pass grounded and Grayson was thrown for a loss on an attempted end run. Lewandowski dropped back to the 35-yard line and tried for a field goal but failed. Tufts took the ball on its 20-yard line and a five-yard smash at the line and a five-yard penalty gave the Medford team a first down. Weafer ran 15 yards to his own 45-yard line as the period ended.

Second Period.

Tufts opened the second period by trying a long forward passing game, but it failed to work. Two attempts to circle the ends also failed and Barrows punted over the Aggie goal line. On the first lineup Beal made 10 yards through the line and started an attack that carried the ball to the Tufts 10-yard line, where Beal fumbled and Tufts recovered. During the offensive rushes by Lewandowski, Grayson, and Beal and a forward pass, Beal to Marshman, gained six first downs in succession. Weafer in four rushes at the Aggie line made three successive first downs, placing the ball on Tufts' 48-yard stripe. A forward pass gained 12 yards and another failed as the first half ended.

Third Period.

Lewandowski kicked off to the Tufts 34-yard line, where the ball rolled outside. Tufts gained six yards on three plays and then recovered an onside kick for a first down on the Aggies' 30-yard line. Another onside kick was recovered by Cotton on the Aggies' 25-yard line. Grayson made five yards at right guard and Lewandowski followed with an end run that put the ball on Tufts' 40-yard line, where Tufts held. "Lavvy" then punted to Tufts on the 20-yard line and Weafer ran the kick back 15 yards. Tufts' attempts to gain were futile and Barrows punted to the Aggies' 38-yard line. Lewandowski punted to Tufts' 37-yard line, where the ball was fumbled. Capt. Cotton recovered for the Aggies but Tufts held and the Aggies lost the ball on downs. Weafer gained five yards for Tufts as the period ended.

Fourth Period.

Tufts was unable to gain and Barrows punted to Marshman on Tufts' 58-yard line. Marshman ran the kick back 10 yards and Tufts was penalized 15 yards for unnecessary roughness. Grayson made it first down on the Tufts five-yard line on a tackle play, but the Aggies again ran against a stone wall on the next three plays and lost the ball on downs. Barrows punted to Beal on the Aggies' 20-yard line, where he was downed without a gain.

Three rushes by the Aggie backfield advanced the ball to Tufts' 11-yard line where the Medford players held. In five rushes Tufts carried the ball to the Aggies' 38-yard line and a 15-yard penalty gave Tufts a first down on Aggies' 47-yard mark. Two more plays put the ball on the Aggie 35-yard line, where Tufts lost the ball on

downs. The Aggies immediately started an attack that advanced the ball to the Tufts 20-yard line, where Tufts again held. Tufts punted to the Aggies' 35-yard line and Lewandowski returned the punt, the ball rolling over the Tufts goal line.

With less than a minute to play Tufts started another forward pass attack in a desperate attempt to score. Three passes in a row grounded, but the fourth was intercepted by Lewandowski, who ran 25 yards for a touchdown, a fitting climax to the college career of one of Aggie's greatest stars. Grayson kicked the goal. The game ended after the first lineup following the Tufts kickoff. Summary:

M. A. C.	TUFTS.

C.—Nowers for Saimon, Tumey for Marshman, Bent for Grayson, Mudgett for Alger; Tufts Morrell for Cook, Stephens for Morrell, Andrews for Veda, Perry for Andrews, Thompson for Brandt, Stewart for Owen, Tyler for Barrett, Cohen for Edelman, Edelman for Lecelan, Petrone for Barrows.

FOUR MEN INJURED IN FOOTBALL MIXUP.

Haskins '22 Receives Serious Break in His Shoulder.

Tag football is gradually becoming an injurious sport. Heretofore, this game was thought to be gentle and refined. But, Monday afternoon, on the old varsity field, this theory was utterly smashed to pieces by a game in which everybody who happened to be passing joined and which resulted in four serious injuries. Phil Haskins '22 met with the misfortune of breaking his arm and shoulder in a fall; Percy Thornton '24 and Johnny Faneuf '23, while running for a forward pass, collided head on, the former being knocked unconscious, and receiving the "blackest of eyes" and the latter splitting his head open. The fourth injury was received by Solomon Cohen '23 at the base of the spine. It almost seems possible that next fall we can have two football teams, and incorporate this rough sport of tag football in the list of Aggie's athletic activities.

GLEE CLUB

The Club is running very smoothly. Several excellent numbers are now ready to be put on at the first concert December 14. The quartet is also getting its repertoire into shape.

INTELLECTUAL SUPERIORITY WINS FOR FACULTY

Educators 41 Points Better Than Their Fourth Year Prodigies.

Nov. 15, 1921, will long be remembered by the class of '22 as its day of greatest sorrow. For on that afternoon they did, as Seniors, accept mourning garments on the death of their greatest hope—the long cherished desire to defeat their faculty upon the gridiron.

Would that one might discourse upon the fine playing exhibited by the Seniors, but being a true chronicler, we must simply call attention to the score, 41-0, and state that the Seniors were defeated—badly defeated.

Surely the most casual observer at last Tuesday's game will admit that with few exceptions the Seniors were certainly not defeated by a faster team. On the contrary, he will be likely to suggest that the faculty's playing reminded him of the slow motion comedy staged between the halves at Springfield last year.

The weight of additional knowledge enabled the Faculty's line to smash up the Senior's offense and defense. Novitski was the Faculty's star lineman, and held up the line on several occasions. "Professor" Maginnis' catch of a long pass resulted in seven points for the Faculty. Mansell also played well while he was in the game.

Rice was the master mind of the occasion, and his plays, usually resulting from a conference with other members of the team, made many easy gains for the Faculty.

The second half was more to the Senior's liking, inasmuch as the Faculty was forced to call upon its subs. Smith made several good runs in this half.

The line-up:

FACULTY	SENIORS
Maginnis, re	le, Sullivan
Lentz, rt	lt, Leland
Novitski, rg	ig, Talmadge
Long, c	c, Packer
Dowd, lg	rg, Nigro
Shufelt, lt	rt, Andrews
French, le	re, Roser
Rice, qb	qb, Field
Grayson, rlb	lhb, Smith
Mansell, lhb	rhb, Krasker
Holmes, fb	fb, Chapin

Touchdowns: Grayson 2, Holmes, Maginnis, Shufelt, Rice. Goals from touchdowns: Grayson 2, Rice 3. Referee—Collins. Head linesman—Wirth. Substitutions: Faculty—Ball for Mansell, Mack for Lentz, Robinson for French. Seniors—Conant for Andrews, Holman for Sullivan, Thompson for Krasker, Lacroix for Nigro, Murdock for Thompson, Lyons for Chapin.

DANCES

There has been a new idea formed in the college about running dances. Beginning December 10, there are to be dances every so often—perhaps every other Saturday night. These are not regular informals, but dances which are open to the student body and employees of the college. The one two weeks from Saturday is an experiment, and if it succeeds, there will be many of them. Music will be furnished by the college orchestra.

PROF. PATTERSON SPEAKS OF THE CONFERENCE

Helps to Keep Students in Touch With Affairs at Washington.

Professor Charles H. Patterson gave some interesting and valuable facts about the disarmament conference in his short talk to the students at the Friday chapel. Professor Patterson stated that the proposals made by Mr. Hughes have arrested the attention of the people throughout the world. He declared that the outstanding feature in these proposals is that they achieve the reduction of the heavy burden of taxation. Not only will the execution of these proposals reduce taxation, but they will also tend to reduce the danger of war.

Professor Patterson then brought out the point that the nations disarm in part, they would then involuntarily have the tendency to break away from the militaristic spirit which has dominated the countries of Europe for many centuries. The third point in his talk was that proportionate disarmament was not an insurance against war.

Continuing, Professor Patterson stated that the real, hard work before the members of the conference was the problem of the reduction of land armaments. Land armaments have been the sore spot in history of most European nations. It is therefore the duty of the men in this conference to devise some way or means to regulate land armaments.

Even if the conference succeeds in reducing the armaments to the lowest point consistent to a nation's welfare, we must then guard against the possibility of an industrial war. An industrial war if waged effectively against a nation is a most terrible thing to a helpless nation.

Professor Patterson concluded his talk by stating that a new current has risen on the logical necessity of Christian humanity and the spirit of brotherhood. The gist of his conclusion seemed to be that it is fundamental to live together and to co-operate together if there is to be harmony among the nations of the world. He strongly advised the students to keep in close touch with the activities of the disarmament conference by reading the newspapers every day.

REPRESENTATIVES TO LAND GRANT CONVENTION.

Among Aggie men who were present at the Annual Convention of the Association of Land Grant Colleges were the following: Dr. E. W. Allen '85, Chief Officer of the Experiment Station, United States Department of Agriculture, and H. L. Knight '82, Associate editor of the Experiment Station Record; Dr. J. H. Hills '81, Dean and Director, Vermont Agricultural College and Experiment Station; B. L. Hartwell '89, Director of the Rhode Island Experiment Station; H. J. Baker 1911, Director of Extension, Connecticut Agricultural College; S. Haskell '04, of the Massachusetts Experiment Station; John Willard, Director of Extension of the College, and Dean Lewis, representing the College as its Acting President.

FRESHMEN SEASON IN FOOTBALL A SUCCESS

Likely Varsity Material Shows in Work of Several Yearlings.

The Freshman team of 1922 will be remembered as the team that handed Williston Academy the second defeat it ever suffered at the hands of an Aggie Freshman team. The team should not be lauded so much from the fact that it accomplished this rare achievement as it should for its game, uphill fight throughout the season. Coach Mansell had no easy task in even welding a presentable eleven from a group of awkward, inexperienced youngsters.

The Fresh outfit commenced the season with a couple of unimpressive wins. Their midseason form was mediocre, but their windup was a glorious one. And this is exemplary of true Aggie spirit. The yearlings were against odds, but determined to gain their objective, gave all that was in them and triumphed decisively over their rivals.

Capt. Sullivan, Marx, McGeouch, Mouradian, and Raffa contributed most towards the success of the team. Without a doubt these youngsters are excellent varsity material, and should be heard from in the near future.

McGeouch, perhaps, may be best likened to Tarplin, the former varsity back. He is a shifty youngster who knows how to run with the ball. Marx and Mouradian, the two big linemen, have made names for themselves, while Raffa, who covered the wing position, made an excellent showing.

The results of the games played this season are:

Freshmen 25,	Dalton 0
13,	Northampton 0
6,	Deerfield 13
0,	Williston 0
14,	Sophomores 21

Are We Leaving Agriculture in the Lurch?

One of the most serious charges brought against M. A. C. of late years has been that we are turning away from agriculture and coming to look askance at that glorious basic industry for the furtherance of which Aggie was founded. This charge has led some to believe that there are undercurrents of "State Universityism" here, that Aggie students are perhaps becoming a bit too "white collared" for plebeian toil, in short, that we are losing the practical in a fog of the impractical, of the humanities.

Such is the quite general belief among many people of the state. We hear it dinned in our ears every time we go home for a vacation. But facts do not bear out the argument. Instead of turning from agriculture, we have turned toward it decidedly in the last 15 years.

The Dean's office has recently made a little investigation of conditions here in 1905-06, which will be of interest to friends of the college.

In the first place, at that time 160 semester hours were required for graduation. Of these, 10 semester hours were absolutely required of every student in English, 8 in French, 7 in German, and 12 in physiology, economics and history, making 46 hours of required humanities. Today, only the equivalent of 10-23 semester hours are absolutely required of every student in English, 9 in French or German, and 3-13 in the so-called humanities, making a total of 20 hours in the humanities.

In 1905-06, then, practically three times as many semester hours of humanities were required as in 1921.

In 1905-06, the Junior and Senior years invited the student to one of six groups of courses. These were courses in Agriculture, Horticulture, Biology, Chemistry, Mathematics, and Landscape Gardening. In each of these groups six different courses were required each semester. In only three of the groups were practical agricultural

courses required more than once. The courses in mathematics did not require a single practical course. It was, therefore, possible for a student to go through the last two years in 1906 without taking a single course of a practical nature.

Today the student is invited to a major of 45 out of 120 hours in Agriculture, Agronomy, Animal Husbandry, Dairying, Poultry Husbandry, Floriculture, Forestry, Landscape Gardening, Pomology, Vegetable Gardening, Economic Botany, Agricultural Chemistry, Economic Entomology, Microbiology, Agricultural Economics, Agricultural Education, and Rural Sociology.

Note the difference in the number of choices for practical subjects. Note, too, how each big subject has been treated in its rural or agricultural aspects, not in its general scope.

In the Senior year in 1905-06 the student had to elect three courses, closely correlated with his Junior year course. Only one course in language could be elected. Agriculture, Horticulture, Veterinary, Botany, Landscape Gardening, Entomology, Chemistry, Physics, Engineering, English, French, German and Latin, each four hours, were the courses. Attention is here called to the fact that agriculture and horticulture were not required, and hence a student need not have taken any agricultural work in the last year. Also, behold Latin appearing on the curriculum as a Senior subject at M. A. C. only 15 years ago!

The COLLEGIAN feels that the above figures, collected simply from college catalogues, form a tremendous rebuttal to all "Come back to Agriculture, Aggie," arguments. We are proud to know that we are standing by the profession of our choice, and approaching it, rather than retreating from it. But we also hope that the slide away from the humanities will not be as rapid in the next as in the last 15 years. The business of farming needs a little of the David Grayson element, and the humanities are always important for the insight they give the student in the realm of the beautiful and the spiritual.

We have here at Aggie this season a come-back eleven, a team which though defeated in four straight games, finally came through with the goods, and vindicated its season's record. There must have been something powerful behind this team which was able to make it perform in such a creditable manner last Saturday.

First of all, the team itself seemed to show a confidence in themselves and in their ability to win, which they had not displayed as well this fall. Every year there are heroes in every football team, and they are given their proper share of reward; but little or nothing is ever heard of those graduating Seniors who have spent their college career on the second team, never having the ghost of a chance to play in a regular game, simply working hard in an effort to build up the varsity. As "Kid" put it: "The only reward they will receive will be in Heaven." But they will receive other rewards, if only the realization deep down in their hearts that they have helped their Alma Mater.

Five men, Seniors this year, are worthy of mention because of the spirit they have displayed during the past season. They are: Andrews, Chapin, Conant, Krasker and Nigro. The spirit which these men have shown is of the same high type which has been shown by the student body in backing their team week after week.

This spirit is what made our 1921 team come back and it is the power which in the future will make fighting, winning, and successful Aggie teams.

COMMUNICATIONS

EDITOR OF THE COLLEGIAN:

Your last issue comments on the size of the drum used in Ohio State University band. We have a drum similar in size and conveyed in the same manner, used by the Purdue cadet band. In this section of the country the Purdue band has a fine reputation and whenever a big parade is held in Indianapolis they call on the Purdue band to lead. It was called for the recent parade given in honor of Marshal Foch. It has been invited at different times to the Masonic National convention at Indianapolis; the Elks convention at Philadelphia and the convention of rotary clubs at Atlantic City. The band consists of about 125 pieces. There may be larger University bands in this country, but I doubt if there are any more capable or more popular.

O. G. SANDERSON.

Prof. of Horticulture, Purdue Univ., Lafayette, Ind.

Nov. 4, 1921.

KENYON L. BUTTERFIELD,
PRESIDENT, MASS. AGRICULTURAL
COLLEGE, AMHERST, MASS.

My Dear Mr. Butterfield:

I am extremely interested in the development of the Reserve Officers' Training Corps, especially in regard to having as many students as possible avail themselves of the opportunities offered by this organization. Student Military Training has proven itself to be of great value not only for the national defense but also for the betterment of the student in making himself more valuable for all the relations of civil life. I would like to see every able bodied student avail himself of the opportunities offered by the Reserve Officers' Training Corps.

Our policy of national defense contemplates a small regular army and the organization of a large citizens' army. The organization of this large citizens' army is well under way, and there is a pressing need for our intelligent, college-educated men to officer this organization. The Reserve Officers' Training Corps is the principal source upon which we must depend for reserve officers, and, although it has contributed many splendid officers, we must look to it to increase its supply.

This year shows a marked increase in enrollment in every Reserve Officers' Training Corps unit established in the Colleges of New England. I am extremely gratified with this excellent showing, and trust that next year will show another large increase. It signifies the desire of our youth to prepare himself to serve his country in the hour of need. I have written to the Professor of Military Science and Tactics at your institution, directing him to make a survey of the possibilities of increasing the enrollment the next academic year, and I have asked him to consult you in this matter. Any assistance and advice which you may render the Professor of Military Science and Tactics in making this survey will be greatly appreciated.

I am firmly of the opinion that our present Military System for National Defense will make better citizens of the youth of the country. The fact that they will be a part of the Army of the United States and members of a definite

AND IN A DAY LOVELY WOMAN PLAYS MANY A ROLE

"Where is the man who has the power and skill
To stem the torrent of a woman's will?
For if she will, she will, you may depend on't;
And if she won't, she won't; so there's an end on't."

Lovely Woman says—"Wear WALSH'S Wares".

organization, such as a Company and a Regiment, where the exchange of views will take place, will develop public opinion with reference to military, economic and international affairs. There is also a distinct moral advantage in the contemplation of patriotic service. But perhaps the greatest benefit of Military Training is found in the opportunity it gives for developing a gift of leadership and responsibility.

The leaders of this great movement must be the educated college men. The opportunity offered them by Student Military Training, through the Reserve Officers' Training Corps, gives them the distinct advantage of becoming the leaders of the youth of the country. To this end, the War Department appeals to the institutions of higher education to give the college man such reasonable means of Student Military Training as will enable him properly to prepare himself for his future duties as a Reserve Officer of the United States Army.

Sincerely yours,
C. R. EDWARDS,
Major General, U. S. Army.

TO THE COLLEGIAN:

The Faculty-Senior game gate receipts netted \$96.00. It was turned in to the Memorial Building Fund.

This, together with the \$440.00 already received from the Aggie Fair, is being used to pay for the bowling alleys.

ALUMNI OFFICE.

Nov. 17, 1921.

BISHOP DAVIES OF SPRINGFIELD IN CHAPEL

Able Address on "Characteristics of a Gentleman."

Bishop Davies of Springfield, in a sermon at chapel last Sunday, gave his version of the "Characteristics of a Gentleman." The details of his address were clear and explicit. He urged the college student to make a name for himself while at college; not a nickname, but a record that will make him worthy of his name. He gave examples of figures in history who had made names for themselves, not only by what they had been, but by what they had done, as: Charles the Bold, William the Conqueror, Edward the Confessor, Lorenzo the Magnificent, and Ivan the Terrible.

The biggest asset of a man who is desirous of making a name for himself is that he be of gentlemanly character. He must therefore be a man of courage and valor, strength and power.

The concluding remark of the Bishop was, "Whatever else you do, I hope you will win the name of gentlemen."

VISITORS FROM SMITH

A group of Smith students came over on the 2 o'clock car from Northampton Tuesday afternoon to visit the Microbiology Department, in connection with their work in Biology.

GEORGE W. COLEMAN, FORD HALL, BOSTON, SPEAKER

Forum in Assembly Meets With Student's Praise.

After a few announcements by Acting-Dean Machmer, among which was the announcement that there would be no college exercises from Wednesday at noon until Monday at 7:30 A. M., next week, Mr. George W. Coleman was introduced. He is the organizer of the Men's Forum Movement at Ford Hall, Boston, and is a resident of that city. His topic was "Get-Together or Perish."

He said, "Dean Machmer and Students, it gives me great pleasure to be back on this platform again. After spending a very enjoyable day on your campus I shall now try to demonstrate an Open Forum with your co-operation. If you will give me your entire attention I shall talk for one half the time after which you may put new light on my subject, argue against me or ask me questions that I shall try to answer to the best of my ability and forthwith benefit of those present. Thus everyone has a give and take. I was once invited to a dinner given by the Women's City Club and the Men's City Club and I was called upon to speak on the topic 'Get-Together or Perish.' That will also be my topic for today.

The mind of the American people has changed a great deal in the past five years. Our ideas are mixed and interfere greatly with one another. This is clearly illustrated by the definitions a man once gave of the Socialist, and the Conservative. The Socialist does not know what he wants, but he must have it; whereas, the Conservative does not know what the Socialist wants but is determined that he shall not have it. We are not satisfied with the truth but always have to read between the lines.

There are a great many differences all over the country. We are at present in great danger of revolution. Potatoes are funny because they are an unholy combination of holy things. Thus everything may be all right and good but not succeed. Think of America's resources and assets. She is protected by oceans and endowed with wealth; her people have brains and brawn; and Democratic principles underlie everything she does, yet what are the conditions? We are the wealthiest country in the world, 90% of the wealth of this country is held by 10% of the population. Labor and Capital are ready to fight at any time if anything goes wrong. The people of the United States know very little of the race troubles, or if they do they are trying to forget them. Colored folks are printing newspapers and fighting for the nation and the whites are not trying to help them. Everybody hates religious wars, but every one is in them, so what can we do? We must have likeness of ideas and ideals, but this cannot be had unless we come face to face and talk out these great problems. Now as never before is the time to help the country. This is the object of the Open Forum.

W. B. DRURY

For fourteen years the Open Forum has been accomplishing this. There are now three hundred Forums in the United States to give people a chance for open discussion of issues of the day. Their aim is to get an earnest crowd behind the leaders of the country.

There is a fine opportunity for an Open Forum here today, so if you will ask point-blank questions or raise arguments I shall conduct one now.

There then followed a series of questions which Mr. Coleman answered with great ability and precision.

After the Open Forum the President of the Senate read a few notices and Assembly was dismissed.

SOPHOMORES WIN SIX MAN ROPE PULL

Advantage of Eight Inches Goes to the Half Dozen from '24.

With the players in the big football game getting ready for the second half, the ever interesting Soph-Freshman combination staged a vanedville skit in the form of a six-man rope-pull.

The new rope, which was purchased by the Freshman, as is the custom, was stretched out at the bang of the pistol as the 12 men threw themselves to the ground and "dug in".

The Freshmen seemed to have the advantage soon and took in some eight inches of rope, but the Sophs had acquired 16 inches on the first jump, and the final result after two minutes of pulling was eight inches in favor of '24.

The winning class swooped down on the rope and carried away large pieces of it to adorn Sophomore walls. Some of the Freshmen, evidently not knowing the custom that the winning class claims the rope, took pieces, but were quickly taught that "to the victor belongs the spoils".

The Sophomore team was Holway, anchor; Whitman, Nicoll, Garretson, Pierce, and Davis.

The Freshmen were represented by Raffo, anchor; Nolie, Seaver, Ward, White and Meserve.

HOCKEY

The first meeting of the candidates for the hockey squad was held last Thursday afternoon in Flint Laboratory. Twenty candidates presented themselves for the squad, and eight candidates for the managerial staff. Coach Mansell spoke of the importance of condition in hockey and of keeping up in studies. Holmes gave the men an idea of the possibilities ahead of the team this season. Captain Collins concluded the speaking by describing the pleasure, and the fascination of hockey.

Friday and Monday the hockey men were called upon for their first practices, which consisted of shooting goals. After Thanksgiving, however, with the release of football men, hockey practice will begin in earnest. It is hoped that at least 30 candidates will present themselves for the real outdoor work.

Director Sidney B. Haskell, after representing the Experiment Station at the annual convention of the Association of Land Grant Colleges held November 8-10 in New Orleans, also represented the Station at the annual meeting of the American Society of Agronomy, held the same week at the same place; and at the annual meeting of the Association for the Advancement of Agricultural Science.

They broke two drum heads Saturday.

TWO-YEAR CLOSES MEDIOCRE FOOTBALL SEASON

Last Two Games Prove Stumbling Blocks. Captain to be Elected.

With the defeat by Lowell Textile Saturday, Nov. 18, the Two-Year Eleven has terminated a season which, though not as successful as previous ones, was as good as could be expected with the material on hand. Coach E. M. Grayson, started out the season with practically an entire new team, having only three men as a nucleus for this year's team. Around this triplet, Captain Betterly, tackle, Gerremonty, end, and Raymond, center and fullback, a new team had to be formed to play the games listed on the schedule, which included such teams as Connecticut Aggie seconds, Y. M. C. A. seconds and Lowell Textile Varsity.

The management was in a peculiar position. The team was not strong enough to play college teams, and yet it was too strong for the high schools. The first game of the season was played with M. A. C. second team, and resulted in a victory for the Short Course men, a touchdown and a drop kick being the winning factors. Then the team journeyed to Ludlow where they were defeated by the powerful outfit from Stevens Memorial Institute by a score of 14-7.

The following Friday, the Eleven came back and plowed through the Worcester North High aggregation for three touchdowns on Alumni Field, holding the visitors scoreless. In a hot contested game with the C. A. C. seconds at Storrs, the Nutmegs, getting the "breaks," nosed out Captain Betterly's team by one touchdown, the final score being 14-7. The last two teams played, namely, Springfield seconds, and Lowell Tech were superior to the Graysonites in all departments of the game, and were really not in the same class with any two-year team. Consequently, the team lost by scores of 31-0 and 35-0 respectively.

Next season should find a better Two-year team on the field as only four regulars will be lost by graduation. The letter men have not been announced as yet, and a captain for next season's eleven will be elected at the banquet, which will be held the Tuesday following Thanksgiving Day.

MENORAH

The Menorah Society held its third meeting of the season last Sunday morning in Memorial Hall. Mr. G. Taube was elected corresponding secretary of the organization. Alumnus Mr. Baker '21, president of the Menorah last year, and Mr. Sandow '23 were the speakers.

In his short talk to the members Mr. Baker showed the need of a Menorah society for Jewish students in the college. "The Jewish college student is isolated. He is not in touch with the Jewish life," the speaker said. "The Jewish student has great responsibilities to the community of which he is a part. He has a responsibility as a Jew to himself and to Judaism. The Menorah is the living medium for the perpetuation of the Jew at the college."

Mr. Sandow followed with an interesting talk on "False Messiahs in Jewish History".

The Eighth Annual Conference of agronomists will be held on Dec. 9 and 10. Programs have already been arranged. Members of the Agronomy department will participate.

MANY OF ALUMNI STAY FOR WEEKEND

Many of our Alumni came back to see the last and best game of the 1921 football season. Among those who were here and stayed over were:

"Phil" Armstrong '21.
"Chick" Mallon '21.
"Art" McCarthy '19.
"Doc" Williams '19.
"Goo" Grayson '20.
Starr King '21.
"Dolly" Dole '15.
"Bucky" Davis '21.
E. J. Morton '19.
E. S. Clark, Jr. '14.
"Bill" Harris '17.
G. C. Hubbard '09.
H. K. Bond '19.
R. Stedman '20.
Stiles '17.
A. W. Dodge '12.
"Al" Spaulding '17.
"Bill" Glavin '20.
W. S. Bearregard '20.
Elwin Cotton '18.
Faber '19.
Helen Millard '20.
Susan Smith '20.
"Nat" Ames ex-'23.
"Bob" Horne '21.
"Fred" Zercher '21.
Geo. Edman '21.

ORCHESTRA

The orchestra had their picture taken in a new fashion last Sunday in Stockbridge Hall. Only a few of our jazz bounds were present owing to the lack of dress suits, but those who came made a record of ten (10) minutes in getting into them. Draping themselves gracefully about the piano, six poses were taken in playing position. The best one of the group will be exhibited "à la Whitehead" on all the placards announcing the concert.

The program consists of one or two marches and popular selections rendered in the regular program and any number of dance pieces for dancing after the concert is over. There will also be a few specialties which have been worked up as part of the regular program.

The first concerts are as follows: December 14 at Hatfield; and December 16 at Hadley.

DR. BENJAMIN ADDRESSES POULTRY LOVERS

Dr. Benjamin spoke to those interested in poultry last Friday afternoon in Stockbridge Hall on "Marketing of Poultry and Poultry Products."

Dr. Benjamin is on a year's sabbatical leave from Cornell, and is with Augublick and Co. of New York, Wholesale Receivers of Poultry Products. He spoke especially on the newer phrase of packing and shipping poultry products, and on the co-operative system of distribution now being used in some parts of the country.

Boston Herald, Nov. 19, 1921:—"The explosion of a steam milk-testing machine injured two men yesterday at the milk depot of J. M. Hager & Son, Inc., 482 Myrtle avenue, Somerville. Both are in the Somerville hospital suffering from cuts and bruises about the head, hands, arms and face. They are: Clayton Hager '15, 30, dairy expert, of 37 Jacques street, Somerville, and Walter Coleman, 35, his assistant, of 3 Wesley park, Somerville. Parts of the machine flew in all directions, wrecking the laboratory."

A NEW COURSE IN NURSERY PRACTICE

Ten Weeks Men to Find Valuable Course in Offered Their Curriculum.

Announcement is made by Director of Short Courses, John Phelan, that a new 10-weeks course for men engaged in nursery work will be instituted at the college as part of the regular winter school, to be held this year from Jan. 2 to March 10. This course, which goes under the name of "Nursery Practice," is provided at the request of the New England Nurserymen's Association, and also has the support and co-operation of the Massachusetts Nurserymen's Association.

The number of students is limited to the first year to 25, because of inadequate facilities. It is expected that all applicants will have had considerable experience in nursery work. The same rules and privileges which govern the 10 weeks students apply in this case. Professor Waugh is the college representative of the committee which has charge of this course. Other members of the committee are: Mr. Richard Wyman and Mr. Theodore F. Borst, Framingham; Mr. W. E. Campbell, New Haven, Conn.; and Mr. Harlan P. Kelsey, Salem.

The work scheduled for the coming year is as follows:

1. Horticultural Botany; the identification of plants, their correct names, the science of nomenclature, etc., by Assistant Prof. C. H. Thompson.
2. Soils and fertilizers, covering the origin of soils, soil types, soil moisture, tillage, organic matter, humus, fertilizers, home mixing, etc., by C. H. Thayer.
3. Propagation and nursery practice; seeding, cutting, grafting, layering, seed beds, transplanting, pruning, growing on, digging, packing, etc.
4. Landscape construction; how landscape plans are made and carried out—including grading, planting, road making, etc., by Assistant Professor Roland W. Rogers, under direction of Professor F. A. Waugh.

DEPARTMENT NOTES

Bulletin No. 202 issued by the Experiment Station from the department of botany is by William L. Duran, now assistant professor of botany at the New Hampshire State College and assistant botanist at New Hampshire Experiment Station. This bulletin embodies the thesis presented by Mr. Duran in 1917 for the degree of Master of Science. It is entitled "Kinet of Antirrhinum (snapdragon)".

BULLETIN NO. 203

Bulletin No. 203 issued by the Experiment Station is by G. H. Chapman and P. J. Anderson. It is a preliminary report and investigation on Tobacco Wildfire, and treats with the description of the symptoms of the disease, its causes and reports of investigations on control.

A PARTITION HAS JUST BEEN BUILT

A partition has just been built in the large soil laboratory in the basement of Stockbridge Hall in order to divide the laboratory into two smaller ones. Large classes this fall necessitate this division.

DRESSED POULTRY SHOW

Continued from page 1

all kinds were displayed, and all methods of packing and shipping were illustrated. Boys and girls' clubs, commercial men, and agricultural schools all had exhibits, in addition to those of the various college departments, including the faculty. A very large and a very small bird were given away to the fortunate ones nearest guessing their correct weights. A large rooster was given to each man making a touchdown against Tufts. Dr. Benjamin, formerly with Cornell university and now with Augustinick of New Jersey, acted as judge, and also awarded prizes and gave demonstrations. The poultry department here is launching a campaign to encourage better market poultry and eggs, the campaign being launched with this show. Many visitors, attracted by the big grid clash, attended the show, and were interested in the excellent displays.

Prizes were awarded as follows:—

Senior judging contest—1st, Acheson; 2d, E. A. Lyons; 3d, J. T. Perry.

Roasters—1st, H. S. Davis; 2d, E. A. Lyons; 3d, H. S. Davis; 4th, J. T. Perry.

Boned chickens—1st, H. S. Davis; 2d, R. M. Acheson; 3d, Carl Wiklund.

High total—H. S. Davis, R. M. Acheson.

Vocational judging—1st, C. I. Gaudette and William Walsh; 2d, H. Wilson.

Highest total, vocational—1st, J. J. Earl; 2d, L. Grauman and Daisy.

Vocational poultry prizes—Gaudette, one 4th; J. J. Earl, two 1st; Stillwell, one 2d and one 3d; Grauman, one 2d and one 4th; Rodways, one 3d; Beyea, one 1st; Bardwell, one 2d; Warner, one 4th.

Commercial poultry—Won by F. L. Sedgwick of Lenoxdale; H. Morse of Amherst, 2d; and H. Wilson of Amherst, 3d.

Agricultural schools—Smith agricultural: Lester Premier, 1st; R. Zuzgo, 2d; Stenes, 3d; Slatterley, 4th.

Faculty—W. E. Ryan, 1st, 2d and 3d; Locker, 3d.

Commercial eggs—E. F. Wood of West Bridgewater, 1st; W. Hurriapp of Amherst, 2d.

Unit course eggs—Mendoza, one 1st, 2d, and 3d; Hurley, one 3d; Edwards, one 3d; Clarmon, one 1st; Hurley, one 2d.

Ducks—Webster Brothers of Wrentham, 1st; Raymond of Amherst, 2d.

Boys' and Girls' clubs—Irving Johnson of Hadley, grand sweepstakes, winning fryer and roaster contest.

Fowls—John Marsh, 1st; brothers, M. Warner of Greenfield, 1st.

Dr. V. S. Regan, assistant professor of entomology has resigned his position at the college to take effect at the end of the present term, having accepted a position at the College of Agriculture at the State University of Montana in Bozeman, Montana.

BIOGRAPHIES OF THE TEAM

Continued from page 1

team he won a place as first string end last season, but injuries forced him out of the game. "Ach" has played a good game this year and has done very well on the defense.

Clark, Clarence F., '22, quarterback.—He prepared for college at Amherst High School, and entered Aggie with no football experience. Because of numerous injuries "Stub" has not been able to play regularly. His steady playing and good headwork have put much life in the team. He went to the infirmary a week ago Sunday night with a slight case of scarlet fever, and will be confined there until Christmas.

Grayson, Raymond H., '23, right halfback—a position to which he was shifted from right end at the beginning of the season. He played football at Milford High School before entering M. A. C., and made the varsity his sophomore year. His playing has shown prominently through the season. He is a fighter, hard worker, and is good both in the backfield and in the line.

Beal, James A., '23, left halfback.—He came to Aggie from Abington High School. Although playing his first varsity game three weeks ago, he has developed under Coach Gore's tutelage into an excellent backfield man. A point worthy of mention is that "Jim" after being tackled always falls with his head towards the opponent's goal.

Mohor, Robert de S., '23, left tackle.—He prepared for college at Newton High School. He has played on the varsity in every game both this year and last, and has been a stalwart defense man. His work has been of high grade during both years, and he possesses great strength as a lineman.

Marshman, Wilbur H., '23, right end.—Prepared for college at Springfield High School, but never played football until he came to Aggie. "Willie" has played some of the time in the backfield, but his best work is at end, where he is especially useful in aerial work.

Sargent, Richmond H., '23, quarterback.—Football experience at Thornton Academy prepared him for the varsity, on which he has played two years. He played right halfback last season, but this year most of his time has been spent in piloting the team. His speed and open field running are his strongest points.

Salmon, Kenneth A., '24, right guard.—He entered Aggie from Needham High School, and has been the only Sophomore to make the varsity team. He is a strong guard and has played a fine, steady game. Along with Alger, he rates as one of the best guards in Aggie football.

Alger, Mason W., '23, left guard.—Prepared for college at West Bridgewater High School. In spite of the fact that he had no football experience before entering Aggie, Coach Gore rates him as good a guard as has played Aggie football for some time. He and Cotton have made a good pair on the offense, and little ground has been gained through their positions.

Mudgett, Vernon D., '23, substitute

guard.—Prepared for college at Lancaster High School. "Husky" has played in almost every game this year, and his size has been a valuable asset in giving strength to the line. He has developed into a good utility lineman, playing equally well at either guard or tackle.

Nowers, Donald C., '23, substitute guard.—Coming to Aggie from Cushing Academy, "Don" has developed into a good guard, with plenty of weight to hold up his position. He has come along well this season and has had an opportunity to go into almost every big game.

Taney, Malcolm E., '23, substitute end and halfback.—He is a former Deerfield Academy star. "Ed" has had a chance to play in most of the games this season, and has shown himself to be a steady hard working player. He punts well and hits the line hard.

Hardy, Sherman K., '23, substitute center.—He prepared at Littleton High School. Although having had no previous football experience he plays a good game.

These four men have been first string since this fall, having worked up from the ranks. They are patient, conscientious, hard workers.

Bent, Leslie D., '22, substitute halfback.—He prepared at Medfield High School. In spite of injuries received in the early part of the season, he has proved himself to be a fast man and much credit is due him for his hard work in aiding the backs.

Field, Richard E., '22, substitute tackle.—He entered from Aris Academy.

Leland, James F., '22, substitute guard.—He entered from Framingham High School.

Parker, George B., '22, substitute center.—He entered from Crosby High School, Waterbury, Conn.

Miss Julietta Kahn, representing the Intercollegiate Menorah Association visited M. A. C. last Wednesday afternoon and evening and talked over plans for the coming year with the Menorah executive committee.

"Cy" Tirrell announces a daughter born Nov. 17. "Cy" is an instructor in Animal Husbandry at New Hampshire State.

The Seniors have finished up their field work in soils and are now taking up laboratory study of soils examined in the field.

200% Profit

The equivalent of a bushel of corn, worth from 30 to 40 cents, when fed to good cows will produce about three pounds of butter worth from \$1.00 to \$1.50—at least 200% clear profit, as the manure, skim-milk and calf pay for the cost of care and housing.

How can you make money easier? There never was a time when the production of butter-fat was more profitable, with cheap feed and high prices for butter-fat.

A De Laval Separator enables you to get the most profit from your cream—it skims cleaner, turns easier and lasts longer than any other.

De Laval Prices Reduced

Take advantage of the 1922 reduced prices, available now, which put De Laval Separators on practically their pre-war basis. You may be paying for a De Laval and not getting it by using a cream waster.

See your De Laval agent or write us for full information.

GLEE CLUB MEN CHOSEN FOR THE BOSTON TOUR

Twenty Two Men in List for Holiday Concert Trip.

Several concerts have been arranged for the Boston trip of the Musical Clubs. The first one takes place on the Wednesday after Christmas, and is followed by three others on the next three nights. Concerts have been arranged in Salem, Newburyport, and Peabody. The schedule of these concerts will be announced later. The regular Boston concert will be held in the Hotel Brunswick on either Wednesday or Friday nights.

The following members of the Glee Club will make the trip:

FIRST TENORS.
Spring, Eldredge, W. C. Frost, Stevenson, Armstrong, Nowers.

SECOND TENORS.
J. L. Williams, Russell, Sears, Richards, M. G. Murray.

FIRST BASSES.
Vinton, Holman, Kennedy, Loring, Slade, Norcross.

SECOND BASSES.
Bennett, Whittier, Cotton, Keith, Sandow.

INFORMAL DANCE THIS SATURDAY ON CAMPUS

Memorial Building Hall is the Place From 7:30 to 11:00.

Saturday night the informal committee is to run the first of a series of dances in the Memorial Building. A college orchestra will furnish the music and dancing will be in order from 7:30 until 11:00 o'clock. The prices for admission are: Single ladies 35 cents, single gentlemen 50 cents, couples 75 cents.

The dance is to be the first of a series instituted so that the men and women of the college may come together socially in some way or other each week end. During the winter term they will be run after the basketball games. It is hoped that a large number of students, faculty, stenographers and their friends will take advantage of the new socials.

GRADUATE CLUB

The Graduate Club is planning to hold its next meeting soon and expects to obtain a speaker of exceptional interest for the occasion. The full organization of the club is as follows: President, Mr. French; vice-president, Mr. Potter; secretary-treasurer, Miss Garvey; chairman Social Committee, Mr. Rogers; chairman Program Committee, Mr. Avery; Faculty Committee, Dr. Marshall, Dr. Chamberlain, and Dr. Crampton.

SOCIAL UNION PROGRAM ANNOUNCED BY MANAGER

Fisk Singers Give Unusually Interesting First Concert Before Large Audience.

The Fisk University Jubilee Singers from Nashville, Tenn., gave an entertainment last Friday evening in Bowker Auditorium under the auspices of the Social Union. A program containing many varied and appropriate selections allowed the singers the greatest opportunity for the expression of the negroes' contribution to the world of poetry and music.

The presentation of "My Old Kentucky Home" by Mr. Myers, to the humming accompaniment of the others, was one of the effective pieces of the evening. The explanations of the meanings of the various songs, as described by Mr. Myers, lent added significance to the spirit of the songs. The skillful manner in which the order of the selections was arranged, with the slower, more melodious songs mingled equally with the faster, harmonious chants, cast a spell upon the audience. Humorous quips and incomplete harmonic conclusions so characteristic of the old negro melodies added to the attractiveness of the songs.

The climax of the evening's entertainment was reached when Mr. Myers gave two recitations; the first, a humorous poem by the colored poet, Dunbar, continued on page 8

INTERFRATERNITY CUP FOR SCHOLARSHIP IS AWARDED

Q. T. V. in First Place with an Average Per Cent. of Nearly 79.

The Interfraternity scholarship cup went, this year, into the hands of the Q. T. V. Fraternity, although there was a range of only a little over three points between the first and last places. The cup was held last year by the Alpha Gamma Rho Fraternity, which held second place in the list this year. The marks were made out at the registrar's office and the average for each fraternity calculated. These marks represented the grades attained by the students in the different fraternities averaged together and are for the school year of 1920-21. The highest grade attained by the leading fraternity was two per cent. lower than attained by the highest of the previous year. The averages for the various fraternities are as follows:

Q. T. V.	78.94
Alpha Gamma Rho	78.67
Kappa Sigma	77.47
Lambda Chi Alpha	77.26
Theta Chi	76.98
Alpha Sigma Phi	76.70
Phi Sigma Kappa	76.60
Kappa Gamma Phi	76.67
Sigma Phi Epsilon	75.60

M. A. C. PLACES SECOND IN RED CROSS DRIVE

Amherst is Twenty Per Cent Ahead of Aggie While Third Place is Ten Per Cent Below M. A. C.

When the curtain dropped on the Fifth Annual Red Cross Roll Call on Wednesday, Nov. 23, Kenneth Moody '22, general chairman of the campaign at M. A. C., announced that 511 members of the entire student body. This is a very good figure in itself, although not as high as was at first hoped for. Moreover, it placed the college second in the competition among New England Colleges. The students from the other end of the town won first place by a wide margin, thus securing the large Red Cross banner which was offered for the highest percentage. The final standing was as follows:

	Enrollment	Subscribers	%
Amherst	519	425	82
M. A. C.	827	511	62
Worcester Tech.	483	250	52
Udell	456	235	52
Norwich Univ.	203	133	45
Univ. of Maine	1440	539	37
Mass. Inst. Tech.	3180	1075	34
Tufts	905	276	34
N. H. State	805	272	30
Lowell Textile	205	73	28
Middlebury	240	66	28
R. I. State	375	71	19
Clark	197	36	18
Barnmouth	2035	223	11

The campaign here at college was carried on by classes, and incidentally there was keen rivalry among the classes for the highest percentage enrollment. Each class had a class captain who divided his class into groups, each of which was canvassed personally by a special solicitor for that group. It was thought that by this means more interest could be aroused in the campaign, more men could be reached than in any other way, and the greatest number.

COMMENCEMENT COMMITTEE ELECTED IN SENIOR MEETING

Class Meeting After Last Thursday's Assembly.

The Senior class held a short class meeting in Bowker Auditorium after Assembly last Thursday for the purpose of electing the Commencement Committee. This committee has full charge of Commencement exercises next June and is to meet soon for the purpose of electing a chairman and to begin the work of arranging programs.

The committee is: John N. Lewandowski of Easthampton, Albert W. Smith of Easthampton, Robert W. Spring of Braintree, George H. Thompson, Jr. of Lenox, Frederick V. Waugh of Amherst.

TEN GAMES ALREADY LISTED FOR BASKETBALL

Management Hindered by Decision of Stevens and St. Lawrence to Drop New England Trips.

Every casual spectator at the Drill Hall any afternoon this week will be rewarded by watching the snappiest basketball practice he has ever seen. Intense competition for berths on the first team is resulting in a vim and speed seldom attained at the start of the season. Experienced basketball players who pulled Aggie through last year's season with such excellent results, find themselves hard pushed by a group of aspiring non-letter men. After the first cut made in the squad last week-end, there are 17 men left from which to pick the varsity squad. Enthusiasm, determination, and athletic ability supply the fundamentals of a championship team. The present Aggie basketball squad possesses these requisites. A winning team is the only

Continued on page 2

NOTED AGGIE ALUMNUS RETURNS FROM EUROPE

Prof. White '95, Returns to Cornell After Three Months Study Abroad.

Prof. E. A. White, M. A. C. '95 of the Department of Floriculture, of Cornell University, arrived home from a three months' European trip on Nov. 15. Seven weeks were spent in study at Kew Gardens and in making a survey of commercial floricultural interests in London and vicinity. Prof. White also visited many of the large palace gardens and private gardens in England. In Paris he visited the Roserie de L'Hay, the rose gardens at the Bagatelle and the gardens of Luxembourg Palace, Tuileries Gardens, Versailles and the large seed firm of Vilmorin & Andreux. In Lyons the firm of Pernet-Ducher and Sons was visited. This firm has originated many of the American varieties of roses and now have a large number of promising seedlings. The nurseries of M. Guillot and Bernaix, also rose breeders, were visited. Orleans is the center of the nursery section of France and where many of the largest establishments in Europe are. E. Tarbat and Co., Barbier & Co., and Lavasseux were visited. In Belgium Prof. White visited the nursery center at Ghent, also a large commercial establishment in Bruges and the Botanic Gardens in Brussels. In Holland he spent some time in the flower growing section at Asmeer near Amsterdam, also in the bulb growing section of Haarlem, Lisse, Sassenheim, Leiden and The Hague.

Professor White has had interesting notes of his trip each week in the floricultural trade paper.

BASKETBALL

Continued from page 1

possible result, and the New England championship does not seem an impossible honor to gain.

The schedule will include 16 games. Among some of the strongest opponents are Harvard, M. I. T., Conn. Aggie, and Amherst. The date for the Amherst contest has not been definitely decided upon. Worcester will not appear on the schedule. The Stevens and St. Lawrence teams are not permitted to make a New England trip at all this year which accounts for their failure to be listed.

The schedule to date is as follows:
Saturday, Jan. 7—M. I. T. At Home.
Friday, Jan. 13—Trinity. At Home.
Saturday, Jan. 14—Conn. Aggie. At Storrs, Conn.

Saturday, Jan. 21—Tufts. At Medford.
Wednesday, Jan. 25—Harvard. At Cambridge.

Thursday, Jan. 26—M. I. T. At Cambridge.

Saturday, Feb. 4—Tufts. At Home.

Saturday, Feb. 11—Conn. Aggie. At Home.

Wednesday, Feb. 15—Wesleyan. At Home.

Thursday, Feb. 23—Vermont. At Home.

F. P. RAND IN FRIDAY CHAPEL

Last Friday morning in chapel Mr. Rand spoke to the students on the recent Interfraternity Conference held in New York. The Conference meets every year, and each fraternity paying dues sends three delegates. Discussions and resolutions result from speeches by prominent men from all the country. The purpose of the conference is to promote harmony among fraternities. The Conference is in favor of an open rushing season with no definite restrictions. It is also in favor of fraternity extension. It urges a greater spirit of co-operation among the fraternities and their representatives in the local interfraternity conferences.

NEW COURSES

The following new courses are to be offered in the winter term:

Agricultural Economics 85. For Seniors. Seminar in agricultural prices. Two to three credits. See Department.

Animal Husbandry 81. Required of Seniors majoring and Animal Husbandry. One hour scheduled Tuesday, 10-11, Room 217. See Heads of Departments.

Physics 26 will have a third section of lectures, Monday, Wednesday and Friday at 9-10, in Physics Lab. B.

Junior-Senior election cards are due in the Schedule Room not later than Saturday noon, Dec. 10.

DANCE IN MEMORIAL BUILDING

The Co-eds of the class of 1925 inaugurated last Saturday evening in the Memorial Building a new stunt—a get-together dance for the Freshman Class. The boys of the class were invited by note, and about forty couples attended. Music for dancing was furnished by "Buddy" Frost's orchestra, and there were also a few games played. Punch and cookies were served before the dance was over at eleven o'clock. The chaperons were Mrs. Skinner, Miss Hamilton and Miss White.

The Freshman candidates for the debating team to represent their class are Cassano, Batal, Goldstein, Corwin, Ward and Taube. Each has had high school experience in debating.

CLINTON A. JACKSON OF SPRINGFIELD SPEAKS

Assembly Speaker Gives the Whys and Wherefores of Chambers of Commerce.

The speaker in the Assembly of December 1, was Clinton A. Jackson, a graduate of the Michigan Agricultural College and a member of the Springfield Chamber of Commerce. His topic was "What is and Why is a Chamber of Commerce."

In brief his speech was as follows: "Students of the Massachusetts Agricultural College, I am a graduate of an M. A. C. also, but of Michigan and not Massachusetts. I am here to tell you a little about the duties of a Chamber of Commerce. Arthur Murray, thirty-two years old and a man who has risen high in the automobile industry, says 'Our grandfathers have passed on to our fathers a heritage which has been dissipated and New England must reclaim that heritage if her children are to prosper.' This is in industry. We are encroached upon by the other sections of the country. They are taking our industries and thus lowering our standard as a leading manufacturing state. We need an understanding of how to entertain the trend of Agriculture in future years. New England has seven million acres of unused land. Industry in Massachusetts faces the handicap of transportation.

"There is an unresponsiveness of industry and commerce to agriculture through ignorance, and they have a duty to it. New England is a workshop and exchanges her products with the west for food products. We are, however, in competition with western farms. The Chamber of Commerce stands behind the credit of foreigners so that they may help us to advance in industry.

"A Chamber of Commerce is an opportunity for the best brains of a community to get together and pull together. There are 61 of them in Massachusetts with a membership of 30,000 men of careful judgment. By helping us they help save New England industry and commerce. There is also a Junior Chamber of Commerce in Springfield, designed to interest the young to follow the problems of the state or community. Besides paying our taxes we must give our services."

After a few notices had been read by Smith, president of the Senate, the student body was dismissed.

DOZEN MEN APPLY FOR SIX DEBATING POSITIONS

Professor Prince Engaged to Coach M. A. C. Varsity Debating Team.

Debating at Aggie is at last coming back into its own, and Manager Krasker has arranged a triangular meet with Rhode Island and Connecticut Aggie for next term. To provide an incentive, the Non-athletics Board has decided to award one credit for every debate participated in. The valuable services of Professor Prince have been secured, and he will coach the team.

In former years, Aggie has turned out some of the best collegiate teams. The return of interest in debating among the undergraduate body may be shown in the number of candidates that have applied for the six available places. Among those that have applied are the following:

Martin '23, Sandow '23, Lal '22, Norcross '23, Ganzue '23, Broderick '23, Tanner '23, Eryslau '22, Tanner '22, and Krasker '22.

HOCKEYMEN HOLDING PRACTICE EACH AFTERNOON

Freshmen Have Over a Dozen Candidates Out for the Team.

Among the men reporting regularly for hockey practice, Collins, Lyons and Gordon are veteran varsity players.

The Sophomores have sent out some excellent material. Goldsmith, Tewhill, Lamb, Chase, and Loring are out for the defense and offense positions, and Brunner and Kilbourne are on for goal tender. Cotton, Kroeck and Barker are also out for goal.

The old reliable standbys of last year, Whitaker, Cotton, Hodsdon and Hardy will make strong bids for their positions.

Manager Tucker has some very good games arranged, and games with Harvard, Yale, Dartmouth and Amherst are practically assured. The rink has been put in good condition, electric lights are to be installed for night practice, and bleachers will be set up.

The Freshmen are working out with the Varsity and are out twice a week. They will continue this until Christmas. Men out are: Crosby, ex-Arlington star, Guild, Hutchins, Lovell, Macaulay, McGeonch, Pierce, Sheldon, Sprague, Sanford, Taylor, White and Ward.

COSMOPOLITAN CLUB ORGANIZED AT M. A. C.

First President is C. H. Lowe of China. Dr. Itano Gives Address. Constitution to be Drawn up.

The foreign students of the college held a meeting in the Memorial building last Thursday evening to organize a Cosmopolitan Club. This is to be a chapter of an international club which is represented in all the large universities of the world.

Dr. Itano gave a short address in which he explained the purpose of the organization.

The following officers were elected: President, C. H. Lowe of China; vice-president, Eunice Austin of England; secretary, Prem Chand Lal of India; treasurer, Danitza Arangelovitch of Serbia.

A committee was appointed to draw up a constitution which is to be reported at the next meeting.

Simpson,	14.8

REPORT OF THE INTERFRATERNITY CONFERENCE.

At the last meeting of the Conference on Dec. 1st, 1921, the following measures were voted upon:

Invitation cards be given Freshmen at Assembly Dec. 8, to be collected at Assembly Dec. 15.

Each fraternity be permitted no more than two dates with any one Freshmen, Saturday afternoon being considered one date, and Saturday evening another date. "Date" was defined as an evening party after six p. m., a Saturday afternoon party to be over by six p. m., or a Sunday afternoon party to be over by six p. m.

The Secretary will have printed and distributed to the fraternities the invitation cards before Dec. 7th. These cards must be returned to the Secretary by Wednesday evening Dec. 7th.

The following committee was appointed to arrange an interfraternity relay schedule: Hallett, Gordon, and Folsom.

The sentiment of the fraternities is desired on a pool and bowling series to be started as soon as the alleys and tables are installed in the Memorial Building.

LECTURE ON ABERDEEN-ANGUS BY MR. BURNHAM

Last Wednesday evening at 7:30, in Bowker Auditorium, an illustrated lecture was given on "The Improvement and Possibilities of the Aberdeen-Angus in New England."

The speaker was Mr. F. W. Burnham of the Black Stock Farm, Greenfield, and secretary and treasurer of the Aberdeen-Angus Breeder's Assn.

The lecture was illustrated with two reels of motion pictures, the first showing the raising of the cattle on the open range in the Southwest, and the second showing local farms.

Mr. Burnham compared the three common beef breeds, and showed, by using an actual personally conducted experiment covering 90 days as an example, that the Aberdeen-Angus is the most profitable when quick returns are desired.

RED CROSS DRIVE

Continued from page 1

ber of subscriptions secured. These expectations were realized. The class captains were: Buck '22, Bennett '23, Gay '24, R. Cook '25, Ritchie 2-yr. '22, Swanson 2-yr. '23, and Daisy, Specials. And the final percent by classes:

'24—75%; '23—71%; 2-yr. '22—69%; '22—64%; '25—54%; Specials—50%; 2-yr. '23—48%.

Although working under the difficulties of a late beginning and a lack of supplies, M. A. C. on the whole did remarkably well. Aggie is by no means a rich man's college, but she has demonstrated once again that she is always ready to give liberally to a worthy cause. Mr. Rotch, the New England division manager of the Red Cross, has extended his thanks to the members of M. A. C. in hearty appreciation of the way in which they aided in this Red Cross Roll Call.

AMERICAN EDUCATION WEEK DECEMBER 5

This Monday morning in Chapel, Dean Lewis brought to the attention of the students the fact that this was American Education Week.

The purpose of this observance of American Education Week is to bring to the attention of the public the need of teaching and fostering true Americanism in the schools of the United States.

The American Legion is cooperating with the National Education Association in this work and some of their resolutions are, in brief, as follows:

1. That all teachers in America, exchange teachers and professors excepted, shall be American citizens.

2. That no one shall be permitted to teach in any school in America who has less than a high school education, plus two years of other training.

3. That the English language be made the basic language for instruction in all schools.

These are the most important resolutions, although there are others of equally good purpose.

The committee in charge of this work hopes to find answers to some of the important civic problems, knowledge of our government, and better and universal use of the English language.

Dean Lewis emphasized the fact that we, as members of a college, a higher institution of learning, should think seriously on these questions, and try to realize and perhaps help in the need of improvement in these conditions.

TWO YEAR BASKETBALL SQUAD HARD AT WORK

Capt. Ross and Parsons to Form Nucleus of Team.

Although Capt. Ross and Parsons are the only letter men on the two year basketball squad this year, Coach Grayson feels confident that he can form a formidable quintet from the 35 or more men who have already reported for practice.

A more or less difficult schedule has been arranged for the team. Manager Nettleton announces that the most important games on the schedule are with Union Freshmen, Williston Academy, Cushing Academy and Clark School.

"Em." has chosen temporarily the following for the first squad: Ross, Parsons, Adair, Greene, Haskins, Cutler, Wilson, Pierce, Scrout, Baker, Cluff, Donnelon, Barnicle and Galvin.

SOCIAL HYGIENE LECTURES

Doctor Seeley of Springfield College gave the first of his lectures on social hygiene to the freshmen of both the two and four year courses last Wednesday night in Bowker Auditorium immediately after supper. A second lecture was given Thursday night, and the others will be given very soon.

Doctor Seeley is undoubtedly the best lecturer of his kind obtainable, and is very much liked by all his audiences.

The freshmen are required to attend these lectures, but any other men who wish to go are welcome.

A Purely Curriculum Matter.

At the recent National Convocation of Universities and Colleges on International Relations, at Chicago, the following resolution was passed:

"Resolved, that this convocation, aroused by the consideration of the great problems now under discussion at Washington, calls the attention of college and university officers and students to the necessity of providing more fully than do present courses of instruction in American educational institutions for an intelligent understanding of the problems of national and international life. To the end that presents defects in these matters be corrected, it is urged that courses of instruction be provided which shall acquaint students in schools and colleges with the fundamental necessity of social co-operation and the disastrous consequences of the lack of international harmony and war."

It seems to be a lamentable fact in American education, from the bottom rung of the ladder to the top, from primary school through college, that the student is blind to what goes on in the world about him. Even national and state matters are mere shadows in his mind. He knows all about Fatty Arbuckle, little about Japanese diplomacy; all about captain-elect Jordan of Yale, little about the policies of the British Empire.

Ignorance of world problems can not be held against the student alone. It is the fault of the system which does not require the possession of such knowledge through required courses. American history and civics in high schools can not provide sufficient basis for an understanding of the issues facing America and the world today. Every young man in American educational institutions should be following, step by step, under competent guidance, the Disarmament Conference now being held at Washington.

The College man, especially, is supposed to be "up" on current affairs as well as those affairs of ancient Greece or the Middle Ages. And it is surpris-

ing how ignorant most of us are. Four years in college should not mean four years apart from the living, breathing United States. It should mean four years of intimate, thoughtful contact with our national problems.

This is purely curriculum matter, and one which must be studied by the American Colleges if our education is to be a competent means of turning out "thinking citizens."

A Worthwhile Thing.

Real "cultural" organizations at M. A. C. are rather scarce, and one which does good work surely deserves our congratulations. This is the third year that the Junior Quintet has been working together, rehearsing weekly, and it has developed into a musical group that any campus might be proud to claim. This Quintet has had a motto, "No Jinx," and has worked quietly for better musical expression. Their work at the Semi-Centennial last June, at the opening of the Jones Library, and at other like occasions, has been of the highest order. The Collegian thanks the men for what they have done and wishes them a highly successful future.

World Agriculture.

The fall number of *World Agriculture* appeared on the campus last week, and contains much of interest to followers of the profession.

M. A. C. was liberally represented in the issue. President Butterfield writes on "A Satisfying Country Life," and Dr. McFall, Extension Professor of Agricultural Economics, has a long article on "Recent Developments in Agriculture and Industry." Two of Prof. Barnes' photos of the campus are used to decorate the magazine.

The "World Food Number" is filled with worthwhile material, and the paper is surely proving to be a real contribution to rural literature. The next issue will be the "Denmark Number."

A Plea for the Dignity of Sunday Chapel.

Sunday chapel at Aggie, with the simple dignity of its service, the good music, and the splendid messages of the speakers who come to us from all parts of the country, is an institution of which most of us are proud. Some of those who attend it regularly may go because it is required of them, and others go because they find it more convenient or stimulating than attendance at their own churches. But many go because they want to share in a service of worship and because they sincerely care for the service as a religious exercise.

Last Sunday the first half of a fine organ prelude was drowned in a murmur of talk and laughter, while the shuffling of feet, the needless clatter of seats, and the scraping of hymn-books destroyed much of the impressiveness of the singing and the responsive reading. Let us all try to be quieter, and to enter more deeply into the spirit of Sunday chapel, that each of us may better appreciate and enjoy coming together for worship.

Mr. Greene, former librarian of the M. A. C. Library, gave a short talk to the Freshmen last Wednesday morning in Stockbridge Hall. "The library," the speaker said, "is the largest and most democratic department in this institution." In closing Mr. Greene remarked, "The library is the largest and best agricultural college library in the country, having about 70,000 volumes.

CAMPUS CALENDAR

WEDNESDAY, DEC. 7.

Annual Conference of Extension Workers.

6:30 P. M.—Lecture, Dr. Seeley of Springfield, Bowker Auditorium.

THURSDAY, DEC. 8.

Annual Conference of Extension Workers.

3:45 P. M.—Assembly, Stockbridge Hall. Mr. C. W. Pugsley, speaker.

6:30 P. M.—Lecture, Dr. Seeley of Springfield, Bowker Auditorium.

7:00 P. M.—Y. W. C. A. Meeting, Memorial Building.

7:30 P. M.—Animal Husbandry Club, Bowker Auditorium. Speaker: Mr. Levett of the *Agriculture Digest*.

CUSTODIANS OF QUALITY

IN every community there is always one store, which by the high and unchanging character of its merchandise, comes to be regarded as a Custodian of Quality. That is the aim and achievement of this store. Our only quest is quality, and no one can bribe us to forget it. And the only reason why we present HICKEY-FREEMAN CLOTHES again this season is because there is none better. For the true economy of Quality, buy a HICKEY-FREEMAN SUIT!

COMMUNICATION

THE MASS. COLLEGIAN EDITOR.
Amherst, Mass.

Dear Sir:

The following item taken from the Amherst Record of Nov. 15th may be of interest to some of your students, who are contemplating foreign work in agriculture after graduating. I thought that some of the student readers of the COLLEGIAN would want to know more about the splendid openings which now await graduate students of character and ability. We have many fine positions waiting for the right men in all lands where are schools of education and missions of evangelism. We are now combining the three departments and find that the combination represents excellent efficiency.

Yours most sincerely,

FREDERICK A. LEITCH.

An item of unusual interest to Massachusetts Agricultural college graduating students comes from the Board of Foreign Missions of the Methodist Episcopal church, to the effect that Maharajah of Bikanir, Northwest India, has offered to his mission 10,000 acres of fine farm land that is to be the site of a demonstration farm and agricultural college to disseminate American methods of agriculture among the Rajputs. So desirous is the Maharajah of obtaining graduates with experience in this line of work, that in addition to the land, he offers to put up all buildings for the station and college according to modern specifications and pay all salaries of the experts as well as other operating expenses of the institution. Besides this the same board has secured in Chili an old Spanish estate, possessing many splendid buildings and a tract of land that represents 100,000 acres. Dr. Leitch of Wesley church is in Amherst to co-operate with the Board in securing suitable student graduates for these fields of service.

JUST BITS.

The challenge to a debate from the Freshmen to the Sophomores which was read in last Thursday's assembly is claimed by the Freshmen to have been unauthorized. It is understood, however, that the Freshmen have such a challenge under consideration, and it will be brought up at the next meeting of the class. Therefore, the Sophomores will take no action upon this unofficial challenge.

"When is the deer season on?"
"The season for dears is on for the whole college year!"

With the opening of the deer season, the Dean's office has begun checking up the cuts remaining to the lovers of the open.

Next year's football manager was duly initiated as a member of the athletic department on Monday of this week. His initiation was in the form of a practical joke even worse than the one played upon "Dick" Holden a few years ago.

CAMPUS NOTES

The two year men will start practicing the early part of next week with Willard K. French as coach.

Professor Banta judged the utility birds at the Commercial Poultrymen's contest held at Amherst on November 28. W. Hulenp a student of poultry won eleven lists at the same contest.

Lawrence S. Dickinson '10, head of the Grounds department, has perfected a new method of construction for elider walks. An example of his work is to be seen at the end of the cement walk just above the pond.

Sunday afternoon Mrs. Edith Smith, a special student, entertained the women students and their guests in Adams Hall, with a delightful account of her work in a girls' school in India. Mrs. Smith taught there for nearly five years and expects to return there in about a year to take charge of the teaching of home economics.

The Menorah Society held their bi-weekly meeting last Sunday noon in the Memorial Building. There is usually a speaker but this meeting was without one. However, a lively discussion concerning Jewish parochial schools was held.

John D. Willard, director of the M. A. C. Extension Service, has called the ninth annual conference of county and state extension workers to be held in Stockbridge Hall, Tuesday, Wednesday and Thursday, December sixth, seventh and eighth. United States Department of Agriculture and the County Extension Service will help the college at this conference for the promotion of extension work in agriculture and home economics.

Accident to Special Train.

Old man Winter tried to annihilate the student body in one fell swoop when he dropped a tree on the special train returning from Boston after the Thanksgiving recess. Just the other side of Jefferson the "gang" awoke with a start to find that over 80 windows of the train had been broken by a tree which fell on the train as it went by. "No one was hurt except financially," as the conductor would say.

POMOLOGY.

The M. A. C. judging team will leave Wednesday afternoon for Toledo, Ohio, to take part in the Intercollegiate Fruit Judging contest of North America, held in connection with the American Pomological Society meeting.

The team has not yet been chosen. It seems doubtful whether the same team that represented the college in the New England contest at New Concord, N. H., will represent M. A. C. at Toledo.

The fruit judging contest between Syracuse University and the two year men promises to be an interesting one. I. B. Stafford '19 is coach of the Syracuse University team.

PROF. N. E. PHILLIPS TO INSTRUCT IN BEEKEEPING

For the first time since 1918 Mass. Agricultural College is able to be of service to beekeepers of the State. Prof. N. E. Phillips was recently appointed to the college staff as instructor in Beekeeping. Professor Phillips has written a new correspondence course in Beekeeping, which is a thorough and systematic study for the beginner with bees.

The new course considers the fundamentals of beekeeping in 10 lessons. Each lesson contains a discussion by the instructor, a reading assignment in a standard text on beekeeping, and references in bulletins sent with the course. Questions are included, to be answered and returned to Professor Phillips for correction.

Like all other correspondence courses, the new beekeeping course is open to enrollment for Massachusetts residents at any time during the winter term. The problems studied are: Equipment, Spring Management, Swarm Control, Management for the Production of Honey Crops, and Bee Diseases and Enemies. In so far as possible, the lessons will follow the natural order of the seasons.

The course will meet the needs of those who intend to keep bees for use in pollination in connection with the production of orchard, garden or field crops, as well as those who desire to produce honey.

NOTICES

The speaker for Sunday Chapel on Dec. 11, is to be Mr. Daniel A. Poling, of New York City.

At Assembly tomorrow, Dec. 8, the student body will be addressed by Mr. C. W. Pugsley, Assistant Secretary of the U. S. Dept. of Agriculture.

Notice to Freshmen:—At Assembly on Dec. 8, the Interfraternity Conference will give out to the Freshmen all invitations of the various fraternities of the Conference for dates during rushing week the first part of next term. Full instructions will be given at Assembly for filling these cards out. They are to be handed in to the Conference without fail at next week's Assembly, Dec. 15, in order to be valid, and will then be returned to the Fraternities.

Notice to Sophmores:—More competitors are needed at once for the literary department of the 1924 Index. There is plenty of work to be done, and a fine chance to get into an activity for any who have the least bit of talent along that line. See Friend or Arrington '23.

The schedule for pictures for the 1923 Index, to be taken at Mills' Studio, has been changed. Further notices will be given out in the COLLEGIAN and in Chapel. As there has been some little confusion thus far, it is essential that all who are concerned make special note of their particular dates.

RELAY NOTICE

The Interfraternity Conference announces that the relay season for next term will commence two weeks after the term begins. Freshmen pledges are eligible to take part in this. Captain Sullivan, of varsity relay, is anxious to know who is coming out, and to get a line on prospective varsity material.

EXPERIMENT STATION SEMINAR REPORT

Prof. Morse Conducts Meeting Dec. 6.

The regular weekly seminar was held at the West Experiment Station on Monday, Dec. 5, with about 20 members of the faculty in attendance. The meeting was in charge of Prof. F. W. Morse of the Experiment Station, who reported his studies on lime absorption

and acidity; on comparative effects of sulfate and muriate of potash; and on study of availability of soil potash.

By no means the least interesting part of the meeting was the discussion which followed Prof. Morse's discourse, and which was entered into quite earnestly by those gathered around the table. Different views and theories along the same general topics were brought to light, and some of the points brought out by Prof. Morse were given further consideration.

The Pulsation Test

Take out your watch and time the pulsations of a De Laval Milker. You will find that every unit in the barn, no matter if there are a dozen, is running at exactly the same speed and as uniformly as the tick of a clock. This insures your cows being milked in exactly the same way from day to day or year to year, and is one of the reasons why cows do so well with the De Laval Milker.

Try this test on any milker and you will understand just one of many reasons why the De Laval is "The Better Way of Milking." Send for full information.

NEW YORK PREACHER GIVES EMPHATIC ADDRESS

John Haynes Holmes Speaks to Students in Chapel, on "Service to Mankind."

A most inspiring sermon was preached by Rev. John Haynes Holmes of the Community church of New York City at Sunday Chapel. The subject of his sermon was "Service to Mankind," and for three quarters of an hour Rev. Mr. Holmes interested the students with his talk. The speaker admonished the students to beware of selfishness, which he said was the cardinal sin of man. The greatest object in a man's life should be to live that life for the welfare of mankind and thus be serviceable to all peoples.

Mr. Holmes gave the following definition, stating that a serviceable life is the transformation of the soul to God and to the welfare of all humanity. He also compared the easy mode of living of the rich people, with all their wealth and luxuries, to that of a poor man whose life is always more serviceable to the world. The people today, he said, are inclined to grab all the money that they can possibly lay their hands on, and then take a chance on what they may earn tomorrow.

If we wish to make our life be of service to mankind at large we must discipline and sacrifice ourselves to such a life. We must take serious consideration of the serviceable life. There is no possibility of reconciliation between the life of service and the life of pleasure and wealth. There can be no compromise! If we enter upon an idealistic life we must adhere to it to the end.

INDICATIONS POINT TO STRONG YEARLING QUINTE

Eight Men at Present in Squad A With Eight others on Team B.

From all appearances, the Freshmen are going to be represented by a fast basketball team this fall. The material is exceptionally good. Sullivan, Fish and R. Jack, all Amherst men are experienced players, while Samuels, Hale and Cahill are fast and clever. The following are the important games on the schedule: Hopkins, Deerfield Academy, Williston Academy, Greenfield High, Turners Falls High, Smith High, and Sacred Heart High.

Coch Gore has worked hard with the boys during the last week, putting them through preliminary practice and having the first and second team scrimmage. "Kid" has chosen the following temporarily for positions on team A: Hale, Cahill, Samuels, Simons, Garmou, Seaver, Bilske and Sullivan. The following are on team B: R. Cook, Harley, Whittum, Holbrook, Wilcox, Pelletier, Dean and Shumway.

H. Nye of East Boston and H. Slade of Chelsea are both competing for the managership of the team.

The poles which have been placed around the hockey rink are intended to support the lights for the evening practices and late games of the hockey team during the coming winter.

FINALS ARE COMING SOON

Last Monday morning in Chapel, acting President Lewis gave the usual "before finals" warning to the college. He emphasized the fact that these last few weeks count heavily on a student's marks, and may determine whether he is allowed to take the final examination or not. The Freshman class was especially warned, not because of any lack of good marks, but because they are about to go through their first set of finals, and need a little encouragement. Dean Lewis urged those men who are having trouble to go to upper classmen for help, as they are always willing and glad to do this.

CASTS NEARLY COMPLETED FOR AGGIE REVUE

Senior Act to Consist of Three Feature Musical Numbers.

In the "Aggie Revue" which is to be staged in the auditorium of Stockbridge Hall Dec. 17th, the casts for the four acts were selected at respective meetings.

NON-ATHLETIC BOARD NOTICE

The Non-athletic Activities board has voted to issue no further public announcement of medal credits. Candidates may learn their standings, however, by personal application to the general manager. Attention is called to the fact that the list of credits published recently in the COLLEGIAN was neither inclusive nor up-to-date.

Solomon Cohen's gift of oratory and his ability to dispute the referee's decisions places him in a likely position for the captaincy of South College's twelfth eleven.

SOCIAL UNION

Continued from page 1

entitled "In the Morning," the second, a more serious poem by the same author, "When My Lina Went to War," which was related with great dramaticism and emotion.

In his introductory remarks to the various selections, Mr. Myers attempted to outline the development of negro songs and to give some explanation of their existence. The quintet was composed of four men and one woman. They were, in their order from left to right as they appeared on the stage: Mr. James A. Myers, Mr. Alfred T. Clarke, Mrs. James A. Myers, Mr. Carl J. Balbour, Mr. Collins.

The program which was given follows:

1. Steel Away to Jesus
Good News the "Charlot's Comin"
Quintet
2. My Old Kentucky Home
Mr. Myers and Others
3. Everybody Talkin' 'bout Heaven ain't Goin' There
Lil' David Play on Your Harp
Quintet
4. Solo: The Two Grenadiers
Mr. Collins
Mrs. Myers, piano accompaniment
5. You Hear the Lambs a-callin', oh Shepherd go Feed My Sheep
Quintet
6. Ain't Gonna Study War no More
Quintet
7. Ol' Black Joe
Mr. Collins, Mr. Myers and Others
8. Lil' Bunch of Honeybuns. A Lullaby
I Want to be Ready to Walk in Jerusalem
Just Like John
9. Recitation: In the Morning
Mr. Myers
10. Recitation: When My Lina Went to War
Mr. Myers
11. Swing Low Sweet Chariot
Quintet

This year, the Social Union entertainments will come on the first and third week-ends of the winter months, and the complete schedule follows:

- Dec. 2, Friday, 6-30 p. m. — Fisk University Singers.
- Dec. 17, Saturday, 6-30 p. m. — Aggie Revue (local talent).
- Jan. 7, Saturday, 6-30 p. m. — Ernest Gamble Concert Party.
- Jan. 20, Friday, 6-30 p. m. — Captain Grant Williams, former detective on the New York Police Force.
- Feb. 3, Friday, 6-30 p. m. — Mr. Phidelah Rice, Dramatic Reader.
- Feb. 13, Saturday, 6-30 p. m. — Orpheus Male Quartet.
- Mar. 3, Friday, 6-30 p. m. — Mr. Thomas A. Daly of the Philadelphia Record — Poet and Journalist.
- Mar. 19, Sunday, 3-40 p. m. — Mr. Thomas Wilfred, Lullist.
- Date pending, Sunday, 3-40 p. m. — Prom Concert — Havens' Trio.

TRACK ANNOUNCEMENT

Candidates for the Varsity Relay Team will report to Coach Derby to pass in hour plans for the second term. No work will be done on the board track this term, but in order to plan for practice schedules the second term, these hour plans should be turned in at once.

W. A. BANGS OF SOMERVILLE IS TWO YEAR LEADER

Election Of Captain For Next Year Follows Banquet and Speeches At Draper Hall.

Twelve members of the Two-Year football squad were awarded their letters at a banquet given to the members of the squad at Draper Hall last Wednesday evening. The banquet was a termination of a rather unsuccessful season in the matter of victories for the team. Following the banquet an election was held. Walter A. Bangs of Somerville was elected captain for next

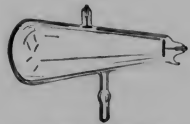

year's eleven. Bangs played quarterback this past season and his good work was consistent throughout the entire season. Although handicapped with a broken rib he played through all the games. During his high school career he starred in the backfield for Somerville several seasons ago.

Post prandial exercises were then in order following the election of the captain. Curry Hicks was the principal speaker of the evening, and he spoke of the difficulties encountered in athletics when the Two-Year course was first organized. Coach "Em" Grayson, Captain Betterly, Gerremonty, and Captain-elect Bangs were the

speakers. In-as-much as there are eight regular first string men who will return to school next year, a successful season is looked forward to.

The men who were awarded their letters are as follows: Boland, Manager; Adams, Baker, Bangs, Betterly, Captain; Gallagher, Gerremonty, Henry, Pierce, Outhouse, Raymond, Strout, and Trull. Betterly, Raymond, and Gerremonty are the three regular first string men who will be lost to the team by graduation in June.

There was no meeting of the Catholic club last Wednesday on account of other conflicting meetings.

Hittorf or Crookes Tube

How Were X-Rays Discovered?

SIR James Mackenzie Davidson visited Professor Roentgen to find out how he discovered the X-rays.

Roentgen had covered a vacuum tube, called a Hittorf or Crookes tube, with black paper so as to cut off all its light. About four yards away was a piece of cardboard coated with a fluorescent compound. He turned on the current in the tube. The cardboard glowed brightly.

Sir James asked him: "What did you think?"

"I didn't think, I investigated," said Roentgen. He wanted to know what made the cardboard glow. Only planned experiments could give the answer. We all know the practical result. Thousands of lives are saved by surgeons who use the X-rays.

Later on, one of the scientists in the Research Laboratory of the General Electric Company became interested in a certain phenomenon sometimes observed in incandescent lamps. Others had observed it, but he, like Roentgen, investigated. The result was the discovery of new laws governing electrical conduction in high vacuum.

Another scientist in the same laboratory saw that on the basis of those new laws he could build a new tube for producing X-rays more effectively. It was the Coolidge X-ray tube which marked the greatest advance in the X-ray art since the original discovery by Roentgen.

Thus, scientific investigation of a strange phenomenon led to the discovery of a new art, and scientific investigation of another strange phenomenon led to the greatest improvement in that art.

It is for such reasons that the Research Laboratories of the General Electric Company are continually investigating, continually exploring the unknown. It is new knowledge that is sought. But practical results follow in an endless stream, and in many unexpected ways.

No. 10

C. M. WOOD '22 FIRST IN JUDGING AT TOLEDO

M. A. C. Team Leads All Judges at Intercollegiate Contest in Ohio.

The M. A. C. Fruit Judging Team returned Sunday from the West with an enviable reputation which they secured at the Intercollegiate Fruit Judging Contest held Dec. 9 in Toledo, Ohio. Besides winning first place at the contest men on the "Aggie" team captured first, second, and third individual prizes.

M. A. C. won the right to represent New England at this contest due to the fact that the team won first place in the fruit judging contest among the New England colleges recently at Concord, N. H. This year's showing of the team is a distinct improvement over last year, when M. A. C. won third place, with Herbert Geer '21, securing the second individual prize.

The contest in Toledo was held in connection with the Farmer's Exposition, the American Pomological Society, and the Ohio State Fruit Show, the various Agricultural colleges of the United States and Canada being invited to compete. Several schools were forced to cancel their trips this year due to inability to secure fruit with which to coach their teams. While the fruit displayed at the show was very nice, it was by no means as nice as that displayed at the New England Fruit Show.

Following is the order in which the team was rated:

C. M. Wood, M. A. C. — first — 90.5%

E. H. Warren, M. A. C. — second — 88.4%

W. H. Peck, M. A. C. — third — 80.7%

Earl Prather, Ohio — fourth — 77.4%

FOOTBALL BANQUET.

The football banquet will probably be held January 7. The Varsity Alumni Club and the Associate Alumni will cooperate with the committee in charge. Definite announcements of the place and program will be made later.

AGRICULTURAL LEADER GIVES ASSEMBLY ADDRESS

C. W. Pugsley, Assistant Secretary of Agriculture of the United States, Talks to M. A. C. Students.

The speaker in last Thursday's Assembly, Dec. 8, was Mr. C. W. Pugsley, assistant secretary of agriculture of the United States. His subject was, "What is Agricultural Progress and How is It Measured?" In leading up to his subject, his introduction being of such a nature that it mentioned his Western home, he briefly told about the geography, soil conditions, and cost of land as they were years ago, and as it is today.

He commenced: "What is Agricultural Progress and How is It Measured?" One man said, it is measured by the county agents in the United States; another said it was the number of acres under cultivation; another said it was what the land produced. Several other men also gave their opinions.

Continued on page 2

YALE AND ARMY LISTED ON HOCKEY SCHEDULE

Open Dates to be Filled by Harvard, M. I. T. and Others.

The hockey team has been putting in some hard work the past week in preparation for the first game of the season which will be played Jan. 7. The men are all in good condition and have been able to hold two sessions on the ice, the first real scrimmage being held last Saturday afternoon on the pond. Lyons, Gordon, Tewhill, Nicoll, and Lamb went well on the forward line, and Collins, Hardy, and Goldsmith were especially good on the defense. "Hubba" is the best defense man in college and has an uncanny eye in shooting goals, while Lyons is the fastest man on the ice. Six men are trying out for the position of goaltender, but as yet no selection has been made for the place which Phil Newell filled so well last year.

Mgr. Tucker has arranged most of his schedule, and besides the following games, Harvard and M. I. T. will be played at the Boston Arena.

- Jan. 7 — Middlebury at M. A. C.
- " 10 — Amherst at M. A. C.
- " 12 — Providence College at M. A. C.
- " 14 — Dartmouth at M. A. C.
- " 18 — Yale at New Haven.
- " 21 — Open.
- " 26 — Bates at M. A. C.
- " 27 — Open.
- " 28 — Hamilton at M. A. C.
- Feb. 1 — West Point at West Point.
- " 4 — Open.
- " 10 — Amherst at Amherst.
- " 11 — Open.
- " 14 — Open.
- " 16 — Open.
- " 18 — Open.

COUNTY AND STATE EXTENSION CONFERENCE

Ninth Annual Gathering Held at M. A. C. on Four Days of Last Week.

The ninth annual conference of County and State Extension Workers of Massachusetts, held at the college last week, Dec. 6, 7, and 8, was attended by between 80 and 90 men and women, from all parts of the state. Agricultural, home demonstration, and boys' and girls' club agents, and extension specialists, all contributed to make this a memorable and influential group of meetings.

The keynote of the conference was sounded by Assistant Secretary of Agriculture C. W. Pugsley, who discussed the subject of a unified community program. Mr. Pugsley has charge of the extension service in Washington. Under his direction there is a reorganization now taking place in the Dept. of Agriculture, which will give greater freedom of administration to each state in Extension work. It is planned to have all the agents in the same county work under one single general program, and so show better co-operation with one another.

The conference was fortunate in securing several prominent people to speak to them, people who are recognized as authorities everywhere in their various lines of work. Among these may be mentioned Miss Sarah Louise Arnold, Dean Emeritus of Simmons College who spoke on the subject: The Farm Home the Common Problem of the Three Agents. Dr. Mary Swartz Rose, of Teachers' College, Columbia University, one of the foremost nutrition experts of the country.

POND MEDAL AWARDED TO J. N. LEWANDOWSKI '22

Versatile Fullback Receives Aggie's Highest Football Honor.

The Massachusetts Aggies paid their last football tribute to their great fullback, John Lewandowski of Easthampton, last night, by awarding him the Allen Leon Pond Memorial Medal. This medal is awarded annually for general excellence in football, and is presented during the Commencement exercises "to that member whose work has been of the greatest credit to the college as well as of the most value to the team."

The fund from which to obtain the medal each year was raised by friends in memory of Allan Leon Pond '20, captain of the 1919 team, who died of pneumonia on the campus in the late winter of 1919-20. The committee of award is composed of the chairman of the Joint Athletic Committee, the general manager of athletics, and the head

Continued on page 2

R. H. GRAYSON CAPTAIN OF 1922 AGGIE ELEVEN

Second Member of Milford Family Chosen to Lead M. A. C. Football Men.

Last Thursday, at a meeting of the "M" men Raymond Henry ("Dame") Grayson '23 was chosen captain of next year's football team. The Grayson family has previously made its mark in Aggie football with Emory Grayson the captain of the 1916 eleven and Forrest Grayson end on the 1919 team.

"Dame" has been active in many lines since he came to Aggie, having captained his Freshman football team and played class basketball and baseball. He is not only an athlete, however, as he has just been elected to the Junior Prom Committee.

For two years Grayson has played a stellar game at end, and during the last half of this season he has played a steady, dependable game at offensive right halfback. He made his letter his Sophomore year, and the same season he was picked by the Springfield Union for the All-New England second team.

"Dame" comes from Milford High School where he played football before coming to Aggie. He is a member of the Alpha Sigma Phi Fraternity.

AGGIE ALUMNI GIVE TEAM LOYAL SUPPORT

Athletic Office Mentions Helpfulness of Numerous Graduates Interested in Their Team.

The athletic office recently sent a letter to the alumni thanking them for their support of the football team this fall. It stressed the point that the Tufts comeback was largely due to the confidence and helpfulness of the alumni and that such support had given the coaching staff an impetus to keep hard at work with the team.

The letter especially mentioned the large number of alumni who had spent anywhere from one afternoon to a week on Alumni Field with the team. Besides Holmes '18 and Long '21, members of the staff, they were: Dole '16, Danforth '16, Grayson '17, Maginnis '18, Jakeman '20, Cascio '21, King '21, Lent '21, and Mansell '21.

Others who helped the team out in one way or another were: Lewis '05, Paul '05, Schermerhorn '10, Holden '13, Larsen '13, Little '13, Hubbard ex-'13, Freeborn '14, Smith '14, Marsh '16, Hall '16, Harrocks '16, Palmer '16, Perry '16, Schlatterbeck '16, Day '17, Holden '17, Irving '17, Spaulding '17, Hunkton '18, Russell '18, Grayson '18, Faber '19, Parkhurst '19, Bunker '21, Poole '21, Brown '21 and Jones '21. It is such support as this that shows Aggie spirit.

WINTER FOOTBALL NOTES.

This year there is to be inaugurated a system of intensive winter work for football men. Some of the linemen have already begun practice on the shot put under the supervision of Coach Derby, and at the beginning of next term classes will be started in wrestling and boxing. The latter will be in charge of Professor Mack, — former Penn. State intercollegiate boxer.

There will also be several football talks during the winter which will be of interest to all football men. "Aggie" alumni who have played on "Aggie" teams will be the speakers.

A school is to be started for quarterbacks in which the fundamentals of quarterback play and the quarterback's work will be stressed. It is hoped that this school will result in some fine material for the pilot's position on next year's team.

At all times there will be a football in the Athletic Office for use of candidates for the center's position. This will be used for practice in "passing back" and should bring accuracy and speed.

The first week next March there will be a tournament and exhibition by football men who have entered the winter classes. The events will be a competitive shot-put, three wrestling bouts, and three boxing bouts. Admission will be charged and the proceeds will go for the Memorial Building.

EIGHT MORE ALUMNI
ON ADVISORY BOARD

Football Committee Complete for
Next Fall Announced by
Coach Gore.

A recent announcement has been made by Coach "Kid" Gore naming the members of the 1922 Alumni Advisory Football Committee. The following alumni have been added this fall: Sam Crossman '09 of Melrose Highlands; "Bill" Hayden '13 of Boston; "Goo" Grayson '18 of Detroit, George Cotton '22, captain of this year's varsity, and John Lewandowski '22 of Easthampton. New resident members are: John Maginnis '18, "Chub" Long '21, and "Sunny" Mansell '21.

All three Graysons are connected with "Aggie" football next year. "Em" and Forrest as advisory committee members, and "Ray" as captain.

Alumni Advisory Football Committee for 1922: S. S. Crossman '09, W. V. Hayden '13, S. A. Dole '15, G. D. Mellea '15, G. B. Palmer '16, Forrest Grayson '18, B. F. Jakeman '20, S. M. King '21, H. W. Poole '21, G. A. Cotton '22, J. N. Lewandowski '22.

Resident Members: E. E. Grayson '17, R. P. Holmes '18, J. J. Maginnis '18, A. H. Long '21 and E. J. Mansell '21.

INFORMAL DANCE

Last Saturday evening in the Memorial Building was staged the first of a series of dances to be given throughout the winter under the direction of the informal committee. The chaperones were: Professor and Mrs. Harrington, Mrs. White of the Abbey, and Professor and Mrs. MacLaughlin. Dancing took place from 7-30 until 11-00 p. m. with a short intermission in which the College Store in the basement of the building did a rushing business. Music was furnished by the College orchestra. About fifty couple attended and the proceeds were turned over to the treasurer of the committee to be used in defraying the present deficit on the books.

EXTENSION CONFERENCE

Continued from page 1

the country was present on Wednesday and Thursday. She came to help the Home Demonstration Agents particularly, and told many of the newest ideas about nutrition. Mr. Pugsley in his address before the general session of the conference on Thursday, traced in an interesting manner the history of extension service from the earliest instructions at fair meetings, up through the present county agent system.

A general good spirit prevailed among those who attended the conference, and their attention was not confined wholly to their duties as extension workers. On Tuesday evening they gathered in Memorial Hall, where both young and old joined in a social time, including an informal dance and several stunts.

Then, on Wednesday evening, the delegates attended in a body the supper at the First Congregational Church. For the evening's entertainment, J. H. Putnam '04, Paul Alger '09, and Miss Smith, the Franklin County Agents, demonstrated how to hold a typical community meeting.

Besides the general sessions held twice daily, at which all the delegates assembled to hear addresses and reports, there were also frequent section meetings. Here members of each of the three departments discussed their problems separately.

POND MEDAL AWARDED

Continued from page 1

coach. The medal was won for the first time by Starr M. King '21, All-New England tackle last year.

Lewandowski has been two years a star on the Aggie varsity, but his Junior year he was kept out by injuries. He was the individual star on the team this season, and is one of the best punters that Aggie ever had; comparing well in this respect with Cobb '07 and Palmer '16. Everywhere he went this year he outplayed his opponents, and in addition he was a place and drop kicker of no mean ability, sending the pigskin over the bar from 40 yards. "Lavvy" was the mainstay of the Aggie offensive, excelling in running, forward passing and kicking. He was 170 pounds in weight, a fast, hard player, and always a bulwark of strength on the defense.

He played in every minute of every game this fall, and in spite of the fact that several teams, knowing his strength, hit him hard, he stood up very creditably under it all. Writers from many sections have considered him the best fullback in the smaller New England colleges this fall.

Lewandowski is a member of the College Senate and the Senior honor society, Adelpheia. He has had many class offices, played basketball for his class, and is a member of the Alpha Sigma Phi Fraternity.

FOOTBALL "M" AWARDS

The following men will receive their "M's" in football this season:
1922—Capt. Cotton, Lewandowski, Freeman, Acheson, Clark, Field, Packer, Collins, Leland, Bent.

1923—Grayson, Sargent, Beal, Marshman, Mohor, Alger, Mudgett, Tumey.

1924—Salmon.

1922—Mgr. Peck.

The following will receive the AMA in recognition of meritorious service: Conant, Chaplin, Andrews, Nigro, and Krasker.

The intercollegiate athletic board voted to give an AMA to worthy graduating members of the Senior class who played on the second team.

FIRE IN COAT ROOM
AT FERNALD HALL

Student Leaves Pipe in Pocket and His Carelessness Nearly Proves Disastrous.

A lighted pipe left in the pocket of an overcoat is thought to have caused a destructive fire which took place in Fernald Hall last Thursday at 11-30 A. M. While the sophomore class in Military Mapmaking was wrestling with a knotty problem, Carpenter '24 saw smoke rolling out of the coat-room. At once about ten amateur fire-fighters were sentling around with pails of water trying to find something to do.

The fire was making good headway among the sheep-skin coats and the rank smoke soon filled the basement. Half a dozen coats were carried into the hallway and drenched with water, while one unfortunate leather coat was taken outside. This last was damaged more than any of the others. After class there remained only a few shreds of the leather and a pile of ashes. Some of the sheep-skins were singed badly and a few coats had holes burned through the back.

It is understood that none of the loss was covered by insurance.

BOSTON TRIPS ARRANGED
FOR MUSICAL CLUBS

Selections Announced for Orchestra.

During the past few weeks, the orchestra under the direction of Coach Swift, has been perfecting the pieces which are on the concert program. Practically everyone in the orchestra has been playing for various dances during the fall, and, as a result, the orchestra should be at its best when playing for the dances which follow the concerts.

The following men will make the Boston trip:

Piano—Wendell.
Violins—Waugh, Sears, Norcross, Loring.
Tear Banjos—Towne, Woodworth.
Saxophone—Wood.
Trombone—Kennedy.
Clarinet—Fuller.
Cornet—Aldrich.
Drums—Kingston.

The following concerts will be given during the Christmas vacation:

Wednesday night, Dec. 28—Peabody, at the Peabody Woman's Club.

Thursday night, Dec. 29—Newburyport, at the Newburyport High School.

Friday afternoon, Dec. 30—Elizabeth Peabody Sentinel House, Boston.

Friday night, Dec. 30—Brunswick Hotel, Boston, in the ballroom. Among the patrons of the concert are: Gov. Cox, Dr. and Mrs. Goldthwait.

Saturday night, Dec. 31—Salem. Private concert for members of the "Now and Then" Club.

The Newburyport concert was arranged for the clubs by alumnus W. S. Little '09.

Tonight and Friday night, when the clubs go to Hatfield and Hadley, the entire squad, with the exception of the Freshmen will make the trip.

Dress suits will be worn at the Hadley concert, but not at the Hatfield concert.

ASSEMBLY ADDRESS

Continued from page 1

on the subject. The work itself is as interesting as any work that there is, when looked at from country, state, and county. To charge higher prices, and to maintain a high standard at the same time, is to set a low standard after a while. This is not an answer, and to maintain our standard and those of the farms is not the answer. There are three points to the correct answer. See to it that (1) the farmers maintain a high standard of living; (2) Products sell at low prices to the consumers in the cities; (3) Soils are kept cultivated so that life can go on. Already the West is following this idea. Houses, roads, stock, fences, etc., have rapidly increased during the past few years. However, the farmers are suffering from the decline in products. Taxes have made a difference, which means that more food than can be raised on the farms must be raised in order to pay these taxes. There is a horrible thought in connection with this, that excess food is being raised in the Middle Central States and it cannot be bought by other states, due to transportation and other factors. It is necessary that these things and the middle man's profit be taken care of immediately.

President Harding in one of his speeches mentioned this fact that people were suffering from want of food, that there was plenty of it, but there was no way in which to bring it to them. In the West, autos are idle because the farmers are not able to pay for the gasoline. Again, people there are wearing the same clothes that they wore three years ago.

"Tenantry is another serious problem. There is not good living on the farms. Fifty-four per cent of the farmers have moved to the city in five years. There is no better field to solve this problem than agricultural sociology. The more people on the farms with proper living possibilities the more will be produced and the better off our nation will be. Why not use the latest farm inventions? If this is done more men may be had for other positions. Things would be different if we get people on the farms under these conditions, because standards of living would be reduced. Labor, too, would be different if more people were on the farm, and the work was more evenly distributed. People will not stay on the farms unless this is done.

"I will now give you a few illustrations from my own life, if you have no objections. My father was a farmer. I had ambition to judge stock. One day we were passing by a pasture full of steer, and I asked my father to pick out the best steer. He did; and then I asked him why it was the best. He never told the exact reason why it was the best, but said it was simply because he knew it was. Other illustrations of the same nature: garden and stock feed. Why was corn planted here, beans there, and clover somewhere else each year; none of the three being planted in the same area in two consecutive years? He did not know why, and of course I lost my interest in farm life. My ambition was literally

killed. The same is true with all children who want to know why this works one way and that another. Their parents regard them as a nuisance, and so do not satisfy their curiosity. Thus the child knows no more than before and does not care to know. I took up electrical engineering. I was looking for an easy course. I was told that animal husbandry was one of this type. I took it, and soon learned the very things my father was not able to tell me. I went home and had a long talk with him about them. Whenever I went home for vacation after that, we always had long talks together on what I learned in my agricultural courses. He was more interested than I was, because he never had even heard of such things before, and wanted to hear more at each talk. The more I talked with him the more I became interested, and as a result I have taken agriculture up for my life work. In closing I will say, interest a fellow in agriculture when he is young, he will become interested, and will really learn some things, through his own interests, which will be beneficial to everybody as well as to himself."

INTER-CLASS BASKETBALL

The schedule of the Interclass Basketball series has been announced by Manager Freeman. The opening game of the season will be played on Jan. 6 at 7-00 p. m. All games are to start at this time except the Freshman-Sophomore contest on Feb. 18 which will start at 8-00 p. m., to permit a maximum attendance. Should there be a tie for the Interclass championship, an extra game is scheduled for Wednesday, Feb. 24. The champion team is rather an indeterminate thing at the present time, owing to the fact that most of the classes have neither elected a manager nor called out candidates for their teams, and class basketball fans have not had a chance to speculate.

Friday Jan. 6—Seniors vs. Sophs.
Juniors vs. Freshman.

Saturday, Jan. 14—Juniors vs. Sophs.
Seniors vs. 2-Year.

Friday, Jan. 20—Seniors vs. Juniors.
Freshmen vs. 2-Year.

Friday, Jan. 27—Juniors vs. 2-Years.
Sophomores vs. Freshmen.

Friday, Feb. 10—Seniors vs. Freshmen.
Sophomores vs. 2-Years.

Saturday, Feb. 18—Freshmen vs. Sophomores.

Wednesday, Feb. 24—To play off tie for championship.

FORMAL GARDEN MODELS

Students in Landscape Gardening 75 have undertaken clay modeling in connection with their work. This is an entirely new feature in the course, and so far has proven beneficial and practical. It gives the students a definite idea as to how their plans will look when executed on a given area, and affords them opportunity to see where in corrections or additions are necessary.

The Landscape Gardening Department has put them on exhibition in Wilder Hall and it is hoped that many will be interested in the display of formal gardens shown.

We've something more than all-wool to crow over!

The Football Awards.

The choice of varsity football captain and the award of the Pond Memorial Medal this year seem very appropriate and just. Both were given to men who have fought hard for Aggie on the gridiron, and held up well the honor and prestige of this institution.

Aggieathletically owe much to the Grayson Brothers of Milford. Raymond is the second of them to be captain of varsity football, considered on the campus the highest peak that athletic ability can attain. Emory Grayson was captain back in 1916, while Forrest also did stellar work for 1919 team, and captained the varsity quintet the following winter. Since 1913 these brothers have filled prominent places in the history of Maroon and White, and have gained a de repute as clean, sport-loving athletes.

The Pond Medal goes to a man whose work has been of sterling worth all the fall. Lewandowski has impressed sport men all over New England as a player of unusual versatility and ability. Kid Gore called him a "three ply man," his running, forward passing, and kicking making him a constant menace to our opponents.

Lewandowski was in every minute of every game. Opposing teams, knowing his ability, hurled themselves against him, but he stood up through it all. Those who saw Vermont can remember "Lavy" stretched out "cold" time after time, only to struggle back to his feet again, and soon be circling the ends for long runs.

We are sure that if "Ras" Pond could have himself chosen the man to receive his memorial, the selection would have been this big, quiet fullback, whose nerve and strength were the backbone of the Aggie's eleven all during the past season.

Merry Christmas.

Just to show how kindhearted we are, the COLLEGIAN wishes every one in college an average of 98.7% in their finals, and all of our readers a most delightful Christmas and New Year.

All Hall, the Apple Kings;

The clean-cut victory of the Fruit Judging Team, in the National Fruit Judging Contest, at Toledo, Ohio, last week, deserves all the commendation and praise that the college can give. The Aggie men bring glory to their State, their alma mater, and themselves by this winning of their first National Championship.

The victory over last year's champion, Ohio, takes an honor away from the Middle West back to the East, whence too many honors have been flying in the past. It is a sectional victory, and one in which all Eastern agricultural colleges can rejoice.

The Pomology Department has every reason to be proud that it has turned out men trained so well that they are able to go against the nation's best college fruit judges and come out victorious. Professor Sears and all those under him have in this achievement a certificate of the Department's worth. Results like this must show our "Come back to agriculture" opponents that we still stand with our feet in the furrow, that we are still "with the land," and that we are still turning out agriculturalists of the best type.

The Red Cross Drive.

The fact that Amherst and Aggie were first and second, respectively, in the college Red Cross Drive speaks well for the altruistic spirit of these two institutions, so many of whose students were benefited by the "Great White Mother."

COMMUNICATION

THE MASS. COLLEGIAN EDITOR.
Amherst, Mass.

Dear Sir:

What excuse can the upper classmen offer for the disgraceful scene which occurred last Thursday after assembly on the campus? A man in the uniform of the United States Army was compelled to throw his cap down into the ravine ten times to satisfy the demands of a body of upper classmen.

Do the students of M. A. C. realize that the uniform that they wear is as sacred as the flag which we all love and respect? Do they realize that there are thousands lying today in "Flanders Fields," who fell defending that uniform?

The four year students shouted loud when the Short Course students turned the tables at the pond party, holding up the fact that the traditions of the college were being violated, etc. What about the traditions of those who never saw M. A. C.? Those who died to make M. A. C. possible?

I demand as a veteran, a son of a veteran, and a grandson of a veteran that the uniform, which my forefathers wore and which I was proud to wear, be respected.

Sincerely Yours,
EDWARD F. SULLIVAN,
31 No. Prospect St., Amherst.

While we are perfectly willing to "play fair" and print the above, we do not believe that any irreverence to the uniform was intended. However, we must admit that the performance savored a bit of the "kiddish", and that perhaps a more suitable sort of punishment could have been found.

Many people are always ready to criticize the errors of others, but never seem to have the opportunity to show their own ability.

GOOD OR BAD PUBLICITY

TO THE COLLEGIAN:

It is my understanding that there are those who wish to give great publicity to what the vast majority consider a trivial matter; that of the enforced actions of a certain Freshman last Thursday afternoon. This gentleman, doing fatigue duty, was ordered to throw his army hat down as an embankment, to recover it, and to repeat the performance for a number of times. The hat had previously been so treated by him voluntarily. However the whole farce has been smugged up and characterized as "a disgrace to the army uniform, etc." I and the military department but look upon the matter as "hard usage of the uniform" and not disgrace.

Furthermore, in obtaining the views of our military department, I was informed "that the indiscriminate wearing of the uniform or parts thereof is a much more serious matter and that efforts to abolish this practice would meet with the heartiest approval and cooperation of the department". But why make mountains out of mole hills. Gentlemen, why not discuss all subjects at issue with those most interested before endeavoring to enlist the aid of the American Legion, the Military Authorities, and the Print.

Did Shakespeare have something to do with unwelcome publicity?—"The evils that men do live after them (in print). The good is oft interred with their bones".

A. W. SMITH.

THE CHEMICAL LABORATORY

The fire in the coat-room at Fernald Hall reminds us of the serious consequences which might accompany such a conflagration in the Chemical Laboratory. Many coats are left on the first floor at the bottom of the stairs and all the coat-hooks are in close proximity to stairways. With freshmen working on the third story and a fire in the coatroom we might expect to see a list of dead and injured as well as a large property loss.

The chem. lab. has long been known to be a fire trap. There is but one fire-escape and but one stairway. Almost all the classes are on the second and third floors. Since the stairways would be the first things to burn because of the draft it would be well nigh impossible for a large class to get out in time, for the building would go up like match-wood.

The chemistry building is more likely to be subjected to fire than any other on account of the inflammable chemicals it contains. Doesn't it seem as though it was time for a fire-proof chemistry laboratory?

HOUSE DANCE.

Last Saturday the Alpha Gamma Itho House held the second house dance of the season. The chaperone was Mrs. Cameron of Mt. Holyoke College. Sixteen couples attended and danced during the afternoon from three until quarter of nine when the dancing ceased. Most of the couples finishing their successful party at the informal in the Memorial Building. Music was furnished by Woodworth's orchestra.

INTER-FRATERNITY NOTICE

The Inter-fraternity conference wishes to announce that the rules forbidding fraternity discussions between Freshmen and upper classmen are in force until Monday, Jan. 2. This means also that no upper classmen should entertain the Freshmen at their homes over the holidays.

KNOX HATS—THE FINE ART OF IMPARTING DISTINCTION

STYLE is one thing; "styles" are another. "Styles" crop out in great profusion every year and die off as rapidly. They achieve oddity without distinction; popularity, but not the stamp of good taste. We have just received seven dozen KNOX HATS. This is the time to discard that felt which was creased in the *outré* fashion of last year.

NEW YORK AND STEVENS
ON FOOTBALL SCHEDULE

Manager Announces Eight of Nine Dates For Next Year's Varsity Eleven.

The following tentative football schedule is announced by Manager John M. Whittier '23 and General Manager Curry S. Hicks:
Sept. 30—New York Aggie, at home.
Oct. 7—Conn. Aggie's at Storrs.
Oct. 14—Worcester Tech at home.
Oct. 21—Amherst at home.
Oct. 28—New Hampshire at home.
Nov. 4—Bates at home.
Nov. 11—Stevens at Hoboken.
Nov. 18—Tufts at Medford.
Nov. 25—Pending.

There will be five home games, and taken all in all the schedule will be one of the best arranged for some time.

The first game of the year will be played at home with New York Aggie's who are newcomers on the schedule. The team will play Conn. at Storrs for the first time in history, and from the fact that Conn. has scheduled Tufts and the University of Maine ahead of the M. A. C. game, it is evident that they are more than ever intent on winning the game.

Of paramount interest to all Aggie men is the announcement that Amherst will again appear on the schedule. We are to meet Amherst on Alumni field for the first time in history, and as far as is known it will be the first time Amherst and Aggie have ever met in football on our campus.

Both New York Aggies and Stevens are newcomers on the schedule and the latter at Hoboken will be the first time in years that an Aggie team has appeared in New York City.

The annual game with Tufts will be played next year at Medford, and so the schedule will afford both Boston and New York an opportunity to see the team in action.

COLLEGIAN COMPETITION

The standing of the competitors for the COLLEGIAN to date is as follows:

EDITORIAL DEPARTMENT

1924

Kennedy, 21.1
Read, 12.1
Darling, 10.7
White, 5.9
Waugh, 2.6

1925

Corwin, 13.1
Tanbe, 11.7
Batal, 9.8

Waugh is a new man who started in work with the last issue and brings the number of Sophomore competitors up to five men.

Owing to the poor response of the Freshman class this fall it has become necessary to hold a special competition next term for Freshmen in both editorial and business departments. More announcements will be made later.

A football field is a gridiron; a baseball field is a diamond; a tennis ground is a court; but what, pray tell, is that area of land of uncertain dimensions which is known as a tag football field?

ANNUAL AGGIE REVUE
THIS SATURDAY EVENING

Four Classes, Faculty and Short Course have Prepared Entertainment for all.

Next Saturday evening at 7 p. m. the second annual "Aggie Revue" will be presented under the auspices of the Holister Dancers. Last year's performance was in the nature of an experiment and proved to be such a success that it was decided to abolish the mediocre Student Vandevelles in its favor. The faculty, short courses, and each of the four year classes are lending their aid in producing six acts of music and drama of varied and interesting nature.

Owing to the sudden illness of Mrs. W. E. Prince the production of "Sham" by the faculty cast is hanging in the balance of uncertainty. Mrs. Prince is one of the leading characters and her absence would cause the cancellation of the act. However, the faculty promises that in any case they will be represented by a worthwhile production.

The Juniors and Seniors will both present musical sketches of diversified character. The Sophomores will present the lively farce "The Public Worrier". The two short course classes will give the English comedy "Motoring" in which they will feature a new type of assembly car. The freshman act remains a mystery, and while they refuse to state what it is, they promise something of interest.

The "Aggie Revue" is a review in more than the ordinary sense, in that it gives the Holister Dancers an opportunity to look over the talent of the college in anticipation of the need of material for the Prom and Commencement shows.

FIRST COLLEGIAN BANQUET
HELD IN DRAPER HALL

Interesting Discussions Keep Men at Table for Three Hours.

Last Friday evening the members of the COLLEGIAN board held a banquet in the private dining room of Draper Hall. The editor-in-chief was the toast master for the evening. F. P. Rand and Louis Lyons were guests.

Part of the occasion was devoted to speeches by Mr. Lyons, Mr. Rand, Jackson, Spring, Barnard, Buck and other members. Different staff members gave criticisms of other college publications.

A committee of three was appointed to discuss with Mr. Rand as to the advisability of reimbursing members of the board. The committee is H. W. Spring, chairman, C. A. Buck, I. W. Slade and B. F. Jackson ex-officio.

CORRECTION

Attention is called to an error in the Dec. 7th issue of the COLLEGIAN. Mr. Daisy collected for the Red Cross subscription for the Vocational Poultry Class and turned in a 100% subscription.

The COLLEGIAN printed that he was collecting for Specials and gives them credit with only 50%. Mr. Daisy was requested to collect from the Poultry Class only and knows nothing about the Specials.

ONLY SIX MEN RESPOND IN
ANSWER TO RELAY CALL.

Coach Derby's call for Relay candidates has brought forth only six men to date. These are Sullivan, MacCreedy, Achilleson, Nelson, Isaac, and Bent. More men are wanted to compete for positions on the team. Sullivan and MacCreedy are last year's stars.

One meet has been scheduled with New Hampshire State on Feb. 4.

INDEX PICTURES

Next Sunday, (Dec. 18), the following groups will be taken at Mills' Studio: Glee Club at 10:30.

Orchestra at 11:00.
Junior Prom (1923) Committee at 11:15.
Soph-Senior Hop (last year's) Committee at 11:30.

All dates announced in previous numbers of the COLLEGIAN are hereby canceled.

Delta Phi Gamma held a meeting last Monday at 7 o'clock to discuss plans for changing the form of the organization to a closed society or else to make it an honorary society. Miss Skinner, Mrs. Hicks, and Miss Jefferson, honorary members, were present. Definite action was postponed until next term.

TWELVE GAMES ON TWO-YEAR QUINTET SCHEDULE

Coach Grayson Looks to Successful Season Despite Lack of Veterans.

The two-year basketball squad is gradually rounding into form. The candidates have been having practice every afternoon for the past three weeks and Coach "Eug" Grayson is anticipating a successful season. There are only two letter men back from last year's team, but Coach Grayson believes that as the season advances he will be able to choose three more capable men to form a quintet.

The schedule is as follows:

Jan. 7—Amherst H. S. at M. A. C.
13—Drury H. S. at North Adams
14—Sacred Heart H. S. at Holyoke
24—Wilbraham Acad. at M. A. C.
Feb. 1—Williston Acad., Easthampton
11—Worcester North High, M. A. C.
18—Clarke School, Northampton
25—Cushing Acad., Ashburnham
28—Montpelier H. S. (game pending)
Mar. 4—Sacred Heart H. S. at M. A. C.
8—Wilbraham Acad., Wilbraham
10—Union Freshmen at M. A. C.
Games with Deerfield Academy, Northampton High School, and Monsion Academy are also pending.

JUNIOR PROM ELECTIONS

The Junior class held an important meeting Thursday, Dec. 8 after the assembly hour. The main business was to elect a Junior Prom Committee. Twelve men were nominated from the floor and the following elected: O. E. Folsom of Roslindale, W. H. Marshman of Springfield, R. W. Eldredge of Winchester, R. H. Sargent of Buxton, Me., J. S. Hale of South Glastonbury, Conn., P. B. Dowden of Sandwich and R. H. Grayson of Milford.

ANIMAL HUSBANDRY.

Last Wednesday evening in Bowker Auditorium, Mr. Lovet, Associate Editor of the *Ayrshire Journal* spoke to the animal husbandry Club on "The Pure-Bred Live-Stock Industry." He laid special stress on Ayrshire qualities and their remarkable adaptability to existing conditions.

He said that while the Ayrshires have not been a popular breed in this country up to the present time, they are fast becoming one of the recognized breeds in both economic and breeding aspects.

HILLS PRIZE, BOTANY.

The annual competition for the Hill's Prize in Botany, results in the award of the first prize of twenty-five dollars to Miss Danitza Arangelovitch; second prize of fifteen dollars to Samuel H. White. Mr. Thomas Varum and Mr. Harold H. Shepard received Honorable Mention.

Professors C. H. Thompson, A. K. Harrison and A. V. Osmun acted as judges.

VOCATIONAL POULTRY

CERTIFICATES

The following men have completed the year's course in Vocational Poultry and will receive their certificates next week: Brennen, Igo, MacMillan, Wilson, Talbot, Bobb, Cupard, Morse, McKenna, Gaudette, Moore. Many of these men have already obtained positions which they will fill immediately.

Garretson '24, is a promising candidate for Kid Gore's 1922 tag football team.

Any examination not scheduled must be arranged by appointment with the instructor in charge.

When more than one room is indicated instructors will please post notice of divisions to be assigned each room.

In case of conflict for students having repeat or make-up courses, the lower class subject must take the precedence.

Y. W. C. A.

The Y. W. C. A. gave a Christmas pantomime based on "The Birds Christmas Carol," in the Adams House Tuesday evening at 7 o'clock. Miss Grizzle, instructor in sewing, directed the performance. She read the story, while the members of the cast acted it out silently.

Last Thursday afternoon after Assembly, the first tryout was held for choosing three students who will represent the college as speakers at the annual banquet of the Union Agricultural Society meeting which will take place in Ford Hall, Boston, January 18. The eight selected by the judges were Krasker '22, Fitzpatrick '22, Abele '23, Sandow '23, Loring '24, Miss Smith '24, Staebner '24, and Ward '25.

WHAT MATTER IS MADE OF

Molecules, Atoms, and Electrons in Relation to Our Every Day Problems.

By DR. W. R. WHITNEY,
Director Research Laboratory
General Electric Co.

Those who are inquiring into things are always disturbing the comfort of our old ideas. The scientist, who is in truth, what the amateur is in sport, tries to learn what makes everything and how the work is done. He is daily learning more, so that former views are constantly improved. At present a new picture of stuff is being painted. A new book should be written, "The Elements of the Elements."

Like our old atom, impossible of partition, we now have its indivisible subdivision, the electron, but fortunately for simplicity, instead of 70 or 80, as with the atoms, we have but two of the new units—the positive and the negative electron. The myriads of complications which correspond to all the differences in matter about us, must reside in the arrangements or combinations of these two simple components.

The things which have forced this new chemistry and physics upon us are fairly familiar. The interconnection may not be evident. Such names as electrons and atomic structure do not convey to the mind inherent relationship with radio, radium and X-rays. But a proper view of matter as it is now understood can most readily be pictured by getting the connection among some such group of present-day subjects.

We are now forced to look at all matter as composed of identical, small, electrical charges, which determine the character or nature of chemical elements and compounds by the numbers and arrangements in space. Under this plan, an atom—the ultimate particle substance—becomes more like a solar system than like a solid. The volume of the atomic space is mainly unoccupied, but through it the forces act which are attributable to electric charges within.

Bequerel, who found that a certain uranium ore emitted an invisible ray capable of passing through black paper and still affecting a photographic plate, was partly responsible for our new views. Soon afterward, the Curies discovered radium, and this was shown later to be a naturally decomposing atom. Several other decaying elements were also found among the heavier ores. During this process of decomposition small electrical quantities were continually discharged.

Similar discharges had already been found in other fields, but were not understood. For example, when the filament of a lamp is heated in a high vacuum, negative electrical charges are emitted and current thus crosses the empty space. This had early been noticed by Edison. It was not until after the discovery of radium that the true nature of these "electrons" was understood.

When these little units of negative electricity flow within a wire, they constitute the electric current. When, by high temperature, they are emitted from a metal, they are called thermions. When they pass through gas with sufficient velocity, their impacts decompose molecules, and the greatly augmented flow of this resulting charged particles produces the common electric arc. When they flow through a vacuum space, under the influence of a high electric force, they are called cathode rays. When their motion is stopped by impact in the surface of a solid, the sudden change of motion starts an electro-magnetic wave, which we call an X-ray (just about as a drum beat sets up a sound wave in air), and when they surge up and down a wireless

antennae they produce the long wireless waves through space. This being known, it is easier for us to imagine how ordinary visible light may be due to similar changes in motion of these electric charges, because light waves are only long X-rays, or very short wireless waves, and all three are propagated through space at the same speed.

When constituent electrons are arranged in the groups called atoms, all properties seem determined merely by geography, or orientation. Apparently such old established things as chemical activity and valency are due to the number of those electrons which occupy the outer surface of the groups.

The shooting electrons of the cathode ray, stopped by the platinum or tungsten target, produce the X-rays, which by reflection in crystallized matter, disclose its atomic arrangements and thus lead to better understanding of many physical properties. Because electrons may be driven out of a metal by heat and carried through space by an electric force, it has been possible to develop all the various wireless receiving, amplifying and oscillating devices now in common use. They are all based on motion and control of electrons.

Since decomposing elements emit electrons, since heat drives them from filaments, since gases and air yield them on impact in arcs, since statically charged bodies carry them and lose them (as a car gains or loses passengers), it is logical that all electric currents are attributed to their motion, all static charges to differences in concentration, and all matter to balanced combinations of them.

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

SIXTY FOUR PER CENT OF FRESHMEN PLEDGE

Ninety-three First Year Men Put Pins On in Monday Chapel.

The first second term rushing season held at Aggie, at least for some time, closed Sunday night at 6 p. m. after a solid week of intensive rushing. The results of the pledging in Monday morning Chapel showed that a total of 93 Freshmen had pledged fraternities, making a total percentage of 64% of the Freshmen class enrollment at present. The list by Fraternities is as follows:

INFORMAL SATURDAY

There will be an informal in the Memorial Building immediately after the Dartmouth hockey game on Saturday. Refreshments will be served down stairs and dancing will take place on the second floor. One orchestra will furnish the music. Tickets will be \$3.75 until Thursday, and thereafter \$4.00. It is estimated that 60 couples will attend. The chaperons at Smith will be Miss Lawman, Dickinson House, and Miss Parmalee, Tyler House. Girls should call on Friday. At Mount Holyoke Miss Cameron of the Faculty House will chaperone. She will receive girls on Thursday.

PREXY'S SECOND LETTER ARRIVES FROM CHINA

Head of College Mentions the Feeling in China Toward Washington.

The following letter was received by the COLLEGIAN just before the winter recess:

THE MASS. COLLEGIAN EDITOR.

On the last mail from home I received my first news of the result of the Amherst game. Sorry of course about the score, but pleased that the old tradition of hard fighting and clean playing was maintained to the full. Perhaps next fall I can exert some influence toward a more favorable score!

Since I wrote my former note, telling about my trip to Sapporo, Japan, I have been in 10 of the 18 provinces of China; have travelled nearly 5000 miles by railway and steamer, including a 700 mile voyage down the great Yungtze river, a day under the "old flag" in Manila and another day in the great British port of Hong Kong. The Commission has practically completed its inspections, and is now settled down here to some pretty steady grinding on its report.

I have not seen all the Chinese graduates of M. A. C., but Liang of '08 came to Peking to greet us, and later we saw him and his family and home in Tientsin. For some years after returning to China he was in government agricultural service and was I believe for a time vice minister of agriculture and commerce. He is now a prosperous real estate dealer but has a small farm near the city which he showed us with much pride.

MUSICAL CLUBS SCORE SUCCESSSES IN BOSTON

Private Concerts Given for Three Evenings and Saturday Afternoon.

The Musical Clubs, on their annual Christmas trip, appeared on the concert stage at Peabody, Boston and Salem this year, scoring a success in each city. A wide variety of songs, a varied program of specialties, and an abundance of enthusiasm contributed largely to the success. Much credit must be given to Coach Worthley and Leaders Vinten and Waugh for the work they have done in rounding the clubs into shape for this trip.

The first concert was given at Peabody on Wednesday, Dec. 28, under the auspices of the Peabody Woman's Club. On Friday, Dec. 30, the clubs played at the Brunswick Hotel in Boston, and it was there that the concerts reached the high point of excellency. Saturday afternoon was given over to a concert at the Peabody Sentinel House in the West End of Boston, and in the evening a concert in Salem terminated the excursion.

VARSITY FOOTBALL TEAM TO PLAY MICHIGAN AGGIE NEXT FALL AT EAST LANSING, MICHIGAN

Game will be First Intersectional Game in History of M. A. C. Team will Also Appear in Hoboken, N. J.

FAST AGGIE QUINTET OUTCLASSES M. I. T. FIVE

Fast Work of Tumeys with Clever Passwork and Footwork by Entire Team. Score 22-9.

With a score of 22-9 the Maroon and White basketball team successfully opened the season against M. I. T. Saturday afternoon in the Drill Hall. The game was played before a large crowd of enthusiastic Aggie backers. Tech was no match for Kid Gore's fast aggregation, finding it very difficult to break through the Aggie defence. The game was characterized by hard, clean-cut play, resulting in a battle from start to finish. The Cambridge outfit had several good chances to close the gap between the scores, but each time their inability to find the ring caused their failure. Had the final score might have been still greater inequality. The excellent floor work and foul shooting of Ed Tumeys was a feature of the game. Although playing his first varsity game, he led the team in scoring. Marshman's clever floor work with three tallies was also noticeable.

The first half started with a burst of speed which showed that the offensive of Tech was not to be dealt with lightly. The Engineers quickly dropped a counter in the basket in the first few minutes of play. However, the home team retaliated with two baskets in quick succession and from then on Tech was never in the lead. The Aggie defence tightened perceptibly at this point with the entire squad on guard. In the remaining minutes with some clever floor work and sensational shooting they pulled together and finished the half on the long end of a 13 to 4 score, Barrows substituting for Smith just before the whistle blew.

DR. WILLIAM S. REGAN RESIGNS FROM FACULTY

Instructor in Entomology has been at M. A. C. Since 1912. Goes to Bozeman, Mont.

It is with regret that we note the resignation of another member of the faculty, one who has always been held in the highest esteem by the students and by all those with whom he has come in contact. The resignation of William S. Regan, Associate Professor of Entomology, went into effect the first of the year.

Continued on page 5

The Mass. Aggie Football team will play the first intersectional game in its history next fall, according to an announcement made by General Manager of Athletics Curry S. Hicks and Manager John M. Whittier a short time ago. The game is to be played with Michigan Aggie on College Field, East Lansing, Mich., on Nov. 25. The game with N. Y. Aggies has been cancelled, due to a decision of their faculty. Nevertheless, the schedule as it now stands consists, as usual, of eight games, and is undoubtedly the best and most comprehensive ever arranged for an Aggie eleven.

The Michigan game has many important features which make it especially interesting to both colleges. Not only will it be an interesting 1000 mile jaunt for our team but it will be a case of M. A. C. vs. M. A. C. Not only are both teams representing an M. A. C., but both are land grant colleges and both have the finest athletic traditions, reaching far back into the past. The men on the campus with whom we are all well acquainted and who are alumni of Michigan are President Butterfield, Treasurer Kenney, Dr. Marshall of the Graduate School, and Prof. Curry S. Hicks. The game will celebrate the homecoming of the Michigan alumni, a date filled last season by Notre Dame. Michigan will meet three conference teams this coming season: Northwestern, University of Michigan, and Union.

Continued on page 3

GOOD RESULTS IN POM. 77 APPLE PACKING CONTEST

Three Seniors and One Graduate Student Carry off Honors.

Peck, Warren, Barnard, all Seniors, and Miss Elizabeth Coleman, graduate student, carried off the honors in the annual Pomology 77 packing contest.

Miss Coleman scored first in the barrel and second in the eastern box contest, giving an unusual demonstration of skill and ability.

Peck and Warren scored first and second respectively in the western box contest; Peck making the record time of 15 minutes. He also scored first in the eastern box with the remarkable time of nine minutes.

Barnard came second in the barrel contest, a fraction of a point behind the winner.

French pruning shears and swivel pruning saws are offered as prizes for the best work, and the winners have obtained articles of real value for their excellent performances.

M. I. T. BASKETBALL GAME

Continued from page 1

Roser started the second half in Biko's place. The visitors took the defensive at the beginning and the game became much slower. Neither team was able to score during this period, but with Smith back in forward the play livened up. The Cambridgeans began to fight hard, but their determination was of no avail, for although they broke through the defence several times they were unable to score. The Aggies then started their spurt. Marshman and Tunney alternated each with a pair of double counters, carrying the ball down the floor with some fast teamwork.

Tech succeeded in coming back a minute later with some quick passing and filled the hoop for their final tally. Coach Gore began to send substitutes on the floor as the game drew to a close. Thompson, Grayson, Hale and Beal, all first string subs had a chance to prove their merit. They held the visitors scoreless until just before the final whistle when the entire first team went in again.

Bike played a creditable game on the defence, and Captain Gowdy showed his usual good form. Smith played a fine game at forward, caging two baskets during the fray.

MASS. AGGIE.
Smith, (Beal), rg. Capt. Hubbard
Tunney, (Thompson), rf. lg. Cook
Marshman, (Thompson), c

c, Coleman (Blood)
Gowdy, (Capt.) lg rf, Landis, (Davidson)
Bike, (Grayson), rg lf, Toner
Score—Mass. Aggie 22, M. I. T. 9.
Goals from floor—Smith 2, Tunney 5,
Marshman 3, Blood, Davidson, Toner.
Goals from fouls—Tunney 2, Landis 3.

FINAL PLANS MADE FOR INTER-CLASS DEBATE

Freshmen Seem to Have Good Material with Experienced Men Out.

Final arrangements for the debate between the Freshman and Sophomore classes have been practically completed since the Freshman class held its preliminary debate last Friday afternoon in Stockbridge Hall. The three men chosen to represent the Freshman class in the art of debating are orators of no mean ability.

James J. Batal of Lawrence, a former president of the Lawrence High School Debating Society, was declared by the judges to have been the best speaker in this preliminary contest. He was also chosen class debating captain, and he will act in that capacity during the Freshman-Sophomore debate.

Carl Guterman, the second successful candidate, is a product of the Central High School of Springfield, where he learned the rudiments of debating.

Gordon Ward is the third member of the Freshman team. Mr. Ward has won enviable reputation as an orator at the Englewood High School, New Jersey. All three men have taken active parts in interscholastic or inter-class debates. Emil Corwin of Boston will act in the capacity of an alternate. The judges for the preliminary contest were Professors Raud and Patterson of the faculty.

The Freshman debating team will endeavor to avenge the defeat administered by the Sophomores in the rope pull. The debate, which will take place at some Wednesday Assembly, will undoubtedly be argued vehemently by the representatives of both classes. The exact date of the debate will be announced later.

FOOTBALL MEN HOLD LARGEST BANQUET EVER

Freshmen Attend for First Time. Alumni Give Interesting Talks.

The football team held its annual banquet at 7-30 last Saturday evening in Draper Hall. The Senior members of the team spoke of the past season. Members of the staff, alumni prominent in Aggie football, and members of the Freshman team also took part, making it the most successful banquet ever held.

Starr Kling stressed the efficiency of the present coaching staff and asked all those present to support it. Captain Cotton heartily thanked the men for their loyal support during the past season and gave a brief resume of the work of the team. Capt-elect Grayson thanked the men for his election and asked for a whole-hearted support during the coming year.

George Mellean '15 cautioned the team to back up the coaching staff after their graduation. He told of the importance of the support by the alumni and Enn. Grayson heartily seconded him.

Prof. Curry S. Hicks spoke of the coming season and of the candidates from the present Freshman class. Andrews spoke for the AMA men. Louis Lyons '18 spoke of the Varsity Club, its origin last June and its work. Sullivan, captain of the 1921 Freshman team, gave an impromptu speech pledging the support of the Freshmen.

Coach Kid Gore spoke of last season, and gave a brief glimpse into the future. He thanked the men for their support, and for the hard work they had done. He mentioned the fact that it was necessary to sacrifice many pleasures to attain success on the gridiron. He recalled the exploits of Ras Pond '20, in whose memory the Pond Memorial Medal is annually awarded. In this connection he spoke of the first two recipients of the medal: King '21 and Lewandowski '22, praising the latter for his fine work the past season.

Freddy Waugh and Ray Vinten furnished music, and William Peck, manager of the 1921 team, acted as toastmaster.

Varsity Five Has Two Games This Week

Trinity and Connecticut to Oppose Aggie Speedsters. C. A. C. has Fast Team.

With a clean cut victory to its credit, the Aggie basketball quintet will meet Trinity Friday night in the Drill Hall. This game promises to be a hard scrap as Trinity is in fine form, having successfully quelled Middlebury 41-17 and Lebanon Valley by a score of 28-21 in the only two games played thus far. Trinity will come to Amherst full of confidence in view of her two wins, a fact which will serve to make the game fast and aggressive.

Saturday night the Maroon and White will appear at Storrs against a crack Conn. Aggie team. Connecticut has defeated Harvard, West Point and Brown to date, and suffered only one reverse at the hands of Wesleyan 19-20. Speed will be the watchword Saturday night, but with the team in first-class form Aggie may count on a victory.

Harry Starr, president of the Harvard Menorah Society, will address the M. A. C. Menorah Society Sunday, January 15. All students are invited to attend.

AGGIE REVUE EVEN MORE SUCCESSFUL THAN IN 1920

Freshman and Senior Acts Bring Applause. Faculty Good.

The final Social Union event of the year, the 1921 Aggie Revue, was given at 7 o'clock Saturday evening, Dec. 17, 1921, in Bowker Auditorium under the auspices of the Rolister Dolsters, and again demonstrated the success of this plan of entertainment.

The Sophomores had the opening number, and presented very successfully the farce "The Public Worrier." The lively action of the piece was well carried by H. E. Weatherwax, who played Godfrey Gillels, the Worrier, and by Miss Geiger as the Maiden. Five other players took their parts very well, and furnished 20 minutes of complications and consequently of amusement to the audience.

The Juniors offering consisted of humorous and classical music. "Nephtune's Farmers," nine in number, were bold bad pirates with cabbages, carrots, and cutlasses as weapons. They sang two songs from "Pinafore," and then "Davy Jones' Locker," "The Oyster," and the "Gold Marine."

These numbers were alternated with selections by the Junior quintet which has become very well known for its fine rendering of classical music. The quality of their work cannot be too highly praised, and their music was thoroughly enjoyed.

The Faculty's act was a playlet, "Sham," a social satire. The plot hinged on the finding of a very self-possessed burglar by a home-returning couple. The thief succeeds in showing them how false their lives are, and what a sham their home and personalities really are. Harold W. Smart acted most excellently the part of the thief, and the acting of Professor Prince, Mrs. Thayer, and C. H. Davidson was very good. The whole act was typical of the fine acting and choice of play which the Faculty always gives.

The class of 1922 entertained with an entirely new-to-us, at least, method of presenting an excellent and unique "take-off" on the Sophomores. They adopted the French form, and gave the whole act without scenery, without costumes, and without speaking a word. Three acts, of two scenes each, portrayed a day in the life of a Soph, and included "Billy's" class in simple harmonic motion, a pond party, drill, and a little entertainment "over the mountain."

The actors, who shall say inappropriately? were dressed as Pierrots, and the total stage setting consisted of four chairs. Not least of the performance was the ability of the no-see, and soundmakers to supply some very expressive sounds in the right places. An interlocutor gave the general idea of each act, and explained the few things that could not be interpreted without words. These latter were very few, however, as the actors were easily capable of making clear all the details that make a Sophomore what he is. The act will long be remembered as one of the best that has been given at Aggie in recent years.

The dignified Seniors descended from

their high pedestals long enough to black up and show what they could do in the way of orchestral "jazz," and to furnish no little amusement by demonstrating how to "roll them."

"Freddie" and "Ray" turned out some "original stuff," catchy little songs with banjo accompaniment. "The Agricultural Blues," "Oy-Oy Senora," "Educated, by Heck," and "Where does the Wind come from, before it starts to blow," were some of the original songs which drew signs of appreciation from the audience. The Agricultural Quartette, or the "Frisk University Quart," sang "Bound for Australia," and several others were accomplished after Messrs. Gangrene, Hookworm, and Ezeena were aroused. Mr. Cotton, gave Pluto's song from the Aggie musical comedy, "Pluto's Daughter." In fact "a pleasant time was enjoyed by all," and the Seniors certainly succeeded in their attempt to keep the crowd laughing.

The Short Course finished out the evening's entertainment with the English farce "Motoring," and succeeded very well in showing us the true brand of English humor, which appeals to us as well as to those who originate it. N. P. Harrison as the owner of the broken car made the part very natural, and his son, taken by C. A. Carlson, was also very good.

The Short Course orchestra furnished music between the acts, and proved itself to be "right there" when it comes to playing. The hall was very well filled, and while many of the Faculty were absent, Kid Gore and his basketball squad made things lively down in the front rows.

The "Aggie Revue" has come to stay and 1921's presentation will undoubtedly rank high among those which are to come, and with the 1920 Revue.

M. A. C. TO PLAY MICHIGAN

Continued from page 1

versity of Indiana.

The schedule as completed:

Oct. 7—C. A. C. at Storrs, Conn.

14—Worcester P. I. at M. A. C.

21—Amherst at M. A. C.

28—N. H. State at M. A. C.

Nov. 4—Bates at M. A. C.

11—Stevens at Hoboken, N. J.

18—Tufts at Medford

25—Mich. A. C. at E. Lansing, Mich.

NOTICE

In its last issue the COLLEGIAN, in printing an article on alumni assistance of Aggie football, omitted the following men about whom Kid Gore said: "I cannot help but refer especially to the following who did a lot of real hard work for us: Crossman '07, Hayden '13, Dole '15, Melican '15, Murphy '16, Grayson '17, Maginnis '18, Latrop '20, Ball '21, King '21, and Mansell '21." We regret the omission and take this opportunity to correct it.

ERNEST GAMBLE CONCERT APPRECIATED BY STUDENTS

Miss Page and Miss Stadlerman Competently Back Their Leader Mr. Gamble.

The Ernest Gamble Concert Party, consisting of Mr. Ernest Gamble, basso cantante, Miss Verna Page, violinist, and Miss Clara Stadlerman, soprano, gave a recital Saturday evening in Bowker Auditorium.

The concert was enjoyable and unusually interesting. The large programmes which were distributed, contained not only the order of the selections but a description and history of them as well.

The noted trio have a wide reputation, having given concerts all over the world. Mr. Gamble is himself an artist. It is perceptible that he has had long voice training for he sang in masterly style. Miss Stadlerman, the soprano, thrilled the audience more than once with her remarkable singing. The facility with which she struck the extremely high notes, and the manner in which she trilled was nothing short of remarkable. Judging from the reception given her, Miss Page, the violinist, was most appreciated. Seemingly a young girl, her performance was worthy of praise.

The programme was made unusually long on account of the many, necessary encores. The selections were:

1. Waltz—"Carmen." Miss Stadlerman and Mr. Gamble.
2. Rondo elegants. (a) Romance sans paroles. Miss Page.
3. Invictus. (a) Banjo Song. (b) Young Richard. Mr. Gamble.
4. Mad Scene from Lucia di Lammermoor. Miss Stadlerman.
5. Prelude from "The Deluge." (a) Moto Perpetuo. (b) The Lost Chord. Miss Page accompanied by Mrs. Watts.
6. I've Been Roaming. (a) Just You. (b) The Lilac Tree. Miss Stadlerman.
7. Scotch Lullaby. (a) Nobody Knows the Trouble I've Seen. (b) Old Dutch Song. Miss Page.
8. Romanza from Tannhauser. (a) On The Road to Mahdalah. (b) Irish Names. Mr. Gamble.

FRESHMAN HOCKEY

A goodly number of Freshmen have answered the call for candidates for the 1922 hockey team. Although they are for the most part green, Coach Mansell feels confident that he can turn out a fast squad to represent the yearlings. A few have already drawn suits and more uniforms will be issued soon. No games have been scheduled to date, but Manager Putnam expects to make out a good program if the team merits it. The following have already reported for work: Taylor, Lovell, Sprague, Guild, Macauley, McEneaney, Ward, Sheldon, Crosby, Currier, Peirce, Richter, White, Gannon, Hutchins, Staniford, Eldredge, and Tufts. It is felt that this aggregation can give the Sophomore team which last year defeated 1923, a run for its money.

Once More It's Over.

Again we breathe our annual sigh of relief. The fraternity rushing season is over—those we didn't expect to join us have come across, those we thought were coming across didn't join at all, those we knew were out for sure went somewhere else, those—but, anyway, it's over, all over, for another whole blessed year.

There seems to be a general notion about the college that the new plan of second term rushing has proved more successful than the first term scheme. Several things have made for this.

First, theoretically at least, the fraternities and the Freshmen have mutual opportunity to look each other over. The yearlings could see the men they liked, finding where they belonged, and get general information about the status of the fraternities. The Freshmen could also keep an eye on the Freshmen, and select those they liked for future rushing. This system must in the long run prove more efficient than the hit or miss plan of the past.

Moreover, second term rushing has interfered little with athletic activities, while the old plan harmed in no little degree the smoothness of the football season, the greatest of our athletic endeavors, and generally hampered campus affairs.

But, granting a successful season, the rushing this year revealed a fact interesting in view of agitations for more fraternities on the campus. Surely such can not be needed when existing groups fail to call a larger number to membership than they did.

The rushing season here is altogether too much of a petting party, a coddling match, a "Oh, what a nice little Freshman you are!" affair. The ideal condition would be one in which the Freshman would have to bid the fraternity, not the fraternity the Freshman. Such cannot be realized where students are so few. And there are now almost too many fraternities for the number of students. The scramble for men is so intense that it shatters Freshman disci-

pline, gives the lowest class an exaggerated idea of their own importance, and makes them feel that on them, almost alone, depends the fate of the college. More fraternities at this time can only add to an already rather evil condition, stir up more needless competition, and necessitate more delicate situations.

Next year, a second term season, with no more fraternities will probably be the "best bet" for the situation as it now exists.

The Revue.

If it is not too late to say a kind word for a good thing, we should like to congratulate those responsible for the recent Aggie Revue. Performances of so high a calibre add much to the prestige of both the college in general and its dramatics in particular, and should meet with encouragement and praise on every hand.

COMMUNICATION

The M. A. C. football schedule for 1922 as a whole is very creditable and a lot of hard work will have to be done by the coaches and teams to come out on the long end of it.

Freshmen, Short Course and Special students at M. A. C. cannot participate in intercollegiate athletics. This is as it should be. The scholastic standing of the men in the three classes which are eligible to represent the college in athletic competition must satisfy a rather strict board of faculty members. Considering these facts, which make the actual number of men eligible to compete for positions on M. A. C. teams very few by comparison with many of their opponents, the schedule should be made up of teams from institutions which have and live up to similar regulations.

When one considers the comparative weights of the Aggie players with the teams they met last fall, there is nothing to be discouraged over. In the game I saw, the men played hard fast football, and as a team had showed more football training than any of the smaller college teams I have seen play for a long time. A great deal of credit is due these boys and their coaches.

Let's all get behind these Aggie teams and coaches and help push them on to victory this fall!

S. S. CHOWNAN '00.

TRACK NOTES

New Men Showing Up Well.

Winter track is progressing rapidly under the tuition of Coach Derby. Although the work this term has been composed of settling-up exercises, startings, and jogging practices, the leading candidates for this year's relay team which is scheduled to compete with New Hampshire at the B. A. A. meet, Feb. 4, can almost be picked. Three veterans of last year's team, Captain Sullivan '22, L. S. Woodworth '23 and D. E. MacCreedy '23 are sure of berths on this winter's quartet. Bent and Acheson are both making a strong bid for the fourth position. This is Acheson's first experience on a board track, as he was kept out of track last year because of injuries.

Other men who are showing enterprise in track this winter are: A. W. Grieve '24, L. H. Fernald '24, C. O. Nelson '24, F. C. Isaacs '24, G. A. Kemp '22, E. Tanner '23, E. N. Tisdale '23, R. H. Woodworth '24.

Three distance men are out in preparation for Spring Track: R. B. Bates '23, H. D. Stevenson '24, K. S. Loring '24.

CAMPUS CALENDAR

WEDNESDAY, JAN. 11.

3-45 P. M.—Assembly. Speaker, Mr. James R. Marsh, Roxbury.
7-00 P. M.—Animal Husbandry Club Meeting, Room 114, Stockbridge Hall. Speaker, Dr. W. W. Williams, Springfield.

THURSDAY, JAN. 12.

7-00 P. M.—Y. W. C. A. Meeting, Memorial Building.
8-00 P. M.—Orchestra Rehearsal, Memorial Building.

FRIDAY, JAN. 13.

7-00 P. M.—Glee Club Rehearsal, Memorial Building.
7-30 P. M.—Basketball Game, Trinity at M. A. C.

SATURDAY, JAN. 14.

Hockey, Dartmouth at M. A. C.
Basketball Game, Connecticut Aggie at Storrs.

SUNDAY, JAN. 15.

9-10 A. M.—Sunday Chapel.
Speaker, Dr. Charles E. Brown, Yale University, New Haven, Conn.
TUESDAY, JAN. 17.

4-30 P. M.—Y. M. C. A. Meeting in Memorial Building.
7-15 P. M.—Senate Meeting in Memorial Building.

7-00 P. M.—Glee Club Rehearsal in Memorial Building.
WEDNESDAY, JAN. 18.

3-45 P. M.—Student Forum, Bowker Auditorium.

'16.—Alfred Tophan has been sent to Brazil to buy eggs for E. M. Augenbleik & Bros., to supply the London market. Miss Pulley '17 is employed by the same firm as a demonstrator in packing of eggs and dressed poultry.

WHEN placing orders for our HICKEY-FREEMAN SUITS for Spring, the patterns and values were so attractive that we bought in larger quantities than ever before. One shipment has already been received; also some of the renowned Van Ingen woolens. We can get better service now from HICKEY-FREEMAN on custom orders than a month hence. Won't you make an early selection, at the shop that's—

More than a Toggery—
A College Institution.

DR. REGAN RESIGNS

Continued from page 1

although he had tended it last fall but had charge of his classes until the Christmas vacation. Dr. Regan leaves to take a position as a professor of Entomology at the University of Montana at Bozeman.

Dr. Regan received his degree of Bachelor of Science from the Massachusetts Agricultural College in 1908 after majoring in Biology. During the years from 1908 to 1912 he held the position of Chief Deputy State Nursery Inspector of Massachusetts. Returning to M. A. C. in 1912, he took graduate work in Entomology, here receiving the degree of Doctor of Philosophy in 1915. Since then he has taught in the department as an instructor until 1918 when he was made Associate Professor, which he has since held.

His loss is keenly felt by the students with whom he has always been popular, and by his many friends in the town. He is a member of the Kappa Sigma fraternity and has been active in local club and lodge work.

As yet, there has been no one secured to take his place permanently, although part of his work is being carried on by Harlan Worthley, assistant in the Experiment Station, and by Harrison Tietz, graduate instructor, and other members of the faculty.

FIRST HOCKEY GAME WITH DARTMOUTH ON SATURDAY

Game with Amherst Postponed Owing to Poor Ice.

The Aggie hockey team is ready for its first game of the season and will meet Dartmouth Saturday afternoon on the M. A. C. rink. The experience gained from the numerous afternoon practices and the night sessions will help the team greatly against the veteran Dartmouth sextet. "Hobbs" Collins will be the only man who ever started before in a game for M. A. C., but all of the men are doing well, and fast getting in trim. Haskins is very good at center ice, and "Doc" Gordon, with his experience of last season, is going fast in left wing.

Dartmouth has a veteran team, the best for many years, and their 2-0 win from Amherst would have been much greater but for the wonderful work of Plinpton, the Amherst goal. The Dartmouth lineup will be: goal, Tobin or Neidlinger; left defense, Perry (capt.); right defense, Foster; left wing, Atwood; right wing, Osborne; center, Hall.

The Aggie team which would have faced Amherst on Tuesday, will line up Saturday against Dartmouth with Kroeck at goal, left defense, Collins (capt.); right defense, Hardy; right wing, Tewhill; left wing, Gordon; center, Haskins. Besides these men, Whitaker and Lamb will have a chance to work out at defense, and Goldsmith and Hodson will play a part of the game on the wings.

The game with Amherst, which was scheduled for Tuesday, was postponed, due to poor ice.

COLLEGIAN COMPETITION

Owing to the poor response of the Freshman class to the call for candidates for COLLEGIAN competition last fall a special competition will be held this term. This will apply to Freshmen in both business and editorial departments and will be governed by the same rules as the previous competition except that the minimum number of credits will be reduced to 15. A good number of men is desired and each fraternity is urged to send out at least one candidate.

The standing of candidates at the end of the first term is as follows:

BUSINESS DEPARTMENT

1925
Slade, 21.3
Simpson, 20.6

EDITORIAL DEPARTMENT

1924
Kennedy, 28.1
Read, 12.1
Wangh, 10.8
Darling, 10.7

1925
Batal, 13.7
Corwin, 13.5
Tarble, 13.0

WEDNESDAY ASSEMBLY

At the Assembly of Jan. 4, Mr. Lewis Hodous addressed the student body on the subject of China. Although taking a very general subject, the speaker made his talk interesting by telling not only about the conditions in China, at present, but also by giving many examples of the queer character and customs of the people.

Mr. Hodous was well acquainted with his subject, for he has traveled extensively through China and spent considerable time there. As an example to show that that republic, as yet in its infancy, is progressing under modern civilization's influence, he gave a word picture of a modern Chinese city of his acquaintance, which would compare favorably with an American city of similar size.

The speaker in completing his talk, urged on the students the necessity that this country give China a spiritual background, in helping her develop morally as well as commercially.

O. E. FOLSOM ELECTED JUNIOR PROM CHAIRMAN

Owen E. Folsom '23 of Amherst was elected chairman at the last meeting of the Junior Prom Committee. Last year he was assistant manager of the varsity basketball team and is now a business manager of the 1923 Inter and circulation manager of the COLLEGIAN. Mr. Folsom is a member of the Phi Sigma Kappa Fraternity. Nothing definite as to the nature and date of the next prom has been decided upon. The committee will meet sometime the latter part of this week. More definite announcement will be made in the next issue of the COLLEGIAN.

A legislator, it would seem, is one who promises to do, who will do, but who never does it.

The Pulsation Test

Take out your watch and time the pulsations of a De Laval Milker. You will find that every unit in the barn, no matter if there are a dozen, is running at exactly the same speed and as uniformly as the tick of a clock. This insures your cows being milked in exactly the same way from day to day or year to year, and is one of the reasons why cows do so well with the De Laval Milker.

Try this test on any milker and you will understand just one of many reasons why the De Laval is "The Better Way of Milking." Send for full information.

W. B. DRURY

ALUMNI.

Are you coming back for the Mid-Winter Alumni Day this year? It is to be held Feb. 3-4. We would like to have you all back with us this year. The program, as tentatively arranged, calls for the following activities.

FRIDAY, FEB. 3, A. M.—Talks by Alumni in classes arranged by heads of Departments. 6:30 P. M.—Phidela Rice-dramatic reader-Social Union Entertainment. 8:00 P. M.—Musical Chorus Concert.

SATURDAY, FEB. 4, 9:30 A. M.—Alumni Meetings. 2:00 P. M.—Hockey Game (if possible). 3:00 P. M.—Tennis Basketball Game. 8:00 P. M.—Fraternity Banquets.

Get in touch with your fraternity or Mr. L. S. Woodworth '23, concerning accommodations. Let's all get together here this year, meet the bunch, and renew our old acquaintances for two happy days.

'13.—W. C. Forbush, instructor in Agronomy at the college last year, is at Cornell University, working for a Ph.D. He is majoring in Agronomy.

MUSICAL CLUBS IN BOSTON

Continued from page 1

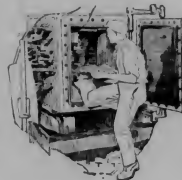

The North Station in Boston was the meeting-point on Wednesday afternoon, the clubs receiving a hearty welcome when they reached Peabody. The members were paired off and entertained over night in private homes. The concert attracted much attention in the "Leather City," as shown by the large audience in the library hall. Kennedy and Frost were the star performers of the occasion, in a little act of their own, entitled "Pity the Ivories." Although this was their first appearance with the clubs in the capacity of piano soloists, the playing surely made a hit, and several encores were necessary. The dance which lasted until 12 was held in the K. of C. Hall.

The Peabody concert surely put the clubs into top notch form for their next appearance in the Brunswick Hotel on Friday evening. As usual, the alumni, students and friends of the college supported the musical organization by a large gathering, and an enthusiastic

reception of the program. Over 100 couples attended the dance following the concert, which was a semi-formal affair.

Waugh and Vinton, with their collection of entirely original songs, created a great deal of attention whenever they appeared on the stage. The Glee Club drew a strong applause for each presentation of the "Ford Song," given as an encore just before the end of the program. The orchestra received many favorable comments on the quality of their lively dance music. The Junior Quartet, the Quartet, and the Banjo Quartet received their share of praise.

Manager Lowery collected his band of traveling musicians Saturday at one o'clock in the North Station, and after a short walk through dark alleys, and narrow and dirty streets, the Peabody Sentinel House, on the banks of the Charles, hove into sight. This house is the home of a charitable organization which helps the poor people of the district. After a substantial dinner served by college girls, a concert was given to

What Is a Vacuum Furnace?

IN an ordinary furnace materials burn or combine with the oxygen of the air. Melt zinc, cadmium, or lead in an ordinary furnace and a scum of "dross" appears, an impurity formed by the oxygen. You see it in the lead pots that plumbers use.

In a vacuum furnace, on the contrary, the air is pumped out so that the heated object cannot combine with oxygen. Therefore in the vacuum furnace impurities are not formed.

Clearly, the chemical processes that take place in the two types are different, and the difference is important. Copper, for instance, if impure, loses in electrical conductivity. Vacuum-furnace copper is pure.

So the vacuum furnace has opened up a whole new world of chemical investigation. The Research Laboratories of the General Electric Company have been exploring this new world solely to find out the possibilities under a new series of conditions.

Yet there have followed practical results highly important to industry. The absence of oxidation, for instance, has enabled chemists to combine metals to form new alloys heretofore impossible. Indeed, the vacuum furnace has stimulated the study of metallurgical processes and has become indispensable to chemists responsible for production of metals in quantities.

And this is the result of scientific research.

Discover new facts, add to the sum total of human knowledge, and sooner or later, in many unexpected ways, practical results will follow.

an appreciative group of foreign born people mixed in with a theater-full of noisy youngsters. This program was in the nature of extension work carried on by M. A. C. in various parts of Massachusetts.

The final concert of the trip came Saturday evening at the "Now and Then" Club in Salem. The occasion took the form of a New Year party, with all the accompanying noise and revelry, much to the annoyance of several of the Glee Club songsters. The large well-filled hall was gay with paper hats, and the orchestra catching the spirit of the evening supplied the best jazz. After a strenuous week the musical club members were glad to admit that after all there is some truth in that phrase "In this college life there is rest, sweet rest."

INTERFRATERNITY RELAY

The interfraternity relay schedule begins next Monday, Jan. 16, when the first three races will be run off at 4-45. The fraternities of the campus have been divided into two groups of five and four each. The leagues are: (1) Kappa Sigma, Phi Sigma Kappa, Lambda Chi Alpha, Q. T. V., Alpha Gamma Rho; (2) Theta Chi, Sigma Phi Epsilon, Kappa Gamma Phi, Alpha Sigma Phi.

Each fraternity will race only with those fraternities in its own group, until the group championship is decided, after which there will be a championship race between the leaders of each group. There will be no postponed races. A copy of the rules will be placed in each fraternity house. All races called at 4-45 P. M. sharp. The schedule follows:

- Jan. 16—Kappa Sigma vs. Phi Sigma Kappa; Lambda Chi Alpha vs. Q. T. V.; Theta Chi vs. Sigma Phi Epsilon.
- Jan. 20—Kappa Gamma Phi vs. Alpha Sigma Phi; Q. T. V. vs. Alpha Gamma Rho; Phi Sigma Kappa vs. Lambda Chi Alpha.
- Jan. 23—Kappa Sigma vs. Lambda Chi Alpha; Phi Sigma Kappa vs. Q. T. V.; Theta Chi vs. Kappa Gamma Phi.
- Jan. 27—Sigma Phi Epsilon vs. Alpha Sigma Phi; Lambda Chi Alpha vs. Alpha Gamma Rho; Kappa Sigma vs. Q. T. V.
- Jan. 30—Kappa Sigma vs. Alpha Gamma Rho; Theta Chi vs. Alpha Sigma Phi; Sigma Phi Epsilon vs. Kappa Gamma Phi.
- Feb. 3—Phi Sigma Kappa vs. Alpha Gamma Rho.

SOUTHWICK BROTHERS & GAULT

FRESHMEN OPEN SEASON WITH A 31-11 VICTORY

Hopkins Academy Loses Game in Which Samuels Scores Twenty One Points.

The Freshman basketball team handed Hopkins Academy the short end of a 31-11 score at the Drill Hall last Saturday after the varsity had trimmed M. I. T. The frosh showed more style at all times and did not give the Haystack a chance. Hopkins showed up best in the first quarter but fell down badly toward the close of the game. The stars for '25 were Samuels, Sullivan, and Hurley.

Samuels came to Aggie from Bronx, New York. Sullivan is a local boy and was captain of the Amherst High hoopers last year. Hurley hails from Northampton. Righter is from Alton, N. Y., Holbrook comes from New Bedford, Simmons is from Kingston, Seaver from East Bridgewater and Hale from Glastonbury, Conn.

The lineup:

MASS. AGGIE '25-31.

SPEAKERS CHOSEN FOR FORD HALL MEETING

Krasker, Sandow, and Ward Win Competition Before Judges.

Abraham Krasker '22, Alexander Sandow '23, and Gordon Ward '25 were chosen to go to Boston to speak before a meeting of Agriculturists in Ford Hall on Wednesday, January 18, 1922. These men were chosen from the eight who competed in the semi-finals last Monday. Prizes of \$5, \$15, and \$10 dollars are offered by State Commissioner of Agriculture Gilbert. The subjects to be spoken upon are:

Krasker:—"How are You Going to Keep Them Dowe on the Farm".
 Sandow:—"The Extension Service".
 Ward:—"M. A. C. Freshman Courses in Agriculture".

The judges for the semi-finals were: Professors Prince and Cance, and Mr. Bøgholt.

LETTER FROM PRESIDENT Continued from page 1

Hale of '09 is in official life in Peking and gave us much of his time, helping us in many ways to meet officials as well as to see Peking. He evidently enjoys politics and has occupied several interesting positions.

Jen of '09, I saw in Hong Kong for only a moment. He is general manager of the Pacific Trading Co. and I judge is building up an important export business.

Here in Shanghai I have had a good visit with D. Y. Lin of '12, who is engaged in forestry work, with several side lines that keep him out of mischief.

He is an alert promoter of things agricultural. Chun, with '13, is at Nanking Christian University, also in forestry. After leaving M. A. C. he worked in Syracuse and Harvard, and has done much plant exploration work. All the men are doing well, and eager to hear from the College.

There is more agricultural education being done by the Missions and less by the Government than I had supposed was the case. The possibilities of improving agriculture are really remarkable, and the opportunities for men who like that sort of thing are everywhere. Cornell has the jump on M. A. C. in sending men over here.

Penn. State and Kansas also have men here.

The Washington conference is being watched with eager interest by Chinese as well as foreigners. China's future depends in no small degree upon the conference, and every first class power will be affected decidedly by what happened to and in China. It is a great privilege to be in the Far East during these momentous days. Nevertheless there is no place like home, especially when your home is on the Aggie campus!

Sincerely,

KENYON L. BUTTERFIELD.

Shanghai, Dec. 10, 1921.

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

HOCKEY TEAM READY TO TAKE ON YALE AND TECH

Basketball Squad Looking Forward to Good Contest with Tufts on Saturday.

Captain Collins and his puckmen have on their schedule for this week a trio of games which should test their ability to the utmost. On Wednesday, Jan. 13, the team goes to New Haven to meet Capt. Griscom and his Yale aggregation, which snatched a 4-3 victory from Princeton in a hard fought game last Saturday.

The next day, Thursday, sees our men in the Boston Arena against the fast M. I. T. six, which has already trimmed Yale 1-0 and Dalhousie 3-1, and expects to turn the same trick with Aggie. The second game on the home rink will be played Saturday, Jan. 21, with the Springfield Hockey Club, which has a much stronger team this year than last. Aggie got some valuable experience in her first game last Saturday, with Dartmouth, and should be in prime condition to put up a stiff battle in these three next games.

The basketball team also goes to Boston this Saturday to battle with Tufts at Medford. Prospects look good for Aggie by comparison of scores. The Medford team has been defeated by M. I. T. 35-25, and has also won one game, from Rhode Island. But on their home court they should prove formidable opposition for Captain Gowdy and his veteran five.

GREEN TEAM GIVES AGGIE A 3-1 SETBACK

Hockey Season Opens with Fast Game on Home Rink—Collins Scores for M. A. C.

The M. A. C. hockey season opened Saturday when Aggie was forced to take a 3-1 defeat by the fast Dartmouth sextet. The game was close and well fought, play becoming faster as the game progressed, but penalties were unnecessary on either side. After five minutes of play Capt. "Hubba" Collins took the puck down the ice and caged a lung shot from mid-ice for the first score. The Aggie team did well on the defense but at no time could they start an offensive which carried any punch.

"Hubba" played his usual wonderful game and time and again slipped through the Green team to pepper the Dartmouth goal with long shots. He was covered at all times by Hall and Osborne but managed to get away and show some spectacular work. Haskins and Gordon both did good work, the latter at left wing carrying the puck up the ice into the Dartmouth territory many times. Hodsdon, playing his first game of varsity hockey, showed a

Continued on page 2

TRINITY DEFEATED BY SUPERIOR AGGIE PASSING

Excellent Work of Smith, Tumey and Marshman Gives M. A. C. a 28-18 Win.

The Aggie hoopers added another victory to their record by outplaying the strong Trinity five on the college surface Friday night, 28-18. The game was featured by the lightning-like pass-work and dogged defense of both teams. The speedy handling of the ball and clean, hard playing made one of the most bitterly contested frays seen on the floor. The Maroon and White aggregation showed that a week of hard work can bring rugged passwork to near perfection. Each team, realizing the strength of their opponents' defense, tried long shots for scoring and several skillful basket shooters on both teams scored from mid-floor. Aggie had the edge from the opening whistle, but at the beginning of the second half Trinity came very close to the lead by bringing the score to 16-14. At this point Smith went back on the floor and Aggie climbed to a comfortable lead. Tumey had his eye on the basket from the start, caging fouls with the greatest accuracy.

Continued on page 2

DR. CANCE IS AGAIN CALLED TO WASHINGTON

Head of Economics Department to Participate in Conference on Agriculture.

Dr. Alexander E. Cance has again been called to Washington. This time he goes in response to an invitation of Secretary of Agriculture Wallace to participate in the Conference on Agriculture which President Harding is assembling on Jan. 23. About 100 to 150 men, representing all parts of the United States, are being invited.

The announced purpose of the conference is the formation of an agricultural policy for both the present and the future. Such a policy and program have been advocated for some time by the agriculture leaders of the country, notably President Butterfield, not only as a guide to agricultural legislation but to the direction of agriculture operations, organization, education, research and extension work.

The depression in agriculture, particularly in the West and South, the insistence on favorable agricultural legislation, the activities of the great farmers' organizations, and the growing influence of the "agricultural bloc" in Congress are forcing national attention to agricultural affairs. It is to be hoped that the conference may make some statesmanlike plans to restore agricultural prosperity and bring about a normal balance between agricultural and other industries.

BIKE STOPS ALEXANDER BUT VARSITY IS DEFEATED

Maroon and White Quintet Put Up a Good Fight After Their Victory of Friday.

The Maroon and White 1922 quintet received its first setback Saturday night at Storrs when the fast Conn. Aggie aggregation handed them a 31-13 beating. The M. A. C. players were unable to get going on the large sized basketball surface that their rivals had to offer. Coach Gore was forced to change the style of defense, which put his team at a real disadvantage. Had it not been for the keen headwork and excellent guarding of Eddie Bike, who played against Alexander, one of Connecticut's best scorers, the team would have been beaten by a larger score. Even on the defense Bike scored more floor baskets for the Bay Staters than did the forwards. The passing and team work of the Nutmegs was superior in all respects during the game, but Kid Gore's men have the greatest confidence in a complete retaliation in the return game on their own floor.

Conn. Aggie started the first half with some whirlwind play which took the M. A. C. quintet off its feet, piling up 14 points in rapid succession. The Aggies came back with determination and did not stop until the score book

RHODE ISLAND, CONN. AND M. A. C. IN DEBATE

March 16 Chosen as Date for Inter-collegiate Contest.

At a recent meeting in Boston our manager met with representatives of Connecticut Agricultural College and Rhode Island State College, where a debating league was organized. It is to be known as the M. C. R. I. Debating League. This is to be a permanent organization whose purpose will be to carry a triangular debate every year. In entering this organization, the representative colleges are not barred from debating with other colleges.

The debates this year are to take place on March 16. The schedule is as follows:

C. A. C. vs. R. I. S. C. at Kingston, R. I.
 R. I. S. C. vs. M. A. C. at Amherst.
 M. A. C. vs. C. A. C. at Storrs, Conn.

The subject of the debate this year is: Resolved, that the Philippines should be granted their independence within two years. All teams will debate the same subject at the same time, as is usual in an organized debating league.

The Freshmen are eligible for the varsity debating team. All those students interested should see the manager, A. Krasker, in 14 South College, as soon as possible for further details.

DR. CHARLES R. BROWN OF YALE IN CHAPEL SUNDAY

Dean of Yale Divinity School Speaks on Service and Man's Worth.

Dr. Charles R. Brown, Dean of the Yale Divinity College, New Haven, Conn., was the speaker at last Sunday's chapel. The keynote of his interesting and instructive sermon was that service is the measure of a man's worth and that in order to prove his worth he must throw his whole life into the effort. One must give all he has in him to realize the highest goal of his ideals. Heaven is not a remote place of pearly gates and golden harps but a real living part of our life here on earth. Huxley once made the statement that "It doesn't take much of a man to be a Christian but it takes all he has." College may be likened to the field in the parable of a man sowing all his possessions in order to obtain a field in which he had discovered a treasure of great value. Some go through college spending foolishly and publicly. These may get through college but they do so without obtaining the finer realization of an education.

The speaker intimated the need of true service in the business world. Business men demand service before profit in members of the medical or ministerial professions. Should they not also place service before profit? Business should be a profession and its ideals and ethics the same.

To attain a worthy and more reliable personality costs all one has. "Seek ye first the Kingdom of Heaven and all these things will be added unto you."

WRESTLING IN VOGUE FOR FOOTBALL MEN

Football men are putting in some hard work this winter to keep in trim for next fall. Thirty of them are reporting to Prof. Mack every Tuesday and Thursday afternoon at 4:00 p. m. for instruction in wrestling. Prof. Mack was a member of the Penn. State wrestling team in his college days and knows the sport by experience.

It is expected that work of this kind will keep the men strong and alert as well as giving them quickness of thought and action. It should make a marked difference in the condition of the candidates who report for practice next spring. Instead of flabby muscle from a winter of loafing a squad of men hardened by labor and with quickness of mind unimpaired will report to Coach "Kid" Gore for the season's first grilling.

DARTMOUTH WINS

Continued from page 1

lot of promise and Kroeck's work at goal augurs well for the future. Jules is a new man at hockey, but he stopped many long shots, and the three goals slipped by him were from fairly close quarters.

CAPTAIN COLLINS.

In the first period the puck remained in the center of the ice most of the time but in the second period Dartmouth came back hard and after five minutes of play tied the score. Another point was gained toward the end of the period, and the final score was made by the Green in the third period. Haskins very nearly scored for Aggie in the last period but when within a few feet of the goal he fell.

The work of Hall, who played center ice for Dartmouth, was far above the ordinary. He seemed to be all over the rink, was in the way of every effort for an Aggie goal, and scored one point for his team, unassisted, by a dash down the ice. Left defense Foster was a close second for Green honors, not to mention Tobin, who is rated as one of the best goals in college circles, and stopped many hard shots. Fresh men were sent into the game by both teams but neither scored thereby.

The Aggie team looks good on the ice, and after the loss of a little stage-fright, and the addition of a better offensive, the M. A. C. sextet promises to be a strong aggregation.

Summary:

Goals: Osborne, Sheehy, Hall, Collins.
Referee: Dowd of M. A. C. Goal umpires: Nicholson of Dartmouth and Hilyard of M. A. C. Time: three 15 minute periods.

TRINITY GAME

Continued from page 1

The first half opened with Tuomey scoring on two free tries. From the start the play was hard and fast. Marshman and Smith succeeded in eluding their opponent several times with successive tallies as a result. The Aggie guards learned to respect the prowess of Mills and Keating early in the game and in spite of exceptional guarding could not prevent the pair from scoring five times. Coach Gore sent in Barrows for Smith as the half was drawing to a close. The visitors scored immediately by evading the Aggie defense. Bike came back with a surprise toss through the hoop. Trinity took the defensive at this point and Rose went in for Bike. The home team started with passwork in their own territory, the half ending with Aggie in the lead 16-9.

Trinity started the second half with determination and before the Maroon and White team awoke the score was 16-14. On the return of Smith and Bike to the game, the M. A. C. men pulled together and came through with some cyclonic floorwork. Marshman succeeded in getting under the visitors' basket three times in the last few minutes of play scoring each time.

To Mills went the honors of high point getter for the losers.

INFORMAL DANCE

The first Informal of the year was given in the Memorial Building last Saturday. Dancing started immediately after the Dartmouth hockey game and continued until 9-30. It was one of the most successful, or better, the most successful one ever given at Aggie.

The dance was attended by 65 couples and a new idea was tried out, that of dancing as usual up stairs, but instead of eating at the Draper, as has been the custom at former dances, every one ate cabaret style in the lower hall. Bias was the caterer for the occasion. Bob Woodworth's orchestra furnished the music. The chaperones were Mrs. Lawman and Miss Parmelee of Smith, and Mrs. Cameron and Mrs. Starr of Mount Holyoke. The dance was also a treat for the Smith girls as a new plan was tried; that of allowing them to stay and dance until 9-30, instead of having to return home on the 9 o'clock car as has been the custom at former dances.

INTERCLASS BASKETBALL

On Friday, Jan. 6, 1922, the first inter-class basketball game between the Juniors and Freshmen took place. The score was 1925-11, 1923-10. The game was well played and hard fought as is shown by the score. Dickinson featured for the Juniors, and Ferranti for the Freshmen. At the close of this game another was played between the Seniors and Sophomores, which was a walk-away for the Seniors, the score being: 1922-12, 1924-5. Lewandowski and Weber featured for the Seniors, while Gifford and F. Bartlett played well for the Sophomores.

The scores:

On Thursday, Jan. 12, the second games were played, the Juniors vs. Sophomores, and the Seniors vs. 2-yr. The Juniors won from the Sophomores to the tune of 9 to 7. It was an excellently played game, the floor work of Alger, Sargent and Dickinson featuring for the Juniors, while the playing of Salmon and Weatherwax featured for the Sophomores.

In the Senior-2-Yr. game, the score was 2-Yr.—12, Seniors—11. Kokoski and Weber showed up well for the Seniors; Cluff, Barnicle and Culler starred for the 2-Yr. team.

MR. HARRY STARR OF HARVARD ADDRESSES MENORAH

Phi Beta Kappa Men Gives Instructive talk to Appreciative Audience.

Harry Starr, of Harvard Law School and president of the Harvard Menorah Society, was the speaker at the last meeting of the M. A. C. Menorah Society, Sunday, Jan. 15, in Memorial Hall. He received his A. B. degree at Harvard and during his four years stay was a member of the debating council. He won the Boylston Prize in public speaking and received honorable mention for the Bowdoin Prize in essay writing. Not only has Mr. Starr distinguished himself as a forceful and convincing speaker but has as well proven to be a good student. He is a member of Phi Beta Kappa Fraternity.

Mr. Starr dealt more upon the social problem of the Jew. He pointed out the fallacies of Jewish orthodoxy and the greater fallacies of Jewish reform. He showed that Jewish orthodoxy could not adapt itself to modern conditions by medieval methods and that Jewish reform could not adapt itself to modern conditions by imitating other religions.

In closing the speaker remarked, "The salvation of the Jew is to assert himself. He must be aggressive as he has been in the past."

TWO-YEAR'S "FARMER'S BALL"

The Freshman Two-year gave a "Farmer's Ball" to their Senior Class last Friday evening in the Memorial Building. There were about 60 couples present, and the faculty who attended were Prof. and Mrs. Phelan, Prof. and Mrs. French and Miss Skinner.

The dancers were dressed in Farmer's costumes for the most part, and some of the costumes were exceedingly clever and original.

The Two-year orchestra furnished the music and the feature of the evening was a saxophone duet by "Johnny" Adams and "Charley" Wheeler. They were encircled again and again and the dancing stopped while the guests listened, although feet and shoulders might have been shaking in time with the music.

Punch was served through the evening until 10-30 when the dance was over.

IDENTIFICATION OF

THE UNIDENTIFIED

Given: The skeleton of a man, unearthed beneath the cellar of a house in the East Side of New York. The skull was injured in three places on the back of the head, showing that death had been caused by violence.

To Prove: Who was the man, who was the assassin, and what was the motive of the crime?
Captain Grant Williams, formerly of the New York Police Department, now retired, explains how he unravelled this mystery as one of his numerous stories of his identification work when he was connected with the detective branch of this service. Many other equally amazing and astonishing cases of identification are to be disclosed at his lecture in Stockbridge Hall this Friday at 6:30 p. m. under the auspices of the Social Union.

If not the best entertainment of the year, certainly well to the fore—it behooves everyone to be present at this lecture.

MR. W. N. CRAIG ADDRESSES LANDSCAPE MEN

Horticultural Classes Spend Profitable Hour with Experienced Speaker.

Mr. W. N. Craig, superintendent of the Fankner Farms of Bookline, consented to come to the college on Tuesday, Jan. 10, for a very brief visit of several hours, at the invitation of the Landscape and Floriculture Depts. The informal talk which he gave to a group of about 75 students in French Hall was certainly appreciated, despite the brevity of his stay.

The subject which Mr. Craig spoke on was "Private Estate Management." Its Advantages and Opportunities. He made out a very strong case for this branch of horticultural work, and encouraged the men to consider it seriously before entering other branches.

An Englishman by birth, Mr. Craig has been in this country for many years, and has worked up from the bottom. He is now one of the leaders in private estate interest and activity the country over, being ex-president of the National Association of Gardeners, and Secretary of the Boston Gardeners' and Florists' Club.

FRESHMEN SCHEDULE

The schedule for the Freshman Basketball Team has been made up and is as follows:

Jan. 21, Turners Falls High, home.
Feb. 1, Amherst High, home.
4, Sacred Heart High, home.
15, Deerfield Academy, home.
25, Smith Academy of Hatfield, home.

March 1, Williston Academy, home.
The Freshmen have already played Hopkins Academy and Greenfield High and have come off in good shape.

'19.—George N. Peek was married on Dec. 7 to Miss Lillian M. Howard of Barre. The couple will live on Winter Street, Barre.

RESULTS DETERMINE COSTS

It isn't the initial cost of a dairy supply that determines its economy, but rather the results produced by its continued use. Many dairymen have made what they thought was a saving by lower first cost only to later find that they have sacrificed all and more to loss in quality and service.

The dependable high quality and value of the service which always follows the use of

never fails to return profits to the Dairyman many times in excess of its cost.

This quality service has gained for Wyandotte Dairyman's Cleaner and Cleanser an established place in the Dairy Industry because it is a guarantee of that sanitary protection which insures high quality products that build permanent and increasing business.

These results are guaranteed to you also or the trial costs you nothing.

Order from your supply house. It cleans clean.

Concerning Athletic Capitalization.

The Dartmouth, undergraduate paper at Hanover, recently took a most interesting position in regard to the "capitalization of athletic ability." It holds that no harm, but on the contrary, much good, would be done by allowing athletes to participate for pay in summer sports, and not forcing them into the ineligible class because of such professionalism.

This viewpoint rather jars a set of conventionalities pretty well established in amateur circles, and also our firmly fixed ideas about the purity of college athletics. However, a glance at the new stand is convincing and must command attention and respect.

The two chief arguments against professionalism are questioned. First, "it is customary to charge that 'professionalism among college athletes puts a premium on competition for money, and takes away all thrill from a game conducted purely on an amateur basis.' Can this be true? Are the college athletes of to-day so narrowminded, so blind to the purpose of college training that they could conform to such a thing? The best answer to the 'subtraction of thrills' idea is that college sports have never been more enthusiastically participated than during the past few years, and yet, to quote the Dartmouth, 'the rule (against professionalism) has become almost as well known for its breach as for its observance.'"

Again, argues the "anti" professionalism may fill our colleges with a crowd of misfits, excellent physically but of a distinctly minus calibre scholastically. Says the Dartmouth, "Are not the scholastic requirements in most cases high enough to nullify the chances of a man's staying in the undergraduate body who had no other recommendation than an unusually large amount of athletic activity? To say that professional athletes, otherwise unfitted for college, could remain very long in a present day institution is to charge the faculty either with lax requirements or with a wilful disregard of duty."

It seems to us that these modern ideas are very well founded. With requirements unchanged, permission to play for money could not fill the colleges with "low-brows." The fact that some institutions have seen fit to make a "pass at any price" curriculum to suit youthful athletes chosen by the careful selection of veteran scouts, and to give these youths a B. A. (Bachelor of Athletics), after four years of tough work on the varsities, has nothing to do with the matter. No such condition can exist in a genuine scholastic institution.

The average college student does not toll at his life work during vacation. He picks up what he can get, usually at some avocation. Take for an example an Aggie undergraduate. He waits on table, works on the highways, sells maps, does anything and everything to earn the necessary cash to purchase books at \$2.00 per volume or board at \$7.00 a week. Only a few lucky ones strike something actually pertaining to their "major" here.

The non-athlete, points out our contemporary, has the advantage in the chase for the dollars. If a journalist, he can work for a paper, if a musician he can find a position in a hotel or summer resort, and earn tidy sums without danger of losing prestige in his alma mater because of professionalism.

The athlete is cut off from many campus tasks by long practices, and the non-athlete again has the advantage. Moreover, "melons" are often out of Senior members of college newspaper staffs, dramatic organizations, etc. Athletes are never so fortunately rewarded, at least not openly. It is a shame that, in order to get some needed recompense for clean sport the athlete must make himself a petty criminal, and leave the way open for personal enemies to oust him from honors later, even as when Thorpe, still a popular American hero, was ousted a few years ago.

It is fitting that this matter should be brought before the colleges and the public in this new way. Right or wrong, it should be thrashed out again, in the light of these new ideas and circumstances.

We should like to agree with Dartmouth, that, "Allowing undergraduate athletes to earn part of their college expenses by playing during the summer months would recognize a right that should be theirs and would do away with a rule that has become almost as well known for its breach as for its observance."

An Age-Old Controversy
Amherst vs. Mass. Aggie.

It is an unfortunate thing to be located in the town with another older and well established college. It is a terrific handicap to be under to be obliged to iterate and iterate the fact that the Massachusetts Agricultural College is an individual and not a part of Amherst College, or a vocational school, or a little something-or-other connected in some mysterious way with an experimental station and the Legislature.

How often do we meet this situation? "Hello, Bill! Do you happen to know John Quincy?"

"No. Never heard of him."

"Why, he's a Senior at your college."

"I don't think so. I know all the class. Are you sure you have the right place?"

"Yes, he's been at Amherst four years."

"But I am not at Amherst. I'm at Mass. Aggie."

"Oh!" Indefinite, where-the-hell-is-that-if-it-isn't-Amherst sort of an explanation.

To illustrate again, the Boston Globe recently contained three articles about this college, all of which spoke of Amherst Agricultural College in their heads.

Now we have nothing at all against Amherst College. It is a fine place to go to and all that. But we're not there. There's the big point.

Individuality is the main thing. Without it a man or an institution is lost. We have been battling for years to put Mass. Aggie on the map, to separate it from each and every other thing in the minds of the public, to make it denote something more than the place where they produce milk to feed Amherst College. Thank heavens, we are succeeding and now hear these foreign applications less and less.

However, we must aim at a complete success. Every man must take his alma mater with him wherever he goes, correct misinformation at every opportunity. If anyone says "Going to Amherst? Fine place!" say ye to that man, "No sir, going to Mass. Aggie. Also fine place!" Capt. Gowdy had the right idea, when he told the basketball referee, in a recent game upon his saying "Amherst" ball, "Mass. Aggie, please!"

This is no trivial matter. It involves the very life of the college. No one knows how much we have lost because people have not realized our not great, it is true, importance. Look at the Chem Lab, a monument to such ignorance and misinformation.

Remember individuality counts. Let's propagate Mass. Aggie.

Arena Parties.

We understand with some pleasure that the general subject of Arena Parties is to be brought up for discussion in this afternoon's Forum. The fact that the pros and cons concerning their effectiveness has been thoroughly gone over unofficially around the campus makes it necessary to bring the matter to a head.

We are too prone to give up old traditions on the spur of the moment. The Arena Party is an old tradition. On the other hand, when a tool has become dull or unfit for use, it must either be sharpened or cast aside. The question is, has the Arena Party become actually useless, or is it simply dull. In either case, judging from results as shown in the Freshmen class, it is not at present doing its job.

FRIDAY NIGHT DANCE

A plan was suggested at the close of the last term that dances be given in the Memorial Building every weekend or every other weekend. One was given and proved so successful that the Informal Committee is giving another on this Friday evening, Jan. 20, from 7:30 until 11:00 p. m. It is to be run on the same plan as the first one was, namely: it will be open to the students, faculty, and employees of the college, and their friends.

Tickets will be on sale at the door and are 75 cents a couple or 50 cents a person. The orchestra will be Woodworth, Wood, Parker, and Dunbar.

ADDRESS ON THE LIFE
IN THE FAR EAST

James R. Marsh Interests Student Body.

Continuing the subject of "China" about which Mr. Hodous spoke a week before, Mr. James R. Marsh of Roxbury spoke on the "Significance of Chinese Civilization" in last Wednesday's assembly. He started out by quoting from George Bernard Shaw that a traveler's story became interesting only when he lied. He added that, if this was the case, his talk would be uninteresting.

Mr. Marsh stated that the Chinese race is a good social experiment because its civilization went so long uninterupted. It has been the same 5000 years. While the exterior of the Chinese man may differ from that of the American we must remember that fundamentally he is the same. He has the same emotions although he may express them in a different manner. We must take Chinese civilization as an established order of things because of its long stand in history.

China gives us an idea of the future. By noting the milestones of its civilization we may predict the future state of society. The main factor which has impeded the Chinese is reckless breeding. There are so many people that everyone must continually think of his work and there can be no research men nor idealists. Another factor which has hindered them is ancestor worship. In China we find five million people all trying to obtain food. Thus we can say that while other nations may seek for ethical advance China must seek for calories. Food and shelter are their only desires.

The Chinese are the best governed people of the world. If the authority of the law is removed they do not start such riots as characterized the Boston police strike, but they go about peacefully and do not interfere with each other.

The Chinese are limited in the ability to develop an aesthetic sense. There are no parks and museums in China. However, the Chinaman so isolates his intellect that the lack of such advantages does not seriously affect him.

In summing up, Mr. Marsh emphasized the facts that:

1. If it were not for ancestor worship the Chinese would have outdone the age of Pericles.
2. Had it not been for occidental invasion China would never have changed.
3. The study of Chinese civilization gives us a glimpse of the future.
4. We should strive to do the greatest good for the largest number.
5. Each man should have the opportunity of developing his own intellect.

Mr. Marsh then closed by relating several humorous anecdotes descriptive of Chinese life.

The Y. W. C. A. held an Informal "get-together" Friday evening, in the Adams Dormitory, in order to welcome the ten weeks women students. Games, corn popping, and songs were enjoyed.

INTERFRATERNITY RELAY

The first of the interfraternity relay races were run off as scheduled last Monday afternoon. Lambda Chi Alpha scored fast time for the afternoon making the rounds in 2:14 3-5. Competition was not very keen in most of the races probably due to the fact that the embryo athletes were not in the most perfect condition. The races follow in the order in which they were run:

PHI SIGMA KAPPA. KAPPA SIGMA.

Woodworth, R. Stachner

Bartlett White

Garretson Cahill

Pierce Won by Phi Sigma Kappa. Time—2:10 1-5.

LAMBDA CHI ALPHA. Q. T. V.

Kemp Tuttle

Fernald Parsons

Ferranti Kennedy

Loring Bilski

Won by Lambda Chi Alpha. Time—2:14 3-5.

SIGMA PHI EPSILON. THETA CHI.

Bray Roberts

Alexander Rhodes

Giles D'mock

Gifford Hallett

Won by Sigma Phi Epsilon. Time—1:10 2-5.

NEW ENROLLMENT

The college enrollment for this term shows the entrance of four new men into the regular courses. H. L. Norwood, a transfer from the University of Maine, has entered the class of 1924; Philip Bonney, a transfer from Norwich has entered the Freshman class; Myron N. Smith and R. V. O'Connor have entered as special students.

C. A. C. GAME

Continued from page 1

showed 9 tallies to their credit.

In the second half the M. A. C. aggregation started out strong, but Conn. resumed the speedy tactics of the early part of the game and scored heavily to the end, dropping the last double counter through the ring as the final whistle blew.

The score:

MASS. AGGIES	B.	F.	P.
Bike, rb	2	0	4
Hale, rb	0	0	0
Gowdy, lb	0	0	0
Marshman, c	0	0	0
Roser, c	1	5	7
Tumey, rf	1	0	2
Smith, lf	0	0	0
Barrows, lb	4	5	13

CONN. AGGIES	B.	F.	P.
Alexander, lf	0	7	7
Makowski, rf	3	0	6
Habcock, rf	0	0	0
Stull, c	4	0	8
Putnam, lb	5	0	10
Lord, rb	0	0	0

Score at half time—Conn. Aggies 14. Mass. Aggies 9. Referee—Brennan.

Time—20 minute periods.

In the quality of the woollens.
In the character of the designs.
In the originality of the models.
In the workmanship and the finish.

That is the synopsis of the HICKEY-FREEMAN story. They are the best clothes made in America today!

W. B. DRURY

SOPHOMORE PERSONNEL CHOSEN FOR CLASS DEBATE

The debate between the Freshman and Sophomore classes will take place in Bowker auditorium Wednesday, Feb. 1. The subject of the debate is: Resolved, That the present disciplinary relations between the Freshman and Sophomore classes are detrimental to college spirit. The subject is very broad in its scope and one which will undoubtedly be of great interest to the student body. Although it is not definitely decided, yet it is expected that three members of the faculty will act as judges. Each speaker will be allowed five minutes for his main speech. There will be only one rebuttal and that of five minutes duration.

The personnel of the Sophomore team is now complete. Alfred E. Staehelin of Williamstown, Conn., has been chosen as class captain of the Sophomore team. His other two colleagues are Richard Gifford of Westport and Russell Noyes of Newtonville.

GLEE CLUB AND ORCHESTRA

Every man has now had a vacation from the Boston trip, and as concerts are coming in the near future, it is necessary for each one to "find himself" again. The Boston trip went off excellently and the concerts which are to come must give the audiences as good an impression. The first definite concert is to be given at Deerfield Academy on the night of Feb. 20, and there will probably be one over alumni weekend. Everybody out Tuesday evening, Jan. 24, at 8:00, in the Memorial Building, for a rehearsal. The orchestra has had the same rest, and more so! so every one out Thursday night at 8:00 p. m.

OPPORTUNITY

There is an excellent opening for a technically trained agricultural graduate of some practical experience on the Bunker Farm, at Angolia in Chile, South America. The farm has 3000 acres and a staff of teachers connected with the schools. There are 300 students. Practical farming along modern lines is the aim of the college. For further information inquire of F. A. Litch, 9 College Avenue.

R. O. T. C.

The complete roster of the Cadet officers of the R. O. T. C. at this college has been recently announced by Major Snyder. Altogether there are 13 commissioned cadet officers and 48 non-commissioned officers. The roster of the commissioned cadet officers is as follows: Captains, R. H. Beckwith '22, Wellesley Hills, F. A. Gilbert '22, Brandon, Vt., H. E. Wentch '22, Southbury, Conn., Lieutenants, E. A. Pickup '22, Holyoke, F. E. Williams '23, Sunderland, W. E. Paddock '23, Worcester, R. F. Martin '23, Amherst, E. G. Johnson '23, Mattapan, J. B. Fanen '23, West Warren, R. D. Fuller '23, Woburn, M. B. Hallett '23, Rockland, S. K. Hardy '23, Littleton, and S. D. Hilyard '23, Detroit, Mich. Besides these appointments there are 21 sergeants and 27 corporals.

Mrs. Marion White, matron at the "Abbie," has been confined in the infirmary for the past week. Her condition was such that Dr. Haskell has ordered her to take an extended vacation. She is going to the home of her cousin, Mrs. DeFord, who lives in Baltimore, Md. She hopes to be able to return before the end of the school year.

ALL RIGHT, GO TO IT

We have never had perhaps, such a stretch of fine skating weather as we have had during the past two weeks. It seems too bad that we, who have our skates here, should lose the opportunity to use them. To suggest that the Freshmen get together to clean the pond for everybody's enjoyment, would not be asking too much. The matter of ridding the pond of snow would take the entire class not more than an hour or so.

Signed,
A FRESHMAN.

CAMPUS NOTES

The Sophomore hockey team will be formed very soon and confidently expected to trim the Freshman team. The class of 1924 last year defeated the fast 1923 team, and most of the men who played then are available this year.

Miss Helen Bragdon, general secretary of the Y. W. C. A. at Mt. Holyoke College, was the speaker at a meeting of the Y. W. C. A. in Abigail Adams Hall, last Sunday. She spoke interestingly of "What Membership in the Y. W. C. A. Means."

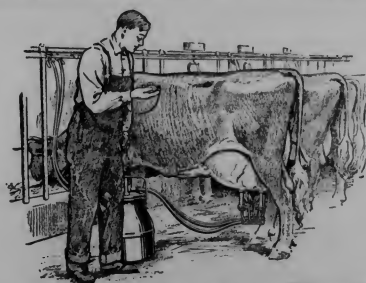

The Freshman girls gave a sleigh party, last evening, at which 17 couples were present. Starting early in the evening the party went to Sunderland, where they stopped for refreshments and a jolly social hour in the chapel. Mr. and Mrs. Thayer were chaperones.

A sleighing party to Shutesbury was held, Tuesday evening, by Sophomore, Junior, and Senior co-eds and their guests. Mr. and Mrs. Worthley and Mr. and Mrs. French were guests. Coffee and doughnuts were served by the girls upon arriving at Shutesbury, and dancing was enjoyed for an hour in the town hall.

Under the auspices of the Y. M. C. A. a forum on religious subjects is to be held each Tuesday evening this term from 6:30 to 7:30, in the Memorial Building. Mr. Ward, a man of wide training and experience with students, is to lead. There will be liberal opportunity for discussion, and the meetings promise to be very interesting. Topics for this month are as follows: Jan. 17, "Who is God?" Jan. 24, "Evolution and Christianity." Jan. 31, "Who was Jesus?"

An assembly is composed of legislators who, with good intentions, have gathered to transact business in a most efficient manner, but whose individual timidity prevents the expression of their views.

The Pulsation Test

Take out your watch and time the pulsations of a De Laval Milker. You will find that every unit in the barn, no matter if there are a dozen, is running at exactly the same speed and as uniformly as the tick of a clock. This insures your cows being milked in exactly the same way from day to day or year to year, and is one of the reasons why cows do so well with the De Laval Milker.

Try this test on any milker and you will understand just one of many reasons why the De Laval is "The Better Way of Milking." Send for full information.

'85.—Dr. Joel E. Goldthwait now head of the department of hygiene and physical education at Smith College, has been appointed brigadier general in the Medical Reserve Corps of the United States Army. Dr. Goldthwait served as a colonel in the World War, and was on General Pershing's staff at the general headquarters of the A. E. F. in France. He did especially important work in connection with training camps and putting the men in the best possible conditions for their physical examinations. He will continue this work, assisting the surgeon general of the army with future training camps designed to make and preserve the highest standard of physical efficiency for men in everyday life.

'11.—Mr. and Mrs. G. E. Cabotley announce the birth of a son, Roger Burton, on Jan. 1.

'14.—Raymond E. Nute is engaged in the fruit growing business with the Kentucky Orchard Company, Medora, Ky.

'16.—Frank E. Haskell, a captain in the United States Army, is stationed at Camp Benning, Columbus, Ga.

'17.—Word has been received of the marriage, on Dec. 29, of Warren Whitcomb to Miss Vera Owens at Dickinson, Texas. Whitcomb is engaged in government entomological service in the great apple region of Yakima, Wash. He has held the position for two years, and all reports indicate that he is doing very well there.

'19.—Morton H. Cassidy, an entomologist, is temporarily located at Groton, N. Y., R. F. D. 11.

'20.—Jack Carleton, Pete Cascio '21, and Jack Coombs '21 are employed in citrus orchards at Fort Pierce, Fla. Address, R. F. D. No. 1, Box 60. They made the trip from Westfield by auto in 16 days.

'20.—Harold S. Harrington gives his new address as City Y. M. C. A. Athens, Ga. He is connected with the Horticultural division of the University of Georgia.

'20.—Harry Hall is teaching chemistry in the Brockton High School. He is also assisting with the track work.

'20.—Warren Clapp is starting a Horticultural Manufacture Plant in East Braintree.

'20.—William A. Luce is located at Wenatchee, Wash., where he is carrying on an investigation of soils in Chelan County for the United States Department of Agriculture.

'20.—B. F. Jakeman, located in Providence, R. I., is a salesman for the Wright Ziegler Company.

'21.—"Phil" Robinson is back on the campus taking graduate work in Landscape Gardening.

SQUIB

The first Squib to be published under the Non-Athletic Board will be issued the first of next month. It is called "The Futuristic Number" and we hope it will be the best ever. In order to make the rest of the numbers as good, it is up to the student body to contribute. Any originalities or jokes of a good nature are always welcome.

FLORICULTURE CLUB NOTES

The Floriculture Department was recently presented with a miniature greenhouse built by the A. T. Stearns Lumber Company of Boston. The model is to be used especially for study in courses in greenhouse construction, heating, and fumigation. The model is about two by four feet and is perfect in every detail.

The regular meeting of the Floriculture Club was held on Tuesday evening, Jan. 10, in French Hall, with a small crowd on hand to help devour the doughnuts and cocoa which were served. The main interest of the meeting centered about Mr. H. V. Lawrence, who was asked to speak on short notice. He discussed commercial floriculture in general, but chiefly from the aesthetic standpoint. "Commercial floriculture is, from the human side of the question, a most essential industry," he said, "despite the country's ruling to the contrary during the war." Mr. Lawrence is teaching in the new nursery course this year, which is being held for the Ten Weeks students. He has a commercial florist and garden business in Falmouth.

On Jan. 24, Tuesday evening, the next meeting of the club will be held at which officers will be elected. There will also be a speaker secured by the Veg. Gardening members of the club. If you haven't been attending these meetings, and are interested in Floriculture or Veg. Gardening, don't miss this chance to start in with the next meeting. Help have some good, pleasant and profitable social times.

GIFTS TO LIBRARY

The college library has been the recipient of several substantial gifts of late. Several hundred volumes on botany and horticulture from George C. Woolson '11, of Tryon, Polk County, N. C., besides a valuable collection of about 1200 manuscripts from eminent botanists and other scientists are among these. C. F. W. Felt '86 presented a set of the Journal of the Association of the Engineering Societies, volumes 1-15, 1881-1915, and Clinton King '07, of Springfield, gave two volumes on the life of the late Justin S. Morrill, in addition to a large number of old college publications.

D. C. Nourse '83, of Newburg, N. Y., presented the library with a collection of books from his own library as a memorial to his nephew, D. O. N. Edes '18, who died in France while in the service of his country. The collection is largely historical, containing some of the older books on agriculture and veterinary science.

A year ago George A. Parker '76, of Hartford, Conn., presented his collection of college photographs showing early campus views, original faculty, and students of the first decade. These have been bound and a case provided for their preservation.

SOUTHWICK BROTHERS & GAULT

TWO YEAR WINS FIRST OF ITS FIFTEEN GAMES

Amherst High Defeated 19-9 in First Game by Capt. Ross Men.

Coach Grayson's Two-year basketball team got a good start when they defeated the Amherst High School live in its first game, 19-9. The play was fast, although the scoring was not high, due, no doubt, to the fact that both teams were playing a defensive game. On the offense, however, the Two-year team far surpassed their rivals, the shooting of Greene being the notable feature of that department of the game. The absence of Parsons, last year's center who has been out of the game this year because of an infected knee, was noticeable in the Two-year team. It is hoped that he will be back for Tuesday's game. Flebut was the only high school player who managed to score either from the floor or from fouls.

TWO-YEAR. AMHERST HIGH SCHOOL.
Greene, rf lg, Fleury, Mitchell
Ross, Capt., lf rg, Dowd, Fleury
Strout, Cutler, c c, Mitchell
Donnelon, rg lf, Kelly
Adair lg, rf, Flebut
Score—Two-year 19, Amherst High School 9. Goals from floor—Greene 4, Ross 2, Cutler, Flebut. Goals from fouls—Ross 5, Flebut 7. Time—Two 20 minute periods. Referee—Ball. Timer—Adams.

Manager Nettleton has prepared a schedule including 15 games with Connecticut Valley high school teams. The schedule follows:

Jan. 17, Sacred Heart High, Holyoke.
21, Deerfield Academy, Deerfield.
28, Wilbraham Academy, home.
Feb. 1, Williston Academy East-hampton.
3, Arms Academy, Shelburne Falls.
4, Deerfield Academy, home.
10, Smith Academy, home.
11, Worcester North High School, home.
18, Clarke School, Northampton.
25, Cushing Academy, Ashburnham.
28, Smith Academy, Hatfield.
March 4, Sacred Heart High School, home.
8, Wilbraham Academy, Wilbraham.
10, Union College Freshmen, home.

RIFLE NOTES

The R. O. T. C. men, especially the Sophomores, are now competing for the indoor rifle team. The members will be determined by those having the highest total score. All four positions—prone, sitting, kneeling, and standing—are used.

The Military Department has plans for an outdoor team in the spring term, when the weather will permit shooting on the range; and a pistol team is also planned.

16.—Ralph C. Estes was married on Dec. 3 to Miss R. A. Holland at Atlanta, Ga. Mr. Estes is working for the Federal Board of Vocational Education in that city.

DR. J. K. SHAW'S WORK ON CERTIFICATION

Experiment Station Doctor Leader of Work in Nursery Certification.

Nursery Certification, an outgrowth of the research in leaf characters by Dr. J. K. Shaw of the Horticultural division of the Experiment Station, has been undertaken by the Massachusetts Fruit Growers' Association this fall. More than 3000 trees have been examined in the nursery.

The nursery men, Dr. Shaw reports, were as anxious as the growers to eliminate misnamed stock. This fall's cer-

tification was only a beginning. It was the first application of Dr. Shaw's studies on the identification of trees by their leaf characters to the commercial fruit growers.

Tremendous possibilities are seen in this fruit stock certification work by the Horticultural division of the college. Nursery men are eager to clear up their nursery propagation stock, and growers are impatient to eliminate the sale of misnamed trees.

The varieties certified so far have been: Bellefleur, Wagener, Northern Spy, Red Astrachan, Yellow Transparent, Rhode Island (greenings), Macintosh, Baldwin, Wealthy, Oldenburg, Gravenstein and Williams.

NEW COURSE IN ECONOMICS.

A new course called Agricultural Prices is to be given by the Department of Agricultural Economics during the winter term. This course will include the general theory of prices, the factors underlying the recent movements of prices of agricultural products and an intensive study of the prices of some representative products.

The course may be taken for either two or three credits, and the time will be arranged.

So far as is known this college is the second in the country to offer a course in this subject. The other is the Minnesota Agricultural College.

Diamond Corn Gluten Meal

DIAMOND Corn Gluten Meal is another one of our great products from corn. It is highly concentrated corn protein with a minimum of fibre and is used extensively by the careful feeder with fine results.

The protein in Diamond Corn Gluten Meal costs proportionately less than any other feed and, when properly mixed, makes a very low priced, highly productive ration. It is guaranteed 40% protein and invariably runs higher.

The Massachusetts Agricultural Experiment Station endorses Corn Gluten Meal by stating that, on the basis of its composition and digestibility, it has 10% greater feeding value than Cotton Seed Meal.

HONORS ARE PAID TO SERGEANT A. V. PETIT

Buried from the College with Full Military Honors.

The body of Sergeant A. Victor Petit, after lying in state in the Memorial Building for twenty four hours, was buried Saturday morning with full military honors.

The body arrived in Amherst Thursday, and on Friday morning was taken to the Memorial Room by a guard of fifty ex-service men. The body was taken from the casket into the Memorial Room where a guard was immediately mounted which continued throughout the night and until nine o'clock Saturday morning. Flowers were heaped about the casket which was covered with the flag, and wreaths and bouquets testified to the esteem in which Petit's name was held. Various campus organizations, friends, organizations which served in France, Amherst College, M. A. C., all were represented by their offerings of flowers.

At nine o'clock Saturday morning, in the midst of a hard snow storm, Petit left the Aggie campus for the last time, escorted as a man who gave his life for his country.

The band from Holyoke, obtained by the Legion, led the procession, and was followed by the American Legion post, the Veterans of Foreign Wars, Troop A of the R. O. T. C., four representatives of the Salvation Army of Holyoke, and the firing squad, eight in number. The casket, bearing the body, and its guard of honor, came next, and was followed by the relatives in closed cars, his fraternity brothers in Sigma Phi Epsilon, and Troops B and C and the Freshman troops, in uniform.

The body was taken to Sainte Bridget's Church, where a requiem mass was sung by Rev. John O'Malley. The entire escort and many townspeople completely filled the church and listened

Continued on page 7

POULTRY JUDGERS TO GO TO NEW YORK

The Poultry Judging team will go to New York on January 26 and 27 to take part in the judging at the Madison Square Garden Poultry Show. The team will consist of Perry, Lyons '22, and Davis '22, and will be accompanied by Professor Banta.

In past years M. A. C. has scored high in these contests, and has earned a reputation in poultry judging at the show, so that possibilities for carrying off first place this year seem very good.

MID-WINTER ALUMNI DAY

February 3 and 4

WILL YOU BE BACK?

VARSAITY WINS 1-0 FROM JEFFERYMEN

In Aggie's Fastest Contest, Collins, Gordon, and Plimpton Play Stellar Game.

Yesterday afternoon the hockey team played three 15 minute periods of fast, skillful hockey against Amherst which resulted in a 1-0 victory for the Maroon and White. "Doc" Gordon in a "follow-up" shot behind Lamb, scored the only goal of the game in the second period. The ice was in perfect condition and a large crowd was present from both colleges.

Collins and Gordon played exceptionally well while Kroeck's goal work was the best of the year. Plimpton at Amherst's goal saved the purple and white from a more disastrous defeat.

The first period was characterized by the fine work of Collins and Plimpton. Hard play followed Gordon's score in the second period and in the final period the offensive work of the M. A. C. men was only stopped by Plimpton's great work. A delayed Amherst sport was snipped by Kroeck just before the whistle blew.

The lineup:

AMHERST: Sylvester, lw; Hunter, rw; Davidson, c; Allison, ld; Worcester, rd; Plimpton, g.
M. A. C.: lw, Gordon; rw, Lyons; c, Haskins; ld, Collins; rd, Hodson; g, Kroeck.

Summary: Goal Umpires—Eames for Amherst and Hilyard for M. A. C.; referee—Lambard of Springfield. Time 2 15 m. and 1-12 m. period. Shots stopped—Kroeck 20, Plimpton 50. Substitutions—Lamb for Haskins, Titus for Sylvester, Lawson for Titus.

JUNIOR PROM PROCEEDINGS

Owing to the lateness of Easter this year the Prom Committee is experiencing considerable difficulty in setting a definite date for the Junior Promenade. It seems advisable to have the Prom between the close of Lent and the beginning of the baseball season, so that every one who wishes can attend. A tentative date has been set and will be announced next week, if negotiations now going on between the committee and Smith and Mt. Holyoke Colleges turn out favorably.

The committee has been hard at work and has gone a great way toward what promises to be one of the best proms in years. Attractive favors have already been ordered and offers for music are coming in fast. Elaborate plans have been laid and prelims will go on sale as soon as the date is fixed.

The Prom Committee has been subdivided as follows: Tickets, Folsom and Sargent; decorations, Marshman and Hale; music, Dowden and Grayson; menu, Eldredge.

AGGIE SEXTET SWEEPS YALE BULLDOG FROM ITS FEET IN SENSATIONAL 3-2 VICTORY

Brilliant Playing of Collins, Lyons, and Gordon Baffles Yale Defense. Bell Excels for Home Team, with Timely Goal Tending.

TRIO OF AGGIE ORATORS SUCCESSFUL AT BOSTON

Sandow Awarded First Prize at Ford Hall.

Alexander Sandow '23 of Pittsfield, won first prize in the speaking contest held at the Union Agricultural Banquet, Ford Hall, Boston, Jan. 18, 1922, in connection with the Fourth Annual Meeting of the Massachusetts Agricultural Organizations. He spoke on "Extension Service," competing with Gordon Ward '25, who won second prize, and Abraham Krasker '23, who received third place. The prizes were \$25, \$15 and \$10 respectively. Ward's subject was "What M. A. C. is doing for me," and Krasker spoke on "What M. A. C. has done for me."

Sandow, after sketching the history of the extension service as an outgrowth of the agricultural college of the state, pointed out the three underlying principles of the service namely:

1. To make the entire state the classroom of the college,
2. To assist only those communities that voluntarily elect extension projects, and
3. To train the best farmers and homemakers to be the teachers of their object lessons.

After describing the system of the service, he concluded by making a plea for the co-operation of the farmers, that they utilize the services of the Extension Service and also give it their help when possible in order to raise the agriculture of the United States to a higher plane of development.

Ward spoke principally on the Freshman courses in agriculture given at the college. In the disarming theme he

AGGIE LOSES SLOW GAME TO TUFTS QUINTET, 32-18

Repeated Fouling Features Play of Both Sides.

The Tufts Jumbos trod mercilessly on the Aggie basketball quintet last Saturday night at Medford, emerging victorious on the long end of a 32 to 19 score. The game as a whole was exceptionally slow, with a large number of fouls interrupting the play at frequent intervals. Aggie tried to keep in the running the first half, meeting with tolerable success as the narrow margin of 9-7 at the end of the period

Continued on page 2

Muzzling the bulldog on his own grounds is no job, but that is what the Aggie team did last Wednesday night when they beat Yale 3-2 at New Haven. The game was hard fought throughout, with the result that at the end of the third period both teams were pretty well used up. Coach Mansell's team came through with the goods and showed just what brand of hockey they are capable of playing. The team learned a lot from their defeat by Dartmouth the week before, and showed an offensive that had Yale baffled from start to finish.

"Hubba" was everywhere on the ice and scored two goals for Aggie within the first 10 minutes of play. A New Haven paper described "Hubba's" work as follows: "The brilliant work of Collins, the visiting captain who plays left defense, was too much for the Elis. This young man is about the best hockey player that has appeared in the arena this season and it is little wonder that the Hay States have such excellent teams with men like him on the squad."

The game started off with a rush that took the blue by surprise, and in less than four minutes later "Hubba" had registered the first goal, followed six minutes by another. Yale also scored in this period when Speiden, aided by some fine passing, drove one past Kroeck. In the second period "Shaky" Lyons registered the only goal when he pushed in the puck after Gordon had shot and the puck had rebounded. Speiden made the final goal of the game when he, after five minutes of play in the third period, tucked in a 20-footer that Jules could not see.

CAPT. GRANT WILLIAMS ON IDENTIFICATION

Finger-print Demonstration and Stereopticon Lecture.

Capt. Grant Williams, former detective of the New York police force, made his appearance at Stockbridge Hall, Friday evening, like all policemen, without introduction. His interesting talk on identification gave the audience something to ponder over. Through actual demonstration and illustration he tried to convey to the audience how the most mysterious cases of the unidentified were solved.

The finger print was the first thing to be considered. For purposes of demonstration, Mr. Williams asked for volunteers.

Continued on page 3

YALE DEFEATED

Continued from page 1

"Doc" Gordon played in hard luck all evening for he pulled Yale's goal-tender out of the cage on two occasions only to have the rolling puck miss the cage by inches.

Time and again the Aggie offense broke through the defense of the Blues only to have their shots turned aside by Bell. The work of Kroeck was exceptionally good; many of his stops drawing a big applause from the crowd.

Muzzling the Bull Dog:

Second Period.

Lyons—M. A. C. 2:04

Third Period.

Speiden—Yale 4:05

Referee—McKinnon. Timer—Queal.

"The Mass. Tech. team was a hummer, underrated by Yale that's a cinch, and last night the Aggies from the Bay State showed some great stuff by beating the 'Eli.'"—New Haven Paper.

"Those boys can play hockey, make no mistake about that."—New Haven Paper.

"Hubba" barely missed a back-hander in the last minute of play, after he had drawn out Bell.

Hockey is getting more and more popular at Yale, nearly 2000 people watching Wednesday's game.

The Aggie-M. I. T. game was originally slated for later in the week. With a good rest the Aggie team could have shown much better hockey.

"They sure know how to raise hockey players down Arlington way."

The following letter reveals the feeling of our alumni about this game:

To THE COLLEGIAN:

The showing that Aggie put up against Yale last night in New Haven was wonderful. I was fortunate enough to be able to see the game, and I was surprised at the way the boys outclassed Yale; and Yale has no slouch of a team this year.

As you know, Yale had defeated Pennsylvania and Princeton within a week, and was all set to trim M. A. C. Sport writers here in New Haven are calling "Hub" Collins the fastest skater seen in New Haven this winter, and that is not barring any of the big college teams.

Yours very sincerely,
I. G. QUINN '21.

BASKETBALL AT TUFTS

Continued from page 1

indicates, but in the second half was totally eclipsed by the phenomenal basket shooting of Rounds, and the faultless foul tossing of Evans. The work of these two men was the outstanding feature of the game.

Both teams displayed a rather poor brand of passing, the Tufts aggregation pulling together in the second period with a better grade of teamwork, which

turned the tide in their favor, and enabled them to pile up a big score. When mid-way down the floor the striped-jersey visitors did not attempt to go further, but contented themselves with long tries at their opponents' cage. The bright spot of the game was the spurt during the second half, when Smith and Bike were hustled back into the game, two of Aggie's second period baskets being secured at this time. The Hill-men continued to score, since the guards were repeatedly unable to slow up Rounds, who was by far the luckiest scorer on the floor.

MASS. AGGIE
Mahoney, lf; Bike, rg; Evans, rf; lg, Gowdy; Rounds, Rogers, c; Marshman, rf; Tunney, lf; Smith, lf; Kileman, rg; lf, Smith
Score—Tufts 32, M. A. C. 19. Goals from floor—Mahoney 2, Evans 2, Rounds 5, Rogers, Marshman, Tunney, Smith 3. Goals on free tries—Evans 12, Tunney 9. Referee—Swaffield. Time—20 m. halves.

INTERCLASS BASKETBALL

The Two-Year class team met its first defeat last Friday evening, Jan. 20, at the hands of the fast Freshmen quintet by a 12-0 score. The game was well played by both the 1925 team and the Two-Year men, who throughout the game threatened to score. Clough had 11 chances to score for goals, besides foul shots, and yet was unable to make a count. Ferranti scored six of the total yearling's scores, while Fish scored a goal and Barker scored two.

The scores:

G.	F.	P.
Ferranti, rf	1	4
Gannon, lf	0	0
Barker, c	2	0
Fish, rg	1	0
Mouradian, lg	0	0
Kelso, lg	0	0
Totals	4	4

TWO-YEAR
Barulele, lf; Pierce, rf; Garford, c; Clough, rg; Baker, lf

Totals, 0 0 0

Following this the Seniors beat the Juniors in an inter-class game to the tune of 25-11. Although the game was well played, the Juniors were put to a disadvantage when two of their best men were put out of the game in the second half, Alger and Wirth being pulled for personal fouls. Weber and Randall played well for the Seniors, while Dickinson scored seven out of the nine points scored for the Juniors.

Thescores:
1922
Weber, rf; Kokoski, lf; Randall, c; Clark, rg; Hooper, lg

Totals, 9 7 25

1923
Sargent, rf; Alger, lf; Dickinson, c; Wirth, rg; Giles, lg

Totals, 2 7 11

The standing of classes follows:

TEAM	G. P.	WON	LOST	P. C.
1922	2	2	0	1.000
1923	3	2	1	.666
Two-Year	2	1	1	.500
1923	3	1	2	.333
1924	2	0	2	.000

CAPTAIN GRANT WILLIAMS

Continued from page 1

teers from the audience. Having on the stage 10 persons, he took the finger prints of each, labeling them with the initials of the person. He instructed the group that when he left the stage any one of them might make an impression of his finger, and upon returning he would identify the person. The point being made, Mr. Williams returned and without delay identified the person. He explained that after one becomes acquainted with the loops and whorls, arches and capillary ridges of the finger print, it is an easy matter to make no identification.

The detective not only traces a criminal and solves a crime but acts in another function, that being to return runaway boys and girls to their homes. By relating two interesting stories of a young boy and girl, Mr. Williams showed why 75% of the boys and girls leave home.

The last part of the lecture was devoted to slides on "The Identification of the unidentified." How persons were traced by their keys, watches, laundry marks, fillings in teeth and eye glasses, was demonstrated by the lecturer. Probably the most interesting case of identification was the case of "Domineck." A skeleton of a man who had been buried for two years, was unearthed and given over to the detective for solution. With plasterine, Mr. Williams restored the face of the skeleton, and made it so lifelike that a friend on seeing it, shouted, "That's Domineck!" and fainted.

BASKETBALL QUINTET DUE FOR A COMEBACK

Two Fast Games Assured at Boston.

The Varsity quintet plays two fast out-of-town games this week, but through there has been a slump in the last two games, the old fighting is there and we look forward to a clean slate this week. On Wednesday the team plays Harvard at Cambridge.

Harvard has won five games this season and lost four. They were defeated by Connecticut Aggie 33-30, but won from M. I. T. 31-27. The game should be fast and close. On Thursday the team plays M. I. T. at Cambridge. Since suffering defeat at the hands of the M. A. C. team early in the season, they have played two games and lost two.

The Aggie team suffers from the loss of Tunney who is in the infirmary due to an injury received in his knee during the Tufts game. Probably either Barrows or Roser will take his place. Barrows is a sophomore who has shown up well this season, and Roser will be remembered as the premier foul-shooter of last season's team. Marshman has recently recovered from his injuries received in football and is fast getting back into shape. On the whole, the passing has improved and some good wins can be looked forward to.

DEERFIELD
Underhill, fw; Taylor, Currier; Scott, c; Macanley, Eldredge; Burnett, Loomis, lw; Guild, Sheldon, Sprague; Adams, rd; ld, McGeech; Oakes, ld; rd, Hutchins; Corning, g; White, Pelree

MID-WINTER ALUMNI DAY
February 3 and 4
WILL YOU BE BACK?

HOCKEY SEPTET SLATED FOR THREE SPEEDY CONTESTS

Squad is in a Fine Condition for a Hard Week.

Three fast games are in store for the hockey team this week. On Thursday the team plays Bates on the M. A. C. rink at 3:35 p. m. Bates has had some good games this year, defeating Bowdoin and other Maine teams. They have a fairly good team, judging from what little information we have on them. On Friday the team plays Cornell at Ithaca. Cornell has a heavy team and has won all games played this season. They defeated Amherst 4-0. This should prove a very fast game. On Saturday the team meets Hamilton at Clinton, N. Y. Hamilton has a well rounded, smooth working team. They defeated Amherst 2-1, and the dope at the other end of the town was that Hamilton had a slightly better team than Cornell.

The Aggie team is in A-1 condition and a clean slate is expected this week. Yale reported our team as the best which has played at New Haven this year. The forward line ranks with the best on any college team this season, while Captain Collins and Hodsdon make a defense that is hard to pass. Kroeck, at the goal, is doing exceptionally well. All in all, this season's club is one of the best Aggie has ever had on the ice.

FRESHMEN DEFEATED BY DEERFIELD SEXTET 2-1
The Freshmen were forced to take the small end of a 2-1 score in their first hockey game of the season last Wednesday with Deerfield Academy. The game showed both teams somewhat green but with fine possibilities.

The Freshmen started off strong and caged the puck early in the first period. McGeech, the fast yearling left defense man, carried the puck the whole length of the rink and shot the goal from a difficult angle. The second period was scoreless and the puck remained in the center of the rink practically all the time. In the third period, however, the Deerfield boys, urged on by their coach, King '21, came back with a rush and dropped the puck into the goal twice in quick succession. Adams was the star of the Deerfield sextet.

The score:
DEERFIELD M. A. C. '25
Underhill, fw; Taylor, Currier; Scott, c; Macanley, Eldredge; Burnett, Loomis, lw; Guild, Sheldon, Sprague; Adams, rd; ld, McGeech; Oakes, ld; rd, Hutchins; Corning, g; White, Pelree

MR. OWEN LOVEJOY, SPEAKER AT SUNDAY CHAPEL.

A forceful address of unusual interest was delivered at Sunday Chapel, Jan. 22, by Mr. Owen Lovejoy of New York, chairman of the National Child Labor Committee.

"The problem of the youthful child laborer is nearly solved," he said, "but great problems concerning America's children still face us. The children of the rural sections particularly need our attention."

"It is an American characteristic to wait until a situation becomes intolerable; then we love to jump bravely in, and attempt to clean it up. Why cannot we learn to foresee evils in our national life in time to remedy them?"

"Our rural population is steadily declining. Former prosperous farming regions are now cultivated by ignorant tenant farmers. The present rate of decline of the rural population, together with the steady increase of tenancy, means that unless we take steps to prevent it, in twenty-five years American cities will be even more overcrowded, while the farm population will be largely of nomadic tenants."

"Our key to the situation lies with this generation of country children. They need attention in three directions: health, freedom, and education. Once we warned country people against the unhealthfulness of the city, but now we tell city people of the unsanitary conditions of the country. The health of rural children must be looked out for."

"Education is even more neglected. In some sections illiteracy is a grave problem. No American child should grow up without learning to read and write, yet in the South many children do not go to school at all. If we are going to keep a sturdy intelligent farm population in America we must provide good schooling for every country child."

COLLEGIAN COMPETITION
The standing of the competitors of THE MASSACHUSETTS COLLEGIAN up to date is as follows:

EDITORIAL DEPARTMENT.
1924.
Kennedy 32.7
Vaugh 20.7

RESULTS DETERMINE COSTS

It isn't the initial cost of a dairy supply that determines its economy, but rather the results produced by its continued use. Many Dairymen have made what they thought was a saving by lower first cost only to later find that they have sacrificed all and more to loss in quality and service.

The dependable high quality and value of the service which always follows the use of

Wyandotte
Dairymen's
Cleaner and Cleanser

never fails to return profits to the Dairymen many times in excess of its cost.

This quality service has gained for Wyandotte Dairymen's Cleaner and Cleanser an established place in the Dairy industry because it is a guarantee of that sanitary protection which insures high quality products that build permanent and increasing business.

These results are guaranteed to you also or the trial costs you nothing.

The Arena Party Problem.

Shall the Arena Party be perpetuated in this institution? Adelpheia surely touched upon a subject which is in need of discussion when it brought this question before the assembly. Probably no student forum in years has called forth so much discussion from all classes in the auditorium.

One group of speakers earnestly condemned the practice of subjugating Freshmen by means of an evening in the sawdust ring. They argued that it was childish and apt to give a bad name to the college. But, after all, were these men expressing the real sentiment of the student body? Every red-blooded fellow usually likes sport and fun when it is at the expense of someone else. What is an arena party but an attempt to have a little innocent sport with a Freshman? No doubt the yearling needs the treatment—a fact which is actually at the base of the whole affair. The Arena Party does not have as its purpose physical injury, but simply and solely the humiliation of the rulebreaker. It seeks to bring him to the realization that he cannot have things his own way if he is a true Aggie man.

Some outsiders naturally have the impression that personal injuries are likely to result to the participant in the arena. Such is not the case. As the President of the Senate explained: "The expectation and lack of knowledge of what is coming is the worst part of the affair." Too much stress is being laid on the importance of the event, for only one arena party is held a year and some years have passed with none at all. As has been said of the insignificant poodle, "His bark is worse than his bite" so it is with the arena party. "Its notoriety is worse than its harm".

"Save the Surface and You Save All."

It has been brought to our attention that the bowling alleys in Memorial Hall are being used a bit too harshly by some who insist in "lobbing" the balls and denting the surface of the alley. More care should be taken, es-

pecially by beginners, and an attempt made to treat our newest institution with care, in order that it may at least last until spring.

CAMPUS CALENDAR

WEDNESDAY, JAN. 25.

3:45 P. M.—Assembly. Speaker, Professor Harry F. Ward, Union Theological Seminary, New York City.

7:00 P. M.—Animal Husbandry Club Meeting, Room 114, Stockbridge Hall. Speaker, Mr. C. L. Blackman, Springfield.

Basketball, Harvard at Cambridge.

3:45 P. M.—Assembly. Debate between the Freshmen and Sophomores. Subject: Resolved, That the present disciplinary relations between the Freshman and Sophomore classes are detrimental to college spirit.

Hockey, West Point at West Point.

ORATORS AT BOSTON

Continued from page 1

pointed out what they made him see and understand in agriculture that he had never seen before, and refuted the prevalent impression that little agriculture was being taught at the college.

Krasker opened his talk with a few introductory remarks, stating some of his experiences of his first day on the farm. He first told why he became interested in farming and secondly, why his interest in agriculture has been retained. In closing he disproved the theory held by some that a college education educates one away from the farm, providing a student enters the college with farming in view.

It was a distinct innovation for the students from the college to address agriculturists at their annual banquet. Formerly the assemblage was addressed by members of the faculty. The general impression made by the student's representatives was so good that it is certain the custom will be continued.

LETTERS AND MEDALS AWARDED TO 32 MEN

The annual presentation of Ms took place in Chapel Monday morning, when letters were presented to 20 football men as well as AMAs to five men. As the names were read by Acting-President Lewis the men stepped onto the platform and were given the certificates as well as a hearty hand-shake from Acting-Dean Mackmer. To those men who had not received them previously, Maswaters were presented also. Following the athletic awards gold and silver medals were presented to eight men for non-athletic activities.

Those to receive the M were: Cotton '22, Collins '22, Freeman '22, Marshman '23, Beal '23, Mohor '23, Mallett '23, Alger '23, Grayson '23, Salmon '24, Tunney '23, Leland '22, Packer '22, Bent '22, Field '22, Clark '22, Sargent '22, Acheson '22, Lewandowski '22 and Peck '22.

Those who received the AMa were: Andrews '22, Chapin '22, Conant '22, Nigro '22, and Krasker '22.

Gold medals were awarded to the following Seniors:

C. A. Buck, Business Manager of the COLLEGIAN.

B. F. Jackson, Editor-in-chief of 1922 INDEX and COLLEGIAN.

J. G. Lowery, Manager of the Musical Clubs.

H. W. Spring, Business Manager of 1922 INDEX and Managing Editor of the COLLEGIAN.

C. R. Vinton, Leader of Glee Club.

F. V. Waugh, Leader of Orchestra.

Also two silver medals were awarded: K. A. Barnard '22, Assistant Editor of COLLEGIAN.

R. F. Martin '22, Leading part in "School for Scandal" and "John Epps."

Acting-President Lewis also spoke of the honorable mention due three men who represented this college in Ford Hall at Boston last week when they addressed a meeting there, speaking on agricultural subjects. The three men were Krasker '22, Sandow '23, and Ward '25.

SENIOR CLASS NOMINATIONS

The last meeting of the Senior Class was held Tuesday evening, January 17, in the auditorium of Memorial Hall.

Owing to the small number present it was decided that the class act as a nominating body only, and have the final elections take place by ballot at assembly on February 25. The officers elected are to hold office until next spring when permanent class officers will be chosen.

The nominations were as follows:

President:—A. W. Smith, J. N. Lewandowski, C. H. Gowdy, J. Kroeck, and G. H. Thompson, Jr.

Vice-president:—F. V. Waugh, G. A. Cotton, C. F. Clark, C. R. Vinton, and H. L. Collins.

Treasurer:—J. Kroeck, H. S. Mosely, P. M. Reed, A. S. Higgins, R. E. Field.

Class Captain:—C. H. Roser, F. E. Hooper, M. J. Murdock, H. M. Acheson, and J. T. Sullivan.

Sergeant-at-Arms:—J. F. Leland, G. A. Cotton, S. L. Freeman, G. B. Packer, and H. L. Collins.

By a unanimous vote Miss R. W. Hinder was elected class secretary, and B. F. Jackson the permanent class historian.

If, the same man be elected for two offices, he shall hold the higher, and the candidate having the next highest count for the lower office shall receive that election.

ARENA PARTIES CAUSE SPIRITED DISCUSSION

The Assembly on Thursday was in charge of Adelpheia, President Carlyle Gowdy presiding. In order that the Freshmen might become familiar with some of the college songs which are not so well known about the campus, "Hank" asked "Ray" Vinton to lend a few songs. "Boost Old Aggie," "Jolly Students," and "When Twilight Shadows Deepen" were the numbers he chose to sing. "Dick" Wendell accompanied on the piano.

The Honor Constitution was brought before the student body by Kenneth Moody. The assembly seemed satisfied as no discussion was offered.

The next matter before the meeting was the discussion of arena parties. Arguments were given both for and against them. Among those who spoke in favor of them were: Hooper, Noyes, Myrick, Weatherwax, and "Al" Smith. Those who were against them included: Lindquist, Fred Cook, Dolly and others. The points made in favor of them were that they take the conceit out of the Freshmen, that they put some spirit into the college life, that they do no body any harm and some of us some good, and that they help to make men out of boys. The suggestion was made that if they were so good why not have more of them. This won loud applause from the Sophomore sections. The opposition offered the arguments that they mutilate the victims, that they are childish and unbecoming to college men, and that they advertise the college in the wrong light. Here a suggestion was made to find a substitute for them, preferably that of making the offenders work. At the end of the hour no decision was reached, so that the discussion may be continued at a later date.

MR. WATTS ADDRESSES MEETING OF BUSINESS MEN

Secretary to President Gives Interesting Talk to Gathering in Cambridge.

Mr. Ralph J. Watts, Secretary to the President of this college gave a most interesting talk to the Association of Business Officers of New England Educational Institutions at their annual meeting which was held in the Walker Memorial Building of M. I. T., Dec. 29. The subject of his talk dealt exclusively with the intricate problems of "Cost Accounting for Colleges."

By a careful and systematic research Mr. Watts showed that "Industrial cost accounting represents one of the notable developments of modern business. During the past decade, and more particularly during the past five years an enormous volume of business has been performed on a basis whereby it has been essential that manufacturers and contractors should have an exact knowledge of their costs of operation if they were to realize the maximum of profit." During the course of his talk, Mr. Watts showed that a college today is practically run on the same basis as that of a business corporation, being its great object, not of creating wealth, but of giving the best possible education to its students.

VARSITY HOCKEY WEAKENS AT M. I. T. IN FINAL PERIOD

Fail to Keep Speedy Engineers From 6-0 win.

The Aggie hockey sextet lined up against M. I. T. in the Boston Arena last Thursday night and for two periods fairly out-played the Engineers. In the third session however the Maroon and White weakened and Tech ran up a 6 to 0 score before the final whistle blew.

Aggie showed some fine hockey in the first two periods and only exceptional work by Captain Nickle at goal for Tech prevented them from scoring. The Tech cage was peppered with shots from Captain Collins, Lyons and Gordon but Nickle was equal to the occasion and only once did the puck get by him. This was a shot by Lyons which the referee did not allow on account of offside play. Captain Collins was the outstanding star of the game, the fastest man on the ice, handling the puck cleverly and with an accurate eye for the Tech cage. Several of his numerous flashes down the ice were thwarted only through fine stops by Nickle.

On the defense "Hubba" also was a great stumbling block to the opposing forwards. Lyons and Gordon were others who stood out prominently in the Aggies' play. For M. I. T. Duvernois, MacNeil and Dalton were the most notable performers, the latter scoring three goals.

The first period started off fast and was fairly even throughout, though the Aggies were outskating their opponents and Nickle was called on to do more work than Kroeck.

The second period saw some fast and furious hockey, with M. A. C. on the aggressive and the puck in their opponent's territory the greater part of the time. Tech however scored twice in this session. Both tallies followed long shots from center ice which rebounded directly in front of the cage and Tech men were there to brush them in. The Aggies tried desperately to even up matters and Collins, Lyons and Gordon kept the home team defense on the jump; but Nickle invariably warded off the puck, with the exception of Lyons' shot which did not count.

It was the third period which was disastrous for M. A. C. The Aggies were played out and showed the effects of the two previous periods and the hard game the night before. The Engineers, on the contrary, showed at their best and exhibited more speed and team play than earlier in the game. They kept the Maroon and White on the defensive, driving the rubber into the net four times before the period closed. One of these came directly from a face-off in front of the cage following a pretty piece of team work by Dalton and MacNeil, and the other two came as the results of individual efforts on the part of the same two players.

The line-up:
TECH.
Taylor, lw rw, Lyons, Nicoll, Lamb
Dalton, Wilbur, c, e, Haskins, Whitaker
Hayden, rw lw, Gordon
MacNeil, Dalton, ld rd, Hodsdon, Lyons
Duvernois, ld, Collins
Nickle, g g, Kroeck

FIRST PERIOD.

No score.
Second Period.
Tech, 1 Duvernois, 3:37
Tech, 2 Wilbur, 9:16

THIRD PERIOD.

Tech, 3 Dalton, :29
Tech, 4 Dalton, 7:37
Tech, 5 Dalton, 14:22
Tech, 6 MacNeil, 14:47
Score—Tech 6. Penalties—Second period, Taylor, tripping, 2 minutes; third period, Dalton, holding stick, 1 minute; MacNeil, tripping, 2 minutes. Referees—Don Sands and Monte LeFebvre. Time—Three 15 minute periods.

SIDELIGHTS ON THE GAME

A considerable number of Aggie Alumni were present, among them being Capt. Jerry McCarthy and Harold Poole of last year's team. Aggie apparently had more rooters than the home team. The Aggies looked like winners in the first period and got a rousing welcome when they came on the ice for the second session.

ALUMNI

"15.—H. H. Archibald is coaching a winning basketball team in Bridge-water, where he is the principal of the high school.

"21.—"Mickey" Gaskill is now working for the Draper Corporation in Hopdale, acting as cash accountant. He enjoys his work, as well as his COLLEGIAN which he receives regularly.

W. B. DRURY**INTERFRATERNITY RELAY**

The second set of interfraternity relay races which was scheduled to have been run last Friday, but which was postponed because of the services being held in the Memorial Building, was run off Monday, Jan. 23. As this set the schedule one date behind, it has been advanced one date. Due to the cold, the races on Monday were not very fast. The order of the races:

Q. T. V. ALPHA GAMMA RHO.
Darling, Stevenson,
Barnard, Whit,
Kennedy, Nelson,
Bilske, Bates.
Won by Q. T. V. Time 2:30.30.
ALPHA SIGMA PHI, KAPPA GAMMA PHI.
Higgin, Jousburg,
Leland, Bates,
Hayes, Craig,
Lewandowski, Whitman.
Won by Alpha Sigma Phi. Time 2:24.
PHI SIGMA KAPPA, LAMBDA CHI ALPHA.
Pierce, Kemp,
Nolte, Fernald,
Garretson, Steele,
Woodworth, Loring.
Won by Phi Sigma Kappa. Time 2:17.**MUSICAL CLUBS**

The rehearsal last night was the first since the Boston Trip. The club was in excellent condition after their long vacation, and should render the Elks at Northampton an excellent program next Friday night, Jan. 27. Besides this concert, there are others in the near future as follows:

Feb. 3—Alumni Day Concerts in Bowker Auditorium.
Feb. 10—Concert at Deerfield Academy.
Feb. 14—Concert at Amherst Town Hall.
Other dates are being arranged, but are undecided as yet. Everybody in the club will make the trips.
There will be an Orchestra rehearsal tomorrow night, Jan. 26, at 8:00 p. m., in order to brush up on the regular pieces and also to learn new ones for the coming concert. This rehearsal is important!!!**SQUIB**

The fourth issue of the "Squib" will be the Police Gazette Number. Probably many of the student body have been in Barber shops and similar literary institutions where the above has been freely exhibited. The "Squib" at present feels its inability to handle such a subject in full without the aid of additional experts, who may be better informed. Co-operation is necessary to make this issue the biggest, best, and peppiest of the year and the Board feels it will be accomplished. The third issue is now at the printers and will be ready for distribution in about two weeks.

BOSTON ALUMNI GET AGRICULTURAL BLUES.

The Boston Alumni are holding a meeting tonight. One of the weighty subjects to be presented before the august body is the ever interesting subject: "Where Does The Wind Come From?" The leaders in this discussion will be "Freddie" and "Ray" of the well known Aggie Musical Clubs. It is not expected that the subject will be entirely settled at this meeting, but very important steps towards its solution will be taken. The Alumni requested that representatives from the musical clubs be sent down to furnish entertainment for the meeting. The leaders of our clubs were honorably elected to fill this obligation.

FRESHMAN BASKETBALL TEAM ADDS TWO MORE VICTORIES

Defeats Greenfield 18-12

The Freshman basketball team defeated Greenfield High by a score of 18 to 12 at the Drill Hall on Saturday, Jan. 14, following the varsity hockey game with Dartmouth. The Freshman team showed their superiority in every department of the game, and by using the five man defense, they practically had the Greenfield boys at their mercy.

Sammels was the individual star of the game, scoring 10 of the Freshmen's points. He completely baffled his opponents when the ball was in his possession. Sullivan and Hurley also played well. The Greenfield team scored eight of their 12 points by fouls, and not until the last minute and a quarter, when they caged two field counters, were they successful in scoring by baskets.

The lineup:

MARR. AGGIE '25.—18
Sullivan, H. B. F. P.
Sammels, H. 3 4 10
Simmons, C. 0 0 0
Seaver, H. 1 0 2
Cahill, H. 0 0 0
Hurley, H. 0 0 0
Totals, 7 4 15

GREENFIELD HIGH.—12

O'Hara, H. B. F. P.
Merz, H. 0 0 0
Vickery, H. 0 0 0
Andrews, H. 1 1 3
Pierick, C. 0 7 7
Thompson, H. 1 0 2
Lynch, H. 0 0 0
Partenheimer, H. — — —
Totals, 2 8 12

Referee—Ball of M. A. C. Time—Two 15 minute periods.

Turner's Falls Turned Down, 33-5

The Freshman team annexed its third consecutive victory last Saturday afternoon, Jan. 21 in the Drill Hall when it administered a 33 to 5 punishment to the quintet from Turner's Falls High School. Both teams displayed much "pep" at the beginning of the game, but this spirit of enthusiasm soon abated on the part of the high school boys when the Freshmen flew into their stride.

"Red" Sullivan was the individual

star of the game, caging six baskets for a total of 12 points. The manner in which Samuels handled the ball completely bewildered his opponents, while on the offensive he was a player to be watched. Simmons played an exceptionally good game at center, and with Seaver and Hurley as guards the opponents seemed unable to break through the Aggie defense.

With the exception of the substitutes, who entered the game in its last stages, every Aggie player managed to cage at least one basket. The game was the cleanest played thus far, for only five fouls were called on both teams during the entire game.

The lineup:

MARR. AGGIE '25.—33
Sammels, H. B. F. P.
Hollbrook, H. 4 1 9
Sullivan, H. 0 0 0
Cahill, H. 6 0 12
Simmons, C. 3 0 6
Hurley, H. 2 0 4
Seaver, H. 1 0 2
Totals, 16 1 33

TURNER'S FALLS HIGH SCHOOL.—5

Kells, H. B. F. P.
R. Parks, H. 0 1 2
Lapine, C. 1 0 2
Campbell, H. 0 0 0
W. Parks, H. 0 0 0
Temper, H. 2 1 5
Referee—Grayson of M. A. C. Time 15 minute periods.**ANIMAL HUSBANDRY NOTES**

There will be an Animal Husbandry Club meeting tonight, Jan. 25, at 7:30 p. m. in Stockbridge Hall. The speaker of the evening will be C. D. Blackman of the New England Holstein-Friesian Association. Everyone is welcome. Come and bring your friends.

The following list of speakers have been secured for the coming meetings of the term:

Feb. 8—S. R. Morrison, Superintendent of Brookvale Farm, will give an illustrated talk on "The Hereford in New England."
Feb. 23—Prof. G. C. White of the Connecticut Agricultural College, will lecture on "Dairying in New England."
March 8—Dr. W. W. Williams, D. V. M. of Springfield, will give an illustrated lecture on "Contagious Abortion in Cattle."**SALESMANSHIP IS THE FOUNDATION OF BUSINESS**

This is true of all classes of commerce. Almost anyone can make an article, but it takes a salesman to get its full value in the open market. Salesmanship should be studied by all college men contemplating a business career.

NAMAPCO offers a thorough course in practical as well as theoretical salesmanship, and in addition, an opportunity to pay all college expenses. We guarantee you \$525 for the summer vacation. Last year a large number of our students received over \$1000.

We have room for a few more men for our "1922" organization and if you are anxious to receive a training of this nature, kindly communicate with our New York Office, 119 Nassau Street.

Continued from page 1

reverently to the impressive service.

The escort was again formed, and the body taken to Plalville cemetery for burial. The flag which draped the coffin was presented to Miss Corinne Petit, Sergeant Petit's sister, by Captain O'Connor, who was in the 30th Infantry with Petit. The markers for the grave were presented by W. S. Smith, Commander of the American Legion Post of Amherst, and by C. E. Johnson, Commander of the Foreign Wars. Mrs. Patterson, State Chaplain of the American Legion Auxiliary, presented a bouquet. Then with the services at the grave: the salute from the firing squad, and the notes of "Taps," Victor Petit was buried.

Sergeant Petit typified for M. A. C. what the Unknown Soldier who was buried at Arlington typified for the nation. We honored not only him, but also those other men who died, and to whom our Memorial Building is a lasting dedication.

"We will keep faith with them who lie asleep".

Sergeant Petit enlisted September 6, 1917, and was a member of Company H, 20th Infantry, 3d division. He sailed for France April 21, 1918, and fought at Chateau-Thierry, St. Mihiel, Verdun, and in the Argonne. He was wounded August 10, 1918, and again in the Argonne Forest on October 9, 1918. He died of pneumonia January 8, 1918, at Base Hospital No. 8, Savenay, France. Petit's home was in Amherst, and he was at the time of enlistment a member of the class of 1918, M. A. C. He leaves a mother, Mrs. A. X. Petit, and two sisters, Mrs. Alice Dean of New York, and Miss Corinne Petit who is employed in the Extension Department of the College.

The Guard of Honor, composed of men of the Veterans of Foreign Wars, was as follows: C. E. Lard, D. S. C., Croix de Guerre; Henry Knight, D. S. C.; Paul Rhodes, Croix de Guerre; C. Gandette, H. A. Dunsbar, R. Dickinson, H. Norrington, W. Walsh. Knight and Gandette were in Petit's company.

The firing squad was led by Mr. Warren of Amherst, and was composed of Legion men.

Sergeant Warren who is stationed at the R. O. T. C. unit at M. A. C., had full charge of the arrangements.

Is it indeed not singular that the name of the man whom we have so lately honored, is so inextricably inscribed in the motto on the Great Seal of Massachusetts, "Ense petit placidam sub libertate quietem"? And the cause for which he died is essentially analogous to the meaning of the inscription, "By the sword she seeks permanent peace under liberty".

SING LEEMain Street
Quick Laundry**TWO-YEAR QUINTET BOWS TO MISFORTUNE**

Games Lost to Deerfield and Sacred Heart High School.

Last Wednesday evening, Jan. 20, the Two-year quintet was beaten by the fast aggregation from the Sacred Heart High School at Holyoke to the tune of 22 to 10.

After the first five minutes of play, Parsons, the Short Course pivot man, was injured and had to leave the game. This was a serious loss to the team. Shortly after Green, the left forward for the visitors, was also removed as a result of receiving a blow on the head. The Sacred Heart team proved to be a snappy team, and although the Aggie quintet, crippled as it was, did its best, the home team was 12 points ahead when the whistle blew. Sacred Heart is coming here in the near future, and the Graysontes will have a chance to turn tables.

The lineup:

M. A. C. S. H. S.
Boss (capt.), H. F. Vogt
Green, H. Moynihan
Parsons, C. H. Roberts
Cutler, H. Kane
Strait, H. Burke
Adair, H. Sullivan (capt.)
Donnellan, H. H. Kienleinst
Wilson, Kane

Score—S. H. S. 22, M. A. C. 10.

Not fully recovered from a rather disastrous game with Sacred Heart, the Two-year basketball team journeyed to Deerfield on Friday evening and were given the short end of a 22-13 score by the superior Deerfield Academy quintet. Snodgrass was the star for the home team, shooting in 10 foul shots, and garnering two more points for the Academy by a nice shot from the floor. Green played well for the Short Course, making one two-pointer and putting in six on free tries. Adair did well on the defense.

The lineup:

M. A. C. DEERFIELD ACADEMY
Wilson, Boss, H. H. Robinson
Green, H. H. McKay
Parsons, C. C. Atkinson, Kimball
Adair, H. H. Van Petersilge
Donnellan, H. H. H.
Score—Deerfield 22, M. A. C. 13.**FRESHMAN CLASS MEETING**

At a recent meeting of the Freshman Class, which was held in Bowker Auditorium, Gilbert E. Case of Greenwich was elected to represent the Freshman Class in the Student Honor Council. Philip Wash, Freshman cheer-leader presented the following cheer yell:

1-0-2-5—Hah! Hah! '25.

Massachusetts '52 Team! Team! Team!

This was unanimously adopted as the class yell. Wesley L. Slade of Chelsea, was elected as manager of the Freshman basketball team.

The opportunity is now open to Two Year students for membership in the Orchestra. All applicants are requested to report to manager Allen W. Edinister. Regular rehearsals are held every Tuesday afternoon from 4:30 to 6:00 p. m. in Memorial Building.

EUROPEAN AGRICULTURAL CONDITIONS

DEPARTMENT OF COMMERCE,
WASHINGTON, JAN. 12, 1922.

The past year was the driest European agriculture has known for a century or more, says a cable from Alfred P. Dennis in London to the Department of Commerce. Subsoil moisture is still low in Germany, France, northern Italy, and England. Sowings of winter grain were retarded by dryness of soil and unseasonable cold in November. There is a marked falling off of sowings in Austria, Rumania, northern Italy, and France. The shortage may possibly be offset in the latter country by spring seeding. Average of other countries is fully maintained or increased, with favorable growing conditions throughout December. Intensive efforts being made to increase food production, particularly in Belgium, Germany, Denmark, Poland, and Czechoslovakia, indicate that Europe is fast pulling up to pre-war production. A striking revival of the Danish pork-products industry means sharpened competition with similar American products in British markets. Government control of foodstuffs is impending in Rumania. There is an embargo on grain exports from Hungary and Jugoslavia. Bread subsidies are to be cut down in Austria after Jan. 8. Rising prices in countries of inflated currency follow the suspension of bread subsidies, tending in turn to restrict consumption and stimulate production. Europe is returning to pre-war production faster than to pre-war consumption. Import demands are limited by reduced consumption and sheer inability to finance requirements abroad. Requirements in Italy, Austria, and Germany, and in a lesser degree in Belgium, France, and Greece, will become acute with the exhaustion of home supplies in the spring. The question of finance will largely determine the source of imported supplies. The pressure of the new Argentine crop is also a determinative influence. The demand for American grain, especially in central Europe, will tend to slacken unless extraordinary credit facilities are afforded importing countries by the United States.

BUSINESS COURSE AT HARVARD

In order to give men who finish their college course in the middle of the academic year a chance to begin their business training at once, the Harvard Business School will adopt experimentally this year a new policy of admitting a limited group of carefully selected college graduates on Jan. 30. Dean Wallace B. Donham announced recently.

The program of work for men entering in January will be so adjusted that they will be able to complete the regular course for the degree of Master of Business Administration in the usual time of two years, graduating in January 1924.

"This plan is distinctly an experiment," explained Dean Donham. "Two years ago we allowed a few unusually able students to enter in the middle of the year, with very satisfactory results, but we have never admitted any considerable number at that time. Whether we shall ultimately have two groups in the School, one shifting entering in September and the other in January, depends on the working of this experiment. It is entirely possible, for our larger courses are already divided into sections, and it may prove as convenient to start some sections in Sep-

tember and others in January as to start them all simultaneously. The School is obliged to limit numbers each year, but by dividing the group into two parts we can take care of more men than would otherwise be possible.

"Many men of unusual ability finish their course in three and a half years, and it is such men as these that we wish to accommodate with this new arrangement, so that they will not have to wait until September to begin their business training. This plan was suggested by a number of such men, who felt that under existing business con-

ditions they had no other opportunity to use this period profitably.

"We shall make our selections with particular care, considering the applications in the order in which they come in. We should like to get in January a small group of men as nationally representative as the class which entered in September. This class included 46 men from Harvard College, 16 from the University of California, 10 each from Yale and Leland Stanford, and smaller groups from each of 100 other colleges and universities all over the country."

It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camels for years before we put them on the market. Years of testing—blending—experimenting with the world's choicest tobaccos.

And now, EVERY DAY, all our skill, manufacturing experience and lifelong knowledge of fine tobaccos are concentrated on making Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY. And there's nothing else like Camels wonderful smoothness, fine tobacco flavor and FREEDOM FROM CIGARETTY AFTERTASTE.

That's why Camel popularity is growing faster than ever.

A better cigarette cannot be made.

We put the utmost quality into THIS ONE BRAND.

Camel

M. I. T. NOSES OUT VARSITY BY TWO POINTS

Harvard Also Wins from Basketball Team on Boston Trip.

In what proved to be one of the most exciting and fastest games of the season to date the M. A. C. basketball team suffered a reverse by the M. I. T. quintet, 20-18, last Thursday evening in Walker gymnasium. Although headed in the first period by a seven point margin, the Aggie five launched an attack at the second whistle which brought the score to a tie 18-18 just before the finish of the game, when a long shot from mid-floor by Davidson gave the Engineers their two point victory. A significant characteristic of the playing was the excellent defensive of both teams, which caused Tech to shoot from the center of the floor over the five man defense of the west state five, a practice well adapted to the high roof of the gymnasium. Smith's playing was a feature of the game, his accuracy enabling him to cage four baskets from the floor and seven from the foul line. Toney, the high scorer in most of the games earlier in the season, was kept quiet by a bad knee so that only one free throw fell to his lot. Marshman came through, as on the night before, with a double counter to his credit.

In spite of the numerous technical fouls throughout the game, the play was not appreciably slackened, the Beavers winning only after a hard struggle.

KID GORE '13 JOINS RANKS OF BENEDICTS

Athletic Coach Wedded to Jane Pollard '22 at North Adams.

A marriage of unusual interest to the Massachusetts Agricultural College is that of Harold Martin Gore '13 of Quincy, Mass., to Jane Isabel Pollard '22 of North Adams, Mass., on Friday, Jan. 27. The ceremony took place at the home of the bride.

Mrs. Gore is the daughter of Mr. and Mrs. Frederick Pollard of North Adams. She entered M. A. C. in 1917 as a special student, and in 1918 was a loyal member of the class of '22. She graduated last term, and is now doing graduate work at the college.

"Kid" Gore, as he is known about the college campus, entered M. A. C. with the class of 1913. During his Freshman year he entertained the upperclassmen many times by being the

MID-WINTER ALUMNI DAY

February 3 and 4

WILL YOU BE BACK?

FORMER MEMBER OF PARLIAMENT IN AMHERST

T. Whitwell Wilson Addresses Students in Sunday Morning Chapel.

At the chapel exercises on Sunday morning, January 29, a very interesting and instructive sermon was delivered by T. Whitwell Wilson, a distinguished English author, journalist and lecturer, and a former member of the British Parliament. The speaker scheduled for the date, Dr. Frederick Lynch, engaged in The Christian Work, New York City, was unable to be present but sent as a substitute the speaker of the occasion. The keynote of Mr. Wilson's talk was the value of faith. Of the virtues that make for the greatness of a man, faith, particularly faith of salvation, is paramount. The speaker cited instances of great men in whom this was characteristic. Among them were Viscount Bryce and Theodore Roosevelt. Roosevelt had faith in the future and was confident in the progress of humanity. In contrast to these, the speaker used Bernard Shaw and H. G. Wells as illustrations, whose writings showed lack of faith in the future.

Great men have high ideals and put them into practice. This was the characteristic of those great men mentioned. Mr. Wilson brought his sermon to a close with the illustration from his text, "The sword of the Spirit, which is the word of God." He stated that the Bible was the greatest source of inspiration, and the best basis for faith that was known to him. He appealed for a greater confidence and trust in the Book and application of its ideals.

PETIT

He Seeks.

Bird alight on the blossomed spray,
Which has the louder call,
Woodland, meadow or far-away—
Shadowy waterfall?
Youth, with life like a map outspread,
Where will you find the noon?
Seeking, eager, unwearyed—dead?
Finished the search so soon?
"He that loveth his life"—What then?
Honor beneath the sod?
Higher questing and wider ken
(on the fair hills of God).

A. L. CROWELL.

This verse was suggested by this clipping from the COLLEGIAN:

Is it indeed not singular that the name of the man whom we have so lately honored, is so inextricably inscribed in the motto on the Great Seal of Massachusetts, "Ense petit placidam sub libertate quietem"? And the cause for which he died is essentially analogous to the meaning of the inscription, "By the sword she seeks permanent peace under liberty".

'21.—Fred Howard is teaching history and mechanical drawing in the Essex County Agricultural School.

MID-WINTER ALUMNI DAY TO HAVE AN ACTIVE PROGRAM

Nearly 150 Alumni to Return to the Campus.

Aggie alumni will again have the opportunity to meet together and renew acquaintances with the old college; the occasion being Mid-Winter Alumni Day on Feb. 3 and 4, Friday and Saturday of this week. These two days promise to be full of action and interest for alumni and students alike, with concerts and games, and then fraternity initiation banquets—the climax to a perfect day. Indications point to a large number of alumni back for the event, between 100 and 150 at least.

Several have signified their intentions of coming back early Friday to speak to classes along the general line of work in which they are engaged. By late Friday afternoon all who are coming should have arrived in Amherst, for the actual program starts with the Social Union entertainment on Friday at 6:30 in Stockbridge Hall.

Mr. Phileas Rice, a dramatic reader from the Leland Powers School of Oratory at Boston, will furnish part of the entertainment. He will give "The Great Adventure," a play by Arnold Bennett. Mr. Rice has given readings here twice before, and has pleased his audiences very much at both times. As the second part of the evening's "double-header," the Musical Clubs, headed by "Ray" Vinton and "Freddie" Waugh, are scheduled to perform. As many students and most alumni have not heard the clubs this year, the concert should prove a special treat.

At 10:00 on Saturday morning the alumni will meet in Memorial Hall. Although this is, in name, a business meeting, it is bound to be an interesting one, and one which no alumnus

RELAY TEAM TO OPPOSE NEW HAMPSHIRE

Fast Team to Compete at Boston Athletic Association Meet.

The Varsity Relay Team will run against New Hampshire State in the Boston Arena on Saturday evening, at the Boston Athletic Association Games.

While the team has not been definitely chosen, Coach Derby will send five men, and these will probably be chosen from the following members of the squad:

R. Woodworth '24, MacCready '23
L. Woodworth '23, Isaac '24
Fernald '24, Bent '22
Kemp '22, Captain Sullivan '22
Acheson '22.

Of these, Captain Sullivan, L. S. Woodworth, and MacCready are veterans, having been on the team which easily defeated New Hampshire last year.

Continued on page 3

HOCKEY TEAM TRIMS BATES BUT LOSES IN NEW YORK

Scores Three Times in Fast Game with Hamilton but is Outclassed Completely by Cornell.

M. A. C. opened the first of the week-end three-game series last Thursday afternoon by defeating Bates 2-0 in a fast game on the M. A. C. rink.

Within a minute after the game opened, a flash of good team-work and passing resulted in the first score, which was caged by Lyons. A few minutes later, Bates narrowly missed a goal when in a hot scrimmage, the Aggie net being overturned in the melee. The rest of the period was fast and exciting, neither team scoring in spite of many tries.

The second period opened with an enjoyable act of shyness, and Aggie, not to be outdone, entered the wood-chopping contest with the result that team work was forgotten and many opportunities to score were passed up. When the players were not hacking at the puck they were taking a spill on the ice, the surface being exceptionally hard and fast.

Both teams were out for goals in the third period, Bates trying to even the count at any cost, and Aggie trying to increase the score. The puck had

ROISTER DOISTERS GIVE SUM TO MEMORIAL BUILDING

Banquet and Business Meeting Held in Draper Hall Saturday.

The M. A. C. Roister Doisters held a pleasant banquet last Saturday at noon in the banquet room at Draper Hall, which later in the day took the nature of a business meeting. The Prom show was discussed, this to be the comedy "Clarence" by Clarence Buddington Kellard. Mr. Rand, faculty manager, and the officers of the society expressed themselves as being in favor of taking the play on the road two or three times before presentation at Prom time. The dateset for Prom is not until the spring term, so that ample time is available in which to prepare the play.

The girls who will take part are as follows: Misses Ruth Hurdler '22, Eleanor Bateman '23, Vera Smith '24, Marlon Slack '24, Aimee Gelger '24. These assignments are subject to change. There is to be a tryout for five men who will take part, on Wednesday evening at 6 o'clock in Memorial Building.

PLEDGE

Charles E. Lyman '78 of Connecticut has pledged Q. T. V. Mr. Lyman is at present travelling extensively in Europe and when heard from was in Florence, Italy.

M. I. T. GAME

Continued from page 1

The game started with whirlwind play, which lasted the entire half, the Engineers with a comfortable edge on their opponents. The lead was maintained and the score at the end of the period was 12-5. Aggie opened the second half with a superior passing game and brought the scores even in short order, the lead alternating until the last few seconds when the winning basket was tossed by Tech.

The Summary:

TECH. M. A. C.
Storb, Landis, lf rf, Tumey
Boyer, Davidson, Tonon, rf
Coleman, c lf, Smith, Roser
Blood, lg c, Marshman
Hubbard, rg rg, Bike, Hale
lg, Gaudy

Score—Tech 20, M. A. C. 18. Goals from floor, Storb, Davidson, Bretting. Blood, Smith 4, Marshman. Goals on free tries—Tonon 7, Blood 3, Smith 7, Tumey. Referee—George Hart. Time—15 minute periods. Score at half-time—Tech 12, M. A. C. 5.

Following out their resented custom of bowing before the Crimson monarch the Mass. Aggie quintet was defeated by the Harvard basketball team last Wednesday evening at Hemenway gymnasium, 33-20. The Cambridge aggregation fought its way to the lead during the first few minutes of play and from then on was never in danger to the end of the game, Aggie failing to threaten at any point.

The Harvard defense was persistent and strong, forcing the Aggies to shoot from long distances. Smith and Tumey showed themselves capable of this style of play and caged seven field goals between them. Marshman with a single tally was the only other visitor who could find the hoop. Laxity on the part of the referee allowed much roughness to go unnoticed. Tumey was not at his best in caging free tries, adding but three points to the final count.

The scoring opened early in the game after which slow play developed, terminating the first period 17-11 in Harvard's favor. Five minutes after the start of the second half Harvard sent in a second team, Coach Gore following suit with four of his first string subs. The Crimson failed to score during this fast-time and five minutes later the regulars of both teams took the floor. The game failed to improve in speed and the Harvard team retained its early lead.

The summary:

M. A. C. HARVARD.
Bike, Hale, rg lf, Lowenthal, Gordon, Palo
Gowdy, lg rf, McLeish, Lowenthal
Marshman, Thompson, c c, Fitts, Love
Tumey, Roser, rf lg, Rudofski, Miller
Smith, Barrows, lf rg, Black, Feiring
Score—Harvard 33, Aggies 20. Goals from floor—Gordon 4, McLeish 3, Fitts 3, Black 3, Tumey 4, Smith 3, Marshman. Goals on free tries—Gordon 5, Palo, McLeish, Tumey 3, Roser. Referee—Tower. Time—20 minute halves.

HOCKEY TEAM TRIMS BATES

Continued from page 1

hardly been put in play when "Hubba", unassisted, raced down the ice and made the last score of the game. A final spurt by Bates in the last minute nearly resulted in a goal for the Brunswick boys.

The same fine spirit of sportsmanship which characterizes all games played between Bates and M. A. C. was plainly evident during Thursday's game.

The Aggie hockey team was unable to add another scalp to bring up with that of Bates, and was defeated 4-1 last Friday evening at Ithaca by Cornell. A dash of speed by the New York team in the first few minutes of play swept Aggie off its feet, and though the play was fast from then on the score could not be evened up.

Cornell started off by taking the puck down the ice; the wing passing to the center who made three goals within ten minutes. The poor team work, which left the center uncovered, tightened up, and the Aggie forwards got going in the second period, keeping the puck in Cornell territory the entire time. Toward the end of the period "Hubba" missed a close one after taking the puck down the ice and drawing out the goal. The third period was the liveliest of all, both teams going at top speed. In the middle of this period Cornell made another goal similar to their first, and soon after Gordon carried the puck down for the only Aggie score. This score was not allowed at first as it was made after the referee had illegally blown the whistle for a Cornell man to recover his stick which he had dropped.

Davidson and Thornton were the bright lights of the game, outside of "Hubba" who was in his usual good form. Aggie showed some exceptionally good, and some exceptionally poor, hockey during the evening. Wight doing well in stopping the attacks on the Cornell net.

After resting Friday night in Ithaca, the team went to Clinton, N. Y., and played Hamilton, Saturday night, on their new indoor rink. Undergraduate spirit ran high as hockey is the only major sport at Hamilton, and they have a record of but two defeats in two and one-half years. The surface is about the size of that at the Boston Arena and the ice was very fast. The Aggie sextet was forced to play its fastest game of the season, and trailed 5-3 at the end of the game.

The entire forward line showed a reversal of the form displayed against Cornell and the Aggie defense never played better. For two periods the Hamilton goal got a steady rain of shots, but toward the end of the second period Hodsdon took the puck and after a long shot caged a quick goal on the rebound.

Hamilton came back strong in the third period and the jinx stepped on the ice when Hodsdon shot a goal for Hamilton, and in the next seven minutes Hamilton got four more.

Aggie was fighting hard, and in the next few minutes played the best hockey this year, the forwards going down the ice with fine team play, two goals in three minutes resulting. It was at this point that Collins and Lyons were put off the ice, and the Aggie chances of at least a tie were shattered. In spite of the fact that M. A. C. had but three men on the ice at this time, including the goal tender, neither team was able to score again. "Hubba" and Hodsdon were the stars of the game, with the entire forward line playing hard every minute.

The officiating in both games was most unsatisfactory, little knowledge of present rules being shown. During the Hamilton game, which was refereed by an official who followed the old, out-of-date Canadian rules, Aggie suffered seven penalties, more than received in any game in the last three years of playing.

The hospitality shown at both Cornell and Hamilton could not have been better and from this standpoint the trip was thoroughly enjoyable.

The summaries:

CONNELL. Aggie.
Davidson, rw lw, Gordon
McDonald, rw c, Haskins
Thornton, c rw, Lyons
Finn, lw

RELAY TEAM AT BOSTON

Continued from page 1

Bent has not been running for over a year on account of an injured foot, but he is coming round in fine shape and is having little trouble in making fast time.

Acheson, M. A. C.'s best quarter-miler, is doing first-class work on the boards, and showing as good results in winter track as he does in the Spring.

Captain Sullivan, who was number one man last year, is in the pink of condition and has demonstrated again and again that nobody is going to pass him on any track, either here or in Boston. L. S. Woodworth is at his best, and those who saw him run last winter and in the Spring knew that "Lev" "at his best" is an opponent to be reckoned with. MacCreedy was also on the team which humbled New Hampshire last year, and in is better condition than at that time.

R. Woodworth, Kemp, Isaac and Fernald have been doing good work and are in fine condition. Those other members of the squad who have been out every night to run against these men have given stiff practice and keen spirit to the whole squad.

New Hampshire has recently built a new board track which is exactly similar to the one at the Arena, and they number their track squad at seventy-five men; however, Coach Derby is sending some of the best relay men in New England against them. New Hampshire will undoubtedly make a hard fight for first place, as they were defeated rather badly last year, and have spared no pains to turn out a team that

will come in ahead of the M. A. C. team. Practice has been going on for over a month, and the men who may be chosen to run have had repeated tryouts against two or three men on their trials, so that they are in prime condition and have the best of form in starting and taking the banks and passing the baton. If conditions permit all of the men will run in one of the other events which are scheduled. If these events come too close, either before or after the relay, so that in order to participate the men would be obliged to sacrifice condition for the main event, they will not run.

FRESHMAN WIN 32-13 FROM MCCLANE

Sullivan and Samuels Feature in Big Score for First Year Star Team.

The Freshman basketball team kept up the 100% reputation last Saturday with a 32-13 win over the McLane Silk Mill quintet of Turners Falls. The game was fast throughout and was characterized by frequent fouling on each side.

Samuels and Sullivan featured for the winners, showing up well both on the floor and on the foul line. Lakoskie was the star for Turners Falls aggregation, getting 12 of their 13 points.

The yearlings showed the excellent results of Coach "Red" Ball's work and far surpassed their opponents in the technique of the game. They met Sacred Heart this week and seem to be in a fair way to win. Now that their schedule is half completed there seems to be a good chance for a no-loss season.

Summary:—

M. A. C. '25-32. B. F. P.
Samuels, rf 3 5 11
Cahill, lf 1 0 2
Sullivan, rf 3 3 9

HOUSE DANCES

The Q. T. V. fraternity held a successful house dance last Saturday evening from 7-30 till 12. About 15 couples attended and the music was furnished by "Buddy" Frost's orchestra.

Theta Chi also held an enjoyable dance on Saturday evening at the house on Pleasant St. Twelve couples attended.

MID-WINTER ALUMNI DAY

February 3 and 4

WILL YOU BE BACK?

TUFTS AND WESLEYAN SOON TO APPEAR ON THE AGGIE FLOOR

Fast Game Expected With Connecticut Aggie Next Week.

After playing away from home for the last three weeks the basketball team come back for a stay of four weeks. On Alumni Day, Feb. 4, the team meets Tufts on the local floor. This game should be very fast as the boys are seeking revenge for the defeat they suffered on the "Jumbo's" court. The following week two more high class games will be staged. Conn. Aggie will be the attraction the first of the week, with Wesleyan furnishing the card the last of the week. Both these games should be exceptionally fast as both the visiting teams have very speedy quintets.

The hockey team also has two games at home before traveling again. It is probable that Conn. Aggie will send a sextet of ice artists to engage our team on Alumni Day. The game with Amherst has been arranged Feb. 7 instead of the 10th. The team has been signed up to go to Philadelphia Feb. 10 and 11 although no definite teams have been signed up with which to play.

Both of these teams have not had the best of luck during the last few games and they need the backing of the entire student body to show them that Aggie has not lost faith in their ability to win.

Edward Tisdale '23 has pulled a tendon in his leg which will prevent his running on the board track, for the rest of the winter.

RESULTS DETERMINE COSTS

It isn't the initial cost of a dairy supply that determines its economy, but rather the results produced by its continued use. Many Dairymen have made what they thought was a saving by lower first cost only to later find that they have sacrificed all and more to loss in quality and service.

The dependable high quality and value of the service which always follows the use of

Wyandotte
Dairymen's
Cleaner and Cleanser

never fails to return profits to the Dairymen many times in excess of its cost.

This quality service has gained for Wyandotte Dairymen's Cleaner and Cleanser an established place in the Dairy industry because it is a guarantee of that sanitary protection which insures high quality products that build permanent and increasing business. These results are guaranteed to you also or the trial costs you nothing.

Assembly Attitudes.

The communication in this issue about the attitude shown to the speaker in last week's assembly precipitates several thoughts which have been in our minds for some little time.

As a student body we have been careless and thoughtless in our manner of treatment of these men whom the college authorities have brought here solely for our benefit.

Our first offence is sleeping while the talk is in progress. About nine out of every ten students have the general appearance of a worn-out football team coming home on a late train. Perhaps the speaker may be pleased that his voice has so soothing an effect, but the chances are that his reaction is more negative. We wonder just what he thinks when, after gazing at drooping heads and closed eyes for half an hour, he hears the crowd break out into mad applause as he sits down.

To be sure, the students should have an hour a week to sleep. Overwork and hard studies demand it. But why not take it out on 11 or 12 professors, one each week for the term? They are used to it, anyway.

Many of the speeches may be dull, but that fact makes no difference. In such a case, the man thoughtful of the speaker's feelings and concerned that the speaker should take away with him a good opinion of the college, can at least feign interest. The college is genuinely trying to get men here that have messages of some interest. And we treat them all pretty much alike, anyway. Good orators as well as bad ones knock us out after the first few minutes. It seems to us that we ought to be able to stay awake and pretend to be interested. At least, let's try to give an impression of intelligence, not dazed stupidity.

The above is our worst fault, one easily corrected and one that we should correct, if only for the sake of gentlemanly decorum.

Lastly, we must allow the speaker a right to his own ideas. They may not be ours, but if he has been given

permission by those higher up to give utterance to them, it is up to us to listen respectfully, not interrupt or be sarcastic in our rebuttals. If questions are in order, let them be questions of gentlemen, not bores.

All this is only a consideration of the difference between real college calibre and something inferior. We leave it to the judgement of the college what our attitude should be.

EARL J. SAUNDERS POST 754

VETERANS OF FOREIGN WARS

OF THE

UNITED STATES

Amherst Mass., Jan. 21, 1922.

The President

Mass. Agri. College,

Amherst, Mass.

My Dear Sir:

Allow me to extend to you, your faculty and staff and the student body of the Massachusetts Agricultural College, the sincere thanks and appreciation of the Veterans of Foreign Wars of Amherst, for the hearty co-operation and assistance given to them in performing the last sad rights for our late comrade in arms, Arthur Victor Pettit.

(Signed)

CARL E. JOHNSON, Commander,

JAMES E. WARREN, Adjutant.

To THE COLLEGIAN:

I think that the gentlemanly conduct manifested toward the speaker in Assembly, on Jan. 25, should not go unmentioned. To have a speaker, called here by the "powers that be," carry away with him such an unfavorable impression certainly works no good for M. A. C.

We are supposed to be gentlemen here, and any such breach of respect toward a man whom the college authorities saw fit to have speak to us, should be frowned upon by any and all who have a spark of usefulness and decency in them. For a student to get up and practically denounce a speaker simply because he holds views differing from his own, is certainly an approach to boorishness. The wrong is intensified when we stop to consider that the one who addressed us was the father of one of our fellow students, though of course that fact is not such a great factor in the discussion. Nevertheless, no matter who the speaker may be, or what views he may hold, he is entitled to the respect and consideration of the whole student body, outwardly, even if not inwardly.

A good many saw fit to applaud the sarcastic and certainly ungentlemanly remarks of the one who made them. They are nearly as much to blame as he, and ought to be ashamed to have given accord to such utterances.

Perhaps the man who spoke in the the addressal manner (I don't know who he is and care less) did not realize that by openly declaring himself unfavorable to a law passed through the influence of a majority of clear thinking and public-minded people he has thus laid himself open to a great deal more of just criticism than he himself gave the forum leader in a manner, unbecoming a student at M. A. C. The phrase "I have had the privilege but not the pleasure of listening to yourself"—was especially embarrassing and shameful. The forum is a place for discussion, not abuse, and if used for the latter will come to no good end.

If we be gentlemen, let us watch our conduct and speech toward others,

both for our own sakes and the sakes of our associates, and finally for the sake of the reputation of "Old Aggie."

Yours respectfully,

S. D. M., '22.

To THE COLLEGIAN:

For the last few weeks the class of 1919 has been holding informal luncheons every Wednesday, from 12:30 to 1:30, at Cottrell's, Brattle Street near Scollay Square. These luncheons have been attended to date solely by '19 men. We are anxious to extend our cordial invitation to any Aggie man, undergraduate or faculty member who may be either permanently or who may happen to visit Boston on a Wednesday.

These luncheons have been very much enjoyed by those who have attended. There is no business transacted or collections made; it is simply a gathering of Aggie men for the sake of old time friendship which we wish to keep fresh and to further the spirit of loyalty to the college among the Alumni, and it offers the opportunity for any one in Boston on a Wednesday to be sure of finding some one with whom he can lunch, and talk over the old days with common interest.

Again we offer our cordial invitation to any man of "Old Aggie" who can attend.

For the class of 1919,

PAUL FAXON, President.

A MESSAGE OF APPRECIATION

To THE MEN AND FACULTY OF M. A. C.:

We wish to express our deep appreciation to you all for the sympathy you have expressed and the honors which have been bestowed upon our soldier in his "home-coming." You have made a very difficult period much easier to bear.

You have helped us realize more fully that the sacrifice which he made was for something real, something worthwhile. Only those who have gone through the sacrifices of "loss" can appreciate the effort required by those who lose their only boy, to reconcile their own personal loss to the country's welfare.

Your services and faithfulness have shown us what it means to you, his comrades in hardship.

It was no easy, careless duty to perform. The simple guardianship through the storm and heavy going to his final soldier's grave was a final proof to us of your sincerity. To freely and voluntarily go through the discomforts of that journey, shows the sincerity of your feelings, and was the impressive climax of your formal honors.

We appreciate it.

As the "Service Students" performed, because of their very nature, the major part of their duties, we feel special thanks should be given them.

Because of our associations with Aggie, we are naturally proud of and therefore, doubly appreciate what her men do.

We thank you, one and all—men of M. A. C.

Yours,

MRS. A. X. PETTIT,

MISS CORINNE T. PETTIT,

MR. AND MRS. DEAN F. BAKER.

SOPHS IN DEBATE WITH FRESHMEN AT ASSEMBLY

Prof. Machmer to be the Presiding Officer in Today's Assembly.

The annual Freshman-Sophomore class debate will be held this afternoon at assembly in Bowker Auditorium. Acting Dean Machmer will be the presiding officer. The subject to be debated is: Resolved that the present disciplinary relations between the Freshman and Sophomore classes are detrimental to college spirit at M. A. C.

The speakers are as follows:

Affirmative, 1925 Negative, 1924

James Batil, Alfred P. Staebner,

Capt.

Carl E. F. Ginterman, Russell L. Noyes,

Barton F. Ward, Richard F. Gifford,

Emil J. Corwin, Walter L. Dimock,

Alternate.

The judges chosen for this debate are: Prof. Robert J. McFall of the Agricultural Economics Department.

Prof. Lawrence R. Grose of the Forestry Department, and Assistant Professor Charles H. Gould of the Pomology Department.

The debate promises to arouse considerable interest among the students since it will include a discussion of such events as the Pond Party and Arena Party, which subject was brought before the student body in a recent discussion. The debate is held under the auspices of the Non Athletic Board, with Mr. Frank P. Rand, General Faculty Manager, and Abraham Krasker, Manager of debating.

KID GORE MARRIED

Continued from page 1

hero of numerous pond parties. He was prominent in athletics, and graduated in 1913. He then started in coaching our athletic teams here at M. A. C. When the World War broke out, or better in August, 1917, he went to Plattsburg, and two months later was commissioned a first lieutenant in the Infantry. In January, 1918, he was sent overseas. While in training he was wounded, due to the premature explosion of a hand grenade. He remained in a French hospital during the month of February, and when he was discharged he was assigned to K Company of the 118th United States Infantry, 1st Division. The following May he was severely gassed at Cantigny, and sent to a base hospital. In July, again discharged, he was sent to a classification camp at St. Aignan, where he remained as classification officer—succeeding a major—until the signing of the Armistice on Nov. 11, 1918. Soon after he returned to this country with a transport of casuals, landing at Newport News, Va. He went immediately to Camp Devens where he was honorably discharged in February, 1919.

Since that time he has resumed his pre-war duties at the college, and has developed some of the best athletic teams Aggie has seen in many seasons. He is a member of Q. T. V. Fraternity. After Feb. 16 Mr. and Mrs. Gore will reside at The Perry, Amherst.

JUNIORS AND FRESHMEN ARE INTERCLASS VICTORS

Yearlings now Lead League with a Perfect Average.

The Freshman basketball team strengthened their hold on first place in the interclass standing when they decisively defeated the Sophomore quintet by a score of 20 to 11. As there exists a keen rivalry between the two classes it seems only natural that the game should have been fought as strenuously as it was. Team work on the part of the Freshmen at the critical moments accounted largely for their victory. Ferranti was the individual star, scoring enough points himself to defeat the Sophomores. Barker and Cahill also played well for the Freshmen. Bartlett at right guard and Weatherwax at right forward did good work for the Sophomores.

The scores:

	1925	G.	F.	P.
Ferranti, H	4	4	12	
Cahill, H	1	0	2	
Barker, C	3	0	0	
Monradian, H	0	0	0	
R. A. Jack, H	0	0	0	
Fish, H	0	0	0	
	8	4	20	

1924

	G.	F.	P.
Bartlett, H	2	1	5
Brunner, H	0	2	2
Gifford, H	0	0	0
Salmon, C	0	0	0
Whitman, H	0	0	0
Weatherwax, H	2	0	4
Hayes, H	0	0	0
	4	3	11

Time—18 min. periods. Referee—Ball, M. A. C.

The Freshman-Sophomore game was followed by a game between the Juniors and the Two-Year team. This game was stopped at the end of the first half, due to poor light condition. The score at this time was in favor of the Juniors, 7 to 3. The other half of the game will be played next week. The score at the end of the first half:

	1923	G.	F.	P.
Beal, H	1	0	2	
Sargent, H	0	0	0	
Dickinson, C	2	1	5	
Alger, H	0	0	0	
Miner, H	0	0	0	
Grayson, H	0	0	0	
	3	1	7	

TWO-YEAR

	G.	F.	P.
Cutler, H	1	0	2
Barnicle, H	0	0	0
Strout, C	0	0	0
Clough, H	0	1	1
Baker, H	0	0	0
	1	1	3

The complete standing of the classes to date is as follows:

	G.	P.	WON	LOST	P.C.
Freshmen,	3	3	0	1,000	
Seniors,	3	2	1	967	
Two-Year,	2	1	1	500	
Juniors,	3	1	2	333	
Sophomores,	3	0	3	000	

SENIOR CLASS OFFICERS ELECTED FOR TERM

In assembly last week, the Seniors elected their class officers for the coming term. The results were:

President, "Al" Smith of Easthampton; President of the Senate, and a worthy member of the 1922 basketball team and a member of A. S. & P. fraternity.

Vice-president, "Stubby" Clark of Sunderland, baseball manager, a representative of the Senate, and a member of Q. T. V. fraternity.

Treasurer, "Hank" Moseley, representative of the Senate, Chairman of Informal Committee, and a member of A. S. & P. fraternity.

Sergeant-at-Arms, "Stan" Freeman, basketball manager, 1921 football team-center and a member of A. S. & P. fraternity.

1923 JUNIOR PROM

FOR PATRIOT'S DAY

From Dance to End on Morning of the 19th. Cabaret and Show the Next Day.

The date for the Junior Promenade has been definitely set for the 18th and 19th of April. The prom dance will take place the night of Tuesday, April 18th and the cabaret will be on Wednesday, the 19th. "Clarence," the prom show, will be staged on the night of the 19th. The committee has looked over several excellent menus and the cabaret promises to be well worth the cost. Prelims will go on sale for juniors on Feb. 15th and will be reserved for them

only until the first of March. At that time they will go on sale for all students interested.

WILBRAHAM WINS 16-12 FROM TWO YEAR

Two Year Fails to Score Any Baskets from Foul.

Coach Grayson's Two Year basketball team met its third consecutive defeat when they were defeated by the Wilbraham Academy quintet by close score of 16-12 on Saturday afternoon Jan. 28. Both teams played a tight five man defense. Wilbraham held a 10-8 lead at the close of the first half. Four points were scored by Captain Farnsworth from the 15 foot line, which proved to be a deciding factor in the game. The Two Year team was unable to tally on a free try. Drennellan, Cutter, Ross and Green scored for the Two Year.

ALUMNI DAY

Continued from page 1

can afford to miss, for several matters will be reported on and discussed, of interest and concern to all Aggie men. This meeting will be followed by an alumni dinner at Draper, which will speak for itself, both as to "eats" and a good time.

The alumni like nothing better than to see our teams in action, and to see them come through with a win. And they are going to see at least one game Saturday afternoon. At this writing no team has been found to offer resistance to our hockey sextet on that date. The basketball five, however, will take on the Tufts quintet in the Drill Hall, and with the spirit of revenge in their hearts, the Aggie team should make it

fast and interesting for the Medford boys on the home floor.

Fraternity initiation banquets on Saturday night will end the festivities of this Mid-Winter Alumni Day. They will be held as follows: Q. T. V., Q. T. V. House, Amherst; Alpha Gamma Rho, Draper Hotel, Northampton; Theta Chi, The Perry, Amherst; Alpha Sigma Phi, Plymouth Inn, Northampton; Kappa Gamma Phi, Fraternity House, Amherst; Kappa Sigma, Rose Tree Inn, Northampton; Lambda Chi Alpha, Draper Hall, Amherst; Phi Sigma Kappa, The Davenport, Amherst; Sigma Phi Epsilon, Plymouth Inn, Northampton.

The committee in charge has done its best to prepare a worthwhile program for these two days, and with the good crowd of alumni which they expect

From A Faint Blue Glow To Modern Miracles

EDISON saw it first—a mere shadow of blue light streaking across the terminals inside an imperfect electric lamp. This "leak" of electric current, an obstacle to lamp perfection, was soon banished by removing more air from the bulbs.

But the ghostly light, and its mysterious disappearance in a high vacuum remained unexplained for years.

Then J. J. Thomson established the electron theory on the transmission of electricity in a partial vacuum—and the blue light was understood. In a very high vacuum, however, the light and apparently the currents that caused it disappeared.

One day, however, a scientist in the Research Laboratories of the General Electric Company proved that a current could be made to pass through the highest possible vacuum, and could be varied according to fixed laws. But the phantom light had vanished.

Here was a new and definite phenomenon—a basis for further research.

Immediately, scientists began a series of experiments with far reaching practical results. A new type of X-ray tube, known as the Coolidge tube, soon gave a great impetus to the art of surgery. The Kenotron and Pliotron, followed in quick succession by the Dynatron and Mag-netron, made possible long distance radio telephony and revolutionized radio telegraphy. And the usefulness of the "tron" family has only begun.

The troublesome little blue glow was banished nearly forty years ago. But for scientific research, it would have been forgotten. Yet there is hardly a man, woman or child in the country today whose life has not been benefited, directly or indirectly, by the results of the scientific investigations that followed.

Thus it is that persistent organized research gives man new tools, makes available forces that otherwise might remain unknown for centuries.

back, things are bound to hum on the campus. The Alumni Office wishes to urge again the necessity that all those who are planning to attend shall signify by sending a card to the Office, that they may make arrangements for the dinner on Saturday.

INTERFRATERNITY RELAY

Contests in the Interfraternity Relay series were considerably livelier in the last two meets on Friday and Monday, the average time of these two days being at least a second less than those of previous meets. On Friday, the average time for the three races was 2:16 1-5. On Monday, the fast time of 2:13 3-4 would have been the average had it not been for a forfeit race, in which the lack of competition greatly increased the running time. Phi Sigma Kappa heads the fraternities in the percentage column.

Friday's races:

LAMBDA CHI ALPHA	KAPPA SIGMA
Kemp	W. L. Shade
Ferranti	L. Shade
Steele	Fish
Loring	Cahill

Won by Lambda Chi Alpha.

Time: 2:14 2-5.

HOCKEY TEAM ON TO WEST POINT

Last evening the Hockey Team left for their annual game with the West Point aggregation at West Point which will take place tonight. With two straight defeats against them the Aggie team take on the Army with a vow to set their college even with the sporting world once more.

The West Point team has been playing hard teams this year and will come against the M. A. C. team with four straight wins to their credit. This fact alone will make victory sweeter to Aggie. West Point has been our opponent for many years, last year there being no game because of incomplete arrangements. The close scores in past years would point to a hard game to-day but with Aggie at its best we should stand more than a fighting chance.

West Point's bad man is Martinelli, playing center ice, who scored six goals, against Springfield last Saturday. Two weeks ago the Army beat Hamilton who in turn took a game from Aggie Saturday evening.

The nine men who made the trip were: Captain Collins, Hodsdon, Gordon, Lyons, Haskins, Tewhill, Kroeck, Nicoll, and Whitaker. Coach Mansell feels that Aggie will be well represented and is assured that the boys will play their best game of the season.

SOUTHWICK BROTHERS & GAULT

VARSIY SECONDS

DRUB FROSH 4-1

Tewhill and Goldsmith Play Well in Scrub Games.

In a practice game with the varsity scrubs, the Freshman hockey team was defeated by the score of 4-1. The weak point in the Freshman team was clearly manifested to be at goal-tending as a result of this game. Since White has been declared ineligible there have been no candidates who have essayed to fill his shoes. The varsity scrubs outclassed the Freshmen in all parts of the game, and experience on their part had a telling effect on the outcome. Tewhill and Goldsmith starred for the varsity, while Taylor and Hutchins played well for the Freshmen.

The score:

VARSIY SECONDS.	FRESHMEN.
Tarr, rw	rw. Taylor
Nicoll, lw	c, Ward
Tewhill, c	c, Currier
Goldsmith, rd	c, Ericson
Chase, ld	lw, Guild
Baker, g	ld, McGeoch
	g, Cleaves

Time—Two 13 minute periods. Referee—Read. Goals—Ward, Tewhill, Tarr, Nicoll, and Goldsmith.

PROF. WARD IN ASSEMBLY

Prof. Harry F. Ward of the Union Theological Seminary, New York, was the speaker at Assembly Wednesday. The speaker said that the laws against free speech and freedom of the press which were suppressed during the war are yet in force. That behind this laid industrial strife and illegal pressure back of the police.

After having made his address the speaker asked for questions from the floor. Judging from the type of question hurled at the speaker by a few, they must have been of the impression that the speaker's remarks were inclined to be somewhat radical. But the situation was cleared when Prof. Ward said, "Every citizen is entitled to enjoy every civil liberty provided it is within the law."

CONGRATULATIONS

MASSACHUSETTS!

The following article was printed in the Jan. 11 number of *The New Hampshire*:

It is with a great deal of pleasure that *The New Hampshire* takes advantage of the opportunity for extending sincere congratulations to Massachusetts Agricultural College on the signal victory of its fruit judging team at the national fruit show which was held recently at Toledo, Ohio. Entered in a contest which has developed into an inter-sectional match for first honors in fruit judging, M. A. C. found her team pitted against Ohio State for national honors. The Ohio team won the championship, but the Bay State boys were out for everything they could get. In 1920, and was considered the logical winner at the show just past, and the masterly fashion in which they

appropriated first, second, and third individual placing put them head and shoulders above the Ohioans and indicated in no luke-warm manner, that eastern horticultural instruction is the best that is to be obtained.

Competition has ever been between New Hampshire State and Massachusetts Agricultural College; and, in interstate contests where these two colleges are pitted one against the other, no quarter is asked, and none is given. But when either institution steps out into foreign fields to defend New Eng-

land's laurels, no stronger backer, no heartier friend could be wanted than the erstwhile antagonist across the line.

Massachusetts won the New England horticultural crown from New Hampshire at the Concord, N. H. show. There can be no gainsaying that, and in view of succeeding events it reflects no discredit on the Granite State team. On the other hand, to suffer defeat at the hands of the men who today are the champions of America can be considered little less than an honor. To

repeat the sentiment of the opening paragraph, *New Hampshire's* congratulations to Massachusetts in her hour of victory. To print this article in our *COLLEGIAN* is a great honor, and New Hampshire's congratulations are more than appreciated!

ALUMNI

'21.—Arthur Leighton is teaching mathematics at the Huntington School of the Boston Y. M. C. A. He is also taking a course in the Harvard Graduate School of Education.

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

Camel

M. A. C. TAKES REVENGE IN 26-18 WIN FROM TUFTS

Captain Gowdy, Tumey, and Bike Play Splendid Game Before Alumni and Students.

The Aggie quintet rode the visiting Jumbo's to victory 26-18 last Saturday afternoon in the Drill Hall before a large gathering of alumni and students. The game was fast and aggressive from start to finish, the Tufts men going down to defeat only after a hard fight. It was by its best work that the Maroon and White team showed its heels to the speedy visitors. With close covering and accurate shooting Mass. Aggie gained the lead early, and was not headed throughout the game although threatened constantly.

Aggie started things off with a rush, and Al Smith caged the ball in the first few minutes of play. Tumey followed almost immediately with a twin contribution, then Evans and Rounds broke through with enough points to even the score. Marshman took a hand at this point, and increased the score by netting two baskets. The game was slowed up by fouls shortly before the end of the period. Roser went in just before the whistle blew with the score 16-11 in Aggie's favor.

In the second period Tufts started in with a vigorous determination to even up the score. The play was hard and rough, but the Medford men failed to gain the lead. Captain Gowdy was going great at this point guarding with never failing success and neatly eluding his opponent for a field goal. Bike kept his man, Mahoney, with but one tally to his credit and went down the floor once for a basket. The Brown and Blue came within four points of tying late in the game, but the premier work of Smith and Tumey gave the Aggies a substantial lead before the end of the game. Evans and Rounds were high scorers for the visitors.

The summary:

MASS. AGGIES.	TUFTS.
Tumey, Barrows, rf	lb, Hopkins
Smith, Roser, ls	rb, Daley
Marshman, c	c, Rounds, Rogers
Bike, rb	lf, Mahoney
Gowdy, lb	rf, Evans, Barrows

Goals from floor—Tumey 4, Smith 2, Marshman 2, Bike, Gowdy, Hopkins, Rounds 3, Mahoney, Evans 2. Baskets from foul—Tumey 6, Mahoney 4. Referee—Aylesworth. Time—20 minute periods.

FRESHMAN HOCKEY

Owing to the condition of the ice on the hockey rink last Thursday the inter-class Hockey game between the Sophomores and Freshmen did not take place as scheduled. Two days of warm weather had left the rink in a slushy condition making play impossible. The Deerfield Academy game was also postponed for the same reason.

ALUMNI RESPOND TO ALMA MATER'S CALL

Fine Showing of Graduates Enjoy Week-end Meetings and Entertainments at the Old College.

Last Friday and Saturday were observed on campus as the annual mid-winter alumni days. As usual a large number of alumni came back to enjoy again the spirit of their Alma Mater. Friday night they were entertained by the Social Union in Stockbridge Hall. Mr. Phideleab Rice gave an interesting reading which was followed by a concert given by the combined musical clubs under the leadership of Vinton and Waugh. Saturday morning various alumni meetings were held and alumni committee reports were heard. At noon dinner was served in Draper Hall. Tufts College formed the basis for the afternoon's amusement when their basketball team bowed before Coach Gore's quintet. The customary fraternity reunions and banquets were held on Saturday evening either in Amherst or in nearby towns. Taken as a whole Alumni Day was a success this year. Sec. Mellen was pleased with the large number of graduates who were back and especially with the men from the earlier classes or from distant states. An account of the various meetings follows this introduction, and the Tufts game is related on this page.

SOPHOMORES WIN INTER- CLASS DEBATE WITH 1925

Negative Comes Out Ahead in Debate Over Student Disciplinary Methods.

With the Sophomore team defending the negative and winning from the Freshmen on the subject: "Resolved, That the present disciplinary relations between the Sophomore and Freshman classes are detrimental to college spirit at M. A. C.," those who attended Assembly last week listened to one of the most heated debates the college has witnessed in some time.

The first speaker for the affirmative was James Batal. He outlined in most minute detail the adventures of a Freshman at an Arena Party. His point was made that Arena Parties are disgusting, and attempted to prove that such parties were harmful to the self-respect of the Freshman.

The first speaker for the negative was Russell Noyes, and he outlined the three points which the 1924 team would attempt to prove. They are as follows: 1. Unity among the members of the Freshman class is effected through the interclass activities at the beginning of the year.

2. The rules which the Freshmen

STRONG OFFENSIVE BY COLLINS AND LYONS GIVES M. A. C. VICTORY OVER WEST POINT

Army Team Loses First Game of Year to Maroon and White by 4-3 Score. Kroeck and Kastner Busy at Goal.

N. H. STATE WINS AT B. A. A. BY A SCANT SIX YARDS

Capt. Sullivan Runs Fine Race but the Granite Staters Prove Too Fast in the End

"The farmer race", as one of our metropolitan journals is wont to put it, "was a top thriller." In other words, the New Hampshire State relay team defeated M. A. C. last Saturday at the B. A. A. meet by about six yards. Sullivan hopped in the lead of Draper of New Hampshire. The lead alternated through the four changes of relay. On the last relay Acheson started seven yards behind Paine, and although he gained first place quickly, he was forced to slow up on the last lap which enabled Paine to forge ahead and gain the victory. It was a nip-and-tuck race throughout. The time made by New Hampshire State was 3 minutes 41.25 seconds.

The runners, in their order of running, were:

N. H. S.	M. A. C.
Draper	Sullivan
Cotton	MacCreedy
Coughlin	L. S. Woodworth
Paine	Acheson

APPEARANCE OF "SHIFTERS" CAUSES SPECULATION

Nearly One-Hundred M. A. C. Men Now Members of a Brotherhood Started at M. I. T.

The secret organization known as the "Shifters" which gained so much publicity in the Boston papers a few weeks ago has now started at Aggie. This organization initiated over 2500 men in three days at M. I. T. including the dean and all the members of the corporation. While it is not exactly a college fraternity it is understood that it aims to promote brotherly feeling between men. Although the membership at M. A. C. is still small, if it grows like it did at M. I. T. the entire student body and faculty will be members in a week.

The dean of M. I. T. is hearty in his approval of the order and says that the installation of the chapter at Tech was one of the best things that ever happened there. Therefore, when a member of the organization at Tech came to Amherst a few days ago, he was authorized to start a chapter here. The results of his work are already evident as about four hundred are already initiated and there promises to be a strong chapter here in the near future.

The Aggie farmers whipped up the old Army mule last Wednesday afternoon, and never losing control of the situation drove home with a four to three hockey win tucked in the buggy. The game was the best played and the hardest fought which has been played at West Point this season, for previous to Wednesday's contest the Army had been undefeated.

Aggie started the game with a well-organized surprise attack, and in one minute and twenty seconds of play Captain "Hubba" shot a long, hard, goal from the middle of the rink for the first score of the game. Seven minutes more and by clever skating and pass-work, "Sharky" Lyons poked in a second goal for M. A. C. West Point made one goal each period. The first one came after 124 minutes of play, when Marinelli, West Point's star center, poked the puck by Kroeck after some very clever attack-work.

The second period started off with some fast work, play being faster than in the preceding period. Marinelli evened the score for West Point, when he shot his second goal of the game, after two and three-quarters minutes of play. Three minutes later, "Hubba" led a flank attack to regain the lost position, and succeeded in shooting a goal which put Aggie in the lead once more.

The play during the third period was the fastest of the entire game, but the puck was in the Army territory most of the time. The Aggie team drew up their heaves and bombarded the Army goal without success. West Point also made some good tries to even up the score and succeeded in doing so for less than a minute when Marinelli managed to get by the Maroon and White and cage a fast one. There were less than

R. H. WOODWORTH ELECTED SOPHOMORE PRESIDENT

Brother is Present President of the Junior Class.

The Sophomore class held a meeting in Clark Hall Tuesday evening, Jan. 31. The main business of the evening was to elect officers. Those elected were: Robert H. Woodworth of Newton, president; Charles J. Tewhill of Florence, vice-president; Martha B. S. Epps of Wilbraham, treasurer; Ruth M. Wood of North Andover, historian; A. Corwin Garretson of Bound Brook, N. J., secretary; Sterling Myrick of Longmeadow, captain; Eric F. Lamb of Waban, sergeant-at-arms.

WEST POINT GAME

Continued from page 1

two minutes left to play, and it looked as if an extra period might be necessary when a forward wave consisting of Haslins and Lyons shot up the ice, and receiving a clever pass across his wing, "Sharky" drove through the final score of the game.

In the remaining minute of play, West Point tried vainly to even the score, without success. "Hubba" Collins and "Sharky" Lyons starred for Aggie, and the work of Marinelli in scoring West Point's three goals was exceptional. Both Kroeck and Kastner were called upon to do a heavy share of the defense, and each one made some fine stops at the net.

Aggie played the best brand of hockey that they have shown this season, the forward line taking the puck away from the Army forwards time and again, by clever "checking back."

The Summary:

AGGIES. Army. Gordon, lw. Stevens, lw. Stevens, c. Marinelli, rw. Woods, rw. Woods, p. O'Connell, cp. Stout, g. Kastner, g.

Score—Aggies 4, Army 3. Goals—first period, Collins 1.20, Lyons 8.00, Marinelli 12.30; second period, Marinelli 2.45, Collins 6.18; third period, Marinelli 13.15, Lyons 14.00. Substitutions—Army, O'Shea for Woods, Woods for O'Shea, Rich for Stevens, Stevens for Rich; Aggies, Lamb for Haslins, Whitaker for Gordon, Gordon for Whitaker. Referee—Major Harris, Army. Time—three 15 minute periods.

SIDE-KICKS

In spite of the game being so very tight not a foul was called on either team.

They run a great life at West Point, —run between all classes, get up by bugle, eat by bugle, and go to bed by bugle.

A pair of K's at the goals, kings at stopping the puck.

West Point had only been scored on twice this season, let alone beaten. Hamilton was one of the Army's victims.

COLLEGIAN COMPETITION

The COLLEGIAN competition is still going on at full blast. Read has made the most gain. Kennedy is still in the lead, with Waugh gaining fast. There are only seven more issues before the contest closes, so new men put a brace on and get going! The book examination, which was to take place last Wednesday, has been postponed until further notice from Competition Manager Barnard.

The standing of the competitors of THE MASSACHUSETTS COLLEGIAN up to date is as follows:

EDITORIAL DEPARTMENT.		
	1924.	
Kennedy	42.0	
Read	34.2	
Waugh	27.29	
1925.		
Batal	30.2

Oliver	5.41	

BUSINESS DEPARTMENT.		
	1925.	
Slade	23.8	
Simpson	23.3	
Lewis	8.8	

QUINTET WINS 34-17 FROM BOSTON UNIVERSITY

Ed Tunney Singlehanded Scores Enough Points to Win For Varsity.

Massachusetts Aggie showed the way to the Boston University quintet by a margin of 34-17 last Tuesday evening on the Drill Hall floor in rather a slow game. The Aggie team celebrated its home-coming with an unquestionable recovery from the slump which had harassed them in the past few games. In the first half it looked as though Tunney was the only member of the Aggie team who had his eye on the basket. His aim was deadly and half-time showed 13 of the 15 Aggie points to his favor. The second half proved the mistake of this idea when Bike, Marshman, Smith and Barrows tore loose in the most approved style with seven baskets between them. The first period was evenly played, both teams being somewhat weak on the defensive, but with long shots preferred, the Aggies merging into the lead 15-13. The Hub aggregation was totally eclipsed in the second period, their defense unable to withstand the attack of "Kid" Gore's team.

The game opened with both teams on the defensive. Boston University broke the ice with the first basket, then gave way to Ed Tunney who scored two field goals and a free try. The Boston quintet began a very aggressive game and kept in the running the entire half, the whistle blowing with Aggie out on top 15-13.

The Maroon and White showed a better brand of basketball in the second half, and Boston University weakened considerably. The Hub men failed to sink a floor basket in this half and had to content themselves with four successful free throws. Marshman astonished the crowd by tossing one in from the far corner. Bike added two baskets to his first half tally which made him second highest point getter of the evening. Coach Gore's subs were able to hold the visitors scoreless the last few minutes of the game. Conry starred for the loosers doing good work at guard.

The summary: BOSTON UNIVERSITY. Smith, Kane, Rorer, lb. Conry, Worcester. Tunney, Grayson, Barrows, rf. Pettingill.

Marshman, Thompson, c. e. Harris, Lenkins. Gowdy, lb. rf. Feldman. Bike, Hale, rb. lf. Cochrane, Graves. Goals from floor—Smith 2, Tunney 7, Barrows, Marshman 2, Bike 3, Pettingill 2, Harris, Feldman, Cochrane 2. Foul shots—Tunney 4, Feldman 5. Referee—Finn. Time—20 minute periods.

TWO-YEAR QUINTET WINS FAST CONTEST FROM ARMS

Lose by Two Points to Deerfield on Saturday.

In a nip and tuck game with Deerfield Academy in the Drill Hall last Saturday, the visitors nosed out the Aggie Two-year by one shot from the floor, the final score being 24-22.

In another fast game with Arms Academy at Shelburne Falls last Friday evening, February 3, the two-year team nosed out the home quintet in a five minute overtime period, the final score being 21-20. Ross and Parsons starred for the visitors, while Cardwell was high scorer for the Academy.

FRESHMEN WIN FROM AMHERST HIGH 40-13

Team Still Unbeaten, Six Wins to Credit. Sacred Heart H. S. also Defeated.

The Freshman basketball team still maintains its 100% record, having won six games in as many starts. Last Wednesday they handed the Amherst High School a bad beating with the score 40-13. Although things were fairly even in the first half, Sullivan and Samuels broke away in the second period and could not be stopped. Sullivan dropped through 12 double-counters, enough alone to decisively defeat his former teammates. Magrath starred for the losers while Flebut was their high scorer.

Last Saturday the yearlings took on Sacred Heart High School from Holyoke. This is considered one of the toughest high school teams in the valley as, until they met the Freshmen, they had won 19 out of 21 games. However, the fresh triumphed again, giving the visitors the small end of a 14-9 score. They showed good teamwork and were invincible both on the defense and the offense. The first half ended 6-6, but the yearlings came back in good form for the second period and walked away with the game.

The scores:			
1925	B.	F.	P.
Samuels, rf	2	6	10
Sullivan, lf	12	0	24
Simmons, c	1	0	2

SOPHOMORES WIN DEBATE

Continued from page 1

are compelled to obey foster respect for the college and encourage college spirit.

3. M. A. C. has college spirit under the present system of interclass relations.

The Freshman class offered as their points:

1. General disgrace to college and harm to college spirit due to the Arena Parties.

2. Harmful effect on college spirit of present relations between the two classes.

3. Unfair system of working required by the college of the Freshmen as administered by the Sophomores.

The complete teams were as follows:

1924	1925
Noyes	Batal (captain)
Gifford	Ginterman
Dimock (alternate)	Ward
Staebner (captain)	Corwin (alternate)

Captain Staebner was unable to participate on account of illness.

The teams appeared to be evenly matched up to the time of the rebuttals. Noyes for the negative attempted to show that the Freshmen had not argued on the subject at all, but had merely shown that the Arena Party and the present work system are not the best possible methods of punishment, and had not shown at all that these two were detrimental to college spirit; nor had they touched on any of the other relations at all.

Ginterman, for the Freshmen, showed that his team had attempted to prove that the relations are detrimental to college spirit; that men would never come to Aggie if they knew what disgrace might await them (Arena Parties); that the negative team had evaded the main issue.

The three judges—Prof. R. J. McFall, Prof. L. R. Grose, and Asst. Prof. C. H. Gould—all voted in favor of the negative. Prof. Prince presided at the debate, which was under the auspices of the Non-Athletic Board.

Team! Team! Team!

A motion was carried to secure a nominating committee composed of a man from each fraternity, one from among the non-fraternity men, and one from among the co-eds. Each group was to elect its own member.

The committee met in the Memorial Building Monday evening and made the nominations for class officers. The elections take place after assembly today.

Ruth Carpenter of Hudson and Helen Veselak of Westfield, both of the two-year course last year, were guests at the Abbey last week.

HOCKEY TEAM TO PLAY IN PHILADELPHIA THIS WEEK-END

Varsity to Place Two of Strongest Clubs of America in Quaker City.

This week-end the hockey team journeys to Philadelphia where on Friday and Saturday nights it plays the strong St. Nicholas Hockey Club of New York City and Quaker City club of Philadelphia in the Philadelphia Ice Palace. According to the records that these two teams have made so far this season, these games should prove to be the hardest that our team will have to play. The Quaker City Hockey club defeated the fast Yale team 8-3 in a game that was played early in the season. Since then, however, they have learned much through the many games they have played so that when they meet Aggie they will be playing an exceptionally high class of hockey.

These two teams are so nearly equal in strength that when they were pitted against one another in a game last week the score ran a tie, 2 to 2. Seven minutes of overtime were played without any change in the score. The game was heralded by the daily papers as the fastest, the most startling, and the most sensational game that has taken place in Philadelphia this year. But with the brand of hockey that our team has been playing this season and with the improvement that has followed each game played thus far, our team may be expected to make a very creditable showing, and bag a victory, or two.

RESULTS DETERMINE COSTS

It isn't the initial cost of a dairy supply that determines its economy, but rather the results produced by its continued use. Many dairymen have made what they thought was a saving by lower first cost only to later find that they have sacrificed all and more to loss in quality and service.

The dependable high quality and value of the service which always follows the use of

Wyandotte

never fails to return profits to the Dairyman many times in excess of its cost. This quality service has gained for Wyandotte Dairyman's Cleaner and Cleanser an established place in the Dairy industry because it is a guarantee of that sanitary protection which insures high quality products that build permanent and increasing business.

These results are guaranteed to you also or the trial costs you nothing.

A Glance Into the Future.

Those who attended the meeting of the alumni last Saturday, in which the Comtee of Study Committee reported the results of their extensive investigations and made definite recommendations for the future policy of their college, were very well rewarded. The report was based on a thoroughly scholarly research and the recommendations were cogent and unbiased.

Many of the recommendations are of singular interest as they represent a radical departure from policies now being faithfully followed.

The present system of maintaining so large a number of major courses was condemned and the abolishment of it urged. Investigation has shown that fully one-third of the courses offered here are serving only a handful of students, many of them being discontinued off and on because no one wants them. The recommendation seemed a good one. A superabundance of machinery should be avoided and dead wood relentlessly chopped out. Many courses here are straws for the students who are up against the too high minimum requirement rule to grasp. It will be more than interesting, it will be thrilling, to hear some of the professors rise to defend these children of their creation, when the time comes for some just Herod to condemn them to the slaughterhouse.

Thirty-four of thirty-seven Seniors questioned last June admitted that the prerequisites taken for majors had been little needed. The committee believed that such prerequisites were essential, but that the required courses for each major should be balanced. As matters stand now, some heads of departments watch over their prospective students carefully, while others let them pursue their course untouched until their Junior year.

In connection with this it was urged that majors should be elected at the end of the Freshman year, and that until the Senior year very little choice be given the student as to which subjects he might take. At first, this

seems to interfere with our broad application of democracy. But it does not. Many men take courses simply on the recommendation of other students or because they sound well in the catalogue. We look over the schedule much as if it were a menu, and with a little regard for our future mental good as most of us are for future dyspepsia in the case of the menu. Welsh rarebit has the edge on pea soup; Gut 50 has it on Ping 52. How many of us would be alive today had we been permitted to exercise our elective privilege some fifteen years ago? In our case, at least, bread and milk would have been shoved aside, beefsteak and onions adopted as a steady diet, and a white marker, properly adorned with cherubs, would be over us today. The committee believes that the professors are better able than we are ourselves to judge what subjects we need to be proficient (to be mentally alive) 15 years hence. And remember that they base this belief on the fact that 334 alumni (after seeing the effect of electives on themselves) voted for a well planned required course, to 109 for the present elective system.

"Gut courses" were hard hit by the recommendation that a better system of evaluating credits be stilled out. Last year's Seniors, their diplomas safely stored away, slammed them, though an overwhelming majority has taken them in five credit doses. From their reports, Agricultural Education and Rural Sociology professors had better look to the printing of their guns to silence enemy batteries in the near future. A gut was defined as "a course demanding a minimum of work for a maximum of credit," and that definition should be adopted by Webster. These same Seniors said that there were too many credit hours required here, and probably the loss of guts would not be felt if these requirements were brought down to a more reasonable figure. Just as too concentrated foods require laxatives so do Doc. Gordon's Freshman geology for two credits, or Doc. Torrey's Sophomore botany for three, require a balance sometimes of some relaxing agricultural education five credit courses.

Coordination of courses was urged. Under the present system duplication of effort is common, due to ignorance on the part of one professor of what some other professor has already dwelt upon at length. Any student can tell for himself how many hours he has lost that might have amounted to something if he had not been obliged to hear the same thing over the third or fourth time. Faculty get-togethers on this point might be productive of better results.

The elementary agricultural courses here are weak. This is largely due to the men teaching them being already overworked and not being able to spend time on the Freshman class. These courses are usually considered by them as nonsense. Freshman horticulture stands out in our mind as an example of this. The committee recommended that, inasmuch as these courses are valuable in offering perspective, they may better be taught by one thoroughly competent man than by several uninterested, overworked experts.

A tremendous bomb was hurled in the proposition that English should be taught and required here for four years instead of two. It was found that our graduates are deficient in the ability to use good English, due perhaps partly to inefficient teaching but more to the fact that teachers in other subjects do not

require good English in their written work. The fact remains that if we stay in the United States we shall be obliged to talk and write the language of our country, and at least should be able to do this 85% correctly. Speaking for the humanities in general, after the report had been read, Dean Lewis said that in his belief a solid year of the four year course should be spent on them, and he was heartily applauded.

"Keep up the entrance requirements and keep our college work above secondary grade." This was the general opinion of every one the committee questioned, and speaks well for the attitude of our graduates.

There is an unusual amount of material in this editorial, but it is the basis of our future, the future of M. A. C. scholastically, and must interest those who love the college.

We shall probably discuss these recommendations more fully, individually, in the future, and we surely hope that professors or students will assert their opinions to us in communications, which we shall take great pleasure in printing.

Aggie men think too little of their curriculum!

COMMUNICATIONS

TO THE COLLEGIAN:

You are right, make them write it "Massachusetts Aggie" and then when we have done that, let us, with all our hearts, learn all we can of the history of the college of Clark and Goodell. A friend of mine was anxious to know about a pile of rocks I had collected in touring about New England: I told him they were there, to remind me of Edward Hitchcock, president of Amherst College.

Travelling about my farm I like to meet William A. Stearns and hear him say again, "Young gentlemen: your highest attainment is the attainment of right relations toward God; and a concordance with the other harmonies of the universe." For if I would know the true spirit of my college I must know the spirit of those two high minded students of Amherst College, William S. Clark and Henry Hill Goodell.

And to know them, I must try and see them walking the streets of Amherst with two men who made them what they were—Hitchcock and Stearns of Old Amherst.

With great regard,
NEWTON SHULTIS.

TO THE COLLEGIAN:

Along with the exhortation in regard to assembly speakers which was published in these columns a week ago it seems that there should be included one in respect to visiting teams and officials. The hissing of one of the players and of the referee in the Tufts game last Saturday was especially unfortunate in that many alumni were present. They can remember the time when one who showed ungentlemanly conduct toward a visitor was shown the shortest route to the pond. Do we want them to think that Aggie has degenerated to such an extent that no one is free from hisses and catcalls who does not do exactly as we think he should? Let's turn over a new leaf in this respect. While the criticism hits only a few the effects are felt by all.

Kenneth Barnard '22 is in the infirmary with a slight case of chicken pox.

FRIDAY NIGHT DANCE

On Friday, Feb. 17, another dance is to be held in the Memorial Building from 8:00 to 11:30 p. m. Everybody knows how successful such dances have been in the past, and this one should be one of the best of its kind.

Bob Woodworth's orchestra will play and tickets 75 cents a couple, or 50 cents apiece, and may be obtained at the door.

ECONOMICS CLUB TO MEET EVERY TWO WEEKS

The Aggie Ec. Club held an informal meeting last Wednesday evening, Feb. 1, for the first time this year. F. V. Waugh '22, was elected president as successor to Dwyer. An executive committee was elected to make up plans for the coming season. Refreshments were then served and the meeting adjourned at 9:30. The club plans to hold meetings every two weeks in the Memorial Building.

TEACHING EXPERIENCE FOR THE UNDERGRADUATE

Underclassmen Sometimes Hear of this Opportunity at Too Late a Date.

Recent experiences of students and graduates of M. A. C. have demonstrated that apprentice teaching is the best insurance policy for prospective teachers.

Sophomores and juniors will be interested to know of the arrangement between the college and the Vocational Division of the State Department of Education whereby an undergraduate who expects to teach may be placed in a school or department under state supervision, and given one term of practice teaching. Such a man, enrolled in course 80 in Education, earns not to exceed five credits in this experience, so it is necessary for him to accumulate extra credits in previous terms. This is the point which few men have understood in time to get the extra credits. Seniors who find themselves unable to secure the apprenticeship feel that the opportunity should have been made known to them at an early date. Some graduates who have made serious mistakes during their first term of teaching wish that they might have had the try-out with experienced teachers who were capable of instructing and correcting them, and who were eager to do both.

In some cases the school pays the man enough to cover his living expenses in addition to the guidance and assistance in every phase of the activities of a regular instructor such as lesson planning, conducting classes, supervising project work and oversight of student activities.

Professor Welles visits the apprentice several times during the term and outlines observations and reports. The state supervisors give the man nearly the same contacts he would get in real teaching and when the man returns to college for another course in Education he understands what the discussions mean.

SQUIB

The proof of the "Futurist Number" of the *Squib* is in the hands of the printer, and the issue should be out by the end of this week or early next week. This number is short but snappy and will be enjoyed by all those who dabble in new ideas.

The fourth number will be the *Police Gazette* number and is full to the brim with lively and clever stuff. The board is asking the co-operation of the student body to help make this number the

best one of the year. After the number is published, *Squib* will elect a new staff. Those men who have been chosen as a result of the recent competition are as follows: F. Gilbert '22, W. G. Rhodes '24, K. Ball '24, R. Langenbacher '25, G. Knowles '25, C. Salmon '25, L. Hale '25.

Mr. Albert G. Brason, Ex. '22 of Worcester, Mass. is now employed by the Curtis Publishing Company and it was his intention to be present at the Alumni gathering this week-end.

Just as much a part of the smart college outfit as pep and enthusiasm are a part of college life.

ALUMNI MEETING

Continued from page 1

Last Saturday at 10:00 A. M. the alumni held a meeting in the Memorial Building. The subject of courses in the college was brought up and a change in them is to be made in the near future. However, the alumni were unanimous in declaring that the education they received in this institution was decidedly worth while. This last statement was a report of the Course of Study Committee, and was the event most looked for at the alumni meeting. The Course of Study Committee was appointed by the associate alumni at the request of President Butterfield, about a year ago, to make a study of the curriculum and make recommendations for improvement if needed. H. J. Baker '11, director of extension service at the Connecticut Agricultural College, is chairman of the committee including graduates from 1892 to 1918. The other members of the committee are: J. E. Wilder '82, of Chicago; Prof. C. S. Plinn '82, of Ohio State College; A. F. Burgess '95, of Boston; Walter G.

Clark '10 of New York; Frank B. Hills '12, of Peterboro, N. H.; Lawrence A. Bevan '13, of Boston; E. S. Draper '15, of Charlotte, N. C.; and George L. Goodrich '18, of Melrose. The men are widely spread over the country, and rank from professors to farmers.

The committee answered the frequent criticism that many Massachusetts Agricultural College graduates enter professional work related to agriculture in preference to becoming farmers.

Chairman Baker, speaking for the Alumni Association, declared "that Aggie men who enter experiment work, who become investigators for the different departments of agriculture, or who become teachers of agriculture render as great and even far greater service to the state, than would be possible if every man became a farmer. As Massachusetts is largely dependent on other sections of the country for its raw materials, graduates of Massachusetts Agricultural College who are engaged directly to agricultural production in other states, or who are conducting research in other states are, nevertheless, contributing directly to the welfare of

Massachusetts."

Chairman Baker also asserted "that a college education must train a man to clear thinking; it must provide the key to knowledge that bears on his work; it must provide technical information of practical value; it must inculcate a broad view of human relationships and a realization of responsibilities. Massachusetts Agricultural College alumni, from the oldest to the youngest, believe that their alma mater has done these things for them."

Other business of no importance was brought up, and when everything was practically settled the meeting adjourned, and the regular alumni dinner was given in Draper Hall. It being so late when both had finished that the regular after dinner speeches were omitted, and the alumni gathered in the drill hall to see their alma mater trounce their old rival, Tufts, to the tune of 26 to 18 in a fast, aggressive game of basketball. In the evening they attended their fraternity initiation banquets.

Following is a list of alumni on the campus during last week-end: Brooks

The Feed that is in every dealer's stock and is contained in every high producing dairy ration

BUFFALO CORN GLUTEN FEED is a standard product that can be obtained at almost any feed store. Dealers always carry a regular stock of it to fill the great demand of dairy farmers who wish to produce a large flow of milk from their cows.

There is no other feed that is as available as Buffalo Corn Gluten Feed, and whether you are mixing your own ration or having it mixed for you by the dealer, be sure you include it.

Other high protein feeds are scarce and some are out of the market now but not so with Buffalo Corn Gluten Feed. You have always had it and you will always be able to get it. It is the mainstay of every good dairy ration.

Also manufacturers of

ALUMNI CONCERT

Alumni back for the Mid-Winter Alumni day were entertained Friday evening in Bowker Auditorium by the combined Glee Club and Orchestra in the best concert yet given by them this year. The concert opened after Mr. Philadelphie finished his reading of "The Great Adventure", a play by Arnold Bennett. "Rollin' Down to Rio" by the Glee Club was followed by "Yankee Doodle Comes to Town" by the Orchestra. The Quartette, composed of Cotton, Frost, Vinton and Williams, gave "A Little Close Harmony". The Banjo Quartette consisting of Waugh, Vinton, Towne and Woodworth, came across next with "Strimmlings", a clever little bunch of melodies. The Male Quartet and the whole Club gave the "Viking Song" by

Coleridge-Taylor, and as an encore, one of Aggie's most beautiful songs, "When Twilight Deepens".

Buddy Frost and Ducky Kennedy showed just how much we need to "Pity the Ivories", when they got going, variations, syncopations, and vibrations rolled out beneath their fingers as they played some of the new dance music.

"Originalities" by Vinton and Waugh were the hit of the evening, and the singers were forced to give three encores before they were allowed to stop. A novelty addition to an old favorite consisted of a verse on the Freshman-Sophomore Debate, as an encore to "Where Does the Wind Come From". Other songs were "O! O! Senora", "Educated Now, By Heck", and the "Agricultural Blues".

After the Glee Club sang "Little Tommy" by Macey, and "The Ford Song" by A. Flivver, the concert ended with the singing by the whole student body of "Sons of Old Massachusetts".

CAMPUS NOTES

The two large piles of clinders which have attracted so much attention near Clark Hall the last few weeks are to be used by the Grounds Department next spring in resurfacing Stockbridge Road. Large trucks have been destroying the former good surface and during the last season it became especially bad. Lawrence Dickinson '10, head of the grounds Dept., expects to have it in prime condition for travel next summer. All the clinders were drawn from the Power Plant and are but a part of the residue of the 20 tons of coal burned there a day.

The landscape seminar now numbers 10, the largest number of graduates students on the grounds. Indiana, Texas, Georgia, New Jersey, Mt. Holyoke and North Amherst are represented. Of these there are several teachers, four teaching at Aggie and two at Mt. Holyoke. They are at present working on a competition for the city of Chicago, college grounds in New Jersey, a private place in Indiana, an outdoor theater in Salem, and several other jobs. They meet Mondays at 11 A. M.

Rev. Newton M. Hall, of Springfield, prominent evangelist and civic leader throughout Western Massachusetts, was the weekly speaker at Sunday morning chapel, Feb. 4.

Squib vs. Collegian.

Bowling fans will be interested to hear that the COLLEGIAN Board is challenging the *Squib* to a bowling match on the Memorial Hall alleys, to take place when *Squib* gets up his courage.

STORM DAMAGED TREES

Professor Laurence R. Grose of the department of forestry has prepared an emergency leaflet to meet the demand for information on tree repair, occasioned by the unprecedented storm of November. "Repairing Storm-Damaged Trees" is the title of the publication, which is extension leaflet number 47. This leaflet contains fifteen illustrations for practical directions given to the salvage by careful treatment of those trees worth saving. The leaflet will soon be ready for circulation to Massachusetts citizens.

DO BIRDS COME FROM BIRD SEED?

We know they don't, but some still believe they do—and it follows that real suits don't come from poor woollens and slipshod tailoring. A new lot of patterns has just arrived for your Spring Suit—they're better than ever and you'll like them.

SOUTHWICK BROTHERS & GAULT

POULTRY DEPARTMENT.

The Poultry Department has recently received two new mammoth incubators, one a cabinet-style Buckeye, and the other a Newtown.

The Buckeye includes several new features, among which are centralized heat, both air and hot water heating, and a radical departure from established practice, a multiple tier arrangement for the eggs. These tiers are arranged on movable corner rods, so all that is necessary to turn the eggs is to shift the corner rods, thus tilting the shelves. Its capacity is about 2400 eggs. Brooding trays are provided.

The other machine is a more standard form. It is made up of multiple units which can be run all together or separately. The incubators have been installed in the mammoth incubator cellar, and may be inspected at any time.

The classes in Poultry Incubation are just at present "counting their chicks" but not before they are hatched! The chicks are just coming out, and of 3300 eggs set, it is estimated that about 1150 will be the total hatch. Many of these are pedigreed stock, and will replenish the breeding stock of the plant.

Mr. Curran, Agricultural Director of the United States Veterans' Bureau at Boston, spoke last week to the members of the Federal Board on matters relative to those taking poultry work. He said that the men should have a definite idea as to what they are going to do before they leave college, and should have a little farm of their own to start on, as the average wages paid to men who have completed a course in poultry such as the Federal Board men take is but forty dollars a month and room and board.

STATION PUBLICATIONS

The Experiment Station here on the campus has recently published two bulletins, numbers 15 and 16, which are now being mailed by the department. Bulletin 15, compiled by P. H. Smith and Miss E. M. Bradley is the result of the "Inspection of Commercial Feed-stuffs" as recently conducted by the station. It has been published, in conjunction with Bulletin 16 compiled by Messrs. H. D. Haskins, L. S. Walker and R. S. Smith, entitled "Inspection of Commercial Fertilizers." Both documents are the results of months of research and inspections, and have just been added to the list of Station publications.

Another publication which is on hand at the station is one entitled "Oat By-products for Farm Stock." It contains a discussion on the composition and digestibility of oat by-products. It is the result of experiment conducted by J. B. Lindsey and C. L. Beals.

A document not so recent but not quite as well known as some of the others is one dealing with "Rust of Antirrhinum," a deadly disease which attacks the snap-dragon plant both under glass and out-of-doors. The pamphlet treats of the disease and its cure and is a great aid to green-house men in the state. Its compiler is W. L. Doran, who has made a careful study of the disease.

BELGIAN SCHOOL SUGGESTS EXCHANGE OF STUDENTS

A rather unusual opportunity is presented through the Belgian Ambassador to the United States and the Belgian Director General of Agriculture and Horticulture. They suggest that it might be of mutual advantage to the United States and Belgium if a number of American young women might attend the Normal Institute of Agricultural Home Economics in Laeken. It is also suggested that American agricultural colleges might "exchange" students or teachers for a time with the Belgian

Institute on a "living expense" basis.

The purpose of the school is to prepare young women for all phases of rural life. About half of the students' time is devoted to formal instruction and half to practical work. If one wished to enter the institution, negotiations could be opened through the Belgian Embassy in Washington. Under the present exchange rate it would be relatively inexpensive for American girls to take advantage of this opportunity.

An experiment station is maintained in connection with the Institute where agricultural implements and products

may be tested.

The school is in one of the suburbs of Brussels, in grounds that until recently formed part of the royal domain of Belgium and have been donated for their present purpose by the royal family. The Queen of the Belgians has been personally interested in the development of the school. Its director, Dr. Jean Lindemans, spent some time in the Office of Home Economics, United States Department of Agriculture, and visited many agricultural colleges and home economics schools in the United States while the plans for the Laeken Institute were being developed.

It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camels for years before we put them on the market. Years of testing—blending—experimenting with the world's choicest tobaccos.

And now, EVERY DAY, all our skill, manufacturing experience and lifelong knowledge of fine tobaccos are concentrated on making Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY. And there's nothing else like Camels wonderful smoothness, fine tobacco flavor and FREEDOM FROM CIGARETTE AFTERTASTE.

That's why Camel popularity is growing faster than ever.

A better cigarette cannot be made.

We put the utmost quality into THIS ONE BRAND.

CHAMPION CONN. AGGIE FIVE DEFEATED 30-17

Captain Alexander and Mates Put Up Whirlwind Battle but are Outplayed.

The Massachusetts Aggie basketball team defeated the Natick team from Storrs 30 to 17 last Saturday afternoon on the home court in the fastest and hardest fought game of the season. Never was the Aggie quintet in danger during the entire game, but the Connecticut aggregation, unused to defeat after winning from some of the best teams in New England, put up a scrap which took the best that "Kid" Gore's men could give. The Mass. Aggie five kept control of the situation with the result that they outclassed the visitors in passing, defense and floor work. The whole team played splendid ball, while Captain Gowdy's guarding was exceptional, and Al Smith seemed almost unable to miss the basket. Tunney was at his best in caging free tries.

The game opened with a burst of speed that bid fair for a close contest. Gowdy dropped in the first tally within three minutes of play and Mike followed shortly afterward with a floor contribution. Tunney sank three fouls before the visitors could solve Aggie's passwork and slip through for an opening count. Connecticut rallied and tried many shots at the basket, but succeeded in scoring only one more, while Tunney came through with two baskets, ending the half 12-5.

Al Smith tossed in two, right at the start of the second period. Then the visiting captain, Alexander, tried desperately to rally his teammates, and

JOHN L. FINLEY OF EAST-HAMPTON IN ASSEMBLY

Gives a Vivid Word Picture of Russian Revolution, Speaking from Five Years' Experience.

One of the most enjoyed, if not the most interesting, Assembly of the year, thus far, was held last Wednesday afternoon with Mr. John L. Finley as the speaker. Mr. Finley took as his topic "Watching the Russian Revolution," and spoke from personal experiences of conditions in Russia today. Starting with the year 1917 he outlined briefly his trip and stay in Russia, which lasted nearly five years. Through his effective manner of speaking and his statement of clear, bold facts, he impressed his audience with the true dominating conditions in Russia and made them see very clearly the real plight of this great nation.

He recalled a few incidents relative to the great Revolution even now going on in this vast country; beginning with the overthrowing of the Czar in 1917. He described in brief the fate of the royal family, said to have been the richest in all the world. A fact that Mr. Finley stated, which brings the great revolution nearer home, was that most of the men who comprised that small body in Russia which was the cause of the nation's downfall, and which later became known as the Bolsheviks, were trained right in our

Continued on page 8

C. L. WIRTH OF MINNEAPOLIS ELECTED CHEER LEADER

Football Manager of 1923 Team to be Earle S. Carpenter.

After Assembly, Wednesday, the Sophomore, Junior and Senior classes elected Conrad L. Wirth '23, cheer leader to succeed Hooper '22, and Earle S. Carpenter '24, assistant football manager.

Wirth hails from Minneapolis, Minn. While attending St. John's Military Academy at Delafield, Wisc., he made an enviable record on the crew, football and baseball teams. "Connie" has led the cheering at many occasions this year, and from all appearances, he will be a worthy successor of "Hoop". He is a Kappa Sigma man.

Carpenter, a Sophomore, who was chosen assistant football manager, becomes automatically manager in his Senior year. Carpenter comes from Rehoboth, and is a graduate of both Taunton High School and Moses Brown at Providence. While at the latter he took a prominent part in dramatics. Last year, "Carp" managed the Freshman football team. He has proven himself to be an efficient manager, and his recent election is a deserved one. He belongs to the Alpha Sigma Phi Fraternity.

AGGIE'S FASTEST HOCKEY TEAM WINS 3-2 GAME FROM ST. NICHOLAS AT PHILADELPHIA

Fast Work of Maroon and White Sextet Completely Staggers Strong New York A. C. Team. Captain "Hubba" Collins Opens Eyes of Philadelphians. Quaker City Wins 5-1.

LYONS, HASKINS, AND KROECK PLAY BRILLIANT HOCKEY

PHILADELPHIA ALUMNI ON HAND FOR GAMES

Graduates Near Quaker City Responsible for Good Treatment of Varsity.

Few people realize the large part which the Philadelphia Alumni Association played in the trip which the hockey team made last week-end.

The members of the Philadelphia Club agreed to house the men and also to see to their entertainment. This was done in so thorough a manner that the men called the trip the best one of the many they have made this year.

Besides a good bed, the men were given their meals at the hotel and were entertained during the day by fraternity men at the U. of P.

"Skip" Smith and "Ed" Perry, the leaders of the Philadelphia Club were at the games. Among other Aggies present were: Mrs. Smith, Mr. and Mrs. H. L. Russell, Buckman, Boardman, Chandler, Donette, Slate, Henninger, Gasser, F. C. Peters, Lane, Needham.

JUNIOR ELECTION

The Junior Class held a smoker Thursday evening, Feb. 9. Dean Burns of the Home School was present and favored the class with a few remarks. Fred Hollis also gave a short talk. The principal purpose of the meeting was to elect officers. Those chosen were: Owen E. Folsom of Roslindale, president; Treseott T. Abele of Quincy, vice-president; Francis E. Buckley of Natick, treasurer; Luther B. Arrington of Florence, secretary; Mason W. Alger of West Bridgewater, captain; Miss Dorothy Turner of Washington, D. C., historian; Robert Mohor of Newton Center, sergeant-at-arms. Renel W. Eldridge of Winchester was elected chairman of the Smoker committee, and his other colleagues also elected were: Raymond H. Grayson of Milford, and Marshall S. Hudson of Melrose Highlands.

THREE ADDITIONS TO VARSITY BASKETBALL SCHEDULE

There should be three games added to the basketball schedule as given on the campus calendar. They are: North-eastern at M. A. C., Feb. 18; Williams at Williams Feb. 22; and Clark at M. A. C. Mar. 1.

CAPTAIN COLLINS

fast," or "Those men are playing real hockey," and "The fastest College team we have seen!"

The play by periods was as follows: First Period—Collins tried a long shot from center rink. Lyons shot behind the home team's goal and brought the puck out passing to "Hubba", who again shot true to Coles'

stick. Lyons again retrieved the puck and tried a shot. "Eddie" Hill, the New Yorker's star, broke loose from the crowd, but a fine stop by Kroeck saved a score. Lyons and Collins went down the ice in turn and Hodsdon broke away up the sideboards. After seven and a half minutes of play "Eddie" Hill scored for St. Nicholas. Shortly after, Henriques scored and St. Nicholas was through for the evening. From then on, the Aggie team constantly peppered their opponents' goal tend. The M. A. C. Joy was supreme when "Hubba" scored the first goal for Aggie with five minutes left to play. Three long shots by Collins and a try by Lyons and Haskins ended the period with the score 1-2.

Second Period—Led by "Ed" Perry, the small band of rooters gave the varsity a long yell when they appeared for a second period. St. Nicholas started with a rush that soon relaxed. Collins broke away four times in the next few minutes, while Kroeck stopped one new attempt. Haskins and Lyons each tried a shot, and soon Kroeck was called on to make another one of his fine stops. Whitaker and Goldsmith went in for Gordon and Hodsdon. Collins soon made another pretty try for a score, and Whitaker followed with a long shot from the side that nearly upset Coles at goal. Another long shot and follow-in by "Hubba" nearly resulted in an Aggie score. "Sharkey" Lyons next tried his hand at shooting the puck, and toward the end of the period Kroeck stopped several St. Nicholas shots; and then Whitaker tried to once more even the count. The period ended with the score still 1-2.

Third Period—The varsity went on the ice in this period with six men, who for 15 minutes gave the best exhibition of team work that they have shown all year. Their passing, checking-back, following-in, and shooting were beautiful to watch. After Haskins tried a shot from the sideboards "Doc" Gordon skated across the front of the St. Nicholas goal, and scored on a fine shot from a difficult angle. This made the score 2-2, and the small band of Aggie rooters yelled for victory. For four minutes Lyons, Collins, and Gordon went down the ice for repeated tries at their opponents' goal, while Haskins broke up any St. Nicholas attempts to rally. With two minutes to play, Marshall Hodsdon, Aggie's most diminutive player, broke through the St. Nicholas defense and pushed the puck by Coles, thereby winning the game for Aggie by the score 3-2.

The lineup:

M. A. C.	ST. NICHOLAS.
Lyons, rw	rw, Bunting
Haskins, c	c, Henriques
Gordon, lw	lw, Cushman
Whitaker, fw	fw, Townsend
Hodsdon, rd	rd, Hill
Goldsmith, rd	rd, Hill
Collins, ld	ld, VonBernuth
Kroeck, g	g, Coles

Score—M. A. C. 3, St. Nicholas 2. Goals by—Collins, Gordon, Hodsdon, Hill, and Henriques. Referee—Divine. Time—15 min. periods.

Saturday night found the varsity back at 45th and Market streets, on hand for their second game with professionals in 24 hours. For nearly two whole periods the Aggies showed their heels to their opponents. This time the opposing team was the fast Quaker City sextet who presented a strong team play that finally broke through

the M. A. C. defence, and scored four times in the last six minutes of the final period.

For a whole period the skating was superb and the defense of either team nearly faultless. Collins and Lyons tried hard to score, but were stopped only at goal by Lewis' stick. The score at the beginning of the second period was 0-0. At its start, Kroeck made several good stops, but soon the M. A. C. offensive was directed at the Quaker City goal. Collins and Hodsdon got two good shots, and soon "Hubba" skated down the left side and by clever stick-work eluded the opponents' defense. In less than no time, the puck streaked through a 5 inch hole between the iron post of the goal at Lewis' thigh pads. Aggie had drawn first blood. Her rooters were jubilant, and the spectators gave Collins a great hand as he skated back up the ice. Whitaker next made a try for a goal, and the Quaker City managed to score a goal just before the whistle blew. When it did, the score was 1-1.

For a few minutes, each team played fast hockey, but the strain soon told on the Maroon and White. A clever three man defence swept down the ice and in six minutes Quaker City came out victors to the tune of 5-1.

Both games were hard, and fast, and Massachusetts Aggie has now a reputation to uphold in the Quaker City, and Capt. Herbert L. Collins of Arlington, is "Worthy Chief Rep."

The lineup:
M. A. C. QUAKER CITY.
Lyons, rw rw, W. Schnarr
Haskins, c c, Silson
Gordon, Whitaker, lw fw, G. Schnarr
Hodsdon, rd rd, MacPherson
Collins, ld ld, Dexter
Kroeck, g g, Lewis

Score—Quaker City 5, M. A. C. 1. Goals—Collins, G. Schnarr 2, W. Schnarr 2, Silson. Referee—Needham of M. A. C. Time—15 min. periods.

TWO-YEAR BASKETBALL VICTORY IN DRILL HALL

Quintet Defeats Worcester North High School 15-9.

The M. A. C. Two-Year basketball team defeated Worcester North High School 15-9 on the Drill Hall floor last Saturday immediately after the varsity game with Connecticut Aggie.

The game was hard fought, although not especially brilliant. The teams were fairly evenly matched, but the 2-year men showed more speed and better team work than their opponents.

The lineup:

M. A. C. Two-Year—15.	B.	F.	P.
Ross, rf	1	5	7
Grieve, lf	0	0	0
Cutler, lf	0	0	0
Wilson, lf	0	0	0
Parsons, c	3	0	6
Adair, rg	1	0	2
Donnelan, lg	—	—	—

MIDDLEBURY BOWS TO M. A. C. IN DRILL HALL

Leonard is Whole Vermont Team
While Tumey, Smith and Marsh-
man Play Well for Aggie.

In an aggressive and exciting game which was decided only in the late part of play the Mass. Aggies defeated Middlebury 27-16 on the gym floor last Tuesday evening. At the end of the first half the Varsity quintet was in the lead by a bare margin of two points, gained by Eddie Bike just before the whistle, but the Middlebury team could not stand the speedy onslaught of the home team in the last half and were able to penetrate the Aggie defense for only one tally.

In the opening period the two teams appeared to be evenly matched, Marshman netting a pair of points in the first minute of play. The visitors showed themselves deft at going through the Aggie defense but failed to secure more than two floor goals in the whole period. The Maroon and White team was playing on the defensive, living things up by fast dashes up the floor. Leonard kept the Vermonters in the running by making every foul try.

But the second half was a different story, the Aggie defense tightening up and the whole team passing with great precision and exactness. With Marshman and Smith leading the offense the home team forged ahead and easily emerged victorious.

Marshman was the individual star of the contest, playing his best game of the season, and Tumey worked well on the foul line. Captain Leonard did most of the scoring for the Vermont team, ralling as one of the niftiest foul-shooters seen on the Aggie floor, this year, missing but two free throws out of twelve.

The summary:

M. A. C. MIDDLEBURY.
Smith, Kane, Thompson, lf
rb, Leonard, Ryan

Tumey, Rorer, rf
lb, Edwards
Marshman, c c, Reinbrecht, Timberman
Gowdy, lb rf, Rich
Bike, rb lf, Hardy

Goals from floor—Smith 2, Tumey 2, Rorer, Marshman 3, Bike 2, Leonard, Reinbrecht, Hardy.

Fouls shot—Tumey 5, Rorer 2, Leonard 10.
Referee—Finn. Time—two 20 min. periods.

WESLEYAN TO MEET M. A. C. THIS EVENING

Red and Black Team has Won from
Such Teams as Connecticut and
Stevens. Aggie Out for
Straight Wins.

With four straight wins now to their credit, Aggie tackles the Wesleyan basketball team tonight at 7:30 in the Drill Hall. Fresh from their win over Connecticut, last Saturday, the team is out to keep up the record so far established this year of no defeats on the home floor. Wesleyan has one of the

best college teams developed anywhere this season, and has suffered only two defeats, one from Springfield and the other from Knox College. Among teams they have defeated are Clark, Stevens, Conn., Brown, Williams and Union. The Middletown team has a quintet of players who are fast, pass hard, and are very good on long shots. The Wesleyan lineup will probably be: Capt. Robertson rf, Robinson lf, Moore c, Conway lg, and Parsons rg.

Next Saturday evening at 8:00 the basketball team will play Northeastern in the Drill Hall. Northeastern has a good team but has been beaten a number of times by close scores. They were beaten by Tufts in a tight game Tufts emerging the victor in the last few minutes. Both the games will be close and fast, judging from previous scores, but Capt. Gowdy's team is out to keep the pace and stay in the winning column.

DEBATERS CHOSEN Continued from page 1

Abraham Krasker, manager of the 1922 debating team, has had considerable experience in both debating and public speaking. While a sophomore he was captain of the class debating team which represented '22 in the annual Freshman-Sophomore debate. He was also chosen one of the three speakers to represent M. A. C. at the Union Agricultural Banquet held in Ford Hall, Boston, last January. He is a member of the Delta Phi Alpha Fraternity.

Alexander Sandow was captain of the 1922 debating team which defeated the 1922 class in the annual interclass debate. He was also chosen to speak in the contest held in Boston at the Union Agricultural Banquet where he won first prize. He is a member of the Delta Phi Alpha Fraternity.

Benjamin Gamzue was graduated from Holyoke High School where he took a prominent part in public speaking. At M. A. C. he spoke in the Burnham Declamation Contest in both his Freshman and Sophomore years. He is a member of the Delta Phi Alpha Fraternity.

Walter Dimock, of Oxford High was president of the Oxford High School Literary Society. Recently he was one of the participants in the annual Freshman-Sophomore debate, and helped to defeat the Freshman class. He is a member of the Theta Chi Fraternity.

Gordon Ward was captain of the Englewood High School debating team during his high school days. At M. A. C. he showed his ability as a speaker when he was chosen to represent Aggie in the speaking contest held at the banquet given by the Union Agriculturists in Boston on Jan. 18. There he won second prize. Ward was also a member of the Freshman debating team.

James Batal is a graduate of Lawrence High School where he was captain of the debating society. There he took an active part in debating. At M. A. C. he was captain of the Freshman debating team.

Carl E. F. Guterma comes from Cen-

tral High School, Springfield, where he was a member of the Senior debating club. He was one of the members of the Freshman debating team. Guterma is a member of the Kappa Sigma Fraternity.

Samuel Goldstein was captain of the Boys Congress, a debating organization in the Brockton High School, where he received most of his experience. He is a member of the Delta Phi Alpha Fraternity.

A trial debate will be held this Wednesday afternoon immediately after assembly between the varsity debaters. The affirmative side will be defended by Krasker leader, Ginterman, Dimock and Ward, while the negative will be represented by Sandow leader, Batal, Goldstein and Gamzue. These sides are not permanent. The negative side will be debated with Rhode Island State College at M. A. C., and the affirmative will make the trip to Storrs, Conn., to debate with C. A. C.

At present there is an opening for an assistant manager. All Juniors interested see A. Krasker in room 14 South College as early as possible.

FRESHMAN CLASS ELECTIONS

As a result of the Freshman class elections, held after Assembly Wednesday, Gilbert E. Case of Greenwich, was elected president; John S. Crosby of Arlington, vice-president; Carl E. F. Guterma of Springfield, treasurer; Miss A. Rita Casey of Fall River, secretary; Donald Sullivan of Amherst, class captain; and Ronald A. Jack of Amherst, sergeant-at-arms.

RESULTS DETERMINE COSTS

It isn't the initial cost of a dairy supply that determines its economy, but rather the results produced by its continued use. Many dairymen have made what they thought was a saving by lower first cost only to later find that they have sacrificed all and more to loss in quality and service.

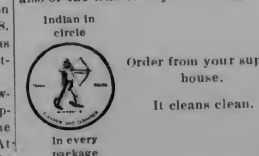

The dependable high quality and value of the service which always follows the use of

never fails to return profits to the Dairyman many times in excess of its cost.

This quality service has gained for Wyandotte Dairyman's Cleaner and Dyers an established place in the Dairy industry because it is a guarantee of that sanitary protection which insures high quality products that build permanent and increasing business.

These results are guaranteed to you also or the trial costs you nothing.

English at Mass. Aggie.

It has been indirectly brought to our attention that our editorial comment on future curriculum tendencies at M. A. C. may have at one point reflected unfavorably on the English Department here, through the mention of "inefficient teaching."

Such was not in the least our intention. We merely quoted the report of the Course of Study Committee that it was perhaps due partly to inefficient teaching, but more likely to other causes that our graduates are inefficient users of English.

Our honest opinion is that we have here an unusually efficient English Department, one better than a vast majority of the "technical" institutions can boast. For the two years that this Department has students under it in required courses, a wide field of composition, grammar, and literature is thoroughly covered. The student is forced to put real effort into the work if he hopes to pass it, for the 60% grade is not easy to attain and the Department is not at all backward in saying, "Try again!"

Moreover, when the two years have been successfully completed, the student has had a good foundation built for him to stand on, and has a workable conception of the English language in its various aspects.

But it is also our opinion that two years of required English are not enough. They might be if the other departments on the campus co-operated with the English Department, but such is not the case. Very little attention is paid to anything but technical material contained in written reports, theses, and like material. Correct English counts for nothing one way or another. Under these conditions the student soon forgets much that he has learned in his first two years, the tool becomes rusty through disuse, and in his senior year the student is graduated an "inefficient user of English."

We have now on the curriculum elective courses that might very well be made required. The three Junior Jour-

nalism courses continue composition, as well as appreciation, for good English, and are very interesting and worth while. The English Department has men thoroughly competent to give a four-year course as well as they now do the two-year one.

If our graduates are truly "inefficient users of English," our students must certainly need more good English training while they are here.

They're Priming Their Guns

From the appearance of last Saturday's Dean's Board, we may judge that somebody has started to "prime the guns," and that several Seniors of this year will not be so free about calling Ag. Ec., a "gut course" as were the 1921 men.

Winter Sports on the Boom

A word of congratulation should be given to those athletes who are so well upholding the name of Mass. Aggie on the ice and basketball court this winter. The defeat of Connecticut Aggies in basketball was the most signal triumph that the Gorites have enjoyed in that field this winter. Four victories in a row after a like number of defeats show that the team has the real comeback spirit admired by lovers of sport. And, in spite of some unjust foreign criticism, we are glad to see the Aggie men always playing the same hard, CLEAN game they are known for.

Hockey has furnished a pleasant surprise this winter. Out of very little veteran material for a nucleus, a sextet has been developed that ranks well up with the best ever produced here. The fact that Yale, the Army and the expert St. Nicholas Club have fallen before the Maroon and White shows that "Hub" Collins and his mates are carrying our colors victoriously far into other districts. And it is interesting that three of the defeats were due to overwhelming third-period drives against a team tired out by traveling and previous hard games.

Nothing succeeds like success, and our winter varsities are surely succeeding.

With the recent edition of the 1921-1922 catalog, comes once again the announcement of the college calendar for the next year and a half.

Much to the disappointment of the undergraduates whose graduation is to come within the next year or two is the fact that commencement is to come in the final days of June in both 1922 and 1923. It is too late now to make any change in the commencement program for this coming June, but there is good reason for a change being made in future cases, commencing with the class of 1923.

It is a very evident fact that having graduation exercises at such a late date seriously interferes with the summer vacations of all the Aggie undergraduates.

Practically every other college in the East closes previous to Aggie, and as a result we find the baseball team without a commencement game. It must be remembered that a college graduation comes to most men but once, and it should be made as pleasant a time for them as possible.

The late commencement also affects the undergraduates of the college. Almost without exception they work throughout the summer to earn their way through college and a late commencement seriously hinders them in

procuring work. It forces them to take whatever jobs are left by men from other institutions.

Thus we see that a late commencement would benefit seniors and undergraduates alike.

AGRICULTURAL TEACHER'S IMPROVEMENT ENDEAVORS.

Two former students of M. A. C. who are now teaching agriculture in this state have recently spent a brief period at the college obtaining intensive training along lines to supplement original qualifications. R. C. Peck, 1921, who teaches agriculture at New Salem Academy, and H. B. Millard, ex-'1919, who teaches animal husbandry at Essex County School have returned to their respective positions.

The vocational division of the State Department of Education requires every teacher in vocational schools of the state to carry out a professional improvement project every year for the purpose of keeping abreast of the times and usually about one month is used for this purpose by the agricultural men. Sometimes a man needs to obtain skill in some process and often he needs technical or scientific information along new lines or certain phases of teaching methods. At the summer school at M. A. C. several men are usually enrolled for this purpose, some attend the winter school and others are enrolled for graduate study covering several years. The State Office guarantees the instructor the opportunity to carry out the improvement program which it approves and this opportunity naturally leads to advancement for capable men.

Unfortunately, it appears likely that the Summer School will be omitted this year and these men will be obliged to go elsewhere. Harvard is adding new courses in this field with regular credits for summer work which will serve some of the men, but it is hoped that some way may be found at M. A. C. to at least continue the graduate study of men in this part of the state.

Most of the teachers of agriculture in the state who are not graduates of M. A. C. come into contact with the college in this professional improvement work and opportunity is here presented to increase the list of loyal supporters or foster sons, while the service rendered reaches a wide area.

Probably thirty or more employed teachers of agriculture obtain definite personal assistance of this sort from the college each year, in addition to the more general assistance extended to all instructors through timely suggestions. As each instructor has a large clientele in his own community this extends the influence of the college considerably.

DEERFIELD CONCERT

Last Friday night the Musical Clubs gave one of their best concerts thus far. In the Town Hall at Deerfield. The usual programme was rendered, but owing to the absence of three members, two special acts were omitted. To fill their place, two numbers were given by "Freddie" and "Ray" and "Buddy" Frost and "Ducky" Kennedy. The former's first act made such a hit, that when they appeared the second time, it seemed that the audience would never stop cheering. When it was over, they had given all their original songs of this year, as well as those of last year.

The main reason for the great success of the concert was the audience. It was the most appreciative one to which the clubs have given a concert this year. Every number made a hit, and in no doing was rendered "par excellence."

When the concert was over, the Clubs were invited to the Academy, where refreshments were served, and the men shown about the school. Before coming home, the Clubs gave another short special concert to the school and sang, "There is a Certain Valley," "Aggie my Aggie," and "When Twilight Shadows Deepen." They then were given a rousing send off home by the whole school.

REV. NEIL McPHERSON SPEAKS AT SUNDAY CHAPEL

A forceful and eloquent address was delivered to the students at Sunday Chapel, on Feb. 12, by the Rev. Neil McPherson of the First Congregational Church of Springfield. He began his address by referring to Samuel as the sublime child of the old testament, in that Samuel was a child of prayer, of prophet and of devotion to God.

His talk had to do especially with child life. "Child life," he said, "is one of the simplest. It lacks the imperial and the non-essential. Child life has nothing of oceanic grandeur. It is noted for its simplicity; for what is more simple than the north wind, the sunbeams, the raindrops, and the waves. God revels in the simplicity of life. The simplicity of truth has the clarity of sunlight about it. No lawyer is big enough to trip an honest and truthful man."

Continuing, the speaker referred to the great master minds of literature and related an interesting resume of one of the chief characters in Walter Scott's "Heart of Midlothian." He admonished students to do their duty in the face of dire obstacles, for it is by so doing that a man really fits himself for life's great work.

"The soul power of generosity," continued the speaker, "that's the big thing in life! Not the accumulation of wealth but of personality. You men are going out into this world to stimulate personalities. There's a power in this world that is making for beauty, for strength, and for righteousness. It is a wonderful thing if you can accept and accomplish a difficult task. It is the difficult tasks which make the man. The hard situations in life challenge you to show your worth. Students, let the burning candle be a symbol of your life. May you have a passion to give light, that mankind may be bettered and glorified."

CAMPUS CALENDAR

WEDNESDAY, FEB. 15.

3:45 P. M.—Assembly. Speaker, Prof. Raymond G. Gettell of Amherst College.

4:30 P. M.—Basketball. Deerfield Academy vs. Freshman at M. A. C.

7:30 P. M.—Basketball. Wesleyan at M. A. C.

THURSDAY, FEB. 16.

4:00 P. M.—Hockey. Amherst at Pratt Rink.

SATURDAY, FEB. 18.

6:30 P. M.—Social Union entertainment. Orpheus Mail Quartet. Bowker Auditorium.

8:00 P. M.—Basketball. Northeastern College at M. A. C.

SUNDAY, FEB. 19.

9:10 A. M.—Sunday Chapel. Speaker, Dr. Alfred E. Stearns, Phillips Academy, Andover.

WEDNESDAY, FEB. 22.

Washington's birthday. No classes.

NOTE:—The regular issue of the COLLEGIAN will be printed on Feb. 22, despite the holiday.

PROF. NOVITSKI ACTS QUICKLY AND PERFORMS THE HERO ACT

An overheated and unprotected steam pipe was the cause of a fire which might have produced dire results in North College had it not been for the alertness and quick action of a few Short Course men and Vocational Director Novitski.

At ten o'clock Wednesday morning, February 8, Mr. Novitski, while busy at the desk in his office, detected the odor of burning wood. Thinking that possibly some newspaper had caught fire from the fireplace in the Social Union Rooms, he rushed in to find the waicocoting behind the radiator was smoking. With the aid of two men who happened to come in at that moment, he broke the ceiling plaster of the shower directly underneath and discovered that the bath between the floors was ablaze. The three went up to the Social Union Room again, and having been unable to find axe in the entire building, they used two chairs as a means with which to break down the wall plaster in the vicinity of the fire. Then with the help of a few fire extinguishers, the flames were attacked from above and below and the fire was speedily overcome. Much credit is due Mr. Novitski for discovering the blaze and also for the way in which he helped extinguish it.

R. O. T. C. ANNOUNCEMENT

Summer Camp to be Located at Camp Devens.

The R. O. T. C. annual Summer Camp will probably, so far as can now be foreseen, be held at Camp Devens, Ayer, during the early part of the summer, and all those men who attend the Camp from M. A. C. will probably be sent there.

The following extract from a War Department publication specifies those who may go:

"Two summer camps will normally be held a basic camp and an advance camp. The basic may be attended or not, as the student may elect, and if elected may be attended at the end of the first or second year of the basic course. (i. e. Freshman or Sophomore year at M. A. C.) One advance camp is compulsory for students who enter the advance courses and it will be attended after completion of the basic course and enrollment in the advanced course. The period of instruction at camp will be divided between the fundamental military subjects and training in the special technical subjects in the branch concerned."

The subjects which the camps, both basic and advanced, plan to cover, include rifle and pistol marksmanship, cavalry drill, equitation, musketry, tactics, care of animals and equipment inspection, ceremonies, physical training and guard duty.

It is expected to give all the instruction during the forenoon of week days, with the exception of rifle and pistol practice and camp sanitation, thus leaving the afternoons free for organized athletics, mounted games which include polo, and cross-country rides. Polo will probably be emphasized to a great extent, with careful supervision and instruction in polo riding and the proper playing of the game.

COMMUNICATION

EDITOR OF M. A. C. COLLEGIAN, Amherst.

Dear Sir:

I have been able through your insertion of note in college paper to get in touch with several students seeking some place of service in South America. Louis E. Richardson, class of 1917 M. A. C. seems to possess excellent qualifications for Director of Agriculture on the Banster Farm. He has been in Cuba and speaks Spanish and has had a practical farm experience.

We have the following vacancies open. It might be of interest to your student body and other graduates to learn of these important positions and communicate with me.

Yours sincerely,

F. A. LEITCH.

POSITIONS IN COLLEGE.

Professor in English, M. A. required. Assistant Professor in English, \$1800-2000.

Professor of Education, Ph. D. required. French and Spanish, M. A. \$2000.

Physical Education, College graduate, \$2500.

Physical Education, Woman. Must be able to teach swimming.

Athletic Coach. Single man. Will be required to teach one subject.

POSITIONS IN SECONDARY SCHOOLS.

Home Economics, French, Commercial Work. Must be able to do administrative work during president's absence. Preceptress, must be able to teach English. \$1800 salary.

DANCES

There will be a dance at the Memorial Building next Friday evening, February 17th, from 7:30 to 11. The tickets will be 50c apiece or 75c a couple. Woodworth's four piece orchestra will probably play.

On Saturday, February 25, there will be an informal at the same place, which in all likelihood, will be in cabaret style. Tickets will be \$3.75. Woodworth's orchestra will furnish the music and dancing will be on one floor. Girls from Smith should see their house matrons to get permission to stay until the 9:30 car. Patronesses have not been secured as yet but will be announced in the near future.

TOWN HALL

THURSDAY

Here he is, famous partner of Chaplin's "The Kid," Jackie Coogan, the kid himself, in "The Kid's Mad Day." Tickets will be 50c apiece or 75c a couple. Woodworth's four piece orchestra will probably play.

FRIDAY

Mac Marsh in "Nobody's Kid," from the novel, Mary Cary, by Kate Langley Bhasker. AND Charlie Chaplin in "The Idle Class." A scream.

SATURDAY

Ethel Clayton in "Beyond," a drama of the deepest problems of human life, intense and exciting from start to finish. Story by Henry Arthur Jones.

MONDAY

John Sowers and Colleen Moore in "The Sky Pilot," from Ralph Connor's great novel. A cattle stampede, and thrill upon thrill make this one of the year's unforgettable features.

Pathe Review.

Bobby Vernon in "Fresh from the Farm."

HOCKEY SEASON WILL CLOSE WITH SABRINA CONTEST

Fast Game Expected With Teams Evenly Matched.

Tomorrow afternoon the Aggie hockey team will play their last game of the season when they appear against Amherst on Platt rink. Capt. Collins and his team plan to make it a clean sweep against Sabrina this season, and so make the season one of the best they have had.

Both teams fared about equally well with Hamilton and Cornell, and also Bates. M. A. C. won from the latter 2-0 and Amherst won 3-1. Since the last Amherst-Aggie game, M. A. C. has cracked some tough nuts, and victories over Yale, the Army, and St. Nicholas, have put the team in good standing. Kroeck and Plimpton will be called upon to do a good share of the work, and as for the last game, Davidson and Worcester will form the basis of the Amherst offense.

The M. A. C. lineup will be Collins

(capt.) Id, Holsdon rd, Gordon lw, Haskins c, Lyons rw, Kroeck g.

The Amherst lineup—Davidson rw, Hunter lw, Worcester c, Allison rd, Lawson ld, Plimpton g.

Admission to the game can be secured by student activity ticket or 50 cents.

Continued from page 1

ture around the floor with great speed, stopping now and then to cage a free throw. Aggie continued to pile up a hopeless lead and left the frantic visitors far in the rear. The passing of Marshman, Tunney, and Smith was irrefragable, while Bike and Gowdy blocked many a Connecticut rush toward the basket. Bike and Marshman went out on fouls just before the close of the period, and just before the final whistle Smith raised his team score by two points with a perfect long shot.

1922 INDEX NOTICE

At a recent meeting of the 1922 Index Board and the non athletic board, the matter of defraying the deficit was discussed. There are still 70 books which have not been sold. A committee of three, Law, Spring, and Randall was appointed to list the men from each High School represented at M. A. C. These men will be asked to contribute a proportional part of \$3.00 so that the 70 books can be sent to 70 different High Schools, to new men, Freshmen, and any others. Also, the manager still has copies of the Index for sale at \$3.00. Apply to H. W. Spring, Q. T. V. House.

The Feed that is in every dealer's stock and is contained in every high producing dairy ration

BUFFALO CORN GLUTEN FEED is a standard product that can be obtained at almost any feed store. Dealers always carry a regular stock of it to fill the great demand of dairy farmers who wish to produce a large flow of milk from their cows.

There is no other feed that is as available as Buffalo Corn Gluten Feed, and whether you are mixing your own ration or having it mixed for you by the dealer, be sure you include it.

Other high protein feeds are scarce and some are out of the market now but not so with Buffalo Corn Gluten Feed. You have always had it and you will always be able to get it. It is the mainstay of every good dairy ration.

FRESHMEN FINAL WINNERS OF INTERCLASS BASKETBALL.

The Freshmen won the championship of the class series last week by triumphing the Seniors 27-4. The Sophomores also defeated the Two-Year team by a 14-12 score. This left the final standing of the teams with the Freshmen ahead, Seniors and Juniors tied for second place, Two-Year third, and Sophomores last. The personnel of the winning team is: Ferranti, lf; Cahill, rf; Baker, c; Mouradian, lg; and Fish, rg. They have been coached by "Red" Ball '21.

Some of the recent pamphlets and publications put out by the Experiment Station are "Tobacco Wild-fire"; "Thirty years Experience with Sulfate of Ammonia," one of the most noted sources of fertilizer nitrogen; and "Insecticides and Fungicides for Farm and Orchard Crops in Massachusetts."

CARNATION NIGHT BRINGS CROWD TO CLUB MEETING

Members and Guests Addressed by S. J. Goddard of Framingham.

Carnation night was the occasion at French Hall, on last Tuesday evening, Feb. 7, of one of the most successful and best attended meetings of the Floriculture and Market Gardening Club ever held at M. A. C. It was a joint meeting of the Club with the Holyoke and Northampton Florists' and Gardeners' Club; about 25 guests were present from these cities, and helped with the good spirit which prevailed during the evening.

Mr. S. J. Goddard, of Framingham, spoke to the guests and students on the subject of carnation culture. Mr. Goddard is one of the leading carnation growers of the country, and his talk was felt to be well worth while by all who heard it. He is an ex-president of the American Carnation Society. Mr. Goddard also gave a talk of an instructive nature to a group of students on Tuesday afternoon, explaining many of the new varieties of carnations which he brought with him.

Exhibits of carnations were brought over and staged by Butler & Ullman, of Northampton, G. H. Sinclair & Son and Gullivan Bros., of Holyoke, and F. D. Keyes & Son, of Florence. There were also exhibitions by the other members of the club. Members of the Two year class in Commercial Floriculture served as judges for the occasion. Refreshments were served and the evening was declared a success by all who attended.

The next meeting of the club will be held on March 21, under the auspices of the Market Gardening Department. The speaker for this occasion will be Mr. John W. Shirley of Methuen, and his subject: "Developing a vegetable gardening business to take care of a local market". However, on March 7, all members of the club are cordially invited to be present at Mr. Sinclair's range at Smith's Ferry, in conjunction with the Northampton and Holyoke Club, which will hold its regular meeting there.

Miss Margurite Davis, R. N., head nurse at the infirmary, has been confined to her bed with heart trouble for the last week. Dr. Rockwell who has been attending her has ordered her to take a three weeks rest. She left yesterday for Suncook, N. H. where she will remain for the greater part of her convalescing period. While Miss Davis is away the affairs at the infirmary will be ably looked after by Miss Grace Charman assisted by Miss Logan of Northampton.

Delta Phi Gamma gave its Annual Valentine dance in the Memorial Building Saturday evening between 8-00 and 11-00. About thirty couples attended. Misses Goessman, Stratton and Skinner were chaperones, and Woodworth's orchestra played. A grand march led by Miss Bateman and Mr. Johnson was a novel and very attractive feature.

SOUTHWICK BROTHERS & GAULT

FRESHMEN SUFFER FIRST DEFEAT TO ARMS ACADEMY

Four More Contests Scheduled for Freshmen This Season

The Freshman quintet tasted defeat last Saturday for the first time this season when Arms Academy triumphed with a score of 12-4. Previous to this the Freshmen had won six games in as many starts. The game was rough and hard played throughout, with Caldwell and Temple starting. Arms solved the yearlings' defense near the first of the game. Time and again the Frosh carried the ball down the floor only to miss the basket by inches. Samuels scored all four points for the Freshmen. Simmons showed a great deal of improvement and Sullivan, although held scoreless by Thompson, was all over the floor and his passing was up to standard.

The visitors showed the results of their coaching by "Art" McCarthy '19 and exhibited considerable skill in the fundamentals of the game.

Several new games have been added to the Freshman schedule, leaving four more to be played. They are: Feb. 15, Deerfield; Feb. 24, Bridgewater; Feb. 25, Smith Academy; Mar. 1, Williston Academy.

The lineup:

ARMS ACADEMY—12			
B.	F.	P.	
Temple, lf	0	0	2

	1	2	4

Referee, Davidson of M. A. C. Time, 20-minute halves.

COLLEGIAN COMPETITION

With only a few more weeks to run, eight competitors are battling for positions on the editorial board of the COLLEGIAN. Kennedy still leads in the number of credits with 47.0, but Read, Waugh, Batal, Corwin, and Taube are also well above the required minimum. Oliver and Keith entered the competition this term but at the present rate will have no trouble in securing the necessary credits.

The standing of the competitors of THE MASSACHUSETTS COLLEGIAN up to date is as follows:

EDITORIAL DEPARTMENT.	
1924.	
Kennedy	47.0
Read	39.7
Waugh	33.5
1925.	
Batal	30.8
Taube	24.9
Corwin	18.0
Keith	8.0
Oliver	5.2

FRESHMAN HOCKEY SEXTET DEFEATED BY SOPHOMORES

Annual Numeral Contest Results in 4-1 Win for '24

In a game which was crowded with excitement, the Sophomore Hockey team upheld the reputation already made by the Sophomore Debating, Football and Six-Man Rope-Pull teams, by decisively triumphing the Freshman Hockey team at the rink last Wednesday afternoon by a score of 4 to 1. The game was hotly contested during every minute of play. The Freshmen fought valiantly to avenge the defeats administered to their various class teams but to no avail; they were unable to keep up with the speed and dash maintained by the Sophomores throughout the game.

The yearlings were the first to score, Ward turning the trick soon after the game had commenced. The Sophomores came back strong in the second period, however, and "Chick" Tewhill scored twice. As a safety precaution, Lamb, added two more points to the final score by his clever work. Tewhill, Lamb and Goldsmith played well for 1924, while Hutchins and Taylor starred for the Freshman team.

The score:

SOPHOMORES		FRESHMEN	
Chase, lw	rw, Taylor		
Loring, lw	lw, Guild		
Lamb, c	c, Ward		
Nicoll, rw	rd, Hutchins		
Goldsmith, rd	ld, McGeech		
Tewhill, ld	g, White		
Kilbourne, g			

Score, Sophomores 4, Freshmen 1; goals, first period, Ward, second period, Tewhill 2, third period, Lamb 2; referee, Collins '22; time, 3-15 minute periods.

FRESHMAN HOCKEY CAPTAIN

Maurice Hutchins, of Newton High School was elected Captain of the Freshman hockey team last week. Hutchins plays right defense and has made himself noticeable in every game by his fine defensive work.

WEDNESDAY ASSEMBLY

Continued from page 1

own cities, in Boston, New York, and Philadelphia.

An interesting incident touched upon by Mr. Finley was his Sunday evening visits with Madame Tolstol, wife of the eminent former Russian leader. He told of even this proud woman's pitiful plea for some of the things which we give no special thought to in our daily life here in America. He laid stress on the fact that only five per cent of the population of Russia has ever received an education.

Upon concluding his talk, the speaker left the platform amid a volley of hand clapping which lasted until he was well out of the auditorium. It is seldom that we have the pleasure and the honor of hearing such a man who has the ability and the experience to relate so vividly the ghastly conditions which exist today in starving Russia.

CO-EDUCATIONAL NEWS

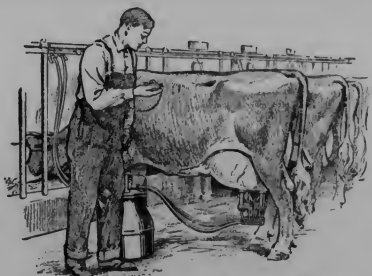

Professor MacKinnon spoke Sunday evening in the Adams dormitory to the members of the Y. W. C. A. He talked of the election of the pope and gave interesting personal reminiscences of Italy and Rome.

Some of the Abbey girls are undertaking a genuine piece of social service work this winter, in the form of leading a sewing club for Amherst

grammar school girls. There are from four to eight members in each group, and they come once a week for a sewing lesson and social hour with the leaders. The clubs continue until the end of May, at which time the garments made by the members will be exhibited in the Town Hall and judged. The leaders are Constance Jacob, Faina Thoun, Mary Gildermeister, Dorothy Turner, Ruth Wood, Rose Labrovitz, Inza Boles.

The Pulsation Test

Take out your watch and time the pulsations of a De Laval Milker. You will find that every unit in the barn, no matter if there are a dozen, is running at exactly the same speed and as uniformly as the tick of a clock. This insures your cows being milked in exactly the same way from day to day or year to year, and is one of the reasons why cows do so well with the De Laval Milker.

Try this test on any milker and you will understand just one of many reasons why the De Laval is "The Better Way of Milking." Send for full information.

FIVE STRAIGHT VICTORIES FOR VARSITY QUINTET

When Northeastern College Trails Behind a 30-12 Count.

The Mass. Aggie quintet experienced no difficulty in swamping the Northeastern basketball team last Saturday evening in the Drill Hall by the score of 30-12. The game was loosely played, and the floor work and passing poor on both sides. There was no doubt as to the outcome after the first double tally by Al Smith, the only question being the size of the score. The visitors were not fast enough to get through the Aggie defense and were held to four floor baskets. Northeastern showed a spirit of fight and pep which made the game interesting to the spectators, and the rally in the last minutes of play, although of no avail, lent excitement to the evening. Captain "Hank" Gowdy was forced to sit on the side lines on account of sickness and his absence was noticeable, even though Hale put up a good game in his place. Coach Gore gave a large number of substitutes a chance to prove their worth, Thompson and Kane each coming through with a basket to their credit.

Northeastern dropped behind as soon as the whistle blew, when Smith dashed down the floor and caged a basket before the visitors had a chance to form their defense. Due to ragged pass-work and hard luck in finding the hoop, the score was rather slow in accumulating. A full fifteen minutes elapsed before Northeastern succeeded in scoring, Knepper breaking the ice with a long shot. The half closed with the score-board showing 14-3 in favor of Aggie. Toney, Bike and Kane started in the second period with three successive sets of field contributions for the Aggies, going through the Northeastern defense with little trouble. The ball travelled up and down the floor in the hands of the rival aggregations, but the Maroon and White five continued to pile up a big lead. Willie Marshman

SOPHOMORES WIN NUMERALS BY DEFEATING FRESHMEN

Yearling Quintet Loses Their First Contest 20-17.

The hitherto undefeated Freshman class basketball team met its Waterloo at the hands of the Sophomores five in the numeral game last Friday night by a score of 20 to 17. The game was very slow and at times the playing of both teams was extremely loose. The Sophomores' defense was greatly improved, the Freshmen being unable to score from the floor during the entire first half. The Freshmen seemed to lack the aggressiveness that has carried them to

TWENTY-FIVE ALUMNI AT WASHINGTON LUNCHEON

M. A. C. Washington Alumni Club Holds Monthly Luncheon.

The monthly luncheon which are being held by the M. A. C. Alumni Club of Washington show an encouraging growth in popularity. The first two meetings that were held brought together 14 alumni, while at the February affair 23 were present. These luncheons are strictly informal and are held for the purpose of keeping the M. A. C. men in Washington in closer touch and to get them better acquainted with each other. The following men were present at the last luncheon, which was held Feb. 7: Dr. A. E. Cance, who is on leave of absence from the college for the time being and acting as consulting specialist with the Bureau of Markets, C. A. Bowman '81, Dr. E. W. Allen '85, Dr. E. R. Flint '87, Prof. W. D. Hurd, H. W. Neal and Samuel DeTault, formerly connected with the college, C. M. Walker '99, H. L. Knight '02, Dr. E. A. Back '04, J. A. Hyslop '08, J. C. Folsom '10, Dr. J. F. Martin '12, H. E. Thomas '12, H. C. Brewer '13, Dr. D. A. Colman '14, Dr. B. A. Porter '14, H. J. Clay '14, F. W. Marsh '15, Perez Simmons '16, W. L. Goodwin '18, C. D. Stevens '19, E. A. Chapin '21.

The next luncheon will be held March 2 at the New Ebbitt. Alumni or former students who come to Washington are asked to get in touch with H. J. Clay '14, secretary of the Washington Alumni club, at the Bureau of Markets, 1358 B Street, S. W., Washington.

PRES. AND MRS. BUTTERFIELD HOME FROM CHINA

After 8 Months Leave From College. Receptions to be Held in Their Honor.

Prexy's home-coming to Amherst is expected today. Just a week ago he and Mrs. Butterfield landed on the Pacific coast in their journey eastward from the Orient. After an eight-months' leave of absence, it is expected that he will have many things of interest to tell us. A full account of his trip will be published soon in the COLLEGIAN.

On Saturday evening the home-coming reception and banquet to President and Mrs. Butterfield will be held by the faculty at Draper Hall. Then on Tuesday, Feb. 28, the World Agriculture Society tenders its reception to the president. In many places where he has been, especially in foreign lands, he has been known as President of World Agriculture rather than as President of M. A. C. On next Wednesday, Prexy will be welcomed back to Assembly by the student body, and will give a personal account of his travels and experiences at that time.

DR. ALFRED E. STEARNS SPEAKS AT SUNDAY CHAPEL

Principal of Phillips Andover Given Interesting Talk.

Dr. Alfred E. Stearns, principal of Phillips Andover Academy, last Sunday spoke on "The Doctor Jekyll and Mr. Hyde of real life."

The subject was well treated, and the point made clear that in all our lives there is a dual character. We have that one which is our every day aspect, and the one by which the world knows us. Very often this is not entirely to our credit, and people get a poor idea of our character. When the critical moment comes, we show a new phase of our real selves.

Dr. Stearns told of the case of Allan Keith of Yale, the recent well-known hero of the theater, disaster at New Haven. He had the reputation of being a happy-go-lucky sort of chap, and was drifting through college having a good time. This particular evening he and a friend were watching a play when the theater caught fire; Keith reached the door at once, without taking thought of anyone but himself. Safely outside, he looked back and saw women and children being crushed and trampled under foot. He rushed back, and did the work in rescuing the people from the burning building. When all the others were out, he came. An hour later he died.

Dr. Stearns took this case to show how all of us yield to a moment's impulse, and do things which we afterward regret, and which are not truly indicative of our characters. It is the challenge that comes that tests our characters, and the way in which we accept that challenge stamps us for what we are.

PROF. GETTELL PRESENTS TIMELY SUBJECT TO STUDENTS

Tells of "The United States as a World Power" at Assembly.

The speaker at last Wednesday's assembly was Prof. Raymond Gettell of Amherst College. He spoke very entertainingly on the subject, "The United States as a World Power."

He said that the foreign policy of this government had been divided into three great parts: first the policy from colonial times to 1815; second, that from 1815 to the Spanish war in 1898; and third, that from '98 until the present.

During the first period the United States was very active in foreign affairs. This was true both before and afterwards. However, she took part as a matter of necessity and against her will. Before the Revolutionary war she was interested as a portion of the British Empire, and up through the war of 1812 she was interested because of the im-

Continued on page 6

AMHERST DEFEATED IN FAST 1-0 GAME

Hockey Team Closes Brilliant Season with Win Over Ancient Rivals. Haskins Scores Only Goal.

The Aggie puckeasers took the Sabrins sextet into camp last Thursday afternoon for the second time this season with a score of 1-0. The game was fast, hard-fought and scrappy but remarkably clean for such a close contest. Plimpton's steady eye and sure stick-work alone kept the Aggies from a decided walk-away.

The game started off with a rush and both teams were playing to their utmost, but neither seemed able to take the puck from the middle of the rink. Collins featured the period with his long shots while Kroeck had a comparatively easy time of it. Either side showed a good defense but neither seemed to carry the puck.

The second period started with the score 0-0 and determination to score was evident on the part of the contenders. The puck went up and down the ice time and again, only to be turned aside by the ready stick of the goal tender. The period was featured by fast skating and both teams showed fine condition. Lyons was everywhere and Hodson and Gordon were showing good teamwork. Hunter was starting for the Purple and White with long dashes down the rink. Both goal tenders remained invincible, however, and the period ended without score.

When the teams came back onto the ice for the final session they were met with an uproar of cheering. Supporters from both institutions were looking for results. And results came! Within a minute after the period began, Haskins caught Plimpton off his guard, and caged a neat one for the only score of the game. The Sabrins, now desperate, made the play fast and furious for the remainder of the period. Despite this fact, "Hubba" Collins broke away time and again, and shooting hard and true, was prevented from scoring only by Plimpton's trusty goal stick.

It was a typical Aggie game, and one well worth seeing, despite the temperature. Every man on the rink was doing his utmost, and the outcome was a question to the very last minute. Collins and Plimpton lead their respective teams admirably. Aggie, however, wound up her season as every Aggie

ORPHEUS QUARTET PRESENTS INTERESTING PROGRAM

Solos and Quartet (Selections Entertain Large Audience.)

The Orpheus Male Quartet from Los Angeles, Cal., rendered a very pleasing concert last Saturday evening in Bowker auditorium before a large audience. The quartet, composed of singers famous throughout the state of California, impressed their audience with their singing of well-known songs and popular ditties, also of several original compositions.

Each of the members contributed to the evening's program with a group of solos, in each case followed by an encore. The base and baritone were both extremely popular while the second tenor, furnishing his own accompaniment on the guitar, sang various amusing ballads to the enjoyment of his audience who asked for several encores. The first tenor accompanied himself on the piano, he being the author of the original songs rendered so well by the various members, and by the quartet as a whole. Among other well-known numbers the quartet favored the audience with the Rosary followed by the Bacarolle from Hoffman. The program was brought to a close with the singing of the Soldier's Chorus from Faust.

The next entertainment under the auspices of the Social Union will be furnished by Thomas A. Daly of the Philadelphia Record, poet and journalist.

PHI SIGMA KAPPA HOLDS HOUSE DANCE

Phi Sigma Kappa gave a very successful house party last Saturday afternoon from three until nine. Seventeen couples attended, and Mrs. Cameron of Mt. Holyoke and Mrs. Duffey of Smith College were the chaperons. The caterer was Mrs. Goodwin. Members of Alpha Sigma Phi, Theta Chi and Sigma Phi Epsilon joined with Phi Sigma Kappa in giving the dance. Woodworth's orchestra played.

BASKETBALL

Due to typographical errors there were several mistakes in the remaining basketball schedule as announced in last week's COLLEGIAN. The schedule should read: Saturday, Feb. 25, Williams at Williams-town; Tuesday, Feb. 28, Wesleyan at home; Wednesday, March 1, Clark at home; Saturday, March 4, Bates at home. The last week is a busy one.

NUMERALS AWARDED BY INTERCLASS COUNCIL

Thirty-five Men to Receive Numerals Including Two Victorious Sophomore Teams

Last Saturday evening a meeting of the Inter-Class Council Athletic was held in the Athletic office. The purpose of the meeting was principally to award numerals to those men who had won them since the last meeting of the committee. Secretary Marshman '23 acted as chairman in the absence of the president, Lewandowski '22. Upon the recommendation of Coach Derby the following men were awarded numerals for placing in the interclass track meet held last March: Kemp '22, Woodworth '21, Barrows '24, MacCreary '23, West '24, Stevenson '24, Hallett '23, King '21, Lewandowski '22, Collins '24, Frost '24, Tanner '23, Loring '24 and Roberts '23. It was then decided that this year's meet should come on March 18. This will give any aspirant a period of two weeks in which to train, as the basketball season will have been finished by that time. Steele '24 was elected to take charge of the entries.

The following men were awarded their numerals as members of the Sophomore Hockey team which defeated the Freshmen in the annual game; Tewhill, Nicoll, Lamb, Loring, Goldsmith, Kilbourne and Leland, manager. The members of the Sophomore basketball team, which also was victorious in the annual numeral game with the Freshmen, were also awarded numerals; they are: Salmon, Barrows, Gifford, Brunner, Weatherwax and Grieve, manager.

The Freshman basketball team, which was the champion of the inter-class series, consisted of Ferranti, Barker, Jack, R. A., Mouradian, Fish, Nylen and Cahill. The members of the Freshman Hockey team who received numerals were Pierce, Hutchins, McGeeoch, Ward, Taylor, Sprague and Post.

Atkins '24, manager of last year's Freshman basketball team, was also awarded his numerals.

COLLEGIAN COMPETITION

With three more issues to come before the close of the competition, the competitors are trying to win out over their rivals. This year's competition is being run on a different scale from previous competitions, and the results as the issues appear show that the competitors are working their very hardest to make the COLLEGIAN board.

The standing of the competitors of THE MASSACHUSETTS COLLEGIAN up to date is as follows:

EDITORIAL DEPARTMENT.

1924.
Kennedy 52.3
Read 43.2
Waugh 36.3

1925.
Batal 32.1
Taube 27.1
Corwin 18.0
Keith 10.5
Oliver 5.17

The business board will not be announced until next week, nevertheless, the competitors here are as closely contested as those for the editorial board.

Bulletin No. 17, issued by the Experiment Station, deals with results attained by H. D. Haskins, L. S. Walker and R. W. Swift in their recent investigations on "Inspection of lime products used in agriculture."

"CLARENCE" PROGRESSING TOWARD SUCCESS

Prom Show Cast of Ten Shaping Up Well Together

The complete cast for the Roister Dosters Prom show "Clarence" has been chosen temporarily altho this list is subject to change. All the members are showing up well. "Clarence" has had a very successful run in New York City and has proved to be the comedy hit of the season. Aggie students are due for a real treat at Prom time, when the Roister Dosters will formally present the play in Bowker Auditorium.

The cast is evenly divided, including five each—ladies and gentlemen. Eleanor Bateman '23, with two years experience, will play the part of Violet Piney. Last year she appeared in the "School for Scandal" and also "John Epps." Vera Smith '24 will portray the role of Mrs. Wheeler, while Marion Slack '24, will act the part of Cora. Ruth Hurder '22, who has been present in several former plays will act as Mrs. Martyn. Aimee Geiger '24, prominent in the recent Aggie Revue completes the cast for the co-eds, playing the role of Delta.

R. E. Martin '23 will play the leading part of "Clarence." He has had considerable experience in dramas and has led in the "School for Scandal" and "John Epps." The role of Mr. Wheeler will be played by H. F. Weatherwax '24. He is already a member of the Roister Dosters by virtue of his good work in "John Epps" at last commencement. J. S. Bennett '23 will play the part of Hubert Stem. He has never played in a Roister Doster production, but rehearsals indicate success in this, his first role. Carl Whitaker '22 will portray the juvenile part of Bobby. He scored a success as a juvenile in "John Epps." C. B. Johnson will take the part of Dwindle, a humorous butler. He also appeared in the "School for Scandal" as Mr. Snake.

The fact that the majority of the cast are veteran actors and the very nature of the play should combine to produce a highly successful Prom Show. Rehearsals are being held twice a week and much progress is being made by the different members of the cast. It is very probable that the Roister Dosters will take the play on the road about Easter time, if present hopes are realized. They have not played away from home for several years past, but their recent successes at the college have made them entirely worthy to represent Aggie at other places.

PROMINENT LANDSCAPE MAN TALKS AT WILDER HALL

Last Saturday morning Mr. Jens Jensen of Chicago gave a very interesting address to some of the students of Landscape Gardening at Wilder Hall. His subject was, "The Western Landscape" and he spoke of the difference of the landscape problems in New England and on the plains. Mr. Jensen is thought by many to be the foremost man of his profession in the country.

COLLEGE BUDGET FOR 1922.

February 7, 1922.

The budget containing recommendations for expenditures for the current year for all State departments has recently been printed and is now under consideration of the Ways and Means Committee of the Massachusetts Legislature. This budget is annually prepared in the office of the Supervisor of Administration and transmitted to the Legislature as the Governor's budget. Governor Cox, realizing the increasing burden of State taxation, has this year adopted the policy of retrenchment and economy in all departments. In the budget now before the Ways and Means Committee the original requests of the various departments of the State have been cut nearly \$8,000,000 and the recommended expenditures for all purposes is substantially the same as last year, namely \$42,000,000. Many State departments will receive a substantial reduction from the amount appropriated in 1921.

The Trustees of the Massachusetts Agricultural College asked for an appropriation for current expenditures of approximately \$900,000 this representing an increase of \$85,000 over the appropriation of 1921. This budget was carefully prepared and all details examined by the Trustees. The increases requested seemed necessary for the following reasons:

1. To meet adequately the increasing demands of the two year and other short courses.
2. To meet pressing demands for work on certain research and extension service projects.
3. To provide more adequate support for existing projects in research, extension service, and resident instruction.
4. In order to meet additional obligations existing at the beginning of the fiscal year due to salary increases granted during the year, vacancies filled, and new positions created.

The budget recommendations of the Supervisor's office, current expenses are approximately \$80,000 or about 80,000 less than the appropriation for 1921.

The reduction will obviously make it impossible to meet any of the projects above suggested. There can be no additional positions established and further curtailment will be necessary in the maintenance expenses of the various departments.

With respect to appropriations for special purposes, the budget recommendations are gratifying. An appropriation for a chemistry building is recommended; the total amount of \$300,000 for this item being distributed over two fiscal years. In addition, an appropriation of \$89,000 is recommended for improvements at the Power Plant and an appropriation of \$15,000 for the purchase of the Brook's Farm.

The college authorities feel that if the total recommended in the budget is finally appropriated, the college will be quite fairly dealt with this year. With business conditions as they are and the universal desire for a reduction in taxation, the Governor of the State, they feel, could do nothing but insist upon a minimum appropriation this year for the support of all State institutions and departments; and while this college

will be rather seriously handicapped in its current expenditures, we must accept the result with good will and do the best we can to make the appropriations granted go as far as possible.

WILLIAMS QUINTET TO GIVE VARSITY GOOD OPPOSITION

Aggie Has Record of Five Straight To Uphold.

When the Aggie quintet tackles Williams at Williamstown this Saturday evening, it will endeavor to break the jinx of losing games on opponents' doors, and incidentally add to the record of five consecutive wins. Having easily disposed of Northeastern here last Saturday, the team has shown that it is at its best. However, the Purple aggregation is not to be taken lightly for they have given the best teams in the East a close fight. M. I. T. managed to squeeze a 27 to 18 win over the Purple, while Harvard was lucky to win their contest as they did by five points. The probable line-up will be as follows:

WILLIAMS: MARR, AGGIE: Wightman, lf If, Smith rt, Tunney c, Marshman c, Marshman lf, Gowdy Wilson, (Capt.) lg rb, Biko, Boynton, rg

SIGMA PHI EPSILON HAVE FASTEST FRAT RELAY TEAM

Outrun Phi Sigma Kappa in Spirited Race.

The Sigma Phi Epsilon fraternity won the relay championship last Monday by defeating the Phi Sigma Kappa team. The time was the fastest of the year. Woodworth got the jump on Blanchard and handed a fair sized lead to Bartlett, but Bray made this up by passing him. Alexander and Gifford both held their own and Gifford finished ahead by several yards.

Summary:
SIGMA PHI EPSILON PHI SIGMA KAPPA
Blanchard Woodworth
Bray Bartlett
Alexander Garretson
Gifford Pelree
Time, 2:12 4-5.

INTERFRATERNITY CONTESTS IN POOL AND BOWLING

Will Begin at Once in the Memorial Building

Everything is in order for the interfraternity pool and bowling contests. It only remains for the interfraternity conference to draw the fraternities to decide the schedule. The matches will commence either the last of this week or the first of next and will probably continue until about the middle of May. Matches will be held on Tuesday and Thursday of each week at 7 p. m., in the Memorial building. Two bowling matches and one pool match will be held each night. A member of the interfraternity conference will be present for all matches to insure the promptness of the matches.

Rules governing the matches will be given to each fraternity. The schedule for the fraternities will be announced soon.

President Meiklejohn and the Coaching System.

President Meiklejohn of Amherst College made a rather remarkable speech in New York City last week, in which he condemned the existing systems of administration over college athletics, and suggested a startling cure for the prevailing disease of what he called "overmanagement".

He mourned the fact that "our games are managed by outsiders, and in a very large and lamentable sense, played by outsiders. Thirty or forty years ago", he goes on, "because of a belief that college boys were overemphasizing athletics, the colleges took over the management to keep the games within the proper bounds. Joint boards of control were set up. To that and like forms of organization we owe most of the exaggeration of college sport. It has the authority and prestige of all parts of the college or university. It becomes inevitably an independent body representing all other bodies and therefore subject to none. It has done in the way of enlarging the scope of athletic management what no undergraduate board would even have dreamed of doing or being allowed to do. It has built stadiums, coliseums, bowls, has brought the gate receipts of a team for a season into the hundreds of thousands of dollars. In a word, it has over-managed our college games. This overmanagement has given us over-coaching. In every college, a staff of outsiders, so far as the game is concerned, graduates or non-graduates of the college, are brought in to take charge of the team. These men build up a system. In the hands of that system, the players are puppets used in the conflict with a like system anywhere."

Such is the opinion of President Meiklejohn, himself a veteran athlete and an enthusiastic believer in clean sports,—his opinion of the existing condition. And to this opinion we must give, in part at least, our rather unwilling approval. In the mad boom which college athletics have been subject to

in the last several years, many evils have crept into the system of coaching and management. Finance has thrust his grasping fingers into college athletics, and many times made his voice ring above the noise of healthful competition. The "win at any cost" attitude has at times replaced that idea of "Victors or the vanquished, her spirit is the same," which American institutions should cherish as an invaluable asset. Because of an honest, logical desire to win, and to have the "best ever" in their own possession, many colleges have at times, or, in some cases, all the time, violated the code on which alone athletics can safely rest. There has been an overemphasis, not on athletics as such, but on the necessity of continual victories, of a very good showing in the win column. The fact that such a large percentage of American college youth is engaged in athletic work is the best thing imaginable, and augurs well for the future physical welfare of the nation. But there surely is a tendency toward overemphasis of the "win 'em all" idea.

Yes, we will support President Meiklejohn in this, his premise. But not in his conclusion. For he says, "That is what we get as the fruit of our attempt to keep the games of our students within proper bounds. As against it, surely we must say that the students should coach their own teams, and win or lose their own games. Student games should be coached by undergraduates, managed by undergraduates, and played by undergraduates."

This, then, is his remedy for the evil. It is not a practical one. In order that college athletics may be efficiently coached, both with regard to skillful teamwork and to proper training of the men (for such training is essential to their physical welfare), these athletics must be in the charge of some one with more time than the student has to give to them. President Meiklejohn says, "The only worth while recommendation of a college is that it does give good education." What time will the student have to get this good education if he is responsible for the success of his athletic teams? Coaching is no light job. It involves many things not generally thought about by the outsider. Multitudinous practice hours, the planning of new plays—these are but casual examples. The task would be far too great for the student. It must be done by someone, else—someone outside.

The same is true with regard to management. In modern college athletics, not a few hundred, but many thousands of dollars are involved in guarantee gate receipts, uniforms, equipment, etc. The average student has not the efficient head to manage so large an enterprise, and if he were so fortunately equipped, time would be lacking. This, too, must be managed outside.

As we see it, about all the student can do is to play the games. He probably has not the ability, he surely has not the time to do the rest.

There must be some other way to remedy the evil brought out so ably by President Meiklejohn in his premise. The attitude of competition between coaches to win "any old way" must be offset by the adoption by the colleges of new codes, that will prevent overmanagement by boycotting those colleges that keep it up. But President Meiklejohn's way is not the right way. He would but add another burden to the already overlaid "complicated ass" that Dr. Fitch of the same institution has so amusingly described.

Good Heavens, No!

In our little splurge about "gun-priming", last week, a typographical error slipped in that made *Ag. Ec.* out of *Ag. Ed.* As far as we know, no one in his sane mind ever called *Ag. Ec.* a "gun course". Good heavens, no!

Why Not?

The hockey team has done a great deal to advertise the college this winter by winning six of its eleven games. We have been fortunate in having one of the best teams ever turned out at this institution. However, the financial status of the athletic association is such that it seems inexpedient to give the team its customary banquet. It seems as if the student body might show their appreciation of the work done by the team by taking up a collection toward a banquet.

FRESHMEN LOSE 27-21 TO FAST DEERFIELD QUINTET

Visitors Come up from Behind and Hold Freshmen Powerless

After winning six straight games from some of the best basketball teams in this part of the state, the Freshman varsity team lost a game to Deerfield Academy last Saturday by a score of twenty-seven to twenty-one. The first half was very fast but the Freshmen came through with a seven point lead. The second period started out like a whirlwind but Deerfield tightened up their defense and the Freshmen were able to score but two baskets from the floor during the entire half.

In the last few minutes of play Deerfield let out a burst of speed that completely overwhelmed the Freshmen and won the game for them by six points. Butterfield, Snodgrass and Atkinson did the best playing for Deerfield while Samuels, Sullivan and Hurley worked hard for the Freshmen.

NEW BULLETIN PUBLISHED

A bulletin has recently been prepared by W. W. Chenoweth, Professor of Horticultural Manufactures at M. A. C., on the "Home Manufacture of Maple Syrup".

The bulletin is a splendid guide to all those who own even one or two trees. Professor Chenoweth says that few people realize the amount of syrup obtainable from even this number of trees. If it were possible to work all of the trees in Massachusetts, many thousands of dollars income would result. Explicit directions and methods are described, and the making of maple products fully explained. The bulletin may be obtained at the Extension Service Office.

PROF. MACHMER IN CHAPEL

Acting Dean Machmer, speaking at Chapel Friday, gave a most stirring address on Washington.

"Individuals are great" said the Dean, "if they can excite in others love, patriotism, and confidence". In my opinion," he continued, "Washington became great not because he was a soldier, but because he was a leader".

The Dean said that Washington was the greatest leader of the era. He had the power and personality to make his men and his fellow countrymen confident and obedient. Washington was virtuous. He was thoroughly human, for he loved, he hated, and he played; and it was his devotion in the latter that gave him the courage and strength to overcome his objective.

Washington was, above all, a Seer. He knew as no other the condition of the country at the time, and it was through his great foresight that the internal conditions of the country became shortly adjusted.

Professor Machmer caused applause when he forcibly said, "Let us all try to make some of the characteristics of this great man part of ourselves, and in doing so we will not only honor ourselves, but we will become true patriots of this wonderful country."

At the regular business meeting of the Y. W. C. A. last Wednesday night a nominating committee was chosen to nominate officers for next year.

Misses Norton, Epps, Hurder, Lewis and Snow were placed on the committee.

RECEPTION TO PRESIDENT

KENYON L. BUTTERFIELD

By the Amherst Branch of the

World Agricultural Society.

The local Branch of the World Agriculture Society will hold an open meeting on Tuesday, Feb. 28 at 7:45 P. M. in the Memorial Hall, M. A. C. Dr. Kenyon L. Butterfield, President of the World Agriculture Society, will give his first public address in Amherst following his return from China. After the address there will be an informal reception to President and Mrs. Butterfield, assisted by the officers of the local Branch of the Society, namely: Dean Edward M. Lewis, president; Ernest M. Whitcomb, vice-president; Guy Thellin, secretary; Cady R. Elder, treasurer; Mrs. George B. Churchill, John S. Hale, '23, Rev. John A. Hawley, Ruth W. Hurder '22, and Prof. Robert J. McFall, members of the council. The public are cordially invited to this meeting.

DEBATING NOTES

The first trial debate was held between the members of the varsity debating team last Wednesday afternoon in Stockbridge hall. The men each delivered a five-minute main speech with three minute rebuttals. Prof. Prince judged the different speakers and offered his criticisms. Another trial debate will be held Thursday February 23rd in Stockbridge hall. The negative and affirmative sides will interchange at this trial debate.

Go to it, Co-Eds

The Freshman Co-Eds have organized a debating team and have offered to debate with Freshman teams of other colleges. A challenge has been sent to the Freshman class of Mount Holyoke College for a debate to take place at some assembly next term.

SHORT COURSE NOTES

The Freshman class of the M. A. C. Two year course in Practical Agriculture will be ready for farm placement on April 1. The college places these students on Massachusetts farms where they may receive actual experience in the line which they intend to follow. The dairy student is placed on a dairy farm, the student of pomology on a fruit farm, and so forth.

Last year there were over 100 men in placement training. The employers were completely satisfied with their services for the most part and are calling for men again this year. The qualifications of each man are carefully gone over and every effort is made to get the right man for the right job.

Any employer wishing help may write to the Supervisor of Farm Placement training, Short Course Office, Massachusetts Agricultural College, Amherst, Mass.

"SS.—H. C. Bliss is convalescing from an attack of rheumatism at the Kappa Sigma House. He expects to be on the campus for about two weeks.

LYONS RUNS IN NEW YORK

Henry Lyons '20 has been running in some of the indoor track meets held in New York recently. He placed second in one meet and last Saturday night he came in third in a race which was won by H. U. Cutbill, the "flying parson," of the B. A. A. meet.

DANCES

The Memorial Building last Friday evening was the scene of another of this winter's series of informal week-end dances. Music was provided by Frost's orchestra, and 70 couples were present.

SOPHOMORES WIN NUMERALS

Continued from page 1

victory over the other class teams, which have had more experience than they have.

During the first period the Sophomores had the scoring pretty much to themselves. Barrows led them with three baskets from the floor and seven from the foul line. Gifford and Brunner each dropped in two pretty shots from the court. Ferranti scored all the Freshmen's seven points from the foul line, making every try count. The close guarding of Ferranti by Weatherwax prevented him from breaking loose and dropping in his usual large number of baskets.

In the second half the Freshmen tightened up and held the Sophs to one basket from the floor and one from the foul line. Near the last of the game the Freshmen let loose an attack that for a few minutes had the Sophomores baffled. Ferranti broke away to cage a basket and Barker found the hoop twice. Cahill added four more points to the score by a pair of quick shots from the floor. The spirit of speed came too late however and the gun ended the game with the score 20 to 17.

PROF. GETTELL SPEAKS

Continued from page 1

pressing of her citizens into the British and French navies. Throughout this period the United States had a large Merchant Marine and the Yankee skipper boasted that they could make three trips to two of their rivals. However, the sentiment that we should not interfere with foreign politics, nor allow them to interfere with ours, grew so strong that all the early presidents of the country mentioned the fact.

During the second period the country put into practice its ideas of isolation and the merchant marine dwindled to practically nothing. The period was devoted to the internal development of the country, but the growing exports and the immigrants made it hard to put such a policy into practice. The Spanish war gave us colonial possessions and again brought us face to face with the necessity of foreign policies.

During the third period we were drawn into the World War and took an important part in the peace conference thereafter. The merchant marine came back into its own and the government found that it must carry on negotiations with foreign countries. Millions of dollars were loaned to other countries and the United States found that they must take an interest in those governments which owed them money. At present the great centers of world power are Europe, the United States and Japan; with the most interest in the orient.

Mr. Gettell then spoke of the fact

that as foreign affairs gained in importance the president got more power and that as internal affairs became uppermost Congress became the more important. He said that it was a fact which should receive attention that Germany lost the war and thereby might become democratic, while in winning the war the United States had tended to become more autocratic. He ended with a quotation from Roosevelt, "We have no choice as to whether we play an active part in the affairs of the world. That has been decided for us. It remains for us to decide whether we shall play it well."

EXPERIMENT STATION NOTES

At the Experiment Station seminar held recently Professor Morse gave a report, as the result of his study of the effect of potash treatment of soil and the availability of soil potash as furnished in different ways. Dr. Shaw reported on the results attained in his experiments on pruning apple trees, while Mr. Drain spoke of the results of his study on fruit spurs in different varieties of apples.

Below is a list of the interesting experiments being conducted by the Experiment Station. If these results attained prove successful they no doubt will be an advancement in the field of agricultural research.

Experiments are being conducted to find a substitute for milk in the feeding of calves, the object being to make such combinations of feeds which are easily digested and assimilated by the calf, at the same time to contain the necessary vitamins needed in the promotion of growth.

Another experiment in the treatment of various fibrous materials such as grain hulls, cotton seed hulls and various other materials so that they will have a greater nutritive value when fed to farm animals.

A study is being made on the ability of dairy animals to assimilate inorganic calcium phosphate and thus aid in a longer period of high milk production. Adhesive properties of insecticides and fumicides have been of much concern to farmers. A study is being made with a view of securing greater adhesive properties in the different sprays when applied to farm crops.

ALUMNI

'15.—E. S. Draper has been elected an honorary member of the North Carolina Architects' Association. This is the first time that any man not an architect has been honored by this distinction. Mr. Draper is a prominent landscape gardener in Charlotte N. C.

'07.—J. N. Summers and S. S. Crossman '09, are being sent abroad by the United States Department of Agriculture in the effort to find and introduce into the United States additional parasite enemies of the gypsy moth and the brown tail moth. They will be gone six or seven months. Mr. Summers goes to Japan and Mr. Crossman to Europe.

The following M. A. C. men are on the staff of the Essex County Agricultural School: Fred A. Smith '05, director; Frank H. Wilson, Jr. '09; John S. Carver '13; Chester P. Spofford '15; Harold B. Mootron '17, and Harold Stowell '18.

'75.—Peter M. Harwood is chief inspector, Division of Dairying and Animal Husbandry, of the Massachusetts Department of Agriculture.

'75.—William H. Barstow is connected with the Freight Claim Division of the Boston & Maine Railroad, with his office in Boston.

'78.—Charles E. Lyman and Mrs. Lyman are spending the winter in Southern Italy.

The stenographers living in Draper Hall held a Valentine party in the rooms on the second floor Saturday evening, dancing being the feature of the evening. The rooms were prettily decorated with hearts and red and white crepe paper. Refreshments were served during the evening. The party lasted from 7.30 to 11.00.

This here spring wether is gettin pretty warm. When u get too warm you ot to go into the College stor and get some of there sody. It is so gosh-durned cold that they have to break the icicles off the bottle before they serve it.

DEPARTMENT NOTES.

The Military Department is installing a new sand-tray for use in topographical instruction. The department has obtained the room in the basement of North College where the pool tables formerly were, and this room will be fitted up with sand-table and with the boards on which the different parts of the rifles, machine guns, and automatic rifles are displayed.

The room will be open at certain times, and students may go in to study the display boards.

Mr. H. L. Von Meechow of the Agronomy Department has resigned his position here as graduate assistant in the department, and will take a Civil Service position in Agricultural teaching on Long Island.

The Agronomy Department will be represented at the annual meeting of the Eastern Agronomists in Springfield on Feb. 23, 24, 25.

These meetings are to promote extension work in the eastern states, and representatives will be present from the New England States, New York, New Jersey and Pennsylvania. The Extension Service of M. A. C. plays an important part in this system.

Short Courses.

Harry V. Lawrence has been chosen to take charge of the nursery practice course given to the ten week students this winter. Mr. Lawrence is a practical nursery man in Falmouth.

The last speaker to address the ten weeks class in vegetable gardening, Mr. E. P. Cotton of Woburn, spoke Tuesday, Feb. 14. Mr. Cotton is an M. A. C. man of 1914. He gave a few chapters of his experience in getting started in his vegetable gardening business.

Entomology.

Professor Strickland of the University of Alberta, Alberta, Canada, has been here for several weeks in the Entomology department to study methods used in teaching at M. A. C., with the hope of instituting same at the above university.

Mr. Harlan Worthley of the Experiment Station is teaching entomology to the two-year men during their winter term.

An interesting report has been made by Dr. J. K. Shaw in reference to the recent severe cold weather, as it effected the peach trees at the college orchard. It is as follows: "The recent severe cold threatened to kill the peach buds and in most winters would have done so. The temperature here at Amherst was about 15° below zero for three mornings in succession. Examination of the buds at the orchard shows Greenboro 92% alive, Elberta, 92% alive, Early Crawford, 70% alive, and other varieties about 90% alive. With the possible exception of some very low and unfavorable locations, the peach crop is safe, so far, all over Massachusetts. The reason that there has been no "January" thaw to swell the buds. Sometimes there is warm weather enough in January to swell the buds so that they are largely killed by ten degrees below zero or even less severe cold. Warm weather in early winter will not start them as they have not completed their rest period.

"If they get through the next two weeks, they will be safe. There can hardly be enough warm weather to start them now, and killing, rarely, if ever, occurs after February 20. Spring frosts very rarely kill blossoms or young fruit in New England. Last spring was about as perilous a season as we ever get here, but even then we get a crop."

Dr. Alexander E. Cance, head of the Department of Agricultural Economics, has issued a statement of the aims and courses of instruction in his department. He has traced the history of instruction of agricultural economics since the first course given by Dr. C. S. Walker in 1909, and outlines the work of the department as pertaining to the problems of the food supply. Since the establishment of a major in this department in 1916, between 15% and 20% of all graduates have chosen major work in agricultural economics. Fifteen undergraduate courses are offered to regular four-year students, and three courses to short course students, besides several courses designed especially for graduate students.

SOUTHWICK BROTHERS & GAULT

DR. ORTON CLARK ON ULTRA-VIOLET RAYS

Preliminary experiments conducted at the Massachusetts Agricultural College have pointed to the practical use of a better knowledge of the light factor in plant structure. Dr. Orton Clark, plant physiologist of the Massachusetts Experiment Station, told the large group of chemists, agronomists and horticulturalists who listened to his exposition of the effect of ultra-violet rays on plant structure recently, that he has begun experiments with ultra-violet rays that may have an application to the glass used in the greenhouses.

Although the several factors involved in his researches have so far rendered results inconclusive, his first experiments have shown a decided structural difference in the plants given different amounts of ultra-violet rays. Those plants deprived of the rays become stringier, "leggier." Dr. Clark described the elongated condition, and lighter color than of the plants which grew under the rays. He spoke of a possibility of future market gardeners regulating the ultra-violet rays in their greenhouses by screening with a special glass, and so producing relatively light or dark plants, and relatively long and slender or short and stocky growth. This, however, is a practical result that can come only after perfected experimental work.

Dr. Clark used pyrex glass to screen out the ultra violet rays, an imperfect screen which he hopes to have improved by the manufacturers.

Other light effects were reported upon by the investigator, notably experiments carried on at the Massachusetts Agricultural College with potatoes grown under cheese cloth, in comparison with those grown in the open. His results paralleled those of a more complete experiment in Wisconsin, where potatoes under cheese cloth yielded a 30 per cent increase over those grown in a full light the first year, and second year, seed potatoes from the two crops being compared in the same way, yielded a crop almost 30 per cent greater than that of the preceding year, whereas the second year's crop of potatoes in the full light yielded practically no crop, having succumbed to disease which did not develop in the screened light.

This experiment was carried on to secure an explanation of the fact already taught by agricultural specialists and county agents that northern grown seed potatoes will consistently outyield locally grown seed potatoes. The difference in the intensity of light is believed to be a factor, and these experiments give weight to that view. A great advantage of the Maine, Vermont or New York seed over Massachusetts seed has been the relative immunity to serious potato disease.

Dr. Clark also reviewed experiments of other stations tending to show that the regulating of sunlight to shorten hours of light stimulates reproduction in many plants. Plants which failed to produce flowers in days of normal length have been constrained to form flowers by the shortening of hours of daylight.

The experiments with ultra-violet

rays have attracted exceptional attention on the college campus, and the seminar had the largest attendance of the three so far held, the size of the audience necessitating a change of room from the small library of the Experiment Station to a large classroom in the Botany Laboratory.

Aggie is getting to be well known in nursery circles. At the last meeting of the New England Nurserymen's Association at Boston K. E. Gillette '08, was elected president and addresses were made by Professor Waugh and Dr. Shaw of the faculty.

WITHIN THE RANGE OF POSSIBILITIES

Our relay race with New Hampshire State in the recent B. A. A. meet, in which our opponents nosed out ahead of us with a six yard lead, was so filled with thrills and keen competition that the management of the K. of C. meet, to be held March 4, in the Mechanics Building, Boston, is endeavoring to secure a return race between the two colleges. Negotiations are not quite completed, but it is expected and hoped that the announcement will be made within the next few days.

AN. HUS. CLUB NOTE

Prof. G. C. White will give an illustrated lecture on "Dairying in New England," tomorrow night at 7:30. Mr. White has investigated this subject thoroughly, and has studied the prospects in detail.

For those who are going to be future majors in animal husbandry this talk should be of especial interest. Everyone is cordially invited.

On March 8, Dr. W. W. Williams, D. V. M., of Springfield will give an illustrated lecture on "Contagious Abortion in Cattle."

Keeping faith
with the
SMOKER

Our lifelong knowledge of choice tobaccos, our years of manufacturing experience and our up-to-date facilities are concentrated on making CAMELS the finest cigarette that can be produced.

DR. A. E. CANCE SPENDS WEEK-END IN AMHERST

Head of Economics Department on Short Visit from Washington, D. C.

Dr. Alexander E. Cance, head of the Department of Agricultural Economics was on the campus Friday and Saturday. Dr. Cance attended the national Agricultural Conference at Washington, D. C. in January, and served as executive secretary of the committee on Price Fixing.

The conference presented some very unusual and interesting aspects, and accomplished a great deal for the agricultural interests of the country. One of the surprising things felt at the conference was the demand for a fixed price on staple agricultural products. While this idea has never been accepted very enthusiastically in Massachusetts, the rest of the country seems to favor something of the kind, and the conference spent a great deal of time in discussing this question.

Ex-Secretary of Agriculture E. T. Meredith suggests a plan for the fixing of prices that has many good points. He would have a committee, formed of the Secretaries of Labor, Commerce and Agriculture, fix the prices of staples, and in order to maintain these prices he suggests that the United States government buy all surplus at the standard price.

There were many important things achieved by the conference. First, the impetus given to the passing by Congress of the bill.

AGGIE HOCKEY SEASON A CREDIT TO THE COLLEGE

Sextet Wins From Some of Best Teams in the East. Amherst Defeated Twice in Whirlwind Games.

The 1922 Aggie hockey team completed a successful, hard schedule by defeating our old rival, Amherst, on 'Tart rink on Feb. 16. With the cancellation of but two games out of a schedule of thirteen, the team did well to win six out of eleven played. The schedule this year included some of the best teams to be found in this part of the country, the team even going to Philadelphia to play the St. Nicholas aggregation as well as the Quaker City team, two of the best in that section.

On the Philadelphia trip the team took one game and lost one, but to defeat the fast St. Nick's was a creditable feat for the Aggie boys and made the trip a successful one. A game which helped to put M. A. C. on the map was with Yale at New Haven, our team proving themselves the better men

Continued on page 6

TUMEY AND BLACKMER STAR IN 24-21 WIN FOR M. A. C.

Fast Passing and Good Defense Work Defeat Williams. Students Follow the Team.

Invading Williamstown with a superior basketball team Coach Gore's Maroon and White aggregation conquered Williams in a closely contested game last Saturday evening by a 24-21 score. In the words of a Williams correspondent "The Aggies presented a team superior to anything seen in the local gymnasium this season." A record of six straight wins now stands to the credit of the Aggie five. The Purple men played the hardest, but the wonderful passing and floor work of the visitors succeeded in keeping them in the rear throughout the game. Never once did the Upstater gain the lead and had to be content in following the Aggie hoopers just one jump behind.

Although the small court bothered the Aggies in some ways, yet when the five man defense ranged across the floor it presented a line almost impenetrable. On the other hand there was insufficient time to form the defense before the opponents came down the floor, which resulted in leaving Capt. Hank Gowdy to take care of Blackmer and his companions who several times

REV. DANIEL A. EVANS DELIVERS CHAPEL SERMON

The Perfect Life Must Have Three Dimensions—Length, Breadth and Height.

The speaker at Sunday Chapel Feb. 26 was Rev. Daniel A. Evans of Andover Theological Seminary, Cambridge. He took his text from the 21st chapter of Revelations, the 16th verse, which reads: "And the city lieth four-square, and the length is as large as the breadth; and he measured the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it were equal." He applied the last part of the text to the life of a man.

Mr. Evans said that the basis of a life was individuality which may be represented by the dimension of length; i. e. by a single line. He told of the German scientist who considered that a child really came into its own when he learned to say "I." "To be what you are and not to pretend is one of the great things in life," he said. "People now-a-days are losing their individuality by the great standardization of affairs that is taking place. Length is also a factor in directing a life. It is like the bowman who aims his arrow, then speeds it on the way—it gives us something to strive for. Moreover, life is like a growing plant. Our lives are di-

PRESIDENT AND MRS. BUTTERFIELD GIVEN RECEPTION AND BANQUET AT DRAPER HALL

Dean and Mrs. Lewis, Mr. I. H. Butterfield, Victor Butterfield, Mrs. R. S. Baker, Dr. Walker, Mrs. Hamilton, and Mr. Tuckerman in Receiving Line.

PRESIDENT RESPONDS WITH SHORT ADDRESS

"PREXY" GIVES HIS FIRST PUBLIC ADDRESS HERE

At World Agriculture Reception in Memorial Building Last Evening.

President Kenyon L. Butterfield gave his first public speech since his return from China when he addressed a meeting of the Amherst Branch of the World Agriculture Society last evening at 7:45 in Memorial Hall. Following the address, which was heard by a very large and interested audience, an informal reception was held and refreshments were served.

The subject on which President Butterfield spoke was "The Far East and World Agriculture," and a text of his address follows:

If we include in the Far East Japan, China, India, and the countries lying between China and India, including Malay Asia and the Philippines, it is probable that more than half and possibly two-thirds of the world's population will be found in the Far East.

Continued on page 2

COSMOPOLITAN CLUB MEETS AT MISS SKINNER'S HOME

Last Friday evening, Feb. 24, members of the Cosmopolitan Club were given a reception by Miss Edna L. Skinner at her home, 50 Lincoln Ave. A delightful program of parlor games and other interesting stunts was arranged by the hostess.

M. All of Smyrna, who is doing graduate work in the Department of Agronomy, gave an interesting talk on the harem life of Turkey. "Harem," he said, "means 'a sacred enclosure,' not to be intruded into or defiled by any means. Holy places of Islam are called 'harem' and in this sense every Turkish home is a harem. It is not a prison, as is often supposed by many foreigners, and it does not necessarily mean a place where a plurality of wives exist. A harem is the real home of the Turkish people, and is provided with all the comforts and luxuries of life."

After Mr. All's talk, Miss Hamlin, of the Department of Rural Home Life, told some very interesting stories of the Puritanic days in New England. Among other members of the faculty present were Miss Grizzle, and Prof. L. H. Parker.

President and Mrs. Butterfield were formally welcomed back to Amherst from their trip to China by a reception and supper held in their honor last Saturday night at Draper Hall. This was attended by nearly 225 people, for the most part members of the faculty and their wives. The reception was held at 7:30 upstairs in Draper Hall, followed at 8 o'clock by the supper in the main dining hall. The following were in the receiving line to meet the guests: Dean and Mrs. Lewis, President and Mrs. Butterfield, I. H. Butterfield, Victor Butterfield, Mrs. Ray Stannard Baker, Dr. C. S. Walker, Mrs. G. G. Hamilton and Mrs. Frederick Tuckerman.

Dean Lewis acted as toastmaster following the supper, and called upon Professors Phelan, Chamberlain and Waugh, who preceded the President with short talks. Professor Phelan emphasized the honor which has been accorded our President in being chosen a member of the educational committee which went to China in the early fall, but stressed the fact that the real significance of the President's trip will become apparent only when China is free of her present manners, methods and religion, and occupies her prominent place in World Agriculture. A hearty welcome back to Amherst was offered by Professor Chamberlain, who went on to compare President Butterfield's recently completed visit to China with that made by Marco Polo in the twelfth century, stressing the fact that the latter had returned laden with jewels, but that President Butterfield had his mind and heart filled with fine and noble ideas for the future.

Professor Waugh followed with some very facetious remarks, "happy words" as they were later referred to by the President.

"It is difficult to make a response worthy of the welcome which has been shown us to-night," said President Butterfield, in the closing address of the evening. The President gave a brief account of his trip and the work which he had done, and said that the journey had been not only a delightful experience, but had shown to him the great interest that the people here in America have in matters concerning China. A number of maps, books and invitations which the President values highly because of their associations with his visit to China were exhibited following his address.

PRESIDENT'S SPEECH

Continued from page 1

Now just from the mere standpoint of mass, of months to be fed, we have an agricultural problem of the first magnitude. And then when we realize that these populations are increasing probably more rapidly than the population of any other area in the world, we begin to see that during the rest of this century, the Far East will play a rapidly increasing part in one of the serious problems of the century, namely, the world's food supply. It is true that famine, flood, pestilence take a terrible toll, but in spite of these things the people multiply.

Again, while progress is slow, gradually but certainly the standards of living are increasing and consequently a large amount and a wider variety is being demanded, thus pulling still further upon the food resources of nature.

And still again, we see the slow but sure development of the modern industrial system with the consequent growth of cities and factory operatives and thus a decreasing proportion of the people engaged in food production. Of all parts of the Far East, Japan is by far the most progressive in this respect of factory development, but China and India will eventually be industrialized and the progress will not be slow once it is thoroughly launched.

Thus we see that this anciently populated part of the earth, this most thickly populated part of the earth, this soil which has been for so many centuries producing for relatively large populations, will be required during the next 75 years still further and in very large measure to increase its production or else it will have to import food. Under any circumstances, whatever may happen, the factors named mean that the Far East will play an increasingly important part in the world's demand for any supply of human food.

But the farmers of the world not only supply food for all the people, but they supply a large share of the raw products of manufacture. If we take China alone, we find that the production of silk, of cotton, of beans and of tree and other vegetable oils, to mention no other products, already constitute a large contribution to the raw materials of modern manufacture. It is even predicted by students of the subject that the scepter of cotton production will pass from the United States to China. There can be no question about the introduction of the factory system in China and it will stimulate still further the use of still inadequately used areas of land for these raw products of manufacture. It is probable that the general world interest in the Far East from the standpoint of agriculture will be shown first in respect to this problem of greatly increased production of raw materials and that the question of food supply will be secondary in timeliness or interest, although eventually it will prove the primary concern.

But there is another and quite different reason why agricultural development in the Far East is of significance and interest to other parts of the world. It is believed that three-quarters of the 400,000,000 of China are essentially farmers; that perhaps an even larger proportion of the 300,000,000 of India are farmers. A good authority has stated that Malay Asia can of itself support a population of 600,000,000. But even under existing conditions there must be in the Far East at least three-quarters of a billion people who can

fairly be called farmers. Now all of these millions, from our point of view, have a very low standard of living; their incomes are very small, they have very little surplus; they have practically nothing beyond what they themselves actually produce. If by increasing communication, by developing new demands on the part of these millions, you can, for example, develop their purchasing power, you would at once stimulate beyond all imagination, the present productive capacity of industry to supply those new wants; and yet doubling the capacity of these people to purchase what they did not produce would still leave them on a standard of living far, far beyond that of the American farmer. The point is that the manufacturing industries of the world have a perfectly tremendous stake in the development of the agriculture of the Far East as prospective consumers of manufactured products. Indeed one could almost say that purely from a selfish point of view these western industrial interests could afford to subsidize a great campaign of agricultural education purely for the gain that would eventually come to them in increased consumption.

This is a mere outline of the fundamentals of the problem. You can see how big and complex and significant a relationship will soon come to exist between the agriculture of the Far East and the agriculture and industry of all other parts of the world.

I am glad to report that chapters of the World Agriculture Society are already in operation in Japan, China and the Philippines. In China, particularly, there is big work for such an organization to do and a comprehensive program has been outlined for that great country.

DR. CANE IN AMHERST

Continued from page 1

gress of the Capper-Voelstead Act, which allows farmers to organize for mutual benefit without fear of indictment under the anti-trust laws of the United States, and takes such organizations from the jurisdiction of the courts and places them under control of the Department of Agriculture. This bill legalized co-operation among the farmers and will help them in more economical marketing.

Since the conference Dr. Cane has remained in Washington to take charge of the reorganization of research work in the Federal Bureau of Markets and especially to further research work in Agricultural Economics in prices, marketing, and supply and demand. Dr. Cane addressed a meeting of county agents and extension workers in Burlington, Vt., on Feb. 23, and spoke on "The Present Trend of Agricultural Economics." It was suggested that a department of Agricultural Economics be established at the University of Vermont, where there is at present no such department.

Dr. Cane spoke to the Sophomores Friday morning on "Agricultural Economics and its Opportunities." He will return to the college to take up his work in the Spring term.

HONOR COUNCIL

Two meetings of the Honor Council were held last week. Those attending were Moody, Spring, Buck, Woodworth, Friend and Case.

One case was brought before the council. The council recommended that the Dean impose a double penalty.

MEN CHOSEN TO REPRESENT THE COLLEGE IN DEBATING

First Varsity Debate at Aggie in Two Years to be Held March 16. Should Prove Good Discussion.

The main speakers have been chosen for the two teams which will represent M. A. C. in the varsity debates with Connecticut Agricultural and Rhode Island State colleges. The affirmative side will be represented by Abraham Krasner, '22, of Boston; Gordon H. Ward '25, of Englewood, N. J.; and Carl E. F. Guterman '25, of Springfield, Mass. Walter L. Dimmock '24, of Oxford will act as the alternate for the affirmative. These men will journey to Storrs, Connecticut, where they will compete with the C. A. C. team which will argue on the negative side of the question.

The Aggie negative team will stay at home. The main speakers comprise Alexander Sandow '23, of Pittsfield, James Batal '25, of Lawrence; and Benjamin Gamzine '23, of Holyoke. Samuel Goldstein '25, of Brockton is the alternate for the negative side.

The subject of the debate is indeed timely and its discussion should be of interest to all students who are interested in world affairs. The subject is: Resolved, That the Philippine Islands should be granted their independence within a period of two years. The Aggie negative team will argue with the affirmative team of Rhode Island State College. The debate here will take place in the upper hall of the Memorial Building at seven-thirty o'clock. Thursday evening, March 16. Students and the public are cordially invited to attend this debate, the first to be held at Aggie for two years.

AGRONOMY 27

Agronomy 27 is one of the courses required of all four-year students in the Massachusetts Agricultural College.

Coming in the third term of the sophomore year, it is designed to give an introduction to the subject of soils and fertilizers. In requiring this course of all students, it is assumed that knowledge of soils and their management is of prime importance to all college students, regardless of specific post-graduation activities, provided they have any connection whatever with agriculture.

The fairness of this assumption is realized when one reflects for a moment upon the fact that all phases of agriculture and agricultural activities have their origin in the soil and the products thereof.

The course carries five credit hours and is presented by means of lectures, recitations, laboratory and field work. The subject matter of the course may be divided into two main divisions. First, soil science is taken up by way of introduction; and the second division, occupying most of the term, is devoted to the study of soil management.

In addition to this general introductory course in soils and fertilizers required of all students, there are other more specific and advanced courses which may be elected in the department of agronomy by those students who desire to specialize in soil technology.

A CHANCE TO GET BACK AT NEW HAMPSHIRE IN RELAY

Team to Run Again at Boston March 4. Acheson Out of Form.

M. A. C.'s quartet of relay runners will again journey to Boston the end of this week to meet New Hampshire's offering in a return engagement to be staged in the Mechanic's Building on Saturday, as a big act in the K. of C. meet. With the loss of Acheson, Aggie's anchor man in the B. A. A. meet, who has been having trouble with his feet, the team will be under a slight handicap, but as the other three men are in tip-top shape, and as Coach Derby has several other good men in view to fill his place, the chance is very good that we can bring home the bacon and all the fixings. Coach Derby's most recent find has been Gifford '24, whose speed and gameness won for him the name of "Fighting Dick" among his classmates. Five of the following men will be taken to Boston to represent the college: Capt. Sullivan, MacCready, L. S. Woodworth, Loring, Kemp, Bent, Gifford.

WILLIAMS GAME

Continued from page 1

cluded the Aggie team. Gowdy had the opportunity to use all his skill and his efficiency in danger is shown in the final count.

Tumey with his usual good work dropped three floor baskets through the ring and his exceptional work was a feature of the game. Aggie was never far in the lead standing ahead at half time 14-11. This three point difference measured the score at the final whistle in Aggie's favor.

Blackmer was the outstanding star for the Williams quintet, his excellent work on the offensive accounting for 17 of his team's 21 points, Wilson being the only other to tally.

The summary:

M. A. C.	WILLIAMS.
Smith, lf	rg, Boynton
Tumey, Roster, lf	lg, Wilson
Marshman, c	c, Fargo, Jayne
Bike, lg	rf, Blackmer
Gowdy, rg	lf, Whitman, Hyde

Goals from floor—Smith 2, Tumey 3, Marshman, Bike 2, Wilson 2, Blackmer. Fouls shot—Tumey 8, Blackmer 7, Referee—Young. Time—20-minute halves.

SIDELIGHTS ON THE GAME

Williams is another of the colleges who think the Aggie jerseys are a joke. One remark was especially noteworthy, "Oh, see the Mack Sennet, Bathing Beauties."

The team was treated very hospitably at Williams by the coach and students. "Ed" Tumey received a hearty hand-clap upon leaving the floor for a few minutes during the second half.

Several Aggie students and numerous alumni attended the game, and their cheers sounded good to the team.

Seven students led by Clark '22 and Field '22 made the trip by auto, arriving back in Amherst at 5-30 Sunday morning.

FRESHMEN TAKE FAST GAME FROM BRIDGEWATER HIGH, 24-12

Basketball Team Returns to the Winning Column With a Strong Comeback. Williston to be Played March 1.

The Freshman basketball team came back to their winning streak last Friday when they won from Bridgewater High School to the tune of 24 to 12 in a hard fought game. The first half started out well for the yearlings, as they were able to maintain a strong defense that the Bridgewater men could not seem to solve. They did manage to get five points to the Freshman team's 16 at half time, but were again stopped from scoring heavily by the '25 defense during the second period. Sullivan and Samuels starred for the Freshmen, while Sadowski and Buckley played good ball for Bridgewater.

The Freshmen will play one more game with Williston on Wednesday, March 1. This game will be one of the hardest, but with their good record behind them the team should send their last opponents home without a win. The Smith Academy game which was to have been played this week has been definitely cancelled.

Welcome Home President Butterfield!

The COLLEGIAN takes a great deal of pleasure at this time in welcoming back to the campus President Kenyon L. Butterfield, who has been journeying through the Orient since last summer. Any institution may well be proud to have at its head a man so capable, so useful to the world at large, as Dr. Butterfield. While this very usefulness may force us to quite often share him with others, we appreciate his return all the more for that very reason, and realize our good fortune in having him for our president.

What the South Wind Blew In.

We are a bit uncertain whether we should print the following as an exchange or as a joke. The lack of a regular column for material of the latter sort has determined us to insert it here. The article is taken verbatim from the *Connecticut Campus* of Feb. 16, where it appeared appropriately in the *Megaphone* section. We might, and may yet if occasion arise, comment at length upon it. But it is our present desire only that our students and alumni should see what some others think of us. Their surprise and indignation may arise somewhat as ours did.

We, at Aggie, have always tried to keep a reputation for good sportsmanship and for fair treatment of visiting teams. We still believe that our visitors, when the Kappa Sigma bowling team consisting of Marshman, Sargent, and Minor, defeated the Theta Chi trio of Roberts, Noyes and Hunter. The other bowling contest was between Alpha Sigma Phi and Phi Sigma Kappa, the former being the victors. The Alpha Sig aggregation included Grayson, Lord and Higgin, while the Phi Sig three were Bartlett, Chase, and Garretson. At the same time a contest took place in the pool room, Kappa Sig winning two out of three 50 point games from the Kappa Gamma Phi team, consisting of Lane, J. Walsh, and P. Walsh. The victorious team included Cabill, Sargent, and Keith.

A combination of the last two, no matter how undesirable, is undoubtedly too commonly in evidence in all types of athletic contests, and no doubt may ascribe to an over intense feeling of friendly rivalry. In any contest, especially basketball, it is fairly easy to overstep the bounds of good sportsmanship, whatever the prompting motive may be. The success of any athletic contest, viewed from the angle of straight sportsmanship, depends to a large extent on the calibre of the official handling the game. On his decisions hinges the question as to the type of game played. If he is not keen enough or fast enough to follow the contest, players on either of the contending teams are naturally prompted to "get away with something". If they have the additional incentive of a coach's instructions to "rough it up" or to "get that man" or the ranking memory of a previous defeat, it is a certainty that a strict official is required to handle the contest. Not a man who has long ago passed the active stage where he can follow every play and every man at the same time. We cannot remember an instance where a basketball official on the Hawley armory floor made decisions which were protested by visiting teams. Nor can we remember a game which the referee allowed to get out of his hands. The management has always taken pains to see that a competent official be on hand to handle the game, usually bringing either Dillon or Brennan of Hartford, two of the strictest officials in the state. It has paid, for never has a visiting team gone away from the Hawley armory with the feeling that there would have been a different story if...!

The Aggie quintet on its return from the M. A. C. contest did not entertain fond memories of the encounter. Several of the squad bore body bruises that would have been considered legitimate only in a hard fought football game. Several incidents as related to Coach Tasker's quintet before they struck the drill hall of the Bay State institution were given little credence by the Blue and White followers, but during and after Saturday afternoon's fiasco, the viewpoint of the locals underwent a decided change.

Coach Tasker's charges are to be congratulated for their desire to play basketball on the highest plane. It will be a serious matter if the athletic relations between Mass. Aggie and Conn. Aggie should become strained because of the inability or lack of desire on the part of the Bay State officials to observe the tenets of sportsmanship when they are broken as consistently and openly as in Saturday afternoon's contest at Amherst.

POOL AND BOWLING

The first contest of the Interfraternity Pool and Bowling League took place last Friday evening, Feb. 24, in the basement of the Memorial Building, when the Kappa Sigma bowling team consisting of Marshman, Sargent, and Minor, defeated the Theta Chi trio of Roberts, Noyes and Hunter. The other bowling contest was between Alpha Sigma Phi and Phi Sigma Kappa, the former being the victors. The Alpha Sig aggregation included Grayson, Lord and Higgin, while the Phi Sig three were Bartlett, Chase, and Garretson. At the same time a contest took place in the pool room, Kappa Sig winning two out of three 50 point games from the Kappa Gamma Phi team, consisting of Lane, J. Walsh, and P. Walsh. The victorious team included Cabill, Sargent, and Keith.

CAMPUS CALENDAR

WEDNESDAY, MARCH 1.

3-45 P. M.—Assembly. Speaker, Pres. Kenyon L. Butterfield.

4-30 P. M.—Squib Meeting, Memorial Building.

7-30 P. M.—Basketball. Clark University at M. A. C.

6-30 P. M.—Social Union Entertainment, Bowker Auditorium. Mr. Thomas A. Daly of the Philadelphia Record.

7-30 P. M.—Dance, Floriculture and Market Gardening Club at French Hall.

SATURDAY, MARCH 4.

3-40 P. M.—Basketball. Bates at M. A. C.

Relay Race. M. A. C. vs. New Hampshire State at the Knights of Columbus Meet, Mechanics Hall, Boston.

SUNDAY, MARCH 5.

9-10 A. M.—Sunday Chapel. Speaker, Rev. Harry S. McCready, Wilimantic, Connecticut.

SUNDAY CHAPEL

Continued from page 1

vided artificially into childhood, youth, and manhood or womanhood; but in reality it is one continuous period. Each has its part to contribute to our life and cannot be hastily slipped over. There is a tendency to drop toward hastening maturity which, if not curbed will soon ruin manhood.

Taking the second factor, breadth, Mr. Evans asserted that most men's lives are too narrow. Every man's experience is far too limited. He made several suggestions for the broadening of one's life. Among them were that we should have more social contact with all kinds of people. He told of the case of two girls of the same age. One had had association with nearly every nationality and class of girls. The other had only the acquaintance of a few select friends and seldom mixed with others outside of her so-called set.

The former when she matured, opened out like a flower showing a heart that was sympathetic, good, and beautiful; the latter was still a tightly closed bud and was only half what she ought to have been. The speaker took Roosevelt as a fine example of a man who had greatly broadened himself by a large range of acquaintances. He knew senators and street loafers, cowboys and ministers; in fact, almost every type of man. This was one of the great reasons for his popularity. The speaker also showed how we could broaden our experience by reading books written by men of other countries. He demonstrated how, if one became deeply engrossed in some great cause, he would become interested in the whole world and not merely himself.

Even if we had the other two dimensions and did not have the height we should not be anywhere near well-developed men. As the lark rises at night and morn to sing his song on high, and as the eagle builds high up in the peaks of mountains, so should men look to things above. It gives one inspiration to live in the hills where one can look up and see the work of God. If one has this dimension of height he has an element of religion. Rev. Mr. Evans concluded with the fact that to live a perfect life one must have length, breadth and height.

PREXY'S RETURN-HOME SPEECH
IN FRIDAY MORNING CHAPEL

Prexy Butterfield was officially welcomed back to college by the students in Friday morning chapel, Feb. 24. Dean Lewis introduced the President.

The few words of greeting which the President spoke at this time were of a general nature. He expressed great satisfaction at being once more in the beautiful Connecticut Valley, for, like many others, he has not found any other region which has appealed to him as much as this section of the country. He also gave a few general impressions of China and the people whom he met there.

One of the things which impressed him most was the number of Aggie men scattered all over the parts of the world through which he has traveled. He admitted having a sense of pride in having had a hand in turning out such men as these. Prexy delivered to the students especially the many greetings of alumni and friends of the college which were given him to bring home.

THOMAS A. DALY OF PHILADELPHIA TO APPEAR HERE

Thomas A. Daly, poet and journalist, of Philadelphia, Pa., is scheduled to appear at Stockbridge Hall this Friday evening in a regular Social Union Course Entertainment. The subject which he will speak upon will be "Poets—Wild and Tame."

Mr. Daly attended Fordham College, getting his degree there in the eighties. For 30 years he has been in the newspaper business, first as a reporter for the *Philadelphia Record*, and later as Associate Editor of the *Evening Ledger*. He is now connected with the editorial staff of the *Record*. Since 1905 he has been widely known about the country as a lecturer, and more especially as a humorist.

Besides his journalistic work, Mr. Daly has been prominent also in literary circles, and is the author of several recent books. Among these are "Carmina," "Little Polly's Pomes," etc. As Mr. Daly is one of the foremost men in his line in the country, this lecture should prove fully as interesting as the many other entertainments which have been enjoyed in the Social Union Course in the past.

Y. M. C. A. CONFERENCE TO
BE HELD AT WESLEYAN

The Annual Conference of the Connecticut Valley Intercollegiate Missionary Union will be held Friday, Saturday and Sunday of this week at Wesleyan, and will be attended by about 15 M. A. C. students who are interested in this work.

The meeting was held last year at Yale. Speakers of note are provided, and the program includes illustrated talks on missions, speeches on diverse missionary subjects, and a banquet.

Alpha Sigma Phi announces the pledging of Walter M. Morris '24 of Philadelphia, Pa.

SIXTY COUPLES ATTEND
SATURDAY INFORMAL

Woodworth's Orchestra Presents
Pleasing Program of Dances.
Committee in Charge.

A very successful informal was held in Memorial Building last Saturday afternoon and evening. Miss Chase of Smith College, and Mrs. Roadhouse and Mrs. Cameron of Mt. Holyoke acted as chaperones. About fifty couples attended. The hall was prettily decorated with small palm trees and tables for four were placed down stairs, where supper was served by "Loh" Till. Woodworth's orchestra furnished the music, and there were 21 dances. Chairman Vinton and the Informal committee were in charge.

Y. M. C. A. NOTES

The third trip in the series of deputations by the Y. M. C. A. took place last week at Cushman. The affair was carried on in conjunction with a church snapper and proved a success. The men who represented the Y. M. C. A. on this trip were Tisdale '23, chairman of deputations, Blanchard '22, M. Murray '22, Warren '22, Noyes '23, Arrington '23, and Noyes '24. Besides a short play, there were cello and cornet solos, readings, and college songs. Plans are being made for more trips in the future.

The Community Service Committee, with its chairman, C. Raymond Vinton, is to give concerts in the hospitals in the vicinity of Amherst sometime soon.

Rev. J. E. Ward, of Oxford University, who has been giving a series of talks under the auspices of the Y. M. C. A. every Tuesday night on live and up-to-date religious subjects, will give his weekly talk next Tuesday, March 7, in the Memorial Building at 6-30 P. M. These talks are followed by a forum, and everybody is invited to attend the meetings.

NEW MEMBER OF FACULTY

Dr. P. J. Anderson has been transferred from the teaching staff to devote all his time to research work in the Experiment Station, as research professor of botany. This vacancy has been filled by the appointment of Dr. W. H. Davis, a graduate of New York State Teachers' College, Cornell University, who recently received his degree of Doctor of Philosophy from the University of Wisconsin. He was formerly professor of botany and agriculture at Iowa State Teachers' College. He will have charge of courses in microbiology and pathology in which he has thorough training and long experience.

MONDAY CHAPEL

In chapel last Monday morning President Butterfield spoke on Christian ideals as related to international relations. He said that the people of the Orient felt that, while Anglo-Saxons professed high ideals, they did not carry them out. It is our place to prove to them that we are sincere and just; that we will take no advantage and will not profit by the weaknesses of others.

MARRIAGE ANNOUNCEMENT

Mr. and Mrs. Oscar L. Clark announce the marriage of their daughter, Louise Gertrude, to Robert M. Hodgson on Saturday, Feb. 25, at Northampton. Mr. Hodgson is a member of the class of 1922 and also of Q. T. V. fraternity. He was in service during the World War, and after being honorably discharged worked as salesman for the Wear-Ever Aluminum Company for a number of months. He and his wife will reside in Northampton.

REVIEW OF HOCKEY SEASON

Continued from page 1

after a grueling tussle with the Bull Dog. By defeating the previously unbeaten West Point cadets, the team once again broke into the Hall of Fame. Another pair of games which looked good in our bag were the two with Amherst in which we were the victors on both occasions.

This year's season revealed some real stars on the ice, and led by Captain "Hubba" Collins the Aggie sextet more than made a name for itself. A real find was made in Jules Kroeck, who proved to be one of the best goal tenders in the Collegiate sport in the East. We lost four letter men by graduation in June: Captain Collins, Kroeck, Haskins, and Lyons, but with the remainder of the team here next year and the promising second string men, the future for next year's team looks bright.

Captain Collins proved the fastest man on the ice this year, and completely out-classed his opponents, both in carrying the puck and shooting goals. He is from Arlington High where he

made a notable record as a hockey player. His record here shows that he was a member of the Varsity hockey team both his Junior and Sophomore years, as well as playing Varsity football and baseball his Junior year. He distinguished himself in class baseball his first and second years and class hockey as a Freshman.

"Sharkey" Lyons, also from Arlington High, has made a name for himself by playing Varsity Hockey here all four years, and starting in as a member of his Freshman class hockey team before he was taken by the Varsity.

"Phil" Haskins, a graduate of Amherst High, not only played on his class baseball and hockey teams but was a member of the Varsity Hockey sextet in his Junior and Senior years.

Jules Kroeck from Huntington, Long Island, made an enviable record this year as a goal tender, having had no previous experience for his position. He has been somewhat of an athlete, however, in his four years with us, playing Varsity Basketball his Sophomore year, and baseball as a Sophomore and

Junior. He came here from Mt. Hermon.

"Shorty" Hodsdon, also a member of the Varsity this year came to us from Melrose High. He played Class Hockey as a Freshman and this year showed himself to be very capable of holding down a Varsity position.

Manning High School of Ipswich turned out "Doc" Gordon, who found his way to Aggie later to prove a very valuable man in Varsity Hockey. He was the Captain of his Freshman Class hockey team besides being a member of the Freshman Baseball team. He succeeded in making the Varsity Hockey team last year and was a first string man this year.

The fine condition of the rink made it possible for the team to practice every day under favorable conditions, and it was due partly to this fact that a team was turned out worthy of representing Mass. Aggie.

The team made a fine showing wherever it journeyed, and its games were conspicuous because of the clean style of play and the never dying fighting spirit

The Feed that is in every dealer's stock and is contained in every high producing dairy ration

BUFFALO CORN GLUTEN FEED is a standard product that can be obtained at almost any feed store. Dealers always carry a regular stock of it to fill the great demand of dairy farmers who wish to produce a large flow of milk from their cows.

There is no other feed that is as available as Buffalo Corn Gluten Feed, and whether you are mixing your own ration or having it mixed for you by the dealer, be sure you include it.

Other high protein feeds are scarce and some are out of the market now but not so with Buffalo Corn Gluten Feed. You have always had it and you will always be able to get it. It is the mainstay of every good dairy ration.

FLORICULTURE DANCE

On Friday evening of this week, the Floriculture and Market Gardening Club is to hold a dance at French Hall. It will commence directly after the close of the Social Union entertainment in Stockbridge Hall, which begins at 6:30. Tickets may be secured by students, faculty, and the public at the Alpha Gamma Rho House any time, and will also be on sale at the door Friday evening.

The Rev. Prof. Fleming James, Ph.D., of the Berkeley Divinity School at Middletown, Conn., will speak on "The Call to the Ministry" next Sunday at Grace church at 10:45 and at the meeting of the Young People's League in Grace House at 6. To the latter particularly all students are invited.

HOUSE DANCES

The Alpha Gamma Rho Fraternity held a Washington's Birthday house dance last Wednesday evening from 7:30 to 11. Seventeen couples attended and the house was decorated simply. Chaperones were Mr. and Mrs. Harlan Worthley and music was furnished by Tewhill and Dunbar.

There was a house dance at the Lambda Chi Alpha House on Washington's Birthday with 12 couples attending. Wood, Woodworth and Parker played and the chaperon was Mrs. Pray.

DEPARTMENT NOTES

New Course

Rural Engineering 52 is a new course for juniors which is to be given in the spring term for the first time. It is a general course dealing with field implements, water supply, lighting, sewage disposal, farm building, drainage and irrigation.

The course will be given as outlined in the catalogue, with the exception that no work will be given on gas engines. A somewhat similar course was given for the two year men last fall and in was found that sufficient time was not available for all the work that was outlined. In view of the fact that so many juniors and seniors elect a complete course on gas engineering (Rural Engineering 78), it has been thought best not to include any work on gas engines in course 52.

For the coming term the course will consist of three lectures and two 2-hour laboratory periods, this change being made necessary in order to fit into the schedule.

Botany

At the weekly seminar of the department of Botany held on Feb. 16, Prof. Osmon gave a talk on the "Native Ferns", which he illustrated by herbaraceous material. At the next session of the seminar on March 2, Prof. Osmon will talk on the same subject and will show stereopticon slides.

"Treatment of celery seed for the control of Septoria Blight" is a new bulletin reprinted from the Journal of Agricultural Research. These results were obtained by Webster S. Krout, assistant professor of botany at the college.

Pomology

Profs. Drain, Sears and Chenoweth were speakers at Littleton and Stowe, Middlesex County last week. This district is the foremost fruit growing section in the state. Talks were delivered on spraying, financing, pruning, soil management and fruit production.

The juniors in Pomology are now preparing for next year's judging team. They are practicing judging on fruit from different parts of the country.

Senior pomology students are studying collections of citrus fruits shipped direct from.

Agronomy

Profs. J. B. Abbot, C. A. Michels and A. B. Beaumont were in attendance at a conference of agronomists from ten of the eastern states held at Hotel Kimball, Springfield, Feb. 23, 24, 25.

The senior class in agronomy 77 is conducting some interesting experiments on the results of fertilizers on different soils in the greenhouse. Plants are being used as indicators.

FLORICULTURE CLUB

John W. Shirley, a prominent market gardener of Methuen, entertained about 50 at the bi-weekly meeting of the Floriculture Club on Tuesday evening, Feb. 21. His subject was "Developing a market garden to take care of a local market." On Tuesday, March 7, all members of this club are invited to be present at Mr. Sinclair's range at Holyoke, where the regular meeting of the Northampton and Holyoke Florists' and Gardeners' Club will be held. Mr. Shirley, who has been in the business for many years, told the club some of his experiences and some of

the unavoidable things which a business man runs up against. One point he made—"Don't work on Sunday: I have tried both plans," he said, "and have made more money by resting on Sunday than by working seven days a week." Mr. Shirley also advised sticking to the standard crops, and told some of the methods which he uses in growing them. He is in excellent physical condition, and believes that this is the only way to make a success in life.

'03.—F. G. Bartlett is Superintendent of the Forestdale Cemetery in Holyoke, Mass.

What Is Water Japan?

JAPAN—not the country but a metal-coating varnish—and your morning bottle of milk. Totally unlike, yet associated!

Ordinary japan consists of a tough, rubbery, tar-like "base" and a highly inflammable "solvent." The solvent dilutes the base so that the metal may be coated with it easily. The presence of the solvent involves considerable fire risk, especially in the baking oven.

Milk is a watery fluid containing suspended particles of butter fat, so small that one needs the ultra-microscope to detect them. An insoluble substance held permanently in suspension in a liquid in this manner is in "colloidal suspension."

The principle of colloidal suspension as demonstrated in milk was applied by the Research Laboratories of the General Electric Company to develop Water Japan. In this compound the particles of japan base are colloiddally suspended in water. The fire risk vanishes.

So the analysis of milk has pointed the way to a safe japan. Again Nature serves industry.

Connected with the common things around us are many principles which may be applied to the uses of industry with revolutionary results. As Hamlet said, "There are more things in Heaven and earth, Horatio, than are dreamt of in your philosophy."

MAROON AND WHITE WINS NINTH CONSECUTIVE GAME

Season Closes with Win from Bates. Tunney Scores Heavily. Al Smith Plays Well in His Last Game.

The Aggie basketball team took the Bates aggregation into camp on the Drill Hall floor Saturday afternoon, to the tune of 31-22 in the last game of the season. Bates arrived here buoyant after a win over Clark University at Worcester the night before, our recent victims also, and the visitors looked good until they ran up against Captain Hank Gowdy and his team mates.

The game opened with some fast pass-work by both teams, and Al Smith was the first to break the ice with a shot which wavered and finally fell in. With only five minutes of play Bates sent in a fresh man but to no avail. The Aggie team had got under way and there was no stopping them. It was evident from the first that the visitors were out-classed both as to shooting and pass-work, and they were never in the lead. Perkins, the "big man" about whom the Bates team seemed to be built, was closely guarded by Hank Gowdy and only dropped in three from the floor and six from the foul line.

Continued on page 5

BASKETBALL RECORDS SHOW 11 WINS IN 15 GAMES

Gowdy, Smith, Roser, and Thompson Will be Lost by Graduation. Bike Has Two Years to Play.

With the victory last week over Bates College the M. A. C. basketball team wound up as successful a season as an Aggie five has ever been through. Nine straight victories were run up in a row, and there were no signs of slackening the pace up to, and including the final tilt.

The record of eleven won and four lost, coupled with the fact that every team on the schedule except Harvard, with whom there was no return game, fell before the Maroon and White, and that not a home game was lost, with 301 points for and 394 against, reveals the strength of the quintet.

The victories over Wesleyan, Williams, Connecticut Aggie, Trinity, and

Continued on page 2

RELAY TEAM LOSES FAST

RACE BY ONE YARD

M. A. C.'s relay team was defeated by about a yard last Saturday at the K. of C. meet in Boston by Boston University. It had been expected that the team was to be matched in a return engagement with New Hampshire State, but at the last minute it was found necessary to substitute B. U.

In this race M. A. C. did not draw the pole, but took the outside of the track. Capt. Sullivan started for M. A. C. with Mathewson for B. U. Both men started well, but Mathewson forged ahead and handed Tobin a four-yard lead. MacCready, second man for M. A. C., caught up with him and passed him.

Woodworth started two yards ahead of B. U.'s man, but was unable to hold, and Robertson took the lead. Acheson, M. A. C.'s anchor man, started two yards behind Woodward of B. U., and although he caught up with him he could not get past him. The last half of the last lap was practically a neck and neck race between the two men, and Acheson was thrown out only at the last turn on which he was on the outside. Woodward succeeded in crossing the line just one yard ahead of him.

M. A. C. entered in two other events. Bent and Sullivan were in the trial heats for the 40-yard handicap race. Sullivan won his heat but lost in the semi-finals.

MacCready placed third in his trial heat in the 600-yard handicap run. He was just nosed out of third place in the final.

The lineups of the relay race: B. U. Sullivan, MacCready, Robertson, Woodward. M. A. C. MacCready, L. S. Woodworth, Acheson. Time—3.17 4-5 minutes.

PREXY AT ASSEMBLY GIVES "SOME PICTURES FROM CHINA"

Striking Reminiscence of Peking and Other Places of Interest Heated.

In assembly last week President Butterfield gave a very interesting talk on "Some Pictures from China." His talk was a resume of some situations which he had seen, and showed a few of the problems and characteristics of the Chinese situation.

On his entrance into China "Prexy" rode on a train made entirely in the United States but owned, managed, and run by Japanese. The business sections of the cities were also under Japanese influence and gave the impression that Japan has no intention of quitting Manchuria. It is well rooted there and has every aspect of permanence.

THIRTEEN M. A. C. PEOPLE AT WESLEYAN CONFERENCE

Banquets and Entertainments Add to Conference of Missionary Union.

The 20th annual convention of the Connecticut Valley Intercollegiate Missionary Union, which thirteen Aggie students had the privilege of attending, was held March 3d to 5th at Wesleyan University.

There were nearly three hundred delegates, present, representing Yale, Hartford Theological Seminary, University of Vermont, Williams, Smith, Mt. Holyoke, Trinity, M. A. C. and Wesleyan, also many foreign Christian colleges.

A well chosen program of speakers was successfully carried out; China, Japan, India and the Near East were all represented. A business meeting was also held, and officers elected for the coming year.

The annual banquet was held in the Wesleyan gymnasium, and was enlivened by college songs by the whole crowd and by the various quartettes and after-dinner speeches. Following this was an illustrated lecture on China, given by Dr. Wood of the Methodist Board of Foreign Missions.

Throughout the conference the spirit of earnestness and of international brotherhood dominated. The basis of this conference, was "Every man is my brother," and as David Owen of the Student Volunteers Movement said, "Upon us students is to fall the responsibility of rebuilding the world, and . . . the greatest force in rebuilding is Christian missions."

Those attending from M. A. C. were Prof. Gny Thelin, Tucker '22, Ruth Harder '22, Chase '24, Cromack '24, Alice Thompson '24, Langenbacher '25, Ward '25, Burhoe '25, Cassano '25, Church '25, Elizabeth Coleman and Faina Tholin.

STRONG WESLEYAN FIVE DEFEATED IN 35-19 GAME

Marshman, Smith and Gowdy Play Hard Against Nutmeg Team.

The Mass. Aggie quintet won a decisive victory over the fast Wesleyan five last Tuesday evening in the Drill Hall, burying the visitors with a score of 35-19. The game was fast and well-played, but the Aggies went the best of the season and kept the Nutmegs well in the rear. The M. A. C. passwork and shooting were exceptionally good and the team went like clockwork, seldom missing a try at the basket. Under the aggressiveness of the local attack the Nutmegs were powerless, and only their spirit and fight kept them in the game.

Wesleyan scored the first floor goal in the first minute of play, the ball being snapped quickly into the basket, but the Aggie team did not remain scoreless long before Marshman easily passed through the defense unguarded and evened up the count. Not content with that, he tossed in another, giving M. A. C. a two-point lead. Robertson and Tunney then took the floor and after several free tries the score stood five all. Marshman broke the deadlock soon after by punching one in after a try for a foul, and thereafter Wesleyan was forced to remain in the rear. At this stage in the game the Aggies found their stride and drew rapidly away with a good healthy lead. They were especially good on the long shots, Marshman and Smith dropping in several with surprising accuracy from mid-floor and the side-lines. Hard, snappy passwork made the game fast and interesting, and at the end of the period M. A. C. stood in possession of a substantial 12-point margin, the score-board showing 24-12.

Gowdy opened up the second half with a swift rush down the entire length of the floor, stopping only after heaving a neat one through the hoop. Tunney followed with a long goal. The ball remained in the home team's hands for several minutes during this time, Mike breaking through for a basket and Tunney successfully caging a foul. The ball continued to speed

Continued on page 2

ROISTER DOISTERS

"Clarence", the Prom show this year, is running along very smoothly at present. Prof. Rand is very well pleased with the rehearsals. However, there is a flaw in the routine. Earl Weatherwax, who plays the part of Mr. Wheeler, has been taken ill with scarlet fever, and will be unable to appear in the part. Manager Lindskog and Coach Rand are still searching for the "right man" who can fill the vacancy. By all appearances, the show will be a "scorcher."

WESLEYAN DEFEATED

Continued from page 1

around, but with no results. Toward the late end of the game the hard playing began to tell on the Aggie five and, with the score standing 34-15 in favor of his team Coach Gore sent in the whole second team. Wesleyan picked up slightly and scored twice in quick succession after which they were held by the Aggie defense. The game ended with the score 35-19. Marshman was the high scorer of the evening, totaling five baskets as his share. Smith was a close second with four, while Timney, Gowdy, and Bike played a fine game in their respective positions.

BASKETBALL REVIEW

Continued from page 1

M. I. T. put M. A. C. among the top-notchers, and though Coach Gore is not claiming any New England Championship for the team the basketball solons will have to reckon without our record when they make the awards. The team lost four games within a period of two weeks, early in the season, then cleared up everything in sight. Wesleyan had won over Brown and Stevens before they came here, and Connecticut had beaten Brown, Army, Harvard, and had defeated the remarkable Springfield team on the eve of their swamp-land here. At Williams the correspondent called the Aggie-Williams tilt the fastest game on the court this year. Everywhere the five went they were rated as a clever passing team, with excellent shots and formidable defense, and everywhere they gained a reputation as a clean, sportsmanlike aggregation.

The five regulars all hail from the Connecticut valley, within a radius of 20 miles from the Drill Hall, and they have had the name of the All-Valley five.

Captain Carlyle H. Gowdy of Westfield is rated as one of the best defensive backs in the East. For two years he has been placed on the second All-New England, and his splendid exhibition this season should give him a berth on the first team. Men like Alexander of Connecticut, and the famed Wesleyan Robinson found Hank a man hard to slip past. Not a high scorer, Hank set up a record for himself when

he dropped in two twin counters in the Connecticut game.

Albert W. Smith, the speedy left forward, hails from Easthampton. He scored in every game this year and has played in every varsity tilt for the past two seasons. His consistent work should make him also a contender for All-New England honors this year. He was the lightest man on the team but his speed and vitality, coupled with sure passing and an eagle eye for the hoop made him valuable in the offense.

Wilbur Marshman, the tall Springfield center, played in every game and was one of the cleverest floor workers on the quintet. His tap-work started play properly, and in spite of being the shortest center on several occasions, he was usually the first to reach the ball. Willie has been with the five for two years now, and has been improving all the time.

Malcomb Timney, known here only as Ed, spent his first year on the varsity this season and was high scorer for the team. His work at forward was splendid, and his floor shots and free tries were valuable in every game. Next year's team will have a good scorer in this burly chap from Deerfield Academy and Greenfield.

Edward Bike, from Westfield, filled the other backfield court. Head Captain Gowdy have both been captains of the Westfield High School quintet before coming to Aggie. His most signal performance of the year was holding Alexander of Conn. Aggie scoreless in Storrs. He is a consistent scorer, having netted over 20 baskets, this season while always playing a splendid defense game. Eddie is only a Sophomore and has the best days of his hoop career ahead of him.

George Thompson of Lenox and Conrad Roser of Glastonbury, Conn., were the two first-string Senior subs, and both men got into a majority of the games to do effective work.

The individual scoring of the team follows:

Games played	Baskets	Fouls	Totals
Timney, 15	43	70	156
Smith, 15	40	9	80
Marshman, 15	32	5	69
Bike, 15	23	0	40
Gowdy, 14	4	0	8

Although the Aggies lose two players of All-New England calibre in Captain Gowdy and Al Smith, prospects for next year look good. There will be three of the original five left and the Freshman class with two teams, one of which won eight out of ten games and the other the class championship, will offer some good material. Both Juniors and Sophomores have some good men who should contribute towards a successful season next year.

FLORICULTURE DANCE

The dance held by the Floriculture-Market Gardening Club last Friday evening, March 3, in French Hall, proved to be an enjoyable as well as a successful affair. About 25 couples attended, mostly students of the four-year and two-year classes. Dancing was from 8 to 11.

An interesting feature of the evening's entertainment was the arrangement of card tables in the adjoining room for the benefit of those who did not dance. Room E, at the end of the building, was used for dancing, and was artistically decorated with palms and flower arrangements. The music for the occasion was given by an orchestra composed of Fuller '23, Towne '23, Arrington '23, Kingston '25, and Carlson, 2 yr.

by the Campus entrance.

VARSITY REPEATS ITS SCORE OF THE NIGHT BEFORE

"Eddie" Bike at Guard Scores Five Floor Floor Baskets and Marshman Outplays Smith.

The Aggie quintet made a record of eight consecutive victories last Wednesday when it ran up a score of 35-19 against Clark in the Drill Hall. This was the second time in two nights that the Maroon rooters had watched their team pile up the score and come out victorious to the tune of 35-19. The game was fast and hard but the superior team-work of the locals kept them safely in the lead.

The game opened with a foul shot by Marshman. After a few minutes of fast passing "Eddie" Bike broke swiftly down the floor and caged a double counter. Three fouls by Fowler of Clark and one by Marshman saw the Aggies leading with a one-point margin, 4-3. Willie was going well in his foul shooting but the Clark defense was good and their men followed the Aggies like shadows. Marshman finally broke away and scored a nice shot from the floor which he followed by one from the foul-line. Then came some of the cleverest floor-work of the evening, broken only by Fowler's two free tries. Timney raced down the entire length of the floor and, receiving the ball from Marshman at the crucial moment, sank one for two points. But a minute later Bike sped down the floor for one of his numerous baskets. The Aggie machine was working at its best. There was no hitch and no hesitation. Team-work seemed uppermost in the minds of the men and they were feeding the ball to one another with startling regularity. Willie scored and Bike came through for a second time before Clark broke up the scoring with a foul shot. Here "Tommy" Thompson entered the game and a moment afterward he fed the ball to Marshman for another score. Willie was easily starring and a minute later Timney returned to the game to score another. The two bywords of the Maroon and White aggregation—speed and fight—were being followed to a T. Passing was systematic and shots were true and following in was good. At the end of the first half the score stood 20-9 in favor of the local team.

The second half started speedily and Bike scored a one-bander almost immediately. Clark scored and Willie made a foul shot. Bike, playing a whirlwind game, scored again on a long, true shot. Clark warmed up and shot three fouls in succession. They were playing hard and sticking out better than could be expected with the score so one-sided. Timney, neatly eluding the defense, scored again and "Kid" Gore started sending in substitutes. Kane scored almost at once on a pass from the side, making the score 24-17. Barrows followed with a pretty one and "Dane" Grayson made a sensational double-counter from the side after some fine passwork. The game was interesting and both sides were playing hard. The entire first team came back in at this point and Al Smith scored a basket just before the final whistle. Marshman and Bike were the stars of the game for Aggie, Willie entirely

outclassing his opponent who had been spoken of for all-New England honors. Bike, although playing at guard, was next to high scorer with five floor baskets. The whole team went like a house afire and showed the results of careful training and hard practice.

INTERCLASS MEET IS SCHEDULED FOR MARCH 18

Steele '24 is in Charge of Entries for Meet to be Held on the Track and in Drill Hall.

The annual indoor interclass track meet will be held in the Drill Hall and on the board track, Saturday, March 18, at 2 P. M. Following is the order of the events:

25 yard dash
Running high jump
300 yard dash
Mile run
600 yard run
Shot put
Standing broad jump
1000 yard run
2 mile run
Freshman-Sophomore relay
Interclass relay finals

Numerals will be awarded to winners of first and second places, and in case of a tie for either of these places, both men will receive their numerals. Points will be awarded to winners in the ratio of 5, 3, and 1, and will count toward determining the winning class.

The interclass relay races will be run off at some time prior to the meet, and the three highest teams will score in the meet in the ratio of 10, 5, and 3. These races will begin the last part of this week.

The Freshman-Sophomore race is a numeral contest and is entirely apart from the other interclass races.

Steele '24 is in charge of the entries. Adair is the two-year manager. Percival is the Sophomore manager. The other classes have not elected managers.

Entry fees will be charged the contestants at the rate of 25c for the first entry and 10c for each additional entry, in order to help defray expenses.

POOL AND BOWLING

Last Thursday evening the Lambda Chi Alpha and the Alpha Gamma Rho fraternities staged a pool contest, the former's team, consisting of Barrows, Bent, and Johnson being victorious over Schaeffer, Isaac, and Sellers, the Alpha Gamma Rho trio. At the same time, Sigma Phi Epsilon's bowling team consisting of Collins, Baker, and Thompson decisively won from Buck, Alger, and Carrier of Alpha Gamma Rho. Later in the evening, Lambda Chi Alpha was again victorious, this time their bowling trio consisting of Steele, Barrows, and Nicol, winning over Macanley, Whitaker, and Bilski of Q. T. V.

Immediately after the Social Union entertainment Friday evening, Kappa Gamma Phi's bowlers, Lane, Barteaux, and Wentsch defeated the Kappa Sigma team: Marshman, Minor, and Sargent, while their "pool sharks" P. Walsh, Borgeson, and J. Walsh defeated the Q. T. V. "Willie Hoppes", Hilyard, Barnard, and Darling. The last contest of the week took place the same evening when the Theta Chi trio of Roberts, Richardson, and Noyes beat the Phi Sig team of Garretson, Chase, and Hale.

ARE YOU THE MAN?

We are looking for a particular type of man who is inherently honest; who has a good personality and who is willing to work. For such a man we have a summer position that will pay his college expenses for the coming year.

A Gentle Reminder.

Of course, it gets monotonous after a little while to hear the old refrain of "Pay your Memorial Building pledge" dinned in our ears for the ninth time. But it seems that, oftentimes, bad things, as well as good, bear frequent repetition. Psychologists agree that many of us do not realize that a thing is true until it has been brought to our attention repeatedly.

The fact before us now is that about \$2000 is now overdue on Memorial Building pledges, from the Senior, Junior, and Sophomore classes. 1922 is behind \$543, 1923 behind \$972, and 1924 behind \$471. That may not seem like a large amount to the classes involved, but with interest on \$33,000 note due the eighth of March, and a \$1200 bill due the contractor also, the delinquency reveals itself as more serious.

Money is scarce everywhere. That is a true and ancient statement. It is even rumored that Noah found it hard to float the Ark project because of this very trouble. However, with the Memorial Building Committee short of funds to meet these pressing debts, and with the necessary cash available only in overdue pledges, we, as students, should come across to the best of our ability.

If the "Class Appeal" is not worn out already, we might use it again and urge that each of the upper classes try to reduce the unpaid amount opposite its name. Advance payments would doubtless also be acceptable. It all boils down to this:

Money is needed. We honestly owe the money. How about it?

Something to Do During Vacation
Vacation will soon be here again, and all of us are planning to go back and look over the "old home town" once more. While on the campus, it is the fond boast of every Aggie man that he is always on the alert to "Boost Old Aggie" in every way possible.

In a couple of weeks, we shall have an opportunity to do a little boosting off the campus. It should be deemed a

LAST FRESHMAN GAME A WIN FROM WILLISTON FIVE, 34-19.

Samuels, Sullivan and Mead High Scorers in Fast Game Wednesday.

The Freshman basketball tossers won their final game of the season from Williston Academy by a score of 34 to 19 in the Drill Hall last Wednesday afternoon. The first half was very fast, the Williston team keeping close behind the Fresh players. The second half, however, was a walkaway for the local boys, and they ran up fourteen points while their opponents scored but five.

Samuels was the high scorer for the home team, making five goals from the floor and two from the foul line. Sullivan and Hurley followed close behind with five and four baskets from the floor. Hurley was exceptionally fast, running down the side lines and looping them in clean. Seaver played a steady game at back and broke up a lot of the Williston passing.

Mead was the chief mainstay of the Williston team. He played all over the floor and kept things busy for the Fresh backs. Most of the scoring of the visiting team was done by him, as he shot six from the floor and three from the foul line. Strong, playing at center, dropped back to a guard position and did some very effective work.

Let Us Be Thankful.

There were posters about the Memorial Building asking that certain ordinary rules of conduct should be observed by the students while within the building. These posters have been taken down by the management of the building because of the seeming obnoxiousness of their contents. However, many of the students seem to have forgotten some of the requests, especially one, "Please remove Hats." This is a simple yet reverent thing to do. And it should be remembered that the basement, the game rooms, and the store are all a part of the Memorial Building. But let us be a little more thoughtful!

In Contrast.

In regard to our recent basketball contest with Williams a bit of favorable comment has reached our ears which we feel it is our duty to the team to pass on through these columns. Dean Lewis, a Williams grad himself, was given to understand by a Williams undergraduate, who voiced the general opinion of the student body there, that the Aggie-Williams contest was the hardest, cleanest game played on their court thus far this season—a fine exhibition of good sportmanship. This does not seem to jibe with the report published in the Connecticut Campus several weeks ago.

HOUSE DANCE

Last Saturday afternoon, Kappa Sigma held its first house dance of the year. Twenty couples attended, dancing starting after the Bates basketball game, and continuing until 9:00 p. m. The chaperones were Miss Chase of Smith, and Mrs. Cameron of Mt. Holyoke. Refreshments were served during the dance, and music was furnished by Woodworth's Orchestra.

SOPHOMORES ELECT SOPH

HOP COMMITTEE MEN

The Sophomore class has elected the following members for the Soph-Senior Hop Committee: Richard S. Gifford of South Westport, Elliot G. Goldsmith of Brookline, Perry G. Bartlett of Holyoke, Charles J. Tewhill of Florence, Robert H. Woodworth of Newton.

ANIMAL HUSBANDRY NOTES

Guy C. Smith of the Commercial Research Department of Swift & Co. of Chicago, Ill. will be with us on Monday and Tuesday, March 13 and 14 to give the following talks:

Monday 8-15 A. M.—Auditorium Stockbridge Hall, "Some Fundamentals of the Meat Industry."

10-15 A. M.—Clark Hall, Room B, "Some Fundamentals of the Meat Industry."

6-15 P. M.—Auditorium Stockbridge Hall, "The Relation of the Price of Meat to the Price of Livestock."

Tuesday 8-00 A. M.—Filt Laboratory, Room M, "The Merchandising of Live-stock Products."

9-15 A. M.—Clark Hall, Room B, "The Merchandising of Live-stock Products."

Mr. Smith has made a thorough study of all the phases of the beef industry and will give some very interesting lectures.

This schedule has been arranged to accommodate the majority of students in Animal Husbandry, Agricultural Economics, and Dairying courses. Other students and the general public are cordially invited to attend any of the lectures. The one to be held at 6-15 Monday evening, will be of special interest to the general public.

Also, tonight at 7-30 in Stockbridge

Hall the Animal Husbandry Club has the pleasure of listening to Dr. W. W. Williams, D. V. M., of Springfield, who will give an illustrated lecture on "Contagious Abortion in Cattle." This lecture is the last of the term's series, and should be of especial interest for those wishing to go into cattle raising. The talks so far have been of much interest, and much gratitude is due the president of the club for what he has done. It is hoped that next term other interesting speakers may be present to give us further ideas of Animal Husbandry. Everyone is cordially invited to the lecture tonight.

Repeats

Frankly, the real reason why we continue season after season to feature HICKEY-FREEMAN CLOTHES instead of concentrating on cheaper lines, is that we want to sell you a second time. The fact that these suits are supplying the insistent demand for clothing, that in no way resembles ready-to-wear, makes them put it all over any other suits like the proverbial tent.

BATES GAME

Continued from page 1

His favorites were long shots, but he was wild and was never a dangerous man. Although the play was fast at times, the numerous off-sides tended to slow it up somewhat. The first half ended 14-6 in Aggie's favor.

The second period opened with a rush, like sinking a pretty long shot followed by Perkins, with two in succession in as many minutes. The game began to show speed once more and with fast passing by both sides the ball was kept in the middle of the floor most of the time. With 12 minutes to play Coach Gore sent Roser and Hale in to replace Smith and Gowdy, who were given a 10 minute rest before returning for a final sprint. With only a few seconds to play Al Smith dropped one in clean from the side lines which brought the scoring to a close.

Willie Mathison did good work for Aggie on the offensive and succeeded in getting the jump on his man in the tap-off almost continually. Ed Tunney maintained his previous enviable record by contributing 13 points toward the final score. Captain Gowdy and Al Smith played their last game for Old Aggie without a flaw and the two were the mainstay of the team. In them Aggie has found two men of sterling worth and exceptional athletic ability in basketball and they will be sadly missed another year. Eddie Bike also did his share in defeating the visitors for his two pretty baskets and his guarding were features of the game.

For Bates Perkins was the high scorer, and was the man who attempted a rally in the last half by his fast play and clean shooting. Luce, the rancor center, also did well, shoving two from the floor.

Summary:

M.A.S. AGGIE.	BATES.
Tunney, Harrows, lf	lb, Woodman
Smith, Roser, lf	rb, Davis

PRESIDENT AT ASSEMBLY

Continued from page 1

Another striking feature was the competition for livelihood. Every shop seemed to hire more clerks than could possibly find work there and on the streets there was the greatest possible competition between the freight coolies and between the rickshaw coolies to get work which would net them a few coppers at the most. There are 30,000 rickshaw coolies in Peking alone.

Hard methods of labor are prevalent in China. Freight is drawn almost entirely by hand, and human toil is very cheap. Ancestor worship is another impediment to advance. Graves are to be seen in the middle of the most fertile land and they may not be desecrated. Millions of such graves are scattered

helter-skelter over the country in places where crops could be grown or buildings erected. Until this attitude toward ancestors is changed there can be no rapid progress.

President Butterfield next spoke of the city of Peking. He said, "If you are ever in China and are master of your own time, go to Peking and stay there as long as you can. Most travelers agree that it is the most interesting city in the world." He said that part of the interest was caused by the fact that until after the Boxer uprising the city had been a holy place and entrance had been forbidden to foreigners. The city has evidences of a grand style; it is spacious and big, with beautiful buildings. There are, however, evidences of decay. He quoted Ross as saying that the Great Wall was the greatest single work of man. It is 1500 miles long and from 20 to 30 feet high. At short distances there are towers, and the whole thing was planned to give the greatest possible protection to soldiers on duty there. The wall goes over mountains and down into valleys, parts of it being at an elevation of 4000 feet.

The crowding thing in Peking is, however, the "Temple of Heaven." Here the emperor (supposed to be the representative of God on Earth) would pray for the people on the "Altar of Heaven." Bland speaks of this temple as "Earth's most delicious 'Song Without Words.'"

President Butterfield closed his address with a poem written at the Temple of Heaven.

FRESHMEN WIN 8 GAMES OUT OF 10 ON SCHEDULE

Basketball Season Highly Successful Team Shows Good Material.

The Freshman basketball team closed a very successful season with the Williston game on Wednesday, March 1. Their schedule included some of the best teams in the western part of the state and they came through with eight wins out of ten starts. The speedy minutes from Ames Academy and Deerfield Academy were the teams that won victories from them and both these contests were rather hard fought. The Fresh scored 251 points against 130 points scored by their opponents, and most of their games were won by more than ten points.

Samuels has been the high scorer of the team through the season. He has an eye for the basket and shoots while going fast down the floor. He has added many points to the score by his shooting from the foul line. Sullivan has been a consistent scorer in every game. He is a fast man on the floor and keeps a guard busy trailing him around. Simmons has given the team a great advantage by getting the tap nearly every time at center. Although he has not done much scoring he covers a lot of ground guarding, and can pass well.

Hurley played a fast game as a running back and many times raced down the sidelines to score. His speed also helps him to keep a close trail on the forward he has to cover. Seaver has

been a tower of strength in covering the floor under the basket. His steady playing has prevented a good many baskets against the Freshmen. Cahill and Hale have been two good substitutes that the coach could depend on for almost any position.

Summary of the Games:

	Freshmen	Opps.
Hopkins Academy,	31	11
Greenfield High,	18	12
Turners Falls High,	33	5
McLane Silk Co.	32	13
Amherst High,	40	13
Sacred Heart High,	14	0
Ames Academy,	4	12
Deerfield Academy,	21	27
Bridgewater High,	24	12
Williston Academy,	34	19
	251	130

Rev. J. E. Ward will deliver the last of his series of lectures on "Vocation" Tuesday evening, March 14, in the Memorial Building at 6-30. This talk will bring to a close a successful series of Bible discussions conducted by Mr. Ward through the winter.

UNITED STATES EXHIBIT IN STOCKBRIDGE HALL

Last week, Feb. 28-Mar. 4, in Room 20, Stockbridge Hall, was held a most interesting exhibit of the United States Department of Agriculture. It was open from 9-00 A. M. until 5-00 P. M. each day. The subjects dealt with were:

Standardization of Shipping and Market Containers.
Market Classes and Grades of Livestock and Meats.
Apple Storage Houses.
White Potato Storage Cellars.
Sweet Potato Houses.
Standard Refrigerator Cars.
Federal Grain Standards and Grading.
Proposed Standards for Wool, with an exhibit of manufacturing processes.
The exhibit was to show the work of standardizing and grading that the marketing division of the Federal Department is carrying on in many agricultural commodities.
Following the student assembly

another activity of the department was pictured in a human interest scenario. The film, "Out of the Shadow," depicted the Federal Government's accredited herd plan for the eradication of bovine tuberculosis. The film was the story of one dairy farm and showed how the disease was discovered after it had infected one-third of the herd, and the daughter of the owner, besides causing heavy losses to swine and poultry, all infected from milk of tubercular cows. The sequel to the first discouraging inspection was the building up of a disease-free herd under Federal supervision, and finally the certification of the herd by the Government as made up of tested and proved healthy cows. Even the consumptive daughter recovers and the baby grows up on milk from safe cows.
Another film, "Uncle Sam, World Champion Farmer," gave a panorama of the vast agricultural resources of the country, and showed typical scenes of processes in the production of the important American crops.

TOWN HALL

(On the following afternoon at 4-30 three other films were shown: The first being "Clond Bunting" (a scenic picture); the second, "How and Why of Spuds," in which was shown the up-to-date methods of potato culture as used in Maine; and the last, "Exit Ascaris, or Roundworm in Pigs." These three lectures were very interesting and showed things which few knew about, thus giving new ideas to many. A member of the Federal Department was in daily attendance at the exhibit, explaining what was on show.

PROM NOTICE

The Prom committee has signed up Bert Lowe's orchestra from Boston. Prelims are going fast and Juniors intending to go should plan to get them before they go on sale for the college in general on March 15th.

Keeping faith
with the
SMOKER

Our lifelong knowledge of choice tobaccos, our years of manufacturing experience and our up-to-date facilities are concentrated on making CAMELS the finest cigarette that can be produced.

Into THIS ONE BRAND we put the UTMOST QUALITY. A better cigarette cannot be made—even for a higher price.

CAMEL is THE QUALITY CIGARETTE—made for men who think for themselves—for folks who appreciate really fine tobacco.

ONE BRAND—ONE QUALITY—ONE SIZE PACKAGE.

That is the way we keep faith with the smoker.

JAMES JACKSON TALKS
BEFORE STUDENT BODY

State Treasurer Expresses His Views
of Present Day Problems
of Government.

State Treasurer James Jackson in his address to the student body last Wednesday at Assembly, warned the public against increasing the responsibilities placed upon the state and national governments.

Mr. Jackson said that we as a state and a nation are placing too many details, that could more readily be managed by private concerns, under the management of the government.

Taxes have increased more than 100 per cent in the last decade; and while much of this is due to the growing inefficiency of our state and federal governments, the greater part results from the growing responsibility placed by the people upon the government.

Upon the college men of today is placed the burden of taking charge of the state and national affairs, and of so arranging them that many of the enterprises now directly responsible for high taxation will be managed by private concerns that are capable of taking charge and relieving the state from the burden.

In Washington at this time there are 80,000 bureaucrats who tend to make our national government of such a complex nature that no man or body of men can hope to understand it sufficiently to use the system to the best advantage of the country. American governments are facing this condition and must find a means of remedying it if we are to come again to a condition where everyone is to live as comfortably as possible, or in other words, to prosperity.

Mr. Jackson emphasized the fact that New England states are paying more than their fair share of government expenses and are receiving less than their due in government improvements.

In particular, he protested against the Shepard-Towner bill which will allot money from Federal funds for the benefit of education in the state, but would also place the control of education too much with a Federal bureau.

To the individual belongs the responsibility of making his government efficient and of thus increasing his own benefits and stimulating the prosperity of the entire country.

JUNIOR CLASS MEETING

Last Wednesday after assembly, the Juniors held a class meeting. Lewis E. Dickinson was elected class track manager. A tax was levied on each man to help support the 1923 Index.

16.—Fred L. Barnes has moved from Plymouth to 112 Auburn Street, Cambridge, Mass.

VARSITY DEBATERS TO MEET
R. I. S. C. HERE THURSDAY

Affirmative Team to Debate at Storrs
Against Conn. Aggie Team on
Same Date, Mar. 16.

The first debate of the M. C. R. I. Debating League will be held tomorrow evening, at 7-30, in the upper hall of Memorial Building, M. A. C. vs. Rhode Island State College. The subject for debate is, Resolved: "That the Philippines should be granted their independence within two years."

The negative team representing Aggie will debate with the affirmative of Rhode Island State at Amherst. The speakers for M. A. C. are Sandow, Gamzine and Batal. Goldstein will be the alternate. The speakers for R. I. S. C. are Walter B. Davis '23, A. C. Sprague '23, and T. E. Geary '23, captain. The alternate for the affirmative will be John V. Tower. The coach for R. I. S. C. is Prof. Herman Churchill, while the Aggie coach is Prof. Walter E. Prince.

Dr. Kenyon L. Butterfield, president of M. A. C., will be the presiding officer. The judges are Ray Stannard Baker, George B. Churchill and Walton H. Hamilton of Amherst College. The length of speeches agreed upon is ten minutes for the main speech and six minutes for rebuttal.

The affirmative side, consisting of Abraham Krasker '22, captain, Gordon H. Ward '25, Carl E. F. Guterman '25 and Walter M. Dimock '24, will journey to Storrs, Conn., where they will compete with C. A. C. to argue the affirmative side of the question.

MRS. BUTTERFIELD SPEAKS
AT Y. W. C. A. SUPPER

Mrs. Lewis and Mrs. Rand Also
Guests of Co-eds at Adams Hall.

Last Sunday evening the Y. W. C. A. held a very interesting meeting in the living room of the Adams dormitory. Supper was served by the Social Committee. Ruth Hurdler, who was a delegate of the Association to the recent Missionary Conference at Wesleyan, gave a very good report of the meeting she attended. Mrs. Butterfield spoke entertainingly of Association work in China. A short musical program was given by the Junior Quintet. Miss Skinner, Miss Hamlin, Mrs. Rand and Mrs. Lewis were guests.

JUNIOR QUINTET

The Junior Quintet has arranged another outside concert to be given at the Methodist Church, Northampton, on Friday evening March 17. This will be under the auspices of the Epworth League of the Church. Tickets may be secured from any of the quintet, and are also on sale at Butler and Ullman's Florist Shop, Main Street, Northampton.

GOV. COX SIGNS BILL WHICH MAKES NEW
CHEMICAL LABORATORY A CERTAINTY

Legislature Appropriates \$300,000 for New Laboratory to be Situated
East of Draper Hall. Bill Signed While State Treasurer
Speaks on Our Platform.

KENNEDY, BATAL AND SLADE
LEAD COMPETITORS

Competition for Collegian Board has
Ended. Elections to Take Place
Friday Night.

Competitors for the COLLEGIAN board wound up their efforts with this issue and competition ends with standing as given below.

Kennedy led the Sophomores all the way through. Waugh after a late start nearly overhauled him at the end. Read was also within four credits of the leader.

In the Freshman division Batal amassed the most credits. Keith and Oliver who entered competition the second term have done good work though standing lower in number of credits.

In the business department Slade finished ahead of Simpson for the two term's work while Lewis amassed 15.8 credits in one term.

Elections will take place Friday evening.

The final standing:

EDITORIAL DEPARTMENT.

1924.
Kennedy 65.1
Waugh 63.
Read 61.1

1925.
Batal 42.
Taube 37.
Corwin 22.5
Keith 22.5
Oliver 18.5

BUSINESS DEPARTMENT.

1925.
Slade 31.
Simpson 29.8
Lewis 15.8
Nylon 8.

SENIOR CLASS MEETING

Last Thursday night in the Memorial Building, the Seniors had a meeting. There were not enough of the class members present to vote, but the business carried on related to Commencement. Plans were discussed relating to the Cap and Gown committee, Ivy Orator, and Baccalaureate address speaker.

Austin Kemp was elected class track manager for the inter-class track meet Saturday.

COLLEGE DANCE.

A very successful college dance was held in Memorial Building last Friday from 7-30 to 11-00 p. m. Buddy Frost's orchestra played. There were about twenty-five couples present.

A new Chemical Laboratory for the Massachusetts Agricultural College became a reality, last Wednesday afternoon, when the Governor of Massachusetts signed a bill which carried an appropriation of \$300,000 for this purpose. Mr. Jackson, the state treasurer, was addressing the student body at the same time that Gov. Cox signed this bill.

The plans for this Chemical Laboratory, for which the state in its generosity has appropriated \$300,000, call for a structure 195 feet long and 56 feet deep, with two wings extending to the rear, one 32 feet deep and one 10 feet deep. An auditorium in the rear, 40 feet by 40 feet, has a seating capacity for 212 students. The building has a working basement and two additional stories. It is understood that it is to be located between Draper Hall and the Chemical Laboratory of the Experiment Station, and will face the south east. It is to be constructed of brick with steel and cement floorings, and will be fireproof.

The basement of the east wing will contain a laboratory for beginners and a qualitative laboratory, together with a room for reagents, a preparation room and an office and laboratory for the instructor in charge of this work. Other rooms in the basement will consist of a constant temperature room, a mill room, janitor's room, a preparation room for the auditorium, and two lecture rooms, each 30 feet by 32 feet, and capable of holding 60 or 70 students. Between the two lecture rooms will be preparation rooms.

The east wing on the first floor will contain the organic laboratory for the accommodation of 48 students at one time, a physiological laboratory with 32 places, balance room, preparation room, graduate assistants' laboratory, and an office for the professor having charge of this line of work.

The wing to the west will be devoted to physical chemistry. Adjoining it will be a preparation room and office, a research laboratory, a balance room, and a room for research work by advanced students, as well as an electrical room.

The general office will be on this floor, near the main entrance, together with a private office opening out of it.

The auditorium will be entered from the first floor, from the rear, so that it will not be necessary for students to pass by the lecture table.

The east wing on the second floor will contain the research laboratories of the

Continued on page 3

THOMAS A. DALY SPEAKS ON "POETS—WILD AND TAME"

Reads Poems of Eugene Field and Don Marquis. Scores Present-day Free Verse.

Those who attended the Social Union entertainment in Stockbridge Hall on Friday evening, March 3, had the pleasure of listening to a very entertaining speaker in the person of Thomas A. Daly, now connected with the Philadelphia Record. Mr. Daly kept his audience in continual good humor with a wealth of interesting stories, interspersed with brief discussions on some of America's better known press writers and present day poets.

Mr. Daly commenced his talk by telling of an experience he had had at a place where he had recently spoken. His arrival was late, and he had had no time to clean up before the entertainment began. Whereupon the chairman, on introducing him, remarked to the audience that the oldest looking young thing which he knew of was a two-days' beard.

Coming to his subject, "Poets—Wild and Tame," the speaker admitted himself to belong to both classes at times. Among those of his friends of whom he told various interesting anecdotes, were Eugene Field, Franklin Adams, and Don Marquis. He read a little poem by the latter, entitled "Neph, Jonah, and Captain John Smith." Most of the writers of free verse might be classed as wild poets, he said. Mr. Daly showed himself to be strongly opposed to Any Lowell and the exponents of free verse.

The rest of his talk was devoted to a rambling discussion of different nationalities which we find in our country. (For, as Mr. Daly said, the true Irishman loves to ramble and cannot help it.) He had a story to tell about each one—the Jew, the German, the Negro, the Irishman, and the Italian. Of the Italians as a people, he spoke highly. A great many of them during the war returned to fight for their native country. These men are now coming back to America, to take up the same menial tasks, to be sure, but determined more than ever to become good American citizens. But their place is in the country, on farms, living near to nature.

Mr. Daly proved to be an earnest speaker and one well acquainted with the subject on which he talked. His keen sense of humor, coupled with his mastery of many dialects, made him a speaker to be remembered by all who heard him.

JORDON '22 TAKES PLACE OF WEATHERWAX IN PROM SHOW

Owing to the illness of Earl Weatherwax the part of Mr. Wheeler in the Prom show "Clarence" will be taken by R. D. Jordan '22. He has just taken up the work on the part but is progressing rapidly. Thursday evening, March 16, the entire cast accompanied by Prof. Rand will go to Northampton to see "The Famous Mrs. Fair" by James Forbes. Rehearsals will be held more frequently from now on until the first production.

'99.—W. E. Hinds suffered heavy loss in personal library and collection of Thysanoptera in the burning of the Agricultural building at Auburn, Ala., October, 1920. A new building is now under way which will provide better quarters than formerly.

PROGRAM FOR HIGH SCHOOL DAY LIVELY AND VARIED

Our Slogan—Something Doing Every Minute. Plans for May 6 Will Soon Take Form.

FORENOON.
9-10 A. M.—Cavalry Field Day. Competitive events on horseback by College Military Unit.

10-11 A. M.—Stock Judging Contest under the auspices of the Animal Husbandry Club. Open to all Mass. High School Students.

AFTERNOON.
1-15 P. M.—Interscholastic Track Meet Open to all students of Mass. High Schools.

3-30 P. M.—Varsity Baseball Game with Connecticut Agricultural College.

6-10 P. M.—Complimentary Supper.
7-30 P. M.—Address of Welcome by President Butterfield and Awarding of Prizes.

8-10 P. M.—Concert by College Musical Clubs.

9-10 P. M.—Fraternity Receptions.
The above program has been made out by a committee composed of Messrs. Hicks, Rand, Watts, Mellen, Tucker '22, Folsom '23, Staebner '24, Myrick '24, and Hollbrook '25.

Steele '24, who had charge of last year's High School Day track meet, will also be in charge this year. The entries this year will be a little different from last, in that only members of school in this state will be allowed to participate. Competition will surely be keen, and some first rate material should be produced from various parts of the state.

Sergeant Warren is making plans for an elaborate gymkhana, or cavalry field day. Last year this event aroused great interest, as it was the first thing of its kind ever held here. It was so successful that it has come to stay. This year, with the added experience of some of the cadets, all records bid fair to be broken.

The whole program has been drawn up along the lines of that of last year, which proved so successful. The events were planned with the idea in mind of keeping the Sub-Freshmen busy with a variety of interests all the time they are here, and to give them a chance to see the campus and the buildings, to learn about the college, and to meet as many of the fellows as they can. The committee will spare no pains to make it Aggie's best High School Day to date, and with the help of the whole Student body, both while at home and at college, this can be done.

FRESHMAN BASEBALL SHOWS GOOD PROSPECTS, 15 MEN OUT

Battery candidates for the Freshman baseball team have been practicing for a week with about 15 men out. Pitchers are Barker, Fish, Gannon, Hutchins, Cook, Sprague, Bilski, Nylan, and Parsons. Catchers are Eldredge, Simmons, McGeough, Taylor, Hurley, and Wilder. Coach "Red" Ball expects about 30 candidates out when the call is issued for the other positions, and he hopes to turn out a good team. Manager Bartlett '24, expects to have 11 to 12 games scheduled of which he has already signed up five. The season will open on April 29 and close on June 3.

'14—Leon Ernest Smith is superintendent of the Pittsfield, Vermont, Boys Club.

NEW CHEMICAL LABORATORY

Experiment Station, six in number, with accommodations for at least 10 chemists. These rooms are in suites of two, connected by storage, balance and wash rooms. Offices connected with the Experiment Station are located in the cross-bar connecting the two wings. The wing to the west on this floor will consist of two laboratories for quantitative analysis, each of which will accom-

modate 24 students at one time. Attached to these laboratories is a balance room, a research room, a Kjeldahl room, also a research laboratory and office combined.

To the north in the cross-bar is a library 24 feet by 46 feet in dimensions, which will contain the Goessmann alcove. In the alcove will be placed the library of the late Prof. Goessmann, the chemical balance which he used while a student in Germany, and other articles belonging to him.

It is hoped to place in the attic a suite of rooms for janitors, as well as rooms for storage purposes. A large storage room is located in the basement beneath the auditorium. There is also a storage room on each floor, 12 feet 6 inches by 20 feet, located one above the other, connected by an elevator. It is expected that the main laboratory floors will be constructed of asphalt with a satisfactory finish. The offices and small laboratories will probably be floored with maple or birch. It is intended to cover the main corridor, having a width of 9 feet, with linoleum, and likewise the library.

Many details, such as the preparation of plans for furniture and laboratory fittings, are yet to be completed. It is the desire of the trustees to start with the construction of the building as soon as possible.

The "Old Chem Lab," famous in song and story for a quarter of a century, was erected in 1867 and was the first building on the campus. The cost of this building was \$10,000, and an addition of another \$10,000 wing the next year brought the total up to \$20,000.

At first it was used for a fourfold purpose. The laboratory on the right on the first floor was the chapel; the Sophomore qualitative room was the chemistry lab.; the lecture room up-stairs was a general lecture room for all subjects, and the quantitative and balance

rooms on the same floor were used for mathematics and physics. The Drill Hall was then situated in the top floor where the Freshmen now toll with Paris green and Bordeaux mixture.

M. A. C. can hardly fail to appreciate what the new Chemical Laboratory will mean to her, both to those who work here in the college, to the reputation of the college, and to the bettering of the conditions under which our splendid courses in chemistry are now offered.

INTERFRATERNITY POOL AND BOWLING

Last Tuesday evening, March 7, the crack Sigma Phi Ep. bowling team of Thompson, Baker, and Haworth, triumphed over Burt, Regan, and Higgins, of Alpha Sig., while Lambda Chi Alpha defeated Jackson, Buck, and Grieve, of Alpha Gamma Rho, the victors being Barrows, Nicoll, and Steele. In the pool room, Alpha Sig. ran away with Dimock, Roberts, and Richardson of Theta Chi; the winning team consisting of Grayson, Rowell, and Harrington. Thursday evening, March 9, found Wentzsch, Lane, and Barreaux of Kappa Gamma Phi trailing Fuller, Parsons, and Bilski, of Q. T. V., on the alleys, and Kappa Sigma defeated Garretson, MacCreedy, and Bartlett, bowlers for Phi Sigma; the winning team consisting of Sargent, Minor, and Marshman. In pool, Lambda Chi went down to defeat before the uncanny shooting of F. Sargent, Keith, and Cahill, of Kappa Sigma. The vanquished were Johnson, Bent, and Barrows.

The standing of fraternities is as follows:

Bowling.
WON LOST P. C.
Sigma Phi Epitlon 2 0 1.000
Lambda Chi Alpha 2 0 1.000
Kappa Sigma 2 1 .666
Alpha Sigma Phi 1 1 .500
Kappa Gamma Phi 1 1 .500
Q. T. V. 1 1 .500
Theta Chi 0 1 .000
Alpha Gamma Rho 0 2 .000
Phi Sigma Kappa 0 2 .000

The next issue of the COLLEGIAN will appear Wednesday, April 12.

An Old Dream at Last Come True

History has turned another page for the sons of Mass. Aggie. When Governor Cox affixed his signature to the bill which carried a new Chemistry Laboratory for M. A. C. somewhere in its paragraphs, one of the favorite amusements of Aggie men, that of criticizing the Chem. Lab., was cut off forever.

For some 55 years now the "Old Chem. Lab." has been as popular with us as a hatchet-faced mother-in-law. Its only attribute has been age, for it was the first building erected on the campus, back in 1867, when a few thousand dollars would put up a good barn that could well stand the harsh New England climate. This structure served as Chapel, Drill Hall, mathematics and physics lab, and incidentally for chemistry. After it was nearly worn out, and the drilling students expected at any time to sink through to the ground when the floor tottered, everyone got out from under except the Chemistry Department, which was endowed with the building.

Since 1867, dormitories have been erected, brick buildings have been erected, barns, chicken houses and pig-pens have been erected, but the Chem. Lab. has remained in its old state, except that it has lost its chapel bell, which would have wrecked the structure had it dropped from its place in the belfry. Prose and verse have been hurled straight at the building for years and years, tires without number have started in it, yet it has endured like a rich but decrepit ancestor who has your name in his will. Bills for an appropriation for a new Chem. Building have been often rejected, and students lost to Aggie because of this.

But all that is over now. Our dream has at last come true, and \$300,000 worth of Chem. Lab. will soon rest proudly on the northern section of the campus, between Draper and the Experiment Stations. And we should like to

voice our appreciation, in behalf of the student body and all the alumni, for the good work of men here and in Boston who have made this old dream a reality.

Our only other suggestion is that a liberal part of the old Chem. Lab. be saved for souvenirs for those desirous of such relics, and that the remainder be utilized for appropriately celebrating future athletic victories.

Another Pocketbook Appeal

Everyone on the campus is talking about the remarkable way in which the basketball and hockey teams have come through the past season. Both have set up admirable records. Victories over West Point, Yale, Amherst and St. Nicholas make the ice-carvers look to be about as good as any ever turned out here. Victories over Trinity, Williams, Wesleyan and Connecticut Aggie placed our basketball team in a position to claim New England honors if records mean anything.

But talking alone does not count for a great deal. It is a fact that if these teams had been turned out at such universities as Harvard and Brown they would be banqueted, toasted and benedicted by admiring students. The Aggie student body should realize that there is not enough money in the Athletic Treasury to give these men banquets, say nothing of decorations.

A small per-capita tax on all of us would buy gold pins, gold basketballs, and "feels" for the men who have made the 1922 winter reputation of Mass. Aggie an enviable one. We believe the men deserve this, and that there will be enough enthusiasm here to put the proposition across.

The exact amount needed will be made known at assembly today. Isn't it worth while to show our appreciation, when we can do so without seriously inconveniencing ourselves.

This is the last issue of the term, also of the present board. The Senior members will hand over the reins to others now, and sit back to watch and criticize. But we sincerely wish that any unfavorable comment concerning the Collegian for the last year will be directed on the retiring men, allowing the new board to start with a clean record, and only a pleasant future to look forward to. We wish them a prosperous year, and feel certain that they will keep up and improve Aggie's journalistic reputation.

FAST RELAY TEAM HEADED BY CAPT. J. T. SULLIVAN '22

Lost Two Very Close Races at Boston to N. H. S. and B. U. Four Men Receive M's.

The relay team this season ran two keen races, and although winning neither of them, lost by such small margins as not to bring the least discredit to them. The first race, that with New Hampshire State at the B. A. A. meet, held Feb. 4, was characterized by Boston papers as being a top thriller. Lost only by 6 yards, it proved to be one of the closest races of the evening. The Boston University race, run off in connection with the K. of C. meet at Mechanics Building, Boston, a month later, was even closer, and was lost only on the home stretch by the tantalizing interval of one yard. At no time in this race were the runners more than four yards apart.

The team started practice this season

with three veteran men: Sullivan, L. S. Woodworth, and MacCreedy; and with a wealth of new material from which to choose the fourth: Bent, Acheson, R. H. Woodworth, Nelson, Loring, Ferri, Tisdale, Kemp, and Isaac. Acheson had never run on the boards before, but, having had previous experience on the cinder track, developed into one of our fastest men this season. Gifford, who was ineligible the first month, came out in preparation for the B. U. trip, and although not making the trip proved himself a star of hope for Coach Derby for the future.

The fastest men of the season, and those making both the trips were: Capt. Sullivan, L. S. Woodworth, Acheson, MacCreedy, and Bent. These men, with the exception of Bent, comprised the team which competed in both the races.

At a meeting of the Athletic Council Monday evening the following relay men were awarded their M's: Sullivan '22, MacCreedy '23, L. S. Woodworth '23, and Acheson '22.

Last Monday Miss Jefferson addressed the Experiment Station Seminar in the Library of the West Experiment Station. Her address took the form of a report on her projects: "Local balance of trade in farm products" and "Methods and costs of distribution of tobacco, onions, and potatoes."

TRACK SCHEDULE FOR NEXT SPRING HAS FIVE MEETS

Good Veteran Material, also Promising New Men from Lower Classes.

The track schedule for the spring term is well-balanced and complete. It comprises two dual meets at home, and allows the team to be at home during the special meets. On High School Day some special varsity relays and other events will be run to arouse the interest of the Sub-Freshmen.

Track interest is on the increase. Coach Derby has a good array of promising material including many veterans. Sullivan is a strong man on the 100 and 220 yard dashes. In the quarter-mile Acheson and Irish are dependable. L. S. Woodworth is good on the low hurdles and the broad jump, Friend on the half-mile. Among the two lower classes, and especially among the Freshmen, there is much promising material.

The schedule is as follows:
April 29—Ponding with Conn. Aggie.
May 6—High School Day.

13—Eastern Intercollegiate Meet at Springfield.
19-20—New England Intercollegiate Meet at Worcester.
26—Triangular Meet, N. H. S., Vermont, and M. A. C. at Durham, N. H.

June 3—Dual meet, Tufts at Amherst.

TWO YEAR VICTORS SEVEN TIMES IN FIFTEEN

Last Game Results in 24-21 Defeat at Hands of Union Freshmen.

The Two Year basketball team brought to a close a hard season Saturday by dropping a hard fought game to the Union College Yearlings by the close score of 24-21, on the Drill Hall floor. The schedule consisted of 15 games, and the quintet succeeded in bagging seven and losing eight on the opponents' courts. Many of the games were lost by only one or two points, such as those with Union College Freshmen, Smith Academy and Deerfield Academy. All five of the first string men will be lost by graduation in June, but Coach Grayson has a dependable string of subs that he feels sure will make excellent varsity material next year. Some of the remaining men which will form the nucleus for next year's team are Cutler, Barniell, Strout, Baker and Pierce.

The following are the number of points scored by the individuals in the past season: Ross 157, Parsons 34, Greene 30, Adair 30, Cutler 18, Donellan 8, Wilson 8, making a total of 285 points scored by the team as compared to their opponents' 277. The results of the season follows: Jan. 10, Amherst High School 9, Two Year 19; Jan. 17, Sacred Heart High School 22, Two Year 10; Jan. 21, Deerfield Academy 22, Two Year 13; Jan. 27, Wilbraham Academy 16, Two Year 12; Feb. 1, Williston 20, Two Year 19; Feb. 3, Arms Academy 20, Two Year 20; Feb. 4, Deerfield 24, Two Year 22; Feb. 11, Worcester North High School 9, Two Year 15; Feb. 18, Clark School 30, Two Year 30; Feb. 23, Smith Academy 7, Two Year 21; Feb. 25, Cushing Academy 18, Two Year 9; Feb. 28, Smith Academy 21, Two Year 20; March 4, Sacred Heart High School 12, Two Year 18; March 8, Wilbraham Academy 14, Two Year 24; March 10, Union College Freshman 24, Two Year 21.

BOLLES

The ONE HUNDRED DOLLARS

offered by the John Hancock Mutual Life Insurance Company of Boston for the best answer to Mr. Edison's question, "Who Was John Hancock?" has been awarded to Leon V. Quigley, a student at the Worcester (Mass.) Polytechnic Institute. This answer, giving a correct, concise and comprehensive statement of the position occupied by John Hancock in American history, is printed below in full.

"Who Was John Hancock?"

JOHN HANCOCK was an American statesman and patriot. His signature is found on the oldest and most important documents of Massachusetts, and of the United States. He was the first signer of the Declaration of Independence and was the first Governor of Massachusetts.

John Hancock was born at Quincy, Massachusetts, in 1737. He graduated from Harvard College, and entering upon his uncle's business became a successful merchant in Boston. He gained much in social power and in wealth, being meanwhile justly popular for his integrity and ability.

He was in 1765-1770 a selectman of Boston and a member of the general court. With Samuel Adams he led the Massachusetts Whigs, and only escaped capture at Lexington and Concord by virtue of the valiant fight by the Minute Men on the "Nineteenth of April in '75."

John Hancock was subsequently known in various positions: as President of the Continental Congress, as Major-General of the Massachusetts military forces, as President of the Constitutional Convention. He died at Quincy, Massachusetts, October eighth, 1793.

The historical position of John Hancock is unique in State and Nation. He wielded great political influence but was always liberal and public-spirited. His name is most prominent as a Whig leader during the American Revolution in such events as the Boston Massacre, the Boston Tea Party and the battles of Lexington and Concord.

John Hancock signed his name first to the Declaration of Independence. He thus risked his own "life, liberty, and pursuit of happiness" that these privileges might be obtained for others to enjoy. To this end he "pledged his life, his fortune, and his sacred honor."

That he was popular and efficient may be judged from the fact that he was for ten years Governor of Massachusetts, being elected annually to this office by popular vote.

LANDSCAPERS PLANNING TO BEAUTIFY THE CAMPUS

Three Projects in View Ice-cream and Huge Cakes Popular at Club Meeting.

The meeting of the Landscape Gardening Club held last Wednesday evening, March 1, in Wilder Hall was devoted to discussing the improvements that the club wishes to make on the campus. Each year the club makes some improvements that will help beautify the grounds about the buildings. This year they hope to complete three separate projects.

The first plan is to plant the large field north of the cross walk to sugar maples. When the trees are old enough to tap it is planned to build a sugar house and make sugaring off an annual college event. The second is to plant the ravine to some suitable wild flowers, trim the trees, cut out the walks, and repair the rustic benches. The students as a whole may be asked to help put this project through. The third plan is to fix up the edges about the pond with trees and shrubbery. A committee has been selected to out-line the work. The club will discuss the report of this committee at the meeting next week. Refreshments concluded a delightful evening.

ANIMAL HUSBANDRY CLUB.

At the meeting of the Animal Husbandry Club last Wednesday, Dr. Williams of Springfield gave a technical talk on contagious abortion in cattle. He has studied the subject thoroughly and gave the club many pointers on how to recognize the disease and prevent it. He illustrated his lecture with slides prepared from actual cases with which he has had to deal.

PRES. BUTTERFIELD SPEAKS AT AMHERST TOWN HALL

China's Modern Problems and Her Relations to America.

President Butterfield last Sunday at 3:30 p. m., addressed about 350 townspeople, in the town hall, on "Some of China's Problems." The meeting was under the auspices of the Amherst Interchurch Union, and in addition to the speakers L. S. Walker of M. A. C. led in singing. A short prayer was read.

President Butterfield spoke mostly about China's modern problems, and his five points were as follows:

First: The adjustment of population and production.

Second: The development of industry.

Third: The establishment of a universal education.

Fourth: The development of a stable form of government.

Fifth: The establishment of a unified religion.

He said, "These problems of China are really a challenge to us. Whether on a basis of self interest in business or economics or on a basis of altruism, China's future is largely tied up with our future. The challenge of China is not of industry, of business or of peace, but a challenge of America to carry out the Christian principles which she professes to have."

VARSITY BASEBALL PRACTICE

Twenty battery candidates are practicing every afternoon in the Drill Hall until the team can get outdoors for a real spring work-out. There is plenty of chance on the team for new men, inasmuch as five out of last year's nine were graduated. The greatest loss is felt in the position of catcher, filled last year by "Phil" Newell. John Maginnis has taken the back-stop candidates under his direction, and Lewandowski, Alexander, Barnard, Kase, Grayson, Simmons, Eldredge and Norwood, are working hard for the position.

Captain "Hub" Collins is keeping an eye on the pitchers, several of which are shaping up well. Kroeck and Flaskin, both Seniors, are getting back into their old form, and Sargent, Johnson, Holley, Brunner, Dickmon, McCoy, Noyes, and Barker are all working to gain perfect control.

The other candidates have not been called out, but will be as soon as the old Varsity Field is in condition for practice, and there is a good chance for two or three Freshmen to make their varsity letter this spring.

BOOK SALE!

The Y. M. C. A. is going to hold a Clearing House sale of books on the following scheme:

Next week, from 12:00 to 1:00 each day from Monday to Thursday all men who want to get rid of second hand books, will turn them in to the Y. M. C. A. office in the Memorial Building. During the first few days of next term, it will be a matter of "First Come First Served."

WINTER SCHOOL STUDENTS ENJOY ANNUAL BANQUET

The Ten Weeks course students held their annual banquet and reunion last Wednesday and Thursday. The program started at 3:00 p. m. on Wednesday with speeches in room 113 of Stockbridge Hall. The whole program was as follows:

R. J. McFall, "Farm Insurance in Massachusetts."

J. W. Cook, "The Agricultural Bloc." Round Table discussion of the organization of the Winter School.

7:15 p. m. Play, "Miss Civilization."

8:00 p. m. Banquet at Draper Hall. Toastmaster, John J. Bailer of Westfield. Speakers, Prof. Pheasant, "Short Courses," Dr. Butterfield, "A Chinese Agricultural Village," Dr. Charles Wood, "Aroostock County, Maine."

The morning program on Thursday included lectures by Profs. Sears and Graham.

This banquet was the culminating event for the ten week's students, and by the end of the week nearly all of them had left the campus.

DISCOVERY BY DEPARTMENT OF POMOLOGY

The Pomology Department has found another reason for charging high prices for next year's apple crop. Flocks of Pine Grosbeaks have ravaged the orchards in this vicinity of their buds, in many cases stripping the trees entirely. Mr. Gould, who made the discovery, thought at first that the damage was done by partridges and pheasants, but investigation showed that the culprit was the grosbeak. This is the first time that these birds have caused any damage in this vicinity, but several orchards in the neighborhood have an average of 80% of the buds eaten.

Miss Mabelle S. Welsh, executive secretary of the Eastern Council for Nursing Education was a guest at the Abigail Adams recently. She spoke to the women students on rural health work.

CAMPUS NOTES

At the annual meeting of the Y. W. C. A. March 2, the following officers for the coming year were elected: president, Martha Epps '24; vice-president, Kathleen Adams '25; secretary, Hazel Logan '25; treasurer, Ruth Flint '24.

Last Monday Prof. Guy C. Smith of the Commercial Research Department of Swift & Co. spoke on "The Relation of the Price of Meats to the Price of Livestock" in the auditorium of Stockbridge Hall. His address was attended by classes in Ag. Ec. and An. Bus. as well as many others of the students and public.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigaretty aftertaste,

It's Camels for you.

Camel

VARSITY DEBATERS TOO MUCH FOR THE R. I. TEAM

But Lose to C. A. C. by a 2-1 Decision at Storrs. Sandow and Krasker Lead Their Teams Well.

The Aggie debating team split even Thursday evening March 16, when they won a decision over the team from Rhode Island State College in the memorial Hall and lost the contest at Connecticut Aggie by a two to one vote of the judges. At both places the question for debate was, Resolved: That the Philippines should be granted their independence within two years. The debate here was spirited and aggressive but the Aggie men had the edge on their opponents from the start. Capt. Sandow '23, of Aggie showed splendid ability to expound his topics while he was not far in the lead of his two colleagues, Gaudine '23 and Batal '25, both capable men.

For Rhode Island, Captain Geary proved himself a worthy leader of his team, and his rebuttal was particularly well delivered. His team mates W. H. Davis and A. C. Sprague were both good on the offensive but lacked conviction on the defensive. The Presiding officer at the debate was President Kenyon Butterfield, while the judges were R. S. Baker, G. B. Churchill and W. H. Hamilton, all of Amherst.

At Connecticut the team fared not so well, but the fact that they brought back a two to one defeat means that some credit is due them. They were treated royally at Connecticut Aggie and feel that their trip was by no means in vain. Those making the trip were C. E. F. Guterman '25, G. H. Ward '23, A. Krasker '22 Captain, and W. L. Hamilton.

"CLARENCE" TO BE STAGED AS PROM PERFORMANCE

Has Had Long Runs in Boston and New York. A Very Clever Comedy.

On April 19th, the Roister Doisters, the undergraduate dramatic society at Massachusetts Agricultural College will present "Clarence" by Booth Tarkington. The performance is the Prom Show, and is a regular feature of the annual Junior Prom which extends from April 18th to 20th.

"Clarence" is a comedy in four acts, and has had very successful runs professionally in New York and Boston. It has recently become available for amateur production. The play is a typical Tarkington work, distinctly American, with a sympathetic treatment of characters, and rich in humor.

This comedy deals with the period immediately after the World War. Clarence, after whom the play takes its

Continued on page 2

BASEBALL CANDIDATES ARE MAKING KEEN COMPETITION

Especially by Battery Men. Fine Weather of Last Week Boomed Practice. 25 Men Out.

With 25 men practicing daily, the prospects for a good baseball club this year are bright. Capt. Collins has now practically recovered from his pre-vacation injuries. There is a wealth of material for the backstop's position and some one of the candidates should be able to fill the place left vacant by the graduation of "Phil" Newell. Five or six twirlers are warming up every afternoon and there seems to be little trouble in this department.

Kroek and Collins pitched a no-hit no-run game last Saturday against the second team. Kroek and Marshman are alternating at first with Harrington and Hilyard holding down second and short for the present. Cahill, a freshman, is showing up well in the hot corner. "Hubba" Collins, "Huck" Sargent and "Doc" Gordon are catching flies in the outfield for the varsity.

With this aggregation Coach "Kid" Gore is feeling optimistic, and all the fans who saw the practice game last Saturday are drawing money from the bank to put up on the team. By a week from Friday, the team should be in prime condition for its first tilt with Wesleyan at Middletown.

THIRD TERM PLEDGES MONDAY

The following pledges were made in Chapel on Monday, April 10:

Phi Sigma Kappa—Harold A. Gleason, Chester.

Lambda Chi Alpha—Linwood H. Farrington, Chelmsford.

Q. T. V.—Carl L. Simmons, Duxbury.

Alpha Gamma Rho—George L. Church, Dorchester; Gordon H. Ward, Englewood, N. J.; Arlie F. Wolfe, Columbia City, Ind.

MUSICAL CLUBS

Everyone on the club has had a long vacation since the last concert, and the time has come when two or three more performances are to be given. There will be a rehearsal Thursday evening April 20 for the Orchestra. A concert will be given at the Prom Cabaret on April 19, besides one in Stockbridge Hall on High School Day. Arrangements are also being completed for an over-night trip in the near future to Brimfield, probably on Friday, April 28.

The COLLEGIAN announces that if alumni or others who know of any summer positions, will communicate with the Editor-in-Chief as soon as possible, suitable publicity will be given, among the under-graduate body, to all such opportunities for work.

COOK '22 TO HEAD RELIGIOUS ACTIVITIES HERE NEXT YEAR

Other M. A. C. C. A. Officers Elected by Student Body are Tisdale, Loring, and Chase.

The election of the M. A. C. Christian Association officers was held just previous to the close of last term. The entire student body, including the Two-year men, who have helped to make the Christian Association a success this year, voted. The following men were chosen to carry on the work: Frederick B. Cook ex-'22, of Nantucket, President.

Edward M. Tisdale '23, of Medfield, Vice-president.

Kenneth S. Loring '24, of Melrose Highlands, Secretary.

Theodore M. Chase '24, of Milton, Treasurer.

Fred Cook has been active in the work of the C. A. throughout his college course. He has entered all branches of the work, and has been a member of the cabinet for the last two years. He is fitted in every way for his new leadership of the Christian Association.

Cook will not assume his duties as leader of the work until his return to college next fall. During the present term the office will be filled by Vice-president Tisdale. He has also been very active, especially in deputation work and community service. He is leaving the chairmanship of the deputation committee to undertake his new duties.

Kenneth Loring has, during his two years here been active in many ways in the C. A. work, including campus service, deputation service, and community service. "Ted" Chase has been interested in the work of the Christian Association, and has entered into it actively in more ways than one.

These four men will choose those who are to help them lead the organization through the coming year, and this should be one of the best and most successful for this branch of religious activity that the college has had.

STUDENT ATHLETIC TAX HAS BEEN RAISED FROM \$4 TO \$5.

As a Result of Prof. Hicks' Talk to Student Body on April 6 On Existing Conditions.

Last Wednesday in Assembly, Professor Hicks presented to the students the present financial status of the Athletic Department and asked for a consideration of them of various methods of balancing a deficit under which the athletic department is now laboring. These methods, which Professor Hicks outlined in detail, were essentially as follows:

The reduction in the number of home games played by the teams and the

Continued on page 8

GORDON CHOSEN TO LEAD HOCKEY TEAM NEXT YEAR

Six Men Receive Hockey Letters. Enjoyable Banquet Held at Draper Hall on March 16th.

On March 16, the last Thursday before finals last term, the annual hockey banquet was held in Draper Hall at 8 p. m. Dean Machmer was the guest of honor, and though Prexy, Prof. Hicks and "Kid" Gore were invited, they were unable to attend. "Hank" Gowdy was invited along with "Joe" Sullivan to represent the basketball and track teams respectively.

The big event of the evening was the announcement that Howard K. ("Doc") Gordon of Newburyport would lead the Maroon and White ice team next winter. "Doc" has already made his letter in baseball and played a good share of the 1920-21 hockey season as left forward, which position he filled as regular this past season. Besides being a two-letter man Captain-elect Gordon has always been prominent in class activities and athletics, and was a member of the last year's Soph-Senior Hop Committee.

All of the Senior members of the team: Capt. Collins, "Jules" Kroek, Continued on page 7

MACCREADY ELECTED RELAY CAPTAIN FOR NEXT WINTER

Has Made Good in Track and Relay. Won Three Times in Last Year's Interclass Meet.

At the last meeting of the Varsity Relay team during final week of last term, D. E. MacCreedy '23 of Elizabeth, N. J., was made relay captain for next year. "Mac" had never done any running before he came to Aggie but has made good since he has been on the campus. In his Freshman year he ran on the cross-country team. It was in his Sophomore year that he really made a name for himself by winning first in the 300, 600 and 1000 yard runs in the inter-class meet. He also made Varsity Relay last year, and was the fastest man on the team. This year he ran second man in the relay races against B. U. and New Hampshire State, and in both cases he beat his man.

MacCreedy has put all his energy into indoor running and has become especially clever at keeping the pole and taking the banks. Under his leadership the team should "go big" next year.

Owing to the small number of Prom tickets sold, stags will be charged an admission fee of \$1.50. Tickets go on sale Thursday and should be obtained before Sunday if possible.

OVER FIFTY MEN COMPETING FOR PLACES ON TRACK TEAM

Prospects Are For an All-Around Squad With Which to Meet Conn. Aggie April 29.

The prospects for spring track this year are very favorable. A squad of more than 50 men is working out each day under Coach Derby. Capt. Sullivan, Friend, MacCreedy, Irish, L. Woodworth and Acheson are all veterans who are expected to show some style this spring. Among the Freshmen, Peirce has shown up particularly well, winning places in the interclass meets last fall, and this spring. Several other men have also placed high in these two meets and are going to try hard for places on the team. The Sophomore class at present has the largest representation with 18 men out on the turf.

The team has been entered in five meets which include: dual meets with Tufts and Connecticut Aggies at home, triangular meet with Vermont and New Hampshire at N. H., and the New England and Eastern Inter-Collegiate Meets. The meet with Connecticut Aggie here on Saturday, April 29, opens the season, while the last one is also at home with Tufts on June 3. These, besides the track program arranged for High School Day, will give the college plenty of chance to see the team in action.

PROM PERFORMANCE

Continued from page 1

name, was not a hero of the war. He merely drove an army mule in Texas. After the armistice, he found himself like a million other doughboys looking for a job. His specialty, entomology, offers him no immediate opportunity, so he seeks employment at the office of a wealthy Englewood business man, Wheeler, the distracted head of a recalcitrant family. Mr. Wheeler, upon learning that Clarence drove mules in the army without swearing, hires him as private secretary in his suburban home.

Clarence is versatile. He runs a typewriter, tunes the piano, plays the saxophone, fixes the plumbing, unconsciously wins the love of Mrs. Wheeler and her ingenue daughter, Cora, and eventually elopes with the governess. The play is replete with laughter-provoking action and speech. The two juveniles, Bobby and Cora Wheeler, are a constant delight to young and old though the absurdity of their ridiculous seriousness and assumed maturity is doubtless lost on the younger portion of the audience.

The cast, which has been rehearsing faithfully for the Junior Prom performance, is the same as published in the COLLEGIAN last term.

This year the Roister Doister manager is reviving the practise, dropped during the war, of taking the Prom Show on the road. Saturday, April 22nd, the show will play in Stamford, Conn. Dates in Hartford, Deerfield, and New York are pending.

NOTICE

Competition for assistant manager of Roister Doisters has begun. Freshmen who wish to enter the competition will please hand in their names to G. E. Lindskog.

Gleason, Oliver, and Duffy have signified their intention of entering the competition.

FRESHMEN PULL A SURPRISE BURN CAPS MORN OF MARCH 17

And Leave Marks of Undisciplined Action around Campus and Elsewhere. Sophomore Strong-Arm Squad Numbers 15.

On the morning of March 17 the class of '25 endeavored to bring back some of the old Aggie pep by burning their Freshman caps at midnight. The Sophs were on the lookout early in the evening but, when they saw all the Freshmen go home after the debate they decided that anything which might take place would come after chapel the next morning. The frosh showed more spirit than had been anticipated, however, and at midnight nearly the whole class was gathered together behind Wilder Hall.

Just at the stroke of 12 a gun was fired and the Freshmen roused the sleeping campus with their class yell. The bell in the old chapel rang wildly and a blaze was started on the slope back of Wilder. The Sophomore strong-arm squad went the rounds of the frat houses to wake their sleeping classmates, but the night was cold and only about 15 of the '24 men showed up. Seeing that there was no chance to meet the yearlings in open battle the Sophomores got into Wilder Hall and took out the fire hose.

They carried this out onto the balcony on the west side of the building and turned it on the fire. The Freshmen stormed the building at once and galloped entrance, rushing the Sophs in force and taking away the hose. Then a rope-pull started to gain possession. The struts finally became too much and the pipe broke just below the shut-off, so that water at once began streaming out into the building and down the stairs into the basement. No one knew where the water for the building could be shut off and it was a good half hour before "Mike" Fenton, the janitor, arrived. The water was then shut off, and the building soon cleaned up.

The fracas was over. But when the college woke up the next morning there were signs written on all the sidewalks and the halyards on the flag-pole of the military department were cut. At the top of the pole the flag of '25 waved in the breeze. Various rumors have been heard about the disappearance of paint from a cellar on Pleasant street and of the decorations which the owner found on his milk cart the next morning. While the pep showed by the Freshmen was doubtless for the most part laudatory the general opinion prevails about the campus that there was a certain element of the childish about parts of their demonstration which must be criticized.

SENIORS TO VOTE TODAY ON LOCATION OF NEW NUMERALS

At a meeting of the Senior class last Wednesday directly after Assembly, a cane committee was chosen, composed of Moody, Talmadge, and Hooper. It was announced that the class numerals had arrived, and that the class would decide where to place them at another meeting to be held on this Wednesday, April 12, after Assembly. Other business connected with Commencement which was discussed last week will be acted upon at this meeting.

JUNIORS AGAIN THE VICTORS IN INTERCLASS TRACK MEET

Two Mile and 1000-yd. Runs Feature the Day. Sophomores Win Relay by Decisive Margin

The Junior Class was the winner of the Inter-class Track Meet held March 18. They just nozed out the Freshmen by two-thirds of a point, scoring 34 1/2 points to the even 34 of the Frosh. At the beginning of the last race, the two-mile run, the Freshmen were ahead four and one-third points. Bates '23 set a killing pace for this race for the first five laps but, having previously won the mile run was forced to drop out, leaving Hill '24 and Tanner '23 to fight it out. Hill kept plugging away and stayed out in front right up to next the last lap. Tanner who had kept steadily behind him then put on a burst of speed that Hill could not contend with. Gradually he drew ahead, and crossed the line fully 15 yards ahead of the Sophomore. Thus the Freshmen lost the meet.

Bates won a hard race in the mile event. He set out at a fast pace and held the lead all the way. At the finish he was closely pressed by Stevenson '24 who had kept doggedly behind him. Peirce '25 and Roberts '23 were the high scorers of the afternoon, each winning two first places. Peirce won the 600 by nearly an eighth of a lap, but in the 1000 broke the tape only a few inches ahead of Alger '23—one of the prettiest races of the day. Roberts lead the field in a close twenty yard dash and took the 300 with a few yards to spare.

The relays which counted in the meet were run off during the week before, with the result that the Freshmen had nearly an 8-point handicap over the other classes before the Saturday meet. However, in the Freshman-

Sophomore numeral relay, run off after the meet on Saturday, the Frosh team was defeated by nearly half a lap by the speedy Sophomores.

FLORICULTURE CLASS

PAYS VISIT TO THE HUB

Seven members of the class in Floriculture '21, accompanied by Professor Thayer and Mr. Muller, Instructor, constituted a party of travelling inspectors on a short trip taken at the close of last term. The party visited a number of the large wholesale and retail florists' shops at Boston, and the spring flower show there, besides taking in several of the large greenhouse establishments in the surrounding towns. Those who went on the trip made it a source of enjoyment as well as of useful information which will fit in very well with the course in greenhouse work at the college.

BANQUET SCRAP

The time has come for the Banquet Scrap plans. The scrap itself will be held over the week-end of May 12-13. Senate rules and regulations regarding the scrap will be announced later.

100.—C. S. Putnam has been made principal of the Lahainalua School, Lahaina, Hawaii.

Let's get right down to business Why should you buy your new Spring suit from us?

Because you know it will be all-wool —you know we chemically test all our wools ourselves to insure that.

Because you know it will be fast color—you know we give every fabric a ten days' sun-test to insure that.

Because you know the style will be right—you know our reputation for that.

Because in short—you know you'll get a dollar's worth and a little more for every dollar the suit may cost, no matter which one of our many thousands of suits you may choose.

Samples and simple self measurement blank gladly sent on request. Special "Shopping Service" for orders by mail.

Once Again.

Once again the management of the COLLEGIAN has passed into new hands. Each year the change of hands is necessary, but at no time does the purpose of the paper waver from that of its predecessors. Our aim is to publish a satisfactory weekly publication containing news and information of interest to students, alumni and faculty. If there are any comments to make on the paper, a bit of constructive criticism is always of more value than chronic grumbling. We pay our respects to those Seniors who have so ably conducted the COLLEGIAN during the past year and promise our best to maintain the high standards attained in the past.

Junior Prom.

With the Junior Prom only a week off, the elaborate plans of the committee for making it the best in years are nearing completion. With the revival of Informals, Aggie has opened up a new chapter in social history. Seldom have Informal dances been as well attended as during the past season. One of the primary reasons for this success lies in the fact that the Memorial Building is a very attractive and excellent place for dancing. The floor is unsurpassed and a modern system of ventilation insures comfort in the warmest weather.

There is only one difficulty the Prom Committee must take into consideration, after securing one of the best orchestras in New England and sparing no effort in any detail of the affair, and that is the question of attendance. The 40 couples signed up now are assured of an excellent time, but a larger number of participants is desirable. Juniors! This is your Prom. Your support is a matter of class loyalty if nothing else. You have looked through the open doors of the old Drill Hall for two years wishing you were on the inside and now when your class takes charge only 20 of your number attend. Think this over carefully, then buy your Prelim, and the major social function of

the year held for the first time in Memorial Hall will be an unqualified success.

College Spirit.

College spirit is a thing on which we pride ourselves greatly. The average person looking at a collegiate institution from the outside has the idea that college spirit means rough-housing, organized mob rule or any juvenile trick of which the small boy simply grown to the age of college attendance is capable. "College," is a vague term anyway, but with "spirit" added, it is every synonym in Webster's dictionary jumps vividly to mind; liveliness, energy, fire, ardor, and animation. The peace-loving property owner in a college town lives constantly in a state of mental disturbance as to what will happen to his possessions when those lawless students break loose. In fact he actually expects something to happen and when it does not, then disappointment follows. Sometimes the expected happens, and as "I knew it" or "There they are" soothes the vanity of a prophet tolerably well.

The amusing circumstance arises when college students actually fulfill their notorious obligations. The recent hat scrap is a typical example of such occurrences. The marring of town sidewalks and personal property with paint rightly called forth the wrath of Amherst officials. This notable success in neighboring territory led to similar activities on home ground. Campus walks received various decorations, and college rules were violated when Wilder Hall was used as a battling ring. College spirit does not consist of affairs such as these. "Pure vandalism" is a more appropriate term.

College spirit is an ideal which every student body strives to attain through pride in the institution, work for its benefit, support of its activities, and unflinching loyalty. College spirit is not a vulgar consideration as some underclassmen seem to think. Class "pep", such as hat scraps, all goes to make up the larger sphere of college life and cannot be made to stand separately, but there is a limit to manifestations of jubilation. Further, there is a difference between "prep" school antics and class activity at college. Class relations give rise to excellent chances for showing superior mentality in devising witty schemes, and avoiding destructive trivialities. If we are to pride ourselves on college spirit, let us make it a just pride.

DEBATERS WIN AND LOSE

Continued from page 1

Dimock '24. C. A. C. pitted R. M. Collins, A. Schencker, S. A. Feir, Captain, and R. A. Palen against them. The Presiding officer was President C. L. Beach of the C. A. C. The judges were Rev. H. S. McCready, G. H. Schaffer and D. P. Dunn. Aggie debated the negative side of the question here and the affirmative at Storrs.

This was the first triangular debate between the three colleges, M. A. C. C. A. C. and R. I. S. C. and it is hoped that it may be made a regular event. An interesting fact which may be noted concerning the debates was that in each case the negative side won the decision.

Arrangements have been made for other debates for the Aggie team by Manager A. Krasker, to take place in the near future.

TWO AND TWO DO NOT ALWAYS MAKE FOUR!

SUPPOSE you buy a suit for \$40, which in workmanship, quality, and style is only half right. Now, let us suppose that you replace it in six months with another forty dollars' worth of the same merchandise.

This means that you were half right twice, but it also means that you were half wrong. A HICKEY-FREEMAN SUIT will outwear two such suits for a smaller total, and look right all the time.

T. T. ABLE '23 ELECTED NEW EDITOR-IN-CHIEF OF SQUIB

Succeeds Vinten in this Capacity.
Other Elections at Last Term's Banquet.

On Tuesday evening, March 14, a banquet was held by the Squib Board in Draper Hall at which the annual election of officers took place. T. T. Able '23, who has been managing editor during the past year was chosen Editor-in-Chief to succeed C. R. Vinten '22, the retiring editor. Both these men have worked hard to set a new standard for the Squib, and the coming season should see as good a paper as was put out last year.

The complete list of elections follows:
T. T. Able '23, Editor-in-Chief; C. A. Towne '23, Managing Editor; H. E. Weatherwax '24, Business Manager; F. Brunner '24, Literary Manager; R. Noyes '24, Art Editor; W. E. Paddock '23, Exchange Editor; L. Hale '25, Asst. Business Manager; C. Bowes '24, Advertising Manager; E. Lamb '24, Circulation Manager.

HAVENS TRIO PERFORM IN LAST CONCERT OF SEASON

Treat a Large Audience With Their Customary Polished Performance. Solos Especially Pleasing.

The Havens Trio entertained a large audience in Bowker Auditorium on Sunday afternoon with an instrumental concert under the direction of the Social Union. The musicians were: Raymond Havens, a well-known Boston pianist, Alvin Schroeder, cellist of New York Philharmonic Orchestra, and Julius Theodorowicz, first violinist in the Boston Symphony Orchestra. The program was of classical and semi-classical music and included, besides trios, solos by each of the players, which were received with special enthusiasm.

Famous Lullist Entertains

With Old-time Minstrel Songs.

Mr. Thomas H. Wilfred of Boston, performed here on his 12-string arch-lute, in a Social Union concert given on Sunday afternoon, March 19, of last term. Besides playing solos on the instrument, he accompanied himself in songs which he sang, thus entertaining the audience alone for the whole program of an hour and a half.

The music was all of one type, taken from the old folk songs and troubadour lays of the late middle ages, such music as is rarely heard in these times. Nevertheless, Mr. Wilfred gave a program of good variety, and chose songs of several different countries, including his native land, Denmark. His interesting explanation of each song and his very dramatic rendering of them, which characterized the whole performance, won for him the whole-hearted applause and admiration of his audience.

SOPH-SENIOR HOP NOTICE.

The senior members of the Soph-Senior Hop Committee are Waugh and Thompson. The committee is getting busy and has already ordered its favors.

INTERFRAT. CONFERENCE

At the last Interfraternity Conference meeting the following officers were elected for the coming year: President, Roger B. Friend of Dorchester, Alpha Gamma Rho; vice-president, Owen E. Folsom of Roslindale, Phi Sigma Kappa; secretary and treasurer, James L. Williams of Sunderland, Q. T. V.

The Interfraternity relay plaque, won in last term's races, was awarded to Sigma Phi Epsilon. The Interfraternity Baseball League is under way and a schedule will be published very soon.

"11.—S. R. Parsons is instructor in physics in the University of Michigan.

NOTICE

A College Music Festival is being planned for Friday, May 5, the evening before High School Day. All students of musical ability are asked to co-operate by handing in their names to the committee in charge: Vinten '22, Martin '23 and Fuller '23.

Man-Made Lightning

FRANKLIN removed some of the mystery. But only recently has science really explained the electrical phenomena of the thunderstorm.

Dr. C. P. Steinmetz expounds this theory. Raindrops retain on their surfaces electrical charges, given off by the sun and other incalculable forces. In falling, raindrops combine, but their surfaces do not increase in proportion. Hence, the electrical pressure grows rapidly. Finally it reaches the limit the air can stand and the lightning flash results.

And now we have artificial lightning. One million volts of electricity—approximately one fiftieth of the voltage in a lightning flash—have been sent successfully over a transmission line in the General Engineering Laboratory of the General Electric Company. This is nearly five times the voltage ever before placed on a transmission line.

Much valuable knowledge of high voltage phenomena—essential for extending long distance transmission—was acquired from these tests. Engineers now see the potential power in remote mountain streams serving in industries hundreds of miles away.

Man-made lightning was the result of ungrudging and patient experimentation by the same engineers who first sent 15,000 volts over a long distance thirty years ago.

"Keeping everlastingly at it brings success." It is difficult to forecast what the results of the next thirty years may be.

COLLEGIAN BOARD BANQUET HELD AT DRAPER HALL

First Banquet for the New Men, 20
Enjoy the Dinner and Discussion.

The retiring COLLEGIAN Board, both editorial and business departments, together with the new members of the board recently elected, held its annual "initiation" banquet last Wednesday night, April 5, in the banquet room upstairs in Draper Hall. Seventeen of the board were present to enjoy the good dinner which Miss Diether had prepared. The board entertained as guests two members of the faculty, Professors Frank A. Waugh and Frank P. Rand, and Louis Lyons, connected with the Extension Service.

After the main business of the banquet, commonly called "feeding," short after-dinner speeches were heard from the guests and from the Senior members present. Then under the leadership of Editor Stude, a general discussion, or Round Table, was indulged in. The members of the new board, especially, left the banquet with much gratification for the valuable suggestions and constructive criticism given, which made the evening a thorough success.

SUNDAY CHAPEL, MARCH 19

Rev. Fred W. Adams, of the Trinity Methodist Episcopal Church in Springfield, delivered the Sunday Chapel sermon on March 19, the last Sunday of last term. He spoke on the Life of Health, of Happiness, and of Supreme Success, as shown in the teachings of the Gospel.

Rev. Adams said that these three conditions were possible in every man's life, and that it was the primary duty of the church to see that they were fulfilled. One of the best things the church can do today is to help relieve the vast amount of suffering in the world, both by foreign missions and at home. The church can also show the way to true happiness by encouraging, not jazz or a cheap good time bought with money, but the better, more lasting things of life. Furthermore, to attain success in our business or our politics, we must carry the teachings of the Gospel to the very heart of them. For only by following out a supreme ideal can we ever hope to attain Supreme Success.

SUNDAY CHAPEL, APRIL 9

Palm Sunday was observed at Sunday Chapel Sunday morning, April 9, when the student body was addressed by Dr. Howard A. Bridgman, Principal of the Lawrence Academy at Groton. He chose to dwell upon one of the incidents of Jesus' last days of life on the earth, his appearance before Herod and Pilate. He spoke of it as being perhaps one of the bitterest happenings in our Lord's life.

By means of striking contrast he pointed out clearly the difference between the right and the wrong, and urged everyone to take Jesus at his full value, to realize what he stands for, and to put religion forever into daily life.

Dr. Bridgman urged every one to observe Holy Week and its significance, and even asked that each day every one devote some time to Bible study. His talk was urgent and impressive, for he seemed heart and soul in his religious work.

There's Economy in Quality

The Best Business Career

Is what every ambitious senior is thinking about at the present time. Life insurance is one of the best, one of the most desirable, and one of the most satisfactory as a permanent calling.

In assets and volume of business, life insurance is one of the three leading businesses of this country, yet the field is comparatively under-developed. Only 7 per cent of the economic value of human life in the United States is covered by insurance. This gives an idea of the big field still to be worked, especially business insurance for firms and corporations.

As to remuneration: Reports of college graduates who have entered business indicate that life insurance is at the very top as a source of income. Now is the time for you to consider what you are going to do after graduation. If you are ambitious and willing to work hard and are interested to know about life insurance, address

FIFTEEN CANDIDATES OUT FOR FRESHMAN BASEBALL TEAM

Nine Games on Present Schedule,
Season Beginning April 29.

Coach Ball is working with a fine Freshman baseball squad this spring and hopes to turn out a record team. In about a week of practice, since spring vacation, 15 men have shown up, with four men out for the box position. The schedule to date consists of nine games, with at least six to be played at home. The eligibility rule will keep several good men from the team but Coach Ball feels that he can pick a winning nine from the squad to represent the class of 1925 on the diamond. In the practice games already held the men have shown good form, and will be ready for the first game the 29th of this month.

The schedule:
April 29—Pending
May 2—Tarners Falls H. S., Amherst
5—Pending
9—Sacred Heart H. S. of Holyoke, Amherst
13—Northampton H. S., Amherst
16—Technical H. S. of Springfield, Amherst
20—Arms Academy, Shelburne Falls
24—Greenfield H. S., Amherst
30—Rosary H. S. of Holyoke, Amherst
June 3—Deerfield Academy, Deerfield

Polish Farmers and Wives Become Students For a Day.

Polish Day at M. A. C. was observed March 30 with about 120 farmers from the Valley attending. Mr. Farmer was interested mostly in tobacco culture and in onion growing, while Mrs. Farmer took most interest in poultry raising, improved household methods, and in the care of children. Moving pictures furnished instruction for those who could not follow the lectures in English, and interpreters repeated the talks when possible.

'08.—Willis S. Fisher is principal of the Pease Street Grammar School in Providence, R. I.

GORDON CHOSEN CAPTAIN

Continued from page 1
"Sharky" Lyons, and "Phil" Haskins gave short talks on the season's work, its lessons, and many pleasant reminiscences of the trips, especially the one to Philadelphia. A letter from "Kid" Gore was read complimenting the team on the splendid showing it had made in the season just completed. The following men, as a result of the Athletic Committee, were awarded their letters: Capt. Collins, Kroeck, Lyons, Haskins, Mgr. Tucker, Hodsdon, and Captain-elect Gordon.

SOUTHWICK BROTHERS & GAULT

HONOR CONSTITUTION TO BE ENFORCED IN LAB EXERCISES

Hockey and Basketball May Become Major Sports Here.

The last Assembly of the winter term was conducted by Adelphi, and some of the campus problems were discussed in Student Forum.

Raymond Vinten '22, offered an amendment to the present Honor Constitution which stated that the pledge was to be considered as in effect in all laboratory exercises which require individual work, and this amendment was so voted to become a part of the Constitution. Vinten further stated that the Honor System was not being observed as much as it should be in that part of it which requires that anyone who sees an infringement of the Rules is bound to report it to the Honor Council.

Belding Jackson '22, brought before the student body a plea that the minor sports of hockey and basketball be made major sports, ranking with football and baseball and track. The result was a resolution to the effect that these sports be made major sports, and the resolution will be presented to the joint committee on athletics.

John Lewandowski '22, asked the student body to consider the raising of a fund for basketball and hockey banquets, and for gold pucks as watch charms for the hockey team. No action was taken on this subject.

The revised form of Article II, Section 6, of the Honor Constitution now reads as follows: All laboratory exercises designed by the instructor as examinations shall be governed by the Honor System. In such cases the pledge is implied.

WEDNESDAY ASSEMBLY

Continued from page 1

taking on of big away-from-home games would substantially aid the athletic fund. Such a program, however, would not be entirely satisfactory, it is felt, to the students here.

It has been the policy of the athletic department to have a sufficient supply of equipment to meet the demands of all men desiring to go out for sports. It has also been its policy to furnish athletes proper medical care in case of injuries received while participating. The limitation of either of these policies would help relieve the deficit in a great measure, but it is feared that such actions would tend to discourage rather than to encourage men to go out for these various activities.

The assessment of special taxes to classes for the maintenance of teams other than those of the varsity, or the assessment of a special tax upon the students to cover the deficit, were plans which were also briefly considered.

Professor Hicks then compared the athletic tax of this college with those imposed by other institutions and showed that it was lower than most of them. Upon a motion from the student body, and under the supervision of the President of the Senate, the athletic tax was voted to be raised from \$4.00 to \$5.00 per term, such a change to be effective at once.

TUITION TO BE RAISED FOR STUDENTS OUTSIDE STATE

The Following Announcement Has Been Received From the President's Office:

The Trustees of the Massachusetts Agricultural College have raised the tuition to \$180 per year for four year students entering the college from states other than Massachusetts. The new rate will be effective in September, 1922 for those entering for the first time, but will be postponed until September, 1923, for those already enrolled.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

No. 22

"WILLIE" MARSHMAN '23 TO CAPTAIN VARSITY QUINTE

Has Had Valuable Experience in Basketball. Also Has Active Record in Other College Activities.

The athletic office has announced the election of Wilber Horace Marshman '23, of Springfield, as captain of next year's basketball team. The long, rangy center learned the fundamentals of the game at Springfield Central High School, and has starred with the Aggie Varsity for two years. When he came up against Smith of Clark University, who has been mentioned as all New England material, he both outscored and outjumped the Worcester lad, getting the tap at least two out of every three times.

"Willie" is active in other than basketball circles. He won his letter in football last fall, and is now playing with the baseball nine. He has been class president, secretary of the inter-class athletic board, and a member of the class basketball, tennis and baseball teams. He is a member of the Junior Prom committee, and bowls in the interfraternity bowling league. He was elected to the Senate in his Junior year, and is a member of the Kappa Sigma Fraternity.

PROM INFORMAL TICKETS ON SALE NOW BY COMMITTEE

Prom Decorations to be Kept Over. Supper Served at Draper. Music by Bob Woodworth & Co.

The Informal Committee has found it advisable to hold the annual Prom Informal on Saturday afternoon and evening, April 22. Dancing will be upstairs in the Memorial Building. Two of the special features of Junior Prom will help make this informal the most important of the year. The decorations will be those of the Prom, as arrangements have been made to leave them up for this occasion; also the new waxed floor will be in excellent condition for the Informal.

The music this year will be furnished by Woodworth's Orchestra which will feature "Bob" Woodworth at the banjo and saxophone, "Joe" Wood also on the saxophone, "Red" Parker at the piano, and "Middle" Dunbar at the drums and xylophone. This combination in itself will be an added attraction.

Getting away from the recent idea of a caterer the committee has decided to have a real supper served in Draper Hall for those attending. Tickets are on sale by every member of the committee, which includes Vinten, Theta Chi house; Gowdy, Thompson, and Alexander at the Sigma Phi Epsilon house; Law at the Lambda Chi Alpha house; Mosely at the Alpha Sigma Phi house.

CAVALRY FIELD DAY MAY 6 TO HAVE ALL SORTS OF RACES

Beautiful Silk Gaidon to be the Property of Troop Winning Drill; to be Kept for One Year. Sub-Freshmen will be Well Entertained.

High School Day at M. A. C. on May 6, Saturday. Preparations are nearly completed, and a program has been arranged that will keep the Sub-Freshmen entertained every minute of the time. One of the feature events will be the Cavalry Field Day staged by the R. O. T. C. Military Department of the college. The Sophomores are doing a good part of the work in connection with this, and have held a meeting and appointed committees and officials.

Several riding events will be competitive for Sophomores and upperclassmen, these to include hurdling, a rescue race, and a tent-peg race, in which the sabers, Continued on page 8

Varsity Ball Tossers to Meet Alumni Today

Practice Hindered Some by Poor Weather, But Men Are Expected to Show Good Form. Connecticut Trip Opens Season.

With the opening of the baseball season at hand, Coach Gore finds himself handicapped by poor weather for practice. Between the late snow and the three or four rainy days last week, the team has found it hard to get outdoors. The aggregation is fast being whipped into shape, however, and should make a good showing. They will play the alumni this afternoon and expect to gain some valuable, last-minute experience before coming up against Wesleyan and Connecticut over the weekend.

Alumni who will probably play are: McGinnis, '20; Johnson, '15; Sherman, '14; Davis, '21; Ball, '21; Grayson, '16; Dowd, '20; French, '19; Glavin, '20; and Morse, '14. The varsity had a practice game with Deerfield Academy last Friday and rough places in the work were smoothed over.

The probable lineup for the games with Wesleyan and Connecticut is: Cahill, 3rd; Sargent, rf; Collins, p or cf; Gordon, lf; Moseley, 2nd; Kroeck, p or 1st; Hilyard or Harrington, ss; Barrows, c; Marshman, 1st; Brunner, Nicoll, or Grayson, cf. It is expected that Collins will pitch at Wesleyan and Kroeck at Connecticut.

FOOTBALL

Spring football practice starts Monday, April 24. Uniforms may be procured Friday afternoon and Saturday at the Athletic Office.

JOE CHAPPLE "MAKES A HIT" AT WEDNESDAY'S ASSEMBLY

Tells of Interesting People He Has Met and Travels He Has Taken. Speaks Full Hour and Quarter.

Joe Mitchell Chapple certainly is no exception to the rule that "fat men are funny," if his speech last Wednesday in Assembly is any proof. Probably few other men could get up and talk for an hour and a quarter about their troubles, their travels and their great moments in life, and hold the interest of an audience as he did then.

Joe Chapple is at present the editor of the *National Magazine*, which he says is "Mostly About People," and his stories are full of human interest and everyday happenings. "People are always interested in people," he says, and his power of entertainment lies in the application of this principle.

He has traveled all over the world, has met the men who are at the head of our government in Washington, and has visited Europe as a free-lance reporter with a letter from Roosevelt which he used as a passport to coronations, conferences and patriotic meetings, and thereby got properly scolded by "Teddy" on his return.

One of "Joe's" serious points,—there was a purpose in all his joking,—was his consideration of the degree of M. A. N. from the "university of life." He said that "a" stood for mastery, of something, if nothing more than of yourself; "A" for acquaintance, those who form our lives; and "N" for natural that quality which makes a man liked and gets him a place in the world.

"Prexy" said that he had to handcuff "Joe" to get him down here to speak, and it is to be hoped that we will have the pleasure of hearing him again sometime.

SUNDAY CHAPEL SPEAKER.

The speaker for Sunday Chapel, April 22d., is Dr. W. S. Beard, of the Congregational Missionary Society of New York City. Mr. Beard is engaged in recruiting and training men for missionary work.

'19—Wendell F. Smith is teaching agriculture in Newton High School.

Aggie is now in the midst of the most beautiful and elaborate Junior Prom which has ever been held on this campus. The committee in charge has spared neither time, money nor energy to make this 1923 Prom,—the first one ever held in our new Memorial Building,—a never-to-be-forgotten event.

Prom festivities commenced last night at nine o'clock in the upper hall of the Memorial Building, and forty couples attended. President and Mrs. Butterfield, Dean and Mrs. Lewis, and Captain and Mrs. Shufelt were the patrons and patronesses. They were assisted in the receiving line by Professor and Mrs. Ford, and Mr. and Mrs. Richard Smith, who will act as chaperons at the Kappa Sigma and Phi Sigma Kappa home parties respectively this evening. Soon after midnight an extremely fine supper was served in Draper Hall, and then dancing was again resumed until five o'clock this morning.

The beauty of the Prom was unsurpassable and the decorations in the hall were so nicely arranged as to make the whole building more beautiful, if such a thing were possible. The hall was profusely banked with flowers and palms, and the effect of light streaming through the smilax trained across the three arches leading into the loggia could remind one only of fairyland.

The lights were covered with old-rose-colored shades, which cast a delicate glow on the dancers; and from the chandeliers, and from underneath the pictures, were hung baskets of flowers. Cut flowers and palms were placed in different parts of the building, and box-woods flanked the front entrance. The dining hall was also decorated, the color scheme being old rose and white, the former predominating.

Walter Johnson's Orchestra furnished the music for dancing, being seated on the stage and surrounded by palms. A most novel plan was introduced in the selection of favors by the Prom Committee.

Continued on page 2

The COLLEGIAN announces that if alumni or others who know of any summer positions, will communicate with the Editor-in-Chief as soon as possible, suitable publicity will be given, among the undergraduate body, to all such opportunities for work.

BOSTON CHAMBER COMMERCE ACTS ON N. E. RESEARCH PLANS

Pres. Butterfield Chosen to Lead the Work; the College also will be Represented by Other Men.

Representatives of New England agricultural colleges, federal and state departments of commerce and several universities have taken the preliminary steps for the formation of a New England Research Council to study New England's food supply and marketing problems.

At a meeting at the Boston Chamber of Commerce, Dr. Kenyon L. Butterfield, President of the Massachusetts Agricultural College was elected chairman of the groups interested in the project and arrangements were made to include in the Council all institutions and agencies actively engaged in studying the food and marketing problems in New England. The purpose of the Council, as stated in its proposed charter, "shall be to stimulate and coordinate the studies of economic problems connected with the supply of foods and other agricultural products of New England."

Dr. Butterfield declared at the meeting that one of the real problems of the future of New England is that of adequate food supply. "Almost no research work has been done along this line," he said, "and to solve such problems requires the best efforts of all concerned, from producer to consumer."

Lloyd S. Tenney, assistant chief of the United States bureau of markets and crop estimates welcomed the idea of such a research council. He said that as New England was comprised of small states, such a council could serve as a clearing house for the results of studies of the supply and marketing problems.

Those present, in addition to Dr. Butterfield and Mr. Tenney, included the following men from the college: Alexander G. Cance, R. J. McFall and Sidney B. Haskill. Also W. A. Munson '05, represented the Mass. Department of Agriculture. Another meeting is to be held soon to perfect the organization and to begin the studies of the problem.

PROF. MACKIMMIE TELLS OF TRAVELS IN ITALY AND SPAIN.

The Cosmopolitan Club met in the Memorial Building last Friday evening, April 14, to hear Professor Mackimmie speak on his travels in Europe. He spoke very interestingly of his experiences in Italy and Spain, and dwelt particularly on the beauties of Naples, Florence and Gibraltar. He said he would rather be a native of Florence than of any other city in the world, because of the great number of noted men who have come from Florence. Twenty-four members of the Club attended.

CATHOLIC CLUB PLANNING TO HOLD WHIST PARTY SOON.

Last Wednesday evening, April 12, in the Memorial Building the M. A. C. Catholic Club held its regular monthly meeting. The regular order of business was followed and plans were put under way for a whist party to be given by the club in the near future. No definite arrangements have been made as yet but it is hoped that with a party of this nature the treasury of the organization may be strengthened.

ANNUAL JUNIOR PROM

Continued from page 1

mittee. The gentlemen received a card case, in which was the dance program, and the young ladies were presented with their favors after being introduced to the patrons and patronesses. Each young lady chose an ostrich plume fan to match the color of her dress, and at the end of the first dance, when all the fans were spread, the effect was most exquisite. There were six colors, jade, turquoise blue, robin's egg blue, cerise, orange, yellow and lavender.

This evening following the Prom Show, Kappa Sigma and Phi Sigma Kappa are to hold house parties in their respective houses. Alpha Sigma Phi will join in with the Kappa Sigs. and Sigma Phi Epsilon with the Phi Sigs.

The list of those attending Junior Prom is as follows:—

Q. T. V.

Charles Deuel and Miss Edna Cailler, Smith College; Robert Fuller and Miss Stevens, Woburn; Hobart Spring and Miss Mildred Edwards of Kingston, R. I.; Clarence Clark and Miss Frances Martin, Amherst; Carroll Towne and Miss S. Symonds, Boston; Norman Hillyard and Miss Inza Boles, Dorchester.

PHI SIGMA KAPPA.

Fred Brunner, Jr. and Miss Rosalba Weymouth, Mt. Holyoke; Fred Sears, Jr. and Miss Kathleen Adams, Worcester; John Hale and Miss Helen Gibson, Mt. Holyoke; Lester Bartlett and Miss Gertrude Hanson, Boston; Robert Mohor and Miss Mildred Johnson, Smith; Richard Smith and wife; Richard Wendell and Miss Elizabeth Dewey, Belmont; Owen Folsom and Miss Marion Colby, Boston.

KAPPA SIGMA.

Irving Slade and Miss Madeline Gates, Chelsea; James Beal and Miss Alna Clark, West Hanover; Carl Whitaker and Miss Elizabeth Richmond, Northampton; Conrad Wirth and Miss Edna Bossen, Hartford, Conn.; Francis Buckley and Miss Mary Doon, Convent, N.J.; Wilbur Marshman and Miss Dorcas King, Springfield; Renel Eldredge and Miss Esther Smith, Smith College; Richmond Sargent and Miss Frances Russell, Simmons College; John Lowery and Miss Dorothy Parks, Malden; Elliot Goldsmith and Miss Onnee Mann, Smith College.

THETA CHI.

C. Raymond Vinton and Miss Janette Ward, Springfield.

SIGMA PHI EPSILON.

John Lyons and Miss Theckler Kennedy, Arlington; Carlisle Gowdy and Miss Mabel T. Studelaker, Smith College; George Cotton and Miss Inez Zecker of Arlington; Phillip Dowden and Miss Alberta Hadley of Arlington; Richard Gifford and Miss Ruth Lane of Westfield.

LAMBDA CHI ALPHA.

Robert Lawrence and Miss M. Silcox, Greenwich, R. I.

ALPHA SIGMA PHI.

Albert Smith and Miss Doris Graham, Amherst; James Leland and Miss Helen Nichols, Northampton; Henry Moseley and Miss Hazel Arnold of Springfield; Raymond Grayson and Miss Elizabeth Patterson.

ALPHA GAMMA RHO.

Bertram Gerry and Miss Lydia Fletcher, Providence, R. I.; Mason Alger and Miss Dorothy Turner, Washington, D.C.; Newton Lincoln and Miss Rita Casey of Fall River; Luimen Conant and Miss Lois Gibboney, Wellesley College; Norman MacAfee and Miss Helen Snow of Arlington; Charles Buck and Miss Anna Flint of Mansfield.

It surely seems good in the warm spring months to be able to eat when you want to and what you want to—and think how convenient it is to leave early for the "River" and "Mountain."

AGGIE INN by the Campus Entrance.

SOCIAL UNION COURSE WELL ENJOYED THE PAST SEASON

Seven Performances Included Good Musical Talent and Lecturers. Popular With All.

Last term the Social Union program of entertainments was well chosen and well arranged, and every entertainment was enjoyed by the students and townspeople who attended. The series included seven performances, and concluded with the excellent classical concert by the well-known Havens Trio of Boston.

On the evening of the 7th of Jan. the Ernest Gamble Concert party presented a pleasing program of singing and piano and violin selections. On the next date, Jan. 20, Captain Grant Williams, a former detective on the New York Police Force, gave a lecture concerning his experience while on the force. His finger-print work was especially interesting. On Feb. 3, Phidelah Rice, a dramatic reader of Boston, was warmly received in his rendering of "The Great Adventure," by Arnold Bennett. The Glee Club and Orchestra then concluded the entertainment for the Mid-winter Alumni Day.

Saturday evening, Feb. 13, the Orpheus Four Quartet, par excellence, sang before a full house. With old-fashioned and modern songs they presented something new which carried well with the audience. On March 3, Thomas A. Daly, Poet and Humorist,

of Philadelphia, was the attraction of the evening, in his lecture entitled "Poets—Wild and Tame." Reciting much of his own poetry and discussing some of his contemporaries he kept his audience in continual good humor. He proved an interesting speaker and all that his title promised.

Mr. Thomas Wilfred, world famous luteist, gave a recital on Sunday March 19, with an interesting history of the lute, an excellent instrument on which he accompanied himself in some of his quaint old foreign folk-songs and minstrel's lays. The last entertainment of the term was furnished by the Havens Trio, consisting of the Cello, Piano and Violin. Two of the members of the Trio are players in the Boston Symphony Orchestra and the Philharmonic Orchestra of New York, respectively, and showed themselves wonderfully talented on their respective instruments.

Certainly this program's excellence speaks well for the educational as well as entertaining value of the whole course, and one as good for the next year should make the series as popular as this year's has been.

ASSEMBLY NOTICE

M. A. C. will be honored next week Wednesday in having on its platform the Honorable J. Weston Allen, Attorney General of the Commonwealth. Mr. Allen is a Yale graduate, and also studied at the Harvard Law School. He was elected to the legislature in 1915, and since then has been steadily moving up the ladder.

The Sophomores will have a chance to practice events in the afternoons and in drill periods. Entry blanks should be obtained and filled out at once from Hallett '23, or Head '24. A drill which includes all the three troops will be given, and it is planned to give the winning troop a silk guidon which it will carry for a year until the next field day.

All high school students are welcome here at the college on May 6, whether they have definitely decided to come here to college or not, and they will be entertained throughout the day. A complimentary supper will be furnished, and overnight accommodations provided for. Those intending to stay over night should notify Field Secretary Mellen at the alumni office, unless they have already made plans to stay somewhere for the night.

M. A. C. Athletics.

Very little has been published about the athletic system at M. A. C. during the recent movement of the larger colleges to control intercollegiate sports by a different method. It is gratifying to learn that the system actually in vogue at M. A. C. since 1913 has essentially the same features as the new plan advocated by several eastern colleges. President Butterfield had great difficulty in finding the right man to carry out his ideas in regard to coaching reforms. Under the able leadership of Prof. Curry S. Hicks, chosen in 1913 from a group of the best athletic directors in the country, the president has seen his ideas crystallize into workable rules. The plan has functioned so well that its merits cannot be hidden and success is likely to follow its adoption elsewhere.

Concerning the situation Dean E. M. Lewis, who is president of the New England Intercollegiate Athletic Association, said in the Springfield *Republican*, and his statement has since been heartily endorsed by President Butterfield.

"I am more than gratified to think so many of the New England colleges have signified their intention of taking up this method of conducting athletics, and especially because they have accepted the principle that such athletics are a part of the function of the departments of physical education, and that, therefore, all so-called coaching and instructional work should be done by regularly employed members of the faculty.

"This conception of athletics was first accepted at this institution by action of the board of trustees in June, 1913, when they directed that the head of the department of physical education should be by virtue of his position, general supervisor of all athletic activities.

Since 1917, all branches of sport here have been under the direct charge of regularly employed members of the faculty. At the present

time Prof. Curry S. Hicks, head of the department of physical education has general direction of athletics. Assistant Prof. Harold M. Gore has direct charge of coaching varsity football, basketball, and baseball. Emory E. Grayson, instructor in the department of physical education, has direct charge of coaching all two-year athletics. L. L. Derby, instructor in the department of physical education, has direct charge of coaching all track athletics. L. E. Hall, instructor in the department of physical education, has direct charge of coaching all freshman athletics. These men, as above stated, are regular members of the college teaching staff, on the same salary basis and general status as members of the other departments.

"This plan has recognized the educational values to be derived and after having been in operation here for several years, is considered most satisfactory.

"Several attempts have been made by President Butterfield to interest other institutions, particularly other state institutions, in this method of administration, and also in the improvement of standards of eligibility. Only last year, under President Butterfield's direction, a conference was held in New York city, and an organization of the state institutions was practically started, but on account of the president's absence, final action was deferred until his return from China. I myself have urged this method of athletic control for many years now and it is therefore most gratifying to me personally to see this new impetus given the project.

"We at this institution hope that the newly organized group of colleges may go even farther with their plans, and accept uniform standards of scholastic eligibility, to include, at least, the freshman rule, and the one-year transfer rule for student participation."

Collegian Elections.

Recent elections to the COLLEGIAN Board have caused much comment and criticism during the past week. Charges of favoritism and even class prejudices have been hinted at with the result that some of the student body believe that the liberal democracy of the college has been violated. Misunderstanding usually underlies questions of such a nature, and an adequate explanation of the system of elections to the COLLEGIAN is obviously necessary. We realize also that often those who know least about a matter comment the most.

To begin with, the comparative standing of competitors published each week did not constitute the whole basis of choice by any means. Competitors knew this was only a fair estimate of the amount of work they had done. Nearly every one is familiar with the methods employed by the Athletic Department in selecting their managers. Hours of work, ability, examinations, and last but not least personality factor a just means of comparison. The COLLEGIAN picks its future leaders in like manner. The Board elections correspond to the vote taken in assembly for managers. This year all candidates were given an examination under the auspices of the English Department. The quality of competitive material, personality and attitude were carefully considered before any steps were taken in elections.

It will be remembered that the COLLEGIAN made urgent calls for more competitors at the beginning of last term because it felt that more competitors were needed to maintain the most efficient personnel in the future. The men reporting from Freshman and Sophomore classes immediately started work and were one term behind in point of credits, which accounts for the fact that variations in totals were so great in many instances. We hope that this will prove a satisfactory explanation of the COLLEGIAN election, and will serve to expell any doubts as to the spirit in which the board acted.

Welcome.

Our Prom guests, we welcome you to our spacious campus! We have spared no effort to adapt our fraternity houses and Memorial Hall to your needs and enjoyment. For a few days college life is strangely but not grudgingly turned from its regular channels, and the doors of fellowship open wide on their friendly hinges. You have caught a glimpse of the college discipline and forces which forecasts a more serious aide to our nature, and our best musical and dramatic talent are aiding to entertain you. Once more we greet you with true hospitality and trust you will carry away only kindly memories and happy thoughts of our college in the valley.

Sunday Chapel, April 16.

The speaker in Sunday chapel last Sunday was Mr. Albert E. Roberts. Mr. Roberts is connected with the Y. M. C. A. of New York City, and he gave an Easter address on the Significance of the Crucifixion and Resurrection of Jesus Christ. He stressed the fact that the golden rule should be applied in daily life in order that the ills of the world might vanish.

THIRTY MEN COMPETING ON TWO YEAR BASEBALL SQUAD

Seven Home Games and 4 Away Make Balanced Schedule. Prospects for a Good Season.

The outlook for a good Two Year baseball team is bright this spring. Although they cannot hope to surpass the record made by their last year's team, they should make a good showing. More than 30 men reported to Coach Grayson when he issued his call for candidates and all of them have been retained on the squad. There are plenty of men for all the positions except those of pitcher and catcher. Bartholomew, the only man left from last year's team, Adair, Breivogel, and McCoy have been working in the box, with McKennan and Bonnellan on the receiving end. None of these men have had much experience but are trying hard to fill the positions. The men who are most likely to hold down the infield jobs are Smith, first base; Wells, second base; Breen, short stop; Chamberlain, third base; Adams, Adair, Cluff, and Bartholomew will be used in the outfield. Greene, F. E. Wilson, and Humphrey have shown up well in practice and will probably be used in some of the games.

The number of games to be played by the Two Year team has been cut down by the Athletic Association to 12, but a schedule has been prepared with some of the leading high school and academy teams in the valley.

TWO YEAR BASEBALL SCHEDULE.

April 26, Turners Falls H. S. at home.
29, (Pending.)
May 2, Rosary H. S. at Holyoke.
5, Sacred Heart H. S. at home.
10, Williston at Easthampton.
11, Cushing at home.
15, Wilbraham H. S. at home.
20, Worcester North at home.
24, Rosary H. S. at home.
27, Wilbraham at Wilbraham.
31, Sacred Heart H. S. at Holyoke.
June 3, (Pending.)
7, Deerfield at home

STOCK JUDGING CLASS ON FIRST TRIP TO MT. HERMON

Judge Herds There and at Northfield, and Enjoy Successful Trip.

Last Saturday the class in Animal Husbandry 52 assembled at the West Experiment Station at 7:45 A. M. In three autos they proceeded to Mt. Hermon School where they judged seven classes of Holsteins. Besides the judging, an excellent dinner was served them. After viewing the prize stock, the judges moved on to Northfield Seminary, where four more classes were placed and a thorough investigation of the cattle made.

The trip was a success, except for the rain which obliterated the beautiful view which may be seen from both places in fair weather.

Fred L. Yeaw '05 and A. W. Morrill '01 are now in Los Mochis, Sinaloa, Mexico, working on problems connected with the growing of vegetables for the northern market.

PUBLIC ENTERTAINED LAST SUNDAY BY ALPHA SIGMA PHI

Dignified Seniors Hold Tea-Party on their Roof. Ammunition used Freely, also Smoke Screen.

An Easter Sunday afternoon tea was held at the Alpha Sigma Phi house. The boys wore their new spring suits and ties, and a variety of very clever collegiate socks was displayed. Entertainment was furnished both to those who were invited and to a large number from neighboring fraternity houses.

Especially notable was the display of hosiery in the entertainment, for the boys decided to view the town from the roof and removed their footwear to facilitate locomotion "an timent" along the ridgepole. One aspired to have his picture taken sitting on the chimney, but someone built a fire under him and a smoke-screen caused the photographer and the subject to leave hastily.

Shoes and books, pillows and rubbers were the missiles used in a free for all, in which one man was totally extinguished by a number 12 for the space of 20 minutes, and was held suspended over the barberries, after nearly rolling off the roof, until his rescuer's arm tired and he dropped, mercifully unconscious, and with his new suit intact at least at a point a foot above the hedge. No report has been received as to the present condition of the snit. There were no others wounded.

"A good time was had by all," and the success of the tea was such that it is contemplated having one again. No date has been set, but admission to the entertainment will be free.

TWO-YEAR PLAY TO BE GIVEN AT COMMENCEMENT NEXT JUNE

"The Dictator"—a Popular Farce by Richard Harding Davis

The Two-Year Commencement play which is to be presented in June, is "The Dictator" by Richard Harding Davis, a three-act farce comedy. It is a very bright and amusing play and had a long run in New York several years ago with John and Ethel Barrymore. The story is based on the flight of a young millionaire from New York after a fancied crime, and of his becoming the dictator in a Central American Country where revolutions were frequent. Professor Patterson is to coach the caste, which is as follows:

Travis, N. P. Harrison
Jim, W. K. Delano
Hyne, H. E. Ritchie
Col. Boivie, J. M. Benson
Duffy, H. W. Tompkins

Detective
Rev. Bostick, P. R. Sanford
Gen. Tampos, Rhodes
President of Manana, M. B. Hurd
Lient. Perry, D. M. White
Capt. Codman, W. S. Smith
Dr. Vasquez, Loring
Jose, H. M. Kessell
Corp. Manuel, A. G. Markham
Gracia, R. R. Keirstead
The Steward, Miss D. W. Leavitt
Lucy, Miss F. G. Thoun
Mrs. Boivie, Miss C. L. Jacomb
Juanita,

INTERFRAT CONFERENCE

At the last Inter-fraternity Conference meeting the following officers were elected for the coming year: President, Roger B. Friend, Dorchester, Alpha Gamma Rho; vice-president, Owen E. Folsom, Roslindale, Phi Sigma Kappa; secretary and treasurer, James L. Williams, Sunderland, Q. T. V.

The Inter-fraternity Relay cup won in last term's races, was awarded to Sigma Phi Epsilon. Plans for Sunset League

baseball have now been arranged, and a schedule drawn up, as printed elsewhere in the COLLEGIAN.

Attention, Codfish!

Miss Hope Fagan of Waverly, has enrolled in the Microbiology Department for some special investigational work which she will continue through this term. She has been employed for some time in the research laboratory of the Gorton-Tew Company of Gloucester. Her principal study this term concerns the "red growth" of codfish.

He Reached the Top

THE Vice-President of a great life insurance company who began his career as an agent has this to say to seniors who are about to graduate from college:

"If you love work and desire to pursue an honorable, useful and lucrative mission in life this is the business for you to take up. Life insurance salesmanship offers a fine field for the energies of the splendid young men in our colleges.

"That this is true is demonstrated by those college men who have taken up life insurance for they have shown that the college man is fit for this kind of a job and that the job also is fit for the college man.

"The work of the life insurance salesman is distinguished by independence and opportunity for directing his own. It gives all possible opportunity for individual initiative and a chance to make an ample income at an age when most fellows are struggling on a wage pittance."

That is the story of one who began at the bottom and reached the top without the help of a college education. The advantages are with you who graduate from college. Before deciding your career make inquiries of the "Agency Department."

John Hancock LIFE INSURANCE COMPANY OF BOSTON, MASSACHUSETTS Largest Fiduciary Institution in New England

Harvard Graduate School of Business

A two-year course in business, open to college graduates, leading to the degree of Master of Business Administration.

The School aims to give its students a basis of facts and principles which the beginner who is looking forward to executive work cannot readily obtain in his early business experience.

The case method of the School provides training in analyzing actual business problems.

The various courses are correlated in the following study groups: Accounting, Banking, Business Statistics, Foreign Trade, Industrial Management, Lumbering, Marketing, Transportation.

Registration for 1922-23 is limited. For further information and formal application blanks, write to

BOWLING ALLEYS GIVEN NEW LEASE OF LIFE RECENTLY

Are Now Ready for Use Together with Renovated Billiard and Pool Tables.

While the undergraduate body was enjoying a well-earned 10-day's vacation during the latter part of March, the bowling alleys, that popular institution recently installed in the basement of the Memorial Building were undergoing changes for the better, so that lovers of bowling may now use alleys which are as good as new. The billiard table has also been renovated and is now ready for use. The alleys, which are very much dented by bad lobbing of some of the more inexperienced, were first re-jointed, the surfaces were then scraped to remove the vicious dents, after which they were polished and waxed, so that now one can hardly recognize them. The billiard table received a new top, the sides of the table were straightened, and the banks made "alive." The pool room has also received some slight innovations, such as better cue tips, chalk, etc.

THAT'S WHAT GEORGE SAID

There has been some difficulty experienced by the Grounds Department in assembling the cannon which the college obtained last Spring. Instead of being a genuine German cannon captured in action it has turned out to be a cannon made in France and used by French troops. This, however, is not the greatest difficulty. When George Wagner, Polish under-boss of the department, tried to put the piece together, he found that there were parts of two guns but not enough of either to make one complete cannon. As he put it, "They goin sendum rest of pieces I stickem up pretty good, eh?"

Farmer's Week Being Planned.

Italph W. Redman, Assistant Director of the Extension Service, has been chosen as chairman of the Farmer's Week Committee. Farmer's Week is an annual affair and has been held here at college either in the spring or in the summer for the past decade. This year it comes from July 24 to 28, and a program is already being arranged for these dates. Many of the agricultural associations of the Connecticut Valley plan to hold their meetings here on the campus during this week, so that there will be something of interest for everyone no matter in what branch of agriculture he is interested.

ALUMNI

'08.—H. K. Hayes, professor of plant breeding at the University of Minnesota, presented a paper on "Wheat stem rust from the standpoint of plant breeding" before the Western Canadian Society of Agronomy, at Winnipeg on Dec. 29, at their invitation. Prof. Hayes was presented the degree S. D. by the Bussey Institute of Harvard University, June 1921.

'08.—Frank E. Thurston has resigned the assistant managership of the Cuban-Canadian Sugar Company, to accept a position as manager of the Compania Azucarera Orienta.

'12.—R. P. Parkin is now in the employ of the United States Public Health Service as special expert for the investigation of Rocky Mountain spotted fever.

'13.—William P. Hayden is practicing law in Boston.

GROUNDS DEPARTMENT TO GIVE NEW COURSE NEXT MAY

Open to the Public. Will Last Two to Three Days. Expected to be Popular.

The Grounds Department will give a 3 days' course in Lawns and Lawn Maintenance during the last part of May. This course is to open to the public and is under the supervision of Lawrence S. Dickinson '10, head of the Grounds Department. Mr. Dickinson has at his disposal now 19 different kinds of hand lawnmowers, 5 kinds of power lawnmowers, and 2 kinds of horse lawnmowers. Before the course starts he expects to have at least 35 different types of mowers, most of which have been donated or loaned by the makers.

Also there will be about 20 types of lawn sprinklers of which 14 are already on hand and 30 kinds of grass seed will be demonstrated with the best points of each. The course is to consist of one lecture on the aesthetic value of lawns and the remainder of the time is to be spent in practical laboratory work. Several dealers in lawnmowers who find that they know only about the type of machine which they sell have signified their intentions of enrolling in the course and there will be special work for them.

The Grounds Department is in a position to act as a judge of lawnmowers and their work, for every season it has charge of over 15 acres of lawn around the campus.

ANIMAL HUSBANDRY NOTES

The following dates are for the Animal Husbandry Club meetings this year. Unless otherwise specified in Chapel or Assembly all meetings will be held in Room 114 Stockbridge Hall, promptly at 8:30. All are welcome whether belonging to the club or not. Come and bring your friends.

April 26—Prof. A. G. Skinner, Connecticut Aggie. Sheep. Film.

May 10—Open. Berkshire Hogs or Jersey Cattle. Film.

May 24—J. S. Clark of Mixer Farm. Guernsey Cattle. Film.

Last Wednesday evening the Animal Husbandry Club had the pleasure of hearing Mr. A. J. Stapleton talk on "Hog Raising and Garbage Feeding." It was one of the best talks that has been given here this year, and all who were present enjoyed his amusing lecture. He knew his subject thoroughly by experience and research, and "put it across" in excellent fashion.

Charles G. MacIntosh '21 has left the United States Forest Service to become a superintendent of construction with E. S. Draper, M. A. C. '14, at Charlotte, N. C. Mr. Draper has extensive work in landscape gardening throughout the South.

'13.—Herbert W. Hendle hangs out his shingle as landscape architect in Springfield. He is also connected with the Springfield city parks.

PROM INFORMAL
Continued from page 1

home; Spring at the Q. T. V. house, and Beal and Sargent at the Kappa Sigma house. Tickets will be at the regular price of \$3.75, which will include the supper in Draper Hall.

The Prom Informal has always been the biggest Informal of the year in years past and at present this one bids fair to outclass all others. Last year more than 100 couples attended, and although that many could not be accommodated this year it is hoped that a goodly number will take advantage of the extreme opportunity which may be theirs merely for the price of a ticket.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

ROISTER DOISTERS STAR IN COMEDY "CLARENCE"

Outside Performance at Stamford, Conn. well Received by Appreciative Audience. Given Here for Junior Prom.

This year the Roister Doisters chose to give as their annual Junior Prom show the popular, up-to-the-minute, comedy farce "Clarence", by Booth Tarkington. Well was the play chosen, if outsiders can judge by its finished production at both of the performances given.

The Prom Show, held last Wednesday evening, April 19, in honor of the guests of Junior Prom here last week, was attended as well by practically the whole student body and a large number of outsiders. The whole performance went off without a hitch, from the time when Bobby displayed "his new" spats and "stick", to Cora's "I hate him, I hate him!", and her last-minute resignation at the final curtain. The cast surely drew its full quota of "1922 laughs" from the audience, and the unanimous sentiment was that this year's show was up to and beyond any of recent years in its ability to furnish real entertainment. Music was furnished between the acts by the Junior Quintet.

The management brought back a former custom with this show by booking an outside trip, this year to Stamford, Conn., which was made successfully last Saturday and Sunday. This trip was deemed well worth while, in view of the amount of time and practice which has been required of all the members of the cast during the last two months. An account of the trip follows.

STAMFORD PRODUCTION OF "CLARENCE" A BIG SUCCESS

At 7:30 on last Saturday morning the Prom Show Company left Amherst on the Stamford trip. After traveling all the morning by train they reached Stamford at 1:30. The company proceeded by taxi to the Social Hall of the First Congregational Church, where the performance was to be held, and the major part of the afternoon was spent in rehearsals.

At 6:00 o'clock the company divided into seven parties, motored out to some of Stamford's finest homes for dinner.

Continued on page 2

The COLLEGIAN announces that if alumni or others who know of any summer positions, will communicate with the Editor-in-Chief as soon as possible, suitable publicity will be given, among the undergraduate body, to all such opportunities for work.

TRACK MEET DEFINITELY ANNOUNCED FOR SATURDAY

Made Possible by Giving Conn. Aggie Nine-point Handicap to Replace Hammer Throw Event. Javelin Throw to be Initiated.

The track meet with Connecticut Agricultural College which has been pending since last fall, but never settled definitely, is to be run off this Saturday afternoon on Alumni Field. The team will work hard to win its first meet of the season and deserves the backing of the entire student body; especially since the meet will start with a nine point handicap against the home team. This is due to some trouble over the hammer throw, an event which Connecticut insisted upon entering, and which has been absolutely forbidden by our college authorities.

Coach Derby expects to learn much about his new material in their first test under fire on Saturday, and hopes to discover some real talent. Some of the men who are expected to do well in the meet are MacCreedy in the half-mile, Stevenson in the mile, Woodworth in the hurdles, and Sullivan and Isaac in the dashes.

A new and interesting event which has not heretofore been seen on this campus is the javelin throw. There has been keen competition to see who will represent the team in this event; at present "Al" Smith has outthrown all other aspirants.

MUSICAL CLUBS TO PERFORM AT BRIMFIELD TOWN HALL

Orchestra Rehearsal Thursday Evening. Men to Leave Town at 3:26 on Friday.

It behooves every member of the Glee Club and Orchestra whose names are posted tomorrow to be present to take the 3:26 C. V. for Brimfield, Friday afternoon. On their arrival supper will be served to the men in the church, according to present plans. The concert will be given in the town hall and will be followed by dancing, after which the members of the club will be entertained in the homes of the townspeople over night. The dance is being held under the auspices of the Junior class of the Hitchcock Free Academy of Brimfield.

Lists of those making the trip will be posted in the library and in Draper Hall on Thursday. The orchestra will hold an important rehearsal Thursday evening at 7.

Professor and Mrs. V. A. Rice announce the addition to their family of a daughter, Zipporah Frances, born Friday, April 21, at Dickinson Hospital, Northampton.

'15—James E. Harper is editor of the "Ohio Guernsey News Bulletin."

PROM INFORMAL AGAIN IS MOST SUCCESSFUL OF YEAR

Woodworth and Dunbar Introduce Marimba. Supper Enjoyed at Draper According to Old Custom.

Saturday evening saw Aggie's last Prom festivity until next year, when the Prom Informal couples heard the strains of "Home Sweet Home" at nine o'clock, and the best Informal so far this year passed into memory. It has always been the custom to leave the decorations from the Prom for this dance, and so the 40-odd couples who attended had the full benefit of the elaborate arrangement of palms and potted plants that decked the Memorial Building hall last Tuesday night. The sun streamed in the west windows of the hall during the afternoon, and the effect was almost that of an outdoor woodland dance floor; while after supper when the rose-shaded lights were lit and a dreamy, summer-sunset glow pervaded the hall, the dancers felt that never was music better nor floor so smooth.

Woodworth's orchestra, with "Joe" Wood on the sax, "Dick" Wendell at the piano, and "Diddle" Dunbar at the traps, besides "Bob" Woodworth on the mandolin, certainly managed to turn out some mighty fine dance music. Dunbar had a new novelty which he introduced for the first time. It is a marimba, and when he and "Bob" began work with the little mallets, a

Continued on page 4

SPRING FOOTBALL BRINGS OUT FORTY MEN FIRST DAY

To Continue for at Least Two Weeks. Beal and Mohr Helping Coach Gore, aided by Some of Seniors.

Last Monday afternoon, when a call was issued for candidates for varsity football to take up spring training, over 40 men donned uniforms and got in a good afternoon's practice, in spite of the warm weather. It is the plan at present to have the men take up a schedule of intensive training for at least two weeks with practice every day in the hope that this will serve to harden the men after a winter's rest-up. Many of the candidates have taken up wrestling during the past winter, and as a result are more quick and alert as well as being in fair condition. Others have taken up track, and with the training this spring Coach Gore ought to be able to work with a prime squad next fall.

Beal and Mohr are acting as coaches during the spring session and several of the Seniors are doing their bit towards whipping the new material into shape. Many Freshmen showed up for practice Monday and it is expected that more men will come out before many days.

VARSITY NINE LAUNCHES SEASON IN RIGHT MANNER

By Overcoming Wesleyan in a Batfist 13-10. Team Proves Itself a Littering Aggregation. Every Man Getting at Least One Safety.

Cold weather and a bligh wind account for the large score at Middletown in the opening game of the baseball season on Friday of last week. The game was a good one, however, and interesting every minute. The "Aggies" started off with a rush when they garnered five runs in the first half inning and thereafter they were always in the lead. Cahill, the first man up, singled to left field and went to second on Sargent's sacrifice. He was caught at the plate, however, on "Hubba's" single but the throw sent Collins to second. Gordon drew a pass and Jules Kroeck got on on a fielder's choice. Hilyard duplicated Kroeck's performance and Collins scored. Harrington singled to left field scoring Gordon and Kroeck and "Bobby" Barrows doubled, bringing in Hilyard and Harrington. Samuels walked and Cahill, up for the second time that inning, grounded out to the pitcher.

In the third inning M. A. C. made it

Continued on page 6

FROM CABARET FEATURES HITS BY MUSICAL CLUBS

Dancing Enjoyed Between Numbers, And a Light Luncheon Served.

Last Wednesday afternoon, April 19, the annual Junior Prom Cabaret was held in Memorial Hall at 3 o'clock. The combined Musical Clubs gave a short, but splendid program, which was very well received by the Prom guests, and was in proper keeping with the whole spirit of Junior Prom.

The first number, "Rolling Down to Rio," was rendered by the Glee Club, and after an encore and the singing of "Little Tommy," there followed two dances. Selections were then taken from a rather large repertoire of songs by the "Four Leather Heads," otherwise known as the quartet, and composed of Vinton, Cotton, Eldredge and Williams. After two more dances a light luncheon was served, during which the Junior Quintet played the 5th Hungarian Dance. Between the four next dances, "Fred and Ray" performed in their popular number with their "Originalities." In addition to "Where Does the Wind Come From?", and a number of other old stand-bys, the pair presented a catchy little song entitled "The Prom Girl." The college orchestra furnished the music for the afternoon's dancing. The patrons and patronesses of the cabaret were Mr. and Mrs. Guy V. Glatfelter.

ROISTER DOISTERS

Continued from page 1

and returned shortly to prepare for the evening's work. The performance, from point of technique, was easily superior to the one given in Amherst. The hall was taxed to capacity. Among the audience were 12 local alumni. After the show dancing was in order until the Sabbath. Members of the company spent the night at the various houses where they had previously taken dinner. The Stamford hosts and hostesses displayed their utmost hospitality and consideration for their guests. After late breakfasts on Sunday morning the company boarded the noon train for Springfield.

The success of the trip was due in no small part to the activity of Theodore M. Reumann '18, a teacher in Stamford High School. The quality of the production was such that the Roister Doisters have been asked to return next year with the 1923 Prom Show. Members of the cast and their manager, Lindsay '23, were accompanied on the trip by Professor and Mrs. Rand, who acted as chaperones for the party. The hosts and hostesses in Stamford were Mr. and Mrs. Bellmer, Mr. and Mrs. Webb, Mr. and Mrs. Palmer, Mr. and Mrs. Miller, Mr. and Mrs. Manjo, Mr. and Mrs. Chapman, and Mr. and Mrs. Long.

"CLARENCE."

Hubert Stem, J. Stanley Bennett, '23

"Clarence" is a treatment of real life slightly exaggerated to produce the proper number of laughs and with reminiscent flashes of "The Servant in the House," "All of a Sudden Peggy," and several other New York successes of late years. It has about the best out of all of them, and, in addition, a real boy and girl drawn by the man who drew their younger brother, Penrod. The situations are effective and the conversation is ceaselessly funny and even interesting. The play, therefore, pleases everybody.

As enacted at Bowker Auditorium last Wednesday night, it was more than pleasing; it was delightful. It is a pity that a bright interior could not have been found for that fussy family and that some money was not available for a few wigs, particularly for the heroine, who appeared in bobbed hair to represent the mental and moral guide of the whole family and, finally, of the learned Clarence. Her attractiveness in appearance does not wholly palliate sin against art.

It is most encouraging to know that seven out of the cast of ten are below the graduating class and especially that Mr. Martin and Miss Bateman will remain for next year's plays. It will be very difficult to replace Mr. Whitaker who, if the play had been as long and thoroughly rehearsed as "John Epps," would have fully repeated his unusually good work as Joey. The slightly older Bobby was, however, just as distinctively conceived by Mr. Whitaker and was never even blurred for a moment.

Mr. Martin gave a performance of Clarence that gained momentum as the

play went on. He does clean-cut work that gives no suggestion of unreality. His work was even better than in "Joseph Surface." At his present rate he will be very interesting next year, particularly if he is cast in a straight light-comedy part. Miss Bateman gave an effective performance without any suggestion of seeking for effects.

Space does not permit to mention all who took part in this delightful performance. Mr. Jordan had one of the unreal parts in the play and Miss Smith the other. Both were heavily taxed but paid in acceptable coin. Miss Hurder did the office woman intelligently and looked the part. It is good to know that Mr. Johnson, Miss Slack, Miss Geiger and Mr. Bennett will be with us one or two years longer. Great credit is due Mr. Rand for the ease and naturalness of the players and the artistic unity of the effect.

C. H. PATTERSON.

KROECK'S HOMER FAILS TO SAVE DAY FOR AGGIE

Three Hits in Sixth and an Error Win Game for Connecticut team. Contest Close Throughout.

On Saturday the baseball team lost a good game to Connecticut for the first time in the history of the institution. Jules Kroeck pitched a wonderful game for the Bay Staters but the breaks went against him.

The contest was scoreless until the last of the sixth. During this inning the Nutmeggers gathered three of their six hits, aided by an error and a close decision, scored two runs. Emigh singled. Brundage bunted to the pitcher who threw to second and retired Emigh leaving Brundage on first. A single by Laudscher and another by Makofski, with a sacrifice hit by Metelli, scored Brundage and Laudscher.

With the beginning of the lucky seventh the Mass. Aggies set out to score. Jules Kroeck took one swing at the ball and it landed on the tennis courts in the deep outfield. The umpire said that in his three year's experience on the Connecticut field he had never seen a ball hit to the fence before. Kroeck lumbered around the diamond and across the plate for the only Massachusetts run of the game. His next time at bat he attempted to duplicate the feat and at least tie his own game, but the ball struck a gravel pit in center field and rolled back to the players.

Harvard Graduate School of Business

A two-year course in business, open to college graduates, leading to the degree of Master of Business Administration.

The School aims to give its students a basis of facts and principles which the beginner who is looking forward to executive work cannot readily obtain in his early business experience.

The case method of the School provides training in analyzing actual business problems.

The various courses are correlated in the following study groups: Accounting, Banking, Business Statistics, Foreign Trade, Industrial Management, Lumbering, Marketing, Transportation.

Registration for 1922-23 is limited. For further information and formal application blanks, write to

THIRTEEN FROSH STIR THE MUD OF THE CAMPUS POND

Furnish Novel Entertainment For Prom Guests by Featuring a Diving Contest

As a sacrifice to the goddess of Spring and for the benefit of our Junior Prom guests, twelve Freshmen were thrown into the abyssal (?) depths of the campus pond last week on Tuesday and Wednesday noons. Exactly at twelve-thirty on Tuesday, six Freshmen, namely Eldredge, Sheldon, Sullivan, McGeech, Shumway and Sprague proceeded from North College to the pond under the direction of some dozen Sophs. The guilty yearlings crawled on their hands and knees, being kept in step by the lusty paddling of their tormentors. When they reached their destination a crowd had already assembled, and Sheldon was given the honor of being the first one to grace the waters of the pond this year. He gave a nice exhibition of contortionistic diving, finally hitting the water with the splash of a school of porpoises.

Eldredge was then called upon to do his "bit", and after stating the various crimes he had committed, he too was committed to the slimy deep. "Red" Sullivan cheered his prep school, Amherst High, in such noble tones that the Sophomores applauded with voice and paddle. McGeech, of pugilistic fame, was then called upon for a song, and proved to be as good at singing as at the many art. His whimsical song about the "Amherst jall" would rival any in Harry Lauder's repertoire.

A novel addition to this "pond party" was the fact that the wily Sophs had sent their detectives to look out for any Frosh whose curiosity might have rendered them indiscreet. Thus it came to pass that two more Freshmen appeared on the scene, having been captured in Clark Hall, where they had been watching their less fortunate classmates doing the stunts. The generous broad-minded men of '24, not wishing to make them envious, invited them to join, and Messrs. Sheridan and Mahoney showed their appreciation by rivaling all their predecessors in the acrobatic feat of headlong diving.

The next afternoon several more Frosh were thrown in. Batal gave a lengthy discourse on the benefits derived from Arena parties, and did nobly in the "take off". "Pat" Holbrook died with the cheer for "New Bedford H.S." on his lips. "Carrots" Bart, overwhelmed by the appearance of so many fair beauties in the crowd, experienced an attack of lockjaw and preferred to show but little of his ignorance by speech.

His dive, however, was gracefully executed, and he sank noiselessly into the "deep blue sea". "Fat" Gordon proved to be a rather heavy burden for the "strong-arm squad" and was immediately consigned to the mud. He sank like a stone and rose like a feather. Walsh was by far the best of the actors. His dancing would have put to shame Terpsichore herself, while he rendered "How dry I am" with the skill and finesse of an artist. All in all, the parties were

voted a success by the onlookers, and Captain Myrick is to be congratulated upon his thorough work.

PROFESSOR RAND'S POEM IS AWARDED FIRST HONORS

To Be Used As Williams College Song When Set to Music

The following stanzas, reprinted from the "Williams Alumni Review", are those submitted by Professor Frank Prentice Rand, Williams '12, of "Gardentown" fame, in a recent song contest held by the college. Mr. Rand received first prize for this poem among a number of competitors—a distinctive honor, as the competition was open to all Williams alumni. These words will be set to music, and the song will then be known as the "Colonel Ephraim Williams" song, and used as a college song. The poem is:

1
Into dark and hidden danger he rode
on to meet the foe,
And they shot him down and left him
there to die;
But the gallant man is living still, as
we who love him know,
'Mid the mountains where his Purple
sweeps the sky.

Chorus
And he's riding, riding, riding, as of
yore,
Leading forth to combat, riding on
before;
Mountain men are marching, marching
evermore,
Marching after Williams and the
Purple.

2
As he rode into the ambush on that
deadly autumn day,
With the chance of grim disaster in
his mind,
Did his heart with love and longing for
a moment steal away
To the dear and quiet valley left
behind?

3
We are Ephraim Williams' men, we are
the bearers of his name;
We are heirs to both his fortune and
his love;
We will keep his Purple royal, and per-
petuate his fame,
While the mountains stand like guar-
dians above.
FRANK PRENTICE RAND '12.

THREE HOUSE DANCES HELD AFTER PROM SHOW

A house dance was held at the Kappa Sigma house following the Prom Show, on Wednesday evening, April 19, in conjunction with the Alpha Sigma Phi Fraternity. Eighteen couples attended the dance, which lasted from immediately after the show until 2:30 A. M. The chaperones were Prof. and Mrs. Ford. The decorations of the house for this affair were particularly attractive. One room was decorated with the Alpha Sigma Phi colors, while another contained a Japanese Garden effect, displaying the Kappa Sigma colors. Waugh's orchestra furnished the music.

Fifteen couples attended the house dance of Phi Sigma Kappa house following the Prom Show. Mr. and Mrs. Richard Smith of Amherst were the chaperones. Woodworth's orchestra, featuring Dunbar on his new Marimba, kept the feet shuffling through the early hours of the morning.

Mr. and Mrs. Weston Thayer chaperoned an impromptu dance held at the Alpha Gamma Rho house after the Prom Show. With impromptu orchestra, refreshments, and decorations, and with six couples insatiable with the dancing of the night before, the party was judged, as were the other two, a fitting climax to Junior Prom.

Ex-'22.—Pete Crichton and Howard Dubois will graduate from New York University this June. Their address is: New York University, Washington Square, Box "C" New York City.

With the prospects of a winning baseball team bright, as indicated by the first two games, it is literally a lack of college spirit that keeps Freshmen away from the athletic field when called upon to maintain the diamond. A smoothly rolled field is a necessity, not a luxury, if the varsity team is to compete in first-class manner with the several rivals on this year's schedule. Of course the athletic tax can be increased or the schedule can be cut, but at the present time it is entirely unnecessary. In the past the student body has always found it possible to provide all the services needed. Will '25 refuse to continue this old tradition? We hope not.

An Appreciation.

The Roister Dusters scored a success in their recent interpretation of "Clarence." It is especially noticeable that a clever comedy is more enthusiastically received than plays of a more serious nature such as were presented in 1921. Not that the average student cannot enjoy dramatics with a deeper vein, but six days of classes a week create a desire for lighter diversion.

In journeying to Stamford the dramatic association has broken a precedent of several years' standing. A talented cast is to be encouraged in presenting its art away from the campus. Athletic teams, the musical clubs, the judging teams may well be seconded in their work of advertising the college by a group of actors. The Roister Dusters are to be congratulated on the general excellence of their production.

A Revival.

Until last week it is doubtful whether the Freshmen had any respect for the college pond or pond party. A splash in the water was regarded as a delightful pleasure to be looked forward to rather than feared. The consensus of opinion was that one hour's work on the athletic field or elsewhere in the broad daylight was to be abhorred as a memorable disgrace. Why sell the

hands and kink the vertebrae with menial labor, why stoop so low as to wield a rusty spade and an ordinary rake? It seemed inevitable that the Senate would have to change its tactics in keeping the yearlings within bounds. The pond party had become a mere joke. Its sting was gone. The tune was suddenly reversed last week when the Sophomores put those same paddles, so judiciously used during the night-shirt parade, to work, meeting out justice to the culprits. A little physical discomfort instills the hearty respect that lenient actions fail to provoke.

COMMUNICATIONS

An editorial appeared in the last issue of the COLLEGIAN defending the justice of the recent elections to the COLLEGIAN Board, without setting before the student body the exact facts of the case. Those who followed the action of the past COLLEGIAN Board could easily have prophesied the outcome of the elections. All students have a right to know all the facts. They are these:

1. The COLLEGIAN Board has a standard for grading quality and quantity of work done by the competitors. Work must be of a certain grade before it is published. Credits are awarded for amount of work accomplished. This system, while not totally eliminating the possibility of unfairness, is as nearly perfect as any system could be. Unfairness is not totally eliminated because the person assigning the work can discriminate by favoring certain competitors with more and better work. But assuming that the man in charge of distributing the work is broad-minded and fair, this credit system is an excellent means by which the qualifications of the candidates may be judged. But the fact is that the credits are not given their due value at the time of the election. Neither of the three candidates who headed the list as far as number of credits were concerned was elected to the Board, and the leading candidates had more than twice the number of credits of any man who was elected.

2. The second fact is that the competitive examination given to the candidates by the English Department means little. This is proven by the fact that one of the candidates who received a very low grade on his paper was elected to the Board.

3. The third fact is that the COLLEGIAN Board shifts its rules according to the way the wind blows. From the very opening of the COLLEGIAN competition, there were sufficient Freshman candidates to fill the positions that were open. After three of these candidates had labored for three months, competition was extended instead of holding the election at once. I maintain that there is but one reason for the passing of the rule to extend competition, that the Board was set on making it impossible for the Freshman candidates who competed from the start to become elected to the Board. Also, it was normally the rule to elect three Freshmen and two Sophomores at the end of the competition. At the night of the elections, after a brief discussion as to the fitness of the candidates, the rule was changed so that only two Freshmen and three Sophomores were to be elected. The sudden change of this rule is further proof that the members of the Board were bound to make it impossible for either of the three Freshman candidates who competed from the very start to be elected.

Therefore, from the facts that at the

time of the election due consideration was not given to the number of credits possessed by the different Freshman competitors, nor to the grades they received by examination, and that the COLLEGIAN Board changed its rules purposely to eliminate the possibility of election of certain candidates, I maintain that the recent elections were not fair.

To criticize constructively requires a remedy whereby the possibility of such an occurrence in the future will be eliminated. We all realize the value of fair elections, also the necessity of keeping fraternity politics as well as other discriminations out of our elections, if we are to induce competitors to go out for college activities.

The COLLEGIAN can establish a system, whereby the chance for unfairness will be reduced to the humanly possible minimum. The COLLEGIAN requires a certain quality of work from its candidates before publishing their writings. This work can be graded, and the exact amount of work can easily be measured by the present credit system. Finally an examination by the English Department should be given the candidates. These alone should decide who shall be elected to the Board. This would make it purely on a competitive basis. My plea is—Eliminate the elections by the Board, and you will make impossible the opportunity for unfairness.

The COLLEGIAN can do this very easily. Unlike the Roister Dusters it is not an activity where a candidate for a particular part must have a certain build, a definite facial expression, and other characteristics of an actor.

I agree with the writer of the editorial on this same subject in the last issue of the COLLEGIAN, that the personality of the competitors should be considered at the time of elections. I do not believe this one factor, personality, should constitute the sole basis of judging a student's qualifications for writing news. If, however, a certain personality is required of the individuals competing, would it not be fair to eliminate the men because of their lack of personality before they begin to work instead of "kidding them along" for six months?

For the health of the activity itself, the change in the method of choosing the new men to the COLLEGIAN Board should be made.

A. KRANKER '22.

PROM INFORMAL

Continued from page 1

sound rolls out of that instrument that is not exactly like a pipe organ, not exactly like a piano, not exactly like a soft steam calliope, but like the essence of all three rolled into one. It is the best thing in the way of music for dancing that Aggie has seen or heard for a long time.

Mount Holyoke, Smith and Aggie girls, attended. The Chapones were Mrs. Church of Mt. Holyoke and Mrs. Burpee of Smith. As at Prom, supper was served at Draper instead of by caterer, and nearly everybody seemed to enjoy this way better, although it takes slightly more time than eating in the Memorial Building. Perhaps the excellent supper which was served had something to do with their choice, for certainly the service and the food was all that could be desired. Aggie's Prom Informal has again been successfully held, and as in the past has been the very best of the year in every way. Music, floor, decorations, supper—all conspired to give those who attended a real Aggie Informal good time.

NOTICES

No Debate With Mt. Holyoke.

Manager Kranker of the debating team recently announced that the varsity debate scheduled with Mt. Holyoke team for May 9 has been cancelled. Two of the members of the Mt. Holyoke team are ill, so that this unfortunate turn in events has been thought advisable by both parties concerned.

The Freshman co-ed debating team has also cancelled their debate with the Mt. Holyoke Freshman team, which was to have been held in Assembly some time this term. Both these events should have proven interesting and novel, to say the least, and should lead the way for further encouragement in this direction in the future.

Y. M. C. A. Notice.

Mr. Ward's Bible Study Group is to meet Thursday evening this week at 6-45 p. m. in the Memorial Building to discuss the subject of "Prayer".

These meetings offer much chance for discussion on religious topics, and introduce a means of bringing the men interested in this kind of work together. Every one is urged to come to these meetings and make them worth while.

Assembly.

The speaker in this week's Assembly will be Hon. J. Weston Allen, Attorney General of the Commonwealth.

Rev. Mr. Gilkey to Speak at

Last Sunday Chapel of Year.

The speaker for next Sunday Chapel will be Rev. James G. Gilkey of the South Congregational Church of Springfield. Mr. Gilkey represents the new minister, and his sermons have received much notice. He is essentially a young man's preacher, and is in touch with college men. He graduated from Amherst College not many years ago, and instills into his sermons the spirit and life of college problems. It will be well worth while to hear Dr. Gilkey speak, and he should have an audience next Sunday that will do him justice. This will be the last Sunday Chapel of the school year.

MIXER FARMS VISITED BY

JUDGING CLASS SATURDAY

D. Collins '22, Makes This Trip.

Class Sees Fine Guernseys.

The advanced stock-judging class journeyed last Saturday to the Mixer Farm at Hardwick, 16 strong. This farm has the best and largest number of Guernsey cattle in the world. The total number is about 350 head. The class judged 13 rings of cattle, and also had the pleasure of judging three rings of excellent Belgian horses. Mr. Clark who is superintendent of affairs, has both of these types of stock as his hobby. His stock is valued at from \$400,000 to \$800,000. The class was very well entertained by Mr. Clark, and the trip proved to be most profitable and a great success.

*—John J. Shanghnessy is practicing law in Marlboro.

They make you go to Chapel but you come to Walsh from choice.

SPECIAL FOR THIS WEEK

Just received some golf hose to sell for \$2.50. Splendid value shirts in aeroplane cloth at \$1.

Money spent at Walsh's is never regretted. "Best by Test."

PROMINENT BASEBALL MEN

FIGURE IN ALUMNI CONTEST

Give Varsity First Opposition of Season.

"Art Johnson" Pitches

Well for Alumni.

When the Varsity baseball team went up against the Alumni last Wednesday afternoon and beat them in a close 2-1 contest, they met some men who have made enviable records as ball players at Aggie, and in one case faced a man who had put his training under "Kid" Gore to a practical use after graduation. This was "Art" Johnson, who found time to run up from Springfield and pitch great ball for the Alumni. He has made a name for himself in the Eastern League during the past years and showed the Varsity men what real pitching was. It was excellent training for the Varsity as it was probably the best pitching they will run up against this year. "Art" graduated with the class of 1915 and is associated with the Fisk Rubber Co., making his home in Springfield.

Another familiar face on the Campus Wednesday was that of John Brigham, who graduated last year, and who also shared the box with "Art" Johnson. He was a first string pitcher on the Varsity and showed some of his old form. He is living at his home in Sutton at present. "Red" Ball looked natural out in left field and "Em" Grayson seemed right at home on third. With "Bill" Dowd at short and John Maginnis at second there was a combination which was hard to beat. Prof. Hicks tore up center field considerably trying to get under some high ones and did pretty well for an old-timer.

Harold Morse, who graduated in '14, started the game in the catcher's position but soon decided that he wasn't the youth that he used to be, and after three strenuous innings gladly resigned his position to John Maginnis, taking second for the rest of the game.

LIEUT. RANDALL '17 KILLED

IN AIRPLANE CRASH, APRIL 17

Captain of Marines in France During

World War. Died after Collision

at 4,000 Feet.

Lieut. Earl M. Randall '17, was killed in an airplane crash at Quantico, Va., April 17. He had been participating in combat maneuvers, and was flying alone in a Fokker plane at the time of the accident. A brother officer and an enlisted man in another airplane met their death in the destruction of the two planes that followed upon a collision at a height of 4,000 feet. The news of the tragedy reached the campus within a short time after an announcement of Lieutenant Randall's approaching marriage was received.

Randall was in overseas service in France, where he served as captain of marines. He also served with the army of occupation in Germany. He was junior officer on his division court martial in France, and later recreation officer at the flying field in Quantico.

Perez Simmonds, M. A. C. '16, was the only Aggie man at the funeral. He

writes, in a letter to the Lambda Chi Alpha fraternity of which Randall was a member, among other things: "So far as I know Aggie has produced no other captain of marines."

At M. A. C. Randall majored in Landscape Gardening, and in his spare time built a campus prestige as a photographer, taking most of the campus scenes in his class index. Randall's athletic interests centered in the track team, in which he was especially active his Freshman year.

WEDNESDAY ASSEMBLY MAY 3

The speaker in assembly May 3 will be Prof. Paul Monroe, Ph. D., L. L. D., of Columbia University. He has had a very educational life, having graduated from several of the foremost universities in the country. He has taught at many colleges throughout the world. At present he is teaching education at Columbia. He is a member of many clubs in New York among which are the Anthropological and Review Clubs.

MEETING A STANDARD

Sanitary standards in the creamery, dairy, and cheese factory—the severest test of quality and worth that can be applied to a cleaner—are being successfully met in thousands of milk food production plants on a basis of minimum cost of time, money, and effort, by the use of

This cleaning service extends to every part of the creamery and dairy equipment and processes, and is made possible by the high standard of quality required in every pound of "Wyandotte" Dairyman's Cleaner and Cleanser before it leaves the factory.

This cleaner never fails in its work. It is harmless and easy to use. It is pure and purifying and every grain is an active working particle to the last ounce in the barrel.

Your supply house will fill your order.
It cleans clean.

The J. B. Ford Co., Sole Manufacturers, Wyandotte, Mich.

WESLEYAN GAME

Continued from page 1
7-0 but in the second half of the inning Wesleyan scored three runs. After this, one team or the other scored in every inning but the ninth. The game turned into a baffling with the "Aggies" always holding the upper hand. Collins made enough runs to win his own game and batted for .800%. Cabill had next the highest average with .500. Everyone on the team managed to connect with the ball for at least one safe hit and the nine gathered 15 between them against 8 for Wesleyan. Although the weather was too inclement to admit the drawing of conclusions concerning most points in the team it can safely be predicted that they will be a hitting aggregation. The summary:

	M. A. C.	A. B.	R.	H.	PO.	A.	E.
Cabill, 5b	4	2	2	0	1	2	
Sargent, rf	4	0	1	0	0	0	
Collins, p	5	3	4	3	1	0	
Gordon, lf	5	1	1	0	2	0	
Kroek, 1b	5	2	2	8	0	1	
Hillyard, ss	5	3	2	1	4	1	
Harrington, 2b	3	2	1	4	3	1	
Barrows, c	3	0	1	10	1	1	
Samuels, cf	4	0	1	1	0	0	
Totals	38	13	15	27	12	6

Totals	36	10	8	27	12	3	

* For Howarth in the 8th.
† For Howarth in the 9th.
The score by innings:

M. A. C.	5	0	2	1	0	2	1	0
Wesleyan	0	0	3	1	2	3	0	1

Slolen bases—Cabill, Fricke, Howarth. Sargent hits—Sargent, 2, Collins, Harrington, Barrows. Two-base hits—Collins, Gordon, Hillyard, Barrows, Fricke. Three-base hit—White. Base hits—Off Collins 8 in 9 innings; off Morse 15 in 9 innings. Struck out—by Collins 7, by Morse 4. Bases on balls—by Collins 7, by Morse 5. Passed balls—Barrows, Lafancke. Hit by pitcher—Barrows by Morse. Umpire—Coughlin. Time—2 hr. 10 m.

BATTING AVERAGES

The batting averages of the members of the team after the first two games are as follows:

	A. B.	R.	H.	%
Collins	9	5	559	
Kroek	9	4	445	
Hillyard	9	3	334	
Cabill	8	2	250	
Sargent	8	2	250	
Samuels	4	1	250	
Gordon	9	2	223	
Harrington	6	1	167	
Barrows	6	1	167	
Marshman	3	0	000	

SUNDAY CHAPEL

At Sunday Chapel, April 23, the speaker was Dr. W. S. Beard of the Congregational Home Missionary Society in New York. Dr. Beard took his subject from a statement of our ambassador to England, that: "One church is worth a score of regiments." He told of a wide influence one little church in a Connecticut village had had on the lives of its young people. He asked in connection with his talk, that the students consider the opportunities of the ministry as a life work.

W. C. Pauley, graduate student in landscape gardening here in '17-'18, has opened an office in Atlanta, Ga., 602 National City Building.

"Best Paid Hard Work in the World"

Is the way a JOHN HANCOCK salesman described his work. He is a college graduate and in five years has put himself at the very top of his business.

He never yet has called upon a prospect without a previous appointment. The best life insurance salesman today work on that plan, making it a business of dignity, such as any worthy and ambitious college graduate can find satisfying to his mental needs, and highly remunerative as well.

The man above quoted is the John Hancock's youngest general agent. This shows what college graduates of the right type can do in this business, how they can build up earning power and at the same time provide for an accumulated competence for the years to come.

Graduation is a vital period in your life and you are liable to hold to the business you start in. It would be well before making a definite decision to inquire into life insurance as a career. Address, "Agency Department."

CAMPUS NOTES

"Joe" Evers and "Cble" Anderson '21 were on the campus over the weekend. They are now studying at the Harvard Graduate School of Business.

The April number of *Park and Cemetery*, a leading landscape publication, contains an illustrated article by Prof. Frank A. Waugh on "Texture as an Element in Landscape"; also an extended article by Lawrence S. Dickinson, superintendent of grounds at the college, on "The Cost of Lawn Mowing".

Backwards Party Held by

Co-eds in Memorial Hall.

Delta Phi Gamma held a "backwards party" in the Memorial Building last Monday night. Misses Skinner, Jefferson and Grizzle, Mrs. Hicks, and the Freshman girls were guests of the society.

Dresses were worn backwards, the receiving line said "Good-by," and the program began with the college song. Lively games played in the reverse of the customary way added a great deal to the merriment. Ice cream and frosted cakes were served.

Miss Skinner spoke briefly on the recent change in form of the society. The president, Miss Richardson '22, explained to the freshmen the new rules for admission which makes membership open at the end of the sophomore year on an honorary basis.

Old Chimney To Be No More.

There will be one less place for the Frosh to hide their class officers during the approaching banquet season this year. The old chimney in which the Sophomores successfully hid some of their officers last year is to be taken down. The staging is already up, and by Friday the bricks will be rattling down the wooden chute to the dump cars which will haul them away. The bricks will be used to build a garage for an Amherst College fraternity house. Any men who have previously served time can probably get work at their old occupation, cleaning bricks.

*10.—William S. Colby is now teaching in the Bridgeport High School, Bridgeport, Conn. Letters will reach him addressed to Westport, Conn.

COUNTRY MINISTERS TAKE ANNUAL COURSE AT COLLEGE

Included Lectures and Meetings to Develop Better Country Life.

A course in instruction and inspiration has just been completed at the college for the benefit of rural ministers and all others interested in rural country life. The program consisted of conferences, devotional exercises, lectures by prominent rural workers, and music in the evenings.

Those attending were given a chance to see the departments of the college at work, and a short talk on the extension service, short courses, experiment station work, graduate work, and correspondence courses, was given on Friday morning, also a talk by Dean Lewis on "The College—M. A. C." Several trips by automobile to some of the neighboring towns were arranged for those who desired to include sight-seeing in their curriculum.

This course has in past years been of great help in distributing and cohering ideas of rural community life and methods of instruction. The college acts as a terminal from which all new ideas and plans are distributed, and more and more rural workers are taking advantage of the opportunity each year.

RESOLUTIONS

Whereas, It has pleased God in His infinite wisdom to remove from our earthly sight our beloved brother, Earle MacNeil Randall '17, be it

Resolved, that we of the Lambda Chi Alpha Fraternity, do express our deepest regret at the loss of our esteemed brother, do hereby extend our sincere and heart-felt sympathy to his family in this, their day of sorrow, also, be it further

Resolved, that a copy of these resolutions be sent to his family; that a copy be sent to the MASSACHUSETTS COLLEGIANS, and that a copy be written upon the permanent records of the Fraternity.

For the Fraternity,

SOUTHWICK BROTHERS & GAULT

M. A. C. RIFLE TEAM WINS
HIGH HONORS IN NEW ENGLAND

To Shoot for National Intercollegiate Title Soon. Wentach and Whitney in Individuals.

The R. O. T. C. Rifle Team at the close of last term was picked as one of three teams from the first corps area—New England—and will shoot soon for the National Intercollegiate title.

The team consists of the first team, ten men, and five from the second team. Indoor work exclusively is now being done, but a competition for outdoor range will probably be arranged as soon as the weather permits. Wentach '22 and R. A. Whitney '24, were chosen to shoot in the individual competition, Whitney taking the place of Read '24, who has been unable to shoot.

The Military Department has been giving an interesting course so far this spring. Extended order is being stressed, and when the order to "Disperse by squads"—to escape an imaginary plane—is given, the drill ground loses 200 men in about two seconds. They scuttle to cover like rabbits. Liding comes once a week now, and while some of the men have been a little stiff and sore, they are learning the ropes. Polo will start soon and interest in this liveliest of sports is mounting high.

THE EDUCATIONAL
VALUE OF TRAVEL.

The modern tendency is to stress the educational value of supervised travel. It is recognized as one of the greatest single factors in education. Dr. A. J. Armstrong, Head of the Department of English at Baylor University, Waco, Texas for 15 years has been stressing the value of foreign travel to his English students, and he has found that inestimable cultural advantage has accrued to hundreds of students who have gone with him to Europe.

This year in addition to his general European tour covering the best part of Europe Dr. Armstrong has formed three parties for special study in the modern languages. One which will spend the summer at Dijon, in the University and then later go to Switzerland and Oberammergau, another similar trip into Spain for the purpose of study at the University of Madrid and getting a very satisfactory idea of the country, and a third to Mexico for the purpose of studying Spanish in the University at the City of Mexico.

For these foreign travel courses majors will be given in recognized American Universities. The prices are very reasonable varying from \$400 to \$885 and those interested should write at once to Dr. A. J. Armstrong at Waco, Texas.

Here's why CAMELS are
the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

Camel

PHI KAPPA PHI ELECTS SIX
SENIORS, THREE JUNIORS

Prof. Ashley Chosen President. Dr. Sparks Once of Penn. State to Speak at Initiation May 11.

The annual meeting of the local chapter of the Phi Kappa Phi Scholarship Society was held April 28th. At this time members of the Senior class whose average scholarship grade for their course was 85 per cent or over were elected. The list is comprised of the following:

Kenneth A. Barnard, Shelburne.
Hervey F. Law, Longmeadow.
Everett W. Lovering, Northampton.
Stuart D. Main, Maplewood, N. J.
Helen M. Perry, Waltham.

Howard J. Shaugnessy, Amherst.
Among the Seniors to be elected, Barnard has spent three years on the COLLEGIAN board, besides being active on the inter-class athletic board, the Animal Husbandry Club, and the Stock Judging Team. Law was active on campus especially for his 1922 Index his Junior year. Main has been a member of his class and varsity rifle teams. Miss Perry is now class secretary, and also serves on the Women's Student Council.

The three members of the Junior class having the highest scholarship rating were also elected. These were: Roger B. Friend, Dorchester.
Gustaf E. R. Lindskog, Roxbury.
Irving W. Slade, Chelsea.

The three Juniors to be elected are
Continued on page 8

INTERCLASS SING PLANNED
THIS SPRING FOR JUNE 23

Class of '13 Won Armstrong Cup Four Years in Succession, with Griggs Leader.

The announcement has been given out as to the annual interclass sing, which will take place as in years past on the Friday evening before Commencement, this year being on June 23. The sing is held each year in competition for the Arthur H. Armstrong trophy, which was presented by the class of 1907. It is a cup in the Trophy Room at North College, and each year the class winning the competition has its numerals inscribed on the face of the cup. The contest calls for an original song composed and sung by each class.

The class of '13 holds the record of having won this cup for four consecutive years, led by F. D. Griggs '13, who is known to every Aggie student as the composer of "Aggie Men are Gathered", "Dear Old Massachusetts", etc. The Seniors have won the contest for the past two years and it is expected that this year's competition will be spirited.

MUSICAL CLUB MEMBERS
ENJOY TRIP TO BRIMFIELD

Entertain a Very Appreciative Audience with Usual Program. Several Acquaintances Formed.

The Musical Clubs gave a concert and dance last Friday evening in the town hall at Brimfield. The entertainment was held under the auspices of the Junior class of the Hitchcock Free Academy, and the hall was packed for both the concert and the dance.

The Clubs left Amherst Friday afternoon and arrived in Brimfield just before supper time. A real old-fashioned church supper was served the club members in the church vestry by some of the young ladies of the town. There was an assortment of meats, salads, and cakes and pies that would be hard to beat even in the best of families. Previous to the concert, which commenced at 8 o'clock, several of the club members were fortunate enough to be shown around the town by a few of the young ladies, whose erstwhile acquaintance made matters most interesting after the concert.

The Glee Club gave very nearly their usual list of songs, and the quartet, composed of Vinton, Cotton, Eldredge, and Williams, was applauded for a number of encores. Waugh and Vinton made a hit as usual with their originalities, and Norcross and Sears added a new number in the form of a violin duet, accompanied on the piano by Wendell.

REV. J. G. GILKEY GIVES
STRONG SERMON IN CHAPEL

Rev. James G. Gilkey of Springfield delivered an address of unusual forcefulness and interest at the last Sunday chapel of the year. His theme was "Heroes and Blacksmiths."

He explained that once when the Israelites were defending themselves from the Philistines they had no weapons, and they had to go into secret places in the mountains and work at the forges. Heroism, without the weapons that the hard toll of the smiths produced, was powerless. Just so are men helpless in accomplishing hard tasks, unless they combine labor with good intentions. Success in any direction was never achieved by anyone without hard work.

In building a character almost everyone has high aims and fine ideals, but very few people get very far along the road to the character that they desire. Good intentions without self-mastery are worthless. The chains of habit are not broken by wishing. Institutions, also, need more than good intentions. Many a deserted or half empty church might become a strong force in its community if it reached out in an effort to serve all its people in their daily lives.

AGGIE VARSITY NINE FINDS TRINITY EASY
AND POUNDS OUT A MERRY 10-2 VICTORY

Kroeck Twirls in Good Form and is Supported Nicely by Team-mates. Each Team Gets Nine Hits in Batfest, Kroeck and Sargent Each Gaining Three. Moseley Back on Second.

ROBINSON GETS ONLY EXTRA-BASE HIT OF GAME

ALL PREPARATIONS READY
FOR HIGH SCHOOL VISITORS

Program Calls for Busy Day Saturday. Track Meet Should Arouse Good Competition. Varsity Plays Connecticut Here.

HIGH SCHOOL DAY PROGRAM

FRIDAY, MAY 5:

7:30 P. M.—Musical Festival. Stockbridge Hall.

SATURDAY, MAY 6:

9:00 A. M.—Cavalry Field Day—stunts by members of the cavalry unit.
10:00 A. M.—Interscholastic stock judging—open to all Massachusetts Secondary High School students—entry free. Auspices Animal Husbandry Clubs. Grinnell Arena.

12:00 M.—Luncheon. Draper Hall.
1:00 P. M.—Interscholastic track meet—open to all Massachusetts Secondary High School Students—entry free. Varsity Field.
3:00 P. M.—Baseball—M. A. C. varsity vs. Connecticut Agricultural College. Varsity Field.
6:00 P. M.—Complimentary supper. Draper Hall.

7:00 P. M.—Award of prizes and a Musical Clubs concert. Stockbridge Hall.
9:30 P. M.—Fraternity receptions.

The program of the 13th annual High School Day to be held on the campus next Saturday, May 6, is one of more than usual interest to both students and outsiders. It is expected that a record-breaking number of forward-looking boys and girls from all parts of the Commonwealth will avail themselves of this opportunity to become better acquainted with their state college. On last year the campus was enlivened with exactly 489 visitors in what was admitted to be the best and busiest High School Day to date.

The annual events—track meet, stock judging contest, cavalry drill, varsity baseball game, Musical Clubs concert, etc.—will be held, and are so arranged that there will be no conflict. Yet by the looks of the program there will not be many idle moments for those who wish to make the best use of their time.

Continued on page 8

The Mass. Aggie aggregation of ball tossers came across with a 10-2 win last Wednesday at Hartford against Trinity. Tobie had poor support at critical moments, the Nutmeggers making nine errors to the visitors' one. Sensational fielding on the part of the Bay State nine featured the game. In this respect there was a decided improvement over the games of the preceding week. There was but one hit in the game for an extra base and that when Robinson of Trinity garnered a double. Kroeck pitched wonderful ball, striking out 11 men. Each team hit the ball safely nine times and few free passes were given in spite of the cold weather. Moseley, back in the lineup after his sickness, played errorless ball, as did the rest of the infield.

Scoring started in the second frame when three "Aggies" crossed the plate. This was the result of five successive

Continued on page 8

CONN. AGGIE SURPRISES IN
LAST MINUTES OF TRACK MEET

Wins Over Home Team, 72-63. Sullivan and Wood High Scorers. M. A. C. Leads in all Dashes and Hurdles.

Captain "Joe" Sullivan's track performers were forced to bow in defeat on last Saturday afternoon, when the Nutmeg State team from C. A. C. turned the tables in what appeared at first to be a sure Mass. Aggie victory. The final score of 72 to 63 found the home team trailing by a margin of 9 points—the exact sum of the handicap which Connecticut had at the start of the meet, to take the place of the hammer throw event, this having been forbidden by our college authorities.

Every man on the squad exerted his utmost to "bring home the bacon," from the gun of the hundred yard dash to the final throw of the javelin. Despite the high winds which were blowing from the northwest, very good time was made in the distance events. For the 120 yard high hurdles, the bleacher fans were pressed into service to form a windbreak and prevent the hurdles from falling before the runners.

As in several years previous the weak point in the squad seemed to be in the field events. The men also feel the loss of Captain Slate of last year's team,

who was sure of a place in whatever distance runs he entered. On Saturday both teams gained seven firsts, the home team placing ahead in the dashes and the half-mile, the two hurdle events and the high jump.

The high point-getters of the meet were Captains Sullivan, of Aggie, with two firsts and a second to his credit, and Wood of Connecticut, who placed first in the broad jump, and second in both the mile and two mile. Capt. Wood showed fine spirit in leading his team through the whole meet. Dawson was the only other man to gain two firsts. Much credit is due "Lev" Woodworth for the all-round good work he did for the team, entering five events and gaining a total of 10 points out of these. Isaac and C. Salmon are two of the new men who showed up well for Aggie, both running their first varsity races on Saturday.

Captain "Sally" started off the meet well for his team by breaking the tape in the 100 yard dash in his usual form, just ahead of Slyez of Conn. The team then came through in fine style by placing all three men in the half mile. Alger led in this race for the whole last lap, but was passed by MacCreedy at the tape by inches. Friend also making a strong finish for third. Again in the quarter-mile, the team showed itself to be unequalled. Pierce set up a hot pace for this sprint, being headed at the tape by Acheson and followed closely by MacCreedy.

Likewise M. A. C. had little difficulty in placing three men in the high jump. Barker was easily the winner of this event from the start, stepping gracefully over the bar to a height of 5 feet 6 inches, with Woodworth and Sullivan tied for second place. Barker failed, however, in his attempt to break the college record of 5 feet 7 1/2 inches for the high jump. Hill and Woodworth shared the honors in the two hurdle events, while in the 220 yard dash Sullivan again outsped his opponents and gained another first.

The team fared not so well in the mile run, failing to place a man. Friend set out at a good steady pace, but was finally overtaken by Steere of Connecticut, who, despite Alger's brave spirit in the last lap, held his lead to the finish. Also, in the two-mile, Bates lead the field for a good part of the race, fighting off his opponents with fine spurts of reserve, but on the last lap was forced to drop back to within 100 yards of the leader and accept third place.

The next three events, the discus, pole vault and javelin were the ones which clinched the victory for the visitors. M. A. C. gaining only four points from these three. "Al" Smith, who has been practising but a week under the coaching of Professor Mack, came through in the pinch with a second place by heaving the javelin 142 feet, this however being three feet less than the winning distance.

The summary:
100 yard dash—Won by Sullivan, M. A. C.; Slyez, C. A. C., second; Isaac, M. A. C., third. Time, 10.3-5 seconds.
Mile run—Won by Steere, C. A. C.; Wood, C. A. C., second; Jacoby, C. A. C., third. Time, 4.53-4.5.

120 yard hurdles—Won by Hill, M. A. C.; Heathe, C. A. C., second; C. Salmon, M. A. C., third. Time, 20.2-5 seconds.

440 yard dash—Won by Acheson, M. A. C.; Peirce, M. A. C., second; MacCreedy, M. A. C., third. Time, 54.4-5 seconds.

Two mile run—Won by Jacoby, C. A.

C.; Wood, C. A. C., second; Bates, M. A. C., third. Time, 11.16-2.5.

220 yard hurdles—Won by Woodworth, M. A. C.; Hawley, C. A. C., second; Heathe, C. A. C., third. Time, 27.3-5 seconds.

880 yard run—Won by MacCreedy, M. A. C.; Alger, M. A. C., second; Friend, M. A. C., third. Time, 2.07-1.5.

220 yard dash—Won by Sullivan, M. A. C.; Slyez, C. A. C., second; Peirce, M. A. C., third. Time, 23 seconds.

High jump—Won by Barker, M. A. C.; Woodworth, M. A. C., and Sullivan M. A. C., tied for second. Height, 5 feet, 6 inches.

Shotput—Won by Ashman, C. A. C.; Tunney, M. A. C., second; K. Saiman, M. A. C., third. Distance, 34 feet, 10 inches.

Broad jump—Won by Wood, C. A. C.; Woodworth, M. A. C., second; Acheson, M. A. C., third. Distance, 19 feet, 10-1-2 inches.

Pole vault—Dawson, C. A. C., and Holbridge, C. A. C., (tie); Chase, M. A. C., third. Height, 9 feet.

Discus throw—Won by Slutsky, C. A. C.; Noble, C. A. C., second; Mills, C. A. C., third. Distance, 101 feet, 11-1-4 inches.

Hammer throw—Forfeited to Connecticut.

Javelin throw—Won by Dawson, C. A. C.; Smith, M. A. C., second; Purple, C. A. C., third. Distance, 145 feet, 8-1-2 inches.

Score, Connecticut 72, Massachusetts 63.

HON. J. WESTON ALLEN GIVES MAN-SIZE TALK AT ASSEMBLY

Has Had Valuable Experience in State Politics. Prominent in Recent "Clean-up" Campaign.

With "Advice to College Men" as his theme, J. Weston Allen, attorney-general of the state, spoke in Assembly last week to a large audience of students, faculty and townspeople. Mr. Allen has recently attained prominence in his "clean-up" campaign of state and county politics.

He attended Yale, and then received his law education in the Harvard Law School, later having practical experience in law with a well-known firm of Boston lawyers. He was elected to the Legislature and served well, proposing an investigation of the Boston Fish Trust, and acting as chairman of the Committee of Investigation.

Working steadily up the ladder by reason of his clean-cut manner of doing business and his honesty, he now has held his present position for three years. Recently his work in the case of Tufts and Peletier has brought him interstate recognition. He has been called "one of the state's cleanest, hardest-working and ablest men", and we are indeed fortunate in having him as one of our legislative friends, and more fortunate in having him speak to us.

His speech had three points which were illustrated with personal experiences, and were, in concise form, the secret of success. The first, "The philosophy of contentment," was merely the creed of a man who lets nothing disturb his serenity; the second, "The dignity of labor," is the creed of the men who have reached success in every line—that nothing is too hard or disagreeable for a man to attempt if he is in earnest; the third, "The search for truth"—what college men must learn to keep as their watchword, in politics, in character, and in life.

Two mile run—Won by Jacoby, C. A.

440 yard dash—Won by Acheson, M. A. C.; Peirce, M. A. C., second; MacCreedy, M. A. C., third. Time, 54.4-5 seconds.

Two mile run—Won by Jacoby, C. A.

CONLON KNOCKS OUT HOMER SCORING FOUR FOR CRIMSON

Both Teams Play Good Ball, Harvard Bunching Hits Better than Aggie. Barrows Injures Ankle.

Aggie's baseball team lost to Harvard's superior nine last Saturday on Soldiers' Field to the tune of 9-1. Conlon's home run with the bases loaded was the feature of the contest. This came in the second frame with the score 1-1. With two men on Gordon of Harvard drew a walk and Conlon, captain of the crimson, came to bat. He connected ferociously and the ball went straight over third just out of Cahill's reach for a homer.

The lone tally for Capt. Collins' team came in the second. Moseley walked, Hillyard sacrificed and Kroeck scored "Hank" with his single to left field. Harvard bunched its hits in the second for six of its nine runs. Goode had fine support, the Cambridgeans playing errorless ball. This was especially noticeable as there was a high wind throughout the game, making flies hard to judge. Several balls fell for both sides on this account, which normally would have been putouts.

"Bobby" Barrows sprained his ankle chasing the ball but showed his grit by playing the rest of the game, even running out a bit after the accident.

His appearance in the lineup at Dartmouth is problematical. "Huck" Sargent tried some Babe Ruth stuff in the third inning and broke his bat off short. Instead of a home run he got a clean single.

HIGH SCHOOL DAY

Continued from page 1

In case rain should prevent the playing of the varsity game, the entertainment scheduled for the evening will be shifted to the afternoon, and the entire evening will be devoted to open house receptions at the fraternities. As in former years, overnight accommodations will be provided for our guests. For the entertainment of those living at a distance, necessitating their arrival the day before, a committee of three students has arranged a Musical Festival which will be presented on Friday evening. The college will be open to inspection in the afternoon and all day Saturday.

A change of policy as regards the conduct of the interscholastic track meet should be noted here. This year the meet is open only to students of the secondary schools of Massachusetts. By making this limitation, it is hoped that many of the smaller high schools of the state will be encouraged to compete, and that the honors will thereby go to the youth of the state who are our prospective fellow students, rather than to members of out-of-state preparatory schools, who might come here merely for the meet, and are not vitally interested in the college.

The committee in charge has co-operated well and done all in its power to make the event fulfill its function in the program of the college year. With the right co-operation and spirit shown by the student body, it can be made more than a free sight-seeing trip and good time for the sub-Freshman. It will instill into him a bit of that feeling which all M. A. C. people know as true Aggie spirit. Only thus will High School Day be made truly successful.

YEARLINGS TRIM SACRED HEART HIGH IN FIRST GAME

Five Runs in First Two Innings Put Game on Ice. Fresh Team Shows Good Material.

The Freshman baseball team defeated Sacred Heart High School team of Holyoke by a 5 to 0 score in their initial game on Friday. Four of the five runs made by the Freshmen were made in the first inning, and the fifth in the second. Crosby, the first Fresh batter up, walked down to first on four balls, followed by Ferranti who also worked McKern for a pass. Barker's bunt sent them around one base and Crosby kept on to home on a wild throw over Cleudlenst's head. Ferranti scored but Barker was caught at the plate when the visitors threw Simmons' bunt wildly about the diamond. Taylor and Lunt each hit for a base apiece. Taylor scored on Holbrook's sacrifice, and Lunt reached home before the third man was retired. McGeuch tallied in the second, and finished the scoring for the afternoon.

The summary:

Recruits.

High School Day is the annual recruiting occasion of the college. Few students of secondary schools realize the size and extent of this institution. One short visit comprises the total opportunity for a complete survey of the campus and a close-up of real college life, then back to prep school to think over the trip and dream about the future. The greater the enjoyment, the deeper and more lasting the impression, with the result that the enrollment should show an increase at matriculation time in the fall.

This year there is no doubt but that every Sub-Freshman comes to M. A. C. because of an active interest in the college work, and perhaps with the intention of entering as a freshman sometime. A wise step has been taken by limiting invitations for participation in the interscholastic track-meet to Massachusetts Secondary High School students. Academics from without the state are prevented from sending groups of their best athletes to take all honors simply for advertising purposes. The effect of this is to destroy competition and discourage unorganized sport. Through the elimination of the objectionable element, which had no idea of ever viewing Amherst again, a much more satisfactory condition is inevitable. No grumblings of unfairness are apt to be heard, and prize winners will be more widely scattered throughout the state. The victorious lad is a much better advertiser than the disappointed contestant.

The Cavalry Field Day is an important drawing card. The attitude of students toward the Military Department has changed materially, and at the present time the college appears to be sure of this attractive feature of R. O. T. C. training permanently. The best possible program for High School Day has been carefully worked out. The final factor remaining to insure unquestionable success is enthusiasm and co-operation by the student body. After all, a college is only what the stu-

dents make it, so the personnel of M. A. C. figures prominently in the visitors' estimate of the college. Every Aggie student should plan to be on the campus Saturday. To reach pre-war attendance High School Day this year must be the biggest in history.

The Undergraduate Ear.

In presenting a musicale as part of the High School Day program, undergraduates are establishing a precedent. A concert composed wholly of classical and semi-classical selections given by college talent has never raised a sufficient amount of enthusiasm to induce a group of students to attempt the awful feat in the past.

Each year the Social Union has deemed it expedient to engage musicians from the Symphony Orchestra in Boston to give Sunday afternoon entertainments. This feature of the program has been a source of enjoyment to a number of appreciative music-loving students and townspeople. With jazz and popular music ringing in their ears, however, from the dance of the night before, a good many have gone away with an expression of disgust on their faces and a firm conviction that music halls will never be graced with their presence again. Such is the attitude of a great many of the students take. The average student believes it to be more polite perhaps and at least more restful to sleep on his own couch. "Catchy" music and boisterous blats on a brass saxophone is the ideal towards which all musicians should strive. Music is to be measured on the basis of rhythmic syncopation and its adaptability to the terpsichorean art. If this is what college men want, men who are to become leaders in their communities, men who supposedly represent the highest ideals of the nation, imagine what those young people want who are without the benefits of a higher education.

Back to our musicale, though. It is a serious attempt to introduce the better compositions of music on the campus by the students themselves, and it is never too late to create an active interest. Those leading the movement are to be encouraged in their efforts. Success may not come with the first musicale. Enthusiasm must be worked up from a small beginning and can only be increased by a series of concerts. If it is too late this year, then the summer will give ample time for carefully laid plans to be matured. Even though the attendance be diminutive at any one performance, discouragement need not necessarily follow. The colleges must take the lead in promoting the best type of music. An opening to do so has presented itself and the chance should be seized to lay a firm foundation for a permanent institution.

BISHOP F. J. McCONNELL TO BE COMMENCEMENT SPEAKER.

President Butterfield has expressed great satisfaction over the acceptance by Bishop F. J. McConnell of the invitation to become the commencement speaker at the College, June 27. Bishop McConnell is one of the best known of the Bishops in the Methodist Church and is regarded, in many circles, as one of the "best minds" of the country. He has been a leader in discussions connected with improvements in industrial conditions, both because of his clear thinking and his fearless expression of views.

'16 Capt. F. E. Haskell, Inf., U. S. A., is located at Camp Benning, Ga.

SPRING FOOTBALL SHOWING GOOD PROSPECTS FOR 1922

King '21, Working With Line-men; Beal '23, in Charge of Backfield. Practice to Last This Week.

With a week of Spring Football practice the fine showing of the first day has been maintained, and the men are fast shaping into condition. The candidates have been put through strenuous practice in tackling the dummy, bucking the strap, and line work. The backfield material has also had practice in throwing forwards and the ends in catching them. A great asset to the practice has been the valuable assistance of Starr King '21, who has found time to come down from Deerfield on several days to work with the line men. "Bob" Mohor, last year's dependable tackle, has also given the line men much "dope," working particularly with the tackles. "Jimmie" Beal, in charge of backfield men, has been busy developing punters and men to throw forwards, and reports excellent results.

The practice is being held principally to get a line on promising material for next fall and to harden the men after a winter's lay-off. There have been few injuries, all minor ones, which goes to show that the men have taken good care of themselves the past few months. It is the plan to continue the training for another week at least, in which time the men should be in fine condition.

MUSICAL FESTIVAL TO OPEN H. S. DAY PROGRAM FRIDAY

To Consist of Violin, Cello, and Piano Solos by Four-year Students, for Benefit of Visitors.

The opening event on the High School Day program will actually take place Friday evening at 7:30 p. m., when a Musical Festival will be held in Stockbridge Hall Auditorium. This special feature is for the benefit of the High School Day visitors, but also for all of the student body and townspeople as well. Students of the college are staging the program themselves voluntarily; there will be no admission charged or collection taken.

The program, as finally arranged, will consist of piano solos by Woodbury and Parker, '25; a violin solo by Loring, '24; a cello solo by Nowers, '23; selections by the Junior Quintet; and a vocal solo by Vinten, '22. The committee which has been arranging this program and which has charge of the production is composed of Vinten, '22, and Fuller and Martin '23. The affair was originated to serve as an outlet for the expression of some of the musical talent with which the college is now endowed, and it is to be hoped that Friday night's entertainment will be patronized with the enthusiasm of which such an undertaking is worthy.

Y. M. C. A.

On Thursday, the regular weekly discussion group of the Y. M. C. A. will be held in the Memorial building at 7 o'clock. Mr. Ward will speak on the subject, "How to Teach the Bible to Children." The best advertisement of these pleasant informal meetings is a person who has attended, for anyone who has heard Mr. Ward discuss these topics will not miss the chance to hear him again.

Take It From The Air

NOT only music, but news, speeches, messages of every sort, are today being picked out of the air.

"How has this come about?" we ask.

The new impetus given to radio development may be definitely associated with the development of the high power vacuum tube, for that made broadcasting possible. And the power tube originated from a piece of purely theoretical research, which had no connection with radio.

When a scientist in the Research Laboratories of the General Electric Company found that electric current could be made to pass through the highest possible vacuum and could be varied according to fixed laws, he established the principle of the power tube and laid the foundation for the "tron" group of devices.

These devices magnify the tiny telephone currents produced by the voice and supply them to the antenna, which broadcasts the messages. At the receiving end, smaller "trons", in turn, magnify the otherwise imperceptible messages coming to them from the receiving antenna.

Great accomplishments are not picked out of the air. Generally, as in this case, they grow from one man's insatiable desire to find out the "how" of things.

Scientific research discovers the facts. Practical applications follow in good time.

TWO YEAR NINE OPENS WITH WIN FROM TURNERS FALLS 22-5

Game with Rosary High Today to Test Team's Strength. Sacred Heart Plays Here Friday

The Two Year baseball squad did not find it very hard to hit the ball in their first contest with Turners Falls High on last Wednesday, April 26, and as a consequence defeated their opponents 22-5. The home team made 15 safe hits during their eight innings of play, and these coupled with some misplays and errors by the visitors, who were also in their first game of the season, account for the large score. Although the game was a long-winded affair, and so less interesting than it might have been, it showed that the Two Year team contains some hard-hitting men, which looks well for a successful season.

The next game with Rosary High in Holyoke on Wednesday, May 3, promises to be a closer contest, as their team is one of the best school teams in the valley. On Friday the Sacred Heart High School team will come to Amherst from Holyoke to play the Two Year men.

The line-up for the Turners Falls game was as follows: Wells, 2nd; Bartholemew, 1st; Smith, 1st; Brievogel, ss; Adair, p; Adams, c; Chamberlain, 3rd; Cluff, rf; Donnellan, c. In the fifth inning, Green substituted for Wells, Mc Coy for Adams, and Dielner for Cluff.

The battery for Turners Falls was Griffin, p, and Jellis, c.

The score by innings:

	1	2	3	4	5	6	7	8	9
Two Year	3	5	3	4	0	3	0	4	x-22
Turners Falls	0	0	0	1	1	3	0	0	0-5

MEETING A STANDARD

Sanitary standards in the creamery, dairy, and cheese factory—the severest test of quality and worth that can be applied to a cleaner—are being successfully met in thousands of milk food production plants on a basis of minimum cost of time, money, and effort, by the use of

Wyandotte
Dairyman's
Cleaner and Cleanser

This cleaning service extends to every part of the creamery and dairy equipment and processes, and is made possible by the high standard of quality required in every pound of "Wyandotte" Dairyman's Cleaner and Cleanser before it leaves the factory.

This cleaner never fails in its work. It is harmless and easy to use. It is pure and purifying and every grain is an active working particle to the last ounce in the barrel.

Your supply house will fill your order.
It cleans clean.
The J. B. Ford Co., Sole Manufacturers, Wyandotte, Mich.

TWO HARD GAMES WAITING FOR VARSITY THIS WEEK

Kroeck to Pitch Against Dartmouth on Wednesday, with Collins Pitted Against Connecticut Saturday.

Today the Varsity Nine is scheduled to meet the strong Dartmouth aggregation at Hanover, and the contest promises to be a battle royal. Dartmouth has won every home game this season to date, although some setbacks have been met abroad. Her southern trip was wound up in grand style when she defeated the strong Penn and Columbia clubs. Since then she has suffered defeat from the Middlebury team. Last Saturday, University of Maine was taken into camp to the tune of 3-0.

Although the team had a very small nucleus of veterans, nevertheless Maynard covers the ground in tip-top style between second and third, while Captain Tracy is rated as one of New England's best collegiate moundmen. Steinhilber is also a reliable pitcher. Aggie will face the Hanoverians with Jules Kroeck on the mound, and "Hank" Moseley back at the keystone sack, the rest of the lineup being the same as in previous games. Although having been trailed by Harvard last Saturday, the team is by no means as weak as the score of the Cambridge game might indicate. A couple of errors by the infield and a strong wind, plus the frowns of Dame Fortune resulted in a lopsided score which tells little of the strength of "Hubba" Collins' team.

Next Saturday afternoon, High School Day, Coach Gore's charges will play a return contest with the Connecticut Aggie nine. The game at Storrs last week was a pitchers' battle, resulting in the home team winning by one tally. They have four or five good twirlers down there, a couple of the moundmen being southpaws. Alexander will probably be on the mound for the Nutmegs, while Collins will pitch for Aggie. Collins, by the way, allowed Connecticut but one hit in the game last year. Alexander, besides being a mighty fine pitcher, is also a sure man with the stick. Either Brunner or Samuels will replace "Hubba" in center field.

SUNSET LEAGUE REVIVES ON CAMPUS, WHEN Q. T. V. WINS

Tumey Holds Nationals at Bay While Barnard Cracks Out a Homer.

In the first inter-fraternity game of the season which was played on the old varsity field on Monday evening, Q. T. V. conquered Phi Sigma Kappa to the tune of 8-3, before a large crowd of fans. It was the victors' first win in three starts against their worthy rivals. The battery for the "Locals" was Tumey and Kane, while that of the "Nationals" was Haskins and Pierce. The feature of the game was a home run by Barnard of the "Locals". The game was spectacular, many daring steals being successfully completed. Tumey was invincible; with three men on, and none out, he fanned three in order. Darkness overtook the players and the last two innings were played under difficulties.

"Bill" Peekham has joined the bunch working for the New York Telephone Company.

MUDGETT '23 PRESIDENT OF AN. HUS. CLUB NEXT YEAR

Prof. Skinner of Conn. Aggie Gives Interesting Talk and Movies on Sheep.

Last Wednesday at the Animal Husbandry meeting, Prof. A. G. Skinner of Connecticut Aggie spoke on sheep. He gave the history of sheep in America from the beginning of the industry and showed how they had become more and more rare during the sixty years of their existence here. He mentioned in particular New England; Sheep are almost extinct in this section of the United States, and something must be done

to bring them back again. In order to do this farmers must have a thorough idea of sheep raising so that they may successfully increase the herds instead of decreasing them. He said that the great sheep section of the country was the West, and that the consuming part was the East, especially New England. His lecture was most interesting, and was followed by motion pictures showing the wool and mutton industries. After his talk, a meeting was held at which officers were elected for the ensuing year as follows:
President, Vernon D. Mudgett; vice-president, Mason W. Alger; secretary, Trencott T. Abele; treasurer, Charles F. Russell; executive committee, Donald K. Collins, L. Francis Kennedy, and one Two-year man to be elected next fall.

FIVE MEN REPRESENT AGGIE AT N. E. CONFERENCE

Delegates from All Colleges in New England Meet to Discuss Common Problems and Solutions

On last Friday, Saturday, and Sunday the annual conference for the training of the officers of the Christian Associations of New England Colleges was held at M. I. T. in Cambridge. The conference was attended by sixty delegates, five of them from M. A. C.—Moody and Tucker, '22, and Cromack, Loring, and Stevenson, '24. Practically all of the colleges of New England were represented, with a few exceptions.

The purpose of this gathering was to bring together the leaders of the various Christian associations in order that common problems might be discussed and solutions proposed, and that the men might be strengthened to do their work on their own campuses. There were several speakers of note during the three days, including Rev. Mr. Gilkey of Springfield, Herman Lum of Penn State, '14, Rev. Sydney Lovett of the Mt. Vernon Church, Fay Campbell of Yale, C. K. Brown of Boston, C. P. Shedd of New York, and S. K. Tompkins of Brockton.

The conference opened with a complimentary dinner on Friday night at Walker Memorial Hall, M. I. T., followed by several talks on campus situations and their solutions. One of the best talks of the whole conference was given by Mr. Gilkey of Springfield on "Strengthening the Moral Forces on the Campus." On Saturday morning there were several group meetings to discuss college problems.

Saturday afternoon the whole conference were the guests of the Harvard Athletic Association at the Harvard-M. A. C. game. In the evening meetings were held at the Boston Y. M. C. A.

On Sunday morning the conference attended the services at the Mt. Vernon church, and in the afternoon the closing meetings of fellowship were held, in which the results of the whole conference were summed up. The

LINDSKOG AGAIN ELECTED ROISTER DOISTER MANAGER

Deerfield Production to Start Deerfield Academy Scholarship Fund. To be Held Next Monday.

At an important meeting of the Roister Doisters held last Wednesday, April 26, E. E. Lindskog '23, manager of the society, was re-elected to office for the coming year. A. L. Dresser '24, was elected assistant manager. A committee of three, consisting of Pres. Waugh, Vice-pres. Martin and Manager Lindskog, was appointed to consider shows suitable for Commencement. It is possible that Bernard Shaw's comedy "You Never Can Tell" will be presented. It was the sentiment of many of the members present that something should be done concerning club pins and emblems, and a committee was appointed to investigate the matter. It was also decided that the \$150 recently donated to the Memorial Building by the organization be used for the purchase of new furniture.

The third performance of "Clarence" by the members of the Roister Doisters will be given in the Deerfield town hall next Monday evening, May 8, at 8 o'clock under the auspices of the Deerfield Academy. Starr King, '21, now a member of the Academy faculty, has been instrumental in arranging for this performance in Deerfield.

The proceeds of the performance will be used to start a scholarship fund for those graduates of Deerfield Academy who attend M. A. C. The idea of having the club present their play in for purpose is being tried out for the first time this year and it is expected that the performance will be an annual affair. It is hoped that this third production will be as successful as the first and second, and the members of the cast will do all in their power towards this end.

PHI KAPPA PHI ELECTION

all active in college affairs. Friend is a member of the Senate and the Honor Council. He has served as class president and with the Roister Doister. He has also won his "M" in varsity track, besides being the editor-in-chief of the 1923 Index during the past year. Lindskog has spent one year as manager of the Roister Doisters, and has recently been re-elected to this position. Slade has been a member of the Glee Club since entering college, and is now editor-in-chief of the COLLEGIAN and a member of the 1923 Index Board. He has served as class secretary, and is also class song-leader.

From the Faculty there were elected: Prof. V. A. Rice, Dr. C. H. Abbott, Dr. J. K. Shaw.

The usual initiation ceremony and dinner will take place at Draper Hall, Thursday evening, May 11, at which Dr. Edwin E. Sparks, formerly president of the Pennsylvania State College and now one of the general officers of Phi Kappa Phi, will be the guest of the local chapter, and will give the address of the evening. The two members of the Freshman and Sophomore classes having the highest scholarship grades will be the guests of the society on this occasion.

The following officers of the society for the ensuing year were chosen: President, Prof. E. L. Ashley. Secretary, H. J. Watts. Treasurer, W. K. French.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

WILLISTON NOSES OUT FROM SPRINGFIELD TECH

Acheson '22 Breaks Quarter Mile Record of College, While Frazier Makes New Interscholastic Broad Jump Figure.

Over 90 men, from 15 different High Schools in the state, entered in the interscholastic track meet held here last Saturday in connection with High Day, making competition keen. The wet track made some of the times slow but Frazier of Springfield Technical High School broke the interscholastic record for the broad jump with a leap of 20 feet, 44 inches. Williston captured the most points, winning the meet with 37. Springfield Tech came second with 30 and Holyoke third with 19. Lewandowski, a brother of Aggie's football star of last season, showed up well in the discus throw, heaving the discus 101 feet, 24 inches for first place.

Many of the prize-winners in these events expect to attend M. A. C. and Coach Derby will undoubtedly find some good material for future "Aggie" track teams among them. No high schools outside the state were allowed to compete, thus confining the entries to men who would be likely to come to "Aggie." The meet was given very good support by the student body and the visiting sub-freshmen and, with the C. A. C. game following, helped them to spend a pleasant afternoon.

Two feature races were run off after the regular events of the meet by some

Continued on page 8

AGGIE MAKES BRAVE STAND AGAINST BIG GREEN NINE

But Costly Errors Lose them the Game 8-4. Cahill and Sargent Each Win a Triple.

Green triumphed over Maroon last Wednesday at Hanover. The "Aggies" held the long end of a 3-1 score until the sixth inning when costly errors gave the lead to Dartmouth. Both teams showed an ability to hit the ball with a vim, M. A. C. securing seven hits to Dartmouth's eight, among these being two triples and a double. "Bill" Kroeck, pitching for Aggie, was in good form, and but for poor support should have won his game against his opponent, Lyons.

Continued on page 2

Assembly will be cancelled this afternoon for the Amherst-Aggie baseball game, which will be called on Alumni Field at 3:45 p. m. sharp. Kroeck and Leete are the probable pitchers.

'SCHOOL DAY DRAWS RECORD CROWD OF VISITORS FROM ALL PARTS OF STATE

Whole College Turns Out to Welcome Guests. Second Annual Gymkhana Proves Very Popular. Clear Skies and Perfect Weather Spell Unquestioned Success for Complete Program.

777 REGISTERED, REPRESENTING 104 SCHOOLS

A crowd of high school students that numbered 777, including 154 prospective co-eds, left the campus Saturday night for their homes or tumbled gratefully into bed at the frats or homes where they were being entertained, tired out but well satisfied with Aggie's welcome to them on the college's Thirtieth Annual High School Day. These figures, as compared with last year's total of 489, show a very gratifying increase in the popularity of this annual affair with young people throughout the state. Just 20 more schools were represented this year than last.

After an evening's entertainment to those who arrived Friday evening, in the form of a musical festival given in Stockbridge Hall by the Junior Quintet and others, and more entertainment at the frats where the boys bunked overnight, Saturday, the big day, dawned bright and fair, with the threatening rain clouds scurrying away.

The Second Annual Gymkhana and

tears down the field at a gallop to help a man who is supposed to be in desperate straits, allows the dismounted man to mount up behind, and gallops back to the starting point. The next event was the saber-ringing contest, in which four-inch wire rings are secured on the saber at the gallop. This was one of the hardest feats of the day, as the horses will not run in a straight line, and the rings look mighty small! Next came the mounted potato race, with bareback riders endeavoring to put five potatoes one after the other into a bucket placed at the starting point.

The event which took most skill was the hurdles. There were three hurdles, each one a little harder than the preceding one to clear, and while no one took a "spill," several hard shakings were received. The cadet officers, having had more practice in this work than the Sophomores, showed the best form and on the whole did very well. Cadet First Lieutenant Hallett '23, showed

CAVALRY DRILL AT AGGIE SEMI-CENTENNIAL, JUNE, 1921.

Field Day, conducted by the Military Department, was a decided success, and much credit is due Sergeant Warren of the Department for his work in training the competitors, and arranging the program to make the whole meet a success. A competitive drill by the whole unit took the form of a review, and after the three troops had been reviewed by Major Shnyder and President Butterfield, the troops were marched past the stand in column of troops, and as a result, Troop "C" was awarded a silk guidon which it will carry for one year. The first event of the Gymkhana was a rescue race. In this a mounted man

most experience in riding, walking away with all except one first prize. Cadet Second Lieut. Paddock '23, also secured two seconds, showing especial knack at spearing the rings.

The prizes awarded were as follows: RESCUE RACE. (Teams of two men.) 1st, Cadets King '24, Poey '24. 2d, Cadet Corps. Holteed '24, Goldsmith '24. 3d, Cadets Leland '24, MacAfee '24.

SABER RINGING CONTEST. 1st, Cadet First Lieut. Hallett '23. 2d, Cadet Second Lieut. Paddock '23. 3d, Cadet Leland '24.

Continued on page 3

SPEEDY GAME GIVES AGGIE 3-2 VICTORY OVER C. A. C.

Collins' Pretty Steal Home Accounts for Two Runs. Infield Plays Tight, and Sargent Performs Perfectly in Right Field.

With Capt. "Hubba" Collins pitching fine ball, and well backed by his teammates, M. A. C. opened the home baseball season last Saturday afternoon with a 3-2 win over Connecticut Aggie on Alumni Field. A crowd of over 1200 saw the game which was quickly but tightly played. From appearances Saturday, Aggie has a wide-awake ball team, and the way they throw the ball around shows up some real pep.

M. A. C. started the scoring in the first inning when "Huck" Sargent reached first on an error by Gordon, and then rapped home when Jules Kroeck whacked out a triple to deep center. Lamscher was put on the mound because of his win two weeks ago over M. A. C. at Storrs, but down there Jules was credited with a home run, double, and single from the same pitcher. The two other runs came in the sixth inning, when Collins singled to left field, stole second, and continued on to third when Metell's throw went wide to second. Kroeck was hit and stole second. Things began to look pretty bright until Barrows struck out, and "Doc" Gordon was retired on a foul bunt on his third strike. Brunner had the count two and two, when "Hubba" and Jules started a double steal. Lamscher evidently was rattled, for he threw a little too high, and on the resulting passed ball, both runners scored with the tying and winning runs.

Connecticut gathered in but five scattered hits from Collins' delivery and got but one earned run which came in the fourth inning. This was "Hubb's" bad inning, for he walked the second man up, hit another, and then was touched for a double and single, only

Continued on page 2

The Massachusetts Agricultural College Alumni Club of New York will hold its spring banquet at the Cafe Lafayette, 9th Street and University Place, Friday evening, May 26, at 7:00 o'clock. The speakers are not yet announced but the object of the meeting will be to boost this year's commencement and get as many New York Club men as possible to attend. Notices will be sent each member this week. Also, watch the COLLEGIAN for further announcements.

GEORGE ZABRISKIE '13, Chairman Banquet Committee.

C. A. C. DEFEATED

Continued from page 1

one run resulting, however. The second run came in the sixth inning, when Collins' wild throw to second paved the way for the tally which came soon after when Sawin singled to left, scoring Brundage.

Things passed quickly after the seventh inning. Connecticut was tied in the eighth on three pitched balls. Two hard hit grounders went to Cahill, who handled them perfectly, throwing out both men at first in easy fashion. In the final inning, Capt. Collins struck out the only three men who faced him. What looked to be a perfect hit just over first in the second inning was raked off the grass by Sargent, who made a brilliant one-handed stab of the ball for the last out. "Huck" made another neat catch in the fourth inning from the same batter. "Bob" Barrows showed fine work behind the bat, and handled himself well. Except for but perhaps one position the infield looks good, and coupled as it is with a first-class, hard-hitting outfield, will give good support to any pitcher who is sent to the box by Coach Gore.

DARTMOUTH GAME

Continued from page 1

The New Hampshire nine started the scoring in the first frame with a run by Maynard, but the Bay Staters retaliated in the second. Moseley poled out a two-bagger to right field and scored on Illyard's sacrifice hit. During the next inning Marshman started things off with a single to left and scored on Cahill's three-bagger to deep right. Cahill crossed the plate on Sargent's single, but two put-outs in quick succession closed the inning.

The score remained unchanged until the sixth. Then, with the head of Dartmouth's batting order up, Dagostino drew a free pass, Caswell reached first on an error, Maynard duplicated his predecessor's work, and Thurston knocked out a single to left field. Coller sacrificed, Smith singled, and Shaneman made first on an error. This brought the total runs for the inning up to three, putting Dartmouth into the lead.

Similar bad luck followed the "Aggies" in the seventh. Lyons drew a base on balls and reached second on an error. Dagostino made the initial sack on a fielder's choice and likewise went

to second on an error. Caswell sacrificed, Maynard singled, and Thurston drew a pass. This gave the Green two more tallies. Coach Gore's aggregation made its final run in the eighth. Sargent led with a triple, Collins sacrificed, scoring "Huck", and no other Aggie man got beyond first.

Five errors in the sixth and seventh proved altogether too costly, five runs being scored in these two frames.

Summary:

DARTMOUTH.	A. B.	H.	P.	O.	A.	E.
Dagostino, lf	4	0	1	0	0	0

FIRST GAME OF INTERCLASS BASEBALL RESULTS IN A TIE

Weatherwax and Haskins Stage a Pitchers' Battle Until Darkness.

The Senior-Sophomore baseball game played Tuesday, May 2, was called on account of darkness at the end of the sixth inning with a tie score, 1-1. This, the first of the interclass games of the season, was essentially a pitcher's battle between Haskins and Weatherwax, respectively.

A two base hit by Barnard in the first inning followed by a stolen base and a sacrifice hit brought in the only tally for the Seniors. A single by Kane to left field at the first of the second started the Sophomores. Two steady crawls advanced him to third, when a hit by Regan brought him home.

The second game of the interclass series, scheduled for last Thursday, was postponed on account of rain. This Thursday's contest between '23 and '24, is the Juniors' first appearance in the race, and a lively contest is expected.

The lineup of the game was:
Seniors: Hooper 3d, Barnard 1st, Bent ss, Lewandowski c, Haskins p, Crawford 2d, Kokoski lf, Higgin cf, Leland rf.

Sophomores: Gifford 2d, Morris ss, Fenton 1st, Bike cf, Kane c, Rowell rf, Tarplin lf, Regan cf, ss, Bartlett 3d, Frost rf, Darling lf, Weatherwax p.

The score—1922, 1; 1924, 1. Two base hit—Barnard. Struck out—By Haskins 11, by Weatherwax 9. Umpire—E. G. Johnson '23.

The Interclass Baseball Schedule, as drawn up by the Interclass Athletic Board for the current season, is as follows:

May 2—1922 vs. 1924.	4—1923 vs. 1925.
9—1922 vs. 1925.	11—1923 vs. 1924.
16—1922 vs. 1923.	17—1924 vs. 1925.
23—1922 vs. 1924.	24—1923 vs. 1925.
30—1922 vs. 1925.	31—1923 vs. 1924.
June 6—1922 vs. 1923.	8—1924 vs. 1925.

MASS. AGRICULTURAL COLLEGE COMMENCEMENT, 1922

FRIDAY, JUNE 23.

2-00 P. M.—Junior Frolic.
Freshman-Sophomore Baseball Game.

6-30 P. M.—Interclass Sing, Steps of Stockbridge Hall.
8-00 P. M.—Dramatics, Bowker Auditorium.

SATURDAY, JUNE 24.

9-30 A. M.—Business meeting of the Associate Alumni, Memorial Hall.

12-00 M.—Alumni and Senior Dinner, Draper Hall.

2-00 P. M.—Alumni Parade.

3-00 P. M.—Varsity Baseball Game.

6-00 P. M.—Alumni Supper (Informal), Draper Hall.

9-00 P. M.—Fraternity Reunions.

SUNDAY, JUNE 25.

3-30 P. M.—Baccalaureate Address, "The Challenge of the Far East," President Kenyon L. Butterfield, Bowker Auditorium.

4-45 P. M.—President's Reception, Rhododendron Garden. (If stormy, in Memorial Hall).

7-00 P. M.—Recital, Junior Quintet and other musical organizations, Bowker auditorium.

MONDAY, JUNE 26.

8-00 A. M.—Breakfast meetings of "M" men and non-athletic leaders, Draper Hall.

10-30 A. M.—Senior Class Day exercises.

2-00 P. M.—Cavalry Drill.

4-00 P. M.—Faculty-Senior Baseball Game.

8-00 P. M.—The Flirt Oratorical Contest.

TUESDAY, JUNE 27.

2-30 P. M.—Commencement Exercises Bowker Auditorium, Address by Bishop Francis J. McConnell, Subject, "Social Imagination."

8-30 P. M.—Sophomore-Senior Hop, Memorial Hall.

Alumni class reunions will be held by individual class arrangement. Four classes have already signified their intentions of holding reunions. They are class of '72, 50th reunion; class of '82, 40th reunion; class of '92, 10th reunion; and class of '21, 1st reunion. Other classes which will very likely hold reunions are '97, '17, and '19.

ABIGAIL ADAMS ITEMS

The Y. W. C. A. is offering its members an unusual opportunity to hear the best that modern religious thought gives, in a study class on religion to be led by the Rev. Mr. Ward. The class will meet every Tuesday during May, in the Memorial Building, at 6-65.

The Women's Student Government Association elected officers for the coming year as follows: President of the Student Council, Inza Boles '23; vice-president, Molly Lewis '23; secretary, Doris Hubbard '24. A new constitution was adopted recently which provides that members of the Student Council shall be elected for a term of one year, instead of for the remainder of their college course as formerly.

'09, Born, to Mr. and Mrs. G. E. MacGown of Buckfield, Me., on April 22, a son, Philip Talmadge.

HIGH SCHOOL DAY

Continued from page 1

MOUNTED POTATO RACE.

2d, Cadet Capt. Gilbert '22.
3d, Cadet Walker '24.

HURDLES.

1st, Cadet Lieut. Hallett '23.
2d, Cadet Second Lieut. Paddock '23.
3d, Cadet Major Wentsch '22.

Starter, Harold M. Gore, M. A. C.
Judges, Major Snyder, Captain Shufeldt, Captain Brady, President Butterfield, Dean Lewis.

Before the Gymkhana was over, the stock judging was on in Grinnell Arena, where the liveliest competition ever seen at a High School Day was in progress. Fifty boys from all over Massachusetts judged a class of Holsteins, Guernseys and Herefords, and one of Berkshire hogs and of draft horses. The

Two-year students fitted the animals for judging, and the visitors were well able to see the quality of Aggie's judging animals. A large crowd of spectators watched the judging.

The prize-winners of the contest were as follows, with a possible total of 700 points as perfect score:

1. Kenneth Heald, Smith Agrie. School, Northampton	610
2. Matthew McGrath, Norfolk	540
3. Theodore McLean, Hadley	545
4. Sherman English, Norfolk	540
5. Wallace Garrett, Norfolk	525
6. Mr. Rouillard, W. Springfield	525
7. Arthur Briggs, Lawrence	505
8. Joseph Goller, Smith Agrie. School	495
9. James Conius, Hadley	495
10. W. Holmes, Plymouth	495

Opening with an address of welcome to the Sub-Freshmen by President Butterfield, and the awarding of the prizes to the winners in the Interclass Track Meet and the stock judging contest, the evening concert, always popular with high school students as well as with the college people, was given by the combined musical clubs.

"Rolling Down to Rio" was followed by "When Twilight Shadows Deepen" both by the Glee Club, and then the Junior Quintet gave a selection. The Quartet broke forth in "A Little Close Harmony," followed immediately by the Glee Club again, with its rollicking "Viking Song."

"Ray" and "Freddie" as usual scored a hit with their originalities, producing in fact four rounds of applause after as many encores. The ever-popular "Where Does the Wind Come From," the "Agricultural Blues," and "Oy, Oy, Senora" all went well with the audience. "Strummings" by the "Leatherheads" was cancelled due to lack of time, but the Glee Club sang "Little Tommy" especially well to make up for it, and encored with the Ford Song, by A. Flivver.

With the singing of "Sons of Old Massachusetts," High School Day, one of the best that Aggie has ever held, was officially over and high school students who had for one day glimpsed the campus life with its work and play, journeyed home to think over what they had seen and experienced in this short visit to M. A. C.

Dean Lewis was one of the judges at the Princeton-Yale Freshman Debating Contest held at New Haven recently.

TIGHT GAME WITH ROSARY HIGH GOES TO TWO-YEAR NINE

Bunched Hits in Extra Inning Gives College Team 5-4 Decision. Bartholomew Excels at Bat.

The Two-year baseball team nosed out a 5 to 4 win in the tenth inning over the Rosary High School of Holyoke, last Wednesday afternoon. Up to the last of the ninth the Two-year were leading with a 4 to 2 score. Bartholomew was the big man at the bat, getting three hits from five trips to the plate. Three times he traveled around the sacks, the last time for the winning run.

The Two-years scored a run in the first and second innings, and then with three bunched hits added two more tallies in the fifth. The Rosary boys found Breivogel for a pair of hits that resulted in as many runs. In the last of the ninth the Holyoke lads hanged on three more hits that gave them enough runs to tie the game. Bartholomew opened the tenth with a hit, stole second, and advanced to home on Breivogel's sacrifice. It looked as if the Rosary team would at least tie the score again when they led off with a pretty hit Breivogel tightened up, however, and held the High School team to two easy hits on which they were retired in order.

The lineups:
Rosary—Scanlon, rf; Caroly, ss; Crowley, 3b; Walker, lf; O'Donnell, 1b; Sullivan, 2b; Greene, cf; Canley, c; Wynne, p; Mack, p.

Score by innings:
Two-year 1 1 0 0 2 0 0 0 1-5
Rosary 0 0 0 0 0 2 0 0 0-4

THIS ISSUE of the COLLEGIAN is being sent to all High School students who visited the campus on High School Day. The COLLEGIAN takes this opportunity to bring to a fitting close the largest and most successful gathering of sub-Freshmen ever held at Aggie. The true fellowship of college life, the real democracy prevalent on the campus, the lack of snobishness, the elimination of class lines, and the loyalty of each one to his Alma Mater—these things we offer to prospective Freshmen.

With no hesitancy we claim one of the most beautiful campuses in all New England. Environment and companionship comprise the essential external requisites of a four years' college course; the faculty can be relied upon to provide the extensive fundamentals needed for one's life work. Come to Massachusetts Aggie for your college education!

Two Plus Three.

Some agitation has recently been noted with regard to the disposition of the area devoted to the hockey rink in the winter. The flat surface is admirably adapted to tennis courts. With only two courts on the campus at the present time, and these in use constantly with a crowd lining the bank for a chance to participate in the game, the maximum opportunity for outdoor recreation is not afforded.

A great majority of the students cannot take part in organized athletics, but nearly everyone can use a tennis racquet with varying degrees of skill. The hockey rink is large enough for three or more tennis courts, which when finished would greatly alleviate the present difficulties. With the permission of the Athletic Department, the aid of about 50 Freshmen, and a small amount of money, the work could be quickly and efficiently accomplished. Not only would the individual students benefit, but weeds and all rubbish would be kept from the rink, thus saving much labor in the fall before the hockey season. A little enthusiasm, a

little college spirit shown—and a most valuable service will be performed.

An Outlook.

Shall Massachusetts have a state university? There are men in the state legislature who are inclined to answer in the affirmative, and on numerous occasions resolutions have been passed to the effect that a university should be carefully considered. This year a commission has been appointed to investigate the advisability of such a step. In view of the direct bearing legislation of this sort would have on M. A. C. a thorough consideration of the subject is pertinent.

States the size of Massachusetts very often have universities established and maintained by the legislatures. The western and middle western states are powerful examples of the success of the state university plan. However, Massachusetts is confronted by an entirely different problem. The oldest university in the United States and many of the highest grade collegiate institutions are found in the Bay State and throughout New England. The west has no facilities of a similar nature and consequently must work from a very different angle. Many of the western colleges, at first of only high school grade, have advanced tremendously in the last few years, but still find themselves ready to follow the leadership of the old established eastern universities.

Nearly every attempt to found a state university in Massachusetts is backed by the American Federation of Labor and the laboring people who wish an opportunity to have the advantages of a free education, being unable to patronize the endowed colleges. The endowed colleges admit this free education is a fair proposition, but point to the fact that they themselves offer free scholarships which anyone can have on only one condition, that the applicant obtain a sufficient grade in competitive examinations. The mentally competent are perhaps the only ones who should go to college. Everyone does not fall in this class.

M. A. C. is now the only college in Massachusetts which is perpetuated by state funds. M. I. T. at one time was furnished with one fourth of the monies appropriated for institutions of higher education. When the new buildings at Cambridge were completed, M. I. T. upon the receipt of several million dollars from the legislature agreed to sever all connections with the state financially, and so is entirely independent now. Whether it is advisable to create a state university is a problem, and whether the state agricultural college should be absorbed within it is a question which only time and the rulers on Beacon Hill can decide.

FROM PRESIDENT BUTTERFIELD

TO THE HIGH SCHOOL DAY GUESTS:

As I saw the hundreds of high school students on our campus last Saturday, I kept asking myself this question: "I wonder what they think of it all." I tried to turn back the clock thirty or thirty-five years and think of how I would have been impressed if I had seen the college for the first time last Saturday. The valley never looked more charming, the hills more inviting, nor the campus more friendly. I am sure everyone must have been impressed with the democratic spirit among our students, our ability to organize an interesting program.

However I didn't mean to pat our-

selves on the back. But I hope that every one had a good time and that they realize, as never before, that the Commonwealth of Massachusetts has an institution here that offers rare opportunity for those who like the sort of thing that we offer! I hope that some who were uncertain about going to college at all, have made up their minds to attend college somewhere and, of course, hope that many made their decision to come here. It was a pleasure to play the host to such an interesting group of young people and to realize, when it was over, that this High School Day was the most successful we have ever had.

(Signed)
KENTON L. BUTTERFIELD.

Major General Clarence R. Edwards, in charge of the First Corps Area, U. S. A., will speak at student Assembly on Wednesday, May 31.

COMMUNICATION

FOUR YEARS OF ENGLISH.

Should Massachusetts have a required course of four years' English? The alumni advise it, and without question it would be of great benefit to the students, but the question deserves further examination.

The need of proficiency in English has long been a matter of discussion with us. No survey of the problem can be thorough that does not examine the source. The difficulty is this: the entering classes are not equipped with a thorough preparation in English. M. A. C. must supply much of the training they should have received in grammar school and high school. The college is compelled to admit some students who are distinctly below grade in English in order that we may have our quota of students. Colleges everywhere have been faced with the same problem and, in general, have adopted the same solution.

To meet the exigency occasioned by necessity for studying the very groundwork of our language in the required English course, the alumni have recom-

mended that the course be increased from two to four years. Undoubtedly this solution would have the immediate result desired, but at what a cost? It is regrettable that college time which should be available for college work should be taken up with mere secondary school work, because the secondary school does not fulfill its office. The precious hours in which the man to be is formed should be occupied with courses that would create a philosophy of life and a genuine culture through the study of English literature, or devoted to the real technique of writing rather than to the drudgery of the more mechanical task of learning the rudiments. Far though evil are may seem from agriculture, we are not blind to the broad purpose of the college and know that cultural English is not without the province of Massachusetts.

Every opportunity must be seized to restore thorough preparatory training in English. Massachusetts Aggie cannot be a preparatory school and still maintain her dignity and standing as a college.

R. R. '22.

TWELVE COLLEGES ENTERED
FOR MEET AT SPRINGFIELD

Team Strong in Dash Events. Boston College and N. Y. University to Play Prominent Parts.

The track team has been preparing this week for the Annual Eastern Inter-collegiate track meet to be held at Pratt Field, Springfield, Mass., this coming Saturday. Our team will be strongest in the events from the 100 yard dash to the mile run. During the past week, considerable emphasis has been laid upon the half mile and the mile and also upon the field events, including the discuss and the broad jump. Last year the team won eight points at this meet, and the men are trying hard to better this figure this year.

Couch Derby expects to send about twenty men to Springfield for the meet, and it is probable that all of the events will be entered. Eleven other teams are competing this year: Boston College, Holy Cross, Springfield College, Conn. Aggie, St. Lawrence Univ., Trinity, Worcester Tech, Tufts, Norwich, N. Y. Univ., and Northeastern Univ.

Boston College, with Jake Driscoll, the star quarter-miler, will be the Big Gun on Saturday; they have won the meet for the last two years in succession. N. Y. University will also make a strong bid for a place in this year's meet; they were defeated by Amherst last Saturday by a very close margin.

JUNIOR TREE PLANTING

The Junior class remained after Assembly, last week, for a short meeting in regard to the annual Junior tree planting. Alexander, Mohor, and Grayson were elected as a committee on this affair, and plans are now being made to hold it on next Wednesday night, May 17, at 8 o'clock; the place to be announced later.

PROGRESS

The old must always give way to the new, when experience proves the new to be superior.

This principle of progress is the explanation of the continually increasing demand for those distinctive and efficient qualities which have made

the standard cleanser in thousands of dairies, creameries, and cheese factories throughout the country.

And as superior quality always proves an economy so, too, an outstanding feature of this unusual "Wyandotte" service is the definite added profit which always follows its use.

An order on your supply house is guaranteed to bring these results to your plant or the trial will cost you nothing. It cleans clean.

The J. B. Ford Co., Sole Manufacturers, Wyandotte, Mich.

FIRST ANNUAL MUSICAL FESTIVAL REVEALS TALENT

Program of Classical selections given by students entertains early High School Day arrivals.

A somewhat new idea was inaugurated last Friday evening in the nature of an entertainment for visitors to the College, preceding the actual High School Day program. The entertainment took the form of a Musical Festival, so-called, and all the talent was furnished by members of the student body. The musical was held in Bowker Auditorium under the direction of the Social Union and over 300 people attended.

The Junior Quintet furnished both the opening and closing numbers on the program, and those present were much pleased with the high class of music the Quintet presented. A number of encores were given following the final number which appears on the program below. Kenneth S. Loring '24 gave as his number "The Hymn to the Sun", a difficult solo piece for violin much used by the leading concert players of today. This was very well played, and encores by "The Rosary". C. Raymond Vinten '22, leader of the Glee Club, followed with a vocal solo, "The Bandellero".

The surprise of the evening came with the realization by most of the audience that there was some very fine undiscovered talent in the form of a freshman pianist, S. Lawrence Woodbury. Starting in with a slight timidity, Woodbury quickly warmed up to his subject and rendered his entire selection brilliantly and with a feeling which showed his appreciation of real music. All of the audience must certainly look forward to Woodbury's next appearance at the piano.

Following this piano solo, Donald G. Nowers '23 gave a violinello solo. The following is the program presented:

Quintet: Allegro brillante. Opus 44. R. Schumann
The Junior Quintette
Violin Solo: N. Rimsky-Korsakow Arr. by Kreisler
Kenneth S. Loring '24
Vocal Solo: The Bandellero Selected Charles Raymond Vinten '22
Piano Solo: "Rondo Capriccioso" Mendelssohn
S. Lawrence Woodbury '25
Violoncello Solo: "Meditation in C" Squire
Donald G. Nowers
Quintet: "A Day in Venice" Ethelbert Nevin
The Junior Quintet

TURNERS FALLS TEAM BADLY TRAMPLED ON BY FROSH NINE

Simmons and McGeoch aid materially in 17-0 Win for Home Team.

The Freshman baseball team defeated the Turners Falls High School team on the Old Varsity Field last Tuesday afternoon by the decidedly one-sided score of 17-0. The Freshman team to date has not been scored upon in any of its games and in all the contests has come out the victor by a large score. The game was well played by the Frosh, they making only two errors as opposed to their opponents' seven.

In the first inning the home team scored two runs as a beginning, and in the second, after holding the visitors

WASHINGTON ALUMNI CLUB HAS ANNUAL SPRING DINNER

Entertaining Talk by Dr. Cance a Feature of Program. There were Thirty-five Present.

The second annual spring dinner of the Washington M. A. C. Alumni Club was held on Saturday evening, April 29, at the Madrilon Restaurant. Thirty-five Aggie graduates or members of the college staff and their wives enjoyed one of the pleasantest get-togethers in the history of the club. Dr. E. R. Flint '87, who is president of the club, presided.

An appreciable part of the enjoyment was due to the entertaining talk of Dr. A. E. Cance, the principal speaker of the evening. In happy vein the Doctor told of just the things the alumni wanted to know as he recounted the development in curriculum, buildings and campus life during his 14 years' connection with the college, laying particular stress on the present conditions at Amherst. Especially interesting to the alumni was his detailed account of President Butterfield's trip to China.

A call for suggestions as to possible uses to which the old chemical laboratory building is erected brought the unanimous opinion that the old building ought to be torn down at the earliest possible date. It was felt that the building was not only a dangerous fire-trap, unsafe in structure, but that it was an eyesore the elimination of which would improve the beauty of the campus.

Singing of college songs brought the evening to a close.

Those present included C. A. Bowman '81 and Mrs. Bowman, Dr. E. W. Allen '86, Dr. E. R. Flint '87, H. T. Edwards '96, Prof. W. D. Hurd, and Mrs. Hurd, N. H. Beal and W. A. Turner, formerly of the college, C. M. Walker '90, A. C. Monahan and Mrs. Monahan '90, H. L. Knight '02, J. A. Hyslop '08 and Mrs. Hyslop, J. W. Wellington '08, J. C. Folsom '10 and Mrs. Folsom, Dr. J. F. Martin '12 and Mrs. Martin, H. C. Brewer '13 and Miss McGee, Dr. D. A. Coleman '14 and Mrs. Coleman, H. J. Clay '14, W. I. G. Iwina '18, C. D. Stevens '19, J. J. Window '20 and Miss Window, W. B. Stiles ex-'20, Mrs. Back, Mr. Bowman, Jr. and Mrs. Bowman.

'21 R. C. Peck is instructor in agriculture in the New Salem Academy.

scoreless, they added a total of six more. Not content with an eight-run lead they added three more in the third, another in the fifth, two in the sixth, and three in the seventh. At the end of the seventh inning further play seemed useless as the handicap could never have been overcome. This was the second time that the Turners Falls team has been badly beaten here, as they fell victims to the Two-year team several days before.

One of the features of the game was Simmons' battling for the Freshmen. Up at bat five times, he drew a walk and hit safely the other four for a total of seven bases. Barker pitched good ball for the yearlings and struck out twelve without the least provocation. McGeoch poled out a long drive to right field which went for three bases and served to bring in a run, he himself being left on third.

For Turners Falls La'Peau, Kells, and Griffin each hit safely but were unable to score because of the tight play displayed by the home team.

The lineup:
Aggie Freshmen—Sannels, cf; Crosby, 3b; Ferranti, ss; Simmons, 1b; Barker, p; McGeoch, c; Taylor, lf; Lunt, rf; Holbrook, 2b.

Turners Falls High—O'Keefe, lf; Lunplar, ss; Klaher, 3b; La'Peau, 1b; Kells, c; Griffin, cf and p; Farwell, p and 2b; Burnham, 2b and cf; Slate, rf.

Score by Innings:
Freshmen, 2 0 3 0 1 2 3—17
Turners Falls, 0 0 0 0 0 0 0—0

LANDSCAPE WORK HELPS TO IMPROVE MEMORIAL HALL

Grounds Department Responsible for Several Other Recent Plantings About Campus.

Arbor Day was not observed generally at the college Saturday, April 29. The grounds department, however, in cooperation with some members of the Landscape Club, thought it an ideal time to get started on some much needed improvement work in beautifying the outside of the Memorial Building. Consequently, under the direction of Lawrence Dickinson and Roland Rogers a goodly number of shrubs were set out during the day around the walls of the building. These include some low- and high-growing Junipers, and several varieties of deciduous plants. Such work around the building is by no means finished, for the plans call for more extensive plantings on the grounds than at present. These plans were drawn up by Mr. Rogers of the Horticulture Department.

A formal planting of shrubs of the variety Prunus triloba has recently been made on both sides of the west walk to Clark Hall, and should be a decided improvement over the bare stretch which we have been used to seeing there. The grounds department has also broken the open space in front of Stockbridge Hall with a planting of four young horse chestnut trees. The Landscape Club is also planning to undertake its project, sometime before commencement, of clearing up the north side of the ravine, and setting out some flowering dogwoods there.

SOPHOMORE-FRESHMAN

BANQUET RULES, 1922

1. All Freshman class officers shall be elected in any manner in which the Freshman class may see fit, except that at least 60% of the class must be present to vote for each officer and a sealed list of the Freshman class officers giving their names in full and the respective office each holds plainly written before each name shall be handed to the President of the Senate before 12 p. m. April 28.
2. The plans of each class must be presented to the Senate on or before 12 p. m. May 5.
3. The Campus zone shall consist of a tract of land bounded by a line running as follows:
Along the middle of Lincoln Avenue from the Veterinary Building to the first right hand road running direct East crossing Pleasant Street along the road near Mr. Broadfoot's house, continuing East and following telephone line south side of the Mathematics Building, running into road immediately north of Aply, following this road to East Pleasant Street, turning north along middle of East Pleasant Street to so-called Lover's Lane, then turning west and following Lover's Lane to Pleasant Street, crossing Pleasant Street along College driveway directly west to telephone line, following this line directly west along south side of Forestry Department plot, turning to right and north and going north along west boundary of Forestry plot to wire fence; then west continuing along fence at north boundary of woods to brook at west side of College land, turning south along middle of brook to the Plainville Road, then turning southeast and running along middle of Plainville Road to Lincoln Avenue, then turning north and following middle of Lincoln Avenue to Veterinary Building.
4. There shall be no kidnapping or personal violence or other hostilities previous to the opening of the season. There shall be absolutely no hostilities outside the zone.
5. The season shall be opened as follows:
a. At a special mass meeting held by the Senate in the Arena at 10 p. m., May 12. The entire Freshman class excepting officers must be present. All Freshmen not present shall be debarred from participation in the Banquet season.
b. The entire Sophomore class shall meet in the Arena May 12 at 10 p. m. All Sophomores not present at this meeting shall be debarred from participation in the Banquet season.
c. The Sophomore class shall be informed of the names of the Freshman class officers, but not their respective offices, at this special meeting held by the Senate.
d. The Freshman class meeting shall be dismissed at 10:30 p. m. No member of the Freshman class shall leave the Campus zone before 10 a. m. Saturday May 13.
e. At 11 p. m., May 12, upon the ringing of the Chapel bell by the Senate, the Sophomore class will be dismissed.
f. The banquet season will close at 6 p. m., Saturday, May 13. The banquet may be held at any time thereafter that evening.
7. The following buildings may be used at any time during the season:
To be announced.
8. No locked room shall be used by either class during the season. Inside the zone no method of conveyance shall be used by either class after the opening of the season. Clubs, firearms, chemicals and other objectionable weapons shall not be used.
9. The Banquet season shall not be a success if the Sophomore class succeeds in detaining six out of eight Freshman officers including President and Chairman of the Banquet Committee. The officers shall consist of President, Vice-President, Secretary, Treasurer, Sergeant-at-arms, Captain, Historian and Chairman of the Banquet Committee.
10. Anyone infringing Rule 4 will be liable to college discipline. Any infringement of the rules will result in immediate cancellation of the Banquet season.
11. There will be a member of the Senate on duty at the Senate rooms during the entire season.
12. The Senate shall have absolute power in conducting the Banquet season.

after that evening.
7. The following buildings may be used at any time during the season:
To be announced.

8. No locked room shall be used by either class during the season. Inside the zone no method of conveyance shall be used by either class after the opening of the season. Clubs, firearms, chemicals and other objectionable weapons shall not be used.

9. The Banquet season shall not be a success if the Sophomore class succeeds in detaining six out of eight Freshman officers including President and Chairman of the Banquet Committee. The officers shall consist of President, Vice-President, Secretary, Treasurer, Sergeant-at-arms, Captain, Historian and Chairman of the Banquet Committee.

10. Anyone infringing Rule 4 will be liable to college discipline. Any infringement of the rules will result in immediate cancellation of the Banquet season.

11. There will be a member of the Senate on duty at the Senate rooms during the entire season.

12. The Senate shall have absolute power in conducting the Banquet season.

SPRING FOOTBALL ENDS UP WITH SNAPPY SCRIMMAGES

Men Have Shown Great Improvement Under Direction of Beal, Mohor, Clark and Cotton

Winding up with a scrappy scrimmage yesterday afternoon, Spring football this year has proved to be very successful, and augurs well for the 1922 season. The practice, of two-weeks duration, was in charge of Beal and Mohor, of last year's Eleven, and both were ably assisted by Cotton, captain of last season and Clark, also of last year's gridsters. Starr King, who is now coaching at Deerfield Academy, also aided in drilling the line. Drop-kicking was greatly emphasized, as it will be almost always used to get the tally from touchdown, on account of the new ruling by the Football Committee. "Jimmie" Beal has shown exceptional ability in sending the plugskin between the goalposts, and Sullivan, Salmon and Macaulay are also doing well. "Pinkie" Clark has given the backfield men several lectures on "Zone Generalship," and has drilled them in the forward pass.

Besides Beal, who handles the ball like a veteran, Sullivan, Cohen, and Giles have shown improvement. Timney and Sullivan loom up as the two best punters. Center passing was also given a good deal of attention, and Alger, who has been dividing his time between track and football, is doing the best work, while White, Gordon, Myrick and Mudgett are also doing good work. The linemen were constantly drilled on fundamentals, and several men have shown progress. Drop kickers and centers will keep footballs until the end of this term, and some will practice with them at home during the summer.

"21" R. M. Gould is herdsman on a farm in Worcester.

WILLISTON WINS MEET

Continued from page 1

of Coach Derby's varsity material. In the first of these, a quarter-mile run between Roger Acheson '22, and Pelree '25, Acheson broke a college record for the distance by just one-fifth of a second, making it in 53.25 seconds. Alger and MacCreedy also ran off spirited half-mile race, "Mac" spurring ahead at the last corner to a lead of a few yards.

No single athlete captured two first places, but several were double point winners. Starrett of Williston, Frazier of Tech and Putney of Williston each scored eight points; Ducharme of Holyoke and Lewandowski of Williston had seven points each, while Curry of West Roxbury made all six points credited to his school. Fairhaven High School, with only three athletes present captured two first places, which gave the school fourth place in the meet.

Summaries:
100-yard dash—Won by Ducharme, Holyoke; Frazier, Tech, second; Putnam, Tech, third; Noreau, Ware, fourth. Time—10.4-5 seconds.

High jump—Won by Curry, West Roxbury; Draper, Central, second; Gress, Tech, third; Merrick, Holyoke, fourth. Height—5-ft. 1 inch.

100-yard dash—Won by Ducharme, Holyoke; Frazier, Tech, second; Putnam, Tech, third; Noreau, Ware, fourth. Time—10.4-5 seconds.

High jump—Won by Curry, West Roxbury; Draper, Central, second; Gress, Tech, third; Merrick, Holyoke, fourth. Height—5-ft. 1 inch.

field, second; Harrington, Tech, third. Time—29.3-5 seconds.

Discus throw—Won by Lewandowski, Williston; Starrett, Williston, second; Lane, Williston, third; Nims, Greenfield, fourth. Distance—101 feet, 21 inches.

Special quarter-mile run—Won by R. M. Acheson, M. A. C., '22; V. I. Pelree, M. A. C., '25, second. Time—53.2-5 seconds, breaking college record for the distance by one-fifth of a second.

Team score—Williston, 37; Tech, 30; Holyoke, 20; Fairhaven, 10; Greenfield, 7; West Roxbury, 6; Central, 3; West Springfield, 3; Ware, 3; Hardwick, 3; Quincy, 3; Arms and Dorchester, 1 each.

Varsity Nine to Take On B. U. and Tufts at Boston

Tufts Should Prove Worthy Opponent, With Weaker Pitching, and Collins For Aggie.

On Friday morning, May 12, fourteen men of the Varsity Baseball Club and Kid Gore will motor to Boston, where the Aggie nine will line up against Boston University, that afternoon. They will oppose the Tufts aggregation the following afternoon at Medford. The University team has met with a fair degree of success to date, having beaten the strong Vermont outfit and a few others. Kroeck will probably be in the box for Aggie, while Collins will pitch against the Medford team. The Junior men, by the way, have had a very successful season so far so that "Hubba" will have a real job on his hands.

Starting the season with a bunch of hard-hitting veterans, the Tufts club, captained by "Black" Weaver of football fame, gave Middlebury a bad trouncing to the tune of 25-2. Since then, they have beaten such strong teams as Lafayette, Boston University, Colby, Vermont, Bowdoin, New Hampshire State, and Catholic University, which triumphed over Dartmouth on the Green's Southern trip. Coach Nash will probably send Weaver to the mound, so that both captains will have a chance to face each other.

"21—"Pete" Casco has sent in word that he is officiating in the capacity of foreman at the greenhouses of the Park Floral Co. of Trinidad, Colo. "Jack" Coombs and "Jackie" Carleton are in the same place passing the time away with a paving gang. The three, with "Dick" Sanford, managed to get thus far on the proceeds which they had made picking oranges in Florida last winter.

FOURTEEN MEN ELECTED TO ADELPHIA FOR COMING YEAR

List as Announced at Student Forum Includes Nine Juniors, Four Seniors, and One Faculty.

The elections to Adelpia for the coming year were announced on Wednesday afternoon, at Student Forum, by President of Adelpia Gowdy. The Dean of the college, four seniors, and nine juniors received this signal honor, having done the most for M. A. C. through ability and leadership shown in college affairs. The 14 men entitled to wear the golden "A" are as follows:
Dean Edward M. Lewis, Amherst; George A. Cotton '22, Woburn; Henry S. Moseley '22, Glastonbury, Conn.; Joseph T. Sullivan '22, Lawrence; Frederick V. Waugh '22, Amherst; James A. Beal '23, Abington; Owen E. Folson '23, Roslindale; Roger B. Friend '23, Dorchester; Howard R. Gordon '23, Ipswich; Raymond H. Grayson '23, Milford; Wilbur H. Marshman '23, Springfield; Richmond H. Sargent '23, Buxton, Me.; Irving W. Slade '23, Chelsea; Everett S. Woodworth '23, Newton.

PHI KAPPA PHI ENTERTAINS E. E. SPARKS AT INITIATION

Twelve Members are Initiated. Four Members of Lower Classes Invited as Guests.

Phi Kappa Phi held its annual initiation and banquet in Draper Hall on last Thursday afternoon and evening, May 11. The Vice-Regent of the fraternity, Edwin E. Sparks, retired president of the Pennsylvania State College, officiated at the initiation, when three faculty members, six seniors, and three juniors became members of the organization. The initiates were Professor Rice, Dr. Abbott, Dr. Shaw, Barnard, Law, Lovering, Main, Miss Perry, and Shaughnessy, of the class of '22, and Friend, Lindsay, and Slade '23.

After dinner Mr. Sparks spoke entertainingly on the need of better scholarship. He said that scholarship is now at its lowest ebb, and that students everywhere in America are subordinating studies to the incidental activities of college life.

President Butterfield then spoke on the desirability of raising standards of scholarship.

The fraternity also invited to its banquet the two members of the freshman and sophomore classes whose scholarship standing is highest in their respective classes. These guests were Harold Shepard and Ruth M. Wood of '24 and Gordon Ward and George Church of '25.

SOPHOMORES TRIUMPH IN A SCRAPPY BANQUET CONTEST

Freshmen Put Up Good Fight Though Unorganized, but Experience Tells Against Them. Second Victory for the Class of '24.

Once more the Banquet Season is over with the class of 1924 victorious for the second consecutive year. The season itself was awarded to the Sophomores on technicalities, although they failed to capture more than five of the class officers elected by the Freshmen. The scrap was won by the Sophomores, but only after a long hard fight which lasted for an hour and a half. The Freshmen lacked good plans, although they outnumbered the winners by about 10 men.

Both classes gathered in the Arena at 10 o'clock Friday night and after those present from each class had been checked up by the Senate, the Freshmen were let out, followed a half hour later by the Sophomores.

The entire class of 1925, was soon discovered by the Sophomore scouts to be camped on the roof of the Rural Engineering Building, prepared for a long siege against their enemies, but the Senate, deeming it unwise for an encounter to take place around the building, gave the Freshmen 10 minutes to take up new breast-works in some more secluded section.

Instinct must lead each lower class up Prexy's Hill to the tip-top spot on the campus, for about 3:30 a. m. Saturday morning, the freshmen were discovered just beyond the cold storage plant, and very near the scene of last year's conflict.

By four o'clock, the sophomores, under the leadership of their class captain, "Pat" Myrick, had surrounded the freshmen and the fight started. Rope, wire, and handcuffs were all used to good advantage by both classes, but it was not until another half hour before the class of 1924 was sufficiently in command of the situation to drag some of the yearlings out of bounds, and so prevent them from further participation in the scrap. By half past five all the

Tight Game Won by Superior Fielding and Opportune Hitting of Home Team. Close Decisions Mark Contest.

KROECK AND LEETE BOTH FEATURE IN BOX

ALBERT W. SMITH TO SERVE AS PRES. OF '22 FOR THREE YEARS

Other Active Men Elected by Senior Class at Recent Meeting.

At a recent meeting of the Senior Class, class officers, elected for three years, were chosen as follows:
President, Albert W. Smith, of Easthampton.

Vice-president, Henry S. Moseley, of Glastonbury, Conn.

Treasurer, George H. Thompson, Lenox.

Secretary, Clarence F. Clark, of Sunderland.

Captain, Jules Kroeck, Jr., Huntington, L. I., N. Y.

Sergeant-at-Arms, John N. Lewandowski, of Easthampton.

Historian, Belding F. Jackson, of Belchertown.

These men have all been very active in class and college affairs, and represent those who, in the opinion of the class, have done most towards promoting class interests, and are best fitted to continue to do so after graduation.

"Al" Smith has served as president of his class for three years, and as president of the College Senate last year. He was a mainstay of the 1921 and 1922 varsity basketball team.

"Hank" Moseley has represented his class on class teams, on varsity baseball, on the Senate, the Musical Clubs, and class committees.

"Pinkie" Clark was class president his Freshman year, has played varsity football, managed varsity baseball, and served on Senate and Adelpia.

"Tommy" Thompson has played some class and varsity basketball, and helped manage all important social functions of his class.

Jules Kroeck was captain of his class as a Sophomore, has been a mainstay of the varsity nine for three years, and last year did fine work on Aggie's crack hockey squad.

John Lewandowski, "Lavy", has also been class captain, has worked well in varsity football and track, and also on Senate and Adelpia. "Lavy" was this year's winner of the Pond Memorial Medal.

"Bob" Jackson has been foremost in his class in all literary activities, in the capacity of Editor-in-chief of the COLLEGIAN, 1922 Index, Freshman Handbook, and Editor on the Squib board.

"Bob" has been class historian for the past two years.

What will probably be the last Informal of the year will be held by the Informal Committee in Memorial Hall on next Saturday. There will be no deviation from the usual program, with dancing starting at three in the afternoon. Instead of a dinner being served at Draper Hall, as was the case at the last Informal, the committee has secured Bias to cater, and a lunch will be served in the main reception room downstairs in Memorial Hall, with tables set for four.

Woodworth's orchestra, which has featured in nearly all of the recent Informals with excellent music, will again play for dancing. The chaperones from Smith will be Miss Parmalee, at the Tyler House, and girls will leave Northampton on the 2 o'clock car Saturday afternoon. The chaperones and arrangements for Mt. Holyoke girls had not been announced on Tuesday. All members of the committee have tickets for sale, including Vinton, Gowdy, Moseley, Thompson, Law, Spring, Alexander, Beal, and Sargent.

AMHERST GAME

Continued from page 1

the game by either team.

Leete featured for Amherst and Kroeck for Aggie. Even in the fatal sixth when the Amherst defense fell to pieces Leete kept cool and was in the game every minute. Kroeck showed up to the best advantage in the second when he fanned three wearers of the purple. After the seventh the Amherst players were sent back to the bench unsuccessful almost as soon as they came to bat. The Aggie nine looked much better in the field than their opponents. Several close decisions, such as Sargent's being retired at the plate and Cahill's beating out a hit in the seventh, tended to add zest to the game.

The summary:

TWO CLOSE GAMES EXPECTED WITH BATES AND AMHERST

Kroeck Probable Pitcher. Collins Injured at B. U. Amherst Has Yet to Win.

To-morrow the Varsity baseball team hopes to stage a comeback after the two defeats from Boston University and Tufts on the Boston trip. The game with Bates is called for 3-30 on Alumni Field. Not much dope is available about the Bates team, but from comparative scores the game will be closely contested. They have won only two out of the five games already played, but none of the games could have been called a walk-away for their opponents. Baker swigs a heavy stick for the Maine boys and has banged out a homer and several two-base hits this season. "Hubba" Collins has not yet recovered from his injury received at B. U. and Kroeck will probably work in the box.

A week from today, May 24, the team meets the Amherst nine on Pratt Field for the second game of the season. The last game was a close one and the coming one promises to be more so. Although the Amherst team has not won a game so far this year, it has made considerable improvement in the last week. Only a lucky break in the game allowed Harvard to beat them by a two to one score. It promises to be one of the big games of the year and the whole student body should make every possible effort to attend.

B. U. GAME AT BOSTON GIVES VARIETY IF NOTHING ELSE

But Could Not Be Considered an Ideal Baseball Contest in Any Sense of the Word. Aggies Lose 6-5

The Mass Aggie nine lost a weird game to the B. U. aggregation last Friday at Boston. Before the game several armies were maneuvering on the diamond and airplanes were dropping dummy bombs, all of which did not tend to improve the surface of the field. The ball park at best was the worst that the team has played on in several seasons with the grass rough and an infield of cinders full of broken glass.

Throughout the game dust and dirt were blowing across the field. "Huck" Sargent was hidden from the bench by a crowd of fans in right field so that the only evidence of his presence was his "I got it. Pug." "Doc" Gordon watched the game in left field on the other side of a street and paved sidewalk. Automobiles and trucks were continually cutting him off from the game and once he was forced to dodge a steam-roller to keep in the contest.

On account of the crowd, which was almost as bad in left field as in right, "Doc" missed the only hit he has ever dropped in collegiate ball. He forced his way through the spectators just too late. A long hit to deep center fell safe when "Hubba" Collins ran into a movie camera in an attempt to field it. "Huck" chased a hit over a low fence and down a pair of stairs before he retrieved it. Aside from these minor points the game was commonplace.

The team arrived on the field at two o'clock since the B. U. manager had written Buckley that the game would start at three, but it was four o'clock before the umpire called for play.

The "Aggies" came across with 14 hits and our opponents touched Jules for ten safeties, because he had pitched the Amherst game two days previously. However, the game was lost on a couple of outfield errors. Capt. Collins, Cahill, Kroeck, and Marshman were the standbys at bat, and Cahill fielded flabily. "Eddie" King '16, Jerry McCarthy '21, and "Phil" Newell '21 sat on the bench with the team.

ERRORS AND BUNCHED HITS GIVE TUFTS 13-3 VICTORY

Barker Replaces Collins. Tufts Gets Three Homers and a Triple.

The M. A. C. aggregation lost the second game of the Boston trip at Medford Saturday when Tufts walked away with a 13-3 victory. Aggie started the scoring immediately when Cahill, the first man up in the game, walked and scored from first on Collins' double. Tufts, however, scored twice in the last half of the frame and from that time on the Maroon was never in the lead.

In the third inning "Huck" knocked the ball to the third baseman who made an error and wrathfully hurled his glove at the ball. Unluckily for him he hit it, giving Sargent two bases for interference. The inning was up, however, before he could cross the rubber. The "Aggies" scored again in the fifth. "Hank" Moseley drew a pass and went to second on a wild pitch. Marshman followed with another free trip and went second when the catcher overthrew the base in an attempt to catch Moseley napping. The center fielder was on the job backing up and threw "Hank" out at third when he attempted to go down on the overthrown. Cahill slugged to right field scoring "Willie".

The final Aggie tally came on a base on balls to Collins. Kroeck's fielder's choice retired "Hubba", but "Bobby" Barrows' sacrifice fly scored Jules. Gordon got on with an error, Moseley singled, and Barker was hit by the pitcher, filling the bases, but the next man struck out and Aggie's scoring came to an end.

Tufts' big inning was the fourth when three singles and three errors gave them five runs. Tufts also got three home runs. Collins, having been hit in the right elbow in the game of the previous afternoon, was not up to his usual form and was replaced by Barker.

FRESHMEN TAKE FAST GAME FROM NORTHAMPTON HIGH, 10-9

Simmons and McGeoch Star, While Coleman Pitches Well for Hamp Boys.

The Aggie Freshmen took what looked like a lost game from the Northampton High School baseball team last Saturday afternoon on the Varsity Field, when they came out the victors of the fray by a 10-9 score. The Frosh started tallying in the second inning when they piled up a lead of seven runs on their opponents. Northampton put two across the plate in the third and in their half the Freshmen scored one more. With a six run lead the game looked salted down for '25, but in the fifth Hamp got two more and again in the seventh three, as well as two in the eighth, while they held their opponents scoreless. The Frosh held their visitors without a tally in the ninth and went to bat themselves with a one-run handicap.

Samuels drew a pass but got nipped at second on a pretty throw by Gordon to Koehler. Crosby hit a fast one to right field which he stretched into a two bagger; but he was put out at the plate while trying to score on Simmons' single, a fly to left field. Hutchins drew a base on balls, forcing Simmons to second. Corwin advanced both men on a fielder's choice, which made the bases full with McGeoch at the bat. He had hit safely twice, gone out once on a fly ball and had been thrown out at first, but this time he chose to drop a neatly into center field which went for two bases and scored two men, winning the game for the Freshmen. It was a brilliant finish, and the Northampton aggregation put up a good battle. Simmons and McGeoch led the Freshmen in hitting, both getting three safeties. For Northampton Zakszewski was leading batter with four hits for a total of six bases, O'Donnell being second with three for a total of three. Simmons was substituted for Hutchins in the box for the Frosh in the eighth as the latter showed the effects of a strenuous game. Coleman lasted the whole game for the visitors, and did his share toward the final score, crossing the plate three times himself.

The line-up:
Freshmen—Samuels cf, Crosby 2b, Simmons 1b and p, Hutchins p and 1b, Taylor 3b, McGeoch c, Holbrook ss, Lunt lf, Shumway rf.
Northampton High School—Gordon c, Cooney lf, Coleman p, Zakszewski ss, Koehler 2b, O'Donnell 3b, Scannell 1b, Clark, Wells, and Graves cf, O'Donnell rf.

Umpire—Brady.

ADVISORY COUNCIL GIVEN RECEPTION AT CO-ED DORM.

The Advisory Council for Women Students met for their semi-annual conference on the campus on Sunday and Monday of this week. Monday evening the girls entertained the Council by an informal reception and a brief entertainment in the living room of the Abigail Adams.

SPECIAL PREPARATIONS FOR GENERAL EDWARDS' VISIT

General to Inspect R. O. T. C. Unit and Speak at Assembly.

On Wednesday, May 31, Major-General Clarence R. Edwards, U. S. A., will address the student body at assembly. General Edwards will come to Aggie at about noon, and will dine with the President at Draper Hall. At 2:30 p. m. he will inspect the R. O. T. C. unit, and at 3:45 p. m. will speak in Stockbridge Hall at assembly. The General will review the three troops, and in addition a picked troop of 30 men has been chosen to ride. Men in this troop have shown special proficiency in equitation, and were chosen to represent the Department's progress in this line. An escort has also been chosen for the special purpose of conducting the General from the station to the reviewing field.

General Edwards graduated from the U. S. Military Academy at West Point in 1883 and later saw service in the Philippines under General Lawton. In 1900, he received an L.L.D. from Fordham, Trinity, and Middlebury Colleges. In August, 1917, he organized the 20th division, and sailed for France in September of that year. He saw 10 months front line duty in the defensive sectors of Chemin-des-Dames and Toul, also seeing service in the Champagne-Marne offensive, the Saint Mihiel offensive, and the Meuse-Argonne offensive. He returned to the United States in November, 1918 and was appointed commanding officer of the Northeastern Department. While overseas he was awarded the French Croix de Guerre, and was made a Commander of the Legion of Honor. Statistics show that 54 Aggie men were in the 20th division, of which he was their chief.

They All Do It.

There is a great deal of dissatisfaction in the Senior Class this year about the late date set for commencement; perhaps more than usual for there have been negative sentiments expressed in the past as well. Not only the Seniors, but other undergraduates are very much concerned in view of their own situation a year or more hence. Obviously it is impossible to change the plans this year. The commencement speakers have been secured, the events have been carefully determined, the commencement baseball game has been contracted for (with some difficulty) and arrangements have been made with such a degree of certainty that a change would create the utmost confusion and needless difficulties for those in charge.

But in 1923 the opportunity to revise the closing date is excellent. It is noticeable that the college calendar lists commencement next year June 23-26, thereby encountering the same difficulties always present. Colleges begin to close June 1, the last closing about the end of June. M. A. C. is among the latest. The majority close about the middle of June and it is with the majority that the student body wishes to cast its lot. There are times when individuality in college affairs counts, but college closing dates do not require the stamp of individuality.

On June 1, the summer labor begins to pour on the market. On June 15, the bulk is already settled down to work; and by June 26, a few scattered, left-over positions remain unfilled. The employer asks "When can you start work?" The prospective employee answers "About the first of July." The decision is questionable, but chances are that it will be unfavorable. The college authorities do not wish to put M. A. C. students at a disadvantage, but this is just what they are doing.

The argument that an earlier closing date would seriously interfere with the college curriculum is not altogether valid. Other colleges of the same high standing as M. A. C. and perhaps higher

in different lines find it possible to complete their program at a more reasonable time, even though opening the last of September. The three term system with approximately twelve weeks in a term renders the matter of shortening the period of study quite difficult, but with the March recess set earlier and part of the burden of a shorter year shifted on the Winter Term the disadvantage would be greatly alleviated. It must be understood that the students do not wish to cut down the sum total of the knowledge necessary for a complete understanding of the subject. On the other hand the elimination of any possible superfluous material would produce the desired results. Many subjects could not be narrowed and the material covered would have to be slightly lessened or incorporated in the preceding period of study.

Another difficulty which might be considered is the possibility of conflicting commencement dates with Amherst College. Ordinarily the whole group of visiting relatives and friends can be comfortably accommodated with the present facilities. It is only during occasional years that housing shortage asserts itself. Two adjoining commencements would serve to give the town a busy and bustling appearance, and there is no harm in that.

At present the Junior Frolic is a precluded failure. Coming a few days after the last Junior final examinations, there are none of the third year men to be found on the campus. The Inter-class Sing fares in a similar manner, coming even later than the Frolic, and the Junior Class often finds it necessary to withdraw from this interesting contest. In the final analysis, who can blame the Juniors? Appeals of college loyalty and class spirit are out-of-place and hopelessly subsidiary to the call of depleted finances. The action of Juniors in leaving before commencement reflects the attitude of all students. Some college authorities believe that the Juniors should remain during commencement to watch the program in order that they may improve it their Senior year. Quite true, Juniors probably agree wholeheartedly, but are unable to fulfill their desires. An earlier commencement would presumably overcome difficulties of this nature and result in a larger and more lively commencement which is an important factor in a college of this size with a relatively small body of alumni.

It is not too audacious to say that a late closing of college is unfair to the students of M. A. C. The advantages of a commencement the middle of June unquestionably outweigh the difficulties involved. Serious consideration of this matter is strongly urged of the proper authorities.

BURNHAM DECLAMATIONS ON FRIDAY AT MEMORIAL HALL

Six Men are Entered from two Lower Classes.

The Annual Burnham Declamation Contest has been scheduled to take place on Friday evening, May 19, at 8:30 in Memorial Hall. Six men have signified their intentions of taking part in this contest. They are: Dimock, Staebner, and Ball of the class of '24, and Church, Ward, and Batal from the class of '25. The presiding officer will be Professor W. E. Prince of the English Department, while those who will act as the judges are: Prof. S. L. Garrison and Mr. Everett Glass of Amherst College, and Prof. John Phelan of M. A. C.

PROGRESS

The old must always give way to the new, when experience proves the new to be superior.

This principle of progress is the explanation of the continually increasing demand for those distinctive and efficient qualities which have made

the standard cleaner in thousands of dairies, creameries, and cheese factories throughout the country.

And as superior quality always proves an economy so, too, an outstanding feature of this unusual "Wyandotte" service is the definite added profit which always follow its use.

An order on your supply house is guaranteed to bring these results to your plant or the trial will cost you nothing.

It cleans clean.

The J. B. Ford Co., Sole Manufacturers, Wyandotte, Mich.

Business Building

THE selling of commodities is fundamental in every business, and selling life insurance affords the maximum of satisfaction and remuneration. For the life insurance salesman is a business builder and finds innumerable ways to serve the community and make himself indispensable in the conduct of modern affairs.

The life insurance salesman is not only a business builder but he is in business for himself, creating a competence permanent and continuous. It is the best paid work for those who are ambitious and willing to work, and who have the character and stamina necessary to stamp their individuality upon the business and on their community.

The traditions and practices of the JOHN HANCOCK are such that the college graduate can take a peculiar pride in representing this company. You are liable to remain in the business you enter on leaving college. Before making a definite decision inquire into life insurance as a career. Write, "Agency Department."

NOTE: Freshman classes will be held on Monday, June 19th.

The Scheduled time for examinations may not be changed. In case of conflict between a repeat and an advanced course, the advanced course examination is to be taken as scheduled and arrangements made for the repeat course examination.

Reports of all senior examinations must be in the registrar's office within 24 hours after the close of the examination, with the exception of those scheduled for June 21. Reports of senior grades in subjects scheduled for examination on June 21 must be in the registrar's office at 8:00 A. M. June 22.

All other grades are due Monday, June 26.

Blank for submitting grades should be secured from the registrar's office.

CAMPUS BASEBALL.

In the second Interclass game on May 9 between the Seniors and Freshmen, the former won from the latter to the tune of 13-2. The game lasted five innings and in the last three of these the Seniors staged a true bat-fest and walked away with the game. Hankins pitched excellent baseball, striking out 8 men, while Bilake also pitched well, but received poor support.

In the Junior-Sophomore game on May 11, the score stood 7-4 in favor of the Juniors, but the game was called in the fifth inning because of darkness and it will have to be played off later. Tonight the Sophomores are scheduled to play the Freshmen, and on next Tuesday they play again, with the Seniors. In the Interfraternity series, the Lambda Chi Alpha baseball team won from the Theta Chi team by the score of 2-1. The batteries for Lambda Chi were Holley, pitcher; Bent, catcher; and for Theta Chi, Weatherwax, pitcher; Murray, catcher. The game was a pitcher's battle with Holley having the edge on Weatherwax.

On Monday evening, Phi Sigma Kappa won a spirited game from Alpha Gamma Rho, 6-4, much of the scoring being made on needless errors. McCoy pitched for the winners, and Love, '23, for the losers.

Tomorrow night, Kappa Gamma Phi will play Q. T. V.; on Friday Sigma Phi Epsilon plays Alpha Sigma Phi, and on next Monday, Phi Sigma Kappa meets Kappa Sigma.

FRESHMAN BANQUET SCRAP

Continued from page 1

trosh were disposed of, and one of their officers had been captured during the fight. The rest of the officers, when they saw the odds going against them, took to their heels, but a subsequent scouting of the campus resulted in the finding of four more unfortunate ones by eight o'clock. Three were taken from the roof of the dynamo building at the Power Plant, and the fourth was found in one of the barns, a hiding place forbidden by the rules. No further search was needed, because of the breaking of a rule, and so the season was declared to be at an end.

The entire class of 1925 left Amherst by special car at six o'clock to attend their banquet which was held at the Hotel Bridgeway, Springfield. Profs. Macomber and Mackinnon were present as faculty guests of the class.

The freshman class officers are: President, David Moxon, 2nd; vice-president, Arlie F. Wolfe; secretary, Homer B. Strong; treasurer, George L. Stone; historian, Gilbert Simpson; Sgt.-at-arms, Herbert J. Marx; captain, Donald C. Sullivan; chairman of the banquet committee, Leo F. Duffly.

TWO YEAR MEN MEET DEFEAT FROM CRACK CUSHING NINE

Start Off Well but Adair Lets Up and Errors Give Visitors the Game.

After staying in the lead for five innings the Two Year baseball team was defeated by Cushing Academy, last Friday, by a 10 to 3 score. The game was lost by loose playing in the last four innings, the Aggie Short Course men making ten errors to the two made by the Academy nine.

The Two Year men started off with a bang, Wells the first man up completing the circuit. Smith of Cushing evened it up, however, when he drove out a three base hit, and scored before the third man was retired. In the second inning, Coach Grayson's men came back and scored two more runs which were the last they pushed across the plate. Cushing drove in another run, but the Two Year team was still on the tail end of the score. The fifth was the scoreless inning neither team being able to push across the runs.

The Academy boys began the fireworks in the sixth when they found Adair for three safe hits which put two more runs across the plate. Again in the next inning they made a couple of more bingles that were good for a pair of runs. In the eighth Adair passed two men and combined with more hits and errors, they piled up three runs, and finished with another tally in the ninth.

The lineups:
Cushing Academy: Horton, cf; Jennings, lf; Griffith, 3b; Payne, ss; Burke, 2b; Peltier, lb; Smith, rf; Coleworthy, c; Sibley, p.
Two Year: Wells, 2b; Bartholomew, lf; Smith, lb; Brelvogel, ss; Grauman, cf; Adair, p; Chamberlain, 3b; Dieben, rf; Donnellan, c.

Score by Innings:
Cushing. 0 1 0 1 0 2 2 3 1-10
Two Year. 1 0 2 0 0 0 0 0 0-3

MOUNT HERMON BOYS STAGE HIGH SCHOOL DAY SEQUEL

Fifteen Enjoy Visit to Campus as Guests of An. Hus. Club.

Fifteen members of the Mt. Hermon Agricultural Club from that school visited the Aggie Campus on Monday, May 15, for all day as the guests of the M. A. C. Animal Husbandry Club. This visit is an annual event, and as the Mt. Hermon boys have Mondays free rather than Saturdays this was, in a sense, their High School Day. It has been customary in the past for the Mt. Hermon Club to entertain the An. Hus.

Club on their visit to Northfield, and Monday the Aggie Club returned the good time proffered them this year by the Academy boys. A feature of the day was a free dinner served in Draper Hall at noon, after which the visitors were shown over the Campus by Prof. Barnes and some of the students.

ONE BRAND-ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

SIXTY COUPLES ENJOY LAST INFORMAL OF THE SEASON

Woodworth Quartet Performs in Perfect Style, and All Conditions Combine for Successful Affair.

Perfect weather, after all the doubts and fears of rain, marked the last informal of the college year. A crowded floor was not noticeable although about 60 couples attended. Perhaps the variety and excellence of the music helped to make dancing easy.

Smith, Mt. Holyoke, and M. A. C. all contributed happy girls to gladden the floor with summer frocks, and with the windows wide open and a cool breeze blowing through the hall, summer comfort reigned. Punch and ice water were available for thirsty ones, and at 6:00 a supper was served by a caterer in the reception room down stairs. Chicken patties, mashed potatoes, rolls, olives, delicious ice cream and cake, and demitasse were served, and after the couples had returned from watching a magnificent sunset, dancing was resumed.

The hit of the evening was "Stumbling", and the orchestra certainly had the time just as "catchy" and easy to dance to as is possible. First "Joe" Wood and "Bob" Woodworth would play a saxophone duet, then "Bob" would help "Diddle" Dunbar on the now famous marimba, then "Red" Parker would take the little mallets and help "tear off" a piece with a melodious ripping sound, while "Bob" played his banjo with multitudinous variations. In fact, this last informal combined so well with its music that it was hard to separate the dancers from the strains of "Home Sweet Home" that came at 9:00 o'clock, when the floor was left alone with its reflections.

The review on May 31 will be well worth seeing, and the Massachusetts Agricultural College unit of the R. O. T. C. will present its best front and demonstrate just what the Department is doing.

JUNIORS PLANT WHITE ASH ON BANK OF CAMPUS POND

Class Spirits Break Forth in Song and Cheer at Annual Junior Event.

The stars shone brightly last Friday night, but the moonshine was lacking and so the Juniors held their annual tree, planting in the dark and quiet evening in a most orderly manner. The planting had been set for two previous dates which were of necessity called off, and the appearance of a thunderstorm about 7:00 o'clock looked as though another postponement might be necessary. The storm was short-lived however and the class spirits, which have been pent up now for some time, broke out with one accord in spite of the general wetness of things.

It has usually been the custom for the classes to plant their trees near some building, but in many cases this

PREPARATIONS FOR REVIEW BY GEN. EDWARDS ON MAY 31

Major Shnyder to Have Charge of Camp Devens for Summer, and Other R. O. T. C. Officers to Have Important Places There.

Preparations are well under way in the Military Department for the inspection on May 31 by Major-General Edwards. A troop of the best riders has been organized and is drilling every day. Monday morning the review was carried off in fine style, the mounted troop doing exceptionally well with so little practice. The officers are becoming more used to handling their reorganized troops and a very snappy review and parade is the result.

Major Shnyder and Captain Shufelt have left to take up their summer work at Camp Devens. The present schedule includes most of the Department in this summer R. O. T. C. training camp. Major Shnyder will be Camp Commander if the tentative schedule is followed, with Captain Shufelt as Adjutant, Technical Sergeant J. A. Warren, Assistant to the Adjutant and Sergeant J. A. P. Flynn, Assistant to the Personnel Adjutant. Major H. Kobbe is to be Senior Cavalry Assistant, and Captain Brady will be Mess Officer.

The men in their first year of advanced military training are required to take this drill, and Freshmen and Sophomores may take this opportunity if they wish. Several men have already signed up to go. The men who went last year to Ft. Ethan Allen were very enthusiastic over the training system employed there, and learned a great deal about riding and military maneuvers and kindred subjects. This year promises to be just as interesting and instructive, and the men who go will have a fine opportunity.

The review on May 31 will be well worth seeing, and the Massachusetts Agricultural College unit of the R. O. T. C. will present its best front and demonstrate just what the Department is doing.

REGAN AND SMITH RECEIVE ELECTIONS LAST WEDNESDAY

As Assistant Managers of Hockey and Basketball Respectively for Next Winter.

Among the other elections which took place in Assembly last Wednesday afternoon were those of next year's assistant managers of hockey and of basketball. Leon A. Regan of Walpole defeated Howard H. Davis of Brockton for the former, while Richard B. Smith of Greenfield was elected assistant manager of basketball over Richard A. Whitney of Brooklyn, N. Y. Smith has been manager of his class six-man roll-pull committee both years, and is a member of Phi Sigma Kappa. Regan is a member of Alpha Sigma Phi.

BURNHAM DECLAMATION WON BY ALFRED P. STAEBNER '24

James Batal '25, Gains Second Place, with Honorable Mention to Church '25.

The annual Burnham Declamation Contest was held in the Memorial Building last Friday evening, May 19, at 8:30 p. m. Though the quality of the work was rather better than in previous years, the interest shown by the student body, as indicated by the size of the audience, was not as encouraging to the contestants as might have been.

The judges were: Mr. Stewart Lee Garrison, and Mr. Everett Glass of Amherst College, and Prof. John Phelan, Prof. Walter E. Prince of the English Department was the presiding officer.

The winners were: Alfred P. Staebner '24, and second, James Batal '25. George L. Church '25 received honorable mention.

The program follows:

1. "Jean Valjean and the Bishop," Victor Hugo George Church '25
2. "The Typical Dutchman," Henry Van Dyke Walter Dimock '24
3. "His Answer," Frank Prentice Hand Albert P. Staebner '24
4. "Not Guilty," Kenneth M. Hall '24 Anon
5. "The Lure of Lonely Lake," Harry E. Ward Gordon H. Ward '25
6. "The Man Who Made a State," George W. Inoue James Batal '25

BATES GAME CUT SHORT IN FIFTH BY UNTIMELY RAIN

Score of 3-1 Against Aggie, With Prospects of a Timely Comeback. Game Does Not Count.

Rain cut short what promised to be an interesting game with Bates here last Wednesday just in time so that it is officially "no game." A drizzle which started in the last of the third settled down to a steady downpour at the end of the first half of the fifth with the score 3-1 in favor of the visitors. The Aggies were beginning to get accustomed to Martin's delivery and prospects for a win if the game had lasted nine innings were good.

Both sides were scoreless until the fourth inning, when two hits and an error gave the boys from Maine two runs. M. A. C.'s lone tally came in the last half of the frame when Collins poked out a double, Kroeck got on by an error, and Gordon walked. Kroeck stole second but when he endeavored to duplicate the feat and steal third he found that long legs did not necessarily give speed.

Bates scored again in the fifth on two free passes, a sacrifice, and a single. One half inning more would have made the game official but Jupiter Pluvius functioned a bit too early.

SEVEN SENATORS ELECTED FOR THE COMING YEAR

Three Juniors and Four Sophomores, All Prominent in Class and College Activities.

The men chosen to represent the class of 1923 on the Senate for the coming year were elected by student body, in assembly last Wednesday.

Mason W. Alger of West Bridgewater has been active in varsity and class athletics. He played class football and basketball and ran class cross-country in his Freshman year, and has played class basketball each year since. Besides playing varsity football for two years, "Mase" was on the varsity track team. He has also been class sergeant-at-arms and class captain. He is a member of Alpha Gamma Rho fraternity.

Raymond H. Grayson of Milford is next year's football captain, and has been a member of the team for two seasons. He was captain of his Freshman football team, and has played class and varsity baseball at different times. Varsity basketball keeps him limber in winter. In his Junior year "Dime" was elected to the Prom Committee, and has served on other class committees. He also has held the offices of class captain and class sergeant-at-arms. He is a member of Alpha Sigma Phi fraternity.

Owen E. Folsom of Roadville is at present Junior class president, and has held several class offices during his three years here. "Skinny" is business manager of the COLLEGIAN and of the 1923 Index. He was chairman of the Junior Prom Committee and was a member of the Sophomore-Senior Hop Committee last year. He is a member of Phi Sigma Kappa fraternity.

Four men were chosen from the Sophomore class to be Senators, only the

AMHERST AND CLARK ON THIS WEEK'S BASEBALL SCHEDULE

Fast Games Anticipated with Prospects Good for Both.

The Aggie ball-tossers meet the Amherst nine this afternoon in a return game at Pratt Field. "Kid" Gore's charges hope to duplicate their win of two weeks ago, winning from the Sabrinas twice in one season. The Purple is due to win, however, not having finished any game this year on the long side of the score.

Saturday the team will meet Clark on Alumni Field. Coach Gore has been putting his men through hard practices during the week and they are all primed for action. While a good fast game is anticipated, the Maroon and White is confident of victory and intends to give everything it has in the contest.

FRESHMAN NINE TAKES 11-6 CONTEST FROM ARMS

Barker Strikes Out 16, Lunt Finds Arms Pitcher for Two Triples and a Single.

The Freshman baseball team journeyed to Shelburne Falls last Saturday afternoon, May 20, where they administered a defeat to the Arms Academy nine in a fast, well-played game by the score of 11-6. This win was on the heels of the one from Springfield Tech last Tuesday and the team is going fine for the middle of the season. The players have more confidence than at first and have already pulled off some sensational plays. Lunt comes through with timely hits in every contest which help a great deal in the final score. His hitting was featured with two three baggers and a single in the game Saturday. One of his hits turned into a run for him and the other triple was the means of bringing in three more.

The Frosh began their scoring in the second and after the smoke of battle had cleared away there was a score of four runs to their favor. Just for spite Arms came back in their half of the third with three and again in the fifth with one, making the score tied 4-4. In the sixth Lunt crossed the plate on a sacrifice hit by Taylor, and in the seventh three more men brushed the rubber. Not content with eight runs the yearlings put three more over on Lunt's three bagger. In their half of the ninth Arms Academy started in with Shaw drawing a pass, but he was thrown out at second on a hit by Stetson, who batted for Davenport. Stetson scored on Morrissey's two-bagger to left field. Morrissey himself scored a minute later on an error by Samuels. This ended the scoring for both teams and the Frosh tucked another win in the bag.

Barker pitched exceptional ball for the winners, striking out 16 and walking but two, while Davenport for Arms struck out three and walked five. Griswold's three bagger to right field was a pretty hit and Morrissey's two bagger meant two runs to the losers, but to no avail. It is seldom that in one game three double plays are completed, but in the contest Saturday the Freshmen pulled off one, fly to Lunt to Crosby, while the Arms boys completed two, Davenport to Cardwell to Anderson, and foul to Cardwell to Anderson.

SPRINGFIELD TECH FALLS BEFORE ONRUSHING FROSH

One of Best Games of Season Handled Well by Barker and Team-mates

In perhaps their hardest game of the season, the Aggie Freshman baseball team took the Technical High School aggregation into camp on Alumni Field last Tuesday afternoon by the score of 4-3. The Springfield boys showed plenty of fight and it was a hitting contest, no team being sure of the game until the last man was out.

The Frosh started to score in the first inning and put one run across as a starter. They held their opponents scoreless until the sixth when Fregeau drew a pass and went to second on Albertus' safe hit to right field. Both men advanced on an error by Simmons of Aggie and scored on Slate's fielder's choice. Not to be out-done the Freshmen came back in their half of the inning with two runs also. Barker singled and went to third on McGeoch's two-bagger. Holbrook hit to third base where Slate juggled the ball and let in both Barker and McGeoch.

In the first half of the seventh Libby singled, stole second, went to third with Donovan at bat and scored on Crosby's error. This left the score tied at three all, and the Freshmen failed to do anything in their half of the inning; but they held the visitors scoreless in the eighth and scored a run themselves which made them the victors. Taylor, the second man up, singled to left field, was advanced by Hutchins' base on balls and scored on Lunt's single to right field.

Barker pitched a good game for the Frosh and had good support from his team-mates. He walked three and struck out five. Paige was on the mound for Springfield Tech striking out ten and walking two.

Lunt's hitting was a feature of the game, he getting a long drive to right field which went for three bases, but he was thrown out at home, Paige to Huff. He also sent a single to right field. Tech batted five hits for a total of five bases while the Freshmen piled up nine for a total of 11 bases.

TRACK TEAM FAILS TO PLACE IN N. E. INTERCOLLEGIATES

Sullivan and Acheson Place in the Finals. Stevenson Runs Well in Two-mile.

Although the track team did not win any points in the New England intercollegiate Meet last Saturday, their work was a credit to the institution. In the trial heats held Friday, Captain Sullivan qualified in the 100 and 220 yard dashes, and Acheson qualified in the 440.

Saturday Sullivan got into the semi-finals of the 100 but was unable to place. In the 220 semi-finals he was well up in his heat and was one of the six picked to run in the finals. He did not come in in a winning position but was led by such men as Miller, and "Jake" Driscoll.

Acheson was unable to score in the final of the 440 but ran a hard race. Coming down the homestretch he made an admirable effort to gain a scoring position but the field was spread out a little too much. Friend, MacCready, and Loring were the entries in the mile event. Friend ran the best race of the three and finished seventh in the pack. Stevenson was the only entry in the two mile race and he placed eighth, outstriking two Amherst men on the home stretch by several yards. His time was much better than that made in the Eastern Intercollegiate.

TRACK TEAM TO MEET VERMONT AND NEW HAMPSHIRE

Twenty Men to Represent Aggie at Durham, Two in Each Event.

About 20 men of the track squad are leaving town tomorrow with Coach Derby for the annual track meet between New Hampshire, Vermont, and M. A. C., to be held this year at Durham, N. H., on Friday afternoon, May 26. Two men only are to be entered in each event, and four places will count, so that there will be keen competition for all points. The team hopes to come well in the dashes, and the mile and two-mile also look good, with Stevenson showing a daily improvement in the latter, and Friend and Loring running steadily in the mile.

Work this week is especially on the weight events, and on the pole vault, and try-outs are being held in the broad and high jumps to ascertain the two men who will participate in each of these on Friday. "Dutch" Connors, of football fame, is expected to be New Hampshire's big man in the discus and shot put.

CATHOLIC CLUB PLAYS WHIST AND DANCES FRIDAY EVENING

The M. A. C. Catholic Club held a very successful whist party and dance Friday evening in Odd Fellows' Hall, Amherst. Music of exceptionally good quality was furnished by Messrs. Tewhill, McGulinn, and Kingston. A great deal of credit is due the few members of the club who planned the party.

An important business meeting of the club will be held next week, the exact date to be announced later.

WILBRAHAM NINE LOSES TO TWO YEAR IN TENTH INNING

Both Teams Play Fast Ball, and Outcome is Always in Doubt.

The Two Year baseball team won a 10 inning contest from the Wilbraham Academy by a 6-4 score on last Monday afternoon. In the second inning the Wilbraham boys started right in to score when they pushed two runs across the home sack. McKenna's three base hit in the seventh which scored Chamberlain started things moving for the Short Course men. Another long drive by Bartholomew which was good for three bases was the source of a run that served to keep them within striking distance. Wilbraham also scored another run which kept them out in front.

In the last of the ninth a pair of doubles by Adair and McKenna made the run which evened up the score. At the beginning of the tenth the academy boys went right after the run which they needed to win. Cunningham lead off with a double. Alden struck out, and Seymour was an easy out at first. Barker found Adair for another double that scored Cunningham and gave the visitors a point lead.

In the last half of the tenth, Smith for the Two Year drove out a clean single. He was advanced to second when Cunningham gave Breivogel a walk to first. The bases were filled when Grauman reached first on a fielder's choice. Adair then clinched the game when he drove out a two bagger that brought in two runs.

Score by innings:					
	1	2	3	4	5
Two Year,	0	0	0	0	1
Wilbraham,	0	0	0	0	1
Two Year—Wells 2b, Bartholomew lf, Smith 1b, Breivogel ss, Grauman cf, Adair p, Chamberlain 3b, Dielner rf, McKenna and Curtiss c.					

Wilbraham Academy.—Cunningham p, Lindley cf, Seymour c, Barker 1b, Farnsworth ss, Adams lf, Allison 3b, Andrew 2b, Dunn rf.

Two Year Continues to Win, Worcester North the Victim on Saturday.

The Two Year team kept up its winning streak last Saturday, May 20, by defeating Worcester(North)High School on Varsity Field by score of 4-1 in a loosely played game. Both teams handled the ball in a careless manner and as a result, six errors were chalked to each team. The Short Course men made two runs in the fourth when they found the Worcester pitcher for a single, a double, and a triple in that inning. They scored again in the sixth when three more lunched hits were made.

Worcester tried hard to stage a rally in the seventh. Carlson made a clean hit but was caught at the plate when he tried to score on a drive to left field by Avedian. The latter completed the circuit on an error by McKenna, the Two Year catcher.

Lineups:
Two Year—Wells 2b, Green 3b, Smith 1b, Breivogel ss, Grauman cf, Adair p, Cluff lf, Dielner rf, McKenna c.

Worcester H. S.—Cue ss, Reardon cf,

Shay lf, Demogian rf, Fagerstrom 1b, Carlson 3b, Avedian 2b, Gallinger c, Calder p.

Score by innings:					
	1	2	3	4	5
Two Year,	1	0	0	2	1
Worcester H. S.,	0	0	0	0	1

COLLEGE VISITED LATELY BY CALIFORNIA COMMISSION

Continental Tour Included Ten of Prominent Agricultural Colleges of Country.

It is worthy of note that the Commission of Agricultural Education for the State of California included this institution, its only stop in New England, in its recent continental tour of the agricultural colleges of the country. The purpose of this commission was to confer with prominent educators connected with these colleges as to the running of the college farms in order that a change in the location of the University of California from Berkeley to a less congested district may be made more advantageously. The men felt well repaid for their conference with President Butterfield and their inspection of the college farm and other departments here at Amherst.

Other colleges visited on this continental tour among them some of the foremost of the country, included Montana Agric. Coll., Univ. of Minnesota, Univ. of Wisconsin, Univ. of Chicago, Univ. of Illinois, Purdue Univ., Iowa State Coll. Agric. Coll. at Guelph, Canada, and Cornell Univ.

The personnel of the commission was as follows: A. C. Hardison, Chairman, Santa Paula; Dr. Elwood Mead, Berkeley; J. James Hollister, Gaviota; Sheridan W. Baker, Santa Rosa; Samuel G. Mortland, Fresno; R. G. Sprout, Berkeley; B. R. Walker, Fresno; R. N. Wilson, Secretary, Sacramento.

Down Again.

Dean's Saturday with its "awful slaughter" has come and gone as one of our favorite professors likes to say. None of the faculty enjoy posting a student's name in public because of a poor grade of work, but oftentimes this method serves to add impetus to the esteem in which a course is held. The Dean's Board is no joke and it is not to be regarded lightly. Some truthfully brag that they have been to college two, three and even four years and found their name in its accustomed place on the Board every time it has appeared. Others believe it is a moral necessity to "get on" at least once during their college career just to say they have been there. In any case it is a sign of poor scholarship, and this term, especially, of a well-defined slump. A large number of students believed they were doing so well that fewer hours of preparation would suffice. There are other explanations. Perhaps the weather has been so element that it has been difficult to stay indoors and apply one's self to the books. Perhaps as a result of the Alumni Scholarship Report some professors and instructors felt they were not as strict as they might be. In other words the so-called "gut" courses are no longer easy. Nevertheless, there is one thing certain; scholarship is the foundation of a college, and it is on this fact that an institution is built.

When scholarship is neglected, a college declines; first, because of the large number of students who flunk out, and second, because the standards must be lowered if these students are to be retained. There is a certain amount of criticism anyway that M. A. C. retains many men simply because of the small student body, and a natural dislike to expel men from college on account of poor scholarship. When a student is very low, and on the point of leaving, petitions flow into the president from

all directions, asking that the delinquent be given another chance. Instructors are interviewed and all the power possible is brought to bear on those responsible for the student's staying in college. Praterities, friends, and sympathizers contribute their appeals, and it is only natural that they should. But on the other hand if the student cannot do the work cut out for him, then he should not be allowed to remain, regardless of the sympathetic attitude taken by many. Students lacking the mentality necessary for college work, and those who have no desire to pursue their studies, have no business in an institution of high standing. They should be forced to go where they can get along successfully. There is no use worrying the instructor with incompetent men, and holding the majority from their maximum capacity. Without question, an increased attention to studies has become a necessity, and the sooner the better.

Ingenuity.

Long dissatisfaction with their negative name has caused the Non-Athletic Activities Board much effort in the determination to discover a satisfactory substitute. Non-Athletics apparently signifies bench-warmers who are left over after the best have been selected for the various athletic teams. The obvious truth is not taken into consideration that all men are not endowed with a powerful physique and well-controlled muscles. Probably the best of these not athletically inclined are very active in so-called non-athletics. It is unjust to give these men a secondary application when they are as prominent in their branch of college activities as athletes. Who is to tell which branch is the most important to the future welfare of any college?

The Non-Athletic Activities Board has taken all these facts into consideration after a careful survey of the situation among New England colleges. It found that everywhere there was a condition of chaos on this question. In most cases M. A. C. was discovered to be better off than corresponding institutions. At W. P. I. non-athletics were handled by the W. P. I. Student Council, at Dartmouth non-athletics were handled by the Council on Student Organizations and at Columbia (a college believing to have discovered a solution) non-athletics are handled by the "King's Crown." In order to explain the "King's Crown," however, the offending term "non-athletics" has to be used, so the same old difficulty is encountered again.

As a result the Non-Athletic Activities Board was cast upon its own ingenuity. A name has been suggested which bids fair to overcome all dissatisfaction, and at the same time to be sufficiently explanatory to cover the field broadly and thoroughly without further questioning. In short, Academic Activities Board for the supervising body, and Academic Activities for all activities except those of an athletic nature is proposed. It is expected that in the fall the new name will be officially applied, and academic campus activities will embark on a new era unhindered by a needless drawback.

COMMUNICATION

TO THE EDITOR OF THE COLLEGIAN:

There has been, since hot weather has come, an increased demand for a drinking fountain in the Memorial Building. At present the Drill Hall and the dormitories offer the only place where a thirsty man can obtain soothing liquid

for his dry and burning throat unless he buys at the College store or leans under a faucet to get an unsatisfying mouthful of water. While the College store is undoubtedly a worthy institution and deserves to be supported, the Memorial Building was made for the students, and it would be only fair to those who helped to pay for the building and only courtesy to visitors, to furnish at least one fountain in the building. J. G. READ '24.

QUESTIONNAIRE

TO THE COLLEGIAN:

Is there no rest for the unhappy Senior? Shall we be hurried to the slaughter without the respite commonly granted those who are to step into an unknown world? Hitherto it has been customary to allow a few days' grace after the hectic week of finals for preparation for the sad rites and to recuperate for the still more arduous round of Commencement activities.

This year no such provision has been made. As we expected, then, to round up a family, possibly a girl or two, get them into a receptive frame of mind, dispose of our worldly goods, and deck the campus all in one day? Do we appear the following day care-free and alert with a snappy Commencement program?

It looks like a contract, and a difficult one for even an Intellectual Senior to carry out. It would almost appear impossible in a number of cases. Why are we, in particular, already selected as the victims of an unbelievably late Commencement, to be rushed unshriven to the ceremonies that shall break so many earthly ties?

My private opinion is that this temporary relapse in scholarship will cease of necessity if the term is brought to an early close, and that faculty and Seniors would unite in favoring an earlier date for finals.

The State of Massachusetts may well take pride in her many excellent and expensive state roads. Yet in the territory that comes most directly under

state control, the State College, the roads are hardly worthy of the name. The reason for this condition of affairs is readily understood; the handicap in finances and the necessity of sacrificing appearances for education being apparent. Perhaps, if the suggestion were made early enough, some means of allaying the impenetrable clouds of dust might be found. At past Commencements, the slightest disturbance, even the passing of a Ford, has been sufficient to obscure visitors, party dresses and all. Courtesy demands that our guests have ample opportunity both to see and to be seen. R. R. '22.

NAMES OF SEVEN FAMOUS

CHEMISTS TO ADORN NEW LAB

After careful deliberation the Chemistry Department authorities have agreed on the names of the famous scientists which will adorn the exterior walls of the Goessmann Laboratory. All the names are well-known in chemistry circles, and were selected out of a host of prominent chemical scientists. Those selected are as follows: Bous-singault, Wohler, Liebig, Lawes, Gilbert, Samuel W. Johnson, and Hilgarde.

Bous-singault was a noted agricultural chemist, who did some valuable research work in the middle part of the last century on nitrogen assimilation by plants. Wohler was the German chemist who revolutionized that science by synthesizing the first organic compound in the earlier part of the nineteenth century. The late Professor Goessmann, who was head of the Department of Chemistry at Aggie, was one of his pupils. Liebig, an associate of Wohler, and also a German scientist, was one of the pioneers of agricultural chemistry, and was the first to discover that crops took up their mineral matter from the soil. Lawes and Gilbert were two Englishmen who formed one of the first experiment stations, where they carried on problems of animal nutrition. Johnson was another famous agricultural chemist who became the head of the Sheffield Scientific School of Yale when that institution first opened its doors. He instituted the first fertilizer inspection in the United States, also carrying on extensive studies in plant nutrition, and was the author of two important books, "How Crops Feed" and "How Crops Grow". He was also director of the C. A. C. Experiment Station for a number of years. Hilgarde was a noted authority on the chemistry of soils, and wrote a book on the subject which has not been improved on to date in the English language. He was also a noted geologist and chemist and was for a long time Director of the California Experiment Station.

At 7:30 Saturday morning, the advanced stock judging class left for Spencer. They visited the Alta Crest and Elm Hill Farms, judging Belgian horses, Berkshire Hogs, and Guernsey cattle. After thoroughly looking over these places, they moved to the Sibley Farm, where they were given a chance to examine some prize Jersey cattle. No judging was done. The trip was a success, and the class learned many new facts on judging.

CAMPUS BASEBALL.

Interclass Baseball

	W.	L.	P.C.
Seniors,	2	0	1.000
Sophomores,	1	0	1.000
Juniors,	0	1	.000
Freshmen,	0	2	.000

Two interclass games were played last week, the Seniors defeating the Juniors 4-0, and the Sophomores trimming the Freshmen 4-2. Haskins pitched good ball for the Seniors, while Holley received poor support, the Juniors losing their game chiefly on errors. The Freshmen gave Weatherwax little trouble. Bliske pitched well for '25, but his team-mates were unable to come through with the necessary runs.

Y. M. C. A. CANVASSERS OUT FOR MORE OLD CLOTHES SATURDAY

The Y. M. C. A. is undertaking to collect old clothes to send to the Near East Relief. Last Saturday the fraternity houses were canvassed, and a large number of discarded garments were collected. Next Saturday the entire town will be canvassed by students of the two colleges, with the aid of several cars loaned by faculty and townspeople. Amherst College will canvass the houses south of Main street, and Aggie will be in charge of the north part of the town. This canvass will include the students rooming in private houses as well as the townspeople themselves, and it is hoped that old duds will be as forthcoming as they were last Saturday.

CORRECTIONS

The COLLEGIAN wishes to call attention to a mistake which was printed in last week's issue. The Senior Class elects officers permanently at the close of the college year, with the exception of the Class Secretary, which is voted on again at the end of three years, and every three years thereafter.

In a recent issue of the COLLEGIAN it was announced that Wm H. Peckham '20, was employed with the New York Telephone Company. This statement was incorrect, as he has been with the Lane Construction Corporation of Meriden, Conn., since graduating from college, with the exception of three months last winter.

SILVER BAY NOTICE

All those students who are contemplating going to the Y. M. C. A. student conference at Silver Bay should give their names to some member of the Y. M. C. A. Cabinet as soon as possible. The conference dates are June 15-23, and the Cabinet hopes to arrange for those attending the privilege of taking their final examinations a week earlier.

PREM C. LAL GIVES SUNDAY

TALK AT THE TOWN HALL

Under Auspices of the Cosmopolitan Club. Proceeds for Needy Students of Europe.

"From Cairo to Damascus" was the subject of an illustrated lecture given by Prem C. Lal '22, of M. A. C., in the Town Hall last Sunday afternoon, under the auspices of the M. A. C. Cosmopolitan Club.

The program was opened by President Butterfield, who introduced Mr. Lal and gave a short speech on some of Mr. Lal's travels. The lecture portrayed just what a traveler would see in his journey from Cairo, Egypt to Damascus through the Holy Land.

The receipts from this lecture were sent as the contribution of the Cosmopolitan Club for the relief of needy students in Europe.

M. A. C. CLUB OF NEW YORK ANNOUNCES SPRING BANQUET

Men of the M. A. C. Club of New York, don't forget to red-letter-date Friday, May 26th, and be on hand at the Cafe Lafayette, 9th St. and University Place (one block east of 5th Avenue) for one big spring banquet. The time is seven o'clock, and don't be late.

There will be at least one speaker from college, an outside speaker, and one or two inside the New York Club speakers. The feed last fall was a "bear", so don't miss this one.

Every Aggie man residing within 100 miles of New York is urged to be present. If you live farther away than that come anyway. If you don't receive a letter relative to the banquet, it is because we haven't your name on our list. So accept this as your invitation and come and sign on. We want 100 this time.

ZARRUKIE '13.

Chairman, banquet committee.

'92 Acting on the recommendation of Dean Harlow F. Stone, the trustees of Columbia University created fifteen honorary law scholarships. The Law School has had rapid growth since Dr. Stone became dean in 1911; the number of students increasing from 240 to 700 and the library from 30,000 to 95,000 volumes.

Kappa Sigma announces the pledging of William C. King of San Antonio, Tex.

JUNIOR TREE PLANTING

Continued from page 1

removal has been necessitated because of changes about the campus. This year the Landscape Department suggested that a tree be planted on the west side of the dam to replace a vacancy resulting from the removal of a dead maple, and so the class of '23 chose this site for their tree planting.

The program, which lasted about an hour, consisted of short talks and singing, the final number being the college song.

The tree set out was a white ash, and in spite of the month or so it had been out of the ground, it was attended to by the Juniors most tenderly, but recuperation seems somewhat doubtful.

BASKETBALL MEN WORKING

OUT WELL UNDER GOWDY '22

New Material Expected to be Found for Next Year's Quintet.

Candidates for next year's basketball quintet are practicing twice a week on the fundamentals of the game such as shooting, passing and pivoting. Most of the men out are new to varsity basketball and other men wishing to try out should report to Gowdy for practice on Mondays and Fridays. At present practice is being held on the lower level of Alumni Field and it is hoped that those who are not participating in other branches of athletics and who have had experience in basketball will be out.

PROGRESS

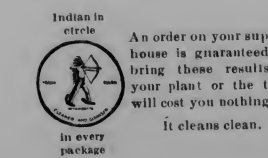

The old must always give way to the new, when experience proves the new to be superior.

This principle of progress is the explanation of the continually increasing demand for those distinctive and efficient qualities which have made

the standard cleaner in thousands of dairies, creameries, and cheese factories throughout the country.

And as superior quality always proves an economy so, too, an outstanding feature of this unusual "Wyandotte" service is the definite added profit which always follows its use.

The J. B. Ford Co., Sole Manufacturers, Wyandotte, Mich.

PRES. BUTTERFIELD SPEAKS AT CLEVELAND, OHIO

President Butterfield spoke before the Congress of International Cooperation, held under the auspices of the World Alliance for International Friendship through the Churches, which was held at Cleveland, Ohio, May 16 to 18. He spoke on "International Cooperation in the Realm of Agriculture." Other speakers on the program were: Dr. Edward S. Cummings, Professor Stephen P. Duggan, Sherwood Eddy, President W. H. P. Faunce, Rev. Francis J. McConnell, D.D., Hon. Henry Morgenthau and Dr. James J. Walsh.

SHALL I JOIN A FRATERNITY?

By Thomas Arkle Clark, Dean of Men at the University of Illinois.

The following is an extract from an article appearing in the American Boy for June, 1922.

The young man entering college is confronted with a good many problems which his father before him did not have to solve, and one of these is the fraternity question; for though the college fraternity was in existence 30 years ago, it did not, to anything like the extent it does today, dominate college life and control the direct undergraduate activities. Its influence was then confined pretty largely to a limited number of small colleges in a restricted territory; its membership was not large, and its members not closely associated or organized.

Fathers write me during the summer-time concerning the advisability of their sons' joining this or that organization; anxious mothers tell me their troubles as they worry over whether their boys can be got in or be kept out; and the boys themselves come in to get advice. I tell them that joining a fraternity is a good deal like getting married—it is an easy thing on which to generalize but a delicate matter upon which to give concrete advice in specific instances. It is like getting married in still another way. When a man first contemplates marriage, he imagines that the ceremony will link him only to the girl in question, but he has not been in the marital state long before he realizes that he has married her whole family. So a boy who joins a fraternity not only becomes one of the small group of men upon the campus of his Alma Mater, but he at the same time assumes a less close, but nevertheless a binding obligation to the members of the other chapters of the fraternity wherever they may be found.

The college fraternity first came into existence almost 100 years ago when college attendance and the conditions surrounding college life were very different from what they now are. In those days colleges were small and the undergraduates were housed in college dormitories or scattered about the town and fed at boarding houses. There was perhaps no thought in the minds of the men who founded the first Greek letter fraternities of developing a home and home life for their members. The main purpose was to strengthen character, to develop good scholarship, and to emphasize and encourage certain qualities of friendship. Often there was a literary purpose. The men who founded the first fraternities were mostly very religious men who believed sincerely in the principles of life and conduct as expounded by the founder

of the Christian church. Fraternity rituals today still emphasize these principles and hold up to fraternity members the highest standards of daily life.

Not all fraternities are alike, and a fraternity that has an excellent national reputation may have a very weak chapter at the institution which you attend. The details which are given a Freshman about the organization he is

asked to join are very often prejudiced details. Before accepting an invitation to join any fraternity, a man ought to learn something of its history, its local standing, the cost of membership, the activities, the scholarship, and the moral and social characteristics of its active members and especially of its upper classmen, for the character of the upper classmen determines largely the character of the chapter. He ought

to ask his questions whenever possible of an unprejudiced person, and the safest man of whom to inquire is ordinarily the Dean of Men, who, if he is the right sort, will tell you frankly.

When a man joins a fraternity, he is choosing the friends with whom he will spend the most intimate hours of his college life, and possibly of his life after he leaves college. He should study himself and them pretty carefully and unemotionally before making a final choice. If they are not his type of men, if he would not care to be like them, if they do not hold to the ideals which to him seem vital, if he would hesitate to take them into his own home and introduce them to his father and mother and sister and his friends, then he had better refuse their invitation. He will be happier and better in joining no organization than in joining one to which he can not give his allegiance heart and soul.—Courtesy of *The American Boy*, Detroit, Mich.

'04 Two U. S. D. A. bulletins by Dr. E. A. Back have been published recently. Bulletin No. 1051 is entitled "Red Cedar Chests as Protectors against Moth Damage." Farmer's Bulletin No. 1260 of which Dr. Back is senior author, deals with "Stored-grain Pests." In addition to being a graduate of the college Dr. Back received his doctor's degree from M. A. C. in 1907.

SENATE ELECTIONS

Continued from page 1

Sophomores voting for these.

Sterling Myrick of Longmeadow has led the class of 1924 to all its class victories as class captain for two years. Playing on class and varsity football teams, "Pat" is fast coming into shape as a regular member of Coach Gore's football team for next fall.

Charles J. Towhill of Florence played class football last year, and this year was on both varsity football and varsity hockey squads, playing in several games. "Chick" has been one of the leaders in all class activities, and is now class vice-president and on the Soph-Senior Hop Committee. He is a member of the Alpha Gamma Rho fraternity.

Robert H. Woodworth of Newton has gained fame both from the speed at which he tears around the track with the varsity track team and the proficiency which he displays on the banjo and saxophone. Bob is also Sophomore class president this term and is on the Soph-Senior Hop Committee. He is a member of Phi Sigma Kappa.

Edward L. Bibe of Westfield has just completed a successful season with the varsity basketball squad with which he played steadily. He was the only Sophomore playing regular varsity basketball this winter. An all around class man, "Eddie" has helped lead the class in various ways since the start. He is a member of Sigma Phi Epsilon.

The Assembly time was taken up by the presentation of the Adelphia members to the student body, and by the voting for assistant managers of hockey and basketball.

'04 H. M. Jenkinson, Assistant Professor of Botany and Bacteriology at the Montana State College, has been granted leave of absence to complete his studies for a doctor's degree at the Henry Shaw School of Botany, Washington University, St. Louis, Mo.

'20 R. B. Bowmar is on the Springdale Farms, Canton, Mass.

'20 Everett Skinner is a life insurance agent in Worcester, Mass.

'20 Stuart Orloff is in the landscape designing business for himself and is laying out some estates on Long Island. He is also on the editorial staff of "Arts and Decoration" and of "House and Garden". He has delivered several lectures to garden clubs in the suburban towns of Westchester county.

'21 M. F. Webster is teaching in Aeworth, N. H.

Take It From The Air

NOT only music, but news, speeches, messages of every sort, are today being picked out of the air.

"How has this come about?" we ask.

The new impetus given to radio development may be definitely associated with the development of the high power vacuum tube, for that made broadcasting possible. And the power tube originated from a piece of purely theoretical research, which had no connection with radio.

When a scientist in the Research Laboratories of the General Electric Company found that electric current could be made to pass through the highest possible vacuum and could be varied according to fixed laws, he established the principle of the power tube and laid the foundation for the "tron" group of devices.

These devices magnify the tiny telephone currents produced by the voice and supply them to the antenna, which broadcasts the messages. At the receiving end, smaller "trons", in turn, magnify the otherwise imperceptible messages coming to them from the receiving antenna.

Great accomplishments are not picked out of the air. Generally, as in this case, they grow from one man's insatiable desire to find out the "how" of things.

Scientific research discovers the facts. Practical applications follow in good time.

TRACK TEAM CLOSES SEASON WITH VICTORY OVER TUFTS

Lose Hard-fought Meet at New Hampshire by 4½ Points. New Records for 220 and 440 Dashes and the High Jump.

An easy win for the Aggie Track team over Tufts last Saturday on Alumni Field, and a close second at the triangular meet held at Durham on May 26, completed a whirlwind season, during which several college records have gone by the mark.

The triangular meet held at Durham was barely won by New Hampshire, who rolled up 64½ points, just enough to better the 60 points collected by M. A. C., while Vermont took last place with 27½ points. The team left for New Hampshire on Thursday afternoon and the meet was held on the fast new track completed last summer. Of the 14 events, M. A. C. won first place in five, and was tied for first in two others.

The old 220 yard dash record of 22.45 seconds, which was held by Captain Sullivan, was taken at 22.35 seconds by Cahill '25, who plays varsity baseball, and so has not been able to run in any meet so far. Roger Acheson '22, clipped 22.5 seconds from the 440 yard record time of 53.35 seconds, which has been

Grayson, Milford; chairman of Election Committee, Leverett S. Woodworth, Newton; chairman Trophy Room Committee, Mason W. Alger, West Bridgewater; vice-president, Social Union, Robert H. Woodworth, Newton.

GEN. EDWARDS VISITS AGGIE AND REVIEWS R. O. T. C. UNIT

Gives Stirring Address Before a Large Crowd in Stockbridge Hall. Five Men Receive Commissions.

The R. O. T. C. of the college had their big day last Wednesday, May 31, with the review of the unit by Major-General Clarence R. Edwards, Commanding General of the First Corps Area.

The General arrived in Amherst from Brattleboro in his own machine accompanied by his personal orderly. He lunched at Draper Hall with President Butterfield, Dean Lewis, Mr. Watts, Major Kohler, and Major Hill. Major Hill in the morning had inspected the troops as official inspector of the First Corps Area. After lunch the party toured the campus and then proceeded directly to the field south of the Veterinary Building where the review was to take place.

WESLEYAN AGAIN DEFEATED IN CLEAN, HARD-FOUGHT GAME

Kroeck's Good Work and Support of Teammates Accounts for Aggie's Fourth Consecutive Win, 4-1.

The Aggie ball nine won its fourth consecutive victory last Saturday over Wesleyan in one of the best games seen here this season, score 4-1. Kroeck's pitching was fine and he had good support from his teammates. He allowed but four hits and one run while the wearers of the Maroon and White gathered six hits and four runs. No man on either team hit safely more than once and but seven errors were made by the combined aggregation. It was a cleanly played game and both sides showed good baseball and the results of hard practice. Nicoll was the star hitter, coming to bat but once and getting a clean hit to left field.

The home team started the scoring in the fourth. With one out Kroeck singled to right field, Barrows grounded out to the first baseman advancing Jules to second, whence he scored on Doc Gordon's hit to left. The Middle-

PAIR OF HARDEST GAMES FOR VARSITY NINE THIS WEEK

No Assembly Today.

The Aggie nine stacks up against two of its most formidable opponents here next Wednesday and Saturday in Syracuse and B. C. respectively. These should be close and hard games, and anyone who wishes to see real ball should be on hand. Assembly will be cancelled today for the Syracuse game to be called at 3-45 on Alumni Field.

AMHERST OVERWHELMED 12-1 IN WORST DEFEAT EVER SUSTAINED AT HANDS OF AGGIE

Whole Team Hits and Runs Bases at Will and Backed by Support and Confidence of Student Body is Invincible.

LEETE GIVEN POOR SUPPORT AND IS TOUCHED FOR EIGHT HITS. KROECK'S THIRD AMHERST VICTORY.

ALFRED F. GAY AND RICHARD B. SMITH TO HEAD 1924 INDEX

1923 Books to be Ready For Distribution Very Soon.

Editor-in-chief Friend of the 1923 Index announces that the book is now being printed, and that copies will very soon be ready for distribution. Elections to the 1924 Board, which were recommended recently by the retiring Board and approved by Prof. Rand, are as follows: Editor-in-chief, Alfred F. Gay, Grotton; Business Manager, Richard B. Smith, Greenfield; Literary Editor Victor H. Cahalane, Charlestown, N. H.; Circulation Manager, Clifford L. Belden, Hattfield; Statistics Editor, Frederick S. Bartlett, Westfield; Art Editor, Russell Noyes, Newtonville; Photographic Editor, Elisha F. Bliss Jr., Springfield. The advertising manager will be appointed next year, and further elections to departments will be based on work done towards next year's book.

SANDOW '23 ELECTED NEXT YEAR'S DEBATING MANAGER

Flint Contest to Come June 23. Two Debates so far for Next Season.

Alexander Sandow '23 has been elected the new manager of Debating. He desires to have any prospective candidates for Assistant Manager report to him as soon as possible so that work can be started immediately after college opens next September.

A debate has already been planned between the next year's Freshman team and Salem High School to take place on December 8th. For the Varsity team, the manager has arranged a debate with North Dakota Aggie, to be held here in the early part of January 1923.

Special mention should be made of the Flint Oratorical Contest which will be on June 23, this year being a part of the Commencement Program.

SNOW AND BELDEN ELECTED MUSICAL CLUBS MANAGERS

The new manager of the Musical Clubs for next season will be Thomas L. Snow, '23, of Greenfield, and he will be assisted by Clifford L. Belden '24, of Hattfield. The matter of the annual spring banquet of the Clubs has not been decided upon as yet by the management.

M. A. C. ran up the biggest score an Aggie baseball nine ever made against Amherst on May 24, winning 12-1. This is the second time since 1900 that Aggie has won both games, the feat having been performed in 1914.

The Maroon players were confident of victory and this, together with their heavy hitting, assured a triumph. Leete kept cool in the pinches and used his head well, but he had very poor support and the others on the Purple team could not control themselves with men on bases. Harvard got but 4 hits off Leete in 9 innings while Aggie gathered eight in six innings. Without a doubt it was "Aggie's day" and they showed it.

The game was Kroeck's third victory over Amherst out of three games pitched against them. He allowed an average of one run per game and three one-third hits per game. Coach Jack-lisch of the Sabrinas called him the best pitcher which his team had encountered this season.

Aggie scored first in the second frame. Barrows walked, Gordon walked, Mose-

ALBERT W. SMITH '22
 President of Senate 1921-1922

HONOR COUNCIL ELECTIONS

Elections to the Honor Council, one man from each of the three lower classes, have been made as follows: From '23, Mason W. Alger, West Bridgewater; from '24, Harold D. Stevenson, Camden, Me.; from '25, Gilbert E. Case, Greenwich. The Honor Council, as it now stands for next year, consists of Roger B. Friend, Leverett S. Woodworth, and Alger from '23; William W. Wood and Stevenson from '24; and Case from '25.

TRACK MEETS

Continued from page 1

held by F. W. Whitney '13. Again in the Tufts meet Roger went around the track in 52 4-5, which was also better than the old record. Barker '25, threatened to erase the old high jump record of 5'7.5", formerly held by K. E. Gillett '08, in the Connecticut meet, but fulfilled his hopes by topping the bar 5'7.65" at New Hampshire. The mile relay record of 3'34 2-5" made by the 1921 team in last year's meet was bettered by a team composed of Acheson, Pelrice, Sullivan, and MacCreedy. The time was 3'28", and was declared a dead heat between M. A. C. and New Hampshire, though many figured M. A. C. the winner by a slight margin.

Though the track was in fair shape for the Tufts meet on Saturday, it was slightly heavy, and a light wind hindered any really good times. As in the triangular meet the javelin throw was eliminated, and of the thirteen remaining events, M. A. C. secured first place in all but four. Macchia of Tufts was high scorer for his team, winning two firsts and a third place. The events which created the most interest were the 220 yard dash, the half mile, and the 220 low hurdles, all of them being very close. Macchia beat Captain Sullivan in the 200 yard dash by a scant inch, and "Lev" Woodworth in the low hurdles topped the last timber a few inches in the lead of Allen, and by a final sprint won an exciting race. Don MacCreedy, besides taking first in the broad jump, ran away with an easy first in the 880. This looked like a close race, but Mac opened up a big lead over his opponent in the last quarter lap. John Lewandowski was Aggie's high scorer in the field events, taking first place in the discus and second in the shot put.

The summary:
Shot put—Won by Clutter, Vermont, distance 39.98 ft.; Connor, New Hampshire, distance 39.55 ft.; second; Hobar, New Hampshire, distance 37.8 ft.; third; Salmon, M. A. C., distance 36.26 ft.; fourth.

Pole vault—Won by Hewitt, New Hampshire, height 10 ft. 7 in.; Stafford, New Hampshire, height 10 ft. 4 in.; second; Chase, M. A. C., and Murray, M. A. C., height 10 ft., tied for third.

High jump—Barker, M. A. C., and Menke, New Hampshire, height, 5 ft. 7.66 in., tied for first; Cotton, New Hampshire, Acheson, M. A. C., Stand-cliff, Vermont, tied for third.

120-yard hurdles—Won by Draper, New Hampshire; Salmon, M. A. C., second; Gunn, New Hampshire, third; Adams, Vermont, fourth. Time, 1:04.5s.

100-yard dash—Won by Sullivan, M. A. C.; Cahill, M. A. C., second; Perry, New Hampshire, third; Reynolds, Vermont, fourth. Time, 1:02.5s.

Mile run—Won by Friend, M. A. C.; French, New Hampshire, second; Smith, Vermont, third; Gray, New Hampshire, fourth. Time, 4m. 39.

440-yard run—Won by Acheson, M. A. C.; Lawton, Vermont, second; Cotton, New Hampshire, third; Paine, New Hampshire, fourth. Time, 51 1-5s.

Discus—Won by Connor, New Hampshire, distance 114.1 ft.; McKerley, New Hampshire, Clutter, Vermont, distance 103.4 ft., tied for second; Tunney, M. A. C., distance 102.8 ft., fourth.

220-yard low hurdles—Won by Draper, New Hampshire; Woodworth, M. A. C., second; Alden, Vermont, third; Gunn, New Hampshire, fourth. Time, 2:01.5s.

220-yard dash—Won by Cahill, M. A. C.; Sullivan, M. A. C., second; Perry, New Hampshire, third; Brown, New

Hampshire, fourth. Time, 2:23.5s.
880-yard run—Won by Shepard, Vermont; MacCreedy, M. A. C., second; Alger, M. A. C., third; Coughlin, New Hampshire, fourth. Time, 2m. 1-5s.

Two-mile run—Won by Stevenson, M. A. C.; Friend, M. A. C., second; Pierce, Vermont, third; Higgins, New Hampshire, fourth. Time 10m. 22.2-5s.

Broad jump—Won by Connor, New Hampshire, distance 21.1 ft.; Stafford, New Hampshire, distance 20.7 ft., second; Zucker, Vermont, distance 19.68 ft., third; Woodworth, M. A. C., distance 19.18 ft., fourth.

One-mile relay—Tied for first between New Hampshire State (Draper, Cotton, Coughlin, Paine) and Massachusetts Aggies (Acheson, Sullivan, MacCreedy, Pierce); Vermont (Lord, Smith, Bixby, Lawton), third. Time, 3m 28s.

Summary of M. A. C. vs. Tufts:

100-yard dash—Won by Macchia, Tufts; second Cahill, M. A. C.; third Sullivan, M. A. C. Time—10 4-5 seconds.

Mile run—Won by Friend, M. A. C.; second MacCorkle, Tufts; third Alger, M. A. C. Time—4 minutes 43 seconds.

120-yard hurdles—Won by Salmon, M. A. C.; second Koplow, Tufts; third Nelson, M. A. C. Time—18 3-5 sec.

400-yard dash—Won by Acheson, M. A. C.; second Pelrice, M. A. C.; third Allen, Tufts. Time—52 4-5 seconds.

Two mile run—Won by Doherty, Tufts; second Stevenson, M. A. C.; third Joe Doherty, Tufts. Time—10 min. 25 4-5 seconds.

220-yard hurdles—Won by L. S. Woodworth, M. A. C.; second Downs, Tufts; third Salmon, M. A. C. Time—28 3-5 seconds.

880-yard run—Won by MacCreedy, M. A. C.; second Waskovitz, Tufts; third Alger, M. A. C. Time—2 min. 6 sec.

220-yard dash—Won by Macchia, Tufts; second Sullivan, M. A. C.; third Acheson, M. A. C. Time—23 1-5 sec.

High jump—Won by Barker, M. A. C.; second Sullivan, M. A. C., and Allen, Tufts. Height—5 ft. 3 in.

Shot put—Won by Petrone, Tufts; second Lewandowski, M. A. C.; third Tunney, M. A. C. Distance—34 feet 3 inches.

Broad jump—Won by MacCreedy, M. A. C.; second Tunney, M. A. C.; third Macchia, Tufts. Distance—20 feet 3-5 inches.

Pole Vault—Won by Murray, M. A. C.; second Paddock, M. A. C.; third Chase, M. A. C., and Muir, Tufts. Height—9 ft. 6 in.

Discus throw—Won by Lewandowski, M. A. C.; second; Tunney, M. A. C., third; Petrone, Tufts. Distance—112 ft. 5 in.

FORMATION OF QUINCY CLUB

RENEWS OLD AGGIE CUSTOM

At a meeting in the Memorial Building, May 23, a type of society extinct at Aggie since the war made its reappearance in the formation of a Quincy Club, composed of Quincy men now at M. A. C. There were many such clubs upon the campus before the war. The large number of men who come to Aggie from Quincy makes such an organization very much worth while.

The following officers were elected: President, Robert Barrows '24; vice-president, Arthur Nicol '24; secretary, Trescott Abele '23; treasurer, Raymond Blanchard '22; chairman executive committee, John Holtean '24; faculty advisor, Harold M. Gore '13.

There'll Never Be a Better Time

for you to step out in a pair of our white flannels with a good looking, good feeling Straw on your head. These two seasonable items are certainly going big, and we are not surprised. The combination of looks, quality and price is certainly a hard one to beat.

WESLEYAN BASEBALL GAME

Continued from page 1

town nine, not to be outdone, tied the score in the next frame. Howarth made first on an error, went to second on Robertson's sacrifice, and scored on Fricke's triple over Buck Sargent's head. The ball rolled almost to the fence but good throwing and relaying held Fricke on third.

The Aggies promptly scored another in the last half of the ninth. Two were gone when Nicoll came to the plate. He singled to left field and made second on an error by the catcher. Cahill reached the initial sack on an error by the opposing third baseman and Nick scored. For an inning neither side could cross the plate, but in the seventh Gordon drew a pass and went to second on a passed ball. Marshman and Nicoll were passed in succession, filling the bases. Cahill singled to right field, scoring Doe, but the catcher held Willie on third. Nicoll, not seeing this, also went to third, whereupon Marshman tried for home. But the second's hesitation was too costly. The right fielder had thrown to the catcher who, with the third baseman, ran him down between the bases, leaving Art on third and Carl on second. The succeeding batsman fled out, however, finishing the inning.

In the last of the eighth the "white-rats" scored again. With two gone Barrows tripled to deep right and scored on an error by the catcher. The visitors threatened to score again in the first of the ninth, when they got men on second and third with one gone. Two snappy infield outs, Nicoll to Marshman and Kroeck to Marshman, finished the game and pulled the team out of a pinch.

Monday evening before Memorial Day the women students gave a dance in celebration of their new tennis court behind the Abbey. Searchlights from the dormer windows gave light to the court, while Bob Woodworth and Duncan furnished music. Punch was served between the dances. Twenty couples attended, and Mr. and Mrs. Gore and Mrs. Hicks were the chaperones.

After the ceremonies, the men and the crowd, including several hundred townspeople, gathered in Bowker Auditorium while General Edwards spoke. With a short sketch of the work of Dr. Joel E. Goldthwaite, M. A. C. '85, in rehabilitation work in France, he began a brief history and biography of men and men's characters as he saw them in France. Passing from the past to the present, he spoke of the need of

GEN. EDWARDS' VISIT

Continued from page 1

Several hundred people had gathered to see the review, and when at 2-30 the erect, commanding figure of the General stepped from the machine, the troops were lined up at attention waiting for the word to start. The troops, two of dismounted men and the third mounted, were brought up into a perfect line, and the squadron was presented to the General by Cadet Major Harold E. Wensch '22.

The five men who have completed the four year course in military now left their commands and marched to the front, taking positions before the General. He spoke to them, just a few words in appreciation of their loyalty and courage, and urging them to ever be ready to serve their country in any crisis which may confront us. He then handed to each man his commission as a second lieutenant in the Reserves, which will go into effect upon being signed by the President of the United States on or before June 27, 1922. The cadets to receive commissions were: Cadet Major Harold E. Wensch, '22, Cadet Adjutant Melvin B. Hallett, '23, Cadet Captains Frank A. Gilbert, Jr., '22, Robert H. Beckwith, '22; and Ezra A. Pickup '22.

General Edwards, escorted by his staff, now went down the line of men, speaking first to the drum and bugle corps, and telling them of the loyalty and courage displayed by members of the music corps while in action in France. Next passing to the first troop of dismounted men, he inspected each one, and asked him what his name was, where he was from, and in fact took an active personal interest in each one. He straightened shoulders, both actually and mentally by his firm touch and crisp words, and made the men feel as if they had come in touch with the fighting spirit of America. So on down the next troop, and to the mounted troop, first serious, then cracking a joke, but something for every man.

The General, now back at the reviewing stand, asked to have the squadron reviewed, and the three troops, in column of platoons, passed the stand. The State and National colors received their due as they passed him. The General then requested that the troops review again at the double, and in spite of the heat and the fact that there has been no double-time practice, they did it well. The mounted troop then cantered and galloped in review.

Captain Brady has worked hard to bring the squadron to the best possible form for this review, and much credit is due to him for the training and effort he has expended. Major Kohbe has whipped his mounted men into splendid shape in the short time he has had, and they showed the results of expert training.

After the ceremonies, the men and the crowd, including several hundred townspeople, gathered in Bowker Auditorium while General Edwards spoke. With a short sketch of the work of Dr. Joel E. Goldthwaite, M. A. C. '85, in rehabilitation work in France, he began a brief history and biography of men and men's characters as he saw them in France. Passing from the past to the present, he spoke of the need of

the changing of the modern "sloucher" who hangs around the street corners into a man who is capable of helping out in defence of his country if the call comes. The citizen's training camps, the R. O. T. C., and the Reserves and National Guard all train men, and the General urged strongly that men who are able take advantage of every opportunity to get training in the military line. With closing stories about the character and pluck of Americans in peace and war, the General again urged American young men to be ready for the call to arms when it came. Cheer after cheer called him back to salute, and then the hail rang with a rousing cheer for Edwards. Aggie showed him her best, and the men who met him will never forget his visit, which honored us as much as we tried to honor him.

DR. ALEXANDER SECURED FOR ENTOMOLOGY DEPARTMENT

Dr. Charles P. Alexander of Urbana, Ill. has been elected Assistant Professor of Entomology at the Massachusetts Agricultural College, to fill the vacancy caused by the resignation of Dr. W. S. Regan last fall. Dr. Alexander is a graduate of Cornell University, and since graduation has taught at Cornell, the University of Kansas and the University of Illinois; for two years was in charge of the insect collections at the University of Kansas, and for the last three years has been connected with the Illinois State Natural History Survey, in charge of their collections. Dr. Alexander has specialized in systematic entomology, particularly on the flies, and his work on this group is recognized as most valuable, both in this country and in Europe. He will assume his duties at the college next September.

Placing the Blame.

"Always cradling the Freshmen?" "They have nothing else to do I guess!" The above witticisms are an extract from the conversation of several Freshmen at the recent Kappa Party when one of the speakers dared drop a few derogatory remarks about the Class of 1925. The sentiment expressed seems to be typical of the attitude taken by Freshmen this year. In the past, classes have weathered the cradling without serious effects and 1925 has the ability to profit by the advice given them.

On the contrary, this year words are of no avail. The head of the Athletic Department has urged, warned and almost implored the Freshmen to perform the necessary work on the athletic field, work which tradition has always said should be done by the entering class. Pleadings of such a nature should not have to emanate from this source. Appeals to college spirit are useless. It is a class does not know what college spirit is, how can appeals from this angle be expected to strike home? There are enough examples of the lack of college spirit and its effects on college activities to make even the lightest-minded beware.

The upper-classes are largely to blame for it is only from those already in college that the newcomers form their opinions. When the present Freshmen arrived on the campus they were lead to believe that they were the best class that ever entered M. A. C. From listening to undergraduate conversation lately, they cannot reach a similar conclusion—but the damage has been done.

Not only the upper-classes, but the faculty as well, must share the guilt. By the strong pressure brought to bear on the Interfraternity Conference, the second-term rushing season was installed. The yearlings were left to their own resources, almost wholly apart from the major portion of the student body. It was not hard to fall into an independent frame of mind.

1925 has no just cause to believe its superiority. Not a class contest has it won since entering college. Even the Juniors have been wary about encouragement because of the self-evident fact that success would completely turn the Freshmen's mind. The remedy for this situation is simple. Less talk, less egotism, and a greater interest in college affairs coupled with the willingness to work offers a solution not difficult to follow.

A Study of Colleges.

In his studies of colleges in general John Palmer Gavit has attracted a great deal of attention; first because of the conspicuousness of the institutions visited and secondly because of the soundness of his views as a thoroughly broad-minded investigator. Harvard, Yale, Princeton and Dartmouth have been on his calling list and discussed in very inspiring articles. While answering the question "Why is a college?" and "Why is this college?" definite studies have been made of these four institutions so that a complete understanding of their ideals and the effects on student life and student minds has been given.

However, has Mr. Gavit chosen widely enough in his studies of the types of institutions? It is true that each of the colleges touched upon are different in admiration and the deep essentials, but it is also true that the general range of subjects taught is more or less coincident. Colleges of a technical nature have been left out of consideration. As a result there are many questions which will remain unanswered regarding student life. Then again where are the leaders of technical institutions to be placed in the field of education?

It is too arbitrary to assume that a study of one type of college will be typical of all. Conclusions reached in this manner are often misleading. "Why is a college?" includes every college, small as well as large, and at present the small colleges have received no attention. A much greater influence on the life of the individual student makes them worthy of close observation. In order to give an entirely hypothetical analysis of a college, Mr. Gavit should show greater discrimination in his choice of institutions to cover all phases of college life.

The Best is None Too Good.

Winter entertainments are a source of unusual interest to the student body. The Social Union has endeavored to fill this need by a series of concerts, numbering ordinarily about nine. A year ago the concerts arranged were excellent both individually and collectively, the impression left being one of satisfaction. During the past winter the final impression was not as pleasant by any means. Many of the entertainments were very mediocre and some were absolutely inferior. Results of the vote taken by the students proved that this was the consensus of opinion.

The Aggie Review was the most popular for obvious reasons. Next in order stood the Havens Trio and Mr. Philadelph Rhee. The other entertainers were far below these three in number of votes recorded for first place. Evidently the best quality entertainments are very much appreciated. Incidentally, those toward the head of the list were the highest paid. Furthermore, three-fourths of the students are in favor of Social Union entertainments being held once a month and of better quality. There can be no doubt of what the student body wishes.

In following out the desires of the majority those in charge encounter difficulties not generally observed prima facie. On the whole there are two distinct classes of entertainments, one of the small town type offering services at \$50 to \$100 an evening, and at the other extreme there is the high class type bringing \$300 and up. Almost all entertainments lie in those well defined groups. Unfortunately M. A. C. must of necessity choose from the small number falling between these two.

A second problem looms up next which is rather difficult to solve. Professional entertainers are well organized and usually their services are in the hands of agencies who contract with them for a complete season and then arrange a tour starting perhaps from California where the party remains until its engagements are fulfilled, then move on to the next section of the country. Whether the party will reach Amherst at the time when a concert may be arranged is the main problem.

A year ago the best entertainments were drawn from this small intermediate group available to M. A. C. and many were of such a nature that they could not be very well repeated the next consecutive year. In addition some of the old standbys have been lost through death. Leland Powers and John Kendrick Bangs have recently passed away.

The entire Social Union program must be arranged in the spring before the close of college and the committee is not ready to assume its duties until very late. This year the difficulty was greatly alleviated by an earlier election of the Senate than usual. Working under such handicaps the Social Union has a man's size job on its hands to secure the entertainments most enjoyed and most desired. If the results are not entirely satisfactory then too much adverse criticism should not be forthcoming, and on the other hand, an excellent program should warrant the highest praise.

TWO YEAR NINE DEFEATED BY ROSARY AND DEERFIELD

Fast Holyoke Team Piles Up Runs at Will During Whole Game.

The Two Year baseball team suffered a severe 17-3 defeat at the hands of the fast Holyoke High School nine on Tuesday, May 23, in a home game. The Holyoke team began the slaughter in the second inning when they drove seven runs across the plate before the local men could stop them. In the last half of the game frame the Two Year men fought to pile up as many tallies as the visitors had, but were held up after they had gathered four counts. Two bases on balls, the only ones the Rosary pitcher allowed in the whole game, two base hits by Gramman and Diebner, and a triple by McKenna were the factors that counted in bringing in the Two Year runs.

The line-up:
Rosary H. S.—Green rf, Crowley c, Walker 3b, O'Donnell lf, Carrol ss, Fitzgerald 1b, Sullivan 2b, Canley cf, Mack p.

Two Year—Wells 2b, Bartholomew lf, Smith 1b, Breivogel ss, Gramman cf, Adair p, Green 3b, Diebner rf, McKenna c.

Close Game Goes to Deerfield in Last of Ninth Inning.

On Memorial Day afternoon the Two Year team lost a close game to Deerfield Academy at Deerfield by a 7-6 score. In the first two innings, it looked as if the Deerfield boys were going to run away with the game when they made two and three runs respectively in each of the innings.

We cordially invite your patronage.

The Short Course men were slow in getting started but scored two in the fifth frame and then three more in the eighth, which put them one behind Deerfield, since they also scored one run in that same frame. In the ninth, a base on balls gave the Two Year men a run which tied up the score, but Roche's hit and two bases on balls were enough to give Deerfield the winning run.

The line-up:
Deerfield—Roche 3b, Van Petersdige 2b, Snodgrass p, Robinson 1b, Atkinson c, Russo lf, Butterfield cf, Jacobson rf, MacKay ss.

Two Year—Wells 2b, Gramman 3b, Breivogel ss, Bartholomew lf, Adair p, Curtiss c, Green lf, Diebner rf, Cliff cf.

VARSITY TAKES QUEER GAME FROM CLARK IN THE NINTH 7-6

Fresh Pitcher Fails to Stop New Team of Subs Which Coach Gore Tries Out.

M. A. C. won a weird game from Clark here May 27, by a 7-6 count. Coach Gore used 15 men in the game while Gordon was the only player who lasted into innings in the same position. The whole second team got a chance and showed up well, making only five errors and showing the results of strenuous practice.

As was expected, the wingers of the Maroon forged ahead at the beginning of the game and Kid Gore saw a chance to give his subs a chance in a real game. He sent in substitute after substitute without making any marked effect on the work of the team. Naturally some of them were nervous at their new positions and in their first game of collegiate ball, and this helped Clark to score; but the old Aggie spirit was in the right place and in the end the best team won.

Scoring started in the second when Fletcher of Clark donned to left field, went third on a passed ball, and scored on Holmes' double. In the last half of the game M. A. C. crossed the plate twice. Kroeck was hit by the pitcher, Barrows was safe at first on a holder's single to left. Marshman reached first on an error and Nicoll singled making three runs for the inning. In the fourth the home team scored two more on Nicoll's single to left, Sargent's double to center, and Collins' single.

The sixth was Clark's big inning. Starting off with the head of the batting order up, Fowler struck out, Shultzebs singled to left, Colwell duplicated the feat of his predecessor, Winn was safe on an error, D. Prince singled to right, Holmes singled over shortstop, and the end of the inning found the visitors with four more runs to their credit and the score 5-5. The Aggies wiped out the tie in the second half when Nicoll reached first safely on an error, stole second, went third on Cahill's infield grounder, and scored on a pitcher's error.

In the ninth Clark found themselves facing an entirely new team and managed to tie the score when R. Price reached first on an error and scored on two more. Clark sent out a new twirler

to face the Maroon in the last half of the ninth but the subs were right at home with him. He walked the first man, Haskins, who, however, was thrown out at second. Collins then reached first on a fielder's choice, stole second and went third on Kroeck's single. Kroeck stole second and Gordon walked, filling the bases. Kane then got four balls called on him, forcing in the winning run and finishing the game.

SOPHOMORES HAVE PERFECT SCORE IN INTERCLASS SERIES

The Sophomore class baseball team has had a winning streak in the interclass series by taking three games in a row. On May 17 they outclassed the Freshmen by a 5 to 2 score. Tuesday, May 23, they played off the scoreless tie with the Seniors and defeated them by a 4 to 0 score. The Sophomores gathered six hits from Haskins, while a three-bagger by Bent was the only hit that the Seniors secured. Gifford swung a heavy stick for the Sophs, getting two hits, one of them being for three bases.

The Juniors were blanked by the Sophs 3 to 0 on last Wednesday. The first inning was the big one for the '24 team and they scored their two runs that won them the game. Regan had a perfect evening at the bat, getting a pair of hits that were timely. Brunner besides pitching good ball connected for a single that drove in one of the runs.

HIGH SCORING BUTTER

Good butter cannot be made from poor cream, neither can careless or unsanitary methods of manufacture produce high scoring butter.

Nevertheless there are superior brands of butter which bring the high est market prices.

These high quality results obtained by careful processes which keep the fine flavor of cream in the finished product, are greatly assisted by the sweet, wholesome, safe, sanitary cleanliness which the use of

provides in thousands of creameries the country over.

So quickly and easily does this cleaner clean, purify, and sweeten cans, separators, pasteurizers, holding tanks, and general dairy equipment, that the highest degree of protection is insured to quality products and much effort and labor saved.

FRESHMEN LOSE TO CENTRAL HIGH OF SPRINGFIELD, 9-6.

Visitors Never in Danger After
Running Up Six Run Lead in
First Inning.

The Aggie Frosh baseball team lost a hardfought game to Central High School of Springfield on Alumni field Tuesday, May 30th, to the tune of 9 to 6. Central proved to be the masters throughout and they were never in danger of losing the tilt. Six runs in the first inning was too much for the home team to overcome as the resulting score shows.

Barker pitched good ball for the Freshmen, striking out ten and passing only three, while Hamilton went him one better by striking out fifteen and also walking three.

FIRST BASEBALL AND TRACK MASS MEETING HELD IN YEARS

Last Friday evening witnessed one of the best mass meetings the college has seen for a long time. Headed by Aggie's Own and a two-piece band, the parade down Pleasant Street quickly grew to a large number, and upon reaching the Drill Hall a huge pile of boards and barrels unrolled by Captain Myrick and the Freshmen was touched off and formed a warm background for the speaking and singing.

It was the first baseball and track meeting that has been held in years. The speakers were Curry Hicks, Kid Gore, Hubba Collins and Jules Kneek representing the baseball nine and Don MacReady for the Track Squad. Each of the speakers touched upon the hard work which members of both teams have put in during the spring, and of the increased interest being shown in track, despite several early season defeats. The fire was still making a good blaze when the crowd broke up, after singing several songs and trying a new yell, the "Long Growl" originated by Cheer Leader Connie Wirth.

AMHERST FACULTY GUESTS AT MEMORIAL BUILDING

Dancing by Co-ed Class and Informal
Get-together Make a Pleasant
Reception.

The M. A. C. faculty gave a reception last Thursday afternoon to the Amherst

College faculty, in the Memorial Building, at which about 200 were present. The girls' class in physical education gave a number of folk dances for the entertainment of the guests. These were performed on a wooden platform on the lawn in front of the building, and chairs for the guests were placed close by, facing the platform. A number of Old English folk dances were

given, and also several other folk dances in native costume. Miss Martin '23 gave the Humoresque. After the dancing the guests assembled inside and met one another informally. Orange sherbert and cakes were served. The building was prettily decorated with columbines, iris, and foxglove. The entire reception was in charge of Mrs. Curry S. Hicks.

"Best Paid Hard Work in the World"

IS the way a JOHN HANCOCK salesman described his work. He is a college graduate and in five years has put himself at the very top of his business.

He never yet has called upon a prospect without a previous appointment. The best life insurance salesman today work on that plan, making it a business of dignity, such as any worthy and ambitious college graduate can find satisfying to his mental needs, and highly remunerative as well.

The man above quoted is the John Hancock's youngest general agent. This shows what college graduates of the right type can do in this business, how they can build up earning power and at the same time provide for an accumulated competence for the years to come.

Graduation is a vital period in your life and you are liable to hold to the business you start in. It would be well before making a definite decision to inquire into life insurance as a career. Address, "Agency Department."

DEERFIELD'S SPEEDY NINE SHUT OUT BY FRESHMAN TEAM

Getting back into their regular stride once more after a defeat by the Central High team the Aggie Freshman baseball team took a well played game from the Deerfield Academy team by the score of 3-0 at Deerfield last Saturday afternoon, June 3. While Snodgrass outdid Barker on the mound, Barker realized the better support and brought his team through with a win. Much credit is due this lanky twirler as he rushed to Deerfield immediately after competing in the track meet against Tufts on Alumni Field.

Deerfield completed a pretty double play in the second inning when, with Taylor on second, Rowley drove out a single and Taylor attempted to make home, but was caught at the plate, Van-Petersburg to Atkinson. In the meantime Rowley tried to make second, but was nipped by laches in a perfect throw from Atkinson to MacKay.

MONSON ACADEMY ADDS ONE MORE TO LIST OF FROSH WINS

"Huck" Love Twirls Well In His
First Game, and Timely Hitting
Gives 8-1 Victory.

The Freshman baseball nine kept up their winning streak by taking a game from the fast Monson Academy team at Monson by the score of 8-1. This was

Love's first game on the mound for the Freshmen, and he showed the ability to keep cool in the pinches.

A feature of the game was a double play by the Freshmen in the sixth inning. With Pena on first, Brian hit to Crosby who stood on the bag and threw to first completing the play. Love struck out 13 against Albro's six and both walked three. Taylor and McGuire both puled out long hits which went for two bases each.

AMHERST GAME

Continued from page 1

ley grounded out to the third baseman, and Marshman almost caused a riot with his triple to deep right field, scoring Bobby and Doe for the first two tallies of the game.

In the third Collins drew a pass, went second and third on a passed ball, and scored on Kroek's single. We scored again in the fourth when Barrows doubled, Moseley doubled, and Marshman and Cahill reached first safely for a total of three runs.

Capt. Collins started off the fifth with a triple and scored on Kroek's grounder.

In the sixth Moseley struck out, the catcher dropped the ball, and Mose was safe when the first baseman muffed the throw. He went second and third on a passed ball and scored on a wild pitch. Nicoll tripled and scored on Cahill's sacrifice.

In the last of the seventh Sabrina sent across its lone tally. Eames walked, made third on Wood's single, and scored on a passed ball. The first half of this frame, with the first half of the first, were the only two innings in which M. A. C. did not score.

In the eighth Moseley singled, Marshman singled, Sargent beat out an infield hit, and Collins made first safely for a total of two more runs. In the ninth the Maroon finished up the bat-fest when Barrows singled, Gordon made first on a fielder's choice and Barrows was retired. Doe then stole second, third, and home for the final score of the game.

The summary:

FRANCES MARTIN '23 TO HAVE LEAD IN COMMENCEMENT SHOW

For the Roister Dusters an unfortunate event has taken place. Marion Slack '24, who played her part so well in "Clarence", has become ineligible,

and will be unable to perform in the Commencement Show. Frances Martin '23, who starred in the 1923 Freshman Play and the last Commencement Show, "John Kipp", has been chosen to replace Miss Slack. As the play will be given June 23, she has some hard work to do, as she is playing one of the leads.

Tickets are 50 cents, 75 cents, and \$1.00, on sale *final week* in the Roister Duster Office, and at Denel's Drug Store on June 22 and 23.

*E. R. Newton is training non-miner community leaders in The Cane Creek Community Center, Pippass, Kentucky.

DR. GAGE AND CLASSES HIKE TO MONTAGUE FOR SUPPER

Thursday afternoon Dr. Gage and his combined classes enjoyed a very pleasant hike to Montague. The group of about 20 students left town at 12:30, and went to Sunderland on the car. They then hiked to the Crow's Nest, where they rested a while and played games before going down the other side of Toby into Montague. At the Montague Inn a delicious supper was served to the party. Games and songs were enjoyed after supper, and then the enthusiastic crowd returned to Amherst by auto and trolley, arriving a little after nine.

STOCK JUDGERS COMPLETE SUCCESSFUL SERIES OF TRIPS.

Last Saturday the Advanced Stock Judging class took the last trip of the year to Shelburne. "Ken" Barnard's farm was visited; "Steve" Dole's was next in line, at which the best dinner the class has had on any trip was served. When it was time to look over the cattle, everyone found difficulty in moving. Four rings were placed here, and then the class moved on to "Rusty" Taylor's, where three more rings were accounted for. The trip applied to Shorthorn only. It was the best trip of the year, and it included the whole Annual Husbandry Department.

It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camels for years before we put them on the market. Years of testing—blending—experimenting with the world's choicest tobaccos.

And now, EVERY DAY, all our skill, manufacturing experience and lifelong knowledge of fine tobaccos are concentrated on making Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY. And there's nothing else like Camels wonderful smoothness, fine tobacco flavor and FREEDOM FROM CIGARETTY AFTERTASTE.

That's why Camel popularity is growing faster than ever.

A better cigarette cannot be made.

We put the utmost quality into THIS ONE BRAND.

TRACK SQUAD LOSES FOUR SENIORS BY GRADUATION

Sullivan and MacCready High Point Getters for the Season. Prospects Bright for Next Year.

With the trouncing of the Tufts cindermen on Alumni Field on Saturday afternoon, June 3, the Aggie track team under Captain "Joe" Sullivan wound up a very satisfactory season. The schedule consisted of two dual meets, with Connecticut Aggies and Tufts, a triangular meet with New Hampshire and Vermont, and participation in the Eastern Intercollegiate at Springfield, and the New England Intercollegiate at Worcester.

A great deal of credit is due the team which has developed so well this season under Coach Derby. Capt. Sullivan has been a good leader, and his consistent work in the last three years has added many victories for M. A. C. to be proud of. Roger Acheson is another graduating Senior whose loss will be keenly felt, for "Archie" is the best quarter-mile ever developed here. The other two Seniors to be lost are John Lewandowski who has been one of the strongest representatives in the weight events, and Myron Murray, who competed in the pole vault this spring.

The season has brought out a number of men of unexpected ability, and track at Aggie has a bright future. MacCready, Friend, and Alger will have one more year to show their speed, and Stevenson '24, looks good for a future two.

TALKS BY M. A. C. PROFESSORS HEARD BY MANY OVER RADIO

Series of Six Lectures Broadcasted from Springfield Last Week.

M. A. C. first made use of the radio-telephone last week in an official capacity when a series of lectures was given from the Westinghouse station in Springfield by M. A. C. professors.

President Butterfield took as his subject "The Farmer's Opportunity", and explained why the farmer faces the greatest opportunity of his career with the return of normal business conditions. He emphasized the value of co-operation, the need of better markets for farm products, and the availability of agricultural education for those who wish it, through extension work and state agricultural schools.

Prof. L. R. Grose of the Department of Forestry discussed the subject "Catching up on Our Forest Reserves". A plea for conservation and sane handling of the trees of the United States, with examples cited showing what the lack of such care will do, was backed up by the assurance that in

ANNUAL SUMMER SCHOOL TO BE HERE JULY 10 TO AUG. 5

Normal School Course to be Discontinued. Prospects are for Large Enrollment.

The fifteenth session of the M. A. C. Summer School here will open on Monday, July 10, and last till Friday, August 5. Regular members of the college teaching staff, assisted by outside lecturers will give the instruction. Practical and intensive courses in agriculture, horticulture, and home economics as well as many others will be offered, and an institute for advanced study in Agricultural Education, conducted by Prof. Hart, Prof. Welles, and Mr. Heald, State Agent, will be a feature. The normal school course usually offered, and which in past years has attracted many school teachers to the college, will not be continued this year.

Indications are that the enrollment in this school this year will be unusually large. All New England summer schools are commencing late this year, owing to the meeting of the National Educational Association in Boston.

BOSTON COLLEGE BUNCHES HITS FOR 4-0 WIN SATURDAY

Varsity Plays Excellent Ball, Touching Mullowney for Eight Hits, Three by Moseley, Two by Cahill.

In a close, exciting game, featured by the paucity of errors, Boston College won the first game which a visiting team has captured on Alumni Field in two seasons last Saturday by the score of 4-0. Only one error marred the cleanliness of play and, considering the amount of hitting and the wetness of the field, this was truly remarkable. The Aggies threatened several times but Mullowney came through in the pinches and shut out his opponents. All the damage was done in the fourth and fifth innings when the visitors garnered six hits and two walks.

Cahill, the first man up for the Maroon, singled, went second on Sargent's bunt and third on Collins' infield grounder, but the side was retired before he had an opportunity to score. Thereafter neither team had a chance until the fourth. Then Hattigan singled to left. T. Phillips reached first on an error, and Wilson singled to center, scoring Hattigan and sending Phillips to third. Comerford sacrificed, scoring Phillips.

In the next frame, with one gone, Palmer walked. Hattigan singled to "Hubba," who threw to third perfectly and Cahill dived into Palmer's spikes for the second out. However, Phillips singled to left and Wilson tripled for two runs more. Hereafter neither side seemed able to score. The milk

COMMENCEMENT PLANS FOR JUNE 23-27 NEARLY READY

Classes of '72, '12, '17, and '20 to Hold Forth in Reunions. Tufts Game Sure to be a Fine Contest

The Alumni Day celebration holds an important place in the Commencement program for 1922, with the interest centering around the class of 1872, whose fiftieth reunion takes place on Saturday, June 24, Alumni Day.

Instead of the Inter-class Sing usually held Friday evening, the Senior Class has planned a program of old college songs, new college songs, and novelties which will delight and entertain those who hear.

With the presentation of "You Never Can Tell" by a talented student cast in Bowker Auditorium on Friday evening, the Alumni will be entertained preparatory to the business to be transacted on Saturday. It is planned to start the meeting at 9:30 a. m. in Memorial Hall. Reports for the year of the Secretary, Treasurer and the Memorial Building Committee will be read. Some of the questions to come up for discussion are of interest to all M. A. C. alumni as over the United States, especially that one as regards the continuance of World Aggie night in various cities. Finances of the association will be discussed and arrangements made for the coming year, including the election of officers. President Butterfield and Professor Hicks are to speak, and doubtless many others who have not made any definite answers will have important matters to bring up.

The meeting will adjourn to Draper Hall, where the Alumni will join the Senior Class at lunch. Here the co-operation of the Seniors who are about to become Alumni will be asked.

The Grand Alumni Parade starts at 2 p. m., with the Class of 1872 having the post of honor at the front. Marching with a band to Alumni Field, and parading around before the game, the alumni will finally settle down to see the battle with Tufts.

HONOR COUNCIL OFFICERS

At a meeting of the Honor Council held June 8, officers for the next year's council were chosen as follows: President, Roger B. Friend, Dorchester; Alpha Gamma Itho; secretary, Leverett S. Woodworth, Newton; Phi Sigma Kappa.

TODAY'S ASSEMBLY

At the last Assembly of the year this afternoon the Student Body will be addressed by President Butterfield. Members of the Musical Clubs will meet in the rear of the auditorium after assembly to elect leaders for next year. Elections to the informal committee will also be held today.

SYRACUSE DOWNED AFTER LEADING THREE INNINGS

Varsity Nine Grabs Exciting Game by Dint of Timely Hitting in Sixth and Thereafter Holds Visitors Scoreless.

The Maroon and White nine trimmed Syracuse in one of the best games seen on Alumni Field in years here last Wednesday with a score of 4-3, each team scoring in but one inning. The game was close and exciting throughout, the visitors being in the lead for three innings. Sargent's triple with Cahill on second was perhaps the most satisfying part of the game, from Aggie's standpoint.

In the second inning Syracuse made an attempt to score. With one gone the next two men got on on errors. A snappy double play, Moseley to Nicoll to Marshman, dashed their hopes, however. In the next frame the first man for the visitors fell before Jules' hooks but Barry reached first on an error. By the same route he reached second when Gallagher reached first on a fielder's choice. Conghlin walked, tilting the bases. Frongone knocked a slow grounder to Cahill who threw home, retiring Barry. Maloney then doubled to left field, scoring the three on bases. This finished the scoring for Syracuse.

Both teams were held in check until the sixth. With one gone Cahill singled to right, stole second and scored on Hunk Sargent's triple to the right field fence. Collins bunted, sacrificing Hunk across the plate. Kroek singled to left, and Barrows reached the initial sack on an error. Jules making third. After the first and third had gone through Gordon singled, scoring Jules and Bobby. He was caught immediately afterwards trying to steal and retired the side. Thereafter the game was scoreless.

Syracuse threatened again in the seventh when Granal walked, went to second on a sacrifice and third on a fielder's choice, but Nicoll pulled down a fly for the third out in the nick of time to save the game from extra innings. In the eighth Maloney and Kellogg both singled, but to no avail.

In the last of the eighth Collins was safe on an error and went to second and third when Kroek reached first in the

Continued on page 2

The annual meeting of the Associate Alumni will be held Saturday, June 24, at 9:30 a. m., in Memorial Hall, to elect officers, hear reports of Secretary, Treasurer and Committees; adopt a budget for the year; vote on continuance of World Aggie Night; and consider such other business as shall be presented.

SUMNER R. PARKER, Secretary.

TRACK REVIEW

Continued from page 1

miter. Four Freshmen, Barker, Cahill, Peirce and Salinan having been placing regularly this spring.

Due to the fact that the college authorities prohibited the hammer throw, the Nutmegs were able to come out on the long end of a 72-63 score, just the handicap which they received on account of the above mentioned event. "Cap" Sullivan and "Lev" Woodworth were the shifting lights of the meet for Aggie. At the Easterns in Springfield on Saturday, May 13, Sullivan, MacCready, and Friend placed fourth in the 220, 880, and two-mile events respectively. In each of these events the winner lowered the Eastern meet record. In the morning, MacCready qualified for the finals in the broad jump, and Murray in the pole vault, but neither of the two placed. The following week, "Sniffie" qualified for the finals in the 220 at the N. E. Intercollegiate, and almost placed, coming in a close fifth. Acheson got in the 440 final but couldn't get by the field at the finish. In the triangular meet at Durham, Coach Derby's charges were leading by two and one-half points up to next to the last event, but lost out in the broad jump, getting only a fourth place in that event. This enabled New Hampshire to win by a margin of 4 1-2 points, the final tallies being: N. H. 64 1-2, M. A. C. 60, and Vt. 27 1-2. In this meet the Aggie 220, 440, high jump, and mile relay records were broken, and the record was equaled.

Summing up the two dual meets, statistics show that we scored 141 1-2 points to 110 1-2 by our opponents. At Durham, we scored 60 points against a two-opponents total of 92, and in the whole season, 204 1-2 points were scored by 22 men.

Although we lost through graduation four good men in Captain Sullivan, Acheson, Murray, and Lewandowski, prospects for next year are favorable. Material is promising in the 100 and 220 yard dashes; besides Cahill, who recently broke the college record, Isaac and "Bob" Woodworth are probably the best in these two events. In the 440 we are fortunate in still retaining Irish and Peirce. "Gil" was not heard of much this season, owing to an unfortunate infection development in his foot, but should be a high scorer next year. In the half-mile run, MacCready and Alger should be able to garner points for the team. In the mile there remain Friend and Loring, while in the two-mile we still have Bates, Friend, and Stevenson. For hurdlers, there are "Lev" Woodworth, Hill, Nelson, and Salmon. The broad jump should add to our total scoring considerably, as MacCready, "Lev" Woodworth, and Tumey will be on hand, and the same may be said of the high jump with such participants as Barker and "Lev" Woodworth remaining. More men are needed in the pole vault, although Paddock and Chase have shown considerable development in this department. In the shot-put and discus, there remain Tumey, Alger, and "Ken" Salinan.

Points scored this season:

Sullivan,	28	Peirce,	8
MacCready,	21	Alger,	7
Acheson,	19	Murray,	6 1/2
Woodworth,	19	Hill,	5
Friend,	15	Smith, A. W.,	3
Barker,	14	Paddock,	3
Tumey,	11	Chase,	3
Cahill,	11	Salinan,	2
Salmon,	10	Isaac,	1
Lewandowski,	8	Bates,	1
Stevenson,	8	Nelson,	1

BOSTON COLLEGE GAME

Continued from page 1

was split, however, and M. A. C. was shut out.

No B. C. man got beyond first for the remainder of the game. Aggie threatened in the eighth and ninth. Nicoil walked in the eighth, Cahill singled sending Nick to third and then himself stole second. With two men on and none out it seemed sure that a run would cross, especially since the heavy hitters were up. "Huck" and "Himble" fanned, however, and Jules tied to right field. In the ninth with one out Gordon singled, went second on Moseley's single, but was caught off second when Marshman tied out to center field, thus finishing Aggie's chances with a double play.

The Power Plant will undergo some changes during the summer months, and be in tip-top shape for service next winter. Two of the boilers have been taken out, and will be replaced by larger stoker-fed boilers. These are of the Heine Water-tube type and are of 400 H. P. One new turbine will also be installed. This work is all being done by the men employed at the plant.

COMMENCEMENT SHOW THIS YEAR IS "YOU NEVER CAN TELL"

Experienced Cast and Excellency of Play Should Prove a Big Drawing Card.

Friday evening, June 23, at 8 p. m., the Roister Drolsters will present the annual Commencement Show, this year G. B. Shaw's "You Never Can Tell" being offered.

Like many of Shaw's plays, "You Never Can Tell" is English in its flavor, but is unusual in its interest. Shaw presents in an extravagant manner with exaggerated characters a satire on modern social phenomena. Although intellectual in its deeper appeal it is nevertheless a play which the most blasé theater-goer will view with pleasure. Shaw is a master at presenting the pill of satire under a sugar-coating of exaggerated character sketches and dramatic interest.

Those who recall with delight the juveniles in the Prom Show "Clarence" will anticipate Carl Whitaker's performance in the roll of Philip Claudon, a youth whose experience with "human nature" has sophisticated him remarkably. He is well played against by Frances Martin as his sister, Dolly, a saucy, brilliant spirit, typical of what modern girl training has produced. She takes the part with experience from "John Epps" and "School For Scandal."

A play with a Waiter in one of the leading parts is certainly refreshingly novel. Robert F. R. Martin will not disappoint in the most difficult role of the Waiter, which is one of the few real characters which Shaw has produced in any of his plays.

C. B. Johnson will doubtless fulfill Professor Patterson's hopeful prophecy for his future dramatic work, as the eccentric Mr. Crampton. Raymond D. Jordan, as the barrister McComas, displays increasing talent. He will be remembered as Mr. Wheeler in "Clarence." Miss Harder as Mrs. Claudon, the intellectual reformer, has an important part to portray. Miss Logan as Gloria Claudon, and George Church as Bohun have still to be tried in the fire of actual performance. H. E. Weatherwax will portray the young dentist Valentine, and should prove one of the hits of the evening. His last dramatic effort was in "John Epps."

The experienced cast reviewed above and the excellency of the play itself will combine to make a "pleasant play" which no Commencement guest should fail to see.

SOPHOMORES STILL AHEAD

Last Thursday 1924 overwhelmed 1925 in a fast game, the score being 5-2. It was the fourth straight win for '24, they having lost no game so far in the race. All the Sophomores' runs were made in the first inning and after that Fish settled down to work. Brunner, pitching for '24, had the edge over his opponent, Kane caught for the Sophomores, as did McGeoch for the Freshmen.

The Interclass standing is as follows:

	W.	L.	P.C.
Sophomores,	4	0	1.000
Seniors,	2	1	.666
Freshmen,	1	3	.250
Juniors,	0	3	.000

FRATERNITY BASEBALL

On June 5, Alpha Gamma Rho and Kappa Gamma Phi engaged in a battle on the old Varsity Field, and the outcome of the fray was that the former utterly annihilated the latter to the tune of 15-2. The battery for Alpha Gamma Rho was Root, pitcher; Newell, catcher; and for Kappa Gamma Phi, Borgeson, pitcher; White, catcher. This game gave Kappa Gamma Phi the chance to play Q. T. V. for the championship of the Maroon Division.

On June 9, Q. T. V. won the championship of the Maroon Division when they defeated Kappa Gamma Phi 3-1. The game was a pitcher's battle between Tumey and Borgeson, the former having the edge, and making 12 strike outs. Whitaker's bit in the 6th with Clark on third, brought in the tying run, they making their only run in the 3rd. In the 7th, with men on second and third, Smith knocked out a pretty Texas leaguer scoring both men and winning the game and championship. Kane caught for Q. T. V. and P. Walsh for Kappa Gamma Phi.

Q. T. V. will play A & S for the whole Interfraternity championship today and Friday this week. The best two out of three games will decide the champion.

The standing is as follows:

MAROON DIVISION.			
	W.	L.	P.C.
Q. T. V.	3	0	1.000
Kappa Sigma,	1	1	.500
Kappa Gamma Phi,	1	1	.500
Phi Sigma Kappa,	1	2	.333
Alpha Gamma Rho,	0	2	.000
WHITE DIVISION.			
	W.	L.	P.C.
Alpha Sigma Phi,	2	0	1.000
Sigma Phi Epsilon,	1	1	.500
Lambda Chi Alpha,	1	1	.500
Theta Chi,	0	2	.000

HOLYOKE HIGH TAKES LAST GAME FROM FRESHMAN NINE

9-7 Contest Always in Doubt, Both Barker and Shea Pitching Well.

The Freshman baseball team dropped a hard, well-played game to the fast Holyoke High School team on Alumni Field last Thursday by the close score of 9-7. The game was the last one of the season for the Frosh and though a tough game to lose, it did not brand the season an unsuccessful one by any means. Holyoke started in scoring at the start and took the field in the first inning with a three run lead, which the Freshmen cut down to a two run lead in their half of the inning. Up to the sixth the visitors were held to no runs while the home team piled up five more making the score at the beginning of the sixth 6-3. Each scored in the sixth and Holyoke again in the seventh got two, making them one run behind. The home team failed to score any more and three runs in the ninth by Holyoke bagged the game for them 9-7.

The game never lacked excitement but the Holyoke boys had the edge on the Freshmen. One or two small errors by the team came at the most inopportune times, and twice resulted in runs for Holyoke. Much credit is due to "Len" Man-

gum, the youthful catcher for the visitors, and at various times his quick thinking and acting saved he and his teammates from disaster. He showed himself capable of directing play at all times from his position behind the bat, as, in fact, he is considered the best High School catcher in the valley league.

The Frosh touched Shea, the opposing pitcher for 12 hits while Barker allowed 10, all well scattered. Time and again the Freshmen advanced men to the hot corner but always the inning ended with no startling rally. The final score is no discredit for the Yearlings, as they showed good baseball at all times but were forced to howl to their opponents, who proved themselves the better ball club.

The last issue of the COLLEGIAN will be the Commencement Number, to be published a week from Friday, June 23.

Graduating 1922.

And the end draws nigh. It is with mixed pleasure and sadness that the Senior must come to the realization of the full significance of this fact. In one sense of the word it is a real pleasure to finish, to contemplate with satisfaction the four years of hard work terminating in one enthusiastic Commencement of a few days. It is a pleasure to measure the degree of success which has been won by the utmost energy, seconded by awakened capabilities, and it is with an invigorating sense of freedom that the realization comes of the new vista stretching beyond when individual resourcefulness will be called upon and no protecting support can offer its aid as in former days. The black invisible curtain of a complete metamorphosis closes firmly and slowly over the past. Rehabilitation is impossible.

A certain sadness is bound to follow. Surely the bonds of companionship and good fellowship cannot be severed without a tinge of regret. The scenes of college days are too strongly associated with the latent sensibilities to be cast aside with no thoughtful misgivings.

Nineteen twenty-two is perhaps an unfortunate time to graduate. The general business depression has caused an overflow of men seeking remunerative positions. The labor market is jammed with men of average intellect. The solution lies in a proof of superiority of the college man. The world expects more of the college graduate and is not satisfied when he does not make good. If he fails to make good, he is worse off than the man who is not educated, being a disappointment to all concerned in his welfare, including himself and friends as well as public opinion. The mediocre, almost successful mark is not the goal. Mental, vocational, and social opportunities have been wide open all these years. What

has seemed necessary has been eagerly grasped and some which has not appeared has presumably been digested with difficulty.

All that can be asked is the best in a man. If every graduate will carry from this institution a spirit of service and culture, and will continue to study long after receiving his diploma, he will prove his worth and help perpetuate the good name of M. A. C.

Past and Present.

The greatest difference between the college man of today and the college man of previous times comes in his ability to think. Charges that our present educational facilities deny the privilege of developing the thoughtful mind are widespread and on the whole just. Formerly this was not so, in fact the tendency was so far to the opposite extreme that the effect was equally bad. The college man used to have such a complete mentality as we are told that he was truly indecisive and able to reach no definite conclusions. It is to result then a highly developed mind is of doubtful usefulness, in the rapid, quick-firing mechanical age of the present.

However, we are willing to risk the faults of a finely developed thinking power in spite of this testimony. College students are expected to assimilate a vast amount of information, to create for themselves an encyclopedic mind according to the popular system of education. Mr. Edison and numerous other intelligent public men have reflected the general attitude. American education strives to develop the memory alone. Classroom lectures, assigned readings, and examinations all promote this one aim. In only a few courses is the prime object to analyze and create.

Furthermore, the education as presented now is exactly what the college students want. They fail to take advantage of the few opportunities open. The attitude of the student must change along with the academic presentation of courses if any return is to be expected. It is questionable whether our education prepares us for the problems of a complex citizenship. When college students discover that their training must be designed to fit them for leadership and that a trained ability to think is the essential requisite then they will demand and acquire the habit of forethought.

FRANK P. RAND ENTERTAINS
READING JAPANESE POEMS

Translated by Dan Waugh, Dartmouth '15, Who has Spent Five Years in the Orient.

Last Sunday evening Dean and Mrs. Lewis entertained at their home on Lincoln Avenue a number of the students who are studying English this term under the Dean.

Mr. Rand, a member of the English department and a composer of numerous well-known poems, was also invited, and gave a most interesting talk on Japanese poetry. Mr. Rand became especially interested in this Oriental literature upon the return from Japan last fall of Dan Waugh, eldest son of Prof. Frank A. Waugh and a graduate of Dartmouth '15. Mr. Waugh has been in the Orient for five years working with the International Banking Company, and has acquired an exceptional command of the language, incidentally making a study of the poetry his hobby while abroad. Since his return he and Mr.

Rand have been busy translating both ancient and contemporary Japanese poetry, and as a result they have produced some very fine work which will be edited later. Mr. Waugh translates into the English and then Mr. Rand constructs the result into poetical form and feeling, after which Mr. Waugh again reviews the work to suggest any changes in shades of meaning which may more nearly conform to the Japanese original.

Besides reading numerous of the translations Mr. Rand described the prevalent Japanese poetical pattern. The Hocku of three lines, the Tanka of five, and the Naga-Uta which may be of an unlimited number are the forms. The Golden Age of literature in Japan was about 750, when the Nanyoshi or first great anthology of poems was collected. Two other important eras, the Kokinshu of the tenth century and the Shin-kokinshu of the thirteenth century were both periods when the Tanka predominated.

Each year in Japan at New Years a poetical contest is held and anyone in the Empire may submit Naga-Uta, in competition for the honor of composing the best poem upon a subject previously designated by the government "Board of Poetry."

Following Mr. Rand's talk refreshments were served.

COACH BALL'S YEARLINGS
WIN SEVEN OUT OF 10 GAMES

Barker and Love Both Expected to Make Varsity Twirlers Next Year

Although they lost to Holyoke High last Thursday in their last game of the season the Freshman baseball team brought to a close a successful schedule by winning seven out of the ten games played. Those three games that were lost were to Sacred Heart High School of Holyoke, Central High School of Springfield and Holyoke High. The Frosh evened up matters with the Sacred Heart aggregation by taking a game at their expense earlier in the season. One game in particular which the Yearlings are to be congratulated upon winning was that against the Deerfield Academy nine on their own home grounds. The team from Aggie played a splendid game, displaying fine baseball throughout and had the home team guessing from the start.

When the first and only Dean's Board came out in the middle of the term two of the first string men were rendered ineligible to play, but Coach Ball made several changes in the line-up and undiminished a team which continued to prove itself capable of defeating any in its class. The squad never consisted of more than 13 men and because of this fact alone Coach Ball is to be congratulated on putting a winning team on the diamond.

Many of the wins for the Yearlings are directly accounted for by the pitching of Captain Barker, who spent some of his spare time tossing the ball for the Varsity squad also. Toward the end of the season another twirler was brought to light, namely "Huck" Love, who won his first game against Monsen Academy by pitching fine ball for a beginner. It is hoped that he will develop into a first string pitcher in the near future. Taken all in all the men played a good game throughout the season and there is undoubtedly some next year's varsity material to be developed.

SENIOR CHAPEL FRIDAY

Senior Chapel will be held Friday morning at the regular hour with a special program which is being arranged by Dean Lewis. This is an exercise which every student is expected to attend as a mark of respect to the retiring Seniors.

NORTHEASTERN COLLEGE TO
PLAY VARSITY SATURDAY

The varsity's last game before the Commencement game will be played with Northeastern College on Alumni Field, Saturday afternoon at 3:00 p. m.

Tickets for the Commencement Show will be on sale in the Memorial Building, Room 4, Wednesday, June 21st, from 2 p. m. to 6 p. m. Reserved Seats 50, 75, and \$1.00. Telephone 165.

Also on sale at Denel's Drug Store, Thursday and Friday, June 22 and 23, from 1 p. m. to 6 p. m.

TWO-YEAR DRAMATIC CLUB
TO PRESENT "THE DICTATOR"

The Dramatic Club of the Two-Year Course will present Richard Harding Davis' play "The Dictator", which will be their Commencement play, Saturday, June 17. Prof. Patterson has been the director.

The plot of the story is about the plight of a young millionaire and his valet, from New York, who think they have murdered a cabman.

The play relates to their experiences in Porto Banos, a Central American Port, to which they have fled to escape punishment.

Their various experiences and escapades are delightfully and humorously told as only Richard Harding Davis could tell them.

The play was originally produced on Broadway in 1905. William Collier

played the part of Brooke Travers, alias "Steve", the millionaire. John Barrymore and Thomas Meighan also featured in the original production.

The cast is as follows:
Brooke Travers, alias "Steve",
Simpson, alias "Jim", his valet,
Nicholas P. Harrison
Wilbert K. Delano
Donald M. White
Harry E. Ritchie
John M. Benson
Katherine Powell
Dorothy Leavitt
Willard H. Smith
Harry W. Tompkins
Frank Loring
Constance Jacobson

Several changes have been made in the Two-Year Commencement program which was printed in the COLLEGIAN of May 17. On Sunday, June 18, the Baccalaureate address will be given at Bowker Auditorium at 10:00 A. M. by Rev. Norman MacLeod. The speaker at the Commencement exercises, to be held Monday, June 19, at 10:30 A. M., in Bowker Auditorium, will be President R. D. Hetzel of N. H. State College.

Col. Garcia, Albert G. Markham
Corporal Manuel, Howard M. Kessell
Lieut. Victor Perry, Merton B. Hurd
A Steward, Ralph R. Kierstead
The cast includes South American soldiers and United States marines.

Tickets will be sold for 50 cents and 75 cents at the College Drug Store and the Short Course Office. All seats reserved. Tickets may also be secured at the door. Social Union tickets will not be accepted.

HIGH SCORING BUTTER
Good butter cannot be made from poor cream, neither can careless or unsanitary methods of manufacture produce high scoring butter.
Nevertheless there are superior brands of butter which bring the highest market prices.
These high quality results obtained by careful processes which keep the fine flavor of cream in the finished product, are greatly assisted by the sweet, wholesome, safe, sanitary cleanliness which the use of

Wyandotte
Cleaner and Cleanser
provides in thousands of creameries the country over.

So quickly and easily does this cleaner clean, purify, and sweeten cans, separators, pasteurizers, holding tanks, and general dairy equipment, that the highest degree of protection is insured to quality products and much effort and labor saved.

Indian in circle

COEDUCATIONAL NOTES

Miss Emily Hartwell, recently returned on furlough from mission work in China, gave a most interesting talk Friday evening to the girls at the Adams House. She said that the great rapidity of transportation makes us very close neighbors to the Orient, and that for the sake of good health in America, the Orient, which is the breeding place of so many diseases, should be cleaned up. She believes that American men and women trained thoroughly in medical and industrial lines can be of tremendous usefulness to their own country by serving as leaders of native workers in China.

The Y. W. C. A. at a business meeting last Wednesday night decided to send two delegates to the Student Conference to be held at Mavua, Maine, from June 20 to 30. This conference is for New England college women, primarily, and is a smaller and newer conference than the one at Silver Bay. The delegates elected by the Association are Ina Boles '23, chairman of the Social Committee, and Molly Lewis '23, who was chairman of the Publicity Committee on last year's Cabinet. Ruth Wood '24, who was president last year is the alternate.

Some of the women students held a dance Saturday evening in the living room at the Adams House. About fifteen couples attended, and Mrs. See and Mrs. Smith were chaperones. Pinch was served, and music was provided by the Victrola.

Miss Olga Grizzle entertained the members of her classes in sewing at a tea in Professor Hart's garden last Wednesday afternoon. The garden, which is a most beautiful one, is at its loveliest and was greatly admired by the guests.

Mr. and Mrs. Evan Richardson of Mills, Mass., announce the engagement of their daughter Marjory to Mr. Frank Piper of Framingham. Miss Richardson is a member of the class of 1922, and Mr. Piper is studying at the Tufts Medical College.

Mrs. Ruth N. Thompson of Northampton spoke to the members of the Y. W. C. A. on Sunday evening in the Adams House. She told of the splendid work of Western Massachusetts Y. W. C. A. among the girls of the little towns in Hampshire, Hampden, Berkshire, and Franklin Counties. This work is only a year old, and it is soon to be entirely supported within the counties that it serves.

RADIO TALKS

Continued from page 1

Massachusetts the State Forestry Department, and the Massachusetts Agricultural College, was doing everything in its power to carry out this policy. This report was the subject of much interest, as many letters have been received regarding the work, and asking for suggestions in individual problems.

Prof. J. C. Graham of the Poultry Department discussed the outlook of poultry raising in Massachusetts. He said that poultry men were not handicapped to any great extent during the war, and should therefore be prepared to make the coming year a big one. Backyard enthusiasts were encouraged, and a radiographed invitation was extended to all poultry men who were listening in to attend the tenth annual poultry convention to be held during Farmer's Week at M. A. C. July 26, 27, 28.

Prof. John Phelan took as his subject "The Farmer in a Machine Age," and

Business Building

THE selling of commodities is fundamental in every business, and selling life insurance affords the maximum of satisfaction and remuneration. For the life insurance salesman is a business builder and finds innumerable ways to serve the community and make himself indispensable in the conduct of modern affairs.

The life insurance salesman is not only a business builder but he is in business for himself, creating a competence permanent and continuous. It is the best paid work for those who are ambitious and willing to work, and who have the character and stamina necessary to stamp their individuality upon the business and on their community.

The traditions and practices of the JOHN HANCOCK are such that the college graduate can take a peculiar pride in representing this company. You are liable to remain in the business you enter on leaving college. Before making a definite decision inquire into life insurance as a career. Write, "Agency Department."

showed how machinery has completely revolutionized country life. He said that every invention employed on the farm tends to dignify the work of the farmer, but nevertheless destroys much of the natural craftsmanship of the farmer, changing the master workman to a machine tender. But of sufficient importance to counteract this effect is the increased productivity of the work done per man, enabling the increased need for farm communities to be met with fewer men than ever before. And best of all, the farm, through automobiles, good roads, and many other factors, is tending to keep the farmer in close touch with the city.

Denn Lewis confined his talk to the leadership of agricultural colleges, and to the system of such colleges throughout the country.

Miss Hamlin, who is agricultural counselor for women at the college, spoke of the possibilities of women in the field of agriculture, and the progress which they have made in the last few years in taking their places in the agricultural life of the country.

These lectures serve to bring to the notice of the thousands who hear them some of the work which the college is trying to accomplish in agriculture. It is safe to say that a series of lectures such as these by professors at M. A. C. have never been more heavily attended than by the hundreds of amateur receiving stations which gather in Springfield broadcasts. A field of instruction is opening here which will reach more people than ever before, and help to bring more closely together the farmers in outlying districts.

SOUTHWICK BROTHERS & GAULT

COMMENCEMENT JUNE 23-27

Continued from page 1

It is planned to have a 72 man pitch the first ball, and seats of honor on the stands will be reserved for this class. All alumni are asked to march in the parade whether their classes are holding reunions or not. After the game an informal supper will be served at Draper, and all those men not having fraternity reunions or class banquets are welcome. In the evening come fraternity and class reunions.

Accommodations for the night may be obtained by writing to the Alumni office before commencement week.

The class of 1872 will have their headquarters in Room 6, Memorial Hall. All arrangements are in charge of Daniel P. Cole.

Nineteen Twelve's headquarters are Room 8, with F. B. Hall and J. A. Harlow in charge.

Nineteen Seventeen will hold forth at Mrs. Duwell's on Phillips Street, and R. W. Smith is in charge here.

Nineteen twenty will have headquarters in Room 3, Memorial Hall.

On Sunday comes the Baccalaureate Address, "The Challenge of the Far East" by President Butterfield. This is at 8:30, and is immediately followed by the President's reception in the Rhododendron Garden. In the evening comes one of the recitals which have proved so popular, by the Junior quartet and other musical talent.

Monday starts off with the breakfast meeting of the M men, whose nucleus is the Varsity Club formed last year. A special letter has been sent out urging all men who won a letter while at college to be here for this meeting. Prof. Hicks hopes at this time to bring out the need for new tennis courts which are to be built in the south east corner of Alumni Field. More important perhaps is the discussion and plans regarding a new gymnasium and armory. The need is admittedly great for a new gym, and it is hoped that an appropriation may be granted sometime in the near future for this purpose.

The Senior Class Day plans have not as yet been made public, but something of unusual interest should be presented. Cavalry Drill and Review will be presented at 2 p. m., and those who saw the unit review under General Edwards will appreciate the precision and appearance which marks the drill.

A lively game of baseball with many stars and with the Faculty trying once more to "get" their old victims, the Seniors trying for the last time to draw something higher than a goose-egg from the older men, their friends and friendly rivals in the education game for four years; this comes at 4 in the afternoon.

At the Flint Oratorical Contest, to be held in Bowker Auditorium, will be heard some of the best talent along the speaking line in the college.

Tuesday is the last day. Seniors shift the tassels on their caps at about three o'clock and receive their passes from the world of college to the world of life. The Commencement address will be given by Bishop Francis J. McConnell who will take as his subject, "Social Imagination." At 8:30 comes

the Soph-Senior Hop in Memorial Hall, which lasts until 5 A. M. Two orchestras have been arranged for and over 100 couples will attend.

Commencement exercises this year are full of life for every minute of the time, and the crowds of visitors and old grads and young grads will see Aggie at her best for their entertainment.

Lawns have been mowed, wires for the colored lanterns which jewel the

campus are strung, and only the weather now remains to co-operate to insure a good time for everyone present. Alumni, Seniors, Juniors and under-grads can all help to make this a success by staying to entertain and keep the campus from getting lonesome. A long summer lies before Aggie, and we should say goodbye to her so that she can remember us when we return in the fall to greet her again.

21 W. I. Palmer is studying at the Gordon College of Theology and Missions in Boston. He expects to engage soon in missionary work.

A Gateway to Progress

There it stands—a simple forty-foot gateway but unlike any other in the entire world. Through it have come many of the engineering ideas that have made this an electrical America.

The story of electrical development begins in the Research Laboratories. Here the ruling spirit is one of knowledge—truth—rather than immediate practical results. In this manner are established new theories—tools for future use—which sooner or later find ready application.

The great industries that cluster around Niagara Falls, the electrically driven battle-ships, the trolley cars and electrified railways that carry millions, the lamps that glow in homes and streets, the household conveniences that have relieved women of drudgery, the labor-saving electrical tools of factories, all owe their existence, partly at least, to the co-ordinated efforts of the thousands who daily stream through this gateway.

FACULTY VOTE TO APPROVE ALUMNI RECOMMENDATIONS

On Course of Study as Recently Submitted by Committee. May Take Effect in Part Next Fall.

At the recent faculty meeting held to consider the report of the Alumni Course of Study Committee, the following resolutions were made in regard to the recommendations:

The faculty voted:
I. That in general the recommendations of the Alumni Committee on Course of Study, as recently submitted

CROSS-COUNTRY TO BE IN FULL SWING AGAIN IN FALL

Friend '23 Elected Captain of Spring Track, With Steele '24, Next Year's Manager.

At a recent meeting of the track letter men, Roger B. Friend was chosen captain for next spring. Charles W. Steele '24, of Marblehead, becomes manager of track for next year. He has been assistant cheer-leader this year, and is a member of the Lambda Chi Alpha fraternity.

Cross-country will be revived in full form this coming fall, after a whole

Continued on page 2

NORTHEASTERN TURNED BACK BY VARSITY SATURDAY 8-4

Kroeck, Barrows, and Haskins all Have a Chance in Box, while Moseley bats Perfectly.

After a rainy forenoon last Saturday it cleared up long enough for the Aggie nine to down the team from Northeastern on Alumni Field by the score of 8-4. The wearers of the Maroon scored every inning except the sixth and eighth and were at no time threatened by the Boston aggregation. Two of their runs came in the fifth when the home team forgot themselves for a minute and

Continued on page 3

VARSITY HAS GOOD SEASON WINS TEN OUT OF SIXTEEN

Three Seniors to be Lost. Whole Team Works Well, With Prospects Bright for Next Year.

The varsity baseball team has closed another mighty successful season, winning ten games and losing six. The season started off with rather a dark outlook due to the weakness in catching material, but "Bobby" Barrows turned out a fine bit of work this spring and from start to finish held up Kroeck and Collins in veteran style.

The team loses by graduation only three men. "Bill" Kroeck, whose ability in the box and around the initial sack is well known, has the reputation of being one of the best of college pitchers and has held some of the strongest teams in New England to few hits. "Bill" played three years on the varsity and has hit hard throughout. He played goal on the hockey team this winter and his work was of the highest order.

Captain "Hubba" Collins has played in the center garden almost all season, not being forced to pitch on account of Kroeck's fine work. Collins has been with the varsity four years, alternating at pitch and center field. He also played three years of hockey, being captain last season, and between times worked in two years of varsity football.

"Hank" Moseley, second base, is the third man to graduate. His work at second and at the bat this season have been very good. During the last two games Henry batted out six hits in seven trips to the plate. He is finishing his third season at the keystone sack and leaves a hole that will be hard to fill.

The juniors on the team whose work has been of the first caliber this season are "Willie" Marshman, first base; "Huck" Sargent, right field; and "Doc" Gordon, left field. Sargent has put up a good game in all departments, being especially good in fielding. He has played two years of varsity football. Marshman stepped in when Kroeck stepped out and his work on the initial sack has been all that could be asked. His hitting has been timely and at times hard. He is a football player of merit and captain of next year's varsity basketball team. "Doc" Gordon finishes his second year in left field and, although slow to start, he has come through to the end of the season in fine

FOOTBALL NOTICE

1. Practice commences Monday morning, Sept. 18, at 10:00 A. M.
2. Be sure and hand in summer address to the athletic office before leaving college.

"HUBBA" COLLINS TO COACH FRESHMAN TEAMS NEXT YEAR

22's All-round Athlete and Three-letter Man Has Envious Athletic Record at Aggie. To Coach Varsity Hockey Also.

Herbert L. ("Hubba") Collins, three-letter man and best all-round athlete at Aggie, has been appointed Freshman mentor at M. A. C. for the coming year. He will coach the yearling football, hockey, and baseball teams, and will also have the work of the Varsity puck chasers under his wing next winter.

"Hubba" prepared for Aggie at Arlington High School, where he became known as an athlete of promising ability on the rink and diamond. During his Freshman year he made the Varsity baseball team, and was captain of the freshman hockey team.

The winter following he became a member of the Varsity ice septette. Without any previous experience on the gridiron, he went out for Varsity football his junior year and became a very dependable half-back, his punting helping "Cap" Poole's eleven out of many a tight fix. He was forced to quit football in the middle of last fall, because of threatened appendicitis, and his loss was keenly felt the rest of the season.

He has had the rather unusual distinction of being captain of two Varsity athletic teams. As captain of hockey last year, he led the team to victory over such teams as Yale, West Point, and St. Nicholas, and his speedy aggressive dribbling, coupled with an accurate eye for opponents' cages, were important factors in the successful record of last year's ice-men. This Spring as captain of the Nine, he is leading the team in making an enviable showing in collegiate baseball. A good man with the stick, his timely hits have scored many runs for Aggie, while his sensational catches in the sun-garden have stopped many a rally by opponents. He is also a pitcher of ability, but owing to an injury in the arm during the first half of the season he was forced to quit the mound.

The Class of 1922 has honored him repeatedly, and he has been on the class nominating committee, the Senate and Adelphia. He is a member of the Sigma Phi Epsilon Fraternity.

TRACK CAPTAIN ELECTED

Continued from page 1

season's rest. Prospects now look good for a successful team, although Woodworth '23 will be the only letter man on the squad. The team will run in the N. E. Intercollegiate and four other meets are being arranged for. Among those who should show up well next fall are: MacCreedy, Bates, Hallett, Tidale Partington and Woodworth '23; Stevenson, Loring, Hill, Isaac '24; and Burhoe and Pelree '25.

Interest in Varsity Track is steadily increasing, and with a larger squad this spring than ever before, Coach Derby should have some experienced material to work with next year. A return meet is scheduled with Conn. Aggie at Storrs, and there is a possibility of meets with Tufts and Amherst. In the Triangular Meet there is to be a cup for the winner. This meet will continue for three more years, next year's to be held in Burlington, Vt. With the good showing made at Durham this year, it ought to be more than a mere possibility for M. A. C. to get the first leg on that cup in the next meet.

FIFTEEN MEMBERS OF TRACK TEAM ARE AWARDED LETTERS

Freshman Baseball and Sophomore Relay Teams Also Receive Numerals.

At the last meeting of the Joint Committee on athletics, the "M" was awarded 15 members of the track team. These are: From the Senior class—Capt. Joseph T. Sullivan, Lawrence; Roger M. Acheson, New Bedford; Myron G. Murray, Davenport, Iowa; John N. Lewandowski, Easthampton. From the Junior class—Donald E. MacCreedy, Elizabeth, N. J.; Leverett S. Woodworth, Newton; Roger B. Friend, Dorchester; Malcolm E. Tunney, Greenfield; Mason W. Alger, West Bridgewater; Richard C. Newell, Mgt., West Springfield. From the Sophomore class—Harold D. Stevenson, Camden, Me. From the Freshman class—John S. Barker, West Bridgewater; Carl Cahill, Newburyport; Veasey Peirce, Dorchester; I. Chenery Salmon, Turner Falls.

Class numerals were awarded to the Freshman baseball team. Those who received them were: Barker, Simmons, Hutchins, Crosby, Holbrook, Taylor, Rowley, Shumway, Samuels, Corwin, Lowe, and Manager Guterman.

The Sophomore class relay team, consisting of Isaac, Kennedy, Porges, Gifford, and Manager Percival, were awarded their numerals.

TWENTY-ONE LETTER MEN TO BE LOST BY GRADUATION

Collins Has Three Letters to His Credit, Acheson, Lewandowski and Haskins Each Have Two.

With the graduating of the class of 1922, twenty-one letter athletes will leave Aggie. Football will sustain the greatest loss when ten men will be lost. This is more than twice as many as any other of the four major sports will lose. Hockey will probably feel the loss more than the other teams because of the ability of the men who are leaving.

Collins, captain of both this year's hockey and baseball teams, will probably be missed more than any one man. Football and track will both miss Acheson and Lewandowski. The former was a steady man at end and the best quarter-back the college has produced. "Lavy's" work in the backfield won him the Pond Memorial Medal, and he has won points in the weight events in several of the track meets. Kroeck was a stellar guardian of the hockey cage last winter, and has pitched his team to many wins this spring with superb ball. When not needed on the mound he is equally good as a first baseman.

Basketball loses Gowdy, Smith, Roser, and Thompson, all of '22. Gowdy has been captain of the quintet for two years, while Smith has been a steady forward. Besides those already mentioned, Captain Cotton, Freeman, Clark, Field, Bent, Leland, and Packer wear football M's. Haskins and Lyons won their letters as invaluable members of the hockey sextet last winter. Captain Sullivan, who has scored more points for the track team this spring than any other one man, and Murray, the college's best pole-vaulter, will also be lost this June. Moseley has played an excellent game at second base during his three years on the varsity nine, while Barnard and Haskins have both worked well with the second team.

BASEBALL REVIEW

Continued from page 1

style. His work in the second Amherst game will long be remembered. The rest of the team consists of Barrows, catch, whose work has already been mentioned, Art Nicoll, short stop, and Carl Cahill, third base. These underclassmen played sterling ball this spring and much is expected of them before their graduation. The substitutes have been good and have put in a lot of hard work, giving promise of a fine team next season.

The season, with two victories over Amherst, is one of the best of late years. The Sabrinas were beaten worse than any other Purple team has been in years by the Maroon, 12-1, and also, the team boasts of two victories over Wesleyan as well as wins from Clark, Conn. Aggies, Syracuse, Northeastern, and Trinity. They also played close games with Dartmouth, B. U., and B. C. which makes the record very good and nearly on par with that of the '21 team.

NORTHEASTERN GAME

Continued from page 1

threw the ball around aimlessly.

With two gone in the first Collins doubled to left, stole third, and scored on Kroeck's single. In the next canto Gordon singled, Moseley sacrificed, and Doc stole third. Marshman reached first on a fielder's choice and Nicoll sacrificed Gordon across the plate. With two gone again in the third Kroeck tripped to deep right, Barrows drew a pass and stole second. The first and third seemed to puzzle the opponents for they tried for Barrows and Kroeck scored.

The visitors made their initial tally in the fourth. Rosenblatt singled and advanced on another error. The home team seemed to like opposition and always went better with two away. In the last half of the fourth with two gone Nicoll reached first on a fielder's choice and scored on a stolen base, a passed ball, and a wild pitch.

Northeastern scored again in the fifth. Ayles walked, McCray reached first on an error, Dorr singled, scoring Ayles, and another error put McCray across the plate. The Aggie players made up for their errors by scoring three runs in their half of the inning. Kroeck walked, Barrows doubled, scoring him, Moseley doubled scoring Barrows, and Marshman singled to left, scoring Moseley. M. A. C.'s final run came in the seventh. Doc Gordon singled to left, stole second, and was thrown out at third. Moseley singled, stole second and crossed the rubber on Marshman's single. Northeastern scored once more in the ninth when Ayles walked, went third on an error, and scored on McCray's sacrifice.

The score:

	M. A. C.	A. B.	H.	P.	A.	E.
Cahill, 3b, cf	4	0	3	2	0	0
Sargent, rf	2	0	3	0	0	0
Collins, cf, 2b, 1b	5	1	2	0	0	0
Kroeck, p, 1b	3	2	0	1	0	0
Barrows, c, p	3	1	11	0	0	0
Gordon, lf	4	1	0	0	0	0
Moseley, 2b	3	3	3	1	1	1
Hilyard, 2b	0	0	0	0	0	0

Two base hits—Collins, Barrows, Moseley. Three base hit—Kroeck. Bases on balls—McCray 2, off Barrows 2, off Ellis 2. Struck out by—Kroeck 3, Haskins 1, Barrows 1, Ellis 3, Riddis 1. Wild pitch—Riddis. First base on errors—M. A. C. 2.

RECOMMENDATIONS FOR 1922-23

Projects for 1922-23.

1. Carry to completion the Memorial Building Committee work.
2. Keep the alumni in touch with the College and with each other, by:
 - a—Publishing a monthly Bulletin.
 - b—Publishing an alumni register.
3. The last published was seven years back. A World War has been fought since then, with the result that the register is sadly and utterly out of date.
4. e—Maintaining down-to-the-minute alumni records.
5. d—Carrying on an alumni service station (addresses, notices, class letters, tickets, information, etc.).
6. e—Promoting local alumni club activities, and discouraged inactivity.
7. f—Maintaining an alumni employment bureau.
8. 3. Support committee activities (endowment, administration, editorial, etc.).
9. 4. Maintain representation on athletic, Academic Activities, and Memorial Hall management committees.
10. 5. Keep close touch with undergraduates, by:
 - a—Maintaining an undergraduate employment bureau.
 - b—Informing them of alumni activities.
11. 6. Aid in college publicity.
12. 7. Secure a certain amount of permanent office equipment in order that in from three to five years the Alumni office may be completely equipped.

Q. T. V. WINS INTERFRATERNITY CHAMPIONSHIP

Last Friday evening in the first championship Interfraternity baseball game Q. T. V. defeated A. S. P. T. U. Timney pitched for the victors was invincible, allowing but one hit. "Al" Smith pitched a good game for the losers but received poor support. Q. T. V. scored one run in the first, two in the second, and four in the third. Not one of their opponents reached second.

On Monday the second and final championship game resulted in another win for Q. T. V. 10-1 and gave them the series. Timney again pitched, while Martin and Harrington represented the losers on the mound.

Every man who expects to be a candidate for 1923 varsity baseball should do two things before he goes home:

1. Give summer address to Asst. Manager Bartlett '24.
 2. Go to athletic office for information concerning summer work.
- Also if you know of any prep or high school baseball men who are to be Freshmen next fall give their names and addresses to Coach Gore before leaving.

P. G. BARTLETT, Asst. Mgr.

1923 COMMENCEMENT DATE CHANGED FROM JUNE 23 TO 9

Made Possible by Cutting Down Spring Term, and Eliminating Spring Vacation.

A radical change has been made in the college calendar for next year, as printed in the latest college catalogue. The President, in consultation with the retiring and the present Presidents of the Senate, has definitely decided upon the following plan, whereby the 1923 Commencement is set just two weeks earlier than previously planned, namely June 9-12. This was made possible by cutting down the spring term 12 to 11 weeks and by eliminating the spring vacation, except such as the students might have by getting through with their final examinations. It was found necessary to set the Commencement date ahead two weeks if at all, to avoid conflicting with the Amherst Commencement, which had already been planned for June 17-20. The winter term for 1923, therefore, ends on March 23, and the spring term begins at 1:00 p. m. on Monday, March 26. The other terms will be the same as announced in the catalogue.

W. H. MARSHMAN '23, ELECTED PRESIDENT OF ADELPHIA.

Adelphia held its annual initiation banquet on Tuesday evening, June 13, at the Davenport. The speakers for the occasion were Dean Lewis, Professor Hicks, Kid Gore, Fred Wanch, and "Willie" Marshman; Professor Mackin was unable to attend. Next year's officers, as elected at this time, are: President, Wilbur H. Marshman; Vice-president, Owen E. Folsom; Secretary-Treasurer, Irving W. Slade.

Oliver G. Pratt '18, of Salem is engaged to Miss Merah D. Shrum.

College Graduates.

A series of interesting and enlightening facts with regard to statistics concerning college graduates were strongly brought out in a past issue of the *Amherst Graduates' Quarterly*. Although statistics are to be handled with care in deducing facts, it would appear that all due precautions were exercised in making sure that the information gathered was accurate.

The results were as follows: The number of male graduates in the United States was approximately 358,000 in 1920. In the last score of years the proportion of college graduates in the male population has increased nearly one-half, three-fourths of the increase being made in the second decade. Evidence in *Who's Who in America* shows that one-half of American leaders come from the group of college graduates.

Men and women differ in the proportion of college graduates among leaders, the notable men being greater in proportion as far as it is possible to ascertain. The most important fact brought to light showed that the probability of a college graduate becoming notable is from 75 to 100 times as great as the probability that one not a college graduate will do so. Figures suggest that the line separating college graduates from the rest of the community is growing deeper and clearer and that conspicuous positions in the country are being occupied by larger and larger proportions by college graduates. If this is true then America is following the same tendency that the countries of Europe have fallen into according to a last winter's chapel speaker. He said, "It is almost impossible to achieve distinction in Europe unless one is a college graduate. Some will lament this condition, but America's declining natural resources will not enrich the incompetent man forever."

The last and most interesting point is the proportion of notable men, as listed in *Who's Who*, among the living alumni of some American colleges. Among those studied, Columbia was the lowest with a total of 347 per 10,000 mentioned; Williams was midway with 471 per 10,000; and Amherst highest with 869 per 10,000 practically 100 ahead of her nearest competitor Wesleyan. Probably the fundamental reason for this favorable proportion lies in the early stress laid on natural sciences coupled with the ability of her teachers of science. Amherst had the resources to secure the best scientific authorities many years ago when other institutions were struggling under financial difficulties.

Likewise the young M. A. C. had the advantage of studying under some of these same men. That the results were not as gratifying is evident. However the aims of the two institutions are widely divergent. *Who's Who* admits that it pays more attention to capitalists, manufacturers and men of business, and is partial to educational, scientific and professional people. "A *Who's Who in Agriculture*" would undoubtedly place M. A. C. in a very honorable position. A comparison of the two local colleges in such a case would be unfair. Therefore let us accept the facts as they stand and attempt no unjust contrasts.

Attention Alumni!

This issue of the COLLEGIAN is being presented to all returning Alumni primarily for the purpose of showing that the college paper is still vigorously functioning and interested in them. The *Alumni Bulletin* seems to have largely taken the place of the COLLEGIAN in supplying the Alumni with news items and pertinent notices. This unintentional competition is unfortunate inasmuch as the COLLEGIAN has always intended to cater to Alumni as well as to those about the campus. The general policy of the Alumni office has been to retain Alumni notes and other information from the college weekly. The question can be raised as to the desirability of this policy. Cannot the COLLEGIAN fulfill the need of the Alumni just as efficiently and much more economically than a separate bulletin? Cannot the *Alumni Bulletin* organization get behind the COLLEGIAN and still continue its duties effectively? Certainly the problem is worthy of careful consideration.

In the meantime the COLLEGIAN management appeals for greater cooperation of each and every Alumni in the matter of subscriptions, and trusts that this copy will help to stimulate an active interest in the college publication.

A Suggestion.

Studies of conditions at M. A. C. have been popular during the past year and suggestions have been numerous. The latest report on the college is from a special committee of the Massachusetts Farm Bureau Federations composed of farmers and appointed by the Federation at the request of President Butterfield. The committee was very thorough in its work after giving five months of careful study to the matter.

The most salient point brought out, from the students' point of view, was the question of cultural education. The committee saw plainly that agriculture was the major subject taught and consequently no criticism could be leveled at the college mourning the lack of agricultural education. Here is the conclusion of the committee: The farmers of the state are entitled to just as good a higher education as anyone, and

therefore cultural subjects should be included in the curriculum to a greater degree, especially those dealing with history, economics, and government.

The case is clear; the alumni have expressed themselves as desirous of increasing the essential language; the student body is of the sentiment that the opportunity should be given them to study the humanities more widely; and finally the farmers of the state recommend that their sons (prospective farmers) receive the benefits of a cultural education along with their intensive vocational study. Surely these are the three most important sources of suggestion. The wishes of these bodies are worthy of attention without further delay.

F. A. LEITCH
9 College Ave. DIRECTOR

"As half in shade and half in sun
This world along its path advances:

We take this opportunity to express our appreciation of your generous patronage during the past four years and to extend our best wishes to the Class of 1922 for a happy and successful future.

Sincerely,

"The House of Walsh"

MASSACHUSETTS AGGIE AS A TRUE LAND GRANT COLLEGE

History and Development Shows it to be in Keeping With Senator Morrill's Original Idea.

With the 60th anniversary of the passing of the Morrill Land Grant Act coming this year, it is perhaps appropriate to say something about the conditions under which Aggie was established and what progress she has made in the last fifty years.

Under the Morrill Act the state was given certain lands which were to be sold and the money used to establish at least one college where the leading object shall be, without excluding other scientific and classical studies, and including military tactics, to teach such branches of learning as are related to agriculture and the mechanics arts. These colleges, which were to be run in such manner as the legislature of the state may see fit, were . . . in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life.

This last phrase established a college for the "Industrial classes" whereas before, the privately endowed colleges were open only to those following the learned professions—ministry, medicine, and the law, and the students in such colleges came from the homes of the comparatively well-to-do.

The Massachusetts Agricultural College founded in 1867, is typical of the land grant college as it was intended to be under the Morrill Act. While the mechanics arts appropriation goes to the Massachusetts Institute of Technology, and M. A. C. does not touch on this phase at all, it makes the college the only wholly agricultural college in the United States.

Fifty years ago, when the agricultural colleges began their work, there was very little agricultural knowledge available for teaching. Scientific works were few, and no textbooks had been written. The results was that the first teachers spent a great deal of their time in formulating and organizing knowledge. Most of the work in the classroom was in the natural sciences, the languages, and mathematics. Students got most of their agriculture behind the cultivator or plow, and work in the fields was part of the required course. Here at M. A. C. some of the professors, and in fact, the president of the college did valuable work. Levi Stockbridge was the first man to use a definite fertilizer formula, and was the father of the fertilizer industry as we know it today. William Fowler organized the first fertilizer company and names that are familiar all over the campus as building names or on the records as the college's great men, all were pioneers in agriculture.

When the experiment stations were established in the eighties, however, the scientific aspect of agriculture was investigated, and today is a perfectly cooperated subject. There are now from six to a dozen courses in almost every branch of agriculture, such as poultry, market gardening, animal hus-

bandry, rural engineering, and so forth.

At M. A. C. there are over 200 courses in agriculture and related subjects available, as against seven or eight in 1870. The same proportion would probably hold in every other agricultural college.

M. A. C. is typical in respect to the increase in numbers and in the character of the students. The college has at the present time a student body of over 800, which consists of four-year students, two-year students and graduate students. These young people come for the most part from the rural districts. During the past ten years, however, the city boy who wants to go on the farm or enter an out-of-door occupation has come into evidence. Most of these come from the wholesome middle class of our population and a large majority of them need to figure pretty closely financially, many having to work in order to complete their college course. Last year \$25,000 was paid in wages for labor to the students. It is therefore a typical pool wherein all the best currents of American life flow and mingle—the kind of a place that trains out the country's best leaders—drawing from all conditions of life, and bringing out the best in each one.

The college aims to fit its graduates for the line of work which seems to them the best. Agriculture is of course the main purpose for which the college works, and all studies whenever possible are related to it in some way or another.

The college today is of vital importance in the work of industrial, commercial and moral reconstruction now going on. The food problem is bound to be one of the greatest in America in the next 20 years, and this problem cannot be met except by men trained as thinkers and leaders who will devote their lives to the great problems of production and distribution. These men must come from state institutions such as M. A. C., and it is up to these colleges, so wisely founded by Senator Morrill, to train and build these men.

ALUMNI GAME TOMORROW

The game with the alumni tomorrow will give the student body a last chance to see their '22 team in action. Many of the stars of Aggie athletic history will be playing and it will be well worth the time to see it. The Tufts game was cancelled at the last minute when the Medford college found they could not hold a team over and Manager Buckley visited Brown, Wesleyan, and Norwich without success. Therefore it seemed fitting that some of the alumni see their old stars in action again, and "Em" Grayson got up a team to play Saturday.

STOCK JUDGING NEXT YEAR.

Members of the Stock Judging team for next year's judging have been appointed by Prof. Salisbury. They are from the class of 1923 as follows: Dairy Stock—Brewer, Henth, and Mudgett; Fat Stock—Alger, Able, Bates, Corash and W. H. Towse. These teams will judge at the Eastern States Exposition next fall, and probably at several other shows.

ALUMNI SECRETARY REPORTS 60 PER CENT NEW MEMBERSHIP

Three New Clubs Formed Among Other Features of Successful Year's Work.

The Report of the Alumni Secretary for the year, recently published, brings out some features of the alumni work which should be of interest to every undergraduate prospective alumnus, and presents a general survey of the whole year's work. Some of the points of general interest are included herein.

The second annual World Aggie Night was held on Oct. 22, 1921, and was very generally successful. Alumni gatherings were held in 25 centers, attended by 700 alumni from all parts of the country. Three new clubs were formed during the year: The Fitchburg Mass., M. A. C. Alumni Club; the Ohio Valley M. A. C. Association, and the M. A. C. Alumni Association of Fairfield County, Conn. The Alumnae of the college have also completed their organization.

One hundred and one alumni were present to celebrate the Mid-Winter Alumni Day on Feb. 4, 1922. The chief business brought up at the meeting held then was in connection with the Council of Study Committee Report, recently approved by the faculty, and announced elsewhere in this issue. There are now on record 21 alumni clubs, nearly all of which have been active during the year. These clubs have held formal banquets, informal monthly or weekly luncheons or dinners, home gatherings and entertainments.

The Endowment Committee, formed several years ago, is being reorganized with Prof. C. S. Plumb '82 as chairman, to form plans for the endowment of the Alumni Association and the College.

Several interesting investigations have been carried on by the Alumni Office. One of these was a comparison of living costs at M. A. C. and at other eastern colleges. The average of 62 institutions was taken, and board and room charges compared. In both cases it was found that living costs here are neither exorbitant nor cheap.

On last December the financial report of the Executive Committee showed a deficit of \$1200, but by June 15 this deficit had been entirely made up with annual dues and with new members. In exactly one year the total membership of the organization has increased from 636 to 1021, an increase of 60.5%. The Alumni Office feels this to be the most important and most gratifying work which they have done for the whole year.

DR. ALLEN '85 HEADS FIRST ALUMNI CHAPTER OF Φ Κ Φ

The first alumni chapter ever established by the national honor society Phi Kappa Phi was recently organized in Washington, D. C. Among the 80 or more Phi Kappa Phi members in the Capitol City are nine graduates from Massachusetts. Dr. E. W. Allen '85, is the first president of the society; Prof. W. D. Hurd, formerly of the College, is vice-president.

SLADE AND WENDELL CHOSEN NEW MUSICAL CLUB LEADERS

Clubs to Lose Eleven by Graduation, Including Vinton and Waugh.

At the meeting of the Musical Clubs last Friday evening Irving W. Slade of Chelsea was elected leader of the Glee Club for next year and Richard G. Wendell of Belmont was chosen to head the orchestra. Slade has been class song-leader for three years, and both men have been among the foremost in Musical Club activities while in college. The clubs are to lose both of this year's leaders, Vinton and Waugh by graduation, besides ten other men. There will be left, however, sixteen in the class of 1923, and seven in the two lower classes, with which to start off the season next fall.

ELECTIONS AT ASSEMBLY

Squib to Be Continued and Index Tax to Be Raised to \$3

At the last assembly of the year it was voted to increase the annual student tax to the *Index* from \$2.50 to \$3.00, rather than have a smaller book, which would otherwise be necessary. Also to support the *Squib* by general undergraduate subscription of \$2.00 per year, thus keeping this an Academic Activities publication. Also to appropriate an annual tax of \$1.50 a man to defray the expenses of the agricultural judging teams.

The following men were elected to the informal committee for the coming year: René W. Eldredge, '23, Wheelocster; Francis E. Buckley, '23, Natick; James L. Williams, '24, Sunderland. Professor Mackinnon was elected as faculty representative to serve on the Social Union Committee.

FACULTY PLANS INCLUDE VARIETY OF VACATIONS.

Professor A. A. Mackinnon, is planning to spend the summer months in a trip to Spain, where he will get in closer touch with the people and the language. Upon his return he will teach that subject and many are electing the course in Spanish that they may avail themselves of the interesting work that Professor Mackinnon will conduct in his classes.

Professor C. A. Peters of the Chemistry department will spend most of the summer vacation in Thousand Islands, at his summer home there.

Dr. R. E. Torrey of the Botany department will assume the head of the Botany course at the Harvard Summer School during the summer months. The course is divided into two sections, one of which Dr. Torrey will teach the entire summer, the other for the first six weeks only.

Professor Frank A. Waugh, Head of the Department of Landscape Gardening, is to spend most of the summer vacation in the West. On or about August 1st, he will work under the United States Forest Service, having his headquarters at Ogden, Utah. He will examine work in that state as well as in Colorado, and his field may extend into Wyoming. Much of his time will be spent in the Wasatch mountains where he will have much work to look over.

HIGH SCORING BUTTER

Good butter cannot be made from poor cream, neither can careless or unsanitary methods of manufacture produce high scoring butter.

Nevertheless there are superior brands of butter which bring the highest market prices.

These high quality results obtained by careful processes which keep the fine flavor of cream in the finished product, are greatly assisted by the sweet, wholesome, safe, sanitary cleanliness which the use of

Wyandotte
Cleaner and Cleanser

provides in thousands of creameries the country over.

So quickly and easily does this cleaner clean, purify, and sweeten cans, separators, pasteurizers, holding tanks, and general dairy equipment, that the highest degree of protection is insured to quality products and much effort and labor saved.

LANDSCAPE DEVELOPMENT OF CAMPUS SHOWS PROGRESS

Much Planting Yet to be Done
About Pond, Including Large
Sugar Maple Grove.

Numerous plantings have been made about the campus during the last year. Perhaps the most interesting, from the standpoint of the Landscape Department, has been the work about the Abigail Adams. This building is the only one on the campus which gives opportunity to develop a domestic type of landscape architecture. Foundation plantings of shrubs have been made, and several trees have been set out behind the building.

The Memorial Building has received considerable attention, and many evergreens and numerous shrubs have been set close about it. A formal approach to the west side of Clark Hall has been laid out this spring and it promises to add greatly to the appearance of the building from the State road. This planting has been contemplated for a long time and it is a substantial addition to the grounds.

A background of spruces has been put behind Fernald Hall. The lilac garden between the Stockbridge House and Wilder Hall which was set out last spring is growing vigorously and promises to be a beautiful spot in a few years.

The plan for the development of the campus in the future aims to bring out as fully as possible the broad pastoral aspect of the south end of the grounds. Most of the large trees at this end are elms, and it is planned to replace all other species with elms as the trees die out. The peaceful appearance of the pond and the meadows about it will be emphasized, and within a few years this portion of the grounds will typify a very beautiful New England meadow.

At the north end, where the natural topography is more rugged, a large sugar maple grove is to be developed. There are already many fine large maples, and 50 young trees have been added this season. This grove will be extremely useful in connection with the Department of Horticultural Manufacturing, and it is hoped that in coming years the annual sugaring-off will be a big college festival.

THE COLLEGE LIBRARY

In the face of difficult conditions, the library organization has carried on during the academic year just closing, rendering its customary service to the intellectual and cultural life of the college community. As in other libraries throughout the country, the high cost of printed matter and of such services as book binding has necessarily restricted the rate of growth of our book collections as compared with previous years of the library's history. Nevertheless, the report of the librarian shows 2237 accessions catalogued, in addition to a large amount of unbound pamphlet material and accumulated periodical literature made available for the use of the various departments. The new books acquired have been carefully selected with the purpose of meeting the more urgent needs of all workers in the college, and among the newly purchased material are works of considerable and enduring importance.

The year has brought with it almost a complete change in the personnel of the library staff. Only one member of the present force has a service record of more than 15 months in our library. During the year, four out of six trained

workers have presented their resignations, called to other fields of enlarged usefulness. Such a sweeping change of personnel has brought its administrative embarrassments, though the new members of the staff come with a record of successful experience to their credit, and have exhibited a fidelity and enthusiasm in their new work worthy of all praise.

Progress has been made during the year in filling up the gaps caused by the war in the files of foreign publications. This has been made possible by a wide-spread scheme of co-operation on the part of many American and foreign institutions of learning in which M. A. C. has participated.

With each passing year, the congested condition of the college library becomes more and more accentuated. The lack of adequate space for the proper bestowal and administration of books and for the accommodation of readers becomes a more and more serious matter with the increasing demands resulting from the normal growth of the college. The conditions disclosed at the library during the crowded hours of any busy day indicate clearly the need of an immediate enlargement of the physical plant. It is to be hoped that the beautiful dream of the Goodell Memorial Library may soon become a substantial realization.

HENRY S. GREEN,
Librarian.

PREXY SPEAKS TO '22 AT SENIOR CHAPEL EXERCISES

Senior Chapel, the last one for the graduating class to attend, was held Friday morning at the regular hour. 1922 attended in caps and gowns and were addressed by Prexy. He spoke briefly, in appreciation of the leader-

ship taken by the Class of 1922 and hoping that others might follow their example. He urged the graduating men to return to their College often and keep in close touch with their Alma Mater always.

Led by Vintus the Seniors then sang "Farewell to Aggie." When they had marched out, followed by the other three classes in order, each of which gathered on the lawn in front of Stockbridge, the Seniors, grouped on the steps sang "There Is a Certain Valley." This was responded to by cheers from each class successively, and Senior Chapel exercises were over for the class of 1922.

ALUMNI NOTES

'00.—James W. Kellogg, chief of the Bureau of chemistry and chief chemist of the department of agriculture of Pennsylvania, was recently given the honorary degree of Doctor of Science at the Susquehanna University in recognition of his research work for the advancement of agriculture. Dr. Kellogg, who holds the degree of Bachelor of Science from Boston University, where he specialized in agricultural chemistry, has been with the Pennsylvania Department of Agriculture for 15 years, having built up the state system of checking up fertilizers and feeds. He has also been extensively engaged in research work. At the recent meeting of the dairy food and drug officials of the Atlantic States Dr. Kellogg was elected president of the organization.

'20.—Geo. M. Campbell was married on Saturday, June 17, to Miss Irene Smith of Somerville, at that city.

SURVEY OF R. O. T. C. FOR YEAR

Shows Increased Interest In All Branches of Work With Promising Outlook.

With the Commencement Drill at 2:00 o'clock on Monday, the Military Department concludes a successful year.

Last summer the outfit was provided with additional horses, and with sixty good animals, including about ten polo ponies, the interest in riding has greatly increased. From the beginning of the year, things have gone with a snap, and with the officers which started in to train the men last fall, the department has grown in scope and interest. Major Shnyder, who is commanding officer, has outlined a course of study that has proved unusual and interesting. Captain Brady as dismounted drill instructor is very popular and has done wonders with the Freshmen and with the Sophomores. Cadet officers were handicapped by the fact that cavalry drill regulations have changed in the last year, and the new drill is very unlike the old. Captain Shufelt has had charge of the rifle work, and under his instruction the team has made a creditable showing. It is hoped to have a pistol team again next year, although this year's team was not formed due to the fact that Captain Shufelt had to leave for Camp Devens so early. The Freshmen have done a little outdoor work with the sub-calibres and several good shots have been discovered.

Major Kobbe has had full charge of equitation, and the mounted troop has done fine work in the short time which they had, for this troop of permanent

THOMAS S. CHILDS
INCORPORATED
273-279 High St., Holyoke

riders was organized but about a month ago. Sergeant Warren has done much in keeping up the interest in the department, and it is due to his efforts that the Second Annual Gymkhana was held and was such a decided success.

Tactical problems have been interesting the squadron these last few weeks, and besides the general practical experience which the officers gain in the handling of men, the keeping in communication with the different elements of their forces, the giving of clear and concise orders, and the estimating of situations, the troops as a whole have enjoyed the "war games" and entered into the spirit of the thing.

Next year should be a big one, for about twenty men are electing the advanced military work. Major Shnyder is to have charge of the unit again next year, and the personnel that obtained this year is expected to return for next year's instruction.

"The Army" is fast coming into its own at M. A. C., and in future years it is hoped that it will gain a high place in the minds of the undergraduates, and that it will reach the proportions that so many of the R. O. T. C. units throughout the country have now attained—a major place in the college's activities.

Inspection before drill on Monday will be at 1:00 o'clock instead of 1:15 as announced.

COURSE OF STUDY

Continued from page 1

in their report, be approved.

2. That steps be taken to put into operation at the beginning of the next college year such modifications in the course of study, based upon the alumni recommendations, as seem immediately feasible. The details of these changes were referred to the Faculty Committee on Course of Study with power.

3. That there be certain considerations involved in the reorganization of the course of study, especially concerning the fundamental objectives of the course of study, which should be given further study by the Faculty Committee on Course of Study, before they report fully upon needed changes in the curriculum.

Following are the recommendations of the alumni committee:

1. That the work of the Freshman year be the same for all students.

2. That students be required to elect their major group at the end of the Freshman year.

3. That the present system of having a large number of major courses be abolished.

4. That there be a required, well balanced course of study for each major group.

a. That the courses for the Junior and Senior years, in the respective major groups be prescribed within very narrow limits, with a minimum of electives, and that the work be so planned as to lay a broad foundation for future development.

b. That insofar as it is practicable, definite subject matter specialization be restricted to Seniors.

5. That all major studies actually require the use of principles learned in prerequisite science courses.

6. That courses in English be required of all students for each term of the four year course; that thorough drill be given, especially in composition, public speaking and debating; and that some means be provided which will require teachers of subjects other than English to enforce the use of good English in the students' daily work.

7. That serious consideration be given to the question of whether modern languages are serving their purpose.

8. That a general course in Agriculture and Horticulture, which will develop an appreciation of the possibilities for life work and service in the agricultural field, be given in the Freshman year. As the present system of teaching this course is a failure, the committee recommends that this course be taught by one instructor who is well qualified for the task.

9. That a system of evaluating credit hours, which will determine the true relative value of courses, be adopted. The committee believes that the system in force at the Massachusetts Institute of Technology will come as near accomplishing this end as any known method.

10. That all so-called practical and technical courses in the four year course be subjected to the most rigid scrutiny, and that courses which are of secondary school grade be excluded from the curriculum. Since the college now offers a two year course in Agriculture, there can be a well defined line of demarcation between the work of secondary school and the work of true college grade.

11. That entrance requirements to the four year course be held to a standard sufficiently high to enable the college to give high grade collegiate work. The committee emphatically recommends that no lowering of the requirements be permitted.

12. That to rectify the evident lack of coordination between departments, to insure effective methods of teaching, and to accomplish the desired changes in the curriculum, some one person be made responsible for, and have as his chief duty the supervision and development of the course of study. The committee recommends that the Dean of the College be charged with this important duty.

19.—Raymond R. Willoughby has entered Leland Stanford University for a full course in Educational Administration under Dr. Termon, starting in work on June 21.

FOLSOM INTERFRATERNITY CONFERENCE PRESIDENT

At the last meeting of the Interfraternity Conference, Vice-President Owen E. Folsom became President to take the place of Roger B. Friend, who has permanently resigned from the Conference. Donald B. Alexander, '23, Sigma Phi Epsilon, was elected the new Vice-President.

Professor and Mrs. Frank A. Waugh announce the engagement of their daughter, Esther, to Nathan W. Gillette, 1921.

ALUMNI NOTES.

Dr. T. H. Eaton, a graduate student here in 1900-01, and now Professor in Agricultural Education at Cornell, recently appeared on Campus, and spent much time with the Agricultural Educational Department. He is visiting all the agricultural schools in the state, to see what they are doing in the line of Agricultural Education, and made a brief stop here.

14.—Theodore A. Nicolet was married on June 17 to Miss Charlotte H. Smith at New York City, and the couple will make their home at Rutland, Vt.

It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camels for years before we put them on the market. Years of testing—blending—experimenting with the world's choicest tobaccos.

And now, EVERY DAY, all our skill, manufacturing experience and lifelong knowledge of fine tobaccos are concentrated on making Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY. And there's nothing else like Camels wonderful smoothness, fine tobacco flavor and FREEDOM FROM CIGARETTEY AFTERTASTE.

That's why Camel popularity is growing faster than ever.

A better cigarette cannot be made.

We put the utmost quality into THIS ONE BRAND.

Varsity Eleven Takes On Heavy Team At Conn. Aggie

Coaches Relying Largely on Fast Strong Offensive to Start Off Season with a Win.

Mass. Aggie goes to Connecticut Saturday to meet a team which from all reports outweighs them seriously. The Bay Staters are also handicapped by the fact that their opponents have already weathered two games while they themselves are about to start the season. Coach Gore is depending on speed and wide open plays with intricate formations. Prof. Rice, coach of the backfield has developed a new offensive system. He is a strong exponent of the open game and has given the Aggies an offense replete with laterals, forwards, double and triple passes. The probable lineup is:

Marshman, le; Salmon, R; Gleason, lg; Alger, c; Nowers, rg; Mohor, rt; Ferranti, re; Beal, q; Captain Grayson and Tumey, halves; and Sargent full. Eighteen players will make the trip accompanied by the manager, trainer, and coaches.

FAMOUS AGGIE LANDMARK DESTROYED BY FIRE

Site of Old Chem. Lab. Now But a Dirty Cellar-hole. Books and Some Apparatus Rescued by Professors.

At last the object of many years scorn and derision is no more, for the chemistry building which we left last June as a sentinel over the campus has been destroyed, and nothing now remains but the black and empty foundation of a building which was well-known to every Aggie man. We have demanded that the building be torn down, but now that it has gone we can not help but feel more than sorry that such a place, rich with the traditions of old Aggie and representing in its very solidarity the men who have graduated from and made a name for the institution in the past, is destroyed forever.

The fire started on the morning of Sept. 6, the first alarm being given at 6-15. There was a prompt arrival on the part of the fire apparatus, but the complete staff of the chemistry department made as quick an appearance and started at once to save the contents of the building. The fire originated in the physical chemistry laboratory, but

JOHN B. HANNA SECURED AS NEW STUDENT SECRETARY

Comes Here With Experience and With a Definite Purpose in View.

Mr. John B. Hanna took up his duties at the opening of college as M. A. C. Interchurch Student Secretary on this campus. Mr. Hanna fills a position here which has been much discussed in the past, but it was not until this year that it seemed feasible to secure a man of his ability to carry on this work. At Monday morning Chapel he briefly told his reasons for being here.

First of all he likes college men and women, and will try to help them in such ways as he may be able. He desires to straighten out their religious beliefs which may have been disturbed by scientific teachings. He wishes also to show the students that Christianity can be applied to industrial and international relations, and to create in them a desire to do this.

Mr. Hanna is a graduate of Wesleyan in 1911 with the A. B. degree. He is a farm bred boy from the state of New York, thoroughly familiar with hard farm work. He taught school for three years and then went to Union Theological Seminary where he has graduated with credit. For the last four years he has been assistant pastor in one of the big Brooklyn churches. In college he was a prominent fraternity man and interested in various phases of athletics.

SOPHOMORES GIVE WAY AND ARE PULLED THROUGH POND

By the Entering Men Who Make Fine Showing in Annual Rope-Pull.

The firing of the second pistol beside the Aggie pond last Saturday afternoon saw the members of the Class of 1925 cutting away the waters of the pond with their chins after a hard-fought seven-minute battle.

Due to the fact that many of the Sophs were not allowed to take part their number was cut down to forty-seven instead of the allowed sixty so they were handicapped at the start. The weight on the Freshman side was a little better than that of their opponents but this was offset by the marshy condition of the ground on the east side of the pond.

This is the first time since 1908 that the incoming class has been able to pull its traditional enemies through the muddy slime, and the fact will be recorded in many "M" book with a piece a shirt that did not get wet.

FRESHMAN PLEDGES

The following Freshmen, totalling just 53% of the male enrollment, were pledged in chapel Monday morning:

PHI SIGMA KAPPA

R. Wesley Potter
Francis J. Cornier
Francis A. Baker
Vincent Hennebury
David J. Horner
Wendell P. Shedd
James M. Richards
Alfred McKay
Walter Haynes
Alton Gustafson
Lawrence Jones

LAMBDA CHI ALPHA

Leslie Anderson
John Lambert
James Burnham
Charles Reed
Loren Sniffen
Roy Norcross

KAPPA GAMMA PHI

George A. Belmore
Albert C. Smith
Warren T. Gunville
Winsor B. Wade
Howard Hopkinson

THETA CHI

Ralph O. Gould
Robert W. Burrell
Arion Cromack
Harold E. Dimock
George N. Perry
Theodore J. Grant
Elliot P. Dodge
Stewart H. Anthony
Gerald Thompson
William T. Stopford

FOOTBALL SQUAD ROUNDING INTO SHAPE WITH 45 MEN

Team Lighter Than Most of Opponents. Many More Candidates Still Needed.

About 35 men were back two weeks early for the grind which precedes every football season. They have been slowly augmented in number until about 45 men are on the squad, but there is still an alarming dearth of material. Coach Gore needs many more men to play on the second team. Without them the team will be seriously handicapped.

Previous to the opening of college practices were held three times a day—morning, afternoon and evening. Now that the men are tied down by their studies, however, they are getting a long afternoon practice every day and an occasional dope talk in the evening. The team is light this year in comparison to many of its rivals which it is scheduled to meet. The candidates are, however, being thoroughly instructed in the theory of the game as well as in the practice and it is hoped that they will make as creditable a showing as their heavier opponents.

FINE SPEAKING FEATURES AT FIRST MASS MEETING

The mass meeting held last Saturday night was one of the most successful from every stand-point the college has had for many years. The parade, which started at 7-30 in the evening from the Drill Hall, was headed by Cheerleader "Conule" Wirth with two of his assistants. Next in order came a "motley" crowd of musicians from the Frosh class who furnished the music. The route was down Pleasant street to the Davenport and back to the Drill Hall. At the return to the bonfire, which had previously been built by the Frosh, nearly all the College had joined and a large semi-circle was formed about the fire.

The speaking of the evening was excellent and the enthusiasm which was manifest throughout was good to see. "Kid" Gore was the first speaker on the program, and he took as his main theme the slogan which he has given to the Varsity squad, "We Work and Win" represented by W. W. W. It certainly "took" with the crowd.

Other speakers to follow "Kid" were "Billy" Hasbrouck, "Doc" Lindsey, "Dolly" Dole, John McGinnis, Captain "Dame" Grayson, Roger Friend, Prexy Butterfield, and Captain Brady of the R. O. T. C. The meeting came to a close with the singing of the College song.

"22.—"Kog" Acheson is located in a market garden establishment in Arlington, Mass.
